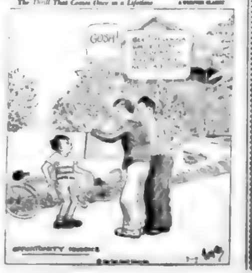
The Thrill That Comes Once in a Lifetime — A WEBSTER CLASSIC



More Competition

If the Canadian Wheat Board thinks it is having a tough time selling wheat abroad now, then it had better think again. It is more than likely that in a year or so it will look back upon 1959 as an easy time indeed, comments The Financial Post.

In the new International Wheat Agreement just ratified by Ottawa three former importing countries, Italy, Mexico and Spain are now listed as exporters. In addition Russia and even Red China may soon be offering wheat.

And that is only part of the story.

In virtually every big importing country including both Britain and West Germany, production has been stepped up so steadily that less importing is necessary. All in all, market experts are painting a pretty grim picture for wheat exporters.

—§—

Except for Newfoundland, Canada's most easterly province is Quebec: along the north shore of the St. Lawrence, Quebec extends nearly as far east as the city of St. John's Newfoundland.

Nearly 9,000 Canadian women are members of the carpenter's union: they have jobs in woodworking plants that have union shop contracts with the carpenters.

Dr. Don Clarke Receives Promotion

In a recent announcement by the Faculty of Medicine University of Toronto, the promotion list included the name of Dr Don W. Clarke son of Dr and Mrs. Harold J. Clarke of Vermilion.

Don is now associate professor in Physiology, a promotion from the position of assistant professor. He received his early education in the Vermilion schools going on to the University of Alberta and finally obtaining his doctorate from California Institute of Technology. During these years Don was the recipient of high honors for scholastic achievement.

From Cal-Tech Don moved to Toronto to accept a position on the staff of the University of Toronto in 1951. Mrs. Clarke is a Californian and they have two little boys. They have been visiting with Don's parents in Vermilion for three weeks and left for the east today.

Cardinals Hit Winning Streak

The Vermilion Ladies' Fastball team has been in top form of late winning their last four games in a row. The first of these played on Thursday July 9 at the Vermilion Athletic park was a top heavy score for Vermilion of 17 to 7. The battery was Lil Thompson catcher, with Betty Robinson and Ann Marcinew pitching.

The games on Sunday July 12 at Vermilion park gave Vermilion a doubleheader win over Mannville with scores of 5 to 4 and 10 to 6. Thompson caught both games with Ann Marcinew and Eva Gordey sharing the pitching duties.

Another game at Mannville on Tuesday July 21 saw Vermilion Cardinals win over Mannville girls in a close game by a 6 to 5 score. Lil Thompson caught and Ann Marcinew did all the pitching. Irvin Gordon officiated at all these games.

In 1954 the average Canadian factory worker could buy a mechanical refrigerator with the wages earned in 235 hours of work. In 1959 a larger and improved model could be bought with the pay cheque from 151 hours of work.

Whatever it is your duty to do, you can do it without harm to yourself. —Mary Baker Eddy

FRIZZELL — Mr and Mrs Joe Frizzell, Vermilion, on July 20, a girl.

MAYOWSKI — Mr and Mrs. Mike Mayowski, Vermilion, on July 22, a boy.

Vermilion Rainfall Is Lowest Of Fourteen Alberta Points

According to statistics issued this week by the Alberta Pacific Grain Co., rainfall received at Vermilion is the lowest of fourteen widely separated points reporting. The figures given cover from April 1, 1959 to July 16.

Total precipitation (snow and rain) received here during that time is only 3.32 inches, compared with a normal of 6.20 inches. Coronation and Brooks are the only other points listed with less than four inches. Lethbridge is the wet spot with 8.12 inches, normal is 7.22.

Precipitation figures follow:

Station	This Yr.	Norm.
Fairview	6.12	5.85
Gr. Prairie	4.01	5.70
Vegreville	4.73	6.11
Edmonton	5.80	7.48
Vermilion	3.32	6.20
Stettler	4.80	7.20
Red Deer	6.54	7.82
Coronation	3.80	5.96
Drumheller	4.30	5.80
Calgary	7.51	7.96
Brooks	3.56	5.26
Cardston	7.82	8.00
Lethbridge	8.12	7.22
Medicine Hat	4.40	5.50

The immediate Vermilion district crops are badly in need of rain with many acres already beyond help. The area so adversely affected seems to be a small one centreing on Vermilion. Crops, especially south of Vermilion, have already suffered from burning due to the hot and very dry weather.

Bothered by High Cost of Living? Go On Egg Diet!

People bothered by the high cost of living should go on a diet of eggs according to Bill Cavil of Dewberry. Bill recently shipped a case of 15 dozen eggs and in return received an express order for 71 cents, averaging out at less than 5 cents per dozen.

Golf is believed to be a descendent of the ancient Roman game of "paganica." The World Book Encyclopedia says the game was played with a bent stick and a ball stuffed with feathers.

Every duty we omit, obscures some truth which we should have known. — John Ruskin.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville Elks, the numbers drawn on Friday, July 17 were G. 46; N. 42.

Numbers drawn to date are:
B — 14, 2, 9, 3, 10, 12, 8, 13
I — 22, 27, 28, 29, 21, 18, 20, 24, 30, 17, 28, 26
N — 44, 32, 35, 39, 40, 33, 31, 37, 41, 38, 42
G — 58, 50, 54, 60, 52, 46
O — 71, 61, 62, 66, 65, 64, 73

In Vermilion cards may be obtained from Walter Fisk.

K. of C. Organize Summer Camps At Raft Lake

DERWENT — The Knights of Columbus camp for boys and girls was held at Raft Lake, 2 miles north of Clandonald. Forty boys from surrounding districts, Lloydminster, Clandonald, Myrnam, Mannville and Vermilion attended this camp. Rev. Fr. Nearing was the administrator.

The C. W. L. of Clandonald was in charge of cooking provisions. Every day and night activities were supervised by two Knights of Columbus.

A [illegible] picnic was held on July 12 when about [illegible] people were in attendance. On July 12-18, the girls camp took place with girls attending from Derwent, Edmonton, Vermilion, Clandonald, Lloydminster and Mannville.

The Knights of Columbus hope that many more boys and girls would take advantage of this Catholic camp, which is held every summer.

Lose Many Shifts On Highway Work Due To Rain, Says Taylor

Gordon E. Taylor Minister of Highway announced today that 273 shifts have been lost on the main highway construction program due to rain this season. The comparable figure last year at the same time was 382 lost shifts. Because of the very bad construction weather only 95 miles of new grade has been constructed to date. This is some 21 per cent of the total program. Last year at the same time 39 per cent of the grading had been completed.

The base course and plant mix have suffered even more, only 50 miles of base course has been laid which is 19 per cent of the program: last year at this time 40 per cent of the base course work had been completed. Only 37 mile of plant mix has been laid which constitutes 18 per cent of the program as compared with a 30 per cent figure that was completed at the same time in 1958.

The Double Surface Treatment program with which the Department is experimenting is also lagging because of the weather. More than 200 miles of this treatment is being carried out in various parts of Alberta as a stage development of better highways. The experiment is an attempt to find a reasonably priced way of stabilizing the surface of our secondary roads with provision made to add to the investment at a later time. If a good surface can be secured which will be dust free at a reasonable price, it will be of tremendous value to the municipalities as well. 14 per cent of this program has been completed being some 29 miles. 40 per cent or 80 miles of the seal coat program has been completed as against 48 per cent at the same time last year.

Lot Sales, Permits and Bylaws Make Lengthy Council Session

A regular meeting of the town council was held Monday, July 6, with Mayor M. Hill and Crs. Cooper, Heckbert, Ireland, McCormick, Rowe, Thompson in attendance.

Correspondence: Dept. of Public Welfare re aged and infirm grant claims; Girl Guides Association re tulips at cenotaph; Vermilion Agricultural Society re grant; RCMP re rate of payment, June report and renewal agreement; Minburn - Vermilion Health Unit re financial statement; Stanley, Grimble, Roblin re preliminary report underpass; Co-op store re loading zones; Old Timers' Centre re financial assistance; Edmonton Exhib Assoc. re air drop advert.; Board of Trade re traffic signs.

Lot sales: Emil Bykewich re Lot 13, Blk. 25, Plan 635V; Mark Norton re Lot 7, Blk. 4, Plan 5786 AY.

Building permits: Emil Bykewich re dwelling on Lot 13, Blk. 25, Plan 635V; D. R. Mitchell re dwelling on Lot 4 and W½ 5, Blk. 42, 635V; A. C. Underdown re dwelling on Lots 13 and 14, Blk. 30, Plan 635V; Vermilion S.D. re office addition on Lot 8, Blk. 8, Plan 6647S.

The following motions carried:

That Cr. C. T. Heckbert be appointed deputy mayor for July and August.

That Lot 13, Blk. 25 Plan 635V be sold to Emil Bykewich for $150, subject to usual building by-laws.

That Lot 7, Blk. 4, Plan 5786-AY be sold to Mark P. Norton for $350 subject to usual building by-laws.

That the Vermilion School Division be granted permission to erect a building on Lot 8, Blk. 8, Plan 6647S, adjoining present building, according to plan submitted.

That A. C. Underdown be granted permission to erect a dwelling on Lots 13 and 14, Blk. 30, Plan 635V, subject to the usual town building by-laws.

That D. R. Mitchell be granted a permit to erect a dwelling on Lot 4 and W½ Lot 5, Blk. 42, Plan 635V as per specifications submitted and subject to town building by-laws.

That Emil Bykewich be given a permit to erect a dwelling on Lot 13, Blk. 25, Plan 635V, size 34'x28' subject to building by-laws of the town.

That By-law covering grants be given 1st, 2nd and 3rd readings and finally passed.

That By-law No. 7-59, covering land purchase be given 1st, 2nd and 3rd reading and finally passed.

That By-law 8-59 (Breaches of By-laws) to amend By-law 127, be given 1st, 2nd and 3rd readings and finally passed.

A delegation from the newly-formed tennis club, consisting of Messrs. Ashley Cooper, W. F. Stewart, W. Flechuk and A. J. Champion waited on council.

Mr S. D. Simonson, school superintendent, attended the meeting and discussed the matter of a proposed school for retarded children.

Secretary was instructed to order traffic signs; write Dept. of Highways requesting 'Speed Zone Ahead' sign; write for Search Letter covering Lot 15, Blk. 8, Plan 6647S.

A man finally succeeded in buying a parrot at an auction after some spirited bidding.

"I hope the bird talks," he ventured to the auctioneer.

"Talks?" exclaimed the auctioneer. "Who do you think has been bidding against you for the last fifteen minutes?"

Ellsworth 4-H Clothing Club Completes Interesting First Year

A very interesting first year for the 4-H Ellsworth Clothing club came to an end on June 11 when the achievement day was held in the Greenlawn hall. All projects of each member, consisting of a dickey, sewing kit, cosmetic cape, laundry bag, project book and apron, were displayed and judged by Miss Paschnik, followed by a program put on by the members. Miss Paschnik then spoke to the gathering and this was much enjoyed. After, to end out the evening, a lunch was served. The club's efficiency winner was Kay Rainey. Congratulations.

The club wishes to thank everyone who came out to the tea on March 28 and the whist drive on April 17. It is hoped that a good time was had by all.

The club windup was held at the campsite along highway 45 on June 8 where a wiener roast was enjoyed and the leaders were presented with gifts in appreciation of their work during the year. Marwayne 4-H club had been invited but they were unfortunately unable to come. Also it was to be regretted that our leader Florence Avery could not be present. Everyone had lots of fun and a good fill of weiners, buns and marshmallows and no doubt are waiting for next fall when the club will once again be continued for the second year. New members are welcome and anyone joining next year will find it very while while belonging to the club.

APPRECIATION

The Vermilion Stage Riders comprised of Jim McFadgen, John Williams, George Fariseh and Jack Zaharko thank the Canadian Order of Foresters for the opportunity of playing at their monthly dances during the past 1958-59 season, and hope that their performance merited playing for the forthcoming year. We wish to thank Bert Moore for his assistance and the members of the Foresters for their patronage and encouragement. 4

Innisfree Man Fined For Making False Statement

Steve Prohopchuk, of Innisfree, in the province of Alberta, was convicted on the 13th day of July, 1959, by Magistrate L. Basler at the court house, Vermilion, on a charge that he, Steve Prohopchuk did knowingly make a false statement in an application for a pension under the Old Age Security Act to the effect that his father, John Prohopchuk, died on the 2nd day of December, 1958, instead of the 28th November, 1956 and as a result of his statment had obtained an additional $55.00 from the Department of National Health and Welfare to which he was not entitled.

In passing sentence, Magistrate Basler commented on the offence and stated that had not restitution been made he would have been much more severe in his sentence.

Fines and costs amounted to $50.00, with an alternative of 20 days in Fort Saskatchewan gaol.

The case for the Department was presented by J. L. Jones, Solicitor, of Mannville, Alberta.

Mannville Fastball Team Loses Two

MANNVILLE — Playing in a double-header game at Vermilion instead of Mannville, the Mannville gals chalked up two losses, with an exceptionally good game in the first one. Scores were 4-3 and 10-6 respectively in favor of Vermilion.

Hugh Fotchuk of Myrnam who exhibited the champion calf at the 4-H Calf Club achievement day at Myrnam is shown being presented with the Bank of Montreal [illegible] by M. Van Sloten manager of the bank at Myrnam. The photo was taken by Orest Yuzyshyn.

Zuk and Zaharko Exchange Vows

DERWENT — A pretty wedding took place at the Ukrainian Catholic church, when Miss Adeline Zuk, daughter of Mr Alex Zuk and the late Mrs Zuk became the bride of Mr Mike Zaharko son of Mr and Mrs. John Zaharko, all of Derwent.

Father Cherkiowsky performed the ceremony.

The bride was lovely in a gown of white Chantilly lace over satin, with lily point sleeves. Her fingertip veil was held in place with a beaded coronet and she carried a bouquet of red roses.

Mrs. Olga Mistal was matron of honor and Mr Peter Kiziak was best man. The bridesmaids were Lillian Bielich and Marie Kiziak, and Walter Mayowski and Peter Wasylik acted as ushers.

Little Marilyn [illegible] and Russell Kiziak were chosen as flower girl and ring bearer.

A wedding reception was held at the Derwent National Hall.

DERWENT THEATRE

The Bible Today

From Viet-Nam comes the report that the re-translated Gospel of Mark in Lao is now being painstakingly re-copied in preparation for printing. The first edition of illustrated Cambodian Gospels has been printed in Phnom Penh and a large percentage of the churches throughout Viet Nam observed universal Bible Sunday last December.

Since the appointment of Vietnamese Protestant chaplains to the National Army the Bible is being introduced to many who have never before had the opportunity of reading it or of pondering its message of God's love to man. A number of Bibles have been given for the camp reading rooms and the chaplains report definite conversions and increasing interest in the Christian message.

Suggested Bible readings for next week

Sunday July 26 — Esther 1: 1-22
Monday July 27 — Job. 1: 1-22
Tuesday July 28 — Job. 2: 1-13
Wednesday July 29 — Job. 3: 17-27
Thursday, July 30 — Job. 28: 12-28
Friday, July 31 — Job. 38: 1-38
Saturday Aug. 1 — Job 19: 13-29

CLANDONALD HALL

Showing Fri and Sat July 24 and 25, "The Naked Truth" a family comedy starring Terry Thomas and Peter Sellers. Fri. and Sat., July 31 and Aug. 1, "The Helen Morgan Story", a drama with Ann Blyth and Paul Newman, true life story. News reel each week. 4

CNR Is Winner Of Safety Award

WINNIPEG — Canadian National Railways, for the second consecutive year, has been named a winner of the annual public safety activities award, presented by the National Safety Council of the United States.

The C. N. R. is one of only 16 railroads in North America to be awarded this honor. Awards are given annually to encourage industry to support the safety effort. This is the fifth year in which the public safety awards have been presented. Canadian National won similar awards in 1954 and 1958.

PARADISE VALLEY NEWS

Mr Arthur Baker, Mrs. Errol Holmes, Mr. and Mrs. Joe Hammaragreen all of Harris, Minnesota were Thursday visitors at the home of Mr and Mrs. W A. Gunn. Mr Baker had the misfortune to fall last winter and fracture his hip, the second such accident he has had. However we are glad to see him around once more. He left the New Lindsay district fifteen years ago to go back to his old home in Minnesota.

Mr and Mrs. John Baxter of Wainwright were visitors with Mr and Mrs D B Baxter during the week. Miss Gloria Baxter who is in training for a nurse at Edmonton also came down for the week end.

Mr and Mrs. Frank Flint Sr and Mr and Mrs. Cyril Flint are spending their holiday with Mr and Mrs. Frank Jr at Edmonton and Mr and Mrs. Cyril at Calgary.

Mr and Mrs Gordon Teasdale and Mr. and Mrs. Albert Teasdale and families are enjoying themselves at Loon Lake Sask. for the past week.

Mr and Mrs. Bill Risk of Alert Bay B.C. are visiting with Mrs. Risk's mother Mrs. Joseph Mayo Sr. Bill ran the picture show in Paradise Valley some years ago.

Mr Hugh Redmond received word that his brother Ernest Redmond had passed away at Upper Musquodoboit, Nova Scotia. Hugh Redmond of Paradise Valley and Miss Nettie Redmond of Vancouver, B C are the only ones left of a large family.

Mr and Mrs. Frank Venner and son Brian of Edmonton are spending their vacation with Mr and Mrs. George Venner. The Venner family spent the week end at Stettler with George's [illegible].

Mrs. Ruth Thibadeau left for an extended visit with friends in Nova Scotia and Massachusetts U. S. A.

Mr and Mrs. D B Baxter and family left on Friday morning for Carson, Sask. to visit with their daughter and son-in-law.

Mr and Mrs. W. Safruk.

Mr. Norton of Vancouver is visiting his daughter Mrs. F H. Wiley. Miss Shirley Wiley is visiting at Semans, Sask., while on vacation from Edmonton where she is training for a nurse at the University hospital.

Mr. and Mrs. Parke Dobson and family and Mrs. Shirley Leighton were visitors in Edmonton on Tuesday. Mr. Dobson also attended a meeting of the Alberta Seed Cleaning Plants while there. Mr Gordon McIntyre, manager of the P V. plant attended a meeting of the managers of all Alberta plants as well.

Mr and Mrs. Chris Brown of Campbell River, B. C arrived in town on Thursday night to visit with relatives. While in town they are the guests of Mr and Mrs. McIntyre, Mrs. Brown's sister.

Mr and Mrs. Eddie Block of Hinton, Alberta, are down visiting with relatives in town and country.

The weather during the past week has had a very deteriorating effect on the crops and pasture. Rain is needed at once to save the gardens and crops. Stockmen are worrying over the feed problem and water holes are drying up and water for the stock is scarce. Hot, drying winds take a toll every day. With no sub soil moisture the situation is serious.

On Tuesday, July 14 a large crowd gathered at the United Church hall to honor Miss Lois Stoddart at a miscellaneous shower. Mrs. Bert Welsh played the wedding march as the bride-to-be entered the church and Mrs. Gunn, on behalf of Lois' many friends, wished her happiness and presented the lovely and useful gifts to her. Corsages of red roses were presented to the bride, Mrs. William Stoddart, and Mrs. Anderson by Mrs C Elliott, Mrs. G. Henry and Mrs. Wm. McLean. A dainty lunch served by the hostesses concluded the enjoyable evening.

WILDMERE WINKS

The community joins with the writer in extending heartfelt sympathy to Mr and Mrs. Bill Maggs on the loss so suddenly of their little daughter Wendy.

A nice crowd at Tolland picnic where ball games and races were the main attractions. The booths appeared to do a wonderful business during the hot afternoon. A dance was held at Union hall in the evening.

The last two sermons given by Mr Nicholls at Wildmere were very interesting, particularly so the one "Why we go to church". Last Sunday's sermon was "Sabbath was made for man", very good too. Summer is fast slipping by folks and then our student services will be over.

Mrs. W. G Smith who visited at the coast for a couple of weeks returned home Thursday evening. Her sister and brother-in-law came with her. They drove from the coast by car in two days. Linda Smith who accompanied her mother to the coast stayed to visit there for awhile longer.

Mr and Mrs. Lloyd [illegible] and family returned home last Tuesday after a nice ten day holiday at Calgary and in the mountains. They visited Lloyd's parents in [illegible] on their way home. Allan [illegible] after the Howard farm while they were away.

SHOWER BRIDE-ELECT

On Sunday afternoon Mary Gibson held a shower at her home in Basswood for Sylvia Steele, a bride-to-be whose wedding is on August 1. A nice crowd attended and Sylvia and her fiance received a lovely lot of useful gifts. Her mother and sister Margaret also helped in opening the presents. Sylvia and Steven heartily thanked everyone for their kindness and invited all present to attend their wedding in Vermilion and the reception to be held at Elk Point. A delicious lunch was served on the lawn, cafeteria style. Later a football game was enjoyed with ladies and men playing. This caused a lot of merriment and brought the fine afternoon to a close. Everyone wishes Sylvia and Steven lots of happiness in the years to come.

ANNUAL TELEPHONE BEE

A good crowd turned out to the annual telephone bee held last Monday and Tuesday. A line was built to Clarence Laboucane's as Mrs. Laboucane was having her phone moved from her old home on the [illegible] farm to her present home. Her phone number is the same 2308, [illegible] four short's and one long ring. Welcome back on our line Katie!

Next Sunday Mr. and Mrs. Frank Gibson, Isabelle and Ernest will leave on a motor trip to Woodside, Man., to visit Franks' brothers, Don and Howard. His parents are visiting there at present too. A happy holiday folks.

Thanks Mrs. Herman Eyben of Cloverdale, B.C. for your nice note congratulating the writer on her good fortune in winning the bingo prize. Nice to hear from you Jennie.

Mr. and Mrs. Russell Crabbers and three children left last Thursday on their return trip to New Westminster. Ronnie, the oldest son, stayed to visit a little longer and will return with his grandmother Mrs. Rush when she goes back.

Had nice chats recently with Mrs. Funnell, Mrs. Smith, Mrs. Haverslew, Mrs. Earl Clark and many others.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville Elks, the numbers drawn on Friday July 17 were G. 46; N 42.

Numbers drawn to date are:

B — 14, 2, 9, 3, 10, 12, 8, 13
I — 22, 27, 20, 26, 23, 16, 28, 24, 30, 17, 25, 29
N — 44, 32, 33, 34, 40, 39, 31, 37, 41, 38, 42
G — 58, 55, 54, 60, 52, 46
O — 71, 66, 62, 69, 65, 68, 75

In Vermilion cards may be obtained from Walter Fisk.

The first 18-hole golf course in the U. S. was opened for play in 1893 at Wheaton, Ill. The course was designed for the Chicago Golf Club, according to The World Book Encyclopedia.

Tips on Touring

By Carol Lane
Women's Travel Authority

Keep a camera in your car this summer. The pictures you take will carry your vacation fun all through the year. Here are some tips on how to get the best pictures while motoring:

First — if you want to take pictures from a moving car, let someone else drive.

Adjust your shutter speed to the distance and angle of the subject you are shooting. You need faster speeds for nearby subjects, and those at right angles to the car's movement. Open the aperture accordingly.

Try framing your pictures for variety. Include a portion of the dashboard and window. If you want the 'frame' to be in focus, close the aperture to get greater depth of field. You'll need a slower shutter speed, then.

For fuzzy 'frames', leave the aperture open, focus sharply on subject.

Avoid shooting through closed windows. They may have waves in them. The same for the extreme sides of the front, wrap around windshield.

Don't leave your camera in the glove or trunk compartment or on the shelf by the rear window. Heat can damage the lens and ruin film.

If you stop to take a picture, pull off the road. Don't creep along a busy highway, looking for something scenic to shoot from the car. You may be a photographer, but you're a driver first of all — so observe the rules of safe driving.

How about your SUB?

A survey of the nine Ontario and Quebec towns that have acquired new manufacturing industries shows that for each 100 new jobs in factories, 117 others were created in the towns.

Apart from the import of foreign goods, Canadians spend about $150 million a year more in visiting foreign countries than foreign visitors spend in Canada.

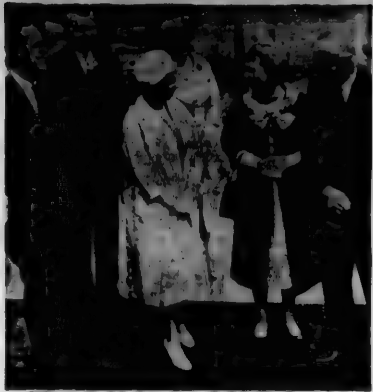
QUEEN AND PRESIDENT OFFICIALLY OPEN THE SEAWAY



To the cheers of hundreds of thousands, Queen Elizabeth and President Eisenhower officially opened the St. Lawrence Seaway. It was the first time a British monarch and a United States president have been on Canadian soil at the same time. It was a great moment for Canada when the royal couple and President and Mrs. Eisenhower met at St. Hubert, Quebec. After greeting the president, Her Majesty described the seaway as "a combined operation that ranks as one of the outstanding engineering accomplishments of modern times." Prime Minister Diefenbaker and Mrs. Diefenbaker are shown behind the royal couple.

Diary of a Vagabond

BY DOROTHY BARKER

Policemen are among my favorite people. They have been ever since my early reporting days when I was a stringer for one of Canada's largest newspapers. If it hadn't been for the police I would never have made the Royal Tour.

Loaded with credentials, copy paper and aspirin I eased myself into my coach seat on a recent morning before the dawn had broken into pink glow on the horizon. In a few hours I would be aboard the Royal Train. At least that was the way the plan was laid down.

When I heard the conductor announce that coach would be held up on a siding outside Toronto to let the Royal Train pass on its way to Hamilton, my heart sank. I was supposed to be in Hamilton well ahead of Her Majesty. I began to put my ingenuity to work for I couldn't afford to sit on a siding indefinitely.

Any newspaper person can tell you there are more ways than one to skin a cat.

My tale of woe gained the sympathetic ear of the conductor who introduced me to another C.N.R. official also en route to Hamilton. I didn't realize it at the moment but this civvie-garbed gentleman was later to be a uniformed member of the security police.

All police officers are reticent about making promises. After gruffly advising me to get off the siding and grab a taxi to Hamilton, my knight of the rails said there was a possibility that there might be room for me in the car that was meeting him, to get me to my destination.

When the early morning train ground to a halt we were a mile from the station. The conductor gallantly lifted me down from the high step onto the crushed stone roadbed of the adjacent tracks. I minced tortuously on high spike heels behind a stalking mountain of a man. He was solicitous enough to glance over his shoulder every once in a while and ask if I was alright. "Fine, fine," I assured him as I cursed those heels, two blisters, a wrenched ankle and an empty stomach that ached for a hot cup of coffee.

Luckily the rabbit's foot in my pocket began to pay off. When we reached the station one of the five gentlemen who was to roll over the highway, was the superintendent of investigation for Canadian National Railways. Royalty had nothing on me that morning as I sat comfily between a great, brawny policeman and the superintendent. From here on my troubles were all on their shoulders.

The driver told me that he had been to Mass early that morning to offer a little prayer for a safe journey. Believe me we needed it, for the main artery road between Toronto and Hamilton was torn up for miles in unholy confusion. We made detour after detour as smoothly as though we were riding on a magic carpet. When we drove up in front of the station at Hamilton, a wave of my companion's hand and I was spirited through security lines in a matter of minutes. I forgot my aching feet and empty stomach as I stood with a battery of photographers eight feet from the Queen of Canada.

When the ceremony of greeting by Hamilton's mayor and council was at an end, the hardest working individual I have met in some time (Frank Clarke, of the Royal Tour information staff) escorted me aboard the train. I say hardest working because for the duration of my stay with the Royal Train, I heard his name chanted constantly. He told me he was a sort of major domo for the tour and I soon realized it was no cinch trying to meet the demands thrilled with the train arrange- of a trainload of temperamental people.

My housewifely instincts were aroused. Not only the Queen's comfort and that of Prince Philip had been considered, but that of her staff, a carload of [illegible] policemen, sixty reporters and photographers, plus the crew. Though that train must have seemed to the Queen like living in a vest pocket after Buckingham Palace, the C. N. R. had [illegible] that would contribute to a happy journey.

Lounge, bedroom and bath, [illegible] and a lighted platform where she could wave to her loyal subjects, were all amazingly roomy in spite of their necessary compactness. I found the secret of the Queen's wrinkle-free frocks and the crease in Philip's trousers was the well-equipped pressing and baggage car, a dream come true for the Queen's dresser and the Prince's valet.

Govt. Float For Fair Parades

The Alberta Government's Gray Cup Parade Float, designed for use in that parade and in parades held in conjunction with annual fairs and exhibitions in Alberta communities this year, is available to these communities through the Department of Economic Affairs, the Hon. A. Russell Patrick announced this week.

The colorful float, bearing the slogan "Sunny Alberta", will be available to Alberta communities on a first-come first-serve basis compatible with transportation requirements.

Communities requesting participation of the float in their parades must provide the young lady in proper attire to ride the display, the tractor to provide motive power, and must exercise all reasonable care in its handling. The unit will be transported from parade to parade without charge to users, by the Alberta Department of Highways vehicles.

Margaret Wolfe and Clifford James Exchange Marriage Vows

PARADISE VALLEY — In a double ring ceremony in Grace United Church, Lloydminster at 2:30 p.m., on June 12, wedding vows were exchanged between Margaret Elizabeth Wolfe, the daughter of Mr. and Mrs. P. E. Wolfe of Paradise Valley, Alberta and Clifford Carl James, son of Mr. and Mrs. Cloied James of Lashburn, Sask.

Given in marriage by her father, the bride chose a waltz-length gown of tiered lace over rayon satin, topped by a lace jacket with lily point sleeves. Her finger tip veil was held in place by a headpiece of small white flowers each centred with a small seed pearl. The bride carried a white Bible and a spray of red roses. Her only jewelry was a set of blue rhinestone earrings.

Bridal attendants were Miss Betty Christianson, bride's maid of honor. She chose an aqua gown of nylon net over taffeta, and carried a nosegay of pink carnations. Miss Helen Krawchuk as bridesmaid, chose a pink gown of nylon net over taffeta and carried a nosegay of blue carnations. They both wore white feather head pieces.

The dainty little flower girl, Miss Valerie Bleakely, niece of the bride, was dressed in a blue nylon dress over a taffeta slip. Her head piece was a band of white flowers and she carried a basket of flowers.

The best man were Mr. John Wolfe, brother of the bride, and Mr. Stuart Napper, friend of the groom. Mr. Joe Wolfe performed the ushering duties.

After the ceremony, everyone travelled out to Paradise Valley for a reception for some fifty guests, which was held in the Sunday School room.

For receiving the guests, the bride's mother chose a two piece blue-gray suit with white accessories. She wore a corsage of white carnations. The groom's mother wore a pink flowered nylon dress with pink accessories and a corsage of white carnations.

The bride's table was centred with a three tiered wedding cake set in tulle and flanked by roses.

Mr Clifford Frederickson, friend of the bride, proposed the toast to the bride to which the groom ably responded. Then Mr. Frederickson read a telegram received from Calgary.

A dance followed in the Paradise Valley hall.

For a honeymoon trip to Saskatoon, the bride donned a light blue sheath and matching duster with pink accessories and a corsage of pink carnations.

Out of town guests at the wedding were Mr and Mrs. Nick Wolfe, and Mr. and Mrs. I. Kleamaik of High Prairie, Alberta; Mr. and Mrs. John Aberle and Mr and Mrs. Hubar Aberle of Sandwith, Sask.; Mr. and Mrs. George Waldron and Mr and Mrs. B R. Christenson of Lashburn, Sask.; Mr. and Mrs. Ed Mawdsley and family of Waseca, Sask.; Leonard and Wayne James of Lashburn, Mr and Mrs. Clive Waldorf of Lloydminster and Mr Pete Wolfe of Didsbury, Alberta.

Mr. and Mrs. Clifford James will reside in Paradise Valley, Alberta.

FISHSCOPE

A device which lets you see 20 feet or more under water, depending on the clarity of the water can be used by fishermen to find weed beds, brush piles, drop-offs and rock beds, places where fish are more likely to be found, reports The Financial Post. Made of aluminum, the "Fishscope" is available in lengths of 6 feet, 4 feet or 2 feet.

ADVERTISING speeds the introduction of new products that are needed.

LINOLEUM MAP — Montreal artist, Fritz Brandtner puts the finishing touches to months of work on an unusual map of Jasper National Park, Alta. Carved and painted on linoleum, the 60 by 80 inch map covers an area of some 2,500 square miles, and will be displayed at Jasper Park Lodge this summer so that guests at the CNR resort can orient themselves in the park. Fritz Brandtner specializes in the little practised but highly effective craft of linoleum murals. The map was worked out from government topographical charts with the benefit of advice from authorities on the Canadian Rockies.

Health Unit Notes

PREPARING YOUR CHILD FOR SCHOOL

Your [illegible] is facing an exciting adventure — his first days in school. He has heard a lot about this strange new world and he's looking forward to it with eagerness, curiosity and a mixture of many other emotions. [illegible] leave the cosy protection of his home for the uncertainties of a new kind of life is a tremendously big event. For some time now, he has perhaps been feeling left out of things as he watched other children going off happily to that mysterious somewhere where one learns to read and write like grownups. He very likely has listened, wide-eyed, to tales of what you can or can't do in this place called school. Yet, above any shivers of doubt or anxiety concerning the unknown, he has probably become quite sure in his own [illegible] that it is a good place because, after all, other children, his friends, go there. It's natural for your child to want to do what his playmates do just as he [illegible] to like and be liked by them.

GOOD HEALTH IS IMPORTANT

Your child should start his school life in good, sound health. Have your family doctor or the local public health clinic give him a complete physical examination. An eye examination is very important. His teeth should be checked too by a dentist. If these examinations show that there are ailments or defects that can and should be looked after then follow the doctor's and dentist's advice and have them corrected, if possible, before you enrol him at school.

It's likely that your child has already been immunized against certain of the childhood diseases such as diphtheria, whooping cough and smallpox. If not, have it done immediately either by your doctor or at the nearest public health clinic. If all immunizations have been done previously make sure your child gets the necessary booster dose.

Insist on him getting regular and sufficient hours of sleep to help him enjoy school. He needs from ten to twelve hours of sleep in a quiet, darkened room with an open window to build up his energy and offset tiredness.

LOOKING AFTER HIMSELF

Good appearance will go a long way in helping your child get along well with his schoolmates. He should know how to wash his face and hands, comb his hair, carry and use a handkerchief or tissues, not only for blowing his nose but to cover a cough or sneeze. His clothing should be simple and practical and at the same time attractive.

When a child has learned to do things for himself he gains poise and respect. He will be better able to look after his outer garments by himself at school if his clothes are roomy and all fastenings are simple.

If he is used to sharing duties at home he'll have confidence in doing things at school. He should be able to keep his own toys and belongings in order and help with simple household tasks.

Your child's ability to talk so that he can be understood is obviously a basic necessity. It's most unfair to him to send him along to school handicapped in this way. He learns speech habits in his home so let him hear good English; encourage him to say what he means in sentences, not merely in single words or phrases which are understood in the family. It is well to set an example of soft, pleasant voices, avoiding harsh loud tones. Teach him correct terms and names of things. He should be able to say clearly his whole name, address and telephone number. Baby talk sounds cute at home perhaps, but he'll be embarrassed, maybe laughed at, if he carries this habit to school with him.

Learning to give and take, to get along with others, is necessary for your child's happiness at school — in fact, throughout his entire life. Encourage his friendliness towards other people. Give him the place and the opportunity to play with other children.

HOW IS HIS MENTAL OUTLOOK?

Your child should be well equipped with sound mental and emotional health. He'll have this in good measure if he has felt secure in your affection, learned to take his place in the family group, shared in small responsibilities, learned to do [illegible] things on his own, and has [illegible] chance for play with [illegible] his own age.

If he has a healthy attitude towards authority he'll fit more easily into school life with its many regulations. If he hasn't as yet learned obedience and the necessity to co-operate in routine, you'll not be helping him by being overly protective and "taking his side" against the school. If you sincerely think that there is something wrong with the school rules, then talk them over frankly and openly with the proper school authorities.

When your child starts school, he hesitates, naturally about leaving the familiarity of home. Yet, at the same time, he wants to push aside babyish habits of being dependent on you. He wants to be on his own like the fellow pupils. The [illegible] he has in feeling self-important and independent may, for a time, make him guard his new experiences as quite sacred, something very private and precious to him. He may resent your questioning and curiosity and try to keep his new life apart from you. This is a [illegible] that soon passes in a happy blending of school and home influences.

Before long, if not immediately, your child will want to share with you his school experiences and achievements. He proudly brings his "work" home, tells you about songs and games. Meet his pride with yours — praise his efforts, with the same enthusiasm he shows for them and go easy on criticism. He'll move further and faster with praise than with criticism.

NEWS from KITSCOTY

Miss Jessie James is home from Toronto to spend some time with her parents Mr and Mrs. Stafford James.

WO2 and Mrs. Krepiack visited with the latter's parents Mr and Mrs. R. Spelman last week.

Mr and Mrs. R. Matthewson and daughter are visiting relatives of Mrs. Matthewson in town and on the farm.

Mr Merve Dale visited with his father while out this way on a business trip.

Mr and Mrs. Yeres and son from Victoria were visitors at the home of Mr and Mrs. C Connaroe recently.

Ted Connaroe and three air force friends called in to visit Ted's parents last week and then proceeded on to the Calgary Stampede.

Mr and Mrs. Oliver Seward drove Margaret and baby son home again, and Mrs Seward will remain with her daughter and family for a few days.

Mr and Mrs. Fred Dues and daughter Patsy and boys left to visit Mrs. Dues' mother in Winnipeg. Patsy and family will continue their journey home after visiting her grandmother.

Mr. and Mrs. Russell Long returned to their home in Dawson Creek, B.C., taking Miss Judith Long home with them for a visit.

Mr. Olds' daughter, Mrs. Robt. Gillman of McLaughlin, was at Kitscoty visiting her father.

Any parents interested in having their daughters join the Brownies, please phone 60, Kitscoty. Brownies are junior Girl Guides, for girls 8 to 11.

Mrs. Shortt is in camp at Whitney Lake with the Explorers.

Mr. and Mrs. F. Gilchrist from Kansas are visiting Mrs. Blair Sr. Mr Gilchrist is Mrs. Blair's brother.

Rev Mr Potter left last Wednesday with his Boy Scouts for a holiday at Whitney Lake.

Mr and Mrs. Art Wynne and Danny are leaving on a trip to Lewiston, Idaho, visiting his sister there.

Mr and Mrs. Ray Brose left with friends for a holiday at Lulu Island, B.C., and also to visit relatives at Chilliwack.

Mr and Mrs. Archie Nelson and family are on holiday, which included a visit to Calgary and the stampede.

Vermilion W.I. Enters Leadership Course

Vermilion Women's Institute enjoyed a very happy social time at their July meeting held at the home of Mrs. J. Prill. Nine members and three visitors attended. Roll call was answered with a dime for the Sunshine Bank.

The report on the conference was given, and members [illegible] to enter [illegible] Course in Citizenship.

A bundle of used clothing was sent to the Unitarian Service and also gift parcels to the Ponoka mental institute.

Vermilion W. I. branch will hold their next meeting on October 13.

It was Earl Grey, donor of football's Grey Cup, who suggested that the battlefield of the Plains of Abraham should be preserved as a national historic site.

Mr and Mrs. W. Barfett are the brand new parents of a baby boy. Congratulations!

Mr and Mrs. Eric Seward are visiting their daughter and family, Mr and Mrs. J [illegible], for a few days.

Mr and Mrs. Mike Kutryk and family of Edmonton called at the home of Mr and Mrs. M. Swyripa one day last week.

OUR LETTER FROM EDMONTON

Major Hydro and Water Storage Project For Saskatchewan River

by KEN MASON

EDMONTON — Last week's announcement of a major hydro and water storage project in remote country southwest of Edmonton came as a welcome one to the Alberta government.

For it gives the province an easy way out of one of its most pressing problems — pollution of the North Saskatchewan river [illegible] during the winter months when the water level drops.

If Calgary Power Ltd. hadn't decided to [illegible] start on the project, the government [illegible] would have been forced to undertake its own pollution control measures and it almost certainly would have cost the taxpayers more.

As it is, the government will make a contribution to the project. Calgary Power normally would have waited another 10 [illegible] before starting the project, but under government urging will begin construction this year. In return, the government will build an access road to the site. Still under discussion is the extent to which the province will compensate Calgary Power for downstream benefits.

ON BRAZEAU RIVER

The dam will be built on the Brazeau River, a main tributary of the North Saskatchewan, about 100 miles southwest of Edmonton. Stored water will be released during the winter, to raise the North Saskatchewan level. This will mean a constant oxygen supply in the water to reduce pollution, also will mean the river in the Edmonton area can handle more industrial development.

NEWSMEN SEE DAMSITE

Edmonton and Calgary press and radio reporters were flown over the damsite in a chartered airliner last week. Calgary Power officials say the initial cost of the dam, powerhouse and one 200-horsepower generating unit will be $45,000,000. The first power should be available for peak demand periods in late 1963 or 1964.

The damsite is in isolated forest and muskeg country which few white men had even seen until oil exploration crews began moving into the area a few years ago. The access road will be built south from the town of Lodgepole in the Pembina oilfield.

CANADA'S GAMBLING LAWS

Are Canada's gambling laws unrealistic even contradictory? Last week there was plenty of evidence to indicate they are.

The attorney-general's department was pressing lottery charges in connection with a "dream home" giveaway being sponsored by a number of community leagues and Canadian Legion branches.

And in police court last week the Proctor and Gamble Co. was acquitted of lottery charges laid in connection with a soap promotion campaign.

But during the same week here in the capital city thousands of citizens and visitors were flocking to the Edmonton Exhibition where they could legally bet on the horse races, buy tickets on three cars, a $25,000 house and a $5,000 airplane and play games of chance against terrific odds on the midway. And it was all legal because the Edmonton Exhibition is held in aid of agriculture.

Premier Manning, in his capacity as attorney-general, was wishing Ottawa would do something to clarify the gambling laws. It's the federal lawmakers who pass them, he pointed out, but the provinces must enforce them. He made the observation in reply to "dream home" promoters who were pointing to the unrestricted gambling at the summer fair and shouting "discrimination."

Privately the premier agrees the lottery laws are unrealistic but there's not much he can do about it.

WET WEATHER SLOWS ROAD PROGRAM

Wet weather of the past month has slowed down Alberta's $72,000,000 highway program. Highways Minister Gordon Taylor reported last week that wet weather has resulted in the loss of 773 shifts, compared with 388 at the same time last year.

The grading program is only 21 per cent completed, while crews have been able to lay only 19 per cent of the base course slated for this year. The program of applying light blacktopping to 200 miles of secondary roads have been hard hit. Last week only 39 miles had been completed. But last week also saw a return to good construction weather and contractors on all jobs were reported making the most of it.

The return of hot, dry weather also brought on a rash of forest fires most of them caused by lightning strikes in the extreme north. One fire, fanned by gale force winds, spread over 10,000 acres in the Birch mountains area northwest of McMurray. Some 200 men were fighting it and every available aircraft was in use.

News from Tulliby Lake

A hail storm recently swept through the south-eastern portion of the district doing considerable damage to the crops and gardens of Dennis Ruud and Ken Perks. The storm continued to play havoc as it progressed [illegible]

Doug Ward and Roy Maas apparently must have preferred a change in the kind of milk that their families were drinking as they have each bought a goat. Besides a goat Roy Maas has some tame rabbits — quite a rarity around these parts — we [illegible]

We were rather premature in announcing that Lee Marshall was spending his holidays with the Bill Adamsons. The truth of the matter is that he will be going just [illegible] a month and a half from now.

Television has come to our fair district. The Theodore Anderson family [illegible] a set.

Mrs. Tom Briskerin's parents and family [illegible] arrived [illegible] for a visit.

Wesley Hayes has been baching while Myrtle is on visit in B.C.

Linda Robang is staying with her grandparents Mr. and Mrs. J Finlin for a few days.

Mrs. Clifford has been staying at Whitney Lake with the boys for the past several days.

Sorry to hear some of our junior citizens have been "under the weather". Best wishes for a speedy recovery to Markley Croft and Myrna Finlin.

Lots of Building In Year 1959

In spite of the prolonged hue and cry about the shortage of [illegible] expressed by builders of a drastic reduction in home building, starts for the current year will likely hit the 140,000 mark says Forbes Gilbertson, in The [illegible]

Emphasizing this optimistic outlook was the prediction, a few day ago, of Howard Green, Minister of Public Works who gave his own estimate of 135,000 to 140,000 starts this year.

NEWS ITEMS FROM ISLAY AND DISTRICT

Congratulations once again to Gerald Daman on passing his grade 6 piano exam, 72%. He also got his Theory grades 1 and 2, all in one year, 92%.

Mr. and Mrs. Alf Hollington left Monday, July 6 for a couple of weeks at the B.C. coast. Mr. and Mrs. Hollington are very fond of gardening. Their garden is a picture.

Mrs. Steinhauer has made a wonderful change in her lot since coming in to it May 1. She too is quite a gardener.

Sel Kohn had a new well drilled and got a good flow of water, all in [illegible] a day. Done by Downey & Thompson.

Some of the parents of the girls at Whitney church camp and the [illegible] at Whitney found all enjoying themselves when visited on Sunday. Jack Tuckey was cook that day.

Mr. and Mrs. Sid Guernsey and Janet were callers Sunday at the Hutton and Stone homes, Islay.

Mrs. Jean Axley says the deadline for shipping those rags is July 31, so ladies, step lively and gather up.

Mr. and Mrs. Colin Christie, Walter and Janet of Winnipeg, [illegible] their uncle and aunt, Mr. and Mrs. Jim Allan here. They came by way of Calgary and attended the stampede where they met Ted Steinhauer whose mother lives in Islay. Ted is still with the air force.

Miss Erva Sweet had two days at home last week.

The following items are from the I.S.U. News & Views of 20 years ago. We may get a smile from some of them.

Gordon Edwards — "Did you kill the moths with the moth balls I gave you?"

Angry Customer — "No! I sat up all night and didn't hit one."

Customer — "It's tough to pay 20 cents a pound for meat."

Pinkie McNeely — "Yeh, but it's tougher when you pay 25c."

Islay students never give any answers like this, or do they?

1 The lack of vitamins will give rise to crickets.

2. Westminster is remarkable for the number of laws that get past.

What stores in town had these ads in their windows?

Try one of our toothless combs — you'll never part with it.

Glue sale tomorrow, stick around.

Cabbage 10c. Buy one and get ahead.

Now for some verse —

There once was a boy named Johnny,
Through life he grew very scrawny
But when he grew up
He was fat as a pup
Was this little boy called Johnny. (Keith Inman Gr. 7)

Mr. Allan — "Marvin why are you late?"

Marvin — "There was a sign down the road, Mr Allan."

Mr. Allan — "What has the sign got to do with it?"

Marvin — "It said, 'School ahead,' go slow."

Red Cross Seeks Alberta Couple

The Alberta Division C. R. C. S. is seeking the whereabouts of Mr and Mrs. K Halliday, their son Henry or grand-daughter Helene. Mr and Mrs. Halliday, who are between 60 and 70 years of age, and their grand-daughter Helene 18, are believed to be living in Alberta.

Anyone having information concerning the whereabouts of Mr and Mrs. Halliday, their son or granddaughter, are asked to communicate with Alberta Red Cross Headquarters, 1504 1st Street S. E., Calgary, Alberta. Phone AM [illegible].

Exports from Japan to Canada from [illegible] increased from $1.2 million to $12.1 million between 1950 and 1958.

Even this ride can't match Pontiac's for fun!

Owning a Pontiac is like keeping all the fun of the fair in the garage . . . there's never been a car that's so much pleasure. Behind the wheel, you can't seem to stop smiling.

How does this happy state of affairs come about? Perhaps Pontiac's sleek styling has something to do with it . . . or maybe it's the superb suspension or the sound engineering. Whatever it is, only Pontiac seems to have it to such a happy degree.

Find out for yourself . . . take a Pontiac for a joy ride tomorrow!

Have yourself a happier ride in Pontiac!

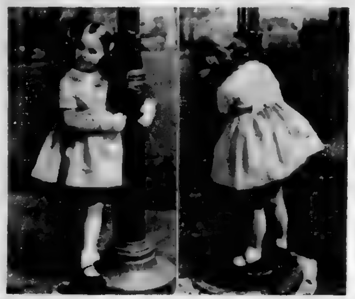
Largest Caravan Ever Planned For Yellowhead Route

In an effort to publicize the need for a highway equal to the Trans-Canada No 1 the Trans-Canada Highway System Association (Yellowhead Route) is now in the process of organizing a major cavalcade to run from the Manitoba-Saskatchewan border to the Pacific Coast the week end of August 21 to 24th. A minimum of 100 car caravan with an average of four persons to a car is expected to converge on Kamloops from points west of Winnipeg August 23rd, carrying with it a petition bearing the names of over 100,000 Yellowhead [illegible] supporters. Petitions have already been circulated and will be picked up along the route by caravan officials as the motorcade travels westward. These petitions will be found in many business places in Vermilion.

The Caravan is to be known as the Yellowhead Overlanders '59 and is under the general chairmanship of Ald. R. Easton of Edmonton. Officials in charge of circulating and collecting the petitions are: Association vice-president, J. S. Woodward of Saskatoon, Mr Bob Morrison of Edmonton and Mr. G. G. McDiarmid, Clearwater, British Columbia.

Motorists intending to join this caravan, and everyone is invited to do so, are urged to register immediately Mr George MacDonald, Alberta Motor Association, Edmonton. Alberta is in charge of registrations. Registration forms may be obtained from any of the above mentioned or by writing direct to Mr. George MacDonald, A. M. A., Edmonton. A $5.00 registration fee, plus $10.00 per car per night is required.



Coming - and - going fashion for the little miss is a two-way dress which can be worn just as stylishly back to front. Of Seeded 'Terylene' batiste in shades of blue and white, it is shown here with cross-over collar and buttons in the front and flat bow at the back. Tomorrow she'll wear it the other way around! This new fabric is a boon to busy mothers since it can be machine washed and tumble dried ready for wear without the touch of an iron.

900,000 Canadians Own Boats

One in 20, or 900,000 Canadians today own boats valued at from $50 to $25,000 each. This makes Canada the most boat minded nation in the world, John Dalrymple writes in the July issue of Liberty magazine.

This year factories will turn out 40,000 new boats, and 60,000 outboard motors. For do-it yourselfers, more than a dozen Canadian companies put out boat kits. These range in size from a $50 six foot "pram" that holds one person, to a sleek 21-foot cabin cruiser for $1,000. Pieces are precut and numbered.

Outboard motorboats are the most popular with Canadians. A few prefer the two-one effects of newer models. These include "hardtops" and "convertibles" and "landaus" writes Dalrymple. "They have key-starting, power steering, moulded windshields, electric windshield wipers, tailfins, and speeds that reach 50 mph. The built in buoyancy in tailfins keeps the boat from over turning if it swamps."

All but the smallest crafts have remote steering wheels, forward-neutral-reverse gears, motorized bailing and electric starting buttons. They're sold on easy payment plans and you can get sail-now-pay later credit cards for buying gasoline, oil and groceries.

One Winnipeg boating enthusiast spent a recent winter building a 16-foot runabout in his [illegible]. In the spring he realized it was much too big to get out the door. He hired a wrecking company who dug up the foundation, knocked out the rear wall of his house, and removed the boat.

"The following winter, the foundation still hadn't been repaired," writes Dalrymple. "The boater had been too busy on Lake Winnipeg all summer."

Canada's longest railway tunnel is the Connaught through the Selkirk Mountains in British Columbia. It is nearly five miles long, double tracked and is one of the world's major engineering feats.

The secret pleasure of a generous act is the great mind's bribe.
— John Dryden.

Helpful Hints To Help You Enjoy Your Vacation Trip

Most [illegible] who travel these months will make the trip by car.

About 3 out of 10 trips [illegible] the period will be less than 100 miles. More than half will be less than 200 miles.

With these facts in [illegible], the Alberta Safety Council issued these helpful hints for vacationers: Before you start your trip —

1. Jot down the items you want to take along. You'll think of more things to add on to [illegible] list as the Big Day approaches. And you'll probably eliminate a lot of the excess baggage.

2. Have your car serviced thoroughly. Pay special attention to lights, brakes, tires and steering.

3. Make sure you take along such items as a first aid kit, spare tire and jack.

On the way to your vacation spot, the Council says: —

1. Pay strict attention to your speed. And obey traffic signs — they're your signs of life.

2. Look out for the other fellow. A good driver is a defensive driver.

3. Don't overdo it on the road. Take rest stops often, and limit your day's driving to 300-400 miles.

And when you arrive at your destination — don't overdo it! "Fun is fun," the Council agrees, "but too much exercise can be dangerous. Play in moderation and rest when you're tired." Other suggestions:

1. Swim only as far as you know you can.

2. Look where you're diving. Before you dive, find out about underwater obstacles and the water's depth.

3. Enter cold water gradually.

4. If your boat capsizes, stay with it till help arrives.

5. When it's hot drink lots of liquids.

6. Better be pale than parboiled — don't get half baked under the sun. (tf)

TENDERS

Tenders will be received until August 15 for one lot and one frame building, 20' x 45', used as a store with living quarters at the back, in Islay.

Tenders will also be received for one box car used for a feed shed and garage; one flour shed, 10' x 12'; one barn, 14' x 16'.

Submit separate tenders for each building. Highest or any tender not necessarily accepted.

Terms: Cash.

Sheriff Len McDonald who will ride into Vermilion on Sunday, August 2nd at the head of his saddle tramps, and put on a grand entertainment at the bandshell in the park commencing at 2 p.m.

Western Variety Show Scheduled For Vermilion Park Aug. 2nd

A program of special interest to enthusiasts of Western type entertainment has been arranged for August 2nd, to take place at the band shell at the Vermilion Provincial Park. Sheriff Len McDonald and his entertainment troupe will feature singing dancing and comedy routines in the western tradition, starting at 2:30 p.m on August 2nd. Len has a special interest in playing to audiences here, the hometown of his brother, Ward McDonald. This engagement has been made as part of the regular summer program arranged for the Vermilion Provincial Park.

Jimmy Ordge, farm boy, was born in Donalda area and folks in that district enjoyed his singing so much that he decided to come to the city and see if he could sing for a living. He has done very well and is in great demand. His wonderful personality and big smile make him a favorite everywhere.

Doug Goldsmith, a boy who has been playing accordian for many years and is a top musician in his field. He has played in most of the top country and western orchestras in western Canada. He says his days aren't long enough to be able to teach all the students who want to learn the accordian.

The Wranglers, a brother and sister team in their early teens. These two children have been singing close harmony since they were able to crawl out of the cradle. They have appeared on most of the T.V. and radio stations in Alberta and for the past season travelled with the A. C. T. Search for Talent show and are always a favorite.

Wally McDonald is a younger brother of Sheriff Len McDonald. He was born and raised just thirty miles north of Vermilion. For the past twenty five years he has spent most of his time in the music field. Plays most any string instrument but is an outstanding bull fiddle player. His soprano voice can be heard on many commercial records and his musical talents are much in demand.

David McDonald is the old Sherriff's son. When he was sixteen years old Len saw he was going to be short of a bull fiddle player one night. He took Dave along and stood him beside a bull fiddle and told him to start playing. Since that day, Dave has been a regular member of the Saddle Tramps orchestra and has developed into an outstanding bull fiddle player.

Sheriff Len McDonald, with his personal background of farm life, several years in the saddle, and a boyhood surrounded by music, Len McDonald could be nothing less than a top country and western entertainer. Both parents were musicians and Len's father made instruments for all fourteen children, who were much in demand for school and social functions in the Vermilion area where they lived. Len's first serious venture into music came in 1935 when he joined Carl and Joe Johnson's "Rocky Mountain Rangers."

The Saddle Tramps first organized in 1951 by Sheriff Len McDonald. This exceptional country and western group has enjoyed continuous sponsorship on radio with their 'Canadian Western Opry' a weekly feature of C F R N radio. They have appeared on the local television station as well as those in Calgary and Saskatoon and have been heard on almost every radio station in Alberta. Their list of personal appearances include rodeos, fairs and dances throughout northern Alberta. The title of Sheriff was bestowed on Len by his friends after his appearance in that role in the locally filmed movie "Far Country" with James Stewart and Walter [illegible].

Just recently Moxie Whitney, famous orchestra leader who has for the past several years been [illegible] the Banff Springs Hotel invited Len McDonald and the Saddle Tramps to come to Banff to do a special western show for his audience this fall.

The Bible Today

When the British and Foreign Bible Society was established in 1804 it would have been difficult for the [illegible] founders to visualize that in the following 155 years a total of [illegible] Bibles, New Testaments and Gospels would be circulated under its auspices. This fact was announced [illegible] [illegible] ing [illegible] in London.

FLY IN BREAKFAST DRAWS FLYING FANS

The airfield was crowded as flying fans flocked to see the various craft that touched down in Oshawa, Ont., for a "fly in" breakfast. It was the third annual breakfast held by the Ontario County Flying club and drew 205 planes from Ontario, Quebec and the United States. The planes ranged from the $1,500 Stinson to the $100,000 Commander. Prizes were awarded for timely arrivals.

Golf Popular in Scotland in 1457

The Scots had a simple solution when they thought they might be caught with their defenses down — they outlawed golf.

Back in 1457, archery was still the chief means of defense in Scotland. But the Scots were spending so much time on the greens that the country seemed in danger of losing the bow-and-arrow race.

The World Book Encyclopedia reports that the Parliament of King James II ordered the people to put their clubs away and get back to target practice.

Later when gunpowder came into general use the law was revoked and the Scots went back to their putting.

THE BIG BUY IN HOLIDAY TRAVEL

NEWS from ALLANDALE

The weather has been very hot [illegible] with temperatures up around 85. No moisture now for many days.

Miss Myrna McPhee was holidaying at Cold Lake with friends the first part of July.

Mr and Mrs Allen Russell and son from Stettler [illegible] the latter's mother and [illegible] Ronnie and Darwen Johnson. Mrs. Johnson accompanied them home and is now at Vernon, B.C. with her mother.

On June 27 winners at bingo in Clandonald were Mrs Ivy Arnold, electric clock; Mrs. Jim Martin Sr., a little red wagon. We were pleased to hear that Mrs. Jim Wallington won $100 at the bingo in Vermilion July 4.

Mr and Mrs Jack Cruse left on holidays July 6. They spent a day or two at the Calgary Stampede.

Mrs. [illegible] of Edmonton arrived at the home of her sister Mrs. Tom Wilson on July 7 for a week's holiday, also to visit at the home of her parents, the Omnesses.

Mr and Mrs Joe Parchewsky and family left on holidays July 11 going to Saskatoon to visit Joe's invalid brother and other districts. Mr and Mrs Steve Gordey are caretakers at the farm.

Mr and Mrs A. E. Strome from Engefield, Sask. were visitors at the homes of their sons, Ralph and Ort. They were on their way home from New Westminster where they attended the wedding of their grandson.

Mr and Mrs Earl Nelson and daughter Lynda from Van- [illegible] on July 12. They will be visiting relatives and friends in and around Allandale and Lloydminster.

The Allandale W.A. met at the Throndson home on the afternoon of July 9. All members were present and two visitors. The August meeting will be at the Omness home on the afternoon of the 13th. Lunch, Mrs. M. McPhee and Mrs. E. Throndson. Mrs. Opal Cooper will be the guest speaker.

On July 16 Law & Byrt well drillers from Kitscoty left the Jimmy [illegible] farm after completing what seems to be at present a very successful well. Mr Karl Kreitz who lives north of Vermilion on the former Bury farm, witched for this well, the water to be good at 125 feet, which is the exact depth. There is forty feet of water with no change at steady [illegible].

Our deepest sympathy to Mrs. Elsa Nelson, Mrs. Lily Swanson of Fort Saskatchewan, Mr. Orb[illegible] at Ferguson Flats in their recent bereavement on the loss of a dear mother and wife.

On the 14th Mr [illegible] Pauls and sons [illegible] Lake, Sask. were [illegible] the latter's sister, the Wi[illegible] home. They [illegible] their way home from Chilliwack, B.C. where they attended a family reunion of around one hundred at the home of Mrs Pauls' parents, Mr and Mrs Henry Martin, on July 1.

George Mead and sons Bobby and Jimmy, and Harvey and Erwin Strome, Malcolm and Bobby Cruse attended the air show at Cold Lake.

Vacation school in the afternoons will be held in Clandonald from July 27 to 31. A bus will be taking the children in from Allandale.

A reminder of the 50th anniversary of the Allandale school, July 31st in the evening. Come and renew acquaintances and enjoy the dance that evening.

Guests at the Harold Cooper home for the week end were Mrs Mike Morrison and son Alex from Haney, B.C.

Miss [illegible] Sheppard from Kitscoty spent the last week end with her sister Evelyn, the Throndson home.

Closing Thought: "Happiness, like children, must grow up. Children may look only to the comforting warmth of the family circle and the satisfaction of daily needs to bring the feeling of contentment that means happiness. Young people, on the other hand, will look forward for the gratification of a growing number of desires — desires which must be fulfilled if they are to achieve a similar feeling of satisfaction. Their happiness may spring from the sense of well-being that accompanies their first understanding of new principles and lessons, a new dress, a party, the joy gained from true companionship. It may perhaps come from a combination of one or more of these."

Life jackets are the fashion for all young boaters. In an attempt to reduce the number of summer drownings, government regulations now call for an approved life preserver for each person in a pleasure craft. These comfortable models in vivid red have fluffy Kapoc sealed within a 'Fabrilite' pocket which will keep the children, or adults, afloat for hours in case of accident. Vinyl fabrics are also proving ideal for boat upholstery since they are very durable and also waterproof. The life jackets pictured are made by Tapatco Limited.

Mannville South Side Resident Brews Potent Porridge

MANNVILLE: When a south side resident recently cooked his early morning porridge, he became somewhat alarmed as the stove literally blew up. The reason being that the gas had been turned on, and had gone out, unknown to the homeowner, and when lighting same, a slight explosion took place, blowing the porridge through the air with the greatest of ease. Fortunately no harm was done to anyone.

DANCE AT THORNCLIFFE

A dance will be held in Thorncliffe community hall on Aug. 8 in honor of Mr. and Mrs. Jack Clark, recent newly-weds. Martins will supply the music. 4-8

PLASTIC SHOES

Men's plastic shoes the coming thing, asks The Financial Post: Higher price of leather — nearly doubled in the last year for better grades — has stimulated interest in substitutes, it reports. A Japanese plastic shoe is now being retailed in Canada. Women's shoes have used plastic for years. Main objection to plastic: It doesn't "breathe" as well as leather.

Rotarians Learn Of Beam Station Activities

Capt. Bill Scales, engineer at the radio beam station, addressed the Vermilion Rotary Club at last Friday's weekly meeting. Mr. Scales told about the operation of the beam station and weather reporting.

Mr. Scales said that all aeroplanes coming into this area must travel on the radio beam in much the same way as car traffic is controlled on the ground. All planes approaching Vermilion must report by radio to the beam station and must obtain instructions before proceeding. Reports of weather in this area are sent in regularly to Edmonton where forecasts are made for the next two or three days.

The speaker was introduced by Ernie Buckingham who said that Mr Scales was born in Manitoba and that he served in the R. C. A. F. for five and a half years, having made 38 trips over Germany as bomb-aimer. He has been officer commanding of "A" Coy, the Loyal Edmonton Regiment for several years. Mr. Scales became a radio operator in 1951 and since that time spent two years at Skag before taking up his present post at Vermilion.

Ken Rowe thanked Capt. Scales for his address which was full of information and so ably presented.

There were four visiting Rotarians at Friday's meeting: Roy Smith, Bruce Anstey, both of Lloydminster, Don Jansen of Abbotsford, B.C., and John Ronosh of Selkirk, Manitoba. Visitors were Dr. Don Clark, Ted Edey, Bob Moffatt and Hal Stanley.

President Ross Boake presided at the meeting. Mr. Boake announced that the next meeting would take the form of a picnic at the ball diamond at Vermilion Lake. It is scheduled to start at 6.30 p.m.

The date your subscription to the Standard expires is shown on the label after your name.

THE VERMILION STANDARD
Vol. LI. No. 5. $2.50 a Year Vermilion, Alberta, Thursday, July 30th, 1959. 12 PAGES Single Copy 10c

Don Willes of Claysmore is shown exhibiting his Angus calf which won the 4H Calf Club championship at the Vermilion Fair on Thursday last. Don is a member of the Mannville 4H Calf Club and is the son of Mr. and Mrs. Jack Willes. The calf was sold for 40c a pound at the sale which followed the show and brought the proud young owner the handsome sum of $419.00. Harry Kapinski of the Vermilion Stock Mart bought the champion [illegible].

54th Annual Exhibition Rated Outstanding Community Event

Vermilion's 1959 fair will go down in history as an outstanding community effort and the board of directors wish to express their thanks to all who assisted in any way to achieve success, as well as to all patrons of the fair from far and near. Favored by excellent weather, the fair opened with a monster parade, details of which were given in last week's Standard. Results of the unusually good parade of bicycles were not included in a previous report and the youngsters are to be congratulated on having had some fifty decorated bikes on view. Winners of the junior section were: 1, Ellen Waldenberger; 2, Bernie Shalka; 3, Mary Agnes Killen. The fine display added much to the parade and was enthusiastically received by the thousands watching the passing parade.

CALF CLUB SHOW & SALE

The Calf Club show and sale was an extremely effective one. Forty-two calves were sold, the Champion, owned by Donnie Willes of the Mannville club, brought the fine price of 40 cents per pound, while Betty McLaughlin, also of Mannville, showed the Reserve Champion and received 30 cents per pound. The average price for all calves was a very satisfactory 25.62 cents per pound throughout. The Champion was bought by Givol Sales, the Reserve Champion going to Swift & Co. of Edmonton. The splendid performance of the auctioneers, proprietors of the Vermilion Auction Mart, ably assisted by Marshall Jackson, who donated their services, was doubtless responsible for a fine sale and an enjoyable hour for all concerned.

LIVESTOCK PARADE

The livestock parade on Friday evening brought out an amazing display of some of the finest livestock in Western Canada and expressions of satisfaction were heard on all sides in

(Continued on page 2)

Drive-In Food Service Opens

Still another new business has opened in Vermilion. "Frankie's Snack Shack" is providing a drive-in food service specializing in 'burgers, chips and soft ice cream.

Drive around to Frankie's, next door to Maxwell's Service station, on 49th avenue, the next time you want a snack.

Dickes Celebrate Golden Wedding

On Wednesday, July 22, Mr and Mrs. J. A. Dicke of Vermilion held open house on the occasion of their fiftieth wedding anniversary. The Dickes were married in St. Jean, Manitoba, living in that area until about three years ago when they moved to Vermilion.

A week before their anniversary the couple were guests of honor at an afternoon tea at their own home, the arrangements being made by the Ladies' Prayer Band of the Alliance [illegible].

On the Saturday following the anniversary, July 25, Mr and Mrs. Dicke were guests of honor at a family reception held at the Brunswick hotel at which there were five daughters and four sons, and families present.

The daughters who were able to be present at this joyous event were: Mrs. R. Bayliss of Miami, Man., and family; Mrs R. Seed and family of Vermilion; Mrs. J. Roberts and family, New Westminster, B.C., and Misses [illegible] of Winnipeg. One daughter, Mrs. P. Robertson, Belleville, Ont., was unfortunately unable to attend. Abe and Raye Dicke of Vermilion, Dave and family of Chilliwack, B.C., and Edmond of Carman, Man. all came to help celebrate their parents' golden wedding.

Greetings were received by Mr and Mrs Dicke from Prime Minister John Diefenbaker, His Honor Lieut. Governor J. J. Bowlen, [illegible] Hon. E. C. Manning, M.P. for Battle [illegible] Clifford Small-wood, and member of legislative assembly of Alberta for Vermilion, Ashley H. Cooper.

Fred Semenuik Wins Kinsmen Car Raffle

Fred Semenuik, well known young farmer of the Buffalo Coulee district, was a lucky man Saturday night. It was a ticket bearing his name which was pulled from the big drum at the fair grounds by the Vermilion Kinsmen and Fred thereby won a new 1959 model Volkswagen. His win was a popular one, the Kinsmen who conducted the [illegible] a few hundred dollars and thus everyone will benefit as the proceeds are used by the club for some worth [illegible].

Local Swine Herd Gains Top Honors

The Lockholsdale Yorkshire show herd owned by Roderick MacMillan of Clandonald took top honors in all three of the Edmonton, Lloydminster and Vermilion exhibitions, taking the Junior Championship and Junior [illegible] Championship awards [illegible].

At both the Lloydminster and Vermilion fairs the MacMillan herd captured the Senior Reserve Championship title for sows, as well.

The MacMillan swine earned an amazing total of 54 ribbons to take home from the three fairs as well as the accompanying prize monies.

The MacMillans may well take great pride and satisfaction in receiving congratulations on their outstanding achievements.

Donald Willes's Angus Calf Tops At Vermilion Show and Sale

A total of 42 calves were contributed by the Vermilion, Mannville and Preston 4-H Beef Clubs for the inter-club show and sale which was held on opening day of the Vermilion Fair. There were many happy youngsters but none happier than Donald Willes of the Mannville club whose Angus steer won the Grand Champion honors. Betty McLaughlin's Hereford steer, also of the Mannville club was declared Reserve Grand Champion.

The parents and the public in general showed interest in the show and sale but as usual it was the buyers who made the event successful. The Vermilion Auction Mart purchased the Grand Champion at 40 cents a pound whereas Swift Canadian Co. bought the Reserve Grand Champion at 30 cents a pound. Average price paid was 25.65 cents per pound as buyers [illegible] the work being carried out by the junior [illegible]. Furthermore a number of local people bought calves and at the same time helped their clubs greatly.

The [illegible] Trophy award for the best pair of show [illegible] Keith [illegible] and [illegible] both of the [illegible] took top honors in [illegible] in the inter-club competition.

[illegible] the club members in the judging competition that was staged after the sale. [illegible] Church of the 4H [illegible] demonstrated and lectured on the art of judging [illegible] just prior to the competition. The results of this competition were as follows:

First: John Stewart, Vermilion club; Linda Smith, Preston club. Second: Keith Barr, Vermilion club; Janie M[illegible], Mannville club. Third: [illegible] Stewart, Vermilion club; Beverley McLaughlin, M[illegible] club.

Prizes for this [illegible] were contributed by the [illegible] businessmen and a thanks [illegible] is expressed [illegible] Rowe & Sons Ltd. and [illegible] Drug store for their [illegible] hearted [illegible].

A number of [illegible] Thesmar [illegible] The Par[illegible] won the [illegible] play. The [illegible] kitchen [illegible] for [illegible] Second [illegible] the [illegible] Beef Club [illegible] to the M[illegible] Beef and Grain Clubs a[illegible] to the [illegible] Grain club.

Fire Officers Training School At Vermilion August 3 to 7

A week long short course for officers of fire brigades of the province of Alberta will be held at the Vermilion school of agriculture from August 3rd to 7th. During that time those attending will have board and lodging at the school dormitory.

The courses have been arranged by the Fire Commissioners department of the province. Every phase of fire fighting and fire prevention will be thoroughly covered, as well as administration of fire brigades, and scores of other topics of vital importance to fire fighting.

On Tuesday evening, August 4th, a social evening is being held from 7 to 9 o'clock during which time all the visitors will meet the members of the Vermilion Fire Department.

The program is a most extensive one and keeps those attending busy for mornings, afternoons and evenings for the entire five days until the official closing at 7 p.m. on Friday.

Annual Open Golf Tourney Aug. 2-3

Vermilion's annual men's open golf tournament will be held this week end, Sunday and Monday, Aug. 2 and 3. The play has been arranged to start Sunday and will continue through Monday the Civic holiday.

This is an open tournament, and golfers from any distance, whether club members or not, are invited to enter. Entrants are requested to arrive not later than 10.00 a.m. Sunday, Aug. 2. Players will be placed in flights of eight, with match play to [illegible].

A special Sunday evening entertainment has been arranged which includes a weiner roast, compliments of the Vermilion Golf club.

Among other highlights on the program of the tourney will be a long drive competition, and a pitch and putt contest. Meals, lunches and refreshments will be served at the club house.

Entry fee is only $2.50. There will be flights arranged for all, whether champion or novice so come to the Vermilion golf course and join in the two days of fun.

Men's Provincial Fastball Play Offs Here Sunday, August 9th

Vermilion fastball fans will have the opportunity to see the best teams in the province in action on Sunday August 9th when the first round of Intermediate B men's provincial fast ball play-offs will be played on the ball park.

Seven games will be played during the day with the first one scheduled for 10:00 a.m. when two Edmonton teams, Simpsons-Sears and the Jasper Place Clowns meet in the opener.

At 12 noon sharp the local favorites, Vermilion Checker Ghosts versus the Alberta [illegible] of Edmonton.

The winner is decided by the double knock out draw so that at least seven games will be played during the day. All games are nine innings and there will be action aplenty all day long.

The management of the Ghosts asks that every player registered with the club report that day. This is very important.

Girls and Boys Enjoy Camp Week At V.S.A.; Prizes Awarded

Some fifty-three boys and forty-seven girls from Vermilion and neighboring districts enjoyed the five-day Camp Week at the Vermilion School of Agriculture which was sponsored by the Agricultural Society.

The programme through the week included lecture and laboratory lessons on topics relating to showmanship at agricultural fairs. The girls made a laundry bag in the sewing lab, a reed basket in handicrafts and muffins in the cooking classes. The boys made bird houses in the wood shop and had lessons in livestock judging and in field crops.

Featured in the entertainment programme were "The Get Acquainted Party," swimming lessons, and an illustrated lecture on "Egyptian Life and Agriculture." The boys and girls were guests of the Agricultural Society at the grandstand performance on the Thursday evening and at the fair on Friday evening [illegible] seventy five of them assisted livestock exhibitors in leading their livestock in the parade in front of the grand stand on Friday evening.

The closing session was held at lunch time on Saturday when guests included representatives of the sponsoring organizations. Those addressing the gathering included His Worship Mayor Hill, President of the Agricultural Society Mr. Orton Strome and representatives of the Wheat Pool and Line Elevators respectively, Mr. Milo Fleming and Mr Ken Greenwood.

Prizes for General Proficiency in all phases of the instruction programme were awarded as follows: For the girls — Lynn Davidson, Vermilion, Grace Belanger, Edgerton, Sylvia Wilson, Vermilion, Lillian Hrabet, Myrnam, Vivianne Tremblay, St. Brides.

For the boys — [illegible] of Vermilion, Rodger McLaughlin, Mannville, [illegible], Vermilion, Monty Lafthaugh, Dewberry, Lawrence Slywka, Elk Point.

While the Standard will be closed for the next two weeks for vacation, the mail will be picked up and the co-operation of everyone is asked in sending in news items, tell us of your visitors, your visits, trips and various gatherings and celebrations. Don't wait till we open again — send them in whenever they take place.

Youth Caravan From Florida Camps At Vermilion Park

The Fort Lauderdale Florida Youth Caravan to Alaska stopped at Vermilion last Saturday and set up their camp at the beautiful provincial park that night. The party numbered 72 and was on the return trip from Alaska. Sunday morning real early, the group contacted Ken Urquhart, local member of the park committee and invited him to have breakfast with them.

On the journey to Alaska one carload had come the Vermilion route from Florida. They were so impressed with the park and its facilities that they readily accepted the invitation from Mr Urquhart to make this a stopping place for the whole party on the return trip. The party was really pleased with everything here and not the least the warm welcome they received from the Park committee represented by Mr. Urquhart.

One of Canada's largest print shops, the federal government printing bureau employed 1,670 workers in [illegible].

Prize 4H Beef On Sale At Shoprite This Week End

People of Vermilion and district who like good beef and move smartly are in for a real treat this week end. The steer which won the championship of the 4-H Beef club show at the Fair has been slaughtered and the beef will be on sale at the Shoprite in the form of juicy roasts and steaks. See the full page advertisement elsewhere in this issue for full particulars. [illegible] price is the same as paid for ordinary beef.

The champion, a [illegible] raised and finished by Don Willes of Claysmore was purchased by Harry Kapinski of the Vermilion Auction Mart, and everyone is being given a chance to sample some of this delicious beef at regular prices from the Shoprite store. There will be a big rush for this prize beef, so don't wait, order yours as soon as you read the full page advertisement.

Residents Attend Alliance Camp

[illegible] the annual Alliance [illegible] held at Whitewood [illegible] were about [illegible] adults from [illegible] Vermilion and Mannville [illegible].

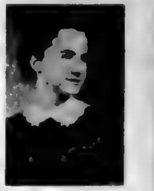
Civic Holiday Monday, Aug. 3rd

The Town of Vermilion will observe the annual Civic holiday on Monday, August 3rd. All business places will be closed that day.



Dorothy Stewart Attends Youth Pilgrimage

Representing Vermilion on the Tenth Annual Odd Fellows "United Nations Pilgrimage for Youth" in New York City was Dorothy Jean Stewart of Vermilion, Alberta.

Highlighting the pilgrimage were many conferences with officials of the permanent missions to the United Nations by the young people from every section of the United States and Canada. During the pilgrimage this summer a student from the Republic of Cuba also participated.

Visiting the Canadian and Yugoslavian delegations to the United Nations, the local area student had the opportunity of discussing many conditions and problems of those countries. With other people she learned first hand of cultural, educational, economic, social and political situations facing the people of those countries.

This summer some 750 young people are participating in this outstanding youth program for junior and senior high students. Each young person has been selected through competition by local Odd Fellow and Rebekah Lodges.

Considered one of the most ambitious programs of its type in the country, the "United Nations Pilgrimage for Youth" gives young people the opportunity of seeing the United Nations in action and observing its method of organization and studying some of its accomplishments. Many points of historical interest in the United States and Canada also are visited by those travelling in educational [illegible].

Pilgrimage officers elected while in New York were Phil Scott of Springfield, Mass., chieftain; Jill Hamilton of Coeur d'Alene, Idaho, deputy chieftain; Dawna Orton of Swift Current, Saskatchewan, secretary; Bruce Miller of Regina, Sask., treasurer; Henry Bessel of Danbury, Conn., boy chaplain; Tonda Olsen of Winthrop, Maine, girl chaplain; Abie Otsnaki of Calgary, Alberta, boy song leader; Pam Kydd of Pottersville, New Jersey, girl song leader.

Conrad J. Hansen of Minneapolis is the Pilgrimage Director. Leaders from this area who participated in the program were Miss Rose May of Regina, Saskatchewan and Mr. Jim Harris of Butte, Montana.

[illegible] 5 and 15 sol silver pieces [illegible] by King Louis the 14th of France.

Wildmere Winks Writer Visiting In Ontario

Mr and Mrs Jim Wallington and Ken Graham are now well on their way to Ontario where they will visit old home scenes. While they are away Mr and Mrs Webster are residing on the Wallington farm at Wildmere.

At the Park on Sunday

Sheriff Len McDonald who will ride into Vermilion on Sunday, August 2nd at the head of his saddle tramps, and put on a grand entertainment at the bandshell in the park commencing at 2 p.m.

SPOT ACCIDENT REPORTS

Many motorists have indicated interest in just what the law requires when an accident occurs on the highway. Naturally, one of the first needs is to give assistance to the injured and endeavor to obtain medical nursing and first-aid services.

At the last session of the Alberta legislature, the amendments to the Vehicles and Highway Traffic Act included one dealing with the duty of a driver at the scene of an accident. This was one of the amendments which went into effect on July 1, 1959.

This amendment requires the driver who was directly or indirectly a party to the accident to, upon request, give to any person suffering loss or injury, to any person at the scene and to any peace officer his name and address, the name and address of the registered owner of the vehicle, number of the driver's operator's license and the registration number of the vehicle. The new act also says the driver of a vehicle that collides with an unattended vehicle shall stop and either locate and notify the person in charge or owner of the name and address of the driver, number of his operator's license, also the registration number of the vehicle. Otherwise this information must be left in a conspicuous place in or upon the [illegible] vehicle.

[illegible] an accident resulting in injury or death to a person or in property damage to an apparent extent of $100 or more the driver shall forthwith make a written report to the police officer having [illegible] where the accident occurred.

Where the driver is incapable of making the required report and there is another occupant of the vehicle capable of doing so such occupant shall make the report.

Where the driver is alone, is the owner and is incapable of making the report he shall make it forthwith after becoming capable.

Vermilion's 54th Annual Exhibition Proves An Outstanding Event

(Continued from page 1)
connection with the outstanding work of the livestock exhibitors in fitting and showing [illegible] quality stock. Prominent among those showing heavy horses were the well known Brydon Bros. of Mannville, Joe Tomkiw of Hinton, Bill Giles of Marwayne and Brown of Camrose. The light horse show which is proving increasingly popular was featured by fine strings of horses from local and outside breeders, notably those of the stables of James Strome, G. A. M. Bell, Mrs. L. Dupuit, Jos. Stewart, Alvin Parker, Karin Fuller, Tony Zeigler, Briercrest Stables, Robert Maggs, Orest Mistik, Barry Walsh, Thos. Smith, Dan Dixon, G. Davey, Fred Howard, Garry Moore, W. C. Bell, D. Baron, the Henry Sisters, L. Barnes, Dr. T. Kline, M. Searle and others.

LIGHT HORSE AWARDS

Special awards in the light horse classes were as follows:

Best Lady Rider donated by Geo. C. Webb & Sons, to Mrs. T. Nobles, Edmonton; Light Weight Hunter Vermilion Hotel, to Briercrest Stables, Edmonton. Heavy Hunter Brunswick Hotel, to Miss Theresa Kline of Edmonton. Best Pair of [illegible] lady and gent, donated by J. C. Tucker to Briercrest Stables; Best Stock Horse, Craig Bros. Ltd. to Miss Audrey Henry and the tops in the Glamour Class donated by Mr. Walter Fullerth of the TD Ranch, Innisfree, to Tony Zeigler, Edmonton.

Best Arabian filly or gelding, donated by Robert Maggs, to Orest Mistik, Vermilion with the Mary Maggs trophy for the best Arabian Costume class going to [illegible] Theresa Kline; best saddle [illegible] in the Junior fair was awarded to Karin [illegible], Vegreville, having been [illegible] by Mr. Albert West as a memorial to the late Duncan McDermid, for many years a booster of Vermilion fair. The Canadian Bank of Commerce silver tray went to Robert Maggs for the best Arabian foal of 1959.

SHEEP COMPETITIONS

The well known local breeders of fine Shorthorns, W. L. Robinson and Son, took honors in Shorthorn classes with keen competition having been given by the G. B. Crouch herd of Wainwright and the Waring herd of Nunthor(?) Sask. In Herefords, the Zeigler herd from Vegreville and Homer Campbell's fine string from Clandonald kept one another on edge through the long list of classes, with the Campbell herd annexing most of the championships. The Aberdeen Angus classes were keenly contested by the Willes Bros. of Claysmore and the Nachegaste Bros. of Iffley, Sask. The local boys maintained the record of the district for fine cattle and the classes were interesting to large crowds gathered around the rings during the exhibition of the cattle.

Classes for commercial beef cattle were very well contested, resulting as follows: Steer or heifer under 850 lbs.: 1. Louise Barr, 2. Thelma Rustad, 3. John Clennett, 4. Rita Clennett, 5. Kenneth Seymour, 6. Raymond Seymour, 7. Johnny McLaughlin. Steer or heifer 850 lbs. and over: 1. Dennis Willes, 2. Betty McLaughlin, 3. Donald Stewart, 4. John Stewart, 5. John Barr, 6. James Dibben, 7. Hewitt Dibben, 8. George Garnett. The showing by the juniors of the fine string of calves elicited a great deal of favorable comment.

W. Lyle Robinson annexed the trophy for the best beef animal in the show.

DAIRY CLASSES FILLED

All dairy classes were well filled, competition in the Jersey classes being especially interesting. The boards were swept in Holsteins classes by Wm. Lemiski of Vegreville, while John Dreydale, also of Vegreville, ran him a close second. Three fine Jersey herds of Enman Bros. of Wetaskiwin, Dale Cole of Vegreville and Chas. Isaacson(?) of the St. Albert Trail Farms ran neck and neck for awards and aroused a good deal of interest among lovers of fine dairy cattle.

CHAROLAIS CATTLE

The Triple A Ranch of [illegible] drew much favorable [illegible] on their display of Charolais cattle on view in Vermilion area for the first time. A guest book kept by the herd indicated wide interest on the part of fair goers from considerable distances in Alberta and Saskatchewan.

SCHOOL FAIR ATTRACTS

Hall exhibits this year were numerous, particularly in the [illegible] which drew interest from schools over a wide area including the Vermilion, Vegreville, Wainwright, Two Hills and St. Paul School Divisions. It is notable that the quality of the work is improving year by year and the Society is most appreciative of the co-operation of the teachers and pupils of the school divisions.

WINNERS IN BABY SHOWER

While it is not yet possible to give individual results of classes in ladies work, the quality of the exhibits drew praise from the judges and it is hoped that more district ladies will take an active part in the fair another year. A special class which drew a great deal of interest was the "Baby Shower" exhibit, in which four district organizations took part. The first award was won by the Greenlawn Goodwill club of Dewberry with the Frog Lake Chapter of the I.O.D.E. standing second and Vermilion Women's Missionary Society taking third, with St. Alban's Ladies Auxiliary of Mannville placing fourth.

An invitation is extended to women's groups throughout the district to make suggestions for suitable classes for inclusion in the prize list for next year. The ladies committee endeavors at all times to include classes which are deemed to be of interest and would welcome the suggestions of any who might care to submit them.

INTERESTING DISPLAYS

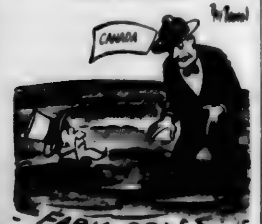
The Agricultural Society each year endeavors to secure something of unusual interest for display and it is felt that the Display building this year was replete with interesting and useful household and other articles. The local firm of Renaud and Carey, Northwestern Utilities, Canadian Utilities, the Alberta Wheat Pool and United Grain Growers Ltd. combined with a number of outside firms to present a favorable impression on the public and the showing of the Civil Defence authorities was also an interesting item.

Thanks of the Society are due Mr. and Mrs. N. N. Bentley for their display of Egyptian articles and to Mr. Kruger of Dewberry for his attractive and extensive showing of Ethiopian items. Both of these exhibits attracted a great deal of favorable comment and helped make Vermilion's Friendly Fair both interesting and instructive.

The grandstand attractions have been hailed as an outstanding show with many expressing the opinion that they were tops in entertainment and altogether clean and wholesome fun for all ages. The new midway drew its usual crowds with its shows, rides and concessions. Altogether Vermilion's 1959 fair has been labelled a distinct success and the Society does appreciate the wonderful co-operation of the entire community and will be enthusiastic in its preparations for next year's fair when it is hoped to present an even more attractive event, starting, as for some years past, with the very excellent farm boys' and girls' camp which operates through the courtesy of the Provincial School of Agriculture for a five-day period, including the two fair days. One hundred young people attended this year and all were loud in their praise of the short courses and their accompanying fun.

[illegible] — Thomas [illegible]

Deeper And Deeper



Adam Poliakowski, Mannville Old Timer, Passes On

Well known old timer of the Mannville district who commenced farming north of the village in 1909, Adam Poliakowski passed away at his home on Friday, July 24th at the age of 77 years.

The deceased was born in Austria but came to Canada in 1905 when he settled in the Lamont district. In 1909 he moved to a farm north of Mannville where he carried on successful farming operations. On retiring a few years ago he and his wife moved into Mannville where they have since resided. He was married in 1909 and this spring he and Mrs. Poliakowski observed their Golden Wedding surrounded by their sons and daughters, grandchildren, and great-grandchildren, as well as many other relatives and friends.

Surviving members of the family are the sorrowing widow, five sons: Steve, Peter, Eddie all of Mannville, John and Nick of Myrnam, and seven daughters, Mrs. Joe Pidruchney (Mary) of Myrnam, Mrs. Metro Stefanyk (Annie) Mannville, Mrs. Dan Sharon (Olga) Innisfree, Mrs. Mike Dumka (Sophie) Two Hills, Mrs. Matt Laschowski (Josephine) Musidora, Mrs. Walter Stoyko (Jean) Mannville, Mrs. Wm. Danylchuk (Kay) in France. There are 47 grandchildren and 7 great grandchildren.

Funeral services were held on Wednesday, July 29 at 10 o'clock in the morning at the Greek Catholic church at Fidelity.

Interment took place in the Fidelity cemetery.

Meyers of Vermilion were in charge of the funeral arrangements.

GREEN ACRES

by M. MORLEY DOUGLAS,
District Agriculturist.

WINTER FEED

It was hot today but that doesn't mean the fields will be green and full of luscious feed come February 1960. Feed is going to be short this winter. If you know of extra feed, don't hesitate. The neighborly thing to do is make all of the hay possible. We may be able to save our basic herds even if few cattle are put on feed this winter.

CUTWORM CONTROL

Red-backed cutworm infestation in next summer's summerfallow crops may be prevented. How? Make 1959 the best summerfallow year ever. Keep those summerfallows absolutely dead from August 1 to September 15. During that 1½ month period the Red-backed cutworm moth lays its eggs. The eggs are laid in weedy (any kind of growth) summerfallow, weedy patches in crops, and fields of rapeseed, peas, alfalfa and sweet clover. The cheapest cutworm control is to discourage egg laying in the summerfallow by destroying all growth from August 1 to September 15.

SAFETY

Headlines are usually made by highway accidents but if percentages of population made the newspaper, farmers would be in the news. In 1958 there were 285 traffic deaths from all of the people residing in Alberta. In the same period there were 148 fatalities caused by all kinds of accidents to less than 20 per cent of Alberta's population, the farmer. Take it easy and you may just have more time to make it.

FARM LABOR

With the advent of each season farm labor becomes increasingly more difficult to obtain. Farmers having the least labor problems are those who provide security for their hired help in the form of good living quarters, salaries and steady work, says T. A. Peterson, Farm Management Specialist, Alberta Department of Agriculture. If help is necessary and yet all the profits seem to go to pay labor, then it is time to review the business. Perhaps some enterprises need expanding and others ended. Wherever hired help looks after our enterprise and are responsible they are the most satisfactory.

STOCK SALE(?)

4-H'ers provided real entertainment the first day of the Vermilion Fair. 42 beef calves were exhibited and sold from three clubs. Dennis Willes of the Mannville 4-H beef club exhibited the grand champion, an Angus steer, for which he received 40 cents a pound. Betty McLaughlin also of Mannville, won the reserve championship with a Hereford for which she received 30 cents a pound. The sale average was $20.00(?). The show and sale was a resounding success because of the whole hearted support of the community.

BREEDING EWES

Anyone planning to purchase commercial breeding ewes through the Alberta Department of Agriculture should get their order in by August 15. Quite often orders are submitted later and all of the good stock has been picked up.

Sixteen Years Ago

July 29, 1943

There are now 276 homes in Vermilion using natural gas with thirty more applications for connections on hand at the gas company's offices.

Rainfall for the immediate Vermilion district has fallen behind that of 1942. Figures to date give the long time average as 8 inches; 9.89 inches for 1942, with 7.81 for this summer.

The Rev. E. S. Raikie was formally inducted as minister of the First United Church at services held on Wednesday evening.

For conspicuous gallantry at Gibraltar last fall, Andrew Cavil, son of Mr. and Mrs. James Cavil of Vermilion, was decorated on July 6 by His Majesty King George VI at Buckingham Palace.

George Knoll and Vern Davis, well known Vermilion boys, have enlisted in the RCN and will report to the naval barracks in Edmonton shortly.

32 Years Ago

July 28, 1927

Andy McWilliams has left on a holiday trip to St. Paul, Minn., and other points.

Saturday was the warmest day of the summer when 92 in the shade was registered.

Considerable consternation is evident over the increase in juvenile delinquency throughout the Dominion of Canada.

Seventy five ex-students attended the V.S.A. re-union at the school on Tuesday, July 19. B.J. Whitbread was re-elected president of the Alumni. Miss A. Cameron, secretary treasurer, and Miss Z. Weaver, W. Mead and G. Van den Dolder members of the executive.

48 YEARS AGO

July 28, 1911

Some 25 attended the ratepayers' meeting and a general discussion of the electric light by-law took place. The chief opposition raised was that Vermilion could not stand the expense of installing a municipal owned plant, the town being too small to make it a paying proposition.

The new Optimist school will open Aug. 1 with Miss Emily Johnson, a graduate of the Vermilion high school, in charge.

A two-mail-per-week service has now been inaugurated for the Cummings district.

Councillors in the L.I.D. 20-D-4 were J. H. Yewell, R. Allen, D. Mitchell and J. Spurgeon.

Father to small son: "Never mind how I first met your mother — just don't go around whistling."

A duty dodged is like a debt unpaid: it is only deferred and we must come back and settle the account at last.
— Joseph Fort Newton.

Mannville and District Local News

The Croft twins, Glen and Gary spent an enjoyable holiday at Jasper with sister Lynne, her husband Carl and family. They accompanied Beth and Sandy Hogan as far as Edmonton.

Mrs. Earl Gray and family, Mr. and Mrs. O. Smith and family spent part of their holidays at the home of their sister Mrs. Fred Proudfoot. Mrs. Gray (Freda) hails from Edmonton, and Mrs. Smith (Jean) from Ontario.

We note that our local theatre manager is sporting a healthy looking beard and wonder what has prompted this sudden fashion.

Mr. and Mrs. J. I. Jones are spending a holiday abroad, in England and other countries, having left the latter part of the week.

Mrs. M. [illegible] and family spent a few days in Lloydminster at the annual fair.

While at Anglican girl's camp at Kapasiwin, Miss Ruth Hughes serving as a counsellor, met Miss Alice Moen, who used to reside at Mannville, some years ago when her father managed the Co-op store here. Ruth was extremely glad to meet someone who had heard of Mannville at the camp. Alice inquired about many old timers, and in particular about Mrs. E. Gardiner.

Mrs. R. White and family are holidaying at Lake Wapasu until August 15.

Sympathy of the district is extended to members of the Adam Poliakowski family. Mr. Poliakowski passed away suddenly on Friday, July 24.

Rev. R. T. Clennett and family were Mannville visitors on Tuesday of last week.

Many Mannville citizens journeyed to Wainwright for the Queen's visit.

Mrs. Len Donaldson joined her family last week at Mannville where the children [illegible] staying at the home of their grandparents.

Mrs. Cliff Hamilton of Wainwright, her family and her mother, Mrs. Sutherland from Seattle, Wash., were visitors at the home of Mrs. A. Rutherford last week and spent much of their time renewing old acquaintances.

Mrs. Margaret Baguley was a Mannville visitor last week from Edmonton.

Mr. and Mrs. "Doc" Garrison of Red Deer are spending some time at the parental home of Ada's mother Mrs. Torrance and brothers Leslie and Edwin.

Mr. and Mrs. Harry Allen and family are taking a holiday trip through Saskatchewan, visiting the home of relatives.

Mrs. A. Rutherford, Mrs. J. L. Johnstone, Misses Karen Hubbard, Doris Johnstone, Deanna Rudd and Mrs. R. Lugg spent a pleasant day at the home of Mr. and Mrs. Cliff Hamilton and family in Wainwright, Tuesday last, and were among those seeing their lovely Queen.

Mrs. Torrance and Leslie were recent Red Deer visitors.

Mr. and Mrs. Maurice Mercer left on Sunday for a holiday trip, while Gail is spending the next two weeks at the summer cottage home of her aunt and uncle, Mr. and Mrs. J. Coxford at Lake Wapasu, Innisfree.

Miss Susan Allen of Edmonton paid a surprise visit to the home of her grandparents, Mr. and Mrs. E. B. Allen. She accompanied her aunt, Mrs. Betty Ramsey home from the city.

Brian and Terry Hasinoff, Stuart and Billie Forsyth spent a few days on a camping trip at Lake Wapasu, Innisfree this last week.

CKSA Granted License For T V Station

OTTAWA — The Board of Broadcast Governors, recently recommended the licensing of a new television station in Lloydminster on the Alberta-Saskatchewan border, and of new radio stations in Vancouver, Hamilton and Peterborough, Ont.

In recommending approval of a new station, on Channel 2, at Lloydminster, with video power of 14,630 watts and an audio power of 7,300 watts, the Board said "this station would bring television to a substantial area not now served and (the Board) understands that arrangements can be made to provide (CBC) network programs."

The successful applicant was CKSA Television Limited.

SQUARE NOTES from Circle 8

Our regular square dance reporter is enjoying a holiday in Mexico at present so some of these notes may be a bit late.

Thanks to the Meridian Callers' Association who put on such a wonderful picnic and open air dance at the Vermilion park on July 11. The master of ceremonies for the whole afternoon and evening was Lyle Abbott of North Battleford and many of the dancers travelled over 100 miles. We hope that the Callers' Association will make this an annual event.

On Saturday, July 18 two car loads attended the big open air jamboree at St. Paul. We danced on the paved tennis court and then enjoyed a buffet lunch in the Legion hall.

The Central Alberta Callers' Association sponsored a picnic and dance at Pigeon Lake last Sunday. A few qualified for their "Wondering - Wonderers" buttons and at the close of the afternoon two squares of dancers qualified for their "Aqua duck" buttons. This was very amusing for both spectators and participants as the dancers were in water above their knees.

And to bring you up to the present the Circle Eight square dance club will sponsor a free open air dance on the Tomboy parking lot this coming Saturday, Aug. 1. Johnny Maxwell is donating his calling. Her [illegible] the lot. Plan to attend.

If we would guide by the light of reason, we must let our minds be bold.
— Justice Brandies

MR. AND MRS. GORDON HARRISON VISIT HERE

Mr. and Mrs. Peter Jensen enjoyed a short visit to their home of their old friends and neighbors, Mr. and Mrs. Gordon Harrison of Los Angeles, Calif., last week.

In the early days Gordon and Peter would ride horseback through the Battleview district and the surrounding territory, which was then wide [illegible] spaces, locating cattle on [illegible] range. They drove their bunches of cattle across the Battle River to market them at Wainwright. All done of course on horseback. Many and varied were their experiences, but they always came through. While visiting together they reminisced about those old experiences and enjoyed every minute of their time together.

See about your [illegible]?

Mrs. Ted Longridge and children, Ted Jr., Robert and Kathy, were visitors for fair week at the home of the former's parents, Mr. and Mrs. A. M. West.

Omitted from the obituary acknowledgments in memory of Anthony Kehoe was a donation to the Heart fund by Chas. Marfleet.

Guests at the home of Mrs. M. Matt recently were Dr. and [illegible] Ronnie Holub of Edmonton. And then last week end she [illegible] hostess to Mr. and Mrs. [illegible] Cummins of Edmonton.

Mr and Mrs. [illegible] Jones, Shirley, Bobby and [illegible], [illegible] Mr and Mrs. Tommy Roth, motored in two cars, [illegible] a trip to the States as far [illegible] as Las Vegas. They returned [illegible] from their very enjoyable [illegible] weeks' tour.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. A. E. Fortier are happy to announce the engagement of their daughter, Shirley Louise, to Mr. John Scott, third son of Mr and Mrs. William Scott of Billingham, England. The wedding is to take place Saturday, September 5, 1959 at 7 o'clock in the evening in the Alliance Chapel, Vermilion with Lieut. D. Moore of the Salvation Army officiating.

An open reception will follow in the Legion Hall. Friends and acquaintances please accept this as your invitation.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Stephen R. Sturt of Vermilion wish to announce the engagement of their daughter, Charlotte Louise, to Mr. Kenneth Richard Cooke, son of Mrs. L. Cooke of Victoria, B.C. The wedding will take place on Saturday, August 29th at 7:00 p.m. at the Alliance Chapel, Vermilion.

ENGAGEMENT ANNOUNCED

Mr and Mrs. Ben Pich wish to announce the engagement of their eldest daughter, Lillian, to Mr Edward Wasylik, third son of Mr and Mrs. Nick Wasylik of Vermilion. The wedding will take place on Saturday, August 8th, 1959, in St. Olga's Greek Catholic Church, Vermilion, at 3:00 p.m.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. George Martin announce the engagement of their daughter, Anne May, to John Ryan Higgins, son of Mrs. J Kerr Higgins and the late Dr Higgins of St. John, New Brunswick. The marriage is to take place August 29 in Windsor, Ontario.

Graham Skinner leaves this coming Monday, Aug. 3rd by ing Monday, August 3rd by Trans Canada Airlines for England where he will spend six weeks visiting relatives in the city of London, Hampshire and South Wales.

Mr. and Mrs. Herman Dargatz, accompanied by Mr and Mrs. Eric Schroeder of Mannville, have returned from a 3000 mile motor trip through Peace River, Dawson, Prince George, Chilliwack, [illegible] and back through the fruit belt. They report a very enjoyable trip, but very dry and hot weather all the way. They visited friends and relatives en route.

Mr. Bill Dargatz of Wetaskiwin, and Mr. and Mrs. Max Wiwchar of Athabasca, were week end guests at the home of Mr. and Mrs. Herman Dargatz.

Mr. and Mrs. Walter Duncan and two daughters enjoyed a holiday trip to Jasper, Banff and Radium Hot Springs. While tenting some 16 miles from Radium in company with Walter's brother, a bear gave a mighty swipe of his paw at the brother's tent, ripping open the canvas and clawing the sleeping man's face so severely that twenty stitches were required to close the wound. Having given that one powerful blow the passing bear went on its way, and was seen no more. On their return journey the Duncans motored as far east as Rivers, Man., where the two girls remained to visit their grandparents.

Miss Hazel Barr was home from Varsity summer school to attend the local fair. She was accompanied by three other summer school classmates, and brother Bob.

Mr and Mrs. Don Cameron and three children of Calgary were guests at the home of Mr. and Mrs. J. R. Boake last week. Mr Cameron is executive secretary of the Alberta Pharmaceutical Society.

Mrs M H. C Ford and her son Robert were guests at the home of her sister and brother-in-law Mr. and Mrs. G. W Sutherland during fair week. At the week end they were joined here by Mr Ford.

Mr and Mrs Curt Alfke had the former's brother and wife and two children from Lacombe as guests during last week end.

Mr and Mrs. Tom Watts, Mrs G F Stephens and Miss Margaret Stephens will leave this week end for a two weeks' motor trip to the west coast.

Mr and Mrs Harding Brix and family were here from Medicine Hat to visit the former's parents Mr and Mrs Peder Brix and also to visit with relatives at Claresholm.

Mr and M[illegible] Tom Stack of Redwater were Vermilion Fair visitors last Saturday. They [illegible] Mrs. Stack's [illegible] Mrs. [illegible] home after [illegible] months stay in Redwater. [illegible] Stacks on their return to Redwater were Mr [illegible] at Master [illegible] Cooper who will visit there for a few days.

[illegible] motor trip of two weeks [illegible] which time he visited [illegible] Banff, Vernon and other points.

[illegible] guests at the Hoover [illegible] weekend were Mr and Mrs [illegible] and [illegible] of Banff [illegible] Mr and Mrs [illegible] and [illegible] Mr and Mrs Paul Kr[illegible] and [illegible] and Mr and Mrs Nels [illegible]sen all from Vancouver. Mr and Mrs. Walter [illegible] of Rocky Mountain House. Mrs Pete [illegible]strom and [illegible] and Mr and Mrs. Nick [illegible] Edmonton and Miss [illegible] Enstrom of Taylor B.C.

Visitors at the home of Mr. and Mrs. Clarence Wilson during the past week were their daughter and son-in-law, Mr. and Mrs. Gordon Bell and baby son, Bradley, of Edmonton, Mr and Mrs. Miller Palmer and Lynn, of Edmonton, Mrs. Wilson's sister, Mrs. David Blade of Seattle, Wash. and Mr. and Mrs. Clarence Tillapaugh of Edmonton.

Misses Vanda and Arleen, daughters of Mr and Mrs. Fred Sperberg of the Wildwood East district, were guests during fair week of their grandparents, Mr and Mrs. Frank Sperberg.

Mrs Arthur E Moore of Edmonton and Mrs John P Ross of Vancouver are visiting Mrs Moore's son-in-law and daughter Mr. and Mrs. N N Bentley this week.

Reg Porter and sons Albert and Donald, of Calgary, spent a very enjoyable holiday with the former's mother Mrs T Smith and Mr Smith.

Mr and Mrs Wm Baranyk of Olds were Fair visitors last Saturday. Travelling with them were their three sons and the two grandmothers. They continued on to Lea Park where they will stay for a couple of weeks at the home of Mrs. Baranyk's mother Mrs Ekbvig.

Mr. and Mrs Gerry Glass and family of Edmonton spent the week end in Vermilion, after their holiday at Jasper, Banff, Kimberley, Cranbrook and Waterton National Park.

Mr. and Mrs. Lawrence Webb and family have returned from a holiday at the family cottage at Loon Lake. Now it's Johnny's turn, so he and his family are enjoying two weeks at the lake.

Don Klashinsky of Vancouver is holidaying with his parents, Mr and Mrs. Leo Klashinsky. Don's brother Bernie is now aboard H. M. C S Lanark. The first part of the cruise was a most interesting duty — escorting a yacht race from New Hampshire to Halifax.

Mr. and Mrs. James McLaughlin returned home Tuesday from a two weeks' holiday in Vancouver. They visited their daughters, the former's brother and other relatives and report a most enjoyable vacation trip.

Miss Donna Stack and Miss Silvia Silverton, nurses-in-training at the University hospital, Edmonton, were visitors at the home of Donna's grandmother, Mrs. H Elliott during Monday and Tuesday.

TULLIBY LAKE

What could have resulted in a serious mishap happened to Sharol Morris one day during the past week. She was playing with the family dog when it became aggravated at something and scratched her quite deeply just below the eye. Mrs. Jim Elliott was called upon to administer first aid. The young girl was very fortunate in that the dog's claw missed her eye.

Rains of the past month have produced a fair crop of wild fruit. Already Saskatoons are being picked for preserving with other fruits nearly ready. The price of sugar usually skyrockets in [illegible] time. Will it this year?

The cause of that objectionable odor that has been so noticeable around the post office for the last week or so has now been found. Unknowingly to anyone a hen has been setting on some eggs under the building for so long that they had gone rotten. When the eggs got broken well — that was the cause of the smell.

The announcement that a TV license has been granted to the Lloydminster station has brought more interest in television here. Fred Parks installed a set last week.

Mr. and Mrs. Gordon Larson and their family have returned home after visiting the Larson and Parks connections. While here they attended the wedding and reception of Elaine Larson and Bent Jensen.

The Minburn-Vermilion Health Unit held a well baby clinic at the Municipal Nursing station on Friday, July 17.

CARD OF THANKS
On behalf of the First United Church Women's Association, I wish to take this opportunity to thank you, one and all, for the support given in the dining hall project during the fair days.
Mrs. Vera Barr, Pres., W.A.

CARD OF THANKS
All organizations, friends, relatives and neighbors, please accept our sincere thanks for kindness shown to us during and since the loss of our home by fire. Thank you, everyone.
Leo and Maxine Mitchell and family

CARD OF THANKS
St. Saviour's Anglican church vestry extend sincere thanks to all those who contributed pies and to those who helped at the church booth during the Vermilion fair days.

APPRECIATION
The Circle Eight Square Dance club would like to thank Harwuthers for the use of their parking lot Saturday evening, Aug. 1st for a square dance. 5

CARD OF THANKS
We wish to thank our relatives, neighbors and friends for the lovely party and gift on the occasion of our silver wedding anniversary with special thanks to the ladies who made it such a memorable occasion.
John and Mollie Maltais.

IN MEMORIAM
In loving memory of
Harry Sweeney
who passed away July 31, 1957.

The blow was great, the shock severe,
We little thought the end was near
And only those who have lost can tell
The pain of parting without farewell.
More each day we miss you father.
Friends may think the wound is healed,
But they little know the sorrow
That lies within our hearts concealed.

Ever remembered by loving wife and children, sisters and brothers.

Retire At 30?

If wishes were horses beggars might ride, but it's not just wishful thinking to believe that someone some day will build a case for retiring men at age 30, taking them back on staff at age 60, then keeping their noses to the grindstone until they [illegible] this world.

The reason: Within a few decades, whether we like it or not, the average life-span of North Americans may be 100 years.

This may mean moving retirement age up to 85 or 90, according to Dr. Edward L. Bortz, past president of the American Medical Association — unless someone thinks up an alternative.

Some people think that the easiest way to make a mountain out of a molehill is to add a little dirt.

UNION HALL
Dance in Union Community hall on Friday, Aug. 7. Music by the Melody Ranchers. Everybody welcome. Admission 75 cents each. 4-5

The Circle Eight Square Dance club will sponsor a free square dance on Harwuther's Turnkey parking lot this Saturday, Aug. 1st. 5

BEAUTY PARLOR CLOSED
Sophie's Beauty Parlor, Mannville, will be closed from July 27 to Aug. 15. 5

TENDERS
Tenders will be received until August 15 for one lot and one frame building, 30' x 40', used as a store with living quarters at the back, in Islay.

Tenders will also be received for one box car used for a feed shed and garage; one flour shed, 10' x 12'; one barn, 14' x 16'.

Submit separate tenders for each building. [illegible] or any tender not necessarily accepted.
Terms: Cash.

Mrs. Goad Enjoys Summer Vacation

Mrs. Charlie Climie and two children, Stanley and Ruth, from Wetaskiwin, came to visit the former's mother, Mrs. Lena Goad the last week in June. Mr. Climie joined his family the following Saturday, and before they left on July 5th he and his [illegible] enjoyed some fishing trips to Moose Lake.

The day that the Climies left for home another daughter of Mrs. Goad's, Wilma, accompanied by her husband and two children, Daniel and Dale, arrived for a visit, staying for about five days. En route home they took Mrs. Goad with them for a holiday at Pigeon Lake, and later went to the Climie home in Wetaskiwin. While visiting there Mrs. Goad had an opportunity to go to Edmonton to see the exhibition parade and have a [illegible] park. Another trip [illegible] was made later with the Easterdays, when they visited with Mrs. Goad's granddaughter and husband, Mr. and Mrs. A. Garneaure.

Mrs. Goad's brother, with his daughter and her husband, Mr. and Mrs. E. Reek, arrived from Mankato, Minnesota, for a visit, and at the same time Mr. and Mrs. Gaillord Maxwell from B.C. were guests.

The Easterdays left July 20 to spend a few days with sister Gladys at Pigeon lake, and then drove to Cereal to visit with sister Bernice and family en route home to Ohio.

Ted [illegible] and Mr. and Mrs. E. Reek left to spend a few days with the Climies at Pigeon Lake, going from there to Banff on their way home. Cliff Goad and his daughter Rita spent a week at Pigeon Lake because Cliff's health hasn't been good.

Thanks to brother Billie and Frank Molreaux for being so kind as to help with the haying and the summer fallow.

FREEZER WRAPPINGS

Foods for the freezer must be packaged in moisture vapor proof materials. Ordinary waxed paper and butcher paper are not good enough for long term storage. If food is not being stored in the freezer for more than two weeks it is not necessary to use moisture vapor proof wrapping, e.g. bread can be stored in [illegible] wrapper for two weeks' storage.

The familiar pliofilm (plastic) bags are used to line some waxed cartons and to store vegetables and dry pack fruits. Bags which have been perforated and used for vegetable storage should not be used as the holes prevent the package from being completely moisture vapor proof.

Saran wrap is very useful as a packaging material. Save the cartons the wrap is purchased in as they make ideal storage containers for [illegible]. Stand the cookies on end and wrap freezer foil or saran wrap around the carton. Waxed paper and foil cartons can serve the same purpose.

Butcher paper with a waxed or plastic finish sometimes referred to as domestic locker wrap is commonly sold for meats. Pliofilm bags are often used for poultry. To obtain an air-tight covering dip the bag containing the bird in warm water — this forces the air out. Then seal the bag with a wire twister or staple.

FLOWER ARRANGING

Every summer flower lovers attempt to catch some of the beauty of the garden for flower arrangements indoors. Flowers are best cut in the early morning or in the evening. Use a sharp knife and cut with a slanted stroke. The stems should be shortened to keep the water moving up freely. Heavy stems should be [illegible] so the water will move up more readily. All leaves submerged beneath the water should be removed to prevent them from decaying.

[illegible] containers are simple and in good design. Neutral containers with little if any decoration, are most suitable. Expensive containers are not necessary.

Useful flower holders can be made from chicken wire. Crumple a small piece and place inside the container. Twigs or greenery may also be used. Crush them and place in the bottom of the container.

NEWS from KITSCOTY

Mrs. C. Conarroe and Ted motored to Innisfail recently to attend the wedding of Mrs. Conarroe's nephew. The next day Mr. and Mrs. Conarroe, Ted, Bob and Miss Georgette McGregor took in the Air Show at Cold Lake.

Best wishes are extended to Mr. George Olds who celebrated his 80th birthday on July 27th. Mr. Olds is at present enjoying a holiday with one of his sons and family at Vancouver.

Mrs. R. A. Evans has been enjoying a holiday with relatives at points in Saskatchewan and Manitoba this past week.

Mr. and Mrs. W. H. Goldack of Dawson Creek, B.C. spent the past week here, guests of the Herman Hartmann's. While in Kitscoty they renewed acquaintances with many of their old friends. Their cousin, Mrs. Wm. Swyripa and Frances Anne accompanied them home for a week's visit with their uncle, Mr. J. Pickles.

Mr. and Mrs. Donald Manson and their three sons from Port Alberni, B.C. are at present visiting with relatives and friends in the town and district.

Mr. and Mrs. John Stewart and family of Edmonton spent a holiday here recently with their parents, Mr. and Mrs. W. G. [illegible] and other relatives.

Mr. and Mrs. Fred Duns spent a week's holiday recently at Vegreville visiting with relatives and friends.

Mrs. J. Bootsman and Morven of Cold Lake visited here recently with Mr. and Mrs. Fred Bootsman and family and other relatives.

Mrs. E. Drury and Betty of Edmonton visited several of their old friends last week. After an absence of seventeen years they found the town had changed with many new buildings going up and the water tower on the hill a landmark to be proud of.

Mrs. Beecher Linton and children from Hay River, N.W.T. are spending a holiday here with Evelyn's folks, Mr. and Mrs. Henry Johansson in the Earlie district.

Mr. and Mrs. Sofus Olsen left by train last week to spend a holiday with relatives in Vancouver, B.C.

Mr. and Mrs. Wilf Clifford and boys visited with relatives at Endiang, Alberta for a few days. Kenny stayed for a visit on the farm.

After several days in Islay hospital, we are pleased to report that Mr. Archie McLean is home again.

Best wishes for a complete recovery are extended to Mr. Jack Butterfield who has been a patient in Islay hospital for several [illegible].

Mr. and Mrs. Mern Dale and Merna of Calgary called on friends here last week on their way home from a holiday at Cold Lake.

Mr. and Mrs. Bill Govier and girls from Edmonton spent a week end here recently with their parents, Mr. and Mrs. A. W. Govier and family.

Mr. and Mrs. Cliff Pinder of Edmonton spent the week end here and celebrated their first wedding anniversary with a dinner at Arlene's home. Other guests that day were Mr. and Mrs. J. Pinder of Lashburn and Mr. and Mrs. Ted Ivy from town.

Mr. and Mrs. C. N. Gray and granddaughters Judy and Kathleen Sheppard are enjoying a holiday at Cold Lake.

Mr. and Mrs. Mike Zubiak and [illegible] are spending a holiday with relatives in Saskatchewan.

[illegible] and Karen Mitchell are at present visiting their grandparents, Mr. and Mrs. [illegible] in New Westminster, B.C.

[illegible] and Mrs. A. L. Potter and Marcella are spending a holiday at Lake Wabamun.

Guests last week end at the home of Mr. and Mrs. A. Franke were Mrs. [illegible] Wright, Mrs. [illegible] mother and brother [illegible] his wife and two children [illegible] Edmonton.

[illegible] at the home of Mr. [illegible] is his niece Mrs. [illegible] and son John of Edmonton.

Mr. Donald Browne and Vern[illegible] of Victoria, B.C. are spending a holiday here with relatives and friends.

Mr. and Mrs. George McGregor and girls, and Mr. and Mrs. [illegible] Mitchell and family are spending a holiday at Lake Waskesiu, Prince Albert National Park.

Mr. John Dale is at present vacationing at his cottage at Cold Lake.

Rain Brings Some Relief to Drought Stricken Fields

Nearly an inch of rain has fallen during the past week bringing relief to drought stricken fields, gardens and pasture, the first rain of any consequence for six weeks for many parts of the district around Vermilion. While the rain is too late for a good many acres, in many cases it will do an immense amount of good. Pastures of course are already showing noticeable improvement.

MLA At Caucus

The member for Vermilion constituency, Ashley H. Cooper, attended the Social Credit caucus held at the Legislative building last Wednesday. Mr. Cooper will be absent from the constituency on holidays from August 3rd to 17th. The next caucus is scheduled for November.

Don't underrate your competitor nor overrate your skill.

Family Gathering Marks Golden Anniversary

On July 5, Mr. and Mrs. Ernest Corlette, well remembered and highly esteemed old timers of the Vermilion district, were honored at the home of their daughter and son-in-law, Mr. and Mrs. Cyprian Bell when a family gathering was held in recognition of their Golden wedding [illegible]. Members of the family from distant points were Mr. and Mrs. L. Corlette and family of Vancouver, B. C., Mr. and Mrs. J. Bordman of Fawcett, Alberta, and Mrs. [illegible] Baker and family of Edmonton. During the afternoon numerous other relatives and friends called to pay their respects to this pioneer couple.

Mr. and Mrs. Corlette now reside at 10811-68 avenue, Edmonton.

Old-Time Horse Shoe Champion Stages Come-Back

Vallee Watt, an old time horseshoe champ, came out of obscurity last Sunday as he decided to take his horse-shoes out of moth balls and compete in the tournament at the beach. To everyone's surprise, including Vallee himself he pitched three straight wins and thus won first prize. He was, however, ably supported by his partner, Sid Gurney a real old timer at the game.

Len Mann and Cliff Cruthers battled to win second prize.

It should be noted that the senior contestant 78 year old Graham Skinner, well known in the curling fraternity, also an avid horse-shoe enthusiast, was sport enough to join in the tourney. Mr. Skinner, by the way, is leaving on Monday for England by TCA presumably to introduce the horse shoe game to the Old Country.

Chiropractic Office Closed

The Vermilion Standard

Vermilion, Alberta, Thursday, July 30th, 1959. Page 1 -- Second Section

GREENLAWN Goodwill Club

The July meeting of the Greenlawn Goodwill club was held at the home of Sheila Green.

The meeting was brought to order by the reading of minutes of the last meeting. It was decided that the ladies would cater to Donna Romanchuk's reception to be held in Greenlawn hall July 18. Farm Women's week was discussed and Myrtle McMullen was appointed to go to Vermilion for the week.

A blanket which the club had received as a premium for their woollens was raffled and Mrs. Olive Wood held the lucky ticket.

The big attraction of the meeting was a 10-piece layette which the ladies have been making to enter at the Vermilion fair. Tickets are to be sold on this layette so anyone wishing to buy a ticket contact one of the ladies of the Greenlawn Goodwill club. This layette will be raffled at the next ladies' meeting to be held at Ruby Thompson's Aug. 20th. A door prize of a bottle of Cologne was won by Ruby Thompson.

After adjournment of the meeting a very delicious lunch was served by the hostess.

Mow-less Lawns?

Mowing the lawn got you down asks The Financial Post? They report that a U. S. firm says it has a new spray that stunts the growth of grass for one to four months without hurting roots, soil or healthy green coloring. Company says "you have to mow only two or three times a season."

Pretty Summer Wedding Is Solemnized At Dewberry

ROEMER—WHITESIDE

Graced with vases of mauve, yellow and white mums, the Dewberry United church was the scene of one of the prettiest weddings of the summer season on the afternoon of July 17 when Daisy Marjorie, the eldest daughter of Mr. and Mrs. J. K. Whiteside of Hazeldine, Alberta, became the bride of Herman Ernest Roemer, son of Mrs. Sophia Roemer of Gravelbourg, Sask. Rev. J. Shortt of Kitscoty performed the ceremony.

Given in marriage by her father and mother, and entering the church on the arm of her father, the bride was radiant in a cocktail-length gown of white nylon and acetate lace. The Empire bodice was fashioned with scoop neckline and cap sleeves while a cascade of tiny bows accented the back of the bouffant skirt. Her chapel veil of French illusion misted from a delicate tiara of seed pearls and sequins. Lace mittens complemented the ensemble. The bride's jewelry was a pair of pearl earrings and a matching tear drop necklet, the gift of the groom. She carried a beautiful cascade bouquet of pink roses and white daisies.

Attending her sister as matron of honor Mrs. Jim Kent wore a cocktail-length gown of printed pink nylon and acetate with mittens and picture hat in white nylon. She wore rhinestone jewelry and carried a charming bouquet of cascading pink and white carnations.

The groom was attended by his uncle, Mr. Sidney Schick, while Mr. Meredith Whiteside, brother of the bride, and Mr. [illegible] Schick, cousin of the groom, acted as ushers.

Presiding at the organ was Miss Neta Trask who played appropriate selections preceding the ceremony and during the signing of the register.

At the following informal reception on the beautiful lawn of the bride's home, Mrs. Whiteside received with the bridal pair. For the occasion she chose a mint green and white figured gown with picture hat and white accessories. Her corsage was of white roses.

At small flower-decked tables beneath the trees bordering the lawn, the ladies of the Hazeldine W.I. served a sumptuous lunch to about fifty guests, many from a distance, including a brother of the groom, who flew from Ottawa to be present.

The bride's table laid with a lace cloth was centred with a very beautifully decorated three-tiered wedding cake flanked by bouquets of mauve, yellow and [illegible].

A very fitting toast to the bride was proposed by Mr. Pasemko of Bon Accord. He has for some years past been the principal of the school where Daisy has taught. The groom very ably replied.

Miss Tina Whiteside, younger sister of the bride, was in charge of the guest book.

During the afternoon, many pictures were taken by Mr. Sidney Roemer and Mr. Jim Kent and others to record the happy occasion.

The bride's gift to the groom was initialled cuff links and tie clip. The bridal pair also gave suitable mementos to their attendants.

For going away the bride changed to a navy sheath dress with white accessories with which she wore a pink rose en corsage.

Mr. and Mrs. Roemer left by car for Gravelbourg where they will spend a short time with the groom's mother who was unable to be present at the wedding because of illness.

CANADA'S CHOICE

Canada's hope rests with pretty, honey blond Eileen Butter, 23-year-old Ancaster (Ont.) jewelry salesgirl who was crowned Miss Dominion of Canada last Saturday in Preston (Ont.). She will represent Canada in the Miss Universe Contest which will take place in Long Beach, California shortly.

Plants Clean Five Million Bus. Seed

A summary of the year's work done by municipal seed cleaning plants in Alberta showed that during the period 1958-59 over five million bushels of seed was cleaned. This is almost one-third of the total sown in the province. The 2[illegible] plants cleaned an average of 2[illegible] bushels each during this time. These figures were presented at the annual conference of the Provincial Seed Cleaner's Co-operative Association, held on July 13th and 14th by S. Goddard, Supervisor of Special Projects for the Alberta Department of Agriculture.

Continued by Wheat Pool Farm Accident Insurance Being

Member accident insurance carried by the Alberta Wheat Pool has been extended for another year. This decision was reached at a meeting of the Board of Directors [illegible] last week.

It was revealed that as a result of the insurance plan in operation since August 1st last year Alberta farmers have benefitted by more than $2,000. This is the amount that has been paid out in settlement up to June 30. [illegible] been adjusted including [illegible] accidental death. [illegible] claims including [illegible] were awaiting adjustment and another 10 accidents had been reported for which no claims had been filed by June 30.

Under the plan members and their dependents are automatically covered with the features of a specified number of [illegible] seen [illegible] Wheat Pool. Members pay no premiums and no applications are necessary.

Coverage may be extended to farm workers upon application and the payment of a [illegible] premium.

Under the Alberta Wheat Pool's accident insurance plan benefits for accidental deaths [illegible] both hands or feet or eyes [illegible] [illegible] expenses [illegible] $500.

[illegible] forth members who market 2,000 bushels or seed equivalent within a 12-month period prior to an accident will be covered [illegible] limited coverage with deliveries of [illegible] in the 12 months prior to an accident and [illegible] plan.

"THE FUTURE IS LIGHTED FOR US WITH THE RADIANT COLORS OF HOPE"
—*Author's Name Below.* —

In every corner of this earth, research scientists, physicians and chemists are patiently searching for better ways to treat disease. Old drugs are being re-evaluated to determine additional benefits. New chemicals are being created with the hope of discovering a future use for them.

As fast as they are clinically proved, these new discoveries are stocked in our prescription department. If you have been sick for long do not give up hope. Some day, perhaps very soon a new medical discovery will cure you. Meanwhile, depend on your physician for relief.

A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

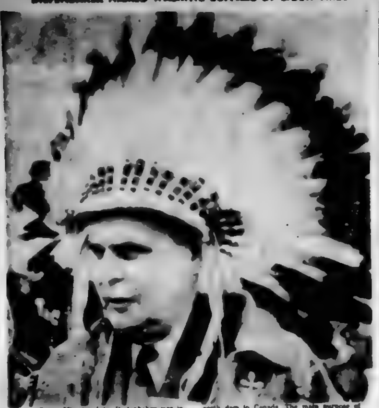
DIEFENBAKER NAMED WALKING BUFFALO BY SIOUX TRIBE



Prime Minister John Diefenbaker was inducted in the Sioux tribe by Chief Little Crow and named Chief Walking Buffalo. Mr. Diefenbaker tugged at a gold plated lever to set off a dynamite blast to start construction of a $100,000,000 dam on the South Saskatchewan river, which will be the largest rolled earth dam in Canada. The main purpose of the dam is irrigation for prairie farms and hydro electric power. Premire T. C. Douglas and Rt. Hon. James Gardiner also took part in the ceremonies, while the Sioux tribe performed a ceremonial dance in honor of the new chief.

Health Unit Notes

TEN LESSONS FOR CHILDREN TO LEARN BEFORE ENTERING SCHOOL

There are a few children who are not ready or mature enough to enter school at the usual age. We are listing a few points which these children should learn at home before entering school. If children cannot do most of them, they will fail in school, will be unhappy, and will not get along with the rest of the class.

1. Putting on clothes: Able to put on coats, outer clothing and overshoes. Can button, use zippers and other fasteners. Uses handkerchiefs himself, and does not drool. Is able to wash face and hands. Knows his own clothing. Can get a drink alone.

2. Toilet habits: Cares for self at toilet. Is able to fasten and unfasten clothes. Does not wet or soil clothes.

3. Habits about play: Is able to roll a ball in play on floor back and forth to another person. Walks up and down stairs unassisted.

4. Speech and Talking: Is able to talk in short, easy sentences. Speech is better than baby talk that only parents understand. Puts three or more words together in a sentence.

5. Paying attention: Is able to give fairly constant attention to a play project, to listen quietly to a short story and to sit reasonably quiet for periods of ten minutes or longer.

6. Adjusting away from parents: Does not cry easily or quickly when parents are not present. Goes about home, yard and immediate neighborhood successfully alone.

7. Playing with children: Plays reasonably well with other children of same age. Adjusts himself to new playmates, in addition to familiar ones and his brothers and sisters. Does not injure them.

8. Using crayon or blackboard. Likes to draw and use crayon or chalk. Fills in outline figures. Uses sheets of paper, slate or small blackboard.

9. Coloring and Cutting: Able to match simple colors quickly and name some correctly. Notices color of clothes and flowers. Can cut with blunt scissors, and use other simple tools successfully.

10. Number and form: He should know the difference between big and small, and between one and two things. Is able to fit blocks and toys together.

If a child is not mature enough then school work is a mental strain and he becomes nervous. He become unhappy and dislikes school, which is very unfortunate.

Trying to force children with these tasks before they are mature enough is as useless as to expect a baby to talk or walk too early. Parents should avoid either extreme of forcing children in any task too rapidly or of not expecting them to do anything for themselves. A [illegible] early firm but friendly treatment of children is the safest policy. When children are mature enough, they will begin mastering many of these tasks. Only then are they ready for school.

BABY & PRE-SCHOOL CLINICS

Monday, August 3 — Vermilion (Clinic will be cancelled due to a holiday.)

Tuesday, August 4 — Wainwright (Office) 2 to 4 p.m.

Thursday, August 6 — Derwent (School) 10:30 to 12 noon.

A new Canadian cigarette has puffed up international interest among smokers reports The Financial Post.

It's the one which "breathes" through tiny holes in its paper wrapper.

Seven U. S. cigarette brands have snapped up the perforated paper idea, and the Canadian company is jockeying to protect its rights.

Two men were discussing the romance of a young neighborhood couple. "What do you think of their getting married?" one asked.

"It's all right, I guess," the other one said, "but it's too bad they aren't good enough for each other."

"What makes you say that?"

"Well," was the reply, "I've been talking to both families."

WOODVALE NOTES

Mrs. Gladys Wolters has very kindly given us more details of her recent trip with daughter Charlotte to Kelowna, B.C., where they visited with Dorothy Wilson and Kay Sealy for a week. On their return trip they stopped at Banff where Rev. W. O. Nugent and family met them and kindly drove them out to Lake Louise for a short visit with Susan Wolters who has been working for the month of July at the Deer Lodge cafeteria. Next visit was with Mrs. Blanche Larsen of Calgary. While there Mr. and Mrs. R. H. Porter and boys called, also Mr. and Mrs. Tom Knight who took them to their home at Champion for a brief stay overnight. The trip ended with a visit in Edmonton to the Nesson Easterly. They were home in time for the Tolland picnic. While they were away Mrs. Wolters son Elmer had his hand badly bruised in the hydraulic of the tractor. Mrs. Wolters had telephone conversations with Mrs. Dolly Urquhart of Salmon Arm and Mrs. Louis McAlpine of Calgary. All these folks mentioned above sent a hello to friends and relatives in Vermilion and vicinity.

We forgot to mention in our last notes that Miss Margaret Watt is taking in summer school in Edmonton and hopes to go to Vancouver for a holiday afterwards.

Mr. Harcourt Johnston, B.A., of Fort William who is giving the church services at Tolland, brought his wife and little daughter Elizabeth with him and all seem to be enjoying their stay in the west.

At the Tolland F.U.A. picnic the Paradise Valley team won over both Tolland and Wildwood and the Preston school team beat a combination of Vermilion ball club boys. All the games were watched and enjoyed by a large crowd. Mr. Carl Markland was kind enough to supervise the children's races in the absence of the usual F. U. A. member. The dance in the evening was held at the Union hall and with that event another pleasant picnic day came to an end.

Mrs. S. Oldenberg of Vermilion is staying at the old home place. Mrs. R. Ramsay and her little daughter of Edmonton are visiting her there.

Mr. and Mrs. Vogel of Lacombe brought the latter's mother Mrs. W. Doyle Sr. of Camrose down for a visit with her daughter Joy and went around to see many of their former Woodvale neighbors. We were sorry to hear that the Bill Doyle's of Winfield lost their home by fire this summer and have now moved to Red Deer. Another Woodvale old timer noticed at the Tolland picnic was Gordon Trevethick of Edmonton.

Jim Crerar of Toronto, who used to work in the district in the early 30's, brought his wife and son to have a look at some of the places he used to stay and found quite a few changes in the country since 1931, but not too many in Islay and Kitscoty where he worked as a baker. He is employed at present by the Weston Bakeries in Toronto where he has lived for the past five years, since his return from Scotland. They were guests at the home of Mr. and Mrs. Van Wageningen as were Mrs. Edith Pettinger of Edmonton and Mr. and Mrs. Leif Osbeck and three children of Sedgewick a week later.

Crops are deteriorating rapidly in the heat and dry weather. Some are being cut for fodder already.

Mr. and Mrs. Urban Holman and [illegible] were visitors at the home of Mr. and Mrs. Don Cooper and went to see many of their friends in the district.

Sorry we did not get these notes in earlier. Only hope they will make it before the Tuesday deadline otherwise they will not be news to anyone.

We wish the Standard staff a pleasant holiday and rest from their daily grind.

Duty is the sublimest word in the language; you can never do more than your duty; you should never wish to do less.

— Robert E. Lee

Massey-Ferguson introduces Master Service for Spare Parts

Automation integrated with CENTRAL CONTROL has been developed by Massey-Ferguson to bring a new concept in service on spare parts for tractors, combines and implements.

To assure availability of spare parts to meet the needs and tempo of present day farming the process of controlling the supply and distribution of spare parts by electronic methods has been applied in the Massey-Ferguson Master Parts Warehousing operation.

Through a network of branches and local dealers there is available to users of Massey-Ferguson equipment service on spare parts that will help them maintain their Massey-Ferguson equipment in first-class working condition.

Anthony Joseph Kehoe Laid to Rest

Funeral services for Anthony Joseph Kehoe who passed away on Tuesday, July 7 at St. Mary's hospital, New Westminster, were held on Monday, July 13 at 10.30 o'clock in the morning from the Holy Name church, Vermilion. Requiem high mass was celebrated by the Rev. Father Duffy. Interment was in the Catholic cemetery.

The pallbearers were Messrs. Michael Simonet, Jerry Keating, Anthony Simonet, Cecil Gannon, Dennis Noonan and Edward Herzog.

Anthony Kehoe came to the Vermilion district as a small boy in the year 1910 when the family settled on a farm in the Thorncliffe district. He left Vermilion in 1938 for the coast where he worked at Bella Bella for several years before moving to New Westminster where he took employment with the MacMillan & Bloedel Lumber Co., Ltd. He continued to work there until a few days before his death. He resided at 128 Agnes St., New Westminster.

Left to mourn his loss are his mother Mrs. L. L. Kehoe, Vermilion, and four sisters, Mrs. Gilbert Shane, Ottawa, Ont.; Mrs. E. J. Hagen, Washington, Penn.; Mrs. Wm. McLaughlin, Vermilion, and Mrs. Maurice Fallow, Edmonton.

Moyers Funeral Home, Vermilion, were in charge of the arrangements.

Gregorian Masses: Marie and Gilbert, Phyllis, Ardis and Len, Leslie and Terry, Lorne Patrica and Don, Arda and Edward.

Spiritual offerings: Mother, Leona and Billy, Evelyn, Maurice, Billy and Joanne, Aunt Julia, Anne and Anthony Simonet; Michael and Mary Simonet, Mrs. W. A. Fallow, Ven and Ian Chesser, Mrs. L. Dwyer, Mr. and Mrs. George Duffield; Mr. and Mrs. Jim Part, Chris, Gunn, Bill and Wesley, Mr. and Mrs. George Lawrence, Mr. and Mrs. Jack McLaughlin and family, Angus and Gladys McMillan; Mr. and Mrs. Pat McCambridge; Miss Hofbauer; Mr. and Mrs. Archie McAleese, Mr. and Mrs. Cecil Gannon, Mr. and Mrs. W. G. Keating; Mr. and Mrs. Robert Butler; Mr. and Mrs. J. Toner Sr.; Mrs. Mary McGaughey, Myrtle and Jos. Killion, Noonan Family, Mr. and Mrs. Robert Stewart, Pendleton, Ont.; Pat and Mary McLaughlin; Orlean Stephenson, Mrs. Ernest Gagnon, Waseca; Mr. and Mrs. Robert Michael and family; Mr. and Mrs. Pat Donaghy; Mr. and Mrs. Tony Donaghy, Wainwright; Mr. and Mrs. Angus McCaulay and family, New Westminster, Mr. Leslie Shane, Ottawa, Ont.; McGuckin Family; The Vermilion Catholic Women's League, Mr. and Mrs. James Rochford, Mr. and Mrs. Barney Klaschinsky, Sherback Family, Edmonton; Mrs. Rachael McGee, Camrose; Mr. and Mrs. John Kehoe, Camrose, Mr. and Mrs. John Bauer, Mr. and Mrs. Paul Goutier, Kay and Ileen Shattuck, Mrs. Dennis Noonan and family; Mr. and Mrs. Clarence Labocane, Mrs. Jim Powell and family, Mr. W. P. Collett, Edmonton; Mrs. John Carey, Norman, Katherine and Marie, Ann Kirk, Sullivan Family, [illegible] and Frances, Mr. and Mrs. Leslie Harrigan, Pendleton, Ont.; Mr. and Mrs. Jim McLaughlin, Mr. and Mrs. Albert Williams and boys.

Cemetery fund: Mr. and Mrs. Geo. Seuffert, Mr. and Mrs. Fred [illegible], Mr. and Mrs. Jack Schamehorn, Filipkowski family, Mr. and Mrs. Charlie Thompson, [illegible] Women's Institute, Mr. and Mrs. Jim Wallington, Mrs. [illegible] and Lil.

Floral tributes: Mother, Leona, Lorne, Evelyn, Maurice, Bill and Joanne, Myrtle, Larry, Joan, Barbara Polzen, New Westminster; Vivian and Henry Mervin, New Westminster; Micky and Rose McGaughey, Vancouver; Ken Marfleet and Jennie Canfield, Vancouver; Vic and Rudy Mervin, Vancouver; Mr. and Mrs. Jack Hrushchak, New Westminster; Eleanor and Joe Binder and family, Edmonton; Mrs. Margaret McLaughlin and family.

Crippled Children's fund: Mr. and Mrs. Tom Davis, Mr. and Mrs. Budzika, Mr. and Mrs. Harry Kocowski and Pearl.

The Heart fund: Mr. and Mrs. Curtis Martin, Mr. and Mrs. Johnnie McKenzie, Vancouver.

Floral tributes: Pam and Alex Fallow, Edmonton; Miss M. Knapp, Mrs. Harry Marfleet; Jack and Grace, Mildred and Gib, Grace and Darrel, Ruby and Ted, Olive and Duncan, Jessie and Gib, Mr. and Mrs. Geo. Caron, Mr. and Mrs. Cliff Hellen and family, Mr. and Mrs. Charles Holler, Mr. and Mrs. Wm. Sutherland.

Messages of sympathy: Mr. and Mrs. H. Hodgins and Elma, Myrtle, Larry and Joan, Mr. and Mrs. Geo. Caron; Mrs. Ken Greenwood, Mr. and Mrs. Gib Stephens; Mrs. Hereuther and Lil; Mrs. Gordon Park; Simonet Families; Mrs. Jas. Powell; Mr. and Mrs. Alf Chappell; Mr. and Mrs. D. Carrah, Mr. and Mrs. Curtis Martin and Sharon; Ted and Ann [illegible], Lil, Johnnie, Charles and [illegible]; Mrs. Helen Majury; [illegible] Raymond Taylor, Dorothy [illegible] Margaret; Geo. and [illegible] Irene and Jack Beattie; Walter and Mae Fink; Mildred, Gib and family, Beth Witherite; Vermilion Old Timers; Mrs. Annie Cameron; Eleanor Farrey and Jean; Mrs. A. Shand, [illegible] Lynhh and Sandy; Ken [illegible]; Mr. and Mrs. [illegible] Brown; Leo, Marion and Maryanne Noonan, Art, Ursula and Patrica Chesney; Bob and Doris Martin; Jack and Mary Reid; Frank and Beth Welsh; Mr. and Mrs. P. Cartwright and Jack; Owen and Jessie Burns; Leon, Hiram and Elma; Mrs. H. Marfleet; Mrs. Olive Clark; Order of the Royal Purple; Mrs. Viola Maggs; Neil and Anna McKinnon; Mrs. Ivar Larsen, Lottie [illegible]; Mac [illegible] Barbara Cameron; Maudie [illegible] Jim Wallington and family, Mr. and Mrs. Jim McLaughlin, Helen Bell, Hazel Bathe, Phyllis, Lavigne and boys; Mr. and Mrs. F. Corlett; Mrs. John Carey and family; John and Elsie Thompson, Mr. and Mrs. Arnot Brown, Lloyd and Mae Williams; Virginia and Henry Fink; St. John's C.W.L.; Miss Mona Simonet; Grace and Clarence Peterson; Miss Ruth Anderson; Gertrude Fields.

Since 1950 the Canadian National Railways has invested nearly a billion dollars of capital in modernizing its plant and equipment. There has been a virtual revolution in motive power and many improvements in freight and passenger equipment, in facilities of various kinds, and in organization and methods. Expenditures on such improvements are yielding substantial dividends in better operating performance.

NEWS from ALLANDALE

Weather — A welcome shower came our way on the evening of July 21.

Mr. and Mrs. H. Feenstra and daughters and Mr. and Mrs. Andy De Jong and family enjoyed their holidays very much at the Calgary stampede. The De Jongs visited brother Casey, Idi and family in Calgary in their lovely new home. They also visited Andy's parents who live south-east of the city.

Sunday at the Vermilion Park always sees a large crowd. Not too long ago a family from Edmonton motored to Vermilion to spend the day at the park and enjoyed it very much. Shows in the evening are very interesting and educational. One we saw of beautiful scenery in B.C. and different animals throughout the mountains was wonderful.

Congratulations to Mr. and Mrs. Harry Butler on the birth of a daughter July 19th; to Mr. and Mrs. Jimmy Martin Jr. a daughter on July 20 and to Mr. and Mrs. Mike Mayowski a son on July 22.

CARD OF THANKS

We wish to express our sincere appreciation to our friends and neighbors for their countless acts of kindness, spiritual offerings, messages of sympathy, memoriams and beautiful floral tributes, also the baking brought to the house during our bereavement.

Mrs. Kehoe, Marie, Irene, Leona, Evelyn.

Mr. and Mrs. John Starke and family have moved into their lovely new home.

What a thrilling experience it must have been for Mr. and Mrs. Rock Mead to attend the outdoor luncheon for around 1800 people in honor of Her Majesty the Queen and Prince Philip. We hope for personal news from you of that great occasion.

We heard the voices of Mr. and Mrs. Ernie Strang and family over the radio from Lloydminster fair on July 21. Anna was congratulated on her delicious apple pies by the announcer.

There was a good attendance at the farewell in Clandonald for Mr. and Mrs. Elmer Gower and son of Rusylvia who are leaving shortly for Marwayne.

We were very pleased to meet at this gathering Mr. and Mrs. Norman Walling from the city who are guests at the Wilbur Feenstra home and are attending the fair.

The first day of the fair was very hot, over 90. The parade was wonderful. Folks really go to a lot of work making floats for all to enjoy.

Our grandson Raymond Wilson got quite a thrill that afternoon of the fair when he showed his Palomino 'Goldie' for the first time. He won fourth prize.

To the editor and staff — may you enjoy a restful and safe holiday.

Mr. and Mrs. Wilmer Hogaboam from Camrose spent a week's holiday around Vermilion and district visiting friends and relatives and attending the fair.

Mr. and Mrs. Louis Baldock of Camrose were visitors to Vermilion and attended the second day of the fair.

Closing thought: "Happiness. In growing up we sometimes measure happiness in terms of possessions or place in society. It's a natural temptation to blame people or conditions for a lack of happiness and to hold them responsible for what we have not. We don't always look to ourselves with the proper degree of perspective, outwardly and inwardly, to see if perhaps the lack lies within our minds and hearts."

Safety Pays Off

The nation's "blue ribbon" drivers can expect a big drop in passenger automobile insurance premiums on policies issued after September 1, reports The Financial Post.

Canadian Underwriters Association have announced that its member auto-insurers will offer a 20 per cent discount on normal premiums to motorists who, because of their driving records and relatively restricted exposure to accident danger, can qualify for the new A1 select rating category.

A1 select is a further subdivision of the present A1 category which applies to motorists with three years of accident free driving.

Many Matters Handled By Vermilion River Council At Heavy Session

The sympathies of the Reeve and the five members of the council present at the July 14-15 meeting were extended to councillor Jim Gordon of Paradise Valley, who was unable to attend the council meeting due to illness. After clearing away the formalities of the passage of the minutes of the previous meeting the close examination of the financial statement for the month ending June 30, 1959, and the scrutiny of accounts approved by the finance committee the council had an interesting session with the public works foremen and the public works superintendent. During a review of the road construction progress to date it was noticed that the work in the north had been slowed somewhat due to the wet weather which had been encountered there during the two week prior to the meeting. It was also noted with regret that breakdowns had occurred which were particularly acute since they involved the rubber-tired TS200's which are considered to be an integral part of the road building equipment when construction of road on extra road width is undertaken. The fact that repairs could not be readily obtained for these three machines was noted with disappointment by the council. The factors of weather and breakdown combined with some very difficult road building conditions which made it necessary to clay up a considerable stretch of sandy road had slowed down the road building and put the program behind schedule in the north part of the municipality. The foremen reported that the crews were functioning well and if circumstances continued as they existed for the first part of the dirt moving season it was felt that the public works program would be completed on schedule.

The decisions of the Court of Revision were made available to the council and discussed in general terms.

MOBILE HOMES

It was brought to the attention of the council that they should be particularly alert in reporting the existence of mobile homes or oil well drilling equipment in their territory as this would be a great help to the Mobile Home Inspectors in issuing licenses and to the assessor in making known to the municipal officials the existence of oil well drilling equipment in the municipality. It was noted that license fees are collectable on this equipment and on mobile homes this year.

The council approved the establishment of a memorial type cemetery on the SW 3-50-1 with. The council also approved the establishment of a dwelling on lot 7 block 9, plan 5820HW south of Lloydminster. The council also advised Rowe and Sons Ltd. of Vermilion that they had no objection to the establishment of a storage area for impounded vehicles in the extreme north-east corner of the NE 20-50-6-w4th.

RAFT LAKE CAMP

The report of the committee established to examine the road situation as it applies to the camp operated by the Knights of Columbus on the south-east shore of Raft Lake was brought before the council. The committee reported on the access to the site by road and it was suggested that some improvements to these roads would be made during 1960 when such work could be scheduled on the public works program.

SPRAYING OUTFIT FOR WARBLES

By-laws were passed by the council concerning the purchase of a chemical spraying outfit purchased principally to [illegible] for warbles in the M D of Vermilion River No. 71, and this program will be organized by the Agricultural Services Board and their Field Supervisor, Mr Homeck. By-laws were also passed concerning the sale of one parcel of farm land and two lots in the hamlet of Islay being conducted under the terms of the Tax Recovery Act.

RAILWAY CROSSING ASKED

Correspondence between the village of Kitscoty and the Board of Transport Commissioners concerning the establishment of a permanent railway crossing on mile 89.5 of the Blackfoot subdivision was made available to the council. Correspondence between the Canadian National Railways and the Municipality concerning the establishment of guard rails on crossings in the municipality was also made available to the council and instructions were given to represent the views of the municipal council to the Board of Transport Commissioners concerning these crossings and the guard rails to be established thereon. The public works committee also agreed to examine the site of a proposed railway crossing between Sections 24 and 25-46-2 w4th.

R. E. A. L. EXTENSIONS APPROVED

Two R. E. A. L. extensions were approved: one on the Greenlawn subdivision and one in the Mertons subdivision. Correspondence was made available to the council from the Workmen's Compensation Board expressing their appreciation for the effort made by the Municipality in making available to the workmen the means by which they could attend the meeting in Vegreville concerning safety for heavy equipment operators.

REDUCED BORROWINGS DESIRABLE

A very informative letter was received from the Alberta Municipal Financing Corporation to the effect that the rate of borrowing by municipal corporations from the Board must be reduced drastically for the next and subsequent years and in view of this they advised that all municipal councils, school boards and hospital boards earnestly and carefully scrutinize their capital requirements with the thought in mind that a great reduction in demand must be the result.

SCHOOL BUS OPERATORS ORGANIZE

Note was made by the council that a report in the Vermilion Standard of July 9, 1959, that the Alberta School Bus Operators Association had established a local in the Vermilion School Division and instructions were given to Councillor Wilson to introduce the matter of School Bus Transportation as a topic for discussion at the next meeting of the Vermilion School Division Board. In view of the fact that some one quarter of a million dollars of the expenditures of the Vermilion School Division were involved in transporting children to school it was felt that the rural school divisions were put in a very unfavorable position when it came to considering salaries for school teachers in comparison to urban areas where school bus transportation consideration did not have to be met when the budget was drawn up and the mill rate established.

The report of the Gas Inspector covering his activities during the month of June, 1959, was accepted by the council.

WARNING SIGN RE: BRUCELLOSIS AREA

It was felt by the council that some consideration should be given to the placing of a sign on Highway 16 at the Saskatchewan border advising cattle owners and truckers that the municipality is a Brucellosis-restricted area and that it is therefore illegal to bring in cattle without conforming to Brucellosis regulations. A decision on this matter was left in abeyance for the present time.

The road superintendent's report covering his activities during the month of June was made available to the council.

PUBLIC WORKS COMMITTEE

The council forming themselves into a public works committee left the office at 3 o'clock on Wednesday afternoon to inspect various public works projects completed, in process and not yet started. A particular problem was slated for careful consideration in the McLaughlin area and directly concerns the building of the road through from the meridian to south of Paradise Valley. This road is being built by the Department of Highways although the Municipal machinery is being utilized in the construction program.

CNR Booklet Aid To Summer Tourists

WINNIPEG — With the tourist season in full swing many sportsmen across Canada are looking for up-to-date information on Canada's outdoor camping facilities. It can be found quickly in the CNR's 1959 edition of "Hunting, Fishing and Canoe Trips in Canada," a booklet published yearly by the sportsmen's service division of the CNR's passenger department. The publication lists detailed information on camps from coast to coast in Canada and the Northwest Territories. In addition, [illegible] regulations, [illegible] and other details.

$248,744 Loaned in May To Alberta Power Associations

Loans totalling $248,741.22 were granted in May to 30 Alberta rural electrification associations under the provincial government's Rural Electrification Revolving fund.

A total of $26,112,021.50 has been loaned since inception of the assistance program in 1953. Repayments to the end of May amounted to $8,519,081.84. The amount available at June 1 was $7,407,040.34.

Electricity has now been extended to 47,000 or almost 75% of Alberta's 63,500 occupied farms. Some 4,712 farms were served with power in 1958 and more than 1200 have already hooked up this year. Another 1800 will receive service by the end of December.

It is expected rural electrification will serve 85% of Alberta's occupied farms by 1960. This is judged to be an economic maximum of service.

The explorer Simon Fraser originally called what is now the British Columbia mainland by the name of New Caledonia, a poetical term for Scotland, a land Fraser had never seen but that he thought resembled our west coast.

This photo exclusive to the members of the Alberta Weekly Newspapers Association, was taken at the Royal luncheon held on the grounds of the Alberta Legislative buildings on Tuesday afternoon, July 21st. It depicts Queen Elizabeth, Lieut.-Governor J. J. Bowlen and Premier Ernest Manning descending the steps from the Legislative building to the beautiful grounds where some eighteen hundred invited guests awaited to welcome the Royal visitors.

Annual Memorial Service Set For Sunday, August 30th

Vermilion Branch of the Canadian Legion has announced that the annual Decoration Day service will be held on August 30th at 2 p.m. As usual this service will be held at the Soldiers' plot, Vermilion cemetery.

Legion padre Rev W A. Champness will be in charge of the service. Arrangements have been made for the Salvation Army band and the Vermilion pipe band to attend.

For several years Decoration Day services were well attended but last year there was a falling off in numbers. President T. Thompson of Vermilion branch asks that citizens generally come out and join with returned men and their families in remembering the sacrifices made by those who served and those who died that we might have liberty and freedom to live life as it pleases us. Mr Thompson says surely we can take an hour off once a year on a Sunday afternoon to pay respects to our fellow citizens who gave life itself for our way of life.

The Legion needs flowers to decorate the graves in the plot. These flowers may be left at the kitchen in the Legion hall from 3 to 6 p.m. on Saturday, August 29.

Wreaths can be laid at the cenotaph at the end of the service. Anyone wishing to lay a wreath or bouquet of flowers in memory of relatives should see President Thompson or the secretary, E. H. Buckingham, before the service starts.

Anyone needing transportation should be at the Legion hall before 1:30 p.m. Sunday. 6-7

Congregational Picnic By Alliance Chapel

The annual congregational picnic of the Alliance Chapel congregation was held at the farm home of Mr and Mrs. Ralph Wilson on Wednesday, July 29. The congregation of the Alliance Tabernacle, Mannville, and their vacation Bible school pupils were special guests at this picnic.

It was a beautiful day and races, baseball, volleyball and a generous lunch provided an enjoyable program. About 175 were in attendance.

At supper time a devotional program was led by superintendent of the Sunday school, Mr Albert Mix, with the devotional message being given by the pastor J M. Schroeder.

An adult baseball game provided entertainment for those who stayed for the evening.

Editor Ray L. King Dies At Camrose

Editor Ray L. King, aged 69 years, father of Dr. A. Ben King of Vermilion, passed suddenly away at Camrose on Wednesday afternoon. He was engaged in supervising the publication of the weekly issue of the Camrose Canadian when stricken by a heart seizure.

Mr. King was an honorary life member of the Alberta Weekly Newspaper association and was rightly regarded as the outstanding editor in the weekly field in the province. His paper has annually swept the prizes in the various fields and his editorial column, "The Sounding Board" is more widely known and quoted than any similar column among the weekly papers.

Vegreville Golfer Tops At Local Annual Two-Day Tournament

Paul Jullion of Vegreville was the pick of the 114 competitors taking part in Vermilion's men's open golf tournament. Jullion won the championship flight and had the low qualifying score for the two day event. Second in the championship flight went to Tom Wyne of Lloydminster with the consolation being won by [illegible] of Fort Saskatchewan.

Prize winners of the 13 flights were as follows: — 1st flight — 1. Al Locke, 2. Dr. A. Ben King; con. Leo McKernan, Drayton Valley.

2nd flight — 1 Babcock, Fort Saskatchewan; 2. Dvornick, Fort Sask., con. Harold Fossey, Lloydminster.

3rd flight — B. Bandura, Vegreville; 2. Dr Yacryk, Veg.; con. Rex Beake, Edmonton.

4th flight — 1. N Robinson, Wainwright; 2. Don Lessard; con. T Roth.

5th flight — 1. Jenkins, Ft. Sask., 2. Geo. Parrot, St. Paul; con. Ed Lyons.

6th flight — 1. Bush Mead 2. Curly Curtis, Lashburn; con. Ron Phillips, Edmonton.

7th — 1. Ken Rowe; 2. Strong, Lamont; con. Roger Rowe.

8th — Thomlison, Ft. Sask. 2. Andre Roy; con. Ralph Cudmore.

9th — 1. Norm Henderson, Bonnyville; 2. Elmer Kreller, Mannville; con. Collins, Edmonton.

10th — 1, Harry Taylor, Veg., 2. Lorne Puckett; con. Ronnie Barwick, Elk Point.

11th — Sid Bowman, Veg.; 2. Herman Gafka, Veg.; con. Geo. Washington, Edmonton.

12th — 1. Jack Marfleet Jr., 2. Lever; con. Dr Anderson.

13th — 1. Dew; 2. Smith, Veg.; con. Bill Ratkja, Edmonton.

Unless otherwise noted, the winner is from Vermilion.

Special prizes won were Pitch and putt — Thomlison Fort Saskatchewan; Longest Drive — Leo McKernan, Drayton Valley.

Prizes for the tournament were donated by Northwestern Utilities, Canadian Utilities, Simpsons-Sears, Emkee Ltd., and Alberta Brewers' Agents Ltd.

Provincial Fastball Play-offs Here On Sunday, August 23

Vermilion and district fans will see the best there is in Intermediate B Ladies' fastball on Sunday, Aug. 23 when the provincial semi-finals will be played at the local ball park. The winners of the round robin double knockout tournament will play in the provincial finals on Sept. 5, 6 and 7 at Grande Prairie.

Three teams are eligible for the play-offs in Vermilion, namely Beverly, Kitscoty and the Vermilion Cardinals. The first game will start at 10 a.m. and sees the two old rivals, Vermilion and Kitscoty clash.

The second game is scheduled for 12 noon with Beverly Bay drug team breaking into the action playing the winner of the Cardinal-Kitscoty set-to.

The 2 p.m. game sees losers of the above two games play and means that one of them is eliminated from the pennant race, as two losses and the team is out.

At 4 p.m. the winners of game 2 and game 3 meet and this could decide the issue. If it does not, the fifth and deciding game will start at 6 p.m. sharp.

All games will be played at the Vermilion Athletic ball park on the south side.

Just in case the series should be rained out this Sunday it will be played the following Sunday at the same place and with the same draw.

CARDS IN FINE SHAPE

Vermilion Cardinals are in fine shape and are determined to defend the title which they copped last year at Calgary.

Association For Retarded Children Formally Organized

A school which proposes a happy and a useful life for the retarded child may open its doors this fall. There are good prospects for a building and a site, but funds will be needed to put this very worthwhile venture across.

Parents who wish to have their children interviewed and tested for placement at the school should contact Mrs. Dauchot at the Health Unit offices for an appointment. The provincial Guidance clinic will send personnel specially for this purpose at a date to be announced.

In the active planning stage is the purchase, moving and renovating of a school building.

Applications for grants will be made and assistance from interested individuals and local organizations is also needed. Persons who have offered financial assistance may now do so by making out a check to Vermilion Association for Retarded Children, as a bank account will be established under that title.

New Deal For Future Teachers

Bursaries from the Provincial government and the Vermilion school division give considerable financial aid, sufficient to cover the major part of necessary expenses, to prospective teachers taking their training this fall at the Faculty of Education.

Blue forms to make application for government grants were distributed last spring and may be had by writing in to the Department of Education.

For the Divisional grant, application should be made in person to the superintendent, Mr. J. Blocksidge and Mr J. Robson, secretary, at the Vermilion S.D. office. The applicant, in return for the grant, promises to give teaching service in the province and in the local sponsoring division for a period of time.

In addition, loans from the provincial government and also the divisional board are available at very attractive rates should a prospective teacher require additional funds to cover the remaining costs.

Well Know Islay Lady Passes Away

Mrs. Jenny M. Axley, passed away in Calgary on August 15 at the age of 88 years. She is survived by four sons, Bill of Islay, Lorne of Czar, Benjamin and Elder of Calgary; two daughters, Mrs. W. Brown of Innisfail and Mrs Ed McFadyen at Islay. She also leaves three brothers, Walter and Tony at Islay, and Charles of Nebraska, U. S. A., and one sister Mrs. J. W. Butz of Calgary. There are 11 grandchildren and 2 great-grandchildren.

Funeral services were held on August 19th at 2 p.m. from the Islay United Church. Rev. C. W. MacKay officiating and interment took place in the Islay cemetery.

Moyer's Funeral Home were in charge of arrangements.

Tony Korpel of Edmonton spent a few days recently renewing old friendships in and around Vermilion.

HIGH SCHOOL REGISTRATION

Pre-school high school registration will take place in the high school on Friday, August 28th. Grade ten registration will take place from 9 to 10 a.m., grade eleven from 10:00 to 12:00 a.m., grade twelve from 1:30 to 3:30 p.m. 6-7

Vermilion River M. D. Ratepayers Defer Decision on County Plan

Ratepayers of the Vermilion River municipal district to the number of 120 gathered at Kitscoty recently to discuss the county system of government. The outcome of the meeting was summed up in the motion "that no action for or against the county system be taken without referring the question to all of the electors of the Vermilion River M. D." The motion was carried by a very narrow margin 33 in favor and 32 against, the majority present abstaining from voting.

Mr Andrew B. Wood was appointed chairman of the meeting and in attendance were officials of the M. D. of Vermilion River, the Vermilion school division, town of Vermilion, the villages of Dewberry, Kitscoty, and Marwayne, and the M. D. of Minburn. The meeting was also attended by the Hon. A. O. Aalborg, Mr. Morrison, deputy minister of municipal affairs and Mr. Shogren, field administrator of the department of Education staff.

Speakers at the meeting were Hon. Aalborg, Mr. Morrison, Mr Shogren. A great many questions were asked and answered, and a vast amount of information acquired on the new system of municipal government.

A motion to the effect that the meeting go on record as in favor of entering the county system was voted on [illegible]. It seemed to be generally felt that more time was needed to adequately assess the county system.

Mannville Man Killed In Truck Accident

MANNVILLE — Tommy Golish 22 years of age met with a fatal accident August 1st when his truck went out of control on the detour road south of Mannville in the Creighton district.

Happening before midnight Tommy was accompanied by three other passengers who escaped with minor injuries, but Tommy passed away Sunday morning.

Mannville and district were shocked at this sudden news and sympathy is extended to the Golish family.

Ladies' Open Golf Tourney Sunday

An open golf tournament for ladies will be held at the beautiful Vermilion golf course on Sunday, August 23rd. All ladies are invited to compete. The entry fee of $2.50 includes lunch at noon and a buffet supper at night. The qualifying round must be commenced before 10:00 a.m.

More details may be secured from the president Mrs. J. V. Kneale.

NEW MATRON APPOINTED AT ISLAY HOSPITAL

Mrs. H. Bell, R. N., has been appointed Matron of the Islay Municipal Hospital. Mrs Bell replaces Miss M Gilpin, R. N., who has taken a new position with Saskatchewan Air Ambulance Service in Saskatoon.

Mr. and Mrs. Warren Rose [illegible] enjoyed a holiday trip over the Big Bend to Kamloops and [illegible] Penticton.

[illegible] Capital [illegible] friends [illegible] well, and [illegible] Vermilion friends wishing to [illegible] Mrs. [illegible] who [illegible]

Mr and Mrs. [illegible] Cooper daughter Lois and Mrs. [illegible] returned home [illegible] enjoy [illegible] Mr [illegible] in [illegible] stay [illegible] attend [illegible] regatta at Kelowna [illegible] outstanding event.

Special Poliomyelitis Vaccination Clinic At Vermilion Health Unit

In order to ensure the maximum protection against poliomyelitis for our community, the Minburn-Vermilion Health Unit will hold a special clinic for poliomyelitis injections at the Vermilion Health Unit office on Saturday, August 22nd, between 9:00 a.m. and 12:00 noon.

The following are advised to attend:

1. All adults up to the age of 40 years who have not received any poliomyelitis injections.
2. All expectant mothers below and above the age of 40 years who have not received any poliomyelitis injections.
3. All children who have not yet received any poliomyelitis injections.
4. Adults or children who did not report for the second or third injection should attend this special clinic.

Please note that ex-polio patients are NOT immune from a second attack of poliomyelitis and are therefore advised to report for a course of injections.

—Minburn-Vermilion Health Unit No. 12,
Vermilion, Alberta.

Alf Hooke and His Westerners To Provide Entertainment At Park Sunday

Entertainment of a distinctly different variety will be offered at the Vermilion park band shell on Sunday, Aug 23 commencing at 2:30 when Alf J. Hooke will bring his renowned 'Westerners' here from Edmonton. Several attempts have been previously made to have this troupe appear but have never been successful as they are very popular and in great demand. These entertainers are comprised of musicians, a magician and ventriloquist. The leader is no other than the minister of municipal affairs for the [illegible].

The collection on this occasion, over and above out-of-pocket expenses, will be donated to underprivileged children.

The group which will provide the entertainment Sunday all do this as a hobby, because they enjoy doing it and because the proceeds are always donated to help needy children.

Men's Fastball At Derwent Aug. 23rd

The men's open fastball tourney scheduled for last Sunday was called off due to rain but will be held this Sunday, August 23 with eight teams competing. The games will start at 11 a.m.

The following teams will compete — Central Car Sales, Edmonton; Lac Bellevue St. Paul; Lusanne; Irma; Lloydminster Barons; Elk Point; Derwent [illegible].

George Mead Elected Wheat Pool Delegate

Returns have been completed from the eleven Wheat Pool sub-districts in which elections were held this year. Six new and five former delegates were returned to office.

In sub-district 802 George Mead of Vermilion defeated Henry Kvindegard of Innisfree and Stanley Magdiak of Myrnam. The sitting delegate, George Bennett of Mannville did not run.

DEATH OF MRS. A. Y. LAW

A former well remembered Vermilion lady, Mrs. Margaret Maxwell Law widow of Andrew Young Law passed away in Edmonton on August 11 1959. Funeral services were held Friday August 14th at the Foster and McGarvey Funeral Chapel. Dr W. T Young officiated and interment was in the Westlawn Memorial Park. Many beautiful floral tributes and expressions of sympathy were received.

Mrs. Law lived in Vermilion for many years and visited friends in town and district frequently since taking up residence in Edmonton.

She leaves to mourn her loss one son, Robert George Law of Edmonton, two daughters, Mrs Elizabeth Smith of Edmonton and Mrs Clifton Rush of Balzac Alberta, and seven grandchildren.

Majeaus Honored On Silver Wedding Day

MANNVILLE — [illegible] Mabel and [illegible] Majeau were pleasantly [illegible] when a num[illegible] friends formed a party [illegible] on the occasion of their 25th wedding anniversary. A cake and all the trimmings were [illegible] and served to [illegible]. The visitors also presented the Majeaus with a purse of [illegible]. Mr. and Mrs.

Vandalism Seen At Fair Grounds

On several occasions since the close of the 1959 Fair persons whose identity is suspected have been guilty of breaking and entering at the fair grounds. On the most recent occasion stupid individuals, quite apparently suffering from feeble mindedness, broke into the dining hall and smashed numerous light fixtures and bulbs as well as a dozen vases used at fair time to hold flowers in an endeavor to decorate the hall.

An advertisement in this issue offers a reward for the arrest and conviction of the culprits and [illegible] those who may in future attempt entry to the buildings at the grounds. The RCMP have been advised of the vandalism and have been asked to arrest unauthorized persons in or near the buildings. It is the intention of the Fair Board to prosecute intruders to the fullest extent of the law and parents should take this warning to advise members of their families to stay away from the exhibition grounds. This is private property and which it is intended to protect regardless of the identity of those found molesting the premises.

Show Held Over

Nick Kowalchuk reports to the Standard that "Auntie [illegible]" which was to show at the [illegible] theatre on August 26-29, is being held over in Calgary and will show here the following week Sept 2-5th. In place of "Auntie Mame" "Baby Face Nelson" starring Mickey Rooney and Carolyn Jones, a real family treat will be showing Aug. 26-29 at the Columbia.

Angus MacMillan Speaker At Rotary

At last Friday's meeting Angus MacMillan delivered his vocation talk and naturally it was about insurance. The club members received a good deal of information about insurance from the discussion.

Ed Herzog introduced the speaker and Rudy Renaud thanked him for his well delivered address.

Ed Boyd of West Edmonton club and Larry Broughton of the Edmonton club were visitors at the meeting.

Vermilion Rotary Club Distributes 36 Dozen Glads To "Shut-Ins"

John Dale, general manager of Canadian Utilities spoke at a recent meeting of the Rotary club. Mr Dale discussed the electrical situation in Alberta.

Mr Dale is well known to a large number of people in this [illegible] as he was born in Lloydminster and went to school in Kitscoty where his father was in business. Mr Dale Sr. still lives in Kitscoty.

The speaker was introduced by Carl Heckbert and thanked by [illegible] Bentley for his very fine address.

Fred Stewart presided at the meeting in place of Ross Banks who was on vacation.

Dr. King reported at the meeting that 36 dozen gladioli had arrived during the week from J. W. Hughes, a Rotarian and florist at Kelowna, B.C. These flowers were for distribution to shut-ins in Vermilion. The recipients were very grateful for this thoughtful gesture.

Mr. Hughes has been sending thousands of 'glads' for several years to Rotary clubs on the prairies for delivery to shut-ins and sick people in the areas concerned.

The resignation of Al Simonson was read at the meeting. Everyone regrets losing this loyal member of our club. We wish for Mr and Mrs. Simonson the best of everything in their new home in High River.

Traffic Injury Toll Reaches New High — Slow Down and Live!

More Albertans were injured in traffic mishaps during the first six months of 1959 than in the corresponding period of any year in the past, the Alberta Safety Council reported recently.

The total, officials said, reached 2,734, an increase of 228 over the same period in 1958, the previous record year.

Of the total, the Safety Council said the R.C.M.P. reported 1,357, Edmonton city police 732, Calgary police 409, Medicine Hat 31 and Lethbridge 56, with other [illegible] reporting the remainder. In addition, [illegible] fatalities were reported in the six-month period, including the 85 reported by the R.C.M.P.

What [illegible] accidents?

The primary cause is the man behind the wheel," a council spokesman asserted. "That's clear from recent Council studies which show there are 77 violations for every 100 drivers in fatal traffic accidents. Many drivers violated more than one law."

"These are the violations," he said, "that occur most often: speeding, failure to keep right of the centre line, and having right-of-way and driving under the influence of alcohol. Other violations, following too closely, improper passing, improper turning, failing to signal, disregarding [illegible] and improper parking."

Modern cars and specially designed superhighways are fine [illegible] the spokesman said. But the key to the traffic problem lies with the driver himself. That is why this summer we keep urging Albertans to 'Slow Down and Live'."

Letters to the Editor

Mr. A. H. Cooper,
Editor, The Vermilion Standard,
Dear Sir:

We would like to take this opportunity to thank you and your paper for the publicity, and the nice things you said about us prior to our personal appearance at your beautiful park.

We also want to thank your park committee for inviting us and for their co-operation while we were there.

We also want to especially thank the wonderful audience that showed up in the rain and so faithfully stayed to the very end.

The whole gang said it was the best and most appreciative audience they ever entertained and are very sorry they didn't get around to meet more folks personally.

We are looking forward to the time when we may come back again to entertain for you.

Until then, we say thanks again from the Wranglers, the Wally McDonald Trio, the Dunn [illegible] and Len McDonald and [illegible] Tramps.

Len McDonald

The Editor
Vermilion Standard
Dear Sir:

I would like to thank you for the way in which you advertised the "Len McDonald Show" that appeared in the park bandshell on August 2nd.

Your issue of July 23 carried full details of their show more than a week in advance with a further reminder in the July 30th issue. The Standard of July 23 also told of the opening of the new Drive-in on July 31, promising full details next issue. The July 30 issue carried two attractive ads for the drive-in but the Standard had been in the mail only a day before the opening.

Many rural folk pick up their mail during their Saturday trip to Vermilion, and don't read the paper until after the chores are done Saturday evening, or often not until Sunday morning. On so many occasions we have read on Sunday of a tea or concert we would have attended Friday or Saturday if we had known in time.

THIS IS NOT THE FAULT OF THE STANDARD. You print your ads as they are given to you. It is possible that the Drive-in management did not know a week in advance what their opening feature would be, but the contrast in advertising for two coming events in the same issues was startling.

Those who place ads in the Standard should try to remember that all people don't get a chance to read the paper Friday afternoon. We would appreciate it so much if you could encourage earlier advertising of coming events.

Yours sincerely,
Ruby H. Bauer

How difficult it is to persuade a man to reason against his [illegible] although he is convinced that equality is against him. — John Trusler

[illegible] is still the best collateral for a loan.

GREEN ACRES

by H. MORLEY DOUGLAS,
District Agriculturist.

HORTICULTURAL SHOWS

The last weeks of August are the time for the Horticultural shows. This year is no exception [illegible] at Marwayne Friday Aug 14, Lloydminster Sat Aug 15 and Dewberry Thursday Aug 20. By the crowds attending and the many exhibits there is no lack of interest in horticulture. A question: where does the Alberta Extension Service stand with regard to Horticultural shows? If a few professionals are winning everything and the society is only [illegible] the community what has been grown by a few expert gardeners the value to the community is limited. If however the sponsors are far sighted enough to put up a prize list to encourage newcomers, are willing to encourage competitions that might help beautify the countryside and encourage the growing of shade and shelterbelt trees a horticultural society is of value to the community. Any one interested in forming a society or enlarging the scope of the present one can expect help from the local D.A. Horticulture is not a one day nor a summer affair. It must be a year round program.

A Farm Purchase Board is being set up in the M.D. Vermilion River this autumn. A Board has been functioning in the M.D. of Minburn for a number of years. If you are planning to expand or you would like to set up a good father-son agreement insuring father an income and son security, this act bears investigation on your part.

STONES COST MONEY

Stones are costly wherever concerned with farming. A recent expense to farmers appears in the kernel size stones in grain. Some carloads have been graded reject because of stones with consequent loss in price of up to twenty cents a bushel. The actual loss cannot be calculated as often stones are the determining factor in a carload grading lower. With a great variation in the height of the crop this fall it will be difficult to avoid putting stones through the combine but a little care may pay dividends.

LEASES

Is the lease you have a fair one? If you would like to put it to test, a bulletin is available at the D.A. office which points out everything to be taken into consideration. This publication is dated 1947 but everything to be considered is the same in [illegible].

SHEEP

One of the largest sheep sales of ewes, lambs and rams is to be held at Brooks, Alberta, October 13, 14 and 15. There is not a better place to buy than a market where some opportunity of comparison is available.

OBITUARY

PETER J. GRYKALIAK

Peter J. Grykaliak of Slawa district passed away in the University hospital on August 16 at the age of 32 years.

He is survived by his mother, Katie; four brothers, Michael and John of Edmonton; Paul of Chilliwack, B.C., and Steve of Vegreville. There are two sisters, Mrs. E. Didio and Mrs. R. Brunner, both of Edmonton.

Prayer services were held on Wednesday, August 19 in the Slawa National hall and funeral services were held on Thursday, Aug. 20 at 10:00 a.m. in the Ukrainian Greek Orthodox church at Slawa with interment in the church cemetery.

Moyers were in charge of the funeral arrangements.

CLAYSMORE CLIPPINGS

Mr. and Mrs. Alvin Bauer and family were Sunday visitors at the Ronnie Bauer home.

Mr. and Mrs. Robert MacMillan were pleasantly surprised by a visit of an old friend, Mrs. I. Donovan of Leader, Sask., on Wednesday of last week. Mrs. Donovan was visiting friends in Mannville and called at Claysmore en route.

Gordon Van Nest who is stationed in New Brunswick with the R.C.H.A. is home on a month's leave.

Mr. and Mrs. A. Olstad and family have returned from a two week holiday at Edburg and Meeting Creek, Alberta, where they visited relatives and friends.

Mr. and Mrs. J. Willes and family recently enjoyed a few days fishing at Muriel Lake.

The Claysmore W.I. members and their families held the annual picnic at Vermilion park on Aug. 2. All enjoyed the afternoon and evening although it was too cool for swimming.

Mr. and Mrs. H. Ralph of Minburn were visiting friends at Claysmore last week end.

A fair amount of building has been going on in our district [illegible].

The Mike Woyewitka family have their new house pretty well finished on the outside. Mr. and Mrs. Ronnie Bauer are shingling the roof and finishing cement steps on their new house. Mr. and Mrs. George Stewart are having a porch built on the front of their home and bedrooms finished up in the basement.

Mr. and Mrs. Fenton MacHardy and family of Edmonton were visitors with Mr. and Mrs. N. MacHardy over the week end.

Mr. and Mrs. Peter Krushinsky went up to Moose Lake last week end and returned with a nice lot of blueberries.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville Elks, the number drawn on Friday, July 31 was: O 64; Aug. 7 N 36; Aug. 14 G 67.

Numbers drawn to date are:
B — 14, 2, 9, 3, 10, 12, 8, 13
I — 22, 27, 20, 25, 21, 18, 28, 24, 30, 17, 29, 26
N — 44, 32, 35, 38, 40, 39, 31, 37, 41, 33, 42, 34, 36
G — 56, 55, 54, 60, 52, 46, 53, 47,
O — 71, 61, 62, 68, 63, 66, 73, 64,

In Vermilion cards may be obtained from Walter Fisk.

[illegible] person who is afraid to admit his mistake is making another.

There is little harmony in the home where parents are continually harping.

Free Chest X-ray at Paradise Valley

Sponsored by the United Church W.A. the Mobile TB Chest X-ray Unit will visit Paradise Valley community in the near future.

The cost of staffing and operating the Mobile X-ray Units is borne equally by the Provincial Government and the Alberta Tuberculosis Association. The X-ray equipment and vehicle are supplied to the government by the Alberta Tuberculosis Association out of the proceeds of the sale of Christmas Seals.

Mr. C. B. Pugh, Director of X-ray Surveys, Alberta Tuberculosis Association, is in the area making preliminary arrangements for the Mass Chest X-ray Survey. A house-to-house canvass will be conducted to register every family in Paradise Valley and community. All persons four years of age and up will be included in this registration.

In charge of the program are Mrs. W. A. Gunn, General Chairman; Mrs. R. A. Stewart, Advance Registration Chairman; Mrs. A. M. Levitt, Clinic Appointment Chairman; Mrs. M. Hoskins, Publicity Chairman; Mrs. M. S. Nysetvold, Volunteer Help [illegible].

The area to be covered in the survey will be Paradise Valley area school vans cover, including Rivercourse and McLaughlin.

You can safeguard yourself and your family by participating in the Community Survey. DO NOT FAIL TO ATTEND THE CLINIC!

Vermilion Cards Win Tourney

Vermilion Cardinals won their own fastball tournament on Sunday afternoon, triumphing over teams from St. Paul and Bonnyville. The games were played at the diamond in the Vermilion provincial park.

Drive carefully — an accident could make your vacation permanent.

Enid Cooper Is Bride in Afternoon Ceremony At First United Church

At an afternoon ceremony in Vermilion United Church, Aug. 1st, Miss Enid Kathleen Cooper and Mr. Richard Scott Larson exchanged wedding vows and rings. The bride is the daughter of Mr. and Mrs. Morris Cooper of Vermilion and the groom is the son of Mr. and Mrs. Richard Larson of Irma.

Rev. C. W. McKay read the marriage service and Mr. Jack Brown played the wedding music.

Given in marriage by her father, the bride wore a beautiful billowing gown featuring four tiers of swiss embroidered, scalloped nylon tulle with the timeless appeal of a double scalloped sweetheart neckline, scalloped sleeves and matching mitts. Her veil of embroidered French illusion was held in place by a mother of pearl tiara. The bride carried a single full-blown pink rose. Her only jewellery was a cultured pearl pendant, a gift of the groom.

Attending the bride were her sister-in-law, Mrs. Sydney Cooper as matron of [illegible] and Miss Norma Willerton as bridesmaid. They wore identical waltz length gowns of gem tone and white checked nylon mist fashioned with empire waistlines and bouffant skirts. They wore white picture hats and gloves. They carried pink lace fans arranged with white mums and streamers.

Maxine, little sister of the bride was flower girl. She wore a dress of white nylon crisp strewn with yellow flowers and a headband of daisies. She carried a basket of Marguerite [illegible].

Douglas Larson, cousin of both the bride and the groom, was ring bearer. He carried the rings on a white satin cushion, trimmed with lace and ribbon streamers.

The groom was supported by his cousin Ronald Larson and Glen Belton. The ushers were Andrew Nicol, brother-in-law of the groom and Sydney Cooper, brother of the bride.

Mrs. Archie Fleming, aunt of the bride sang "The Wedding Prayer" while the bridal couple knelt at the altar. During the signing of the register, she sang "O Perfect Love."

For her daughter's wedding Mrs. Cooper chose a dress of blue flowered sateen with white accessories. She wore pink sweetheart roses en corsage.

The groom's mother wore a dress of arnel jersey in shades of green and beige. She wore beige accessories and a corsage of yellow roses.

Following the ceremony a reception was held for 160 guests in the Legion Hall. The bride's table was covered with a cutwork cloth and centred with a lovely four-tiered wedding cake made by the bride, and decorated by Mrs. William Arthur. It was covered with trillis work and trimmed with silver doves, topped with an ornament of doves and flowers. For cutting her cake the bride chose a bone handled knife which her grandparents had received as a wedding gift some fifty-seven years earlier.

Mr. James Emsland, a family friend proposed the toast to the bride to which the groom ably responded.

Mrs. Andrew Nicol, sister of the groom, was in charge of the guest book.

Out-of-town guests at the wedding included Mr. Sydney Cooper, Archerwill, Sask.; Mr. and Mrs. John Stuehmer, Millet; Mr. and Mrs. Albert Larson and family, Drayton Valley; Mr. and Mrs. Del Leigh, Edmonton; Mr. Gus Strand, Edmonton; Mr. and Mrs. Chris Emsland, Lloydminster.

A wedding dance was held in the North Irma Hall in the evening.

For her going away outfit the bride wore a fitted suit of beige [illegible] the green and brown [illegible].

The young couple will make [illegible].

To Reside at Jasper

LORD—HANNING

[illegible]

Mr. Edward [illegible] of Jasper, brother of the groom, was best man and Mr. Robert [illegible] [illegible]

Falcon, Mr. [illegible] Clandonald, [illegible] Lloydminster, [illegible] ette Hurley, Clandonald; Mrs. Jeannie King, Mrs. Nancy Klutz, Mrs. Christine Lawrence, Mrs. Emily McLean, Mrs. Gladys MacMillan, Mrs. Allan Mead, Mrs. Vera Nickolson, Minburn; Emma Rasher, [illegible] Webb, Mrs. Mabel Webber, Mrs. Hilda Wilson.

Unless otherwise designated the patients are from Vermilion or district.

Vermilion Alliance Chapel Scene Of Little-Dickson Nuptials

The Alliance Chapel was the scene of a very pretty wedding on Friday July 3rd at 7 p.m. when Esther Loretta Dickson became the bride of Mr. Samuel Lorne Little, both of Vermilion. The bride was given in marriage by her father and mother Mr. and Mrs. M. D. Dickson. She looked lovely in a floor length gown of chantilly lace and net over satin topped by a lace jacket with lily point sleeves. Her floor length veil was held in place with a wreath of orange blossoms. She carried a bouquet of red roses.

She was attended by her cousin Miss Marian Cuff who wore yellow flocked nylon net over taffeta. Miss [illegible] also wore pink [illegible] and Miss Gloria Dickson, who was junior bridesmaid and wore pink net over pink flocked nylon. All the bride's attendants wore matching headpieces and gloves in pink and yellow and carried bouquets of white carnations.

The groom who is the son of Mr. and Mrs. Wilfred Little, was attended by his brother Herbert, Charlie Hooker and his nephew, Gordon (Butch) Cooper who acted as junior best man.

Rev. J. Schroeder performed the double ring ceremony.

For her daughter's wedding, Mrs. Dickson wore a navy and white dress with white accessories. Mrs. Little, mother of the groom chose a light blue dress with white accessories.

Mrs. Johnny Hillcox was pianist and Miss Shirley McIntosh was soloist.

Ushering were Mr. Al Curtis and Mr. Rueben Heppner.

Out-of-town guests at the wedding were the bride's grandparents Mr. and Mrs. E. H. Bonner, Mr. and Mrs. John Cuff and family, Mr. Sam Gittel, Miss Shirley Johnson, Mr. Lorant Wiens, all of Edmonton. Miss Doris Locke, Fort Saskatchewan; Mr. and Mrs. V. Keast and family and Mr. Martin Craig, Dewberry; Mr. and Mrs. Marvin Little, [illegible] Mr. and Mrs. Albrecht, Vegreville [illegible]

Miss Clara Cuff, cousin of the bride was in charge of the guest book.

Following the wedding, a reception was held in the Legion Hall for approximately 150 guests.

Mr. Hartley Sorenson proposed the toast to the bride. Mr. Albert Mix and Mrs. J. Schroeder [illegible] singing. Several telegrams were received, among them was one from Miss Betty Little of Toronto, a sister of the groom who was unable to attend.

For her going away outfit the bride wore a panama dressmaker suit with plaid panama shoes. Her corsage was white roses. The young couple will reside on the farm at Vermilion.

OBITUARY

MRS. JESSIE MONTGOMERY

Funeral services for the late Mrs. Jessie Montgomery of Heinsburg, who passed away on August 5th, 1959 at the age of 82 years were held on Saturday, August 8th at 2 p.m. from the Heinsburg community hall with Rev. G. Roach officiating. Interment took place in the Dewberry cemetery. Pallbearers were Ray Thompson, Walter Jones, Jim Jones, Leonard Coombs, John Maltais and Jim Wilson.

She is survived by her daughter, Mrs. R. Greger of Heinsburg, six grandchildren and nine great grandchildren, and one sister, Mrs. Edith Chittenden of Victoria, B.C.

Floral tributes were received from Rudolph and Pearl; Grandsons and Wives; Jessie, Lloyd and girls; Jim and Janet; Donald and Alice; Norman, Winifred and Gail Howarth; Mr. Dubois and N. Dubue family; Mr. and Mrs. J. Malaynuik; Greenlawn Old Timers Association; Edith, Stanley and Myrtle.

Flowers to the house: Millie and John.

Park Dale Funeral Home took charge of arrangements.

CARD OF THANKS

We wish to express our sincere and heartfelt thanks to our many friends for the kind expressions of sympathy, floral tributes and assistance during our recent sad bereavement. Also special thanks to the Doctors and staff of the Elk Point hospital for the special care given Mrs. Montgomery during her stay there.

Mr. and Mrs. R. Greger and Family.

The Standard hopes to catch up on the rest of the local news in the next issue. In the meantime if you have been holidaying, or had visitors, tell the Standard about it.

Mr. and Mrs. Simon D. Simonson and their two sons Parnell and Arne left on Monday for their new home at High River. The family spent seven years in Vermilion and their departure is keenly regretted.

Mr. and Mrs. Frank Young returned early this month from Courtenay, B. C. where they spent some eight weeks. Frank was engaged on some interior work on a store for Stedman's while there.

Mr. and Mrs. Jack Wright and daughters have spent the past month holidaying at the west coast.

Mr. and Mrs. George Law of Vancouver have been in town this week, guests at the home of Mr. and Mrs. Melvin Hill.

Mrs. Jack Sr. left by plane on Wednesday night for Vancouver.

Surprise visitors at the home of Mr. and Mrs. Wm. Krause on Sunday, July 26 were his brother Jim Krause of Vancouver, brother Bruno of Red Deer and his 4100 miles and visited Salt Lake, Mr. McIntosh of Red Deer. The surprise family reunion was a very enjoyable one.

Mr. and Mrs. Bert Osbaldeston recently returned from a very enjoyable motor trip in company with their daughter Ella and husband. They went first to Banf, Salt Lake on to Arizona and Penticton on the return trip.

Mrs. Donald Fontaine of Prince George, B.C., and little son Kenneth, were recent visitors at the home of her parents, Mr. and Mrs. Edward Barclay in Vermilion.

Mr. and Mrs. John Peterson and daughter spent their holidays visiting in Spokane and at Waterton Lakes.

Mr. and Mrs. Rod MacPhee and son Robert returned Sunday from a motor trip to Dawson Creek and Fort St. John. At the latter place they visited a sister of Mrs. MacPhee and a brother of Mr. MacPhee. In all, a week was spent in the north.

Mrs. Anne White and daughter Barbara of Grande Prairie spent a month's holiday visiting with her mother and father, Mr. and Mrs. John Kuzek in Vermilion. Mr. White joined them for a few days before their return trip home.

Mr. and Mrs. John Kuzek left by car for a two week holiday at Miette hot springs accompanied by their son Bill and daughter Elizabeth. On the return trip they will spend a few days visiting with Mr. and Mrs. E. J. White in Grande Prairie.

Mrs. A. Cameron had as her guests over the holiday week end of August 1st, her grandchildren, Mr. and Mrs. O. Mitchell and family and Don Cameron and friends, all from Edmonton. Mrs. Cameron plans to leave the first of the week for Saskatoon to spend a couple of weeks visiting old friends.

LOCAL NEWS

Mrs. John Morgan and family of Calgary were visitors in Vermilion during last week staying with Mrs. Morgan's mother Mrs. H. P. Long.

Mr. and Mrs. Harry Brown left last week end on a two weeks' vacation during which they will motor to Calgary to visit their daughter and family.

Mr. and Mrs. J. R. Booke, Mr. and Mrs. Reg Mitchell and Joanne, and Mr. and Mrs. Jack Kneale and Avril went on a two weeks' trailer holiday driving as far as Portland, Ore. They returned home this week.

Mr. and Mrs. G. W. Sutherland took a trip to Winnipeg and thence south into the States during the first two weeks in August.

Mr. and Mrs. Albert Miller and son Myles returned home Monday after a two weeks' stay at Waskesiu.

Mr. and Mrs. George Mead and sons Bob and Jimmy attended the Hall-Mead wedding in Edmonton on Saturday, Aug. 1. They were accompanied by Mr. Mead's mother Mrs. Addie Mead. Following the wedding Mrs. Mead Sr. and her grandson Bob flew to Calgary to spend Sunday and Monday with the former's sister, Mrs. Ella Lundrigan.

Mr. and Mrs. Ed Corley returned last week end from a two weeks' motor trip to the Okanagan Valley. They were accompanied by Mrs. Grace Adam of Edmonton.

Mr. and Mrs. Bill Elder and family of Calgary, and Mr. and Mrs. M. Heslop of Vancouver, spent the civic holiday week end visiting in Vermilion at the home of Bill's mother, Mrs. O. J. Elder.

Mr. and Mrs. E. M. Stewart and their daughters Anne, Dorothy Jean and Ruth, spent two weeks at their summer home at Jackfish Lake, Sask. They returned home Saturday, Aug. 15, the date of their silver wedding anniversary, and in the evening many of their friends called to offer congratulations and best wishes.

Mr. and Mrs. Bill Olson, V.S.A. campus, left last week end for a three weeks' motor trip, planning to go to the Peace River country and then travel down the Hart highway.

Mr. and Mrs. Carman Long went to Banff last week end where Mrs. Long will remain as a participant in art study courses at the Banff School of Fine Arts for a few weeks.

Mr. and Mrs. Darwin Houston formerly of Islay, were visitors in Vermilion on Wednesday, renewing old acquaintances. They were on their way home after spending a week at Waskesiu National Park. While in Vermilion they called on Mr. and Mrs. E. M. Stewart, Mrs. Thos. Rothwell and Mr. and Mrs. Ashley Cooper.

Visitors at the home of Mr. and Mrs. John MacGillivray and family of Clandonald during the month of July were Mr. and Mrs. Don Gallagher and family from Vancouver, B. C. Don is a brother of Mrs. J. MacGillivray and this was his first return trip in 15 years. The family now numbers four children whose names are Billy, Barbara, Owen and Ian.

Mr. and Mrs. E. Clendenning and Margwynne spent several days the past week visiting with friends in the central part of Alberta. Margwynne attended Girl Guide camp at Tangle Trees on Pigeon Lake where she completed work towards her 'Campers' badge. After their visit at other points Margwynne stayed at Leduc for a few days, the guest of Eleanor Watkins.

Mr. and Mrs. Matt Kada and young son Stanley of Clandonald motored into Saskatchewan the week end of August 1. They stopped in Regina, visiting the Sabo family, a sister, and then on to Weyburn to the wedding of one of Matt's nieces. After the reception, the trio, along with others of the wedding party, drove home to the Esterhazy and Stockholm districts where they called on the other sisters and brothers. At a church picnic in Bangor on Sunday Matt renewed old acquaintances with many friends he had not seen for some twenty years.

Jim Stanley of Worsley, Alberta, arrived during fair time to spend a week or so visiting friends and relatives in and around Clandonald. He reports crops looking very well in the Peace River country. There has been an abundance of rain at Worsley, enough in fact to slow up summerfallowing and haying.

Mrs. Norm Stanley of Landonville, accompanied by her two daughters Norma and Sylvia, left on Aug. 10 to visit her sister-in-law Mrs. Ken Hoffman and family at Braemore Lodge in Penticton. Mrs. Stanley will only stay for a week, but the girls will remain with their Aunt Jessie until the summer holidays are over.

Miss Dorinda Anderson of Edmonton is spending a few days at home and will attend the wedding of her brother Harvey on Saturday afternoon.

Mrs. Alex Stone and daughter Doreen were recent visitors at [illegible] of daughter Louise and family. From there they went to Penticton to visit Mrs. Stone's brother and family, Mr. and Mrs. Bill Smith. The trip was made by car.

Mr. and Mrs. F. D. McHardy have recently returned to Edmonton from a very enjoyable holiday in the United Kingdom and Europe. They and the family have been week end guests at their farm home in Claysmore visiting Mr. MacHardy's parents.

Mrs. Wm. Sinclair and family of Calgary were visitors at the home of her parents, Mr. and Mrs. A. E. Kaiser, during the first two weeks in August.

Mr. and Mrs. George Seuffert recently enjoyed a visit from the latter's aunt and uncle, Mr. and Mrs. J. H. McKendry of Toronto who were west on a three week vacation. While here Mr. and Mrs. McKendry and Mr. and Mrs. Seuffert motored to Dawson Creek where they visited Mr. and Mrs. John Bobel. From there they travelled over 800 miles north along the Alaska highway, going as far as the Laird river. They found the highway good and the scenery beyond description.

F. O. Bob Hemmingway, R. C. A. F., stationed at North Bay is presently at Cold Lake for two weeks, taking advanced courses for jet pilots. Bob has been spending the week ends at the family home in town.

Duncan Locke was in town from Calgary to spend the week end with his parents Mr. and Mrs. E. A. Locke.

CARD OF THANKS

We wish to extend our sincere and heartfelt thanks to all the people in Kitscoty and Vermilion and districts for the kindness and help extended to our family during the recent illness of Mr. Zubiak.

Mr. and Mrs. Mike Zubiak.

CARD OF THANKS

I wish to thank Dr. Evans, Dr. Serbu, Miss McPhee, the nurses and staff of the Vermilion hospital for their kindness to me while I was a patient there. Thanks also to all my friends for the lovely cards and visits. Special thanks to the Golden Age club and the C.W.L.

Mrs. Margaret A. Butler

ENGAGEMENT ANNOUNCED

Mr. and Mrs. John Toner Sr., announce the engagement of their daughter Alice Kathleen Margaret to Mr. James Joseph McGaughey, son of Mrs. H. McGaughey of Vermilion, and the late Michael McGaughey. The wedding to take place on Saturday, September 5th, 1959 at 11:45 o'clock in the morning at Holy Name Roman Catholic Church, Vermilion.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Milt Farrell of Clandonald wish to announce the engagement of their daughter, Glenda Ann to Mr. Harvey John Anderson Jr., son of Mr. and Mrs. H. J. Anderson of Vermilion. The wedding to take place on Saturday, August 22 in the First United Church, Vermilion at 2:00 p.m. A reception will follow in the Allandale Community hall.

ENGAGEMENT ANNOUNCED

Mrs. Ruth Murphy of Edmonton, Alberta, wishes to announce the engagement of her eldest daughter, Lorraine Ruth, to Constable Alvin David Coker, son of Mr. and Mrs. Walter Coker, Huntsville, Ontario. The wedding will take place on September 19th, 1959 at 3:00 o'clock p.m. in the United Church, Minburn, Alberta.

Mr. and Mrs. Reg Ireland and daughter Phyllis enjoyed a holiday motor trip to Banff, then over the Big Bend highway to Armstrong where they visited Mrs. Ireland's sister. They went from there to Penticton in time to take in the famous peach festival and where they visited uncles and aunts of Mr. Ireland.

Sympathy is extended to Mrs. Wm. Krause, bereaved by the death of her mother Mrs. Margaret Moore, who passed away at Nelson, B. C. on Wednesday. She was 94 years of age. Mr. and Mrs. Krause left Vermilion on Wednesday to attend the funeral.

HARWAYNE

Congratulations to the grade nine and grade 12 students who passed so successfully and the best of luck to them as they go on. Sheila Robbie, Eunice Gray and John Bell are taking Education at the University of Alberta; Louise Parker will be a nurse-in-training at the Lamont hospital. Harvey Graham and Eldon Giles will attend technical school at Calgary. Betty Ann Murray is going to take a business course in Lloydminster and Arnold Kvill has made several applications for positions.

More congratulations — to Mr. and Mrs. Gerald Kent on their 25th wedding anniversary last week, also to Mr. and Mrs. Leslie Parker on the birth of a daughter.

Mr. and Mrs. Alec Romanick and Clarence and Mr. and Mrs. Nick Romanick are holidaying in Ontario. Jeanne is staying with Mr. and Mrs. V. Quist.

Mr. and Mrs. Edgar Bell and Kay motored to Radisson, Sask., to visit Mr. Bell's brother.

Grace Hale attended the CGIT camp at Sylvan Lake this past week.

Cecile and Vera Wells have been visiting a sister at Sundry.

Mr. and Mrs. L. Isert and children, Mrs. Currie, Sheila Robbie and Eunice Gray were Edmonton visitors this week.

Mrs. Currie is back home now after spending some time caring for Mrs. E. M. Miller in Lloydminster.

Mrs. Shirley Atkinson and children are visiting at the home of her parents Mr. and Mrs. A. [illegible]

Irma Parker and Betty Klinkner were home from Lamont last week end. Irma is now on her six weeks of duty at the san in Calgary.

Sorry to report that Mrs. Meiklejohn and Mrs. Sinclair are patients in the hospital.

Mrs. Hughes of Billings, Montana visited with her sister Mrs. Holmes for the past week. Mrs. Holmes accompanied her as far as Edmonton on the return trip and will visit friends there for several days.

Mr. A. Fairbairn and Gary are on a two weeks' holiday at Lake Laurier. Mrs. Fairbairn will join them the second week.

Billy Giles and a friend visited at the home of his parents last week end.

Mr. and Mrs. Joe Thompson of Edmonton visited friends here last week end. The two boys spent the week at C. Crichton's.

Mrs. Cunningham of Lloydminster and an old timer of the Beiramp district, is visiting with Mr. and Mrs. Doull for a few days. Happy birthday Mrs. Cunningham and the same to you Mrs. Guy Williams Sr.

Sincere sympathy is extended to Mr. and Mrs. Gorbel and family in the passing of Mrs. Gorbel's mother Mrs. Foss Baltaire. Mrs. Baltaire was here visiting recently and passed away at Penticton on her way back to Vancouver. She was travelling with her sister. Funeral service and burial took place in Edmonton on Wednesday.

Mrs. Shaw wishes to thank all those who were so kind to them while her husband was in the hospital at Elk Point and her daughter Eleanore in hospital at Bonnyville. Mrs. Moorehead is now convalescing at the home of Mr. and Mrs. H. Dow Jr. and Mr. Shaw is at home.

Mr. and Mrs. Herb Sobruski and son of Prince Albert visited [illegible]. They are moving very soon to Vancouver.

Irwin Sobruski has been transferred to Edmonton and will be moving there soon with his family.

Wayne Laird who has been on staff here with the Toronto-Dominion bank, has also been transferred to Edmonton to a new branch in Forest Heights.

Mr. and Mrs. Wes Craig have moved into the Astley house, Mr. and Mrs. Darwin Franklin into the Haskell house and are making alterations there. Mr. and Mrs. Currie's house has been moved onto the new foundation and Larry Isert has the basement dug for their new house.

Mr. and Mrs. King White and family of Kimberley, B.C., are visiting at the home of Mrs. White's sister, Mr. and Mrs. Ted Rea.

PARADISE VALLEY NEWS

During the week Mrs. Colin Ball had as guests her brother Flt. Lt. Mack Sauder, his wife and family of Saskatoon.

Some harvesting is being done. Several have cut their wheat and baled it for feed. A lot of the barley will have to be left for straight combining as it is too short for swathing. The oat and barley crop is very short in this district. A few fairly good [illegible] of wheat can be found on summerfallow.

Mr. and Mrs. Mel Nyartvold and family were recent visitors at Lougheed, and while there took in the local fair.

Glad to see Frank Wood home from the Lloydminster hospital where he was confined for a few days taking treatment. Another patient in the hospital was Mrs. Fred Towndrow and her many friends wish her a speedy recovery.

Mr. and Mrs. L. Knutson and Mr. and Mrs. W. A. McLean attended the wedding of their niece at Edmonton on Saturday.

Mr. Ben Liever held a sale on his farm north of Paradise Valley on Friday as he is giving up farming. The W.A. of the United Church served lunch at the sale.

Again this year the question of school in the hamlet is a big one. Just what the outcome will be no one knows at the moment. Let us hope that a full course will be provided for. Our pupils should have a chance to complete their education in their own home town.

The weather as we write these notes is rainy. Not so good for haying and too late for the crops but may help the spuds.

Congratulations to the grade 9 pupils who passed their exams. We believe the percentage is good.

Do not forget the chest X-ray unit will be in Paradise Valley on Sept. 1 at the high school auditorium. This is free.

Sorry to hear that Mrs. E. J. Coleman is a patient in the Vermilion hospital for a check-up; also that Mr. A. S. Benner is in the Lloydminster hospital.

Grand Mistress of Provincial L.O.B.A. Visitor to Mannville

MANNVILLE. — The Mannville Prince Edward Lodge 282 LOBA, was pleased to welcome to the regular meeting last Monday evening Aug. 10 their Provincial Grand Mistress, Mrs. Minnie Jackson of Irma. Accompanying her was Mrs. William Veer of Irma. The ladies were driven over by Mr. E. Fenton, also of Irma.

In her remarks to the worthy mistress Mrs. Jean Schock and fellow members of the lodge R. W. Sister Jackson remarked that she knew a shower (bridal) was being held that same night [illegible] of one was meant (a sudden rainstorm had descended in a deluge upon the town during lodge). Mrs. Jackson spoke on the topic "Is Orangeism Needed?" In her opinion it was a vital necessity as "it seeks nothing for its members which cannot be extended to all citizens". Orangeism, she said, "is practising brotherhood and love as was taught by our Lord Jesus Christ".

Following the regular lodge meeting, a delicious lunch was served by the committee in charge for that evening. Mrs. Jackson was presented with a silver spoon as a memento of her visit.

Health Unit Notes

IF POLIOMYELITIS STRIKES, WHAT TO DO!

Poliomyelitis attacks relatively few people, and, with immunization, prompt attention and good care the majority make a satisfactory recovery.

The truth of this statement is borne out by facts. In 1958, for instance, there were only 1168 cases of poliomyelitis in the whole of Canada. This means that approximately 12,000 Canadians escaped infection for every one who contracted the disease. Furthermore, of those who did contract the disease three out of four were NOT permanently affected and only about six out of every hundred did not survive.

These facts are stated only to allay the general fear of prevalence of the disease, but constant vigilance and care are imperative in its avoidance, and quick recognition of its symptoms are of the utmost importance.

In the one out of four or five instances where permanent effects of the affliction cannot be avoided, good medical care may minimize crippling or correct some deformities. Promises of complete cures in such cases are unwarranted, however, and sound medical advice is absolutely necessary.

DON'T BE MISLED!

A minor illness may be serious. Early signs of poliomyelitis resemble those of many other illnesses.

The children have a better chance for recovery if treatment is begun promptly. It should start the day the attack is recognized. CALL YOUR DOCTOR AT ONCE if symptoms include headache, muscle soreness or stiffness, or unexplained fever. Stay in bed pending advice of your physician. Take your doctor's advice if he orders hospital care: early diagnosis and prompt treatment are very important.

HOW POLIO SPREADS

Research shows that polio virus leaves the body in throat and bowel discharges. Following this clue, scientists have found virus in sewage and it has been obtained from flies trapped in epidemic areas. However there is no proof yet that polio is spread through flies or sewage.

People who have been in contact with a case may be carriers of the virus though not themselves affected. It was formerly thought that the virus entered the body through the olfactory nerve but entrance through the nose and throat now seems more likely.

THE PROMISE OF A USEFUL LIFE

Poliomyelitis results from damage to nerve cells in the spinal cord or other parts of the central nervous system. In some cases so few nerve cells are damaged that there is no paralysis or it is temporary. About half of the cases with paralysis get over it spontaneously, and all benefit from proper treatment.

If so much damage has been done that paralysis is permanent a surgeon can often transplant muscles so that parts of healthy ones can do the work of those injured. Braces can sometimes be fitted to support a paralyzed back or legs. The case of Louise, who wears braces but has learned to typewrite and is learning to walk is one of many which prove that infantile paralysis victims can do things for themselves and lead happy useful lives.

IN THE DANGER MONTHS

Avoid new contacts and mingling with crowds. Whether children are safer in school with their usual companions or with schools closed, will be decided by local health officials, all of whose suggested precautions should be followed carefully.

Beware of headaches, unexplained fever, or upset stomach. Other early symptoms may be poor appetite, irritability, nausea, vomiting, diarrhoea, or constipation, trembling, pain, or stiffness in the back or neck. Any of these symptoms may be lacking but consult your doctor when any of them appear.

PROMPT ACTION ESSENTIAL

June through September is the danger period when these simple rules should be followed:

1. Avoid crowds and new associates, especially in close daily living.

2. Avoid overfatigue. Exhausting play or work, or continued activity when feeling ill may invite a more serious form of disease.

3. Avoid chilling. Don't swim in chilled water when overheated. Take off wet clothes and shoes at once.

4. Keep clean. Be certain that all objects entering the mouth are clean. Wash hands after going to the toilet and before eating. Avoid using another's pencil, handkerchiefs or utensils or food touched by soiled hands.

5. Keep food clean. Scientific investigation shows that clean fruits, vegetables, meat and other foods do not cause polio. [illegible] covered and free from flies.

6. Postpone, if possible, removal of tonsils, adenoids and teeth extractions during the epidemic seasons.

[illegible] of force, give place to better [illegible]

FACTS FIGHT FEARS

Half or more of those having poliomyelitis show no after effects, another fourth recover with slight crippling. Don't let your anxiety or fear reach your children. A happy state of mind helps to obtain fuller recovery. Your own confidence will make things easier for you and for others.

REMEMBER:

1. That a course of injections is available at your Health Unit to protect you against the disease.

2. Consult your doctor when in doubt.

3. Early diagnosis is imperative.

4. Prompt action is imperative.

4. Prompt action is essential.

5. Remember also that expectant mothers are more susceptible to poliomyelitis, therefore should be immunized against the disease.

Former Mannville Family Holds Re-union in City

MANNVILLE. — An interesting family reunion took place recently at the home of Mrs. Phyllis Graham and husband in Edmonton when members of the Cundal family met together for the first time in 25 years for a family gathering. Mrs. Graham is a granddaughter of Mrs. Alberta Cundal and the late Mel Cundal who formerly resided at Mannville. Present at this enjoyable occasion were Mrs. Alberta Cundal, Mr. and Mrs. Ken Cundal, parents of Mrs. Graham, all of Edmonton; Mr. and Mrs. Harry Bearisto of Winnipeg, Mr. and Mrs. Nelson Cundal, Norma and Lorie, Mr. and Mrs. Maurice Mercer and Gail, all of Mannville, also their married daughter Carol and husband Bruce Bennett and their new daughter of Edmonton. Missing from the party were Master Bobby Cundal son of Mr. and Mrs. Nelson Cundal and Mr. and Mrs. Nelson Bearisto of Cold Lake, son of Harry and Gladys Bearisto. According to all reports a sumptuous repast was enjoyed and a wonderful visit as well.

The Homemaker

NANCY HOOPER
District Home Economist
Wainwright, Alta.

SIMPLE SALADS

Does your family have at least one salad every day? Make the most of the salad ingredients from your own garden. Nearly all garden vegetables can be used in salad-making. Have you ever tried the combination of cucumber and onion in a jellied salad or tomatoes stuffed with "egg salad"? Keep experimenting until you find a new one which the family really enjoy. A new bulletin entitled "Salads" has been published by the Canada Department of Agriculture. It contains simple, inexpensive and unusual recipes. The ingredients are those which most of you already have or can readily obtain. Write in to this office if you would like a free copy.

SCHOOLS DAYS AHEAD

Somewhere now in your busy schedule you must find time for sorting, lengthening, making or buying clothes for your school age children. The younger ones especially need clothes suited to their active lives. Choose or make garments which slip on and off readily. Raglan sleeves, loose necklines and elasticized waistlines facilitate easy removal as well as providing comfort.

Pattern selection for the home sewer is determined by the size of the child, not the age. Compare the child's body measurements with those listed on the back of the pattern envelope.

Allow for growth when you select and make up a pattern but clothing should not be too large. Children feel self-conscious and shy when their clothes are too big for them.

To make life easier for you, choose fabrics that are labeled washable, colorfast and pre-shrunk. Drip-dry cottons and appropriate no-iron synthetics are a boon to busy mothers too.

NOTICE TO THE VERMILION LLOYDMINSTER AREAS

Commencing Tuesday, Sept. 1 I shall be spending the first and third Tuesday of every month in your district. Please phone or drop in to the Department of Agriculture in Vermilion if you have a home making problem.

People who borrow money to get themselves out of the rut usually end up in the hole.

Mannville and District Local News

Jim and Polly Black of Ottawa spent a few days visiting their relatives, the D. Croft family recently.

Gladys and Harry Bearisto of Winnipeg are holidaying at the home of Maurice and Ethel Mercer, the latter family having returned from an enjoyable holiday this week end.

Miss Gail Mercer spent part of her holidays with her sister Carol and hubby, and her new niece Lorie.

Mr. and Mrs. Harry Osborn and family of Saskatoon, Mr. and Mrs. Bill Osborn and family of Edmonton were visitors at the parental home last week.

James Croft and friend Bill Erwin of Edmonton were Mannville visitors at the Hanning-Lord wedding recently. The boys spent an enjoyable holiday at Sylvan Lake the following week.

Morris and Jean Manz and family were noticed among the visitors to Mannville recently.

Mr. and Mrs. Angus Smith and family have taken up residence in the former house occupied by Mr. and Mrs. Hugh Doherty.

Visitors to Mannville recently were oldtimers Johnny Foster and daughters whom Cap Wright had not seen since 1914.

The district was saddened by the news of the passing of Stella Majeau, the former Stella O'Connor who worked in Mannville for a good many years.

Ralph Leitch returned Sunday from a holiday trip to Saskatoon.

Miss Marion Schork has returned from a trip to Saskatchewan to see relatives.

Mr. and Mrs. Bill Haymond of the west coast are visitors at the R. Johnston home.

Mr. and Mrs. Graydon Arnold of Calgary were recent Mannville visitors, when they attended the Hanning - Lord wedding.

Miss Jamie Wilson was a Mannville visitor recently, and is now at Kitscoty visiting relatives there.

Mrs. Nettie McFadden is enjoying a well earned holiday at the west coast.

Mannville Girl Feted Prior to Marriage

MANNVILLE. — A bride-elect of this month, Miss Arline Leitch, formerly of Mannville and now of Edmonton, was honored recently at a miscellaneous shower in the United Church social rooms. Mrs. Mae Proudfoot made the presentation of gifts to Miss Leitch with a few well chosen words. Arline thanked everyone after opening all her lovely gifts in a very gracious speech. Many beautiful presents were received. After an enjoyable evening of games and contests lunch was served 'ere the ladies departed for home.

Noted Criminologist To Address John Howard Society

A noted criminologist and penologist will be the chief speaker at the John Howard Society of Alberta annual conference at Red Deer Sept. 19-20.

Mr Isaac Gurman M.A. of St. Louis Mo. will deliver the address at the annual conference dinner, and will participate in panel and other discussions during the two-day conference.

As executive director of the St. Louis Bureau for Men, past president of the International Prisoners' Aid Association, former consultant to the Department of Corrections of the State of Missouri, present consultant to the Department of Welfare of the city of St. Louis, and Visiting Professor of Corrections at the University of Missouri, Mr. Gurman brings to the conference a wealth of knowledge and experience.

Delegates to the conference and members of the Society across Alberta are looking forward with keen interest to Mr. Gurman's coming visit.

NOTHING BUT THE TRUTH

MILK IS THE MOST POPULAR BEVERAGE -- (with the exception of water).
THE AVERAGE AMERICAN DRINKS 185 QUARTS OF MILK A YEAR !!
It is estimated that a BEE travels 43,776 miles to gather 1-POUND of HONEY!
A 500 FT. AMERICAN TANKER SHIP IS ABOUT ONE FOOT LONGER WHEN FULLY LOADED!

Marwayne F.W.U.A. Hold July Meeting

The [illegible] meeting of the F.W.U.A. was held at the home of Lil Hamernyk Monday, July 27. Alice Milne and Margaret Miller were co-hostesses. There were 24 members and three visitors present. The meeting was opened with singing of "Let's All Sing Like the Birdies Sing", and roll call was answered by "my most treasured possession".

A note was read from Mickey Bendixen thanking the F.W.U.A. for sending him to Farm Young Peoples' Week at Edmonton.

A letter was read from Mr N. N. Bentley, consenting to judge the flowers and vegetables at the show. Plans were completed for the horticulture show which will be held Friday, Aug 14. Proceeds from the sale of flowers and vegetables will go to Home and School. These will be sold only with the consent of [illegible].

Plans were made to cater to the Ford wedding on Friday Aug 21.

Next meeting will be held at the home of Ruby Hale on Monday, Aug. 24. Roll call will be a service supplied by the Alberta Board of Health. Gertrude Tupper and Jackie Crichton will give their demonstrations on aprons which they prepared and gave at the 4-H rally at Olds.

CLANDONALD HALL

Showing at the Clandonald hall this week end Fri. and Sat. Aug. 21 and 22 "Perri", a Walt Disney production in technicolor, advanced prices; next week Aug. 28 and 29, "The [illegible] Six", a drama starring Alan Ladd and Dianne Foster, in technicolor. News reel each week. 6

Rotary Club Donates Gifts to Hospital

At last Friday's regular club [illegible] the Vermilion Rotarians [illegible] ten electric fans to the Vermilion Municipal hospital. The presentation was made by Dr. A. B. King and received by Miss Jean McPhee, matron of the hospital. Miss McPhee said the gift was very welcome and would certainly be appreciated by patients for a long time to come.

Three artists from the grandstand attractions at the fair entertained the Rotary club at the last meeting. Tom Drake was M.C. He introduced ventriloquist Lucile Elmore and Earl Morgan. Both these entertainers were greatly appreciated by everyone. Morgan's "Smoke Fantasy" will be well remembered.

The members were pleased to hear that the first prize for floats in the fair parade was awarded to the Rotary club.

Guests were Henry Simonson, son of Si Simonson and Bob Rowe, son of Ken Rowe. Also [illegible] Bill Baird of West Edmonton club and Nick Ewanowich of Lloydminster.

A little push will perform more miracles than any amount of pull.

NEWS from ALLANDALE

Around an inch of rain fell on July 2[illegible]. Needless to say it was very badly needed hereabouts.

We were pleased to see folks from quite some distance at the fair including Albert Armstrong from the city who spent the week end at home, and Mr. and Mrs. Howard Robertson from Provost. The Robertson family are moving soon to Kitscoty.

Wilbur Moore and friend [illegible] from Airdrie spent the week [illegible] at home with his parents Mr and Mrs. Charlie Moore at Deer Lake. They also attended the fair.

On July 22 Mr and Mrs [illegible] Lundblad of Valley View [illegible] in at the Walsh home in Edmonton thence to Lethbridge where they visited the Throndsons, on through the States east to Sherbrooke Que. Mrs. Lundblad is attending Royal Purple Lodge as Royal Lady for the Grande Prairie division.

The annual Allandale United Church meeting was held at the centre on July 27. Some of the business discussed was the painting of the church and working on the grounds. Hark McKinnon is the new church board member.

Vacation school in Clandonald for Clandonald-Allandale was well attended. It proved a very interesting and educational week.

Miss Joanne Currie from town was holidaying at the McPhee home and was a helper at Vacation school.

Dorothy, Marlene and Donna Wilson were staying at [illegible] of their grandparents, [illegible] Mrs. Omness and attended the school.

Susan and David Schmidt of Lloydminster were holidaying at their grandparents, the Nelson home, and also attended the school.

On July 31 Mr and Mrs. H. Swanson from the Fort visited with the latters' sister Elsa, the Nelson home. Their daughter Beverly stayed for a holiday.

Mr and Mrs James Walsh and family from Edmonton spent the long week end of July 31 at the home of the latter's parents, the Omness farm. On Saturday the family and Orley went fishing to Muriel Lake, the Walsh family spending the night there.

Mrs. Gertie Swanson of Elk Point who had been on holidays in B.C. visiting relatives, returned to Vermilion on July 30 and visited relatives there and at Allandale.

Little Joanne Throndson, the daughter of Mr and Mrs. Alvin Throndson was with her grandparents at the Sheppard home in Kitscoty over the long week end.

On Aug 2 Mr and Mrs. Theodore Throndson and family from Lethbridge arrived at the home of the former's parents in town. Mr. and Mrs. Throndson. The next day they visited relatives in the district.

Mr and Mrs. Tommy Greaves and family from Edmonton were holidaying at Mulhurst on Pigeon Lake. They then visited Mrs. Greaves' parents Mr and Mrs. Louis Baldock at Camrose. At Edgerton they called on Frances and Don Redmond. They arrived in Vermilion on Aug 4 to visit friends there and in the district.

On Aug 3 four sisters, Mrs. Mabel Lee, Mrs. Erna Armstrong, Mrs. Gertie Swanson and Mrs. Stella Mayers journeyed to Elk Point taking Gertie home. The latter attended a meeting in Spring [illegible] and Mabel, Erna and Stella went picking saskatoons down by the river and found them very plentiful there. [illegible] returned home Wednesday.

On Aug 3 a letter came from Mrs. Pratt of [illegible] and up to that date the [illegible] of her son Doug had not been found. Mrs. Pratt's daughter Dorothy from Burbank, Calif. went by plane to her sister-in-law's Kae and family in Ontario as soon as she was informed of the tragedy. Her husband and girls went to Edmonton where she joined them later. Mr and Mrs. Pratt and family had all planned a re-union this summer as they had never been all together.

It was a lovely evening Aug. 5 when twenty folks gathered for a weiner roast on the farm of Alvin Throndson to honor a mother and grandma on her 61st birthday Mrs. Flora Throndson. Those present were her husband, two sons, Theodore, Mabel and family and Alvin, Evelyn and daughter Joanne, her daughter [illegible] Ralph and family and sister Ellen and Orley. It was the delight of the grandchildren to present grandma with a lovely lighted birthday cake as they sang "Happy Birthday". A visit by the campfire was enjoyed very much. The next morning the Theodore Throndson family left for their home at Lethbridge.

The spraying outfit owned by the [illegible] Co Ltd of [illegible] and operated by Frank Van [illegible] and three university students passed through Allandale on Aug 8. They have the contract to spray the Campbell Lake R.E.A. area. It was a very interesting sight to watch. It consisted of a truck with a 20-foot swinging cage, hydraulic operated. Two of the boys operated the spraying from this cage. Of great concern to most of us was the danger to our gardens from the spray, but Frank was very alert concerning their welfare.

Closing thought: "Happiness the art of living does not consist in preserving and clinging to a particular mood of happiness but in allowing happiness to change its form without being disappointed by the change. For happiness, like a child, must be allowed to grow up."

TULLIBY LAKE

Marilyn Walterhouse is home from Sardis, B.C., to spend part of her summer holidays.

Tom Reinheom got his tractor caught in some stones and broke the frame in two right in front of the rear wheels. The repairman in Dewberry welded it together and the tractor is now back on the job.

Raymond Benson was walking home from Onion Lake when he came face to face with a bear. Before Raymond could make it to a tree the animal had torn a big hole in his pant leg. The excited lad waited in the tree until the bear departed and then hurried home to tell the family about his hair-raising experience.

The post office department has made known its intention to provide twice a week mail delivery at Tulliby Lake.

John Yewchin is visiting at the Leone Nelis and Gordon Coleman connections. John works as assistant manager at a branch of the Toronto-Dominion bank in Edmonton and is presently on holidays.

Mrs. Knute Larson has been under the weather but we are happy to report a gradual improvement in her health.

Dean Benson spotted an 1883 dime while walking down a cow path on the [illegible] ranch.

Tommy [illegible] was up from Ontario for a visit with the Carmichaels and the Ferris family.

NEWS from KITSCOTY

Guests at the home of Mrs. P. Miller last week were her daughter and son-in-law Mr. and Mrs. Russell Sutton of Calmar and Mrs. Paul Martell of Elk Point.

Visiting with old friends in town recently were Mr. and Mrs. Richard Davies and Christopher of Vancouver and Mr and Mrs Alan Harmer of Edmonton.

Mr and Mrs. L. E. Speelman are spending their annual vacation with members of their family in Edmonton, Calgary and Lethbridge.

Mr and Mrs. M Christofferson and Arlene are spending a holiday at Vancouver visiting with Eleanor who is stationed there with the R. C. A. F. (W.D.)

Mr and Mrs. J. R. Chisholm of Edmonton spent several days here recently, guests at the home of Mr and Mrs. C. K. Miller. They also called on several of their old friends.

Mr. and Mrs. Hilbert Kheon and baby son of Edmonton visited here for a few days with Mary's folks, Mr. and Mrs. J. Manson.

Mrs. A. R. Seal and infant son from Evansburg spent two weeks here visiting with Margaret's parents, Mr and Mrs. F. H. Seward.

Mr and Mrs. Ralph Gray and family are spending their holiday at Cold Lake.

Mr Tommy Govier has been visiting his sister, Mrs. Sage and family in Edmonton for two weeks. Mrs. A. W. Govier accompanied her granddaughter Margaret Sage back to the city and will spend a few days there visiting with her family.

Mr and Mrs. Roy Walton and family of Edmonton have been visiting with their parents Mr. and Mrs. D. Walton, other relatives and old friends.

Mrs W. Lang, accompanied by Mrs. R. A. Evans, motored to Dawson Creek to visit with Mr and Mrs. Russell Lang and family.

Mrs. Ellis N. Eust and Betty of Winnipeg are spending a holiday here at the Browne and Pidcock homes, and calling on old friends.

Congratulations are extended to Mr. and Mrs. J. Graham on the birth of a daughter July 28th in the Lloydminster hospital.

Mr and Mrs. Burton Parker, Jean and Grace are spending a two week's holiday visiting with relatives at Red Deer, Penhold and Stettler.

Congratulations are extended to the Kitscoty ladies fastball team who won over Devon at Devon last Sunday with a score of 20-12 in the first game and 16-3 in the second. These two teams played at Kitscoty again on Sunday last, Aug. 16th.

Last Saturday Arthur Fortin Jr moved his house down from Greenvale onto its new resting place just east of the Johnnie Forbes' home on the property of Ingver Belsheim.

Jimmie Lee left Friday to motor down to Calgary where he will attend the wedding of his youngest sister Lorrain.

WHAT THE KIDS HAVE DONE

Anyone who is convinced that the younger generation is going to the dogs, might stop for a moment and consider what the kids in the Canadian Junior Red Cross have done, says The Financial Post.

They have raised, since the beginning of the year, some $11,480 and have done it the hard way. From St John's to Vancouver they have sold candy and fruit, staged concerts and dances, washed cars, shined shoes and added it up penny by penny and quarter by quarter.

The purpose: To promote international friendship by bringing to Canada for a few weeks or so boys and girls from Nigeria, Haiti, Ceylon, Peru, Viet Nam, South Africa, Yugoslavia and some 25 other countries.

◆

Most men will lend a hand much quicker than they will [illegible]

Maritimes Oil Search

Search for oil in commercial quantities in the Maritimes is getting hotter says The Financial Post.

Imperial Oil Ltd will start to drill on Cape Breton within a few weeks.

Early exploration work on some 200,000 acres in the Lake Ainslie area, south of Inverness, was undertaken in summer of 1958. Company has now decided that results justify moving in a drilling rig.

Meanwhile, Mobil Oil of Canada Ltd. plans geophysical surveys on 60,000 acres of Nova Scotia's desolate Sable Island.

Man's deeds attract more attention than his creeds.

For Cooler Heads

A cool head in a crisis comes easier when you wear an air-conditioned hat. U.S. firm plans to market a mechanically cooled helmet for outdoor workers. It might be handy for directors' meetings too, comments Financial Post.

CARE IN HARVESTING MALTING BARLEY

Mechanical damage to barley, during harvesting, frequently results in peeled kernels which are undesirable for malting purposes.

It will pay, therefore, to take every precaution to see that barley intended for malting is harvested at the right stage, is properly swathed so as to permit complete drying and maturing, and is carefully threshed so as to avoid the peeling or breaking of kernels.

WOODVALE NOTES

It seems that the prolonged hot spell has come to an end and for the first time this summer a thunderstorm brought rain to the part of the district in which we live. Some of the crops already have been cut but in the north-easterly part of our district it should help with filling out some of the late grain.

Mr and Mrs. Paul Goutier had all of their children down on the farm over the long week end except sons Joseph and Camille and the latter's family. On Sunday evening they all gathered around a fire outdoors and had a weiner roast. Present were Suzanne (Mrs. Yvon Benoit of Vegreville) and family; Therese (Mrs. Arthur Pelletier of Perigord, Sask.) and family; Father Maurice Goutier of Carlston, and two of his Indian charges; Cecile with her husband and little boy from Camrose, Marie (Mrs. Marcel Benoit) of Fort Resolution and family, and Robert and Jeanne, home from school.

Charles Machell from Gananoque, Ont., accompanied brother George back to Islay, bringing his wife and two children. George has been away for over thirteen months on an extended trip. They made quite a number of visits to old friends and neighbors in the [illegible] and Woodvale area. So did Mr and [illegible] A. Couper who stayed with [illegible] son [illegible] and family. They [illegible] had [illegible] on a long trip and will now make their home at Ponoka.

The summer Bible school held under direction of Miss Barbara Campbell was again held in Watson hall this year and was very well attended with around thirty children enjoying the week-long session which ended Friday with parents as guests in the afternoon. Susan Wolters and Margaret McGrath assisted Miss Campbell.

Mrs. Belle McGrath is home again after a week's stay in the Islay hospital.

Mrs. Euna Lysons is taking a trip to the west coast with her son Brooks and family. Keith and Leo are batching and enjoying also some meals at other places when they get tired of their own cooking!

The Red Cross ladies had a meeting at the home of Mrs. Dorothy Selte and were lucky in that Mr E. Webber brought Mrs. Webber and Mrs. Oldenberg out from Vermilion as they would have been short of help to finish the large quilt. There were only six regular members present.

There were thank you letters from the Health Unit and the Mitchell family of Kitscoty for quilts received by them. This family lost all their belongings in a fire this summer. The next meeting is planned for Sept. 9 at the home of Mrs. Gladys Wolters.

Congratulations to Mr and Mrs. Victor J. Patterson (nee Velda Christine Haines) Greenshields, who were married in Edmonton on Friday, Aug 14. A shower was held for Veld, who was born and raised in the Hindville district, at Watson hall the Monday before. It was one of those happy community affairs with many neighbors and friends bringing useful and beautiful gifts for the bride-to-be.

After the wedding on Friday, the young couple came back for a reception in the afternoon at the home of the bride's parents.

Mrs. Bill Haines of Edmonton and her three boys, are spending a few days with M. and Mrs. Haines.

Congratulations to the three grade 9 pupils, Inez Anderson, [illegible] and [illegible] McGrath, and their teacher on passing their exams.

Mr. Ernest McGrath of Rocky Mountain House visited for a week with his nephew Mr. Duff McGrath and family of the Tol[illegible]

The Misses Albertha Lenshoek and Gerda Leer came for a week end from Calgary to the Van Wageningen farm.

HARWAYNE

The sincere sympathy of the community is extended to Mr. and Mrs. Byron, Albert and Leon George, Mr and Mrs. R. A. Swanson and Mr and Mrs. C. Johnson in the passing of their sister Mrs. Gertrude Duckering at Edmonton on Sunday, July 26th. Relatives and friends attended the funeral which was held in Red Deer on Thursday July 30th.

Sympathy is also extended to the relatives of Mrs. Oliver Blake who passed away suddenly at Vancouver. Mr and Mrs. Haskell Tupper, Mr Cy Blake and Mr. Art Stuart attended the funeral there. Mr Blake remained in Vancouver with his son.

Congratulations to Mr and Mrs. Lloyd Hines on the birth of a son.

Mr and Mrs. Don Killam and Mr and Mrs. Kinshella visited with their parents Mr. and Mrs. J. McKay, Abbotsford, B. C.

Mr. Horace Bacon and T. Hughes visited with old friends Tom Williams and M. Ferguson at Mission City, B. C.

Mr and Mrs. W. MacDonald Jr and family went to visit with Mr and Mrs. J. Ramsey at Paddockwood, Sask. After a few days they were all going to Waskesiu.

The Misses Phoebe and Myrna Hines and Virginia Ford went for a trip to the States.

Mr and Mrs. R. Peck and family are spending their holidays at Jasper, Alta.

Kenny Curtis and Clarence Romanick have just returned from ten days at the Anglican church camp at Camp Kapasiwin west of Edmonton.

Mr and Mrs. Colin Midgley and family spent a week at Cold Lake and Mr. and Mrs. Joe Hale and family spent a week at Loon Lake. Others spending the week ends or some time at nearby lakes are the Curtis', Ashworths', Gardiners', Fairbairns and Iserts.

Some of those who have been at their homes or visiting relatives recently are Mrs. A. Lowrie and children of Vermilion, Donnie Hancock, Montreal, Mr and Mrs. R. Hlenie, Saskatchewan; Mr and Mrs. M. Godnowaty, Wetaskiwin; Mr and Mrs. Norman Murray, Maureen Culford, Afton Bader, Mr and Mrs. J. Mislak, all of Edmonton.

Mr and Mrs. Saltzberry are away on holiday.

Mrs Russel of Vancouver has been visiting at the Lucas home.

Congratulations go to Mr and Mrs. Charles Hooker who were married recently in Vermilion.

Kennie Tupper has been transferred from the McLeod store, Lloydminster to St. Paul.

Theo Gardiner is recovering from a double fracture of the jaw bone which he suffered at a ball game at Kitscoty.

Others who have been ill are Mr Lucas, Mrs. Avis Bystrom and Mr. W. Shaw who is still in hospital at Elk Point.

Some local residents who showed stock at the Fairs are Mr. W. Giles, Dennis Bacon, Alvin Parker and R. Golightly.

Mrs. Berry is now living in her house in town.

Mrs. Saltzberry had some ladies in for a birthday party for Mrs. Holmes.

Roy Hutchinson has his house back on the foundation now and has started to build an addition onto it.

Services in the United Church during August will be taken by the student minister, Mr. H. Farquharson, Clandonald while Mr Shortt is on holiday.

Gertrude Tupper and Jackie Crichton representing the 4-H Clothing Clubs of this area attended a 4-H Rally at Olds, Aug. 3rd-6th.

Mr. and Mrs. A. Protsch and family are enjoying a motor trip to Cleveland, Ohio.

Mrs. Marnie Lafoy and Mrs. Janet Hancock attended Farm Women's Week at Vermilion.

◆

Farmers Tour CNR Calder Shops

EDMONTON — A group of 110 farmers and their families visited the CNR's Calder shops recently as part of the Edmonton Chamber of Commerce 12th annual 'agricultural - business day'.

The group was shown the latest CNR motive power equipment and the modern servicing facilities.

During the day they also had talks with the [illegible] of A[illegible] agricultural authorities and made tours of other industrial plants and a dairy farm.

The program promoted [illegible] by the Chamber is [illegible] effort [illegible], agricultural and business people to better understand each other's problems.

How about putting a little sunshine away for a rainy day?

Magnetic Sign

Does a business sign on your car bother you when taking the family on a pleasure trip? If so, advises The Financial Post, there's a new magnetic sign which sticks to metal vehicle, advertising your business. After working hours — just lift it off!

"What Do You Mean—Only ONE True Church?"

Non-Catholics often resent the claim that the Catholic Church alone is the true Church of Christ.

"You Catholics," some of them say, "have a lot of nerve. The Church is universal. Anybody can belong to it who accepts Christ as his personal Savior and models his life after Christ's teaching. We can be members of the true Church without being Catholics."

Many who feel this way about it are, of course, sincere and devout people. And it is not our intention to challenge the various shades of Christian thought which they represent. We do ask them, however, to understand that the Catholic claim is not a matter of arrogance or intolerance — but of the deepest religious conviction.

Nearly all Christians agree that there can be only one true Church. Yet there are hundreds of different denominations — some of them miles apart in what they teach — all claiming to be the true Church. Certainly all of them cannot be right ... in fact, only ONE can.

But which one? How can we identify it?

The Son of God made Himself recognizable to men by coming upon the earth with a body and soul like ours. It was in His physical body that He died for our redemption. Having thus so carefully revealed Himself to the people of His own time, would He not make equally sure that future generations should also know Him?

Catholics believe that the Savior did so, through the Church ... in which he is "able *at all times* to save those who come to God through Him." The Church is, therefore, not merely a body of people believing in Christ ... but the Body appointed by Christ Himself to continue His mission of redemption.

"He who hears you," the Savior said, "hears Me." For Catholics, this means that when the Church speaks it is Christ speaking. When the Church offers prayer and sacrifice and forgiveness of sins, it is Christ's prayer and sacrifice and forgiveness of sins. The Church, as Catholics see it, is Christ living in the world today!

Free

Must the Church be an organized system? Is the Church infallible? Is it composed of saints and sinners? Can we reject the Church without rejecting Christ? Must I belong to the Catholic church to be saved? The answer to these and many other important questions is available in a pamphlet which we will send you without cost or obligation — which you can read in the privacy of your home. Write today ... Ask for Pamphlet No. KC-16.

LIGHTEN UP - BRIGHTEN UP YOUR HOME ELECTRICALLY

It costs so little to live brighter ... live better ... electrically. And it's amazing what a bright difference a few 'extra' lamps will make to your home. Handsome light fixtures and new colorful light bulbs make modern homes gayer and more comfortable. Planned electric lighting is pleasing and restful to the eye ... and the addition of a few electric lights can transform your garden into an enchanted place. For only a few pennies a day, you can make such a big, bright difference to your home ... electrically.

Your electrical contractor or electrical appliance dealer will be pleased to show how simple and inexpensive it is to brighten up your home with planned home lighting.

"Helping you to live better ... electrically"

Mannville Has Early Harvester

MANNVILLE: Having heard nothing to the contrary we feel that Eddie Poliakowski is the first person in the Mannville district to thresh grain. Eddie recently threshed some of his crop for feed.

WILDMERE WINKS

Vermilion fair is now past history. It was wonderful weather for the annual event, too hot perhaps for the crops, but apparently just what the people wanted as good crowds attended all three days.

Mr and Mrs Frank Gibson, Isabelle and Ernest of Basswood, enjoyed a ten-day holiday visiting relatives in Manitoba. The weather was real hot for travelling. Mrs Hemmingway of Vermilion accompanied the Gibsons as far as Saskatoon.

Maureen Cruthers was a recent patient in the hospital having her teeth extracted and a plate fitted. Maybe these won't ache so much Maureen!

Miss Joan Dibben of Basswood accompanied Mr and Mrs. Harkness and daughter Mary of Edmonton on a motor trip to Halifax N.S. She reports a nice trip and enjoyed viewing a lot of country and lovely scenery. While in Halifax Joan phoned Mr Robinson's home but got no answer. Mr Robinson was our student minister here last year.

[illegible] daughters of Mr and Mrs. Norman Smith of Edmonton, are here spending a holiday with their aunt and uncle Mr [illegible] Mrs. Cliff Cruthers and family.

Last week was Church Vacation School week at [illegible] Classes were held at Basswood [illegible]. On Sunday evening [illegible] took most of the church service and it was very well done. Mr Nicholls spoke on the benefit of Vacation school and how the children profit by it. They learn about Christ and his teachings, handicraft and cooperation with other children. The things they made were on display and were viewed by the congregation after the service. Mr Nicholls was assisted [illegible] girls gave a brief outline of their work and also gave out attendance cards during the service [illegible]

Congratulations to Mr and [illegible] on the birth of a baby girl.

We had a wonderful holiday. The day we left on our trip it was terribly hot and travelling very uncomfortable. We enjoyed seeing different country however and noticed that crops were not good in many parts we travelled through. There were some places though where they had wonderful stands of grain, especially around Brandon, Portage La Prairie, parts of Minnesota and North Dakota. In Ontario where we were visiting it has been dry too and hay crops are no good there this year. On our way home we came through North Dakota to Portal where we crossed back into Canada. Weather was nicer and not so hot on our homeward journey so we really enjoyed it. On our way east we stopped at Biggar and picked up Bobby Graham who went with us to Ontario. Peggy Graham, who has been nursing in Bermuda, returned while we were east and spent a few days with us at Echo Bay Ont. She will be home here this week for a short visit before leaving to nurse in Vancouver. While we were away Mr and Mrs. Webster looked after things here for us and found they had done a splendid job. We had a wonderful three weeks holiday, but as the old saying goes, it's nice to be home again.

We hope the Standard editor and staff had a nice holiday too.

Congratulations to all the high and public school pupils on passing and our sympathy to those who were not so successful. Better [illegible]

NEWS from ISLAY

Mr. and Mrs Reid of Scotland and now of Winnipeg visited a couple of days with Mr and Mrs. Jim Allan. A grand visit was enjoyed as the visitors lived in the same part of Scotland as the Allans at one time.

Mrs. Beecher Linton and children of Hay River, Mr and Mrs. Harry Armstrong and children of Edmonton and a lady from Toronto were visitors at the home of Mr. and Mrs. Alex Linton recently.

Mrs. Helen McCaughan, Rod and Randy Jarvis were visitors at her old home in Chilliwack, B.C.

The Moncrieff family, the Ev Inman family and Douglas Van den Dolder were holidayers at Loon Lake, Sask. The McLean family spent some time at Cold [illegible]

Mr and Mrs Gordon Purser spent a holiday at Grimshaw where Mrs. Purser has a sister.

Mr and Mrs. Bob Kohn and family of five girls and one boy visited his uncle and aunt Mr. and Mrs. Sol Kohn and Henry over the week end.

Mr and Mrs. Dave Martin and Don spent a few days at Loon Lake. Mr. McNeeley did the chores for them while they were away.

Mr. and Mrs. Jack Hurst, Harold and Peggy spent holidays in Saskatchewan.

George Marchell has returned after being away more than a year, in England [illegible] family came for a few days visit.

Mr. and Mrs Bill Aaley were called to Calgary owing to the illness of Bill's mother.

The United Church W.A. held their monthly meeting which was postponed a week, on Thursday, Aug. 13 with a small attendance as a number were on holidays. A committee of Mrs. Edna Torrance and Mrs. Betty Shaw are to look into the cost of a closed-in porch on the north door of the church hall, also into cost of tile or yardage linoleum on church floor. The question of pews is still being studied. Plans were made for the yearly W.M.S. rally for the first Thursday in September, the 3rd, at 3 p.m. Results of catering to the Jack Smith wedding were found to be most gratifying. The W. A. members wish to thank all who assisted in any way.

Mr. and Mrs. Merrill McKerlhan had a very pleasant surprise Thursday when they received a telephone call from Joe Waterfield, Dublin, Ireland, where he was on holiday. Joe has been two years in England getting his Ph.D. in Electronics. He expects to spend another year there yet.

Mr. Fred Maddex and Mr. Will Muir were in town Monday. Mr. Maddex visited Mrs. Maddex who is in hospital here.

Gloria and Dermott Kowalski of Calgary are spending two weeks at the home of their uncle Mr Leo Kowalski, Mrs. Kowalski and their cousins.

A very pleasant time was spent at Kenilworth on Sunday afternoon, a picnic supper and a shower for bride-elect Miss Shirley Fortin and her fiance Mr. John Scott. Mr. and Mrs. Chas. Young, Shirley's grandparents, were present too, and it was as much a surprise to them as to the young couple. Shirley and John received many lovely gifts. The happy couple thanked all for their kindness.

Tips on Touring

By Carol Lane

Women's Travel Authority

Aside from better cars, better gasoline and better roads, what would you say has done the most to change Canadian driving habits in the last 20 years? According to Carol Lane, Women's Travel Director for Shell Oil Co., motels are the answer.

In the last ten years alone, hundreds have been built and more are on the way.

We take it for granted that we can hit the road any time of the day or night, travel in any direction, and know that we can find comfortable, reasonably-priced accommodations en route. Motels have multiplied our mobility.

Here are some good tips from Carol on selecting a good motel.

Make sure it is situated in a quiet spot. Try to find one set back from the highway. Traffic noise is usually heavier on hills or near intersections where trucks change gears or apply brakes.

If you're not following a set schedule with reservations ahead of time try to stop fairly early in the afternoon to select accommodations. You'll have a greater choice. And don't hesitate to "shop around" for a motel. When you're driving, they are like buses — another will be along in a few minutes.

Cards Win Way To Fastball Finals

Will Play Off at Grande Prairie Sept. 5th, 6th and 7th; Eliminate Beverly and Kitscoty in Terrific Five-Game Tourney

Vermilion Cardinals battled their way to the Alberta Provincial "B" finals by eliminating Kitscoty and Beverly Bay drug in a terrific five game drive on Sunday. The Cards played in every game of the day, five consecutive battles and everyone a ding dong affair, one going two extra innings before being settled by a margin of one run.

VERMILION 13, KITSCOTY 11

In the first game of the play off Vermilion Cards met their old rivals [illegible]. The visiting team had the edge leading 9-2 at the half way mark. In the 6th inning, the Cards ran in 4 runs, 4 more in the 7th and 3 in the 8th for a total of 13 while the best Kitscoty could do was 2 more for a total of 11.

BEVERLY 8, CARDINALS 7

The second round brought the winner of game number 1 against Beverly which had the bye. This game went two extra innings with the city girls finally scoring the winning counter in [illegible]

VERMILION 8, KITSCOTY 7

The next draw called for the loser of game 1 playing the loser of game 2. This meant that Kitscoty and Vermilion again crossed bats. The Cards again trailed for the greater part of the game, but managed to tie it up at 7-7 in the 7th frame and added the winning run in the 8th for a final 8-7 count.

VERMILION 13, BEVERLY 11

The fourth game of the draw brought the winners of game 2, Beverly, against the winner of game 3, Vermilion. Going into the lower half of the fifth with the score all tied at 5 all, the Cards unleashed a potent batting attack and ran in eight runs to put the game on ice. Even though the suburb girls did manage [illegible] more in their turns at bat, it wasn't enough.

This gave Vermilion two wins [illegible] only one defeat and Beverly one win and one loss, necessitating a fifth game and the third meeting between the same two teams.

VERMILION 11, BEVERLY 6

Even though this game ended with the largest margin of the day it was very closely fought. The Bay Drug team started off with 2 [illegible] first and the Cards caught up with 2 in the third. It was the top half of the 5th before any more scoring was done. The Vermilion girls then really turned on their [illegible] eyes and scored nine [illegible] every girl on the team [illegible] home plate. Beverly managed a 1 and 3 and that was it.

The Vermilion Cardinals team is coached by Herman Roberts and the players are Lil Thompson, Lucille Thompson, [illegible] Miller, Doreen Bellingham, Helen Highberg, Edna Winters, Anne Marciniw, Lil Scott, Marion Peterson, Betty Robinson, Irene Shirreff, Rosanne Nelson, Sandra Park.

Umpire in chief for the series was J. R. Dearden of Edmonton while Irvin [illegible] was base umpire.

The Vermilion Cardinals now play for the Provincial Intermediate B championship in Grande Prairie Sept. 5th, 6th and 7th. The trip north will be costly and the girls will need some financial backing in order to complete their quest for premier honors in the field of ladies fastball.

Fine Weather For Ladies' Golf Tourney

[illegible] ladies' open golf tourney played over the beautiful nine-hole Vermilion course on Sunday. Thirty ladies [illegible] ladies entered, eighteen being visitors. The weather was perfect, a nice day sandwiched in between two very wet ones. Mrs. Kay MacKenzie of Vegreville was the runner-up to Mrs. Locke.

The complete list of [illegible] follows.

1st flight — Edith Waldenberger; 2, Gene Eastly, Sedgewick.

2nd flight — Laura Sutherland; 2, Mona Puckett.

3rd flight — Mary Mitchell; 2, Joan Rowe.

4th flight — Vera Hopkins, Sedgewick; 2, Marian Anderson.

5th flight — Esther MacLaren, Viking; 2, Noela Brimacd, Viking.

Mrs. Kay MacKenzie won the prize for low qualifying score, and Mrs. Mildred McCormack of Viking had high qualifying round. Mona Puckett carried off the prize for the longest drive, with Gene Eastly taking the pitch and putt competition.

As the winner of the championship flight, Mrs. Locke was presented with the Vermilion Wholesale trophy, donated for competitive purposes by Mr. G. W. Sutherland. The cup and various prizes were presented by the club president, Mrs. Edith Kneale [illegible] the day's play. A buffet luncheon was enjoyed at the club house during the evening.

4.39 ins. of Rain During August - Still Raining

Up to noon Thursday 4.39 inches of rain had fallen on this district during the month of August, with 2.10 inches of that amount coming during the past seven days.

Rainfall for the season is now nearing the normal amount of 9.79 inches as to date since April 1st precipitation has been 8.85 inches. The [illegible] part of this, is of course that very little was received at the proper period.

Present rainfall is creating quite a problem from the standpoint of harvesting, also for the hay crop.

The rain that has fallen this week has come down steadily with very little run off. It should go a long way towards restoring the subsoil moisture which was completely depleted.

DAILY TEMPERATURES

Date	High	Low	Rain

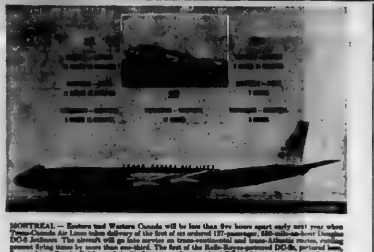
Cyclists Tour Rockies

JASPER — With a CNR train to help them cover the vast distances in Western Canada, 20 American cyclists are here on a two-week tour of the Canadian Rockies and Jasper National park.



MONTREAL — Eastern and Western Canada will be less than five hours apart early next year when Trans-Canada Air Lines takes delivery of the first of six ordered 127-passenger, 580-mile-an-hour Douglas DC-8 Jetliners. The aircraft will go into service on trans-continental and trans-Atlantic routes, cutting present flying times by more than one-third. The first of the Rolls-Royce-powered DC-8s, pictured here, flew at Long Beach, Calif., on July 23. Inset is a photograph of TCA's first passenger aircraft, a 10-passenger, 200-mile-an-hour Lockheed Electra, purchased in 1937 and used on trans-continental air service. The Electra was only 38 feet in length, while the DC-8 stretches 148 feet from nose to tail. The two are shown here in comparative size. The DC-8 devours more fuel in taxi-ing and take-off than the Electra was capable of carrying. (TCA PHOTO)

817 Students Troop Back To The Vermilion Schools Next Tuesday, September 1st

At a meeting of the [illegible] school board on Monday evening it was revealed that 817 students are expected to enroll in the 36 classrooms of the town schools on Tuesday, Sept. 1, the opening day of the fall term. Of this number 467 are in grades 1 [illegible] inclusive, and 350 in grades 7 to 12. The board meeting was attended by trustees E. Scherman, Claude Brennan and Ashley Cooper, the newly appointed school supervisor Jos. Hockridge and assistant superintendent John David.

Considerable renovation work is going on at several of the town schools and all is expected to be in readiness when the army of young people move in on Tuesday morning. Pre-registration is being held at the high school on Friday, Sept. 28.

Town staffs are complete with the following placements being made:

Grade 1 — Mrs. K. Shalka, Miss Ina Shaw, Mrs. M. Scott.

Grade 2 — Mrs. T. Watt, Mrs. B. West, Mrs. Vera Mead.

Grade 3 — Mr John Kindrachuk, Miss E. Brassington, Miss E. Suchan.

Grade 4 — Mrs. L. Eldem, Mrs. Irene Wilson, Miss E. Howe.

Grade 5 — Mrs. J. Strome, Miss H. McIvor, Miss R. Bierman.

Grade 6 — Mr W. P. Stewart, Mrs. M. Ross, Mrs. M. Klashinsky.

Grade 7 — Mr Dave Laurence, Miss Betty Proudfoot, Mr. David Yakimowich.

Grade 8 — Miss Machan, Mr. G. W. Miller, Mr. Allan Anderson.

Grade 9 — Miss M. Watt, Mr Peter Gill.

High school — Principal A. L. Husby, assistant principal Wm. Novak, Mr. Leavitt, Mr. Frank Welsh, Mrs. W. Sutherland, Mr. L. Metcalfe, Miss K. Fulcher, Miss Marjorie Knapp, Commercial, Miss Woloshyn, Home Economics, Mr. Martin Shalka, Shop.

Health Unit Doctor Joins Staff Of Wainwright Clinic

The Wainwright Clinic has been pleased to announce that, effective September 1, 1959, Dr. G. J. Bourke, formerly the Medical Officer for the Minburn-Vermilion Health Unit, will join their staff at the Clinic office on Main Street.

Dr. Bourke graduated with his Medical Degree, in Ireland, and after considerable post-graduate work has been centred on the specialties of Diseases of Children, and of Public Health in general, for which he received diplomas in Child Health and Public Health.

Dr and Mrs. Bourke and their newly born infant, will take up residence in the Alexander house at [illegible] — 7th Avenue, Wainwright.

Imperial Oil Agency Changes Hands

An important business change has been effected at the Imperial Oil agency recently whereby the interests of the former agent, Chester Waldenberger have been purchased by Raoul Bodard, formerly of Mannville. The change has already taken place.

Rev. McCarthy, of Edmonton, Speaks At Alliance Chapel

Special guests in Vermilion over the week end were Rev and Mrs. Edward McCarthy and daughters Valerie and Nola of Edmonton. Mr McCarthy had officiated at the Ford-Skolarchuk wedding in Marwayne on Friday.

On their way back to Edmonton Rev. McCarthy and family stopped in Vermilion and he spoke at morning and evening services in the Alliance Chapel, and in the afternoon at the Alliance Tabernacle Mannville.

Valerie McCarthy very kindly favored with a vocal solo during Sunday school prior to the morning service.

The gatherings are at 12.10 noon in the banquet room of the Rio cafe.

Mr. Kneale [illegible] invitation to all businessmen and their employees, professional men, officials of municipal and provincial bodies, and farmers to attend these weekly meetings. The weekly meeting affords an admirable opportunity for everyone interested in the welfare of the whole district, town and country as well, to get together and decide matters of importance to the best advantage to the community as a whole.

[illegible] this an excellent place to meet [illegible] become acquainted much more [illegible]

—0—

Hon. Alf Hooke Group Entertains At the Park

Fifteen hundred persons gathered at the Vermilion provincial park on Sunday and were well entertained by the Hon. Alfred [illegible] and his Westerners. The crowd quite evidently liked Mr Hooke and his entertainers and they in turn appeared to enjoy appearing before the large and appreciative audience. The collection was donated to the fund for underprivileged children.

Included among entertainers were Norva Heins, Accordian, Blake MacKenzie, Magician, Adyrn Phillips, Fiddler, Gerry Ethier, clown, Dolores Ross, Soloist, Mike Sabronid, saxaphone, Ray Thomas, guitar, Jack Oldfield, ventriloquist, Owen and Veronica Finnigan, Irish dancers and Mr Hooke.

The visitors were guests at a picnic luncheon prior to the program. The entertainment was arranged by the parks committee of the Vermilion Board of Trade. [illegible] ed by Sundy Sunderland of Lloydminster who provided a new piano and played several accompaniments. Al Locke of Vermilion was master of ceremonies.

Ernie Buckingham Opens Door To Past Episodes

Ernie Buckingham opened the door of what has hitherto been a deep dark secret of his past at Rotary on Friday last. Ernie was guest speaker [illegible] [illegible] really interesting [illegible] his past and told what [illegible] about 40 years ago [illegible] P. E. [illegible] stories [illegible] days.

[illegible]

[illegible] Visiting Rotarians were [illegible] Shepherd [illegible] of Lloydminster, Ed [illegible] of Edmonton. Another guest was Garry Kent of Vancouver [illegible] Aldous Kent.

BAND AT PARK THIS SUNDAY

The Kitscoty school band under the direction of Milton Christoffersen will play at the Vermilion park band shell this Sunday. [illegible] at 2.30 p.m.

Mr Christoffersen has kept his band together for several years and they have played at [illegible] Local people [illegible] say that everyone at the park on Sunday [illegible] real musical treat.

[illegible] and Mrs. A. Ben King and [illegible] and Mrs. E. A. Locke plan to leave Sept. [illegible] for [illegible] Montana where they will [illegible] playing in the International golf tournament.

Diminished Wild Fowl Reduces Alberta Duck Bag Limits

Bag limits on ducks in Alberta are reduced this year as the direct result of a diminished wildlife population, the Canadian Wildlife Service announced today.

The duck population has declined so much this year as the result of the drying up of their breeding grounds that some curtailment of duck hunting is essential for good hunting in the future.

The new migratory bird regulations for Alberta reduce the daily bag limit from 10 to seven and the possession limit from 40 to 21. Limits on geese, rails and coots, and Wilson's snipe remain the same. Daily bag and possession limits for these birds are geese, five and 10; rails and coots, 10 and 20; Wilson's snipe, 8 and 16.

The seasons are September 1st to November 28th for ducks, geese, rails and coots in Northern Alberta and September 19th to November 28th in Southern Alberta. The Southern Alberta season has been reduced more than three weeks from last year. Wilson's snipe seasons are Sept. 1st to October 17th in the north and September 19th to Oct. 17th in the south.

Special limitations will govern the hunting of canvasback and redhead, which are expected to be seriously affected by the prairie drought. The daily bag [illegible] not include more than four [illegible] canvasbacks and redheads and not more than eight may be possessed.

First Baby Visits Scene of Birth

MANNVILLE: The Mannville municipal hospital was recently visited by the very first baby to be born there, Mrs. Wally McDonald of Edmonton. She was born at the hospital on October 9th, 1919, the daughter of Fred J. and Lulu M. Thurston. The mother Mrs. Thurston, was one of the early teachers in the Mannville district when she taught the Clovelly school and boarded with Mr and Mrs. A. J. W. Scott of that district. Dr William Hesslip was the Doctor in attendance at the birth.

Annual Memorial Service Set For Sunday, August 30th

Vermilion Branch of the Canadian Legion has announced that the annual Decoration Day service will be held on August 30th at 2 p.m. As usual this service will be held at the Soldiers' plot, Vermilion cemetery.

Legion padre Rev. W. A. Champness will be in charge of the service. Arrangements have been made for [illegible] Army [illegible] pipe band to attend.

For several [illegible] Decoration Day services were well attended but last year there was a falling off in numbers. President T. Thompson of Vermilion [illegible] asks that citizens generally come out and join with returned men and their families in remembering the sacrifices made by those who served and those who died that we might have liberty and freedom to live life as it pleases us. Mr Thompson says surely we can take an hour off once a year on a Sunday afternoon to pay respects to our fellow citizens who gave life itself for our way of life.

The Legion needs flowers to decorate the graves in the plot. These flowers may be left at the kitchen in the Legion hall from 3 to 6 p.m. on Saturday, August 29.

Wreaths can be laid at the cenotaph at the end of the service. Anyone wishing to lay a wreath or bouquet of flowers in memory of relatives should see President Thompson or the secretary E. H. Buckingham, before the service starts.

Anyone needing transportation should be at the Legion hall before 1.30 p.m. Sunday. 6-7

MR. AND MRS. WM. JOHN WALKER

Mr and Mrs. William John Walker, the former Mary Mabel Stewart, who were married in Vermilion on June 27th. The bride is the daughter of Mr and Mrs George Mac Stewart, and the groom is the son of Mr and Mrs. William Walker, all of Vermilion. A honeymoon trip to Banff, Jasper, points in B.C., Montana and Waterton Lakes National Park followed their wedding.

By All Means "Stay in School"!

This is the time of year when many parents develop a worried look and begin an anxious search for ammunition to convince their teenagers to stay in school.

Through harried eyes they watch their young man weigh the value of education against the thoughts of work and the ready cash which is within easy grasp at the nearest factory or other place of business. To obtain a job, money and the things it will buy and to gain a new measure of independence in what appears to be an adult world, all the boy has to do is to make what he considers a small sacrifice — leave school. Too often the scales are tipped against education.

According to the Dominion Bureau of Statistics about 30 out of every hundred youngsters who enter school obtain their junior matriculation, and just 10 or 12 out of a hundred receive their senior matriculation.

The staggering weight on the scale can be clearly pictured when we see that, under the above conditions, of the 430,000 people who enrolled in grade one in all elementary schools in Canada in 1957 just 120,000 will obtain their junior matriculation and a mere 31,480 will successfully complete high school.

Our country cannot afford this appalling waste of brain power. We are living in a very complex age and everything points to more complexity in the future. To be able to meet the challenges which this age presents, we must make full use of our most valuable asset — human resources.

A growing awareness of the need for more education is reflected in industry where educational standards over the past 10 years have been becoming higher and higher. This trend is bound to continue. The job which is open today and to the youngster with a grade 10 education may be closed tomorrow to those at that level, and it may be that the young man or woman who has taken such a job has traded the future for a few dollars. The complex age which offers them so much now may leave them behind in the future because they lack sufficient education to keep pace with it. It might be better to prepare for the demands of the future by obtaining more education today.

Most success stories in business and industry have one theme — the more education you have the better chance you have of securing permanent employment and of being promoted to supervisory positions.

It is true that some men and women with comparatively little formal education hold high positions, but they are usually self educated, a process which sometimes involves great personal sacrifices. Their number is diminishing, and they would be the first to admit that their road would have been easier if they had had more formal education. Moreover, it is almost certain that when they are hiring, they give serious consideration to the applicant's academic background.

"Stay in school" is just another adult phrase to a young person. However in the adult world he or she is about to enter, it may take on a new meaning associated with regret. To avoid this as much as possible it might be wise for the young man or woman who is determined to leave school to pause for a moment and analyse the prospective job. Perhaps they should ask themselves, "Where does it lead?" and "How far can I go in it with my present education." If it is a dead-end job, it might be better to consider another line of work and then to ask the same questions again. Another year or two at school might open new doors to desirable job opportunities which are now out of reach. By all means, — 'stay in school.'

Home Economics Training

Training in homemaking is the objective of the Home Economics course at the Olds and Vermilion Schools of Agriculture but much of the training is applicable to numerous forms of employment, advises N. N. Bentley, Principal of the Vermilion school. Although there is no attempt to provide training for any particular job, graduates have found employment in hospitals, retail stores, banks, business offices and dressmaking shops. Others have been engaged by such firms as the Singer Sewing Machine Company, Canada Packers and department stores where their special training in particular subjects of the Home Economics course is highly useful.

Homemaking subjects include sewing, clothing selection, textiles, cooking, nutrition, handicrafts, laundering, home nursing and home management. Subjects such as horticulture, dairying and poultry [illegible] with special emphasis [illegible] of the [illegible] to the homemaker's interests are also available. Individual training [illegible] living in the school dormitory and participating in a wide range of student activities under staff supervision provides valuable social experience and promotes confidence.

Some graduates have continued for [illegible] training in nursing and teaching, and in Home Economics at the University where a certificate from the Schools of Agriculture has assisted in meeting entrance requirements and obtaining employment advantages later. It should be noted here, says Mr. Bentley, that the Department of Education will grant to our graduates a total of eighteen credits towards a high school diploma. This means that students who properly plan their high school program can replace a fourth year in high school with a term at the school of agriculture and so obtain a high school diploma of graduation from a school of agriculture.

Full information and registration forms for the coming term can be obtained from The Principal, School of Agriculture, at either Olds or Vermilion.

[illegible] PROSPECTS ARE BRIGHT FOR [illegible] OF YEAR

The Alberta Bureau of Statistics released its quarterly report last week and announced happily that economic prospects are bright for the remainder of 1959.

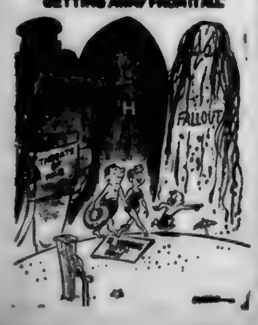
It noted there has been an increase in both volume and value of production, while the consumer price index has remained relatively stable. Wholesale trade was up 15 per cent for the first six months of the year and retail trade was up 6.9 per cent for the first five months of the year.

Total farm income rose by 3.5 per cent to $228,940,000 during the period. In addition, said the bureau, wages are higher and the employment situation is better. Bank clearings and bank debits were up 10 per cent.

Wholesale trade in farm machinery jumped 39 per cent over last year, and retail sales of new motor vehicles increased 23.2 per cent. Both of these items are considered as sure signs that the economy is picking up.

Concluded the bureau's report: prospects for the rest of the year are "encouraging."

"GETTING AWAY FROM IT ALL"



Sixteen Years Ago

Aug. 19, 1943

Present crop prospects in this area are excellent according to grain men who say they have never seen better stands nor better filled wheat heads. Wheat should average from 27 to 30 bushels to the acre, oats 50 to 60 and barley 30 to 35.

Commencing [illegible] absolutely ideal harvest weather has prevailed with fine warm days.

Around 14,000 ration books were received by Chas. W. Robinson, secretary of the local ration board, and have since been relayed to seven points in the Vermilion district, preparatory to distribution at the end of August.

Due to the shortage of help, Vermilion merchants have decided to close their stores during the noon hour each day.

At the recent meeting of the school board, Mr. Lewis V. Smith was the successful applicant for the position of Science teacher at the V.H.S.

32 Years Ago

Aug. 18, 1927

Sir Henry Thornton, president of Canadian National Railways, and party, made a short stop in Vermilion on Tuesday. The special train arrived at 12:30 noon.

The first wheat cutting in the district is reported from the farms of Chas. Alp, north-west of town and Jas. C. Mooney at Islay.

Frank J. Alp, his wife and seven children, new settlers, were accorded a hearty welcome at the CNR depot Tuesday afternoon upon their arrival here from England. Mr. Roy Tash, cinematographer of the Associated News, London, took moving pictures of the family as they left the train and scenes of the greetings extended to them.

48 YEARS AGO

Aug. 16, 1911

The electric lights and sidewalk by-laws were endorsed by the ratepayers on Saturday. The vote for the installation of a municipal electric lighting plant stood 43 for, 12 against, sidewalk 52 for, 3 against. Amounts involved were $15,000 and $2000 respectively.

George Dandy's cottage south of the track is nearing completion. Rev. Mr. Tyner is having a new house built in the east end of town.

On Friday night, Aug. 11, a surprise party numbering over fifty people invaded the home of Mr. and Mrs. Frank White, NE 2-53-6 and enjoyed a splendid time. The party was originated by Mr. Peter Williamson and Mr. Roy Headley.

All social life, stability, progress, depend upon each man's confidence in his neighbor, a reliance upon him to do his duty. — A. Lawrence Lowell.

GREEN ACRES

by H. MORLEY DOUGLAS, District Agriculturist.

A NEW CROP

Scientists in Ontario and in Europe are now turning their hands toward poplar hybrids. Yes, poplars that grow fast enough and clean enough show promise in the furniture, veneer and pulpwood market. This crop is growing eight feet per year in the European countries. Consequently many Canadian companies are interested.

QUIT SCHOOL

Farm boys and girls often think they should, and do, quit school after grade 8 or 9. Why? Look at the pay available. Look at the jobs that so many young people have that are still school age? Perhaps before a decision is reached on this subject more looking should be done. The vast majority of our much publicized unemployed young and old 1, are seasonal workers; 2, have a relatively poor education; 3, have no profession or trade. If you are interested, there is good reading in the late issue of Macleans magazine. Wise parents encourage a good education and advise their children to seek advanced training, trades or professions. Encouragement is not what is said a day or two before he or she quits school. Encouragement is what is said to him or her from the day of birth. So before quitting think of the future — think of unemployment.

STUDENT ASSISTANCE AT AGRICULTURAL SCHOOLS

Under the terms of the Student Assistance Act 1959, financial aid is available to students attending the schools of Agriculture. Loans are made according to need, not exceeding $300. If a student does well while attending, a portion of the loan will not have to be repaid. Interest is at the rate of 3½% per annum. For further information about entering the Vermilion School of Agriculture, contact Principal N. N. Bentley, or phone No. 1. Applications for Agriculture and Homemaking are rolling in so if you are contemplating a course at the V.S.A. apply today.

FIREBLIGHT & CRABAPPLES

Fireblight of crab and apple trees is caused by bacteria which gains entrance to the tree through the blossom. Fireblight has been identified in a number of orchards this year and everyone should watch their apples for it. From the point of entrance the blight spreads rapidly through the twig causing a familiar singed look of the leaves and the bark becomes a dark brownish-purple. The progress of the disease is arrested at the end of the growing season when the infected wood dries up and dies. A distinct mark or canker forms between the dead and living stage. To control the disease the infected dead branches must be removed in the winter season and burned.

RATS

Rats are on the move! Consequently everyone should be alert in case you have unwelcome guests for the winter. When you bait those bale stacks put the bait so that you can check it from time to time. If the bait disappears, put out some more. Bait is available at the M.D. office or from the pest control officer. It is everyone's duty to control rats.

FEEDER CATTLE

The annual sale of commercial cattle is to be held at the Lea Park sales corral on Sept. 8.

Police Court

At Elk Point on Tuesday, Aug. 25th, Justice of the Peace Ernest S. Scott, dismissed an impaired driving charge against Steve Kinjerski of Elk Point.

His Worship found the evidence not conclusive, and that the Crown had not proved where the offence was alleged to have been committed.

Chief Constable Keck of the town police, Elk Point, appeared for the Crown and F. J. Richardson acted for Mr. Kinjerski.

TULLIBY LAKE

Ann Garret was married to Joseph Burque in Clinton, Ont., on July 8. The newlyweds spent their honeymoon at Niagara Falls and Toronto.

Mr. Bill Warkentine was taken to the hospital at Lloydminster with a severe hemorrhage of a lung. He was put into an oxygen tent for two days and then transferred to the University hospital in Saskatoon. Initial examination there revealed that some sawdust had entered his lung.

Joyce and Vernon Anderson have moved back or to the Ole Olson quarter.

Hector [illegible] accompanied the Dan Grant's of Onion Lake on their recent trip through Montana, Wyoming and the Dakotas. They returned home by way of Manitoba.

Mr. and Mrs. Rod MacKenzie and son Ross left on Thursday to attend the wedding of their son Gordon. He was married at Pincher Creek, Alberta, where he is employed.

Mrs. Johnnie Parlee is a patient in the hospital at Elk Point suffering from gallstones.

The "Happy Hillbillies" supplied the music for a dance in the North Parlee hall on Friday, Aug. 14 which was much enjoyed.

Juvenile Dubreau left Monday to attend a district assembly of Jehovah's Witnesses to be held in the arena at Saskatoon.

Selma Reinholm spent her summer vacation with the various branches of the Reinholm family.

JASPER CONVENTION

JASPER — The national sales convention of Hiram Walker and Sons Ltd., is being held at Jasper Park Lodge here this week.

Sixty company officials from the east are attending. En route over CNR lines, they were joined at Winnipeg by Lorne "Baldy" Northcott, public relations representative of the company's western division; and Emma Miller, Manitoba representative.

I. O. D. E.

Frog Lake Chapter, I.O.D.E. will meet on Tuesday, Sept. 1 at 8 p.m. at the home of Mrs. Addie Mead.

Check that date on your label

Letters to the Editor

Mannville, Alberta,
Aug. 26, 1959.

Mr. A. H. Cooper,
Editor, Vermilion Standard.

Dear Sir:

How can a town the size of Vermilion pull off such a boner as they did last Sunday? For the past two months at least, Vermilion has known that their own Vermilion Cardinals would be in a semi-final play-off for Central Alberta in Vermilion and at what time the contests would be played. What do they do? They get down a well known group of entertainers for the park bandshell and have a golf tournament besides. Maybe this was the only date that these things could have been held on (which I doubt very much) but it was definitely the only date [illegible] the play-offs could have [illegible] as it was pre-arranged for months.

I wonder if the people responsible realize the work, time and expense some people go to, to run and keep organized a wonderful team like the Vermilion Cardinals. Did they ever wonder how many of us up at that ball park would have liked to have seen those other two events, or how many that were at the bandshell would have wanted to watch their own football team in action? After all we [illegible] only be in one place at a time.

If Vermilion figures on competing and entering in sports affairs in the future, I can only say that they will have to start supporting their home teams much better than they have done in the past.

Yours very truly,
Jas. C. Scott.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville [illegible], the number drawn on Friday, Aug. 21 was B 11.

Numbers drawn to date are:
B — 14, 2, 9, 1, 10, 12, 8, 13, 11.
I — 22, 27, 20, 25, 21, 18, 29, 24, 30, 17, 28, 26
N — 44, 35, 33, 38, 40, 39, 34, 37, 41, 32, 42, 34, 36
G — 58, 55, 54, 60, 52, 48, 53, 47,
O — 71, 61, 62, 68, 63, 66, 73, 64,

In Vermilion cards may be obtained from Walter Fisk.

The generous who is always just, and the just who is always generous, may, unannounced, approach the throne of heaven.

Notice to Creditors and Claimants

Flower Show and Tea A Success At Mannville

MANNVILLE. — The annual flower show and tea sponsored by the W. A. of the McQueen Memorial United Church was again a success, with many beautiful displays. It was held on Saturday, August 15th. Convener of the tea was Mrs. Annie Hubbard, while Mrs. Ruth Hubbard was in charge of flower arrangements and discharged these duties in a most effective manner. Mrs. William Ross and Mrs. Gerry Barr were the judges, and their task was no light one.

This is a most popular event, and it is hoped that more people bring their flowers out for inspection next year and thus add to the beauty of the fragrant displays. There were many unusual arrangements, assorted, those belonging to one family, and those all of one color, there being a noted variety of uniform blooms this year despite the dry season. Many admiring glances were cast in the direction of a display of orange lilies and nasturtiums exhibited by Miss Myrna Whitson.

Prize winners were, in the gladiolus section, first: Mrs. David Hasinoff, with honorable mention to Mrs. Annie Hubbard. In the dahlia section first prize went to Edwin Torrance for his entry, while Mrs. Norma Ewing received honorable mention. In the mixed flower arrangement, first prize went to Miss Lorraine White with honorable mention to Mrs. Ruth Hubbard.

Much thought and originality had been given to all flower displays, and [illegible] decorated each table as a delicious lunch was served. This annual event is truly a worthy one, and one of the loveliest, with its natural setting in a profusion of flowers.

Nominations For Royal Winter Fair

Livestock breeders planning to nominate animals for the 1959 Royal Winter Fair in Toronto should forward their nominations now to W. C. Gordon, Live Stock Branch, Alberta Department of Agriculture, Parliament Buildings, Edmonton. Closing date for all nominations will be September 10th.

Hon. L. C. Halmrast, Minister of Agriculture, has announced that the Department will again assist livestock breeders whose animals are selected to go to the Royal from this province. Under the direction of the Live Stock Board, selectors, appointed by the Provincial Breed Associations, will be responsible for choosing the two best animals in each class from the livestock nominated. In cases where good individual animals do not make these two top placings but are required to make up group classes some leeway will be allowed over and above the limit of two per class.

In the past, due to the high quality of the stock nominated and to the able work of the selectors, Alberta has had a very worthy exhibit at the Royal and it is anticipated that she will have a strong entry again this year.

New Grain

The cross of a Durum wheat variety with rye by plant scientists at the University of Manitoba has produced a new grain which could revolutionize the agricultural industry reports The Fiancial Post.

It may be rye or wheat.

It may be a soft grain or a hard one.

It could have flour milling qualities and lacking these it could have important nutrition value for animal and poultry food.

If appearance and habits of growth are an accurate gauge, the new grain may have a terrific potential.

The Bible Today

How much does a Bible weigh? It all depends on what form it is in, whether manuscript, in Braille, pocket size or whether the paper and binding are heavy or light. A Braille Bible of 20 volumes weighs over 100 pounds, a pocket Testament weighs only a few ounces.

The complete typescript of the Bible in the Teso language spoken by half a million Africans in Northern Uganda weighs 35 pounds. The Scripture translation and revision has been in progress for 50 years, and now culminates in the complete Old and New Testaments in the Teso language.

This manuscript was flown to England and was displayed at a children's rally in Central hall, Westminster in London.

The Bible in Teso will soon be printed and distributed.

WAS TORONTO DUPED OF $90,000?

Kenneth Forbes, Canadian portrait and landscape painter, has attacked the Toronto (Ont.) Art Gallery on their purchase of what they believe to be an original "Tintoretto" painting of Christ Washing the Disciples Feet. Forbes claims that the Gallery's painting is a poor imitation of the original which he says hangs in the Prado in Madrid, Spain. In the above photo he shows reproductions of the two paintings to back up his contention. The top picture in the photo is the painting purchased by the Toronto gallery.

Fair Prize Winners in Vegetable, Flower and House Plant Classes

VEGETABLES

Wax Beans—1. M. Stamp; 2. Mrs. Julia Farkash; 3. Joyce Gordey.

Green Beans—1. Joyce Gordey; 2. Mrs. J. O. Curtis, Dewberry; 3. Mrs. J. Hunter.

Peas—Mrs. S. D. Simonson; 2. Mrs. Violet Leversedge; 3. Mrs. H. A. Whidden, Jarrow.

Tomatoes—1. Mrs. S. D. Simonson; 2. Bert Ambler, Lloydminster; 3. Mrs. J. O. Curtis.

White Potatoes—1. Mrs. Violet Leversedge; 2. Mrs. J. Hunter; 3. Joyce Gordey.

Red Potatoes — 1. Mrs. J. O. Curtis; 2. Mrs. Joe Farkash, Sr.; 3. Mrs. V. Leversedge.

Russet Potatoes 2. Mrs. H. A. Whidden; 3. M. St[illegible]

Carrots — 1. Mrs. J. Farkash, Sr.; 2. Mrs. Julia Farkash; 3. Mrs. H. A. Whidden.

Beets—1. Mrs. Julia Farkash; 2. Mrs. Joe Farkash Sr.; 3. Mrs. Ronnie Bauer.

Onions 1. Mrs. Joe Farkash, Sr.; 2. Mrs. Julia Farkash; 3. Mrs. Earl Geake.

Swede Turnips — 1. Mrs. Joe Farkash Sr.; 2. Mrs. V. Leversedge.

Table Turnips — 1. Mrs. Joe Farkash Sr.; 2. M. Stamp; 3. Mrs. J. Hunter.

House Plant 1. Mrs. Julia Farkash; 2. Mrs. Simonson.

Collection of Geraniums — 1. Mrs. H. A. Whidden, Jarrow.

Collection of House Plants — 1. Mrs. S. D. Simonson; 2. Mrs. H. A. Whidden.

Northwestern Utilities Special: Highest points in Flowers and House Plants—Mrs. S. D. Simonson, Vermilion.

At the time of the 1951 census Canada had 138 cities, 512 towns and 1,123 incorporated villages.

BBC LIKES HER

Phyllis Marshall, Toronto singer left for the United Kingdom where she has been signed by the BBC to do [illegible] next six weeks. Phyllis now appears on CBC television show Hit Parade.

Death and Funeral Of Frank Strobl

Frank Strobl, father of Mrs. Martin Mayer, Vermilion, passed away at the Vermilion Municipal hospital at 11:25 a.m., August 1, 1959. He was 76 years of age.

He is survived by two daughters, Mrs. Martin Mayer, Vermilion, Mrs. Louis Guerrier, New Westminster, B.C.; one son Mr. Frank Strobl, Lamont, Alberta; one sister Mrs. Steve Pfiffer, Welland, Ontario. There are sixteen grandchildren and eight great grandchildren.

Prayer services were held at Moyer's Funeral Home at 8:00 p.m. on Tuesday, August 4. Funeral services were held at 10:00 a.m. on Wednesday, August 5 at the Holy Name Catholic church with interment at the church cemetery. Rev. Father [illegible] officiated. Pall bearers were Joseph Mergl, Joseph [illegible], Steve Stuhl, Charles [illegible], Lawrence Sautner and John Hall.

The following spiritual offerings, floral tributes, cards and memorial donations were received:

Mass — Elizabeth Pfiffer, Welland, Ontario; Mr. and Mrs. [illegible] Frey Sr.; Mrs. Julia Simmonet; Myrtle and Joe Killion; Mr. and Mrs. [illegible] Gannon and boys; Mrs. [illegible]; Emma and family; Billy and Leona McLaugh[illegible]; Mrs. F. Kehoe.

Wreaths — The Family; Fred and Anne Wachopen; Ignac and Eileen Frey; The Callaghan family; Steve and Ernie Stuhl.

Sympathy Cards were received from Elizabeth Pfiffer, Mary and Martin, Welland, Ontario; the Currah family; Joseph and Maria Farkash; Frank and Esther Young; Nell, Syd, Bev and Ann; Hilda and John, Gerry and Betty; Tony and Peggy Bardoul; Albert and Ethel Miller.

Cancer Fund — Mrs. Julia Farkash.

CARD OF THANKS

We wish to [illegible] our thanks to Dr. F. G. [illegible], the nurses and the staff of the Vermilion Hospital for their kindness and care shown to Mr. Frank Strobl while he was a patient there. We would also like to thank the ladies of the C. W. L., and all of our friends for visiting him.

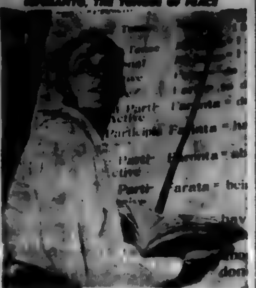
ESPERANTO, THE TONGUE OF PEACE



Esperanto, the international language invented 67 years ago is taught from infancy. Mr. and Mrs. Rudiger Eichols of Oakville, Ontario and their two children speak fluent Esperanto. The Eichols's have poured all their hope and idealism for a world to be someday freed from misunderstandings due to language. Each year hundreds of people from around the world hold international congresses, where there is no need for translators. Esperanto allows all, of every race, creed and tongue to communicate and understand. Mr Eichols shows above with a teaching chart encourages Esperanto as the tongue of peace.

NEWS from KITSCOTY

Mr. Bob Hiltz has returned home from a trip by air to Vancouver and Powell River where he visited his uncle Rod, Mrs. Hiltz and girls, then back to Vernon, B.C. where he was a guest at Mr Arthur Harley's wedding.

Recent guests at the home of Mr and Mrs. Henry Joy were their daughter Mrs. Cliff Pinder (Arlene) and Mr Pinder, Mrs. R. Milligan and Robert, all of Edmonton.

Mr and Mrs. Lynn Randall and the girls of Calgary spent a holiday here recently with Eileen's parents, Mr. and Mrs. W. G. Stewart. Marilyn and Malcolm Stewart returned with them to Calgary for a visit.

Mr and Mrs Jack Tyler and family of Drayton Valley spent a week end here with their grandmother Mrs. W. L. Apperson and father Mr Ed Tyler and other members of the family.

Rev Mr A E Potter, Mrs. Potter and Marcella visited in Calgary for their holidays.

Rev M J H Dicker of Sandy Lake, Sask., has been a guest at the vicarage here with Rev. Mr Potter and at the home of Mrs. W. L. Apperson for several days.

Congratulations are extended to Corp Ted Tyler and Mrs. Tyler on the arrival of their chosen son, Bruce Edward.

Mr and Mrs. M K McDonald are spending a few days visiting their son Norman, Mrs. McDonald and Norma in Edmonton before going to Hamilton Ont. to visit their daughter Kathleen, Mr and Mrs. B McGregor and family for two months.

Mr and Mrs. Clark Richardson and the girls are home again after spending the past five weeks in Missoula, Montana, where Mr Richardson was attending the State University summer school.

Mr and Mrs. Ben Ralston of Vancouver, B.C. are visiting relatives in the district and calling on old friends in town.

Congratulations to Mr Cliff Govier who was the winner of a power lawn mower in a lucky draw sponsored by the Chamber of Commerce. Proceeds from this draw were sufficient to purchase a power mower to be used at the sports grounds.

Mrs. Leslie Browett of Vancouver, B.C., has been a recent visitor to the home of her parents Mr. and Mrs. J F Finlin and other members of her family. Last Sunday with relatives attending from Vancouver, Marwayne, Vegreville and Lloydminster, a family gathering was held to celebrate Mrs. Finlin's birthday.

Miss Judy Sheppard, nurse-in-training at the Archer Memorial hospital in Lamont, spent the week end here with her parents Mr and Mrs. Ted Sheppard and sister Kathleen.

Misses Elaine, Susan, Debbie and Carolyn Hines of Marwayne district are visiting their grandmother Mrs. R. A. Evans for a week while their parents, Mr and Mrs. Homer Hines and friends are on a trip to Ontario.

Mr and Mrs. A C Lindell of Edmonton spent several days here last week visiting with Mr. and Mrs. R. S. Pidcock, Mr. and Mrs. Newman Browne and Mr. C V Browne.

Mr and Mrs. Ronald A. Lindell and boys of Edmonton were overnight guests at the home of Mr and Mrs. Newman Browne last week end. Stuart and Gordon remained at the farm to visit with their cousin Billy for a week.

Mr and Mrs. Ken C Gray and family are spending their holidays at their cottage at Cold Lake.

Mr and Mrs. Chris Cairns of Vancouver were business visitors here one day last week. Mrs. Cairns called on some of her old friends during the afternoon.

Mr and Mrs. Joe Cooper and Douglas have left for Meyronne, Sask., where Joe has a position on a ranch. Mr and Mrs. K. Parr and family of Lloydminster have taken up residence in the Cooper house. A warm welcome is extended to them in their new home. A gift of furniture was presented to Joe and Emilie from their friends here on their departure to Meyronne.

Mr and Mrs. Alf Franke spent last week end at Smiley, Sask., where they were guests at a niece's wedding on Saturday and attended a family gathering on Sunday where over forty members of the family were present. Mrs. Franke's mother Mrs. A. Wright of Edmonton returned home with them for a few days.

Mr and Mrs. Gerald Hall and [illegible] from Burnaby, B.C., spent three days here at the Franke home last week. Mrs. Hall and Mrs. Frank are sisters.

Misses Sylvia and Donna Sheppard returned to their home here after spending the past three months in Vancouver and Victoria where they were employed.

Mr Peter Dase of Edmonton spent the week end here with his parents Mr and Mrs. Fred Dase.

Miss Neta Trask spent a holiday recently at the home of Mr. and Mrs J Whiteside of the Hazeldine district. Miss Tina Whiteside returned home with Neta for a visit here.

Mr and Mrs. Mike Zubick were recent visitors to Edmonton where Mike had a check over.

News from Bowbarry

Late but nevertheless sincere best wishes to the newly weds of July. Mr and Mrs. H Romner nee Daisy Whiteside, and Mr and Mrs Bob Orum, nee Donna Romanchuk.

Congratulations to Mrs. D Munro on winning first prize for a painting she entered in the Lloydminster exhibition. The subject of the picture was taken from a snap of a favourite horse that Mrs. Munro drove when she lived on the farm. The judge remarked that there was not a single mistake made in the painting. Mrs. Munro is a gifted amateur painter and she has sold several of her paintings and has more on order.

Congratulations also to the ladies of the Greenlawn Goodwill club on winning first prize at the Vermilion exhibition for their entry of a baby layette in the needlework class.

Mr and Mrs. Ernest Garnier and family are all feeling fine after a car accident during the holidays while they were on a trip through the States. Their car was completely demolished and all were hospitalized for four days. Mrs. Garnier suffered a broken hand and bruises and the others were also bruised and shaken up. The eldest girl, Annette, was not in the accident as she was working at her job in Edmonton.

Mr and Mrs. Robert Saville were pleasantly surprised recently to receive a visit from Mr. and Mrs. Charles Sorenson and three children of Kindersley, Sask. In 1917 Mr Saville bought the farm they now operate in the Irwinville district from Mr. Sorenson's father. Charles was then nine years of age. He often heard his parents speak of the people and places at Irwinville. Being on a trip through Saskatchewan and Alberta, he thought it was a good opportunity to renew old friendships and visit the scenes of his boyhood. The English church and other places were visited. He also called on Mr and Mrs. Howard McLaughlin who were school companions. A happy time was spent in reminiscing and recalling old friends. At one time, Mr. and Mrs. Sorenson Sr. had the Post Office and store on their farm home.

Visiting at the home of Mr and Mrs. J. Porter were Mrs. Porter's parents, Mr and Mrs. Wm. King and her brother and family, Mr and Mrs. George King and daughter Colleen of Courtenay, B.C.

Mrs. Margaret Morrison and son [illegible] of [illegible] B.C., spent July and August with Margaret's parents, Mr and Mrs. M. Philbin.

Cheryl Jones reports having a grand time at the C.G.I.T. camp at Sylvan Lake.

Mrs. M. Philbin spent a week in St Albert and Edmonton visiting at her daughters homes, Mr and Mrs. G. [illegible] and Mr. and Mrs. H. [illegible] and their families.

Mr and Mrs. Wm. [illegible] and family were on vacation at [illegible] and Prince George, B.C. recently.

The sympathy of the entire community is extended to those left to mourn the passing of Mrs. Jennie Axley.

The flower show held on Aug 20 was most successful.

Mrs. Ellen Fairclough, Canada's first woman cabinet minister, formerly owned and managed her own public accounting firm.

Celebrate Silver Wedding

DERWENT — Mr. and Mrs. Steve Dobrensky of Derwent celebrated their 25th anniversary recently. To help them celebrate the happy occasion were their children, relatives and friends.

A large crowd gathered at the National Hall to offer congratulations to the bride and groom of 25 years.

A lovely silver set was presented to the honored guests, lunch was served and the evening came to a close with dancing, the music supplied by the "Country Kings."

Because of inflation it now costs just over two dollars to buy the goods and services that one Canadian dollar bought in 1939.

CARD OF THANKS

I wish to extend my sincere thanks to Dr. Evans and Dr. King, the matron and staff of the Vermilion Municipal hospital, for the excellent care and attention received while a patient there, and to the Canadian Order of Foresters for the basket of fruit so kindly sent.

Grant Roberts.

IN MEMORIAM

In loving memory of a dear husband and father
EDWARD P. BUUD
—who passed away Aug. 21, 1942.
"Resting where no shadows fall
In perfect peace he awaits us all."
—Lovingly remembered by wife and family.

IN MEMORIAM

In loving memory of
FRED JOHNSON
—who passed away Aug. 18, 1957.
"The blow was great, the shock severe,
We little thought the end was near.
And only those who have lost can tell
The pain of parting without farewell.
More each day we miss you brother,
Friends may think the wound is healed,
But they little know the sorrow
That lies within our hearts concealed."
—Ever remembered by his brothers and sisters.

CHURCH RETREAT CONFERENCE

WINNIPEG — His Grace, Archbishop P F Pocock, and 25 Winnipeg delegates boarded the C. N. R.'s Super Continental for Saskatoon last Friday to attend the Western Canada Biennial Retreat Conference there on August 23 and 24. Church officials said 300 delegates from Regina, Calgary, Edmonton, Vancouver and intermediate points also attended the conference.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Richard H. Benson of Edmonton announce the engagement of their daughter Audrey Elizabeth, to Floyd William Wood, son of Mr. and Mrs. Stewart R. Wood of Dewberry, Alta. Wedding to take place in Halifax, N. S. on Sept. 26th, 1959.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Jack Marfleet of Vermilion wish to announce the engagement of their daughter Evelyn Alice to Mr. Brian Patrick Callaghan, son of Mr Pat Callaghan of Vermilion. The wedding is to take place on Wednesday, September 9th at First United Church, Vermilion, at 4:00 o'clock in the afternoon. A reception will follow at 5:30 p.m. in the Elks hall. All friends and relatives please accept this as your invitation.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. George Ewen wish to announce the engagement of their eldest daughter Peggy Jean, to Mr. Paul Pilip, youngest son of Mr and Mrs. John Pilip of Two Hills, Alta. Wedding to take place on September 5th at 2:00 p.m. in the Dewberry United Church.

Mr and Mrs. Cecil Sindert and three children Jimmie, Diane and Marilyn, returned recently from a most enjoyable holiday spent at the west coast. They visited Cecil's parents at Westminster and Elsie's sister and family Mr. and Mrs. Johnny Richardson in Vancouver. Their two-week holiday trip was made by car.

Mr. and Mrs. Johnny Richardson and two children Barry and Gregory of Vancouver, are presently visiting Mrs. Richardson's mother, Mrs. Paul Harewther Sr. and other relatives in Vermilion.

Mr and Mrs. Wm. R. Young of Dewberry have returned from a visit to Medicine Hat and Calgary. In the latter city they attended the Alsack-Sibbald reunion held in the Lions' Club Recreation Centre and met many of their old friends and acquaintances again.

The middle of August, Mr. John Kornsee of Creston, B. C., formerly of Landonville, had a surprise visit from his daughters, Mrs. Alfred Stanley and Mrs. Robert Protch and family. The trip was made by car. They found Mr and Mrs Kornsee well and busy with their orchard. Quite a number of Alberta tourists stop every day to purchase fruit, one party being the Steve Wasylishen family of Vermilion.

Roy Watkins has been a visitor in town this week looking after business interests here. Roy is quite enthusiastic about his hardware business in Leduc and reports a good year. Miss Marguerite Watkins, who has spent some time visiting at the Swanson home in Marwayne and the Habstreet home in Vermilion, has now returned to Leduc.

Mr. and Mrs. A. Tsuy returned recently from Vernon, B. C. where they spent three weeks visiting on the farm of Art's brother.

Mr. and Mrs. John David spent their summer vacation on a trip to Dartmouth, Nova Scotia where they visited the former's brother.

Rollie Teepe and Gerry Smeltzer of Edmonton have been holidaying at the Brennan and King farms this week.

PAID YOUR SUB. LATELY?

Roger Rooks has returned to Calgary following a three week vacation in Vermilion at the home of his parents, Mr and Mrs. E. T. Rooks.

Mr and Mrs. E. T. Rooks and Herbert Sutton spent the past week end in Calgary visiting at the home of Mr. and Mrs. Bill Beier.

Mr. and Mrs. McGrath who came to Vermilion early in the year, Mr McGrath having been appointed assistant game officer here, has now been transferred to Stettler.

Mr and Mrs. Dick Cosh and family passed through town on Monday on their way to Ranfurly where Mr Cosh will teach school this coming year. For the past two years they have been at Rivercourse.

Visitors to Vermilion for a brief holiday last week were Mr and Mrs. Alex MacKenzie of Colville, Sask. While here they were guests at the home of Mrs. MacKenzie's brother and family, Mr and Mrs. Tim Nelson.

Visitors at the home of Mr and Mrs. Steve Krushinsky over the last week end were the former's sister and her husband, Mr and Mrs Walter Pilkowicz of Rocky Mountain House.

Islay folks will be interested to learn that Mrs. W E Webber, (nee Dorothy Stone) has recently returned to her home in Edmonton from a six weeks' holiday in Europe. While in Great Britain she visited relatives on the Island of Islay, Scotland. This brings to mind that Dorothy's ancestors, the Gilchrist s, came from Islay, Scotland to Ontario and called the settlement they formed there Islay, Ontario. Later on younger generations of the Gilchrist family moved west and named Islay, Alberta.

Mr and Mrs. Robert Elliott and son Clarence of Lodgepole and Mr and Mrs. Jim Elliott of Edmonton were visitors in Vermilion over the past week end.

Mr and Mrs. Jim Smith, son David and daughter Merilyn of Hythe, Alberta were visitors at Paradise Valley, Kitscoty and Vermilion his week. Mr and Mrs Smith and Merilyn were on their way home from the University of Montana at Missoula where all have been taking university summer courses, while David was enjoying a short holiday before commencing duties as a teacher at the school at Beaverlodge. David attended University last term and spent the summer working on the highway in the north.

Recent guests at the home of Mr and Mrs. Sid Burdett in Vermilion have been Mr and Mrs. George Burdett and son David, Mr and Mrs. Art Burdett and girls of Battleford and Miss Jean Burdett of Edmonton.

Dr. and Mrs. R. N. Eldem and baby Patricia Mae of Edmonton spent a few days last week at the home of Mrs. Oakley and Mrs. L. Eldem.

Mr and Mrs. Jack Baddock and the former's sister Mary from Vancouver motored to the old family home near Emerson, Manitoba to visit their father. It was the first time that Jack and Mary had been home at the same time since 1918. They also visited friends at Fargo, North Dakota. The return trip was from Fargo to Regina and home.

Mr. Tom Chrisp returned home last week end from two months spent at Caledonia, Ont. visiting his daughter Mrs. Wilhemson and family. While there, Mr Chrisp enjoyed visits to points in northern Ontario, Niagra Falls, Windsor and Detroit.

Mr and Mrs. Peter Lesko toured through [illegible] Manitoba and [illegible] for their holidays visiting at various points along the route.

Mr and Mrs. Robert M. Barnett of Toronto visited recently with the former's brothers J. A. and W. A. Barnett and families at Islay. They also called on their nephews, I. M. Barnett and family of [illegible] Saskatchewan and Roy and family in Calgary en route to the west coast.

Mr Bruce Krause of Red Deer spent a week [illegible] visiting his brother and wife Mr and Mrs. Wm. Krause.

Bursaries Are Still Available for V.S.A.

Applications for bursaries being offered by United Grain Growers Limited for the fall term in agriculture at the Vermilion School of Agriculture will still be considered if submitted by Sept. 20th according the Department of Agriculture at Edmonton.

The basic requirement for an applicant, who should be at least seventeen years of age, is need for assistance. However, either a boy or girl applying should have taken a leading part in community activities, as in junior club work, etc. The bursaries are intended to help those who could not otherwise attend a school of agriculture or school of home economics, and who have proven themselves worthy of assistance.

Full information and application forms can be obtained through the offices of District Agriculturists, [illegible] Home Economists, Principal of the school or by writing to United Grain Growers Ltd., Calgary.

Mr. and Mrs. W H Little recently had the very exciting experience of staying at the Ford Hotel in Toronto during the recent fire there. Wilf woke up during the night, sensed something wrong and looked out of their ninth storey room. Several floors below smoke was pouring forth from all the windows. The siren blew almost immediately and the Little's dressed and prepared to leave watching the progress of the fire fighters down below. They were told that it wouldn't be necessary to evacuate but there was considerable confusion and excitement among the hotel guests. Mr and Mrs. Little had gone east to pick up a truck at Oshawa and while there visited at Ottawa and attended the fair at Arnprior.

Leaving here some 25 years ago, Ben Ostry made his first return visit on Saturday morning last week. He was accompanied by his wife and they were on their way to Saskatoon. On leaving here, Ben bought the Capitol Smoke Shop in Edmonton in the Capitol theatre building in Edmonton and has operated the business there until one week ago when he sold out. In Vermilion he looked over various favorite spots and called on an old tennis pal Ashley Cooper.

Mr and Mrs. Neil Huff and two children have recently moved to Edmonton where they will reside in future.

Mr and Mrs. C T Heckbert, son Dougie and daughter Jane returned last week end from a three week's holiday spent on a motor tour which took them to Portland, Oregon and many other points of interest.

Mr and Mrs. Joe Blocksidge and family have arrived from Lamont and taken up residence in their newly purchased home, the former Charlie Calvert house. Mr Blocksidge is the new superintendent of the Vermilion school division.

Miss Anne Snaychuk has returned this week to her home from a European tour. The countries that were visited were Middle East countries, countries behind the Iron Curtain and [illegible].

[illegible] combe and little daughter Patsy are spending six weeks in Vermilion.

Miss Marion Barr who is presently nursing at Melbourne, Australia, plans to leave at the end of October for London, England. Marion is a daughter of Mr. and Mrs. Marion Barr.

Mr and Mrs. T. K. Holte and two sons Richard and Robert of Winnipeg are in town this week visiting the parental homes, Mr. and Mrs. Albert Holte, and Mr. and Mrs A. M. West.

OUR LETTER FROM EDMONTON

Province Ends First Quarter With Surplus of $2,250,000

by KEN MASON

EDMONTON — Premier Bennett of British Columbia has been in the news quite a bit lately as political opponents try to take him to task for apparent financial hocus pocus designed to give the impression his province is out of debt.

Of course this debt-free business is old stuff in Alberta. For some years now the Alberta government has been enjoying debt-free status and the people of Alberta presumably aren't questioning it to any great extent.

The provincial auditor's interim financial statement for the first three months of the current fiscal year was released last week. It gives a truer picture of the financial position of the people of Alberta than you're likely to get from politicians.

The province's funded debt, true enough, is at the lowest point in history — $27,303,307 at the moment. And so far as the government is concerned, that is Alberta's public debt figure.

But to get a true picture you really should consider an item of $118,189,509 in guarantees outstanding. Officially, this isn't public debt, but is it money owed by Albertans and the provincial government is committed to stand behind it.

The amount is broken up into $88,200,00 in bonds and debentures of the Alberta Municipal Financing Corporation, $28,000,000 borrowed by the Alberta Government Telephones Commission, and the rest is miscellaneous guarantees.

The auditor's statement doesn't take municipal debt into consideration, but it is still part of the aggregate amount of debt owed by the people of Alberta. At last reports the municipal debt stood at around $250,000,000. Social Credit candidates campaigning in the country in the last election pointed out that Edmonton and Calgary owe more than $130,000,000 but forgot to say that the two cities have more than half of the province's population.

Actually, Alberta's financial picture is still one of the brightest — if not the brightest — on the continent.

The province ended the first three months of the fiscal year with a surplus of $2,230,000. Last year at the same time the province had to dig into its reserves for $12,000,000 to make ends meet.

The improvement in the position is due mainly to the treasury earning more than had been anticipated from the sale of oil and natural gas rights, says the auditor, C. K. Huckvale.

And so far as the public debt is concerned, it's still outweighed by cash, investments and accounts receivable which amount to more than $300,000,000.

Lake Louise in Banff National Park was named by CPR surveyors to honor Princess Louise, wife of Canada's Governor-General at that time.

Take the "Wraps off" Your selling

. . . put your advertising where people ready-to-buy

MUST SEE IT!

An advertisement can't even begin to sell unless and until it is SEEN by those who are in the market for what is offered for sale. Best way to make sure that your advertisement will be SEEN by the right people at the right time is to advertise in this newspaper. It's all as simple as one-two-three: (1) Folks who want to buy something like to get all the information they can get about what's for sale. (2) They turn naturally to the advertising columns of this paper for a quick comprehensive look at the market. (3) Your advertisement here is never an intrusion or interruption, instead it is exactly what your best prospects are LOOKING for! Take the shortest distance to your largest, most responsive market . . . via advertising in this newspaper.

NEWS from ALLANDALE

Weather — Showers every day. What a change to earlier in the season!

On Aug. 7 Mrs. Mabel Lee accompanied her sister Mrs. Stella Mayers to Lloydminster where they visited Mrs. Lee's daughter Anna and family and the Johnny Nelson family.

There was a good attendance on Aug. 9 at Sunday school and church service. A very nice sermon was given by our minister Mr. Farquhar. Our summer services are quickly coming to an end, only three more Sundays.

Mrs. Erna Armstrong and Mrs. Mabel Lee accompanied Mrs. Stella Mayers to New Serepta to visit their brother Rufus, Ruth and girls on Aug. 10 and all motored to the city for the week end.

In July Mr. and Mrs. Rufus Omness were holidaying in B.C. Their favorite location is Kelowna in the beautiful Okanagan Valley where they have bought a home.

A very pleasant surprise was enjoyed at the Omness home on Sunday afternoon Aug. 9 when Mrs. Mary Sewall from Brooks, Mr. and Mrs. Albert Splide and youngest daughter Vicky of Provost, and Mr. and Mrs. Hugh Hillcox and youngest son Allan of Edmonton, called. They are daughters Mary, Opel and Birdie of the late Mr. and Mrs. Jack Phillips whose homestead is where the Sid Cusack family now live. The family also lived on the Jim Mayers homestead now owned by Mr. and Mrs. Ostropolsky Sr. The family all enjoyed lunch at this latter place, bringing back happy memories of yesteryear. Mary's husband Cliff Sewall passed away last October. It has been 35 years since she left the district. She is now a proud grandmother. They all take the Standard and enjoy it very much, especially the news items of former friends and neighbors.

There was a happy gathering at the Mike Simone' home recently when relatives and friends from town and district gathered to honor a bride-elect of the month, Miss Glenda Farrell. She was very appreciative of the lovely gifts received. Thanks again to our hostess and ladies for a very delicious lunch and an enjoyable afternoon.

Mr. and Mrs. C. Laird and daughters Margaret and Kathryn of Clandonald left the first of the month for points in Saskatchewan and Manitoba. They will be visiting their parents, relatives and friends.

On Aug. 11 Patricia Martin, daughter of Mr. and Mrs. Jim Martin, was taken to the Elk Point hospital to have her tonsils remove. Just before leaving for the hospital, she dropped a heavy flat iron on her foot cutting her big toe above the nail which necessitated the removal of the nail.

Mrs. Mossy McPhee and her daughter Myrna, Mrs. Evelyn Throndson and daughter Joanne accompanied Mrs. Omness to the Graham Gardiner home in Irvinville on Aug. 12. As we drove into the yard we were thrilled to see such a beautiful landscaped yard so well taken care of. A lovely spacious lawn with many beautiful flowers made a lovely picture. It did one good to just sit, relax and look. A cup of tea and lovely lunch was delicious and much enjoyed just before a shower of rain came. Thanks to our host and hostess and the ladies for a perfect afternoon. We are sorry to have missed the talk on Egypt by Mr. and Mrs. Bentley.

On Aug. 7 Mr. and Mrs. Ed Magistad and Morley of Ponoka, and Georgetta from Lethbridge were visitors at their niece Della's, Mrs. Walsh in Edmonton. They had been [illegible] at Jasper.

Mr. and Mrs. Harold Pearce and girls of Spalding, Sask., were visitors on Sunday Aug. 9 at the homes of Mrs. Pearce's brothers, Ort and Ralph Strome.

Fishing was much enjoyed on Aug. 13 at Lake Muriel by Don Wilson and family and Grandpa Omness. The children were quite thrilled with their catch which was good that day.

Allandale W.A. met on Aug. 12th at the Omness home. Mrs. Opal Cooper from Clandonald was guest speaker. She had a very helpful devotional and gave an informative and interesting talk on the church school she had attended in Edmonton in June. We were pleased to have Mrs. Lily Swanson from Fort Saskatchewan join us for the afternoon. The September meeting will be at the Alvin Throndson home. Lunch Mrs. Flora Throndson and Mrs. Lucie Strome.

Mr. and Mrs. Harold Swanson and family of the Fort visited at the Elelore Nelson home on Aug. 13, returning home the next day.

Recent holidayers at Alberta Beach were Mrs. Betty Stetson and boys and Miss Patsy Crum, R.N.

A belated birthday greeting to Mr. Gus Throndson on his 74th birthday Aug. 14. He enjoyed the day at his son Alvin's helping to build a granary. A birthday supper awaited him at home with Mr. and Mrs. Wes Lamport as guests.

Vernon Nelson was admitted to the Vermilion hospital Aug. 14 to undergo an emergency appendectomy.

Mr. and Mrs. Woody Wilson and family motored to Tolland on Aug. 16 to visit Woody's sister Gladys and family.

Miss Beverly Strome left on Aug. 13 with her aunt, Jean Day and family for Victoria for a few weeks' holiday. Beverly's mother took them to the city and from there they went on the Super Continental. Mrs. Maggs, Mrs. Strome's mother accompanied her to the city.

Mr. and Mrs. Milton Lee of town left for Hill City, Kansas on Aug. 15 where they will visit an uncle and aunt, Mr. and Mrs. Homer Tomsen.

On Aug. 19 Mrs. Mabel Lee, Mrs. Joyce Lee and son Greg, Mrs. Stella Mayers, Mrs. Bob McIntyre and son and Patsy and Donnie Ronaghan accompanied Mrs. Isobel Ronaghan to Estevan, Sask. The Lees will visit a cousin there and Mrs. McIntyre a sister and family. Mrs. Mayers will go on to Leithfield, Minn., and other points to visit relatives.

Deepest sympathy to the Axley families and relatives on the loss of a dear mother Mrs. Jennie Axley.

Congratulations to Mr. and Mrs. Don Wilson on the birth of a son Aug. 19, Richard Albert. Donna is so pleased that her little brother was born on her sixth birthday. Raymond's only comment was "I'll have to shorten the stirrups on my saddle now!"

Congratulations and very best wishes to the newlyweds Mr. and Mrs. Harvey Anderson. Glenda was a beautiful bride.

Mr. and Mrs. Howard McPhee from Vernon, B.C., are visiting at the Herb McPhee home, arriving on Aug. 22nd.

Miss Sylvia Sheppard of Kitscoty spent the week end of Aug. 22nd at the home of her sister Evelyn, Mrs. Alvin Throndson.

Rev. MacKay conducted church service. Communion and Baptism were on Aug. 23. There was a good attendance to hear his grand message "The Power of God in Man". Two babies, Joanne Throndson and Murray Mead were baptized. Little Joanne had her two grandmothers and two grandfathers and two great grandmothers at her christening. Mr. and Mrs. Alvin Throndson and [illegible] and Mr. and Mrs. [illegible] from Vermilion were guests at the Sheppard home at Kitscoty after the service.

Closing Thought: "The Prince of Peace is still the hope of the world. Is this hope being reflected in our daily lives?"

THE Homemaker
NANCY HOOPER
[illegible]
Wainwright

FRESH FRUIT PIES

When making fresh fruit pies, the juicy filling has a tendency to boil over the edges of the pies. Besides resulting in a loss of juice, the oven becomes difficult to clean. The extra liquid in fresh fruit pies also increases the chance of the bottom crust becoming soggy. To take up some of this juice, sprinkle your fresh fruit for pies with flour after it has been washed and dried thoroughly.

FRUIT STAINS

Quick action is recommended for removing all stains and fruit stains are no exception. If the fabric is washable, stretch the stain over a bowl and pour boiling water through the stain from a height of about two feet. Covering the stain with salt before pouring boiling water through may help to remove the stain more quickly. For old stains use commercial bleach. For fruit stains on silks and wools sponge with hydrogen peroxide.

BROWN DISCOLORATION IN CANNED FRUIT

This is caused by oxidation. Air has not been removed either because too low a temperature was used or because of a poor seal or faulty lids. Using a hot rather than a cold pack will help prevent this. Use standard processing time.

FADED BERRIES WHEN CANNED

Some varieties lose color more than others. Injury to berries during preparation causes seepage of juice and hence loss of color. Storage in a light place may cause fading.

Mannville and District Local News

Mrs. Carl Chrysler and children were visitors during the past week at the home of Mr. and Mrs. Jack Chrysler.

Mr. and Mrs. Don Lugg, Mr. and Mrs. Dan Smith, and Mr. and Mrs. E. J. Lugg returned on Thursday evening after an enjoyable trip to Banff, Jasper, Alberta, and Kimberly and Fairmont, B. C. as well as many other points of interest.

Mr. and Mrs. E. Hubbard and Karen were Edmonton visitors at the home of Mrs. Joan Dowicki, their daughter, for a few days recently. Miss Joanne Dowicki accompanied them back to her home.

Master Lyle Emmott spent a few days in Mannville last week, a guest at the Ross Ewing home.

Master Gary Emmott accompanied his grandmother Mrs. G. Coultman [illegible] Stettler for a brief visit.

Life expectancy for Canadian men is now 68 years, for Canadian women it is 73 years.

No More Moth Holes

Beetles, moths and other insects that feast on fabrics may be facing famine in the future reports The Financial Post which says: "A U.S. university has produced a compound which it hopes will make carpets, upholstery and clothes 'indigestible' to the pests. It is designed to give lifelong immunity, can be impregnated during the dyeing process or sprayed onto existing fabrics in the home. Compound is an anti-metabolite which causes 'misfits' in the insects metabolic chain."

Decoration Day Sunday, August 30

The annual Decoration Day service will be held at the Soldier's plot in the Vermilion cemetery on Sunday, August 30 commencing at 2 p.m. Everyone is invited to attend. This service is held to honor the men and women of this country who died in service, and to remember the men from the district who are buried in the Soldier's Plot.

Wreaths and bouquets of flowers may be placed at the cenotaph during the service. Anyone interested should see president Tom Thompson before the service.

Transportation for those requiring same will leave the Legion hall at 1:30 p.m.

MARWAYNE

Mr. and Mrs. Alec MacDonald and Mr. and Mrs. W. MacDonald Sr., were Edmonton visitors last week. Others in the city were Mr. and Mrs. J. Culford.

Mrs. Muriel Golightly, Grande Centre, has been visiting at the homes of her sisters, Mrs. A. Kent, Mrs. R. Kent and Mrs. Welman.

Mr. and Mrs. W. Allen of Kyle, Sask., visited at the home of her daughter and son-in-law, Mr. and Mrs. R. Hutchinson.

Mr. and Mrs. Andrew Berry are on holiday in the British Isles, leaving their children with Mr. and Mrs. Harold Berry.

Mr. Joe Humble of the C.N.I.B. Edmonton has been visiting with his daughter, Mrs. W. Culford and his sons.

Mrs. Berg has been in Edmonton for a week visiting her husband who is a patient in the Col. Mewburn Hospital. She reports Mr. Berg is much improved.

Sunday School will start in St. George's Anglican church on Sunday, Sept. 6 at 11 a.m. There will be no church service that day. A welcome is extended to all children.

Mr. and Mrs. Gardiner have just returned from a visit to Dahamead.

Seen driving new cars are Mr. Gardiner, Mr. Petryshen and Mr. H. Tupper.

The Home and School Association are sponsoring a 'second-hand book depot' in the school the first 2 days of school. Will pupils please bring books they have for sale tied in a bundle, their [redacted] clearly on each one [redacted] the books.

Mr. Alec [redacted] is again a [redacted] in the Lloydminster hospital. Mr. [redacted] and Mr. L. [redacted] are also hospital patients [redacted] we [redacted] them a speedy recovery.

Congratulations to Mr. and Mrs. Roland Ford who were married in the Alliance Tabernacle, Marwayne on Friday, Aug. 21. The young couple will make their home in Edmonton.

The W. M. S. of the United Church held a baby band party in the church hall on Thursday, Aug. 20. There were 44 children there.

At the Bryan Chrichton home last week end were David and Jimmy Chrichton and Mr. and Mrs. Paul Wack of Edmonton.

Mrs. Marguerite Lewis and children of Calgary visited for 10 days at the home of her parents, Mr. and Mrs. J. Milne. Mr. and Mrs. John Milne and Jack spent their holidays by motoring to Drumheller, Calgary, Edmonton and Grande Prairie.

Mr. and Mrs. J. Doull had 10 ladies in for tea to honor Mrs. Cunningham on her 80th birthday. Guests included Mrs. Cunningham's sister Mrs. Golightly Sr.

Mrs. Rowbottom is visiting at the home of her daughter and son-in-law, Mr. and Mrs. Earl Gray.

Bert Little is at the home of his aunt and uncle, Mr. and Mrs. Joe Tupper.

Quite a number of children from the Marwayne area qualified for promotion badges in the Kinsmen Learn to Swim Campaign at Sandy Beach at their Achievement Day on Sunday.

Rowe Golf Trophy Is Presented To Paul Jullion

As a result of winning the open golf tourney at the Vermilion golf club recently, Paul Jullion was presented with the Ken Rowe and Sons trophy. This fine trophy was donated for annual competition several years ago by Ken, Reg and Bob and is certainly a fine decoration for anyone's mantel.

Correspondence Course Off[redacted] To Librarians

A six-month correspondence course in basic librarianship will be offered to selected candidates this fall and winter, it has been announced by Hon. A. R. Patrick, Minister of Economic Affairs. Purpose of the course, believed to be the first of its kind in Canada, is to provide library custodians with a more thorough knowledge of books and library practices.

The course was drafted by a committee of the Alberta Library Board, an advisory body to the Department of Economic Affairs which promotes libraries throughout the province. It will be administered by the department's Cultural Activities branch. Studies begin in October and conclude in April with a three-day seminar at the University of Alberta.

Applications are open to library custodians who are sponsored by their local library board. A registration fee of $20, payable to the Provincial Treasurer, should accompany applications. Because of limited facilities and trial nature of the course, acceptance for enrolment in the first semester will be restricted to 20 persons. Successful candidates will be chosen by the seven-member Alberta Library Board.

Twelve lessons are scheduled in the course. They deal with cataloguing and classifying, book selection, methods for making a library more functional to meet local needs, The Libraries Act and general library administration, public relations, children's work, and evaluation of the candidates' local library. The term-end seminar will provide intensive review of course material and give demonstration in techniques of book repair.

Good Bull — Twin Calves Result

Wm. Walker and Son are certainly sold on the idea of having good breeding stock. They purchased a herd sire at the sale of purebred bulls held by the Vermilion Agricultural Society last fall. The first calves sired by the bull were a set of twins, something they had never had on the farm before. Incidentally the bull purchased was one raised on the farm of Clarence Starr.

Len McDonald Program Received Enthusiastically

(Held over from last week)

The most enthusiastic reception ever given to a group of entertainers at the Vermilion park [redacted] shell was accorded to Len McDonald and the Saddle Tramps, the Wranglers, the [redacted] McDonald Trio and the [redacted] sisters when they entertained [redacted] a large crowd on Sunday afternoon, August 2nd.

From the commencement of the program until its grand climax two hours later there was never a dull moment. The troupe did not even take the usual intermission, just kept right on and the crowd really loved it. What is more, they showed the entertainers by long and loud applause, horn blowing, hand clapping, whistling, and in every way [redacted] that they were truly [redacted] the program.

The crowd kept growing despite [redacted] it had been raining all morning, and intermittently the early part of the afternoon. Fortunately the rain stayed off from early in the program. This seemed to be a very popular type of program and needless to say Len and company have been invited back for next summer.

There is work that is work and there is play that is play; there is play that is work and work that is play. And in only one of these lies happiness.

Pretty Flower Garden

There are, of course, many pretty flower gardens in Vermilion but one which frequently catches the eyes of passers-by is that of Rod Semple on Riverside Drive. It's impossible to describe but everyone should take a look at it right away as it is getting near frost time and one cold night could spoil all the beauty Rod has worked into this lovely garden.

Catch Largest Moose Lake Fish

The largest fish hooked in Moose Lake this year was caught by Mike Sayne recently. It weighed 16 pounds and measured 45 inches in length. The fishing party was comprised of Mr. and Mrs. Mike Sayne of Edmonton, Mrs. Ellen Payne of Vermilion, and Elvin Liggert of Vancouver.

MAXWELL SERVICE

Mr. and [redacted] John [redacted] Honoured On Occasion of Silver Wedding

Well-wishers numbering over one hundred gathered in the community hall on June 6th to help a well known Dewberry couple celebrate their silver wedding.

On May 27, 1934, in the Holy Name Roman Catholic church, Vermilion, the late Rev. Fr. O'Sullivan united in marriage John Maltais and Nellie Garnier. The newlyweds made their home for a short while with [redacted] parents, then moved to a farm in the Greenlawn district. They farmed there for several years, later moving to town where they bought the Dewberry Cafe. After selling this business they purchased the farm they now operate near Hazeldine.

As the celebrating [redacted] entered the hall they were most agreeably surprised to be greeted by their son and daughter whom they thought knew [redacted]ing about the party. Eugene [redacted] is attached to the navy [redacted] at Victoria as a trainer. [redacted] Edmonton and was there [redacted] by his wife and sister and [redacted] husband, Mr. and Mrs. [redacted] Romanchuk. All came [redacted] bus and their unexpected appearance climaxed a very pleasant evening for their parents.

A few hours of dancing to music supplied by Mrs. H. Webedale at the piano and Mr. Harlan Green on the flute was enjoyed.

Mr. John Anderson, emcee for the evening, presented the bride and groom of a quarter of a century ago, with a beautiful platform rocking chair, decorated with a wide white satin ribbon inscribed with the names of friends and well-wishers.

Mr. Anderson humorously recalled events in the lives of the couple and remarked how the bridal pair whizzed along the road in a big hurry driving the old car at capacity speed of 35 miles an hour. His remarks kept everyone in a merry mood.

A lovely three-tiered wedding cake made by Mrs. Mary Isert and iced and decorated by Mrs. Vic Dennill, was also presented to the happy pair.

Eugene, on behalf of the family, presented his parents with a handsome chrome and marble smoking stand.

After the singing of "For He's a Jolly Good Fellow", a bountiful lunch was served by several of the ladies.

Mr. and Mrs. Maltais served the wedding cake which proved to be as delicious as it looked. They also handed around cigarettes and chocolates.

Mr. and Mrs. Maltais left the next day for a holiday in Victoria.

Many more happy years of married life are wished the bride and groom of yesteryear.

Doreen Flohr and Robert Howlett Married in Pretty City Ceremony

KITSCOTY — McDougall United church, Edmonton, was the scene of a pretty summer wedding on Saturday, July 18, when Miss Doreen M. Flohr, daughter of the late Mr. and Mrs. P. Flohr became the bride of Mr. Robert A. Howlett, son of Mr. and Mrs. R. I. Howlett of Edmonton in a double ring ceremony performed by Rev. S. J. Wylie. For the wedding, the altar of the church was banked with baskets of pink and white peonies.

Given in marriage by her brother-in-law, Mr. G. Fredrickson, the bride chose a floor-length gown of silk organza over net and taffeta made with a bouffant skirt. The fitted bodice was designed with a scoop neckline bordered by an overlay band of embroidered lace and tiny pearls with lily-point sleeves. Her fingertip veil of French illusion was held in place by a crown overlaid with seed pearls and rhinestones. She carried a cascade bouquet of red sweetheart roses and stephanotis and wore a single strand of cultured pearls, a gift of the groom.

Miss Marion Flohr was maid of honor, Mrs. Paul Conlon was bridesmatron and the brides[redacted] was Miss Karen Howlett, sister of the groom. They wore identical frocks of turquoise organza styled with balloon skirts, matching picture hats and carried shower bouquets of white and turquoise [redacted] carnations and fern.

Mr. Ralph Otto was best man and the ushers were Mr. Ken Pollon, Mr. Gordon Linsdell and Mr. Douglas Kittle.

Mrs. Brian Kent of Marwayne, cousin of the groom, was soloist singing "A Wedding Prayer" accompanied by Mr. Frank Johnston at the console.

A reception and dance for seventy five guests was held in the main banquet room of the Corona Hotel where Mr. C. Kittle, uncle of the bride, proposed the toast to the bride to which the groom aptly responded. Several telegrams were read from far away relatives and friends during the reception.

Mrs. G. Fredrickson, the bride's sister received the guests wearing a pale blue flowered silk dress with white accessories and a corsage of red roses. The groom's mother chose a cocoa colored sheath dress in nylon over taffeta with matching jacket and her hat was an original model by Linn. She wore beige accessories and a corsage of yellow roses to complement her costume. Mrs. A. C. Linsdel, the groom's grandmother, was attired in a Dior blue figured lace over taffeta with black patent accessories and matching gloves and hat. Her corsage was of pink carnations.

For a wedding trip to the mountains and western U.S.A. the bride changed to a beige linen summer suit with olive green accessories and a corsage of white carnations.

Mr. and Mrs. R. Howlett will make their home in Edmonton.

Out-of-town guests at the wedding were from Abbotsford, B.C., Camrose, Rosalind, Edberg, Ponoka, Buck Creek, Bawlf, Marwayne and Kitscoty.

Hazeldine W. I.

Hazeldine branch of the A. W. I. held their August meeting at the home of Mrs. Rex Bendiksen. Guest speaker was Miss Nancy Hooper of the Department of Agriculture. She spoke on [illegible] and [illegible] points of [illegible] and gave [illegible] talk.

Mrs. [illegible] MacLean presided [illegible] Mrs. [illegible] Mrs. [illegible] MacLea[illegible]

Islay Hospital Board In Regular Meeting

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on Tuesday, Aug. 4 at 2 p.m. with Messrs. Shirreff, Shaw, Garnier, Beckett and the secretary present. Minutes of the July 2 meeting and the financial statement were adopted as read.

Matron's report was given as follows: In hospital 4, admitted 15, discharged 16, remaining on Aug 1 4. Out patients 3, births 0, deaths 0, X-rays 11, operations 2, receipts $4049.30.

Bank Bal. July 1	$12,925.71
July Receipts	4,049.30
Total	$16,975.01
July Accts. Payable	$ 3,951.06
Bank Bal July 31	13,023.95
Earnings Unpd July 1	921.70

Meeting adjourned to meet Sept. 1 at 8 p.m. in the hospital.

Dewberry Ladies' Aid Meets

The August meeting of the Dewberry Ladies' Aid was held at the home of Mrs. J. Porter with five members and four visitors present. Following the opening hymn, "I Need Thee Every Hour," Mrs. Young read from the Bible and Mrs. Ewen from the Upper Room.

The minutes of the previous meeting were read and adopted. It was agreed to buy some new hymn books and also two utility tables for the church. Members were reminded that the Horticultural Show would be held in the hall on August 20th and that interest in it would be appreciated. On August 27th in the afternoon, there will be a work day at the church for members and it is hoped that all those able to will be there. Each member is asked to bring a little lunch.

The meeting closed with the benediction, after which a delicious lunch was served by the hostess.

Mrs. Milo Hodgson kindly invited the Aid to her home for the September meeting and this was much appreciated.

To Color Oranges Again?

You can expect to find artificially colored oranges in your grocery after October, predicts The Financial Post. Canadian ban on color-added oranges imposed early in 1955 has been lifted. Canadian Food and Drug Division has approved a new chemical coloring.

August Bride Feted At Mannville

MANNVILLE — A number of Mannville ladies gathered on July 29 in the Anglican parish hall to honor Miss Donna Hanning, a bride elect of August at a miscellaneous shower. Miss Hanning was presented with a number of beautiful gifts. The presentation was made by Mrs. Jim Scott. Donna, in her reply, graciously urged all present to visit her in their new home at Jasper when the opportunity arose.

Pharmacists sincerely believe, that the practice of medicine requires much knowledge, continuous study and a sincere desire to benefit the patient. Therefore no one should attempt to advise people who are sick except a physician.
Unfortunately, we have laymen, with no medical training, wearing white jacket to simulate a physician who by means of television and other advertising presume to tell you what to take when you are sick. Some of the remedies they promote offer only temporary relief. Be wise. Depend on your physician and the specific medicine he will prescribe for your particular condition.
A great many people entrust us with the responsibility of filling their prescriptions . . . May we compound yours?

Princess Anne W. I.

The president, Mrs. G. Richardson presided at the July meeting held at the home of Mrs. Roy Bland. One visitor, Mrs. R. Reeves was welcomed. Mrs. Reeves is a former member of Princess Anne W. I. and she now lives in Edmonton.

Roll call was a home economic problem or idea.

The Social Service report showed that get-well cards and a baby blanket had been sent and that a picnic and shower had been held for Miss Mary Ellen McIntyre. Cancer receipt books must be turned in at the next meeting. Delegate to the July meeting will be Mrs. A. Searle.

Following the business part of the meeting a film on education was shown and a discussion was held re the panel to be presented by the Princess Anne group at the conference.

At the close of the meeting a delicious lunch was served by Mrs. R. Strome, Mrs. O. Strome.

MONTREAL POLIO SCARE

While 15,000 persons lined up in the rain outside city hall for Salk vaccine shots, the city health department warned that Montreal, Quebec, is 60 cases and one week away from a full-blown polio epidemic. Three Montreal hospitals are treating 157 cases of polio So far this year,

12 polio patients have died. The vast majority of those stricken have had no Salk shots. A few have had one. These two girls are going to stay in line until they get their Salk shots even though it rains.

WILDMERE WINKS

Mr. and Mrs. Roy Dibben of Basswood were Edmonton visitors from Thursday until Sunday. Mrs. Dibben took Kathleen Cruthers and Isabelle Gibson of the Wildmere Beavers Girls club with her. These two girls were to go to Olds but as circumstances did not warrant that trip she took them to see many interesting places in the city instead. The girls reported having had a wonderful time. Hope you did too, Elsie.

Mrs. June Morand and grandson accompanied her daughter Mrs. Jim Wilson and two children, all of Calgary, to visit her sister Mrs. Cliff Cruthers and brothers, William, Adam and Albert Smith of Wildmere. They arrived on Saturday by car.

On Sunday last Mr. and Mrs. Albert Smith entertained Mr. and Mrs. Jack Marfleet and family of town and Mr. and Mrs. Cliff Cruthers and family of Wildmere, Mrs. Morand, Mrs. J. Wilson and family of Calgary to a delicious supper the occasion being the silver wedding anniversaries of Mr. and Mrs. C. Cruthers on Aug. 10 and Mr. and Mrs. J. Marfleet on Sunday Aug. 23. May these fine couples enjoy many more happy years together.

Mrs. Lewis Alexander of Battleview has accepted a position to teach at the [illegible] school in Wainwright for the [illegible].

Mr. and Mrs. W. G. Smith drove to the city on Sunday accompanied by little Diana and Jeanie Smith who returned to their home there. Miss Yvonne Marchard also went with them and left on the plane Monday for her home at the coast. She had been visiting Linda Ruth Smith in Wildmere for the past month.

Mr. and Mrs. David Hughes and family of Basswood were Edmonton visitors over the week end.

Church service here suffered on Sunday with all these [illegible] away. Mr. Nicholls gave a very interesting sermon on "Give us this day our daily bread". Only three Sundays of church left to be conducted by Mr. Nicholls as Sept. 13th is his closing service. Our summer has slipped by far too quickly.

Congrats to Mr. and Mrs. Howard Coburn on the birth of a baby daughter, a little [illegible] for Karen, Linda, Brenda, [illegible] Glen, Onita and Murray.

On Sunday the writer and husband, Bobby and Kenny Graham, were supper guests at the home of Mr. and Mrs. Frank Gibson of Basswood. Mr. and Mrs. Eric Madill of Wainwright were also visitors. Mrs. M. York, daughters Ellen, Carlyn and son Carl arrived from Woodside, Man., where they had been visiting brothers Dan and Howard Gibson. Mrs. York is a sister of Frank's and Mrs. Madill. Gloria [illegible] had accompanied [illegible] to Manitoba.

Mrs. York will teach close to [illegible] this year. She reports good crops at Woodside. Her father and mother Mr. and Mrs. Gaylord Gibson of [illegible] B.C. were also visiting [illegible] with their sons. Thanks [illegible] for the nice afternoon and supper.

Miss Peggy Graham arrived at her home in Wildmere Monday. Peggy has been [illegible] for several months in [illegible]. She motored out from [illegible] Ont., where she had her car stored while in [illegible].

In 1958 net farm income in [illegible] increased to $[illegible] million from $[illegible] million in 1957.

SEEDTIME and HARVEST

By Dr. F. J. Greaney, Director, Line Elevators Farm Service, Winnipeg, Manitoba.

Sponsored by the following companies: [illegible]

PRACTICE AND PROMOTE FARM SAFETY

This year, the week of July 19 to 25 was proclaimed "Farm Safety Week" in Canada. The chief aims of this national week are (1) to draw the attention of farm people to the hazards of their occupation, and (2) to educate farm people to work and live safely through the whole year. In plain words, to make farmers and their families more "safety conscious."

The Toll is Heavy. On the average about 200 Canadians lose their lives each year as a result of farm accidents. Many, many more are seriously injured and not a few are crippled for life. In Alberta and Saskatchewan alone, in 1958, no less than 272 farm residents lost their lives through accidents. Of these, farm tractors, the most numerous of all farm implements, were responsible for 37 deaths. In the province of Saskatchewan alone in 1958, no less than 6,500 farm people suffered injuries which necessitated hospital treatment.

Care and More Care. What must be done to reduce the huge toll in lives, injuries and property damage claimed by accidents on the farm each year? Well, hazards loom large on every farm. Every farmer should, therefore, recognize the importance of making safety a habit — a good habit. Each adult farm person must assume personal responsibility, not only for acting and living safely themselves, but for teaching and instilling the idea of safety in children. It is also essential that each of us support our provincial and local officials as they seek to strengthen and enforce our farm safety programs.

Prevention. One of the basic rules for farm safety is prevention. Remove all possible hazards on your farm today — tomorrow may be too late. And every day during the present harvesting season, plan to [illegible] every job on your farm the [illegible] way. After all, safety is [illegible] [illegible]. "Think Safety, Act Safely and Be Safe."

DRIVE WITH SAFETY IN MIND

Even teachers have to keep in practice as you can see above. Teacher Jack McLennan of Kemptville, N.S., is too close according to [illegible] Lorraine LaRose of [illegible], Ont. and Leo Yakola of Ottawa, Ont. They are all taking part in a high school driver instructor course. There is only one woman enrolled in the course and Mary Martin thinks that reading will help her to make a good and safe driver. There are 23 taking this Ontario Safety league course.

Health Unit Notes

During the past [illegible] months, our Health Unit staff has been examining many of the preschool children in our area who will be commencing school in September. The most common single defect found was dental decay and so we think it advisable to discuss dental health.

Good teeth are necessary for four reasons:

a. For good health.

b. Good looking teeth aid good appearance.

c. For proper chewing.

d. They assist in speech.

Nature has provided us with two sets of teeth, primary (or baby) teeth and secondary teeth. There are twenty primary teeth and these are partly formed before the child is born. They begin to appear when the baby is about six months old and usually have erupted by the time the baby is two and a half years. Normally they are all lost by the age of 12. They should not be considered as temporary teeth, but as foundation teeth, and should be preserved in health until the secondary teeth are ready to erupt for four reasons: (a) For proper chewing of food; (b) to help guide the secondary teeth into position (c) to aid in normal jaw development; (d) to prevent irregularity of the secondary teeth. Normally there are 32 secondary teeth, and they begin to appear between the fifth and seventh year.

The child should be taken to the dentist soon after all the baby teeth have appeared at about the age of 2½ or 3 years and thereafter at least twice a year and more often for dental examination. If decay is found early, the dentist can remove it with little or no pain, and fill the cavity while it is small and thus preserve the tooth. If treatment is delayed, decay progresses towards the pulp (nerve) in the centre of the tooth, and later leads to an abscess and sometimes illness.

The mouth is an ideal place for the growing of disease germs. The cleaner the surfaces of the teeth, the less inviting they are to germs. The grooves on the chewing surfaces of the teeth, the surfaces between the teeth and also the surfaces near the gum margins require special brushing and decay usually begins here.

Take the child to the dentist before discomforting operations are necessary. This will prevent fear of the dental office and enable the dentist to make friends with the child.

Teeth should be brushed regularly and thoroughly because brushing helps prevent decay and improves their appearance. The teeth should be thoroughly brushed after every meal, or at least every night before going to bed and every morning after breakfast and the mouth thoroughly rinsed with warm water. Children should use a small tooth brush and adults one of medium size. Your dentist will advise you regarding the type of brush and the tooth brushing method best suited to your mouth.

Diet is important in growing and maintaining good teeth. Some foods are more nearly adequate than others for protecting health and promoting growth. They are called "protective foods" and should form the basis of meal planning. These foods include milk and milk products, vegetables and fruits, whole grain cereals and breads, eggs, and lean meat, poultry and fish.

In the research field many workers agree that there is a relationship between candy-eating or excessive amounts of sugar and dental caries. By restricting the amount of sugar in the diet, it has been possible to partially control dental caries. A special effort should be made daily to include raw or crisp foods requiring chewing such as head of lettuce, celery, raw carrots, hard toast and bread crusts.

Dental defects may lead to: — 1. Pain. 2. Irritability; 3. Loss of teeth; 4. Loss of chewing surface. 5. The omission from the diet of foods which require chewing. 6. Bad breath. 7. Loss of good looking natural expression. 8. Self consciousness and an inferiority complex; 9. An unsightly condition of the teeth and malformation of the jaw; 10. Lowered physical resistance and impairment of good health. 11. Great expenditures for correction.

BOWTELL BULLETIN

Since it has been some time since any news of this district was [illegible] in, some of the following [illegible] may be a bit old.

We sincerely hope our editor and staff enjoyed their well-earned holiday.

Mary and Shirley Williams enjoyed a visit with their grandparents, Mr. and Mrs. Caro in Edmonton during the holidays.

Mr. and Mrs. Stucher and girls visited recently at the home of the writer.

Congratulations to Mr. and Mrs. McNiven (nee Iris Lind) on the birth of a baby son recently.

Tom Sherwood and Charlie Pierman attended an electric light meeting in Clandonald recently.

Jim Repp has a nice new side rake and Frank Robinson has a power mower.

The August meeting of the Loafer's Lodge was held at the home of Mrs. B. Gould. We were pleased to have quite a number of ladies from Islay and Mrs. T. Gould of Sedgewick at the meeting. The September meeting will be held at the home of Mrs. [illegible]

The writer was pleased to have Mrs. W. Shepherd of Calgary, and Mrs. McEachern of Edmonton as visitors during the holidays.

Mr. and Mrs. J. Semenick were recent Edmonton guests.

Noticed around — A nice house being built at the Walker farm; Mrs. Knutson feeling better after her recent spell in the hospital; road work being done between Jack Semenick's and John Rochford's.

Mrs. Knowles, a one-time resident of Bowtell, is visiting her daughter and son-in-law Mr. and Mrs. C. Hollen. She is very well known to many old timers of the district.

Due to the muddy roads, not too many attended church on Sunday.

Rain is delaying harvesting operations in the district.

Mr. and Mrs. Jones of Edmonton visited over the week end at the Robinson home.

Potatoes have started to grow again after all the rain.

Hear you enjoyed your trip to England, Mrs. D. Jenkens.

Miss Margaret Gow is home from the hospital.

Mr. and Mrs. M. Sayna and family have been visiting the latter's parents, Mr. and Mrs. J. Payne recently.

MARWAYNE NEWS

The Horticultural show sponsored by the F.W.U.A. was very successful. The prize list will be published at a later date.

The F.W.U.A. meeting will be held at the home of Ruby Hale on Monday, Aug. 24. Visitors are cordially invited to attend.

Herbie Parker's little son had the misfortune to suffer a broken arm recently.

50th Anniversary of Allandale School Celebrated by District Folk

It was a grand evening for this celebration and around 200 folks were in attendance, and included many who had an interest in the school, past or present. It had been over thirty years since some had been to the school.

It was very kind of Mr and [illegible] (Rufus being the first fiddler in the school) to come and supply the music for this occasion. Johnny Butz acted as a most efficient M.C. — he attended the first day of school here and later was master of ceremonies for the dances.

A bounteous lunch was served at midnight by the Old Timers and the ladies are thanked for the delicious cakes. The lights suddenly went out and in came a lighted schoolhouse typical of Allandale. The school bell rang and all joined in singing 'School Days'. The house was then lifted and there inside was a beautiful anniversary cake all decorated and adorned with fifty candles. Nora Ronaghan was responsible for this delicious cake and all the work it contained.

Two of the oldest old timers Mr Wm Armstrong and Mr Raymond Mercier had the honor of lighting the first two candles. Six former teachers who were present Mrs. Sibyl Rorbuch, Mrs Margaret Walling, Mrs Jessie Alton, Mrs Hazel Maire, Mr George Mead and Mrs Jessie Strome followed in turn and all the previous students. There were families present who had three generations attend the school.

The members of the Omness family were all present, Mabie Lee, Gertie Swanson, Erna Armstrong, [illegible] and Nora Ronaghan. It has been fifty one years since the family came to Allandale. They were called to the front and all joined in singing 'For They Are Jolly Good Fellows'. Flash pictures were taken then and during the evening.

Ronnie Maughan favored the audience with some old time songs in memory of days gone by when he sang at the school dances. A comical performance was given [illegible] demonstrated with a hankie of how the girls looked in those days.

Then the following letter was read from an old timer of Allandale [illegible]

To our old friends and the people of Allandale. It is only the illness of my dear wife that keeps me from being with you tonight but while I cannot be with you in person I will be with you in thought and spirit.

The Allandale people are to be congratulated on keeping up the community spirit they have always shown. It is of the greatest satisfaction to me personally to know they are carrying on and I know also it is a heavy load for someone and I hope they too will know this great satisfaction.

When I look back over the past fifty years I think of many [illegible] in the Allandale district and know they will be represented [illegible] the Armstrongs, Omnesses, Darlings, Arnolds, McBrides, Spencers, Lees, Habstritts, Mayers, Defords, Bernemillers, Sidevers, Merciers, and later the Nelson, Thrandson, Crom and Edwards families.

Allandale holds a record for the Vermilion and Islay districts and [illegible] eastern Alberta in that Wm. Armstrong has lived on the original homestead for a period of over fifty years.

In travelling over Alberta I see many places where schools [illegible] only a foundation and a broken fence now remain to show where once the hopes and aims of former people lay, to see some school left to the ravages of time and elements, weeds and brush filling the yard where children played and of course quarrelled or tried smoking behind the barn. When I see and think on these things I am so glad to know that Allandale is not among them.

I will close by saying carry on.

(Signed) Tom Souder

Tom Souder and his sisters were among the first scholars of Allandale and he helped his dad build the school.

Folks from a distance to attend were Mrs Gertie Swanson from Elk Point, Mr and Mrs. Rufus Omness, New Sarepta, Mr and Mrs. Johnny Butz, [illegible] Ada McPherson, Midnapore, Mr and Mrs Pat Butz, Leduc, Mr Bob Butz, Calgary, Mr and Mrs James Walsh and family, Mrs Margaret Walling, Mr and Mrs Ken Alton, Mr and Mrs Jack Dwyer, Mrs Ruth Butler, Albert Armstrong, Cliff Storkwell all of Edmonton, Mr and Mrs. Ron Poraylo, Vegreville, Mr. and Mrs. Jim Ronaghan and Mr and Mrs. Jack Fountain, Wainwright, Mr and Mrs. John Nelson and Alva of Lloydminster, Mr [illegible]ley Worsley.

Mrs Adamson from Edmonton, a well known lady in the [illegible] greetings to all her friends in [illegible]

A few names were missed in the guest book but will be added later.

[illegible] a very enjoyable evening at the centre of a very memorable occasion which will be long remembered by us all and we know it will be by all those who have memories of the old Allandale school.

Paradise Valley

Mr and Mrs Nigel Aspeslet and son Timmy of Edmonton spent a week's holiday at the A. M. and Don Levitt homes.

[illegible] of Oxnard California also visited one week with Mr and Mrs A. M. Levitt. Mr Duckworth is a brother of Mrs. Levitt.

The Paradise Valley Garden Club held a mother and daughter tea at the home of [illegible]dale on Thursday August 13th. The program, tea and social time was enjoyed by all present. This club is to be congratulated on winning first prize for their thematic display on 'Home Freezing' at both Lloydminster and Vermilion fairs. This was a very good display and a credit to both the members and their leaders. Miss Mildred Teasdale was the efficiency winner from this club and attended the one week's short course at Vermilion Agricultural School in July. Miss Linda Stepanoff from this club also went to Olds School of Agriculture for the provincial competition. She was chosen as alternate delegate for the trip to Montana this year. Miss Ellen Teasdale represented the 4-H Beef Club at Olds for provincial competition. Miss Sharon Dobson attended the 4-H short course at Vermilion School as efficiency winner from the Paradise Valley Clothing Club, and from Gwen [illegible] from the Beef Club. All these young people are to be congratulated on winning these awards. Also their leaders who deserve a lot of credit for giving much time and thought to this work.

Mr and Mrs. Ben Lievers and family have moved their house in from the farm and located on the McLean lot.

More Insurance

Canadians are buying more than twice as much life insurance as they did five years ago, reports the Canadian Life Insurance Officers Association in The Financial Post.

Life insurance purchased in the first six months of 1959 [illegible] $2,021 million, compared with $1,318 [illegible] of protection bought in the first half of 1954.

Money problems arising from dying too soon and living too long have prompted Canadians to buy, so far this year, almost four times the amount of life insurance bought in 1949 when sales amounted to $[illegible] million.

Pornography is a matter of taste, declares J. B. McGeachy in The Financial Post. He adds "Laws against pornography are for several reasons ill advised. They constantly miss their mark. They have no observable social effect. They only penalize lack of subtlety, and if all the [illegible] were in jail who would be at large but me and thee?"

POLIO
The Polio Foundation sponsored by your Canadian Legion spent $650,000 in the last five years on Polio patients in Alberta. There are still 290 polio patients requiring assistance!

PARK DEER TAMER THAN CATTLE

The deer are blocking traffic in Algonquin Park these days. Even the odd bear is coming onto the highway to solicit food from tourists. Although officials warn motorists not to feed the bears on the road or anywhere for that matter and not to make sudden stops at the sight of deer, tourists continue to stop. How can you resist when the deer are so tame they'll eat out of your hand.

It is estimated that in 1958 corporation profits declined by about six per cent from the previous year.

Northward Ho!

WINNIPEG. — The season's second special C N R Churchill excursion train, carrying more than 250 adventurers on a six-day all-expense tour of Manitoba's north country, left Winnipeg last Friday. The train will be their 'home-on-wheels' for the entire trip.

The excursionists to "North of 54" were from practically every State in the Union and every Province in Canada.

TOUR WEST

Eighty young people from the mid-western United States are currently on tour of Western Canada. The trip, arranged over CNR lines, included visits to Edmonton and Calgary, as well as a drive over the Columbia Icefields highway.

The harvest moon in late September is more commercial than romantic in Northern Europe. The World Book Encyclopedia explains that the moon rises near sunset, permitting farmers to work late into the night gathering the crops.

Vol. LI. No. 8. — $2.50 a Year — Vermilion, Alberta, Thursday, September 3rd, 1959. — 12 PAGES — Single Copy 10c

40c of Every Dollar For Food, Cars Locally

Interesting Figures Compiled For Battle River-Camrose Residents

(Special to The Standard)

NEW YORK, Aug 28 — The changing times are producing corresponding changes in the way in which residents of Battle River-Camrose district are spending their money.

Because local incomes have been rising faster than the cost of living, the average family has been able to eat better, to dress better and to add to its expenditures for recreation and for hobbies.

The data on local spending ability and spending habits comes from a copyrighted Canada-wide survey made by Sales Management. It details the emphasis given by the consumer to such items as food, [illegible] house furnishings, [illegible] and general merchandise.

Most of the money spent in Battle River-Camrose district's retail stores in the past year, it was found, went for food and for automotive equipment, which includes new and used cars, auto accessories, boats and motorcycles.

Such purchases accounted for forty cents out of every retail dollar.

That was more than was spent for them in most parts of Canada, an average of 33 cents. In the Province of Alberta it was 35 cents.

Expenditures in local bakeries, groceries, meat markets and other food stores came to $15,620,000 in the year, compared with $12,905,000 in 1957.

It amounts to $879 per household if divided equally among the local population.

Not included in the total is the money spent in restaurants, soda fountains and the like for on-the-premises food and drink.

The stores selling cars and other automotive equipment accounted for $29,408,000 in the year. It represented 26 cents of the retail dollar.

Although people were, for the most part, restrained in their spending because of the business [illegible], most stores [illegible] up well. Some fared better than others.

The local stores selling general merchandise grossed $11,142,000, equal to 10 cents of the dollar.

Sales of drugs and accessories came to $2,915,000, or nearly 3 cents.

Home furnishings stores had a $4,408,000 volume, equivalent to 4 cents.

Labor Day Monday Sept. 7th

Monday, September 7th is Labor Day and a Dominion holiday, observed as such all over Canada. Labor Day is also observed in the U.S.A. as a national holiday. All stores, business places and schools in Vermilion will be closed.

Clandonald Man Loses Life By Drowning in North

Gordon Malonek, son of Mrs. F. B. Malonek of Clandonald, lost his life by drowning at Waterways on Friday, last week, Aug. 28. He was 44 years of age and had gone north last March to work on freighting on the river, with the intention of returning to his Clandonald home this fall where he lived with his mother.

He is survived by his mother Mrs. F. B. Malonek at Clandonald, his wife and two daughters Lois and Wanda, two brothers Herb at Dewberry and Frank at Clandonald, and four sisters, Mrs. Sidney Bruce, Vermilion; Mrs. C. Carlton, Clandonald; Mrs. Stuart Conboy, Forestburg and Miss Maggie Malonek, Edmonton.

Funeral services are being held this Thursday, Sept. 3, at 2:00 o'clock in the afternoon at the First United Church, Vermilion. Interment will take place in the Vermilion cemetery.

Moyers are in charge of the funeral arrangements.

Breaks Arm First Day At School

John Harcuther, eight-year-old son of Mr and Mrs. Lawrence Harcuther was a first day accident victim at school. John suffered a bad break to his left forearm, just above the wrist.

Coming out for the morning recess, John went down underneath a rough and tumble wrestling match, suffering the painful and regrettable mishap.

Wilful Damage To Playground

Wilful and deliberate damage to the playground equipment provided for the free use of shopper's children during store hours next to Clendenning's Family Wear was noted Thursday morning.

The damage was such that it must have been perpetrated by bigger boys or even adults. Remember that when you are doing such things it may be the younger members of your own family who benefit the most from such a playground.

A warning too: This playground is private property and must be respected as such. Anyone found damaging the same will be prosecuted to the full extent of the law.

August Rainfall Totals 4.89 Inches

Heavy rains fell in the last days of August — .87 on Thursday the 27th and .26 on the 28th. This brought the rainfall for the month to nearly five inches, 4.89 to be exact.

Weather in September has so far been dry and windy, giving hope that the grain might yet be harvested. Farmers are faced with a variety of problems right now though, including second growth, short straw and soft fields. Where the crop is better the trouble is caused by wholesale lodging.

August rainfall this year did not set a record by any means. It has been exceeded twice since the weather station was built in 1945. In 1949 5.28 inches fell, and in 1954, get this, a whopping 7.15 inches was the high mark for August rainfall in this area.

DAILY TEMPERATURES

Date	High	Low	Rain
Aug. 27	65	50	.87
Aug. 28	59	46	.26
Aug 29	61	35	T
Aug 30	67	41	
Aug 31	64	36	T
Sept 1	61	40	
Sept 2	65	39

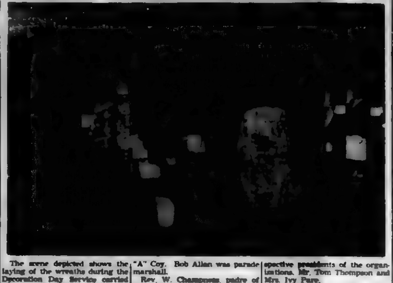
AT THE PARK
MOVIES IN THE EVENING.



The scene depicted shows the laying of the wreaths during the Decoration Day Service carried out at the soldiers' plot in the Vermilion cemetery on Sunday, August 30th.

Members of the Legion and the Ladies' Auxiliary marched to the cenotaph led by the Pipe Band of "A" Coy. Bob Allan was parade marshall.

Rev. W. Champness, padre of the Legion, was in charge of the service, with the Salvation Army band playing the accompaniment for the hymns. Laying of the wreaths for the Legion and the Legion Auxiliary was by the respective presidents of the organizations, Mr. Tom Thompson and Mrs. Ivy Pare.

The graves of the soldiers had been beautifully decorated with flowers, with the grass and surroundings showing the utmost in care.

Homogenized Milk Will Be Supplied By Local Creamery

Good news for dairymen and consumers of homogenized milk was forthcoming at the Board of Trade meeting on Wednesday, when Ralph Wilson, chairman of the agricultural committee, announced that the N.A.D.P. would supply homogenized milk from the local creamery in the near future. Use of homogenized milk had increased greatly with all consumed in Vermilion being supplied by the Saskatchewan Co-op creamery at Lloydminster.

Officials of the N.A.D.P. had made a survey of the amount consumed and made their decision after that survey. Homogenizing of milk at the local creamery has been advocated for some time by the Board of Trade.

Angus MacMillan, the vice-president, occupied the chair as the Vermilion Board of Trade resumed their weekly dinner meetings following the summer recess. The dinner gatherings are open to all and are held at the Rio cafe every Wednesday. These regular weekly dinner gatherings have been held by the Board ever since 1933.

Newcomers present and receiving a warm welcome were Morley Douglas, newly appointed District Agriculturist; Gus Morow, local superintendent of Northwestern Utilities; Rev. W. A. Champness, rector of the Anglican church. Mark Norton was welcomed on his return to take over the IHC business here.

SUCCESSFUL PARK SEASON

A great many items were reviewed with the very successful park season being mentioned by Ken Urquhart and Jim Champion.

Fire Chief Urquhart also thanked the Board for providing the entertainment for one evening during the provincial fire chiefs short course here in August. The course was unique in Western Canada, was well attended and very successful. The Canadian Legion Post 11 also came in for words of praise from Mr Urquhart. The Legion had thrown their games room open for the visiting fire chiefs every evening where sing-songs and games were enjoyed. The Hon. Alfred Hooke in whose department the office of fire commissioner falls was present for the opening day of the course.

NO LEFT TURN

The new sign "No Left Turn" on Highway 16 came in for some discussion both pro and con. It was thought that the condition leading to the placing of the sign could be alleviated by the removal of the stop signs leading on to Highway 41 on the curves and replacing these with "Yield Right of Way" signs. Whether this is permissible when entering a provincial highway was not known but inquiries are being made.

SR. CITIZENS LODGE

In answer to a question Ashley Cooper reported that a meeting to consider the master agreement in connection with senior citizens lodges was being held at Kitscoty on Tuesday afternoon. If the representatives of all the municipalities involved approved the agreement it was the intention of the Public Works Dept. to immediately call for tenders and to have construction started this fall. Should there be a delay in signing the master agreement construction could not possibly be started until next spring.

Peregrine Falcon Caught At Mannville

MANNVILLE. — A young falcon, presumably a Peregrine, was rescued last week by Edwin Torrance. The bird had been caught by a cat, but appeared to resent his rescuer, leaving a few scratches on him. The Torrance brothers persevered however, making allowances for the natural instinct of the wild bird, and shot sparrows and blackbirds for the lonesome young captive for whom they had made a cage. The falcon refused all other [illegible]

On contacting Al Oeming of wild animal fame and of the privately owned animal farm on the Cooking Lake trail, they were advised to send the animal up to him. The bird which had become more submissive under the kind treatment of the Torrance brothers, now has a new home. It will be identified and kept by Al Oeming and will shortly be seen on television.

Rotarians Present Books to Library

Mrs. Gordon Williams, librarian of the Vermilion public library, was a guest at the Rotary club meeting on Friday, and was presented with a substantial cheque to purchase more books for the library. In acknowledging the gift, Mrs. Williams expressed thanks and stated that the number of books presented by the Rotarians over the past three years was quite large. The books occupied a section of shelves by themselves. The presentation was made by rotarian Ben King.

Emerson Lother, chartered accountant from Lloydminster, spoke on income tax, giving a considerable amount of information on the income tax act, and telling how the act is carried out. He also stated that if anyone was interested in not paying income tax he should become the [illegible] general of Canada as [illegible] official is exempt from income tax.

George Webb introduced the guest speaker while Gordon Park thanked him for his fine and informative talk.

Visitors at the meeting were Ted Strange of the Edmonton [illegible], Mel Lavold and Emerson Lother of Lloydminster club.

Rebekah Lodge Install Officers

Britannia Rebekah Lodge No. 48, Vermilion, held a special meeting in the Legion hall on July 6 when Sister Stella Kratky, [illegible] Deputy President and staff, [illegible] the following officers:

- Jr. Past Noble Grand — Sis. [illegible]
- Noble Grand — Sis. Edith Logan
- Vice Grand — Sis. Madge Calhas
- Recording Sec'y — Sis. Marjory Knapp
- Financial Sec'y. — Sis. Beryl Seuffert
- Treasurer — Sis. Marion Davis
- Warden — Sis. Alma Cameron
- Conductor — Sis. Doris Martin
- Chaplain — Sis. Corinne Downey
- Musician — Sis. [illegible]
- Color Bearer — Sis. Elsie Sinden
- RSNG — Sis. Jessie Burns
- LSNG — Sis. [illegible]
- RSVG — Sis. Hazel Coulbourn
- LSVG — Sis. Marion Maggs
- Inside Guardian — Sis. Ada McCormick
- Outside Guardian — Sis. Ethel Hodgson

Enjoyable Program By Kitscoty Band

Entertainment at the park last Sunday was by the Kitscoty school band under the leadership of Mr. Milton Christofferson. The program was really superb and was enjoyed by the crowd in attendance. Mr. Christofferson is to be [illegible] commended on the training [illegible] music he has given [illegible] young people and the members [illegible] selves must be congratulated on the progress they have made and the interest they take in the band [illegible].

The [illegible] band will be back again next summer to add to the enjoyment of the Vermilion provincial park.

The [illegible] programs at the park on Sunday afternoons this summer have been excellent and have been very well attended. As a matter of fact people look for something of the way of a program every Sunday now and will be disappointed when the day goes by without an entertainment.

The [illegible] at the band shell attract surprising numbers, the parking area being filled every Sunday evening. The films shown are of an educational nature with [illegible] for the children.

25 Teachers Staff Mannville School for the New Term

MANNVILLE. — The staff of the Mannville centralized school now numbers 25 with the following teacher placements taking charge this week:

ELEMENTARY

- Grade 1 — Mrs. Olga Brown and Mrs. Doris Keating.
- Grade 2 — Mrs. Mabel Otto, Mrs. Ruth Hubbard.
- Grade 3 — Mrs. [illegible]
- Grades 3 and 4 — Mrs. Sheila Baldwin.
- Grade 4 — Mrs. Alice Hamilton.
- Grades 4 and 5 — [illegible]
- Grade 5 — Mrs. Mabel Gamble
- Grade 6 — Mrs. Thelma [illegible]
- [illegible] Mr. John Mish.
- Grade 7 — Mrs. Marion Rose Orest Humeniuk.
- Grade 8 — Mrs. Olive Thompson, Mr. Nestor Bohaychuk.
- Grade 9 — Mrs. Lily Park, Mrs. Mary Morrison.

HIGH SCHOOL STAFF

Principal Angus Smith, Alan T. Rostron, Mrs. Della Bang, Garret te Kampe, Ronald Forsythe, Mrs. Willa Rea, Miss Ruth [illegible] Home Economics, Albert [illegible] Industrial Arts.

At the present time Mrs. Thom[illegible] is substitute teacher for Mrs. Thelma Duncan and Mrs. Harry Allan for Mrs. Doris Keating.

Modern Shopping Centre at Mannville

MANNVILLE. — The bid of William H. Markowsky has been accepted by the Mannville Co-operative Association to build the new Co-op store here. Mr. Markowsky will demolish the old store building without charge [illegible] out of salvage [illegible]. Markowsky [illegible] are going to be busy [illegible] at present filling the contract for concrete sidewalks starting on the [illegible] street [illegible] avenue.

Cardinals Leave On Saturday For Fastball Finals

Vermilion Cardinals leave this Saturday for Grande Prairie where they will defend their provincial intermediate "B" ladies fastball championship which they captured in 1958, and on four occasions previous to that. The girls are making the trip in five cars and will be at full strength for the final series, 13 players in all being in the party.

The Cardinals are due to play their first game against Calgary at 11 a.m. Sunday, Sept. 6. The winner of this game then plays the winner of Grande Prairie vs. Dawson Creek at 1 p.m. It is a double knockout competition with the four teams named above the finalists. The final game is scheduled for Monday at 4 p.m. providing the series goes the limit.

The best wishes of the Vermilion fans are accompanying their Cardinals north, and hopes are high that they will retain their provincial championship.

Players making the trip are Lil Thompson, Lucille Thompson, Edith Miller, Doreen Bellingham, Helen Highberg, Edna Winters, Anne Marciniw, Lil Scott, Marion Peterson, Betty Robinson, Irene Sideroff, Rose[illegible]

Mannville Student Wins Scholarship

MANNVILLE. — Congratulations are in order to Dale Younge, U of A student, who after receiving his marks, was advised that having an average of 75% or over he was eligible to apply for the Province of Alberta scholarship of $800. He did so and to his delight was accepted for same. Dale and his family, the George Younge's, are residents of the Wealthy district and Dale received his high school education at Mannville.

2600 Children Flock Back To Schools in Vermilion Division

Twenty-six hundred children, varying in ages from five years to late teen-agers, flocked back to schools in the Vermilion division this week with a full complement of teachers on hand to [illegible]

The complete list of teacher placements in Vermilion division is:

Blackfoot — Mr N. Robison, Mrs B. Cundliffe.

Clandonald — Mrs. L. Goddard, Mrs M. McPhee, Miss J. Hall, Miss C. Richardson.

Dewberry — Miss A. Marlow[illegible], Mrs. L. Haskell, Mrs E. Burnes, Miss D. Young, Mrs. M. F. Witzaney, Mrs H. Brosinsky, Mr J. Thessen, Mrs L. Kruger, Mr L. Kruger (Principal).

Earlie — Mrs S. Wells.

Hazeldine — Mrs C. Attfield.

Irwinville — Mrs. O. Kent.

Islay — Mrs M. Baguley, Miss J. Kent, Mr Merlin Moncrieff (Principal).

Jumbo Hill — Mrs F. Carson.

Kinnaird — Mrs B. Jack.

Kitscoty — Miss A. Eglauer, Mrs V. Allen, Mrs F. Lang, Mrs M. Sheppard, Mrs D. Vaster, Mrs H. Reashus, Mr A. Lampitt, Mr A. Regelhuth, Miss G. Dunsmore, Mr C. Vercaiser, Mr C. Richardson (Principal).

Laurier Lake — Mrs. M. Osinchuk, Mrs W. Mathison.

Maclesfield — Mrs M. Tweten.

Mannville — Miss A. Ford, Mrs B. Kent, Mrs A. Murray, Miss M. Semko, Mrs A. Milne, Mrs H. Spence, Miss L. Mathison, Mrs J. Hathaway, Mrs M. Hughes, Miss O. Ulan, Mr H. Peterson, Mr F. Kumaio, Mr J. Gardner (Principal).

McLaughlin — Mrs L. Cameron, Mrs A. Findley, Mrs J. Lamb.

Paradise Valley — Mrs Taylor, Mrs F. Welsh, Mr S. Leighton, Mrs F. Dobson, Mrs J. Gallagher, Mr Taylor, Mrs M. Walter, Mrs A. Miller, Mr J. Walter (Principal).

Rosedale — Mrs J. Sweet, Miss M. Flewes, Mr F. Sweet (Principal).

[illegible] — Mrs. S. Chase, [illegible] Mr J. McGuigan.

[illegible] — Mrs. M. Siggen, Mrs F. Taylor.

South Ferriby — Mrs F. West [illegible]

Thorncliffe — Mrs E. Lampert.

Tulliby Lake — Mrs. E. Car[illegible] michael, Miss R. Williams, Mr. E. Wysocki (Principal).

Wildwood — Mrs. M. Jack.

Woodvale — Mrs. M. Roberts, Miss M. Heigate, Miss S. Walter.

A list of the staff of Vermilion schools appeared in last week's Standard but some changes have taken place since then. Miss Fulcher was taken ill and will be unable to report for duty for two months. The school board was very fortunate to secure the services of Mrs. Dan Lutzak, an experienced degree teacher, to substitute for Miss Fulcher. Mrs. C. M. Stewart has been engaged as high school librarian.

Golden Wedding Reception

Mr. and Mrs. Wes Waldenberger will be at home to their friends and acquaintances at the Legion Hall, Vermilion, on Friday, September 18th, from 2 o'clock to 5 o'clock in the [illegible] the occasion of their fiftieth wedding anniversary.

Famous Mystery Show for Vermilion

Mystery, fun and laughter, as well as spine-chilling thrills are in store for the people of Vermilion when the GREAT VIRGIL, Premier International Illusionist, with JULIE, "The Sweetheart of Magic" brings his spectacular production "An Evening of Enchantment" to the high school auditorium on Saturday, October 10 at 8 p.m. under the sponsorship of Vermilion Kinsmen. There will also be a children's matinee at 2 p.m. on Saturday.

VIRGIL and JULIE recently completed a fantastic five-year venture taking their show completely around the world at a cost of over a quarter of a million dollars. Their "Evening of Enchantment" has thrilled the peoples of the world from China to Great Britain and Tibet to Australia and has won the acclaim of the leading newspapers of the world as the greatest [illegible] production of the age.

THE GREAT VIRGIL [illegible] production will be presented in 25 breath taking scenes during which you will see "The Mystery of the Jungle," in which the leopard lady is saved from a pack of hungry cannibals as VIRGIL causes her to vanish in mid-air, "The Miracle of Tibet," in which VIRGIL as the great high priest causes the beautiful Tibetan maiden to float high above the stage, "The London Spirit Seance", which seems to prove the existence of life in a fourth dimension, and a trip into the Never-Never Land of a Celestial fantasy as VIRGIL takes you on a visit to a mythical palace in ancient Peiping. The exotic costumes used during this scene were created in the Orient for VIRGIL and JULIE and are said to be the most dazzling ever imported for a theatrical production.

A special feature will be "The Psychic Enigma" in which JULIE will demonstrate her uncanny [illegible]

[illegible] are on sale at [illegible] only for students and [illegible] for adults. Seats for the evening performance are one price [illegible]

Safety of School Children Is Motorists' Responsibility

This week sees the return of nearly 900 school children to Vermilion schools. These young people, varying in ages from 5 years to late teen-agers, will be thronging the streets at noon hours, before and after school. During the time they are wending their way to and from the various buildings their safety is the responsibility of every motorist.

Drive slowly and carefully around schools and playgrounds. Remember some of these children are out on their own for the first time. Be on the look-out for children when they walk to and from school. One of the greatest safety factors in motoring around town streets is driving slowly. 15 miles an hour gives you a chance to stop before hitting a child who suddenly dashes out from nowhere, at 25 miles an hour you run over the child. Stop and think — you can drive from the hospital to the high school in 6 minutes at 15 miles an hour; at 30 miles an hour you save 3 minutes and have little chance of avoiding a sudden accident. How valuable is 3 minutes of your time?

Parents should never stop telling little children of the many traffic dangers. One out of every seven fatalities involves a school child.

Drivers — don't hurry when you drive. We should face it. We cannot reduce traffic casualties unless we slow down. The lives of others are in the hands holding your steering wheel.

Labor Day Conceived As Tribute To "The Industrial Spirit, the Great Vital Force of Every Nation"

Labor Day can be variously defined as the end of the summer, the beginning of the school year, a national traffic jam or simply an excuse for a long week end away from the office.

But the founder of the holiday Peter J. McGuire conceived it as a tribute to "the industrial spirit, the great vital force of every nation."

In 1882 McGuire, a leader in the Knights of Labor, proposed that a day be set aside to honor the working man. He suggested the first Monday in September since it came almost midway between Independence Day and Thanksgiving Day.

The Central Labor Union of New York adopted his proposal and held the first Labor Day celebration on September 5th. As McGuire had suggested, the union paraded through the Manhattan streets to show the strength and spirit of trade and labor organizations.

Shortly after, the Knights of Labor voted for an annual celebration. In 1884 the Federation of Organized Trades and Labor Unions of the United States and Canada, predecessor of the American Federation of Labor, voted to make the celebration national.

The first state to make Labor Day a legal holiday was Oregon in 1887 according to The World Book Encyclopedia. The legislatures of Colorado, Massachusetts, New Jersey and New York quickly followed suit and in 1894 Congress made Labor Day a national holiday and this was followed by Canada.

Labor Day now ranks with the national holidays celebrated in Canada.

Career In Agriculture

These are dynamic times, says J. E. Hawker, Superintendent of Schools of Agriculture in Alberta. Times in which a new concept of the life and life work of the farmer is taking shape.

Boys who have been raised on a farm, and whose family as established farmers can assist them to become established, should give first consideration to farming as their vocation. They have [illegible] available to [illegible] young people who look upon the life of a farmer as [illegible]. To them, Alberta's Schools of Agriculture can be helpful.

Those who do not find attractive possibilities in farming itself can often discover their best opportunities in some related employment where their [illegible] and [illegible] can be a real asset. Generally, however, some special training and knowledge is needed to qualify for the better jobs and employers in business as related to agriculture are often interested in hiring graduates from a school of agriculture.

Those who plan to enroll in the Faculty of Agriculture at the University or to train as veterinarians will find the practical course of the Schools of Agriculture at Olds or Vermilion a valuable background for highly scientific university courses. Mr Hawker emphasizes, however, that the course at an agricultural school should not be considered replacement for high school education but should be regarded as supplementary to high school training. The two-in-one course is especially designed for the high school graduate.

Application forms and details of courses offered can be obtained from the Principal, School of Agriculture, Vermilion or from the Superintendent, Schools of Agriculture, Legislative Building, Edmonton. Co-educational and residential, the Schools of Agriculture have an extensive program of social, literary and athletic activities. This program, along with special courses in public speaking and community [illegible] gives students [illegible] and develops both personality and leadership ability.

When you give, take to yourself no credit for generosity, unless you deny yourself something in order that you may give. — Sir Henry Taylor

Monkey On His Back

LABOR DAY 1959

" MY DAY ! "

GREEN ACRES

by H. MORLEY DOUGLAS, District Agriculturist.

FARMERS NEED EDUCATION

Once upon a time brawn alone would yield a living from the land. With mechanization, contracts, income tax, special crops etc. the man on the land needs the ability to adjust. It is difficult to say what the future holds for farming but it will be no less complicated. Education does not necessarily mean that everything learned can be applied to the job — that's a trade. Education supplies the background that usually makes it easier to roll with the punches. Who takes more punches than the farmer? So if the future means farming, grade 12 is the minimum and a winter at the school of agriculture, a must! Education is also insurance if for some financial or physical reason farming has to be given up. Don't think because you plan to be a farmer you don't need to go to school.

CUMINO

A limited amount of Cumino sweet clover seed will be available in 1960 for seed production. Cumino is the sweet clover free of Cournarin. Cournarin is the substance which after a molding process produces sweet clover disease of cattle. The seed is to be distributed in lots of 20 pounds by the Field Crops Branch, Alberta Department of Agriculture, Edmonton.

EGG DEFICIENCY PAYMENTS

Egg supported prices end on Sept. 30, 1959. Oct. 1 the industry will be supported by means of deficiency payments. To be eligible to receive deficiency payments the flock must be registered at a registered egg grading station.

SICK EVERGREENS

Most things look sick when heavily infested with lice, mites, or mealy bugs. Any signs of webs, browning, or defoliage must be dealt with promptly. Almost half of the spruce trees in town and many of the groves in the country are supporting one or more of these unwelcome pests. To save these trees — at least so they are recognizable as such — control must be started early in the spring of 1960. The control is to spray 50% malathion (5 tablespoons to 5 gallons of water) on the foliage to the run-off stage. Successful control means a repeated application at a two week interval.

GRAIN BINS

After that long rainy spell grain bins will no doubt be all swept clean and patched up for the 1959 crop. A real job can be done on these bins by spraying the cracks and crevices with 1% Lindane (mill and granary spray) or one gallon 50% Malathion to 16 gallons of water. Use about a gallon of the mixture to 1000 square feet or wet the walls to the run-off stage. If possible leave the bin a couple of weeks. This costs money but it just may look like a sound investment when the grain is taken out.

LACOMBE SWINE

Breeding groups and boars of the Lacombe swine are being released in October this year. This distribution is on a national scale and applications must be in by Sept. 20. Apply directly to the Lacombe Experimental farm.

OFFICIAL SERVICE MAN FOR [illegible] PRODUCTS

Schurman's Radio and Appliance Service
[illegible]

Sixteen Years Ago

Sept. 2, 1943

A large and interesting transaction was recently consummated when Sidney Millward, owner and proprietor of Millward's Drug store here for the past twelve years, sold the business to J. R. Beake. The change of ownership took effect Sept. 1. Mr Beake is an experienced druggist and for the past ten years has operated a drug store at Vilna.

At a very pretty wedding in First United Church on Aug. 31, Miss Margaret Doris Richardson became the bride of LAC Bert William Mead.

Tom Stark, already well known in Vermilion, has been appointed manager of the Burns creamery here, being transferred from the creamery at Kelvington, Sask.

The weather this week reverted to the cool showery type which is very definitely not what is needed now. A slight frost, too light for any damage to the crops, was registered in low spots on Wednesday night.

S. C. Heckbert, the provincial president of Canadian Legion, will pin air force wings on the tunic of his son P/O Charles T. Heckbert at the Macleod flying training school when graduation exercises are held this week.

32 Years Ago

Sept. 1, 1927

There were 318 entries in the Vermilion Horticultural show held this week.

A new town by the name of Derwent has sprung up on the C.P.R. line to the north, and by all appearances the town will be a prosperous one.

For the past few Sundays a goodly percentage of the population of Vermilion has enjoyed outings at Lakes Laurier and Whitney.

The first threshing of the district was recorded by W. T. Daley three miles south-west of town when he threshed out a field of barley which averaged 45 bushels per acre of high quality grain.

40 YEARS AGO

Aug. 28, 1919

Reports of Sunday night's frost are to the effect that some grain was touched. The bulk of the standing crop has escaped damage.

School Inspector H. R. Parker has returned from a holiday spent at Guelph, Ont.

W. H. White is the liberal candidate in this constituency.

I. McClure of Edmonton has arrived in town to begin work of constructing the necessary buildings on the demonstration farm.

The Vermilion Board of Trade is pressing for a road north to Hopkins. Premier Sifton assures that the matter will receive consideration.

Jos. McKone has sold 26 binders [illegible]

NEWS from ISLAY

Mrs. Dave Buchanan has returned to Islay after spending two weeks visiting relatives in Edmonton and Red Deer.

George Machell is now employed by Moren Electric in Vermilion. He and Ken McLennan drive to work together.

A gas furnace is being installed in the community hall. Some excavating had to be done as it is being set under the platform.

A great number of CNR work cars are sitting on the siding here as a gang of workers along with the Islay crew are doing a considerable amount of work on the track.

Mr and Mrs. Frank Stone of Edmonton were week end visitors at the former's sister's.

Considerable work is being done west of town on the old highway. Wet weather makes it impassable, in fact Mrs. Nora Ronaghan has had to come to town by way of Borradaile.

School has opened with a large attendance here. Six of our young folk go to the Kitscoty school.

Misses Katherine and Marie Carey spent holidays at Vancouver.

Mrs. Walton R.N. has returned from her holidays.

A number of Islay and district people attended the entertainment provided at the Vermilion park Sunday by the Kitscoty band. It was much enjoyed. The band led by Mr. Milton Christopherson of Kitscoty is a credit to the town and we hope to hear it more often.

A shower in honor of bride-elect Miss Shirley Fortier was held in the church hall on Thursday, Aug. 26. Many lovely gifts were received and a happy evening spent. Shirley graciously thanked the ladies for their kindness and good wishes.

A joint Sunday school and church service will be held Sunday at 9:30 a.m. Rev. Mr. Shortt will be back from his holidays.

WORRY

Worry is like a rocking chair. It gives you something to do but doesn't get you anywhere.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville Elks, the number drawn on Friday, Aug. 28 was G 49.

Numbers drawn to date are:
B — 14, 2, 9, 3, 15, 12, 8, 13, 11.
I — [illegible]
N — [illegible]
G — [illegible]
O — [illegible]

In Vermilion cards may be obtained from [illegible].

Young So-Creds Of Province Hold Seminar

A 2 day seminar for Young Social Crediters, attended by representatives of some 16 constituencies, concluded here in Edmonton this week end. Delegates participated in courses in Social Credit theory, public speaking, debating techniques, and principles of political action and organization. Lecturers were Orvis A. Kennedy, President of the Alberta Social Credit League, and [illegible], Organizer of the Young Social Crediters. The seminar was culminated by a gigantic corn roast at Sandy Lake, 30 miles northwest of Edmonton. Billets and entertainment were arranged by the host group, the Edmonton Young Socreds.

An announcement was also made at this time of the organization of new groups in two more Edmonton constituencies, [illegible] and Jasper West. Ralph [illegible] was elected as president of the Strathcona club, Garth [illegible] vice-president, and Maureen Fleming was appointed secretary. Elections in Jasper West saw Peter [illegible] elected president and Barbara Jamieson vice-president; a secretary is yet to be appointed. Several rural organizational meetings of Young Social Crediters are planned for September.

Happenings of Interest In Clandonald and District

Weather at time of writing seems to have taken a turn for the better following one of the longest and wettest spells in memory. Unless we were misinformed, over seven inches of rain has been recorded during the past four or five weeks. In quite a number of cases, hay which was lying in the field is a complete loss. In the Landonville district where ample moisture was received during the growing season a considerable amount of lodging is reported on may farms. Several degrees of frost occurred during last [illegible] night but we are hoping that germination and grades will not suffer any great amount.

Farming for several years on land that was homesteaded by the late Oscar Johnson, Mr. and Mrs. John Taschuk and family have now moved to Edmonton. For several years after giving up the farm, the Taschuks have operated the variety store in Clandonald. Changing conditions forced the closing of the business which was established many years ago and has changed hands several times since. John has been employed in Edmonton for several months and eldest son Bob is now employed by the C. P. R. as a telegraph operator. During their stay in Clandonald for the past twenty years or more, the Taschuk family have proved themselves good friends and neighbors and it is with genuine regret that we see them moving away. Every success is wished them in their new location.

Glad to be able to report that one of our town's leading citizens, Fred Goddard, is back to work again following several days in hospital and several more convalescing at home. As Fred runs the pool room, barber shop, picture show, insurance business, is secretary of the school district and telephone company as well as some farming, his indisposition poses quite a serious problem. Daughter Gail Goddard returned home from Provost last week where she had been employed during the holidays.

The public school here will not be quite the same for many this year as Tony Co[illegible]vey will be absent from his job as principal, a position he has held for many years. Tony plans on obtaining a degree and will be attending university this fall.

In the Landonville district a new prefabricated school is planned to replace the old Louise Lake school which has served the district for upwards of fifty years. Location of the new school is just south of the Molineaux farm home where a well has already been sunk. Higher grades are to be brought by bus to Clandonald.

Recently a visit was had with Mr Sam Filgate at his farm just south of Vermilion. Mr Filgate is well in his eighties and was one of the original homesteaders of 1906. The family left this district about forty years ago and moved just north of Vermilion. At the time of our visit he had just recently been discharged from hospital but was well enough to pay a visit to the scenes of his old home at Clandonald a few days later. Accompanying him was his elder son Gordon of Vernon, B.C. Mr Filgate operated one of the first threshing machines in the district as well as a saw mill for a few years. As the threshing machine required horses to move it from farm to farm and roads and terrain being what they were in those days, it presented a formidable problem. On at least one occasion both the separator and engine upset. On another occasion, taking a short cut the engine went through the ice of Raft Lake. Fortunately the water was not very deep but nevertheless winching it out was a task which took considerable time.

Former residents here Mr. and Mrs. Bob Hagen now farming at Blackfalds near Red Deer were here [illegible] visit early in August. On the Sunday during their visit Mr. and Mrs. Hugh Hagen and Anne entertained several families of Clandonald friends. Previous to their visit here the Hagens visited with the [illegible] south of town. Mrs. [illegible] is a [illegible] of Mrs. Hagen.

A capacity crowd was on hand last Tuesday night in the [illegible] Hall as guests of Mr. and Mrs. Arnold Olsen and the Imperial Oil Company, the occasion marking the opening of a new bulk [illegible] here. The [illegible] replaces the one which had served Clandonald people for the past thirty years. Following a program of movies, the guests were treated to lunch, door prizes and a gift from the Olsens. The kiddies [illegible] there was a goodly number [illegible] were not forgotten. They were given balloons and pop. [illegible] a most enjoyable evening and thanks are extended to Mr. and Mrs. Olsen and the Imperial Oil Company.

We [illegible] Mr. and Mrs. Laird back in town yesterday following their annual holiday. The Zaff family also arrived [illegible] this week end. Mr. and Mrs. Mike Oshchuk celebrated the purchase of a new car with a trip that took them to various points of interest in the black hills of Dakota and Yellowstone National Park. Mr. and Mrs. [illegible] Preston are home again following a holiday during most of August. Services in the several points of which Mr. Preston has charge were resumed on Sunday.

How about [illegible] date?

MR. AND MRS. STANLEY EDWARD KENT

Vermilion Alliance Chapel Scene Of Kent - Hancock Wedding

At two o'clock in the afternoon on Saturday, July 4th, in a ceremony at the Alliance Chapel, Vermilion, before an altar banked with red and white peonies, Barbara Noella, daughter of Mr. and Mrs. A. E. Hancock, of Marwayne, became the bride of Mr. Stanley Edward Kent, son of Mr. and Mrs. Gerald Kent of Marwayne.

The double-ring ceremony was performed by the Rev. J. M. Schroeder of Vermilion.

The bride was given in marriage by her father and was radiant in a full-length gown of flocked nylon and peau [illegible]. Her gown featured a sculptured neckline and tapered [illegible] sleeves. Her veil misted from a tiara of small flowers and she carried a bouquet of red roses. The bride's only jewelry was a pearl necklace, a gift of the groom.

The bridesmaids Miss Phoebe Hines of Edmonton, Miss Audrey Hancock and Miss Phyllis Kent wore identical gowns of blue crystal charm, matching blue flower bands in their hair and white gloves. They carried salmon pink gladioli bouquets.

The groom was attended by his brother Mr. Gerry Kent, Mr. Albin Swanson and Mr. Campbell Hancock. Ushers were Mr. Jim McLachlan of Marwayne and Mr. Don Martin of Islay.

Miss V[illegible] Ford sang "The Wedding Prayer" and Rev. and Mrs. M. Johnson of North Battleford sang during the signing of the register. Mrs. Duncan Addison played the wedding music.

For her daughter's wedding Mrs. Hancock chose an aqua dress of [illegible] fabric with white accessories and a corsage of pink and white carnations.

The groom's mother chose a beige [illegible] silk dress with beige accessories and a corsage of white carnations and yellow mums.

A reception for 130 guests was held in the Elks hall at Marwayne. Rev. J. M. Schroeder was master of ceremonies and Mr. Morris of Marwayne proposed the toast to the bride, and the groom replied.

Miss Myrna McPhee, cousin of the bride, was in charge of the guest book.

For going away the bride changed to a pastel blue dress of sculptured nylon and yellow and white accessories with a corsage of yellow [illegible].

Among the out-of-town guests attending the wedding were Rev. and Mrs. Johnson and family of North Battleford, Mrs. Jean MacNab and Mary, Mr. and Mrs. Morris Connor, Mr. and Mrs. Raymond Connor, Mr. and Mrs. M. Runions and family, Mr. and Mrs. Robt. Alton, Miss Jane Bergon, Mr. Roland Ford and Miss Louise Skolarchuk, all of Edmonton, Mr. and Mrs. Mac Hancock of Ribstone, Mr. and Mrs. Cliff May of Three Hills and Mr. and Mrs. George Dimma of Forestburg.

Mannville Family In First Re-union Since 1923

MANNVILLE — A family reunion was held recently at the home of Mr. and Mrs. Mike Dolinsky in Edmonton, formerly of Mannville, on the occasion of the visit of Mr. and Mrs. John Dolinsky and family of Sacramento, California. John had left Canada in 1923 and hadn't been back since. Other members present at the gathering were: Steve Dolinsky and family, Mrs. John [illegible], all of Edmonton; [illegible] Dolinsky and family of [illegible]; [illegible] Dolinsky of Vegreville and Mr. and Mrs. Thomas Dolinsky of Mannville and their family, Mr. and Mrs. McLean and Mr. and Mrs. Ray [illegible]. There were [illegible] relatives present. A silver tray engraved with the names of the families present and date of the reunion was presented to the John Dolinsky family.

During the two weeks visit John visited his former home in Mannville where he was born on the old homestead of his father. Mr. Dolinsky Sr. settled there in the year 1900.

Red Cross Members Return via CNR

WINNIPEG — Nineteen Junior Red Cross members who attended the Red Cross International [illegible] Centre in Toronto from Aug. 11 to 23 passed through Winnipeg on the CNR's Super Continental last week en route to their homes in Western Canada.

While at the training centre which was built to commemorate the 100th anniversary of the founding of the International Red Cross and the 50th anniversary of the granting of the [illegible] Charter, the western members [illegible] to 18 years of age met with 200 Junior Red Cross members from 42 countries.

WHAT'S NEW IN TOYS

Toy makers says The Financial Post are unveiling what they hope will capture junior's [illegible] this fall and winter. One manufacturer has come up with a kangaroo gun which fires baby boomerangs; a toy dog which blows real bubbles.

Fly-In at Bonnyville Sunday, Sept. 6th

To mark the first anniversary of Bonnyville's Flying Association, officials have set Sunday September 6th as the day when a fly-in will be held, along with a fish derby and golf tournament. It was September 6th, 1958 when the half-mile air strip at Bonnyville was licensed by the Department of Transport and so, this date is being set aside for the big friendly celebration. Invitations to participate in this all-day fly-in have been sent to every flying club and association, also flying services and schools throughout Alberta, Saskatchewan and Montana. It is anticipated that this event will draw a large number of visitors from far and wide.

Soon as the flying visitors reach Bonnyville situated 98 air miles north and east of Edmonton, they will be shown around the new airfield. At precisely 9.30 a.m. a short official opening ceremony will take place, then everyone will be transported via bus to Moose Lake a distance of three miles where breakfast will be served. Flapjacks and sausages will be the fare. Then the visitors will be divided into two groups. The golf enthusiasts will take part in a friendly tourney on Bonnyville's [illegible] course and along the shores of Moose Lake. The rod and reel fans will have boats, [illegible] and guides to show them where big ones can be caught.

Following the fishing and golfing events, visitors will have the opportunity to fry their catch or be served lunch before starting on their return journey home. An alternate date has been set one week later if September 6th is rained out.

Convention Closes At Stampede Corral

The "Awake Ministers District Assembly" of Jehovah's Witnesses came to a close Sunday afternoon last at the Stampede Corral in Calgary, after four days of religious training.

More than 5000 Witnesses from eight provinces and nine states including Alaska heard Canadian and United States leaders of the organization deliver a series of talks on Christian conduct and ministerial activity.

Speakers stressed the convention theme "Awake Ministers" pointing out that each is a minister and must therefore accept the responsibilities of "publicly declaring one's faith." This includes such activity as house-to-house calling and street advertising.

Featured convention speaker Fred W. Franz, vice-president of the Society's world headquarters at Brooklyn, New York, spoke Thursday on "The Power of Kindness." He stressed that kindness is a great boon to men even though often to exercise kindness we have to endure many things.

The organization has experienced its most rapid growth since World War 2. Approximately [illegible] members [illegible] during the past [illegible] bringing the world wide total of active preaching ministers to over 900,000.

The convention's climax was reached Sunday afternoon when F. W. Franz spoke to the public on "When God Speaks Peace to All Nations."

Landmark Disappears at Dewberry

An old landmark has moved from Dewberry. The first post office built in 1926 by Mr Eli Sweet and run by him as a post office and store for many years, was purchased recently by Mr. John Anderson. It had been vacant for the past few years. Part of the frame structure was pulled down and the other part was bought by Mr Geo. Ewan and has been moved to his farm to be used as a granary. Clarence Iseri filled in the cellar hole with his Case [illegible] and leveled off the land. The site looks bare now but we understand that Mr Anderson intends to move his house there from the lot next to it.

Miss Joan Craige has gone to the Lamont hospital to start her training as a nurse.

Belated birthday greetings to Mr Tom Lee who is now 80 years young.

Odette Keyes spent some time in the Vermilion hospital having undergone an appendectomy and Beverly Porter was confined to the Islay hospital the first part of the school holidays also for the removal of her appendix.

Mrs Matt Brimacombe and family of Edmonton spent a vacation at the home of her parents, Mr and Mrs Bob Finlay.

A family re-union dinner was held at the Walter Parker home on Sunday Aug 30. All the members of the family were present including Mr and Mrs. Neil Thomas (Joyce) from Athabasca, Mr and Mrs Arden Ostenstrom and Perry (Irene) of Lloydminster and Mr and Mrs. Joe Philbin (Evelyn) of Dewberry. They report having a happy time.

Leslie Sikora of the R.C.A.C. is home on leave from Camp Borden.

Mr and Mrs. Wm Porter are spending a few weeks at their farm home.

Mr and Mrs. Bill McMullen, Mrs. A Wood and Bill motored to Edmonton at the week end to help their uncle Mr Wm. McMullen celebrate his 70th birthday. Three carloads of well-wishers met in South Edmonton and then went on to the home of Mr. McMullen to pay a surprise visit and help him celebrate.

Our sympathy is extended to Mr Herb Mawhinney and family on the accidental drowning of his step-brother Mr Gordon Malonek. Sincere sympathy also to the rest of the family.

Visiting at the Wally Curtis home recently were Mr and Mrs. Ted Davis, cousins of the family from California and an uncle Mr. Walter Hohensee of Portland, Ore. Mr and Mrs. R. Pennell and son of Los Angeles, cousins, also visited at the Curtis home.

The date your subscription to the Standard expires is shown on the label after your name.

Former Vermilion Banker Dies At Guelph, Ontario

The Standard has received word of the death of Harry Calvert at the General hospital at Guelph, Ontario on July 6th. Death was very sudden and was from a heart attack. He was in his 74th year.

Mr Calvert was manager of the Royal Bank here for ten years then being transferred to the branch at Guelph. Leaving the bank he was employed as accountant with Reid and Laing in Guelph.

He is survived by his wife, one son Harold at Guelph and a sister Mrs M Heath at St Thomas. There are two grandchildren.

STRIKES 16 DOUBLE-YOLK EGGS IN A ROW

Most persons would be satisfied with one double yolked egg in a dozen. The Norton Cooper family of Richmond Hill, Ontario, broke open 18 double yolked eggs in a row. When Mrs. Myra Cooper, shown above, broke open six double-yolked eggs for the family breakfast she was shocked. The family decided to break all the rest and didn't miss in 18 tries. Young pullets are given credit for the rash of double yolked eggs.

JUNIOR RED CROSS STUDY GROUP MEETS

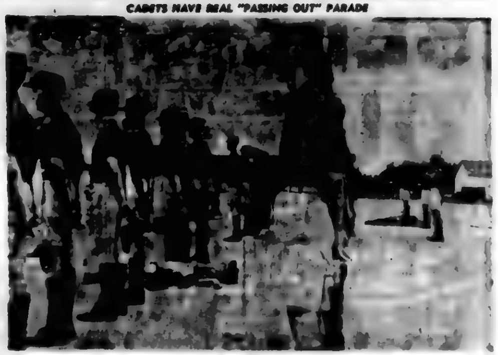
The Junior Red Cross international study meeting is presently convening in Toronto, Ontario. More than 200 boys and girls from 41 nations are attending the study meeting and getting a first-hand view of life as Canadians live it. Each of the delegates wore a conference crest like this one, worn by Bejan Vakaria of Pakistan, being admired by Gladys Salazar Moncoso of Peru. The sessions at Victoria College will run until August 22.

A unique church-sponsored mother-a-day plan has supplied five small children with the mother's care that seemed to have gone out of their lives when their mother, Mrs. Betty Blackbourne, was killed in a traffic accident. The share-the-care scheme was devised by the Blackbourne's pastor, Rev. Gordon Burgess of Roseland United church, Windsor, Ont. The children have so far had 40 "mothers"—a different one each day. A woman donates one full day's work to the family, arrives at 7.30 in the morning, prepares the meals, does the [illegible] and leaves when Garth Blackbourne, the father, arrives home from work in the evening. At left, Garth is shown with Teddy, two, one of the five children while at right, Mrs. Ken Price finds Marny Blackbourne, seven, an interested watcher as she does the family ironing on her day to work.

MISS SUPERTEST III TRIES FOR HARMSWORTH TROPHY

If hydroplanes were only as predictable as horses, you could bet on Canada winning the Harmsworth trophy to be held soon off the Detroit shore. Jim Thompson, London, Ontario designed and built Miss Supertest III specifically for the Harmsworth. The boat is powered by a Rolls-Royce engine and the sleek craft has hit 180 miles an hour in runs on the St. Clair river at Sarnia. Bob Hayward, above, will be in the cockpit of the 6,400-pound craft.

CADETS HAVE REAL "PASSING OUT" PARADE



Heat and humidity exhibited at Camp Borden, Ontario turned a high school cadet graduation ceremony into a literal "passing out" parade. Shown above are two of the cadets who fainted during the afternoon. Many others weaved or crouched down, but managed to stay on their feet. Medical corps men attended "fainters" and most recovered quickly.

WILDWOOD EAST

Mrs. David Jack went to New Westminster, B.C. to visit her daughter and family.

Miss Rosa Walters spent a week end at the Alfred Jack home.

Mrs. Lorne J. Smith of South Hampton, Nova Scotia was guest at the Alfred Jack home recently. She attended the wedding of her son Richard to Miss Beverlie Jack.

Mr. and Mrs. Ken MacKay of Wisconsin were also guests at the Alf Jack home to attend the wedding. Mrs. MacKay is a sister of Mrs. Richard Smith. Other guests at the wedding were Mr. and Mrs. R. J. McKay of Wainwright, Miss Marlene Elliot, also of Wainwright, Mr. and Mrs. Thenier of Provost, Mr and Mrs. Eric Baker and Mrs. Genge of Edmonton, Mr. and Mrs. Merne Dale of Calgary and Mr. and Mrs. J. Bauman of Elk Point.

Congratulations to Mr. and Mrs. Bob Stone and also to Mr. and Mrs. Morley Currey on the arrival of daughters to both houses.

Mr. Murray Bowen brought his family home this summer for a holiday with his parents, Mr. and Mrs. Norman Bowen. His brother Bob came later for a few days visit.

Mrs. P. Vortha and son Earl left for home last week after spending the holidays with Mr. Bud Shattuck.

Mr. and Mrs. Ernest Jack made a hasty trip to Edmonton to meet their first grandchild, Linda Ruth Currey.

Mrs. J. Wyley took a short holiday with her sister in Edmonton recently.

Mr. and Mrs. Ben Ralston are leaving this week end for their home in Vancouver after a visit at the N. B. Bowen home.

Mrs. Wesley Williams visited over the week end with the B. S. Drysdales.

The Robert Stones have renovated and modernized their home while Mr. Gale Gerbig is building a new barn.

Mr. and Mrs. H. T. Johnston and Elizabeth left at the week end for their home in Fort William. Mr. Johnston has been minister on the Gaston-Wildwood field.

Mr. Bill Drysdale returned to high school in Vermilion while Misses Carol and Gail go for the first time.

Mr. Howard Stoddart left for his home in Edmonton to be ready for the opening of school.

Mrs. Ernest Jack [illegible] to Kinnaird school and Mrs. Alf to the Wildwood school.

Mr. and Mrs. George Jack took their grandchildren, the Paynes, home to Edmonton, where they met daughter Ada and her husband who accompanied them to Jasper, Banff and Calgary.

Mrs. Marshall Bowen invited the W. W. W. ladies to her home in Lloydminster where they enjoyed a pleasant afternoon. The next meeting will be an evening one with Mrs. Ernest Jack.

Mrs. N. B. Bowen had as guests recently, Mrs. Sudaby and Mrs. Martin from Donalda.

High Appointment For Marwayne Man

The appointment of Group Captain William C Van Camp, of Marwayne, Alberta, to the Canadian Joint Staff, Washington, D.C. was announced today by air force headquarters. He has relinquished his post as Director of Personnel Manning at Air Force headquarters.

Group Captain Van Camp was born at Marwayne in 1918. A graduate of the University of Alberta, he joined the R.C.A.F. in July, 1939.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. John Wilkie wish to announce the engagement of their elder daughter Marlene Beatrice to Mr. Charles Joseph Saville, only son of Mr. and Mrs. Joseph Saville of Dewberry. The wedding will take place in Edmonton on Friday, September 11th at 2:30 o'clock in the afternoon.

Mr. and Mrs. Fred Connelly of Los Angeles have been visiting at the homes of Mr. and Mrs. Norman McHardy and Harold Connelly and have been frequent callers at the home of Mr. and Mrs. Hiram Hodgins in town. The visitors are spending a week in the district. They are travelling by car.

Mrs. J. W. Muir and Mrs. Thos. Bothwell received a surprise visit last Saturday from their niece and her husband, Mr and Mrs. David Hutson of Mount Forrest, Ontario. The visitors left on Sunday for Fairview to visit friends. While here they were guests at the home of Mr and Mrs. Muir.

—S—

Doug Hessam spent the week end in Vermilion visiting his father Mr Jack Hessam. Doug is a member of the staff of the Western Television Picture Tube Replacement Ltd., with headquarters in Edmonton.

Trevor Jones of Grande Prairie who will be recalled as Canada Packers' representative in Vermilion some two years ago, and who is now district agriculturist at Grande Prairie, was recently married to Miss Joyce Helen Halvorson of Fairview. After leaving here Trevor was a member of the teaching staff at the Fairview School of Agriculture.

APPRECIATION

I wish to thank my friends who so thoughtfully sent me flowers and cards while I was a patient in the University hospital.

Mrs. Mary Allan.

CARD OF THANKS

We wish to extend our sincere and heartfelt thanks to Dr. Evans, the nurses and staff of the Vermilion hospital for their care and kindness to our daughter Mrs. Vera Nicholson while she was a patient there.

Mr. and Mrs. Wm. Mapstone.

CARD OF THANKS

My sincere thanks to Dr. Serbu, Dr. King and the hospital staff for their kindness and care during my stay in the hospital. Thanks also to the folks who [illegible]

[illegible]

—S—

APPRECIATION

I wish to extend my sincere thanks to the staff of the Vermilion hospital with special thanks to Dr Evans for the good care and attention given me while I was a patient.

Mrs. Vera Nicholson.

IN MEMORIAM

In loving memory of our husband, father and grandfather Mr. E. H. (Barney) Sheppard who passed away Sept. 3, 1955.

"The rolling stream of life rolls on
But still the vacant chair
Recalls the love, the voice, the smile
Of him who once was here."

—Sadly missed by his loving wife Julia, sons and daughters and grandchildren.

IN MEMORIAM

In loving memory of a dear husband and father GEORGE F. DOLLMAN who passed away Sept. 4, 1958.

"His smiling way and pleasant face
Are a pleasure to recall;
He had a kindly word for each
And died beloved by all.
Some day we hope to meet him.
Some day, we know not when,
To clasp his hand in the better land
Never to part again."

—Ever remembered by his loving wife Joy and daughter Helen.

Mr. and Mrs. A. M. Herpestad returned Sunday, Aug 30 from a most enjoyable 5000-mile trip to California. They were away two weeks and report that the weather was lovely the whole time. A last minute change in plans kept them from being in Montana when the recent earthquakes took place in that State.

Miss Dorothy Wilson of Kelowna, B.C., and Mr and Mrs. Tom Knight and three boys, Pat, Kelly and Dennis, visited this week with their parents, Mr and Mrs. Curtis Wilson in Vermilion. Mr. Curtis Wilson was a recent patient in the Vermilion hospital.

—S—

Mr. and Mrs. Mac Simonsen, Dr. and Mrs. A. B. King and Mr and Mrs. Al Locke left by car for Kalispel to play in the international golf tournament which commences this week end. Dr and Mrs. King left a day early to visit Mr and Mrs. Tom McPherson at Red Deer en route.

Mr. and Mrs. Chris Emsland and family enjoyed a short visit at the home of Mr and Mrs. James Emsland and family on their return to Lloydminster following an enjoyable holiday at Edmonton, Drayton Valley, Airdrie, Calgary, Banff, Radium Hot Springs, B. C. and Canal Flats, B. C.

Mr. and Mrs. Fred Webber from Toronto were visitors last week at the home of his mother Mrs. M. Webber, and his uncle Mr. E. E. Webber.

—S—

Mr. and Mrs. Harold Webber and daughter Sharon of Edmonton were visitors at the Webber home on Sunday.

Mr. and Mrs. Stan Jones recently enjoyed a motor trip with trailer to Jasper, then to Banff where they made the trip over the new car lift just installed this summer.

George W. McNabb of Koknee spent some three months visiting his sister and family and other relatives in the Ottawa, Ontario area.

Mr and Mrs. Stewart Cooper and little daughter Heather Jean returned to their home in Wainwright on Tuesday after a holiday spent at Banff and Waterton Lakes.

—S—

Mr. and Mrs. Victor Kusek and little son spent the past week end in Vermilion visiting at the [illegible]. They left Sunday for a holiday motor trip to California, leaving Murray Duane with his grandparents Mr and Mrs. Ashley Cooper.

Mrs M Mihalcheon and daughter Frances left this week to make their home in Edmonton. Frances, who completed her grade 12, will commence taking a course as a hospital laboratory technician at the Royal Alexandra hospital in Edmonton. The fine west end residence of Mrs. Mihalcheon has been purchased by Mr and Mrs Dan Lutzak.

Mr and Mrs. Warren Rosequist and family recently returned from a holiday trip spent at Spokane, Penticton and Coeur D'Alene.

Mr and Mrs. Gordon Williams and nephew Allan Williams of Edmonton, returned recently after a holiday motor trip to Penticton, B. C. where they visited Mr Dick Williams and called on Connie and George Capaton.

—S—

Mr and Mrs. Duff McGrath took Margaret to Edmonton on Monday where she will stay and finish her studies at Alberta College. Eleanor will board in Vermilion while going to high school.

Mr and Mrs. Harry Scott have returned from their two month holiday in England, arriving in Vermilion on [illegible] evening.

Mr and Mrs. Don Johnson and little son [illegible] this Thursday morning for Moose Jaw where they will visit relatives for a two week vacation.

S

Mr and Mrs. J. J. Duncan returned [illegible] after spending the past [illegible] months visiting relatives and friends in the [illegible]. A thoroughly enjoyable [illegible] was [illegible].

S

Mr and Mrs. Mark Norton and the family have now moved their [illegible] from Edmonton to Vermilion and are now [illegible] at [illegible] Ave. They plan to build [illegible] in the new subdivision in the west side of town.

BAKERY CLOSED AT 1 P.M. ON SATURDAY

Bernie's bakery will close at 1 p.m. on Saturday due to the wedding. Procure your bread and bakery needs on Saturday morning.

How about your SUB?

Koknee Store Changes Hands; Art Ganton New Proprietor

Mrs. Colin McLean and the three girls of Koknee district are leaving this week to make their home in Edmonton where Mr McLean has been for some time. They have already purchased a home in the city. The Koknee store and post office which Mr and Mrs. McLean have operated for the past five years, will be taken over by Mr and Mrs. Art Ganton.

The McLean family is wished good luck and a happy life in Edmonton. Son Raymond is staying a little longer, working for a few months for Geo. Gow.

Shower for Bride Of September

A surprise shower was held in honor of bride-elect Shirley Fortier at the Salvation Army on Thursday August 20th. Shirley was seated behind a teller's wicket which was beneath an archway of pink and white. The evening began with a devotional period followed by some exciting games and a humorous reading by Mrs. Jensen. A wagon filled with lovely gifts was brought in by Susie Moren and Gloria Osterberg. Shirley was assisted in opening her gifts by her mother and Miss Donna Isley who will be bridesmaid at the wedding. Following the opening of the gifts, Shirley very graciously thanked the ladies and invited all to her wedding and future home. A delicious lunch brought the evening to a close.

—S—

Enjoy First Visit In Canada

Mr. and Mrs. T. Coombe, of London, England, who spent the summer in Vermilion visiting at the home of the former's brother, Mr. L. Coombe, left on the C.N. Railiner Tuesday, Sept. 1 for Edmonton and on to Calgary where they take the C.P. transcontinental for Montreal. They sail Sept. 4 on board the Saxonia for Southampton where they will be met by their sons for the return journey to their home in London.

This was their first trip to Canada and they thoroughly enjoyed it all. A nice trip was made to Jasper, Banff, Vancouver and Victoria and many colored slides were taken to add to the memory of it all. All their friends here wished them bon voyage upon their departure with the hope that they will come back again.

Mr. and Mrs. Irvin Gordon are presently holidaying at various Alberta points.

Mrs. Duncan Miller of West Vancouver is a guest at the home of her sister, Mr. and Mrs. Harry Hamilton of Mannville this week.

Mr. and Mrs. S. C. [illegible] are holidaying in Vancouver and Victoria, making the trip by Canadian National.

MARWAYNE

Congratulations to Mr. and Mrs. Geo. Cannon on their 40th wedding anniversary on August 27th.

Mr. and Mrs. J. Ramsey and daughter of Paddockwood, Sask., have been visiting at the home of their parents, Mr. and Mrs. John Ramsey and Mr. and Mrs. Ferguson.

Mr. Ben Shaw was a visitor in town one day last week.

Mr. T. Williams, Mission City, B. C., is visiting with old friends and neighbors in the district. Also Mr. S. Whiting with brothers and sisters.

The sincere sympathy of the community is extended to Mrs. Corr and family in the very sudden passing of Mr. Allen Corr in his sleep on Saturday morning.

Kathleen Rooks and Louise Parley have entered the Lamont School of Nursing to start in their 3 year training. There are 20 in their class this year.

Mr. and Mrs. L. Iwert and Mr. and Mrs. Homer Hines have just returned from the East with a new school bus. Herbie Ure also has a larger bus.

Mr. Lawrence Dale has been moved from Elk Point hospital to Edmonton and at time of writing, Mr. Dale is very ill.

Birthday greetings and good wishes go to Mrs. Sonley this week.

The school opened on Tuesday with a full staff of teachers for grades one to twelve. Over 300 pupils are expected to attend. The old three-roomed school has been re-decorated and will be used for grades one and two.

Mr. and Mrs. Petryshen and family were Edmonton visitors this week and Mr. and Mrs. Curtis and family have been holidaying also.

MORE JOBS

Employment rose by 153,000 to 6,306,000 between June and July according to estimates of Dominion Bureau of Statistics and Department of Labor, as reported in The Financial Post. Month's figure is 3% above 6,023,000 a year ago. Entry of larger number of students and other workers into the labor market than in past years resulted in only a small drop in number of jobless from previous month — 226,000 vs 234,000, but 21.6% below 290,000 in July 1958.

Rev. C. C. and Mrs. MacPherson and family were Mannville visitors last week.

∞ ∞ ∞

Mrs. Betty Ramsey and family have moved to their new home in Edmonton.

∞ • ∞

Sunday visitors at the home of Mrs. Ruth Hughes were Audrey (Hughes) Thompson and husband Norman.

∞ ∞ ∞

Miss Annie Rutherford, who has been a guest at the home of her aunt Mrs. A. Rutherford, returned home Sunday with her sister and husband, Mr. and Mrs. Thompson, who had been on a holiday trip.

The family and Mr. and Mrs. R. Forsyth returned home from Fort MacMurray where they spent a pleasant time visiting old friends.

Senator Molson To Tour West

One of Canada's business leaders and the head of the country's oldest operating brewing firm will visit Edmonton in mid-September.

Senator Hartland deM. Molson, O. B. E., president of Molson's Breweries Ltd. and a director of several major Canadian companies, will be in Edmonton Sept. 16, 17 and 18.

His visit will be part of a western tour taking in Regina, Prince Albert, Edmonton and Vancouver to confer with western business leaders on market prospects in the three provinces.

Sen. Molson is a director of the Bank of Montreal, the Bank of London and Montreal Ltd., Canadian Industries Ltd., Canadian Corporate Management Company, Jamaica Public Service Limited, Stone and Webster (Canada) Limited and Sun Life Assurance Company of Canada. He also is president of the Canadian Arena Company.

Take the "Wraps off" Your selling

. . . put your advertising where people ready-to-buy

MUST SEE IT!

An advertisement can't even begin to sell unless and until it is SEEN by those who are in the market for what is offered for sale. Best way to make sure that your advertisement will be SEEN by the right people at the right time is to advertise in this newspaper. It's all as simple as one-two-three: (1) Folks who want to buy something like to get all the information they can get about what's for sale. (2) They turn naturally to the advertising columns of this paper for a quick comprehensive look at the market. (3) Your advertisement here is never an intrusion or interruption, instead it is exactly what your best prospects are LOOKING for! Take the shortest distance to your largest, most responsive market . . . via advertising in this newspaper.

DRILLS AND THRILLS

A ceiling television set has been installed in the office of Dr. Gordon S. Anker, a Toronto, Ontario dentist, for the "comfort and entertainment" of his patients. Dr. Anker plans to be his own patient around world series time.

Egg Price Support by Deficiency Payments To Start October 1st

Ottawa - Egg price support to producers by means of deficiency payments under the Agricultural Stabilization Act will begin with the marketing year commencing October 1, 1959, the Chairman of the Agricultural Stabilization Board announced today. Purchases of eggs by the Board, he stated, will be discontinued on September 30.

This, he pointed out, implements the policy announced in the House of Commons on May 7 by the Honorable Douglas S. Harkness, Minister of Agriculture. In his announcement at that time the Minister stated that he had directed the Board to develop a procedure for providing price support for eggs by means of deficiency payments to producers to replace the present method of providing support through purchases of eggs by the Board. The Minister added that a limitation would be placed on the amount of deficiency payment made to a producer in a given time.

In keeping with this principle payments to any one producer during a twelve-month period will be limited to 4,000 dozen Grade A large size eggs, including Grade A extra large size. Each producer marketing eggs through registered egg grading stations will be eligible to participate in deficiency payments up to this maximum regardless of the total volume of eggs marketed by him.

A national average price received by producers for Grade A Large size eggs at registered egg grading stations will be used to determine whether a deficiency payment is required and if so, the rate of such payment per dozen eggs. The rate of payment will be uniform to producers in all parts of Canada, regardless of the price received in the market.

It is proposed that, should deficiency payments be necessary to support average prices at the prescribed level, they will be made on an annual basis. Consideration will however, be given to making an interim payment for the October to December 1959 period if the average producer-price falls substantially below the prescribed price during that period.

The Stabilization Board stated the Chairman, is now in the process of registering producers stressing the point that, in order to be eligible for deficiency payments, any producers who have not yet registered should do so promptly. Registration he pointed out is limited to one person for each farm and all sales of eggs from that flock must be made in the name of that person. Application forms he added are available at all registered egg grading stations.

FIVE TIMES FASTER

In Northern Italy farmers are growing a crop of pulpwood from hybrid poplars in 12 years, says The Financial Post [illegible]. That's five times faster than it can now be done in most of Canada.

Some Canadian pulp companies and provincial forestry departments are now experimenting with these fast growing hybrids. If successful this would mean a revolution in the pulp and paper industry and [illegible] important a new cash and industrial crop for the [illegible].

THE Homemaker
NANCY HOOPER
District Home Economist
Wainwright, Alta.

PINK PEARS

Canned pears may turn pink in color if they have been overcooked or if the cooling was done too slowly. Some varieties of pears tend to turn pink. Some authorities recommend adding lemon wedges or lemon juice for slight bleaching action.

WHITE SEDIMENT IN CANNED VEGETABLES

If, in looking over your canning this year you observe white sediment settling to the bottom it could be from using hard water. White sediment in peas and beans may be due to over mature vegetables. Sometimes starch cooks out and gives the liquid a white look. In canned tomatoes white sediment indicates spoilage. Here it is caused by using a poor product.

BOTULISM IN CANNED VEGETABLES

This is caused by a soil-borne organism which can be destroyed only at higher than boiling temperature (pressure canning). Botulism in vegetables may or may not have any odor, off taste or other sign of spoilage. Botulism is fatal unless the product is boiled when removed from the container. Home canned vegetables not canned in a pressure cooker should be boiled at a full rolling boil for a minimum of 10 minutes before using.

GARDEN CLUB ACHIEVEMENT DAYS

These are being held in Paradise Valley on Sept. 8 and in Metiskow on Sept. 9. This is your opportunity to see the exhibits set up by 4-H Garden Club members. On display will be canning and fresh vegetables and flowers from the girls' own gardens. A short program of demonstrations and musical numbers have been arranged by the members. Anyone wishing to attend will be welcomed by the members and their leaders. Both programs start at 8 p.m.

ADVERTISING speeds the introduction of new products that are needed.

WILDMERE WINKS

Mrs. C. Morard and daughter Mrs. J. Wilson and three grandsons left for their homes in Calgary Sunday morning after visiting for a week in Wildmere.

The writer had a nice note from Mrs. Beckett. We were sorry to hear she had been in hospital for three months. She is convalescing now at the home of her son Larry. She wishes to be remembered to her many old friends in Vermilion and in Tolland district, especially Mrs. Euna Lysons whom she would liked to have seen when the latter was in B.C. on a holiday. Anyone wishing to write to Mrs. Beckett can reach her at the following address: c/o L. S. Beckett, R.R. 2 Kamloops, B.C.

There was a fair attendance at church Sunday [illegible] two more Sundays left. Mr. Nichols gave a very interesting talk on Forgive those who trespass against us. Next Sunday will be Communion Sunday to be conducted by Rev. MacKay of Vermilion.

Many children and teachers returned to classrooms Tuesday. Mr. and Mrs. Sweet and Miss Flunes are at Preston Central again. Albert Smith has a much larger bus this year taking all the Bassano and Wildmere pupils. Alfie Fadden has taken over the Triangle route from Don Cooper who has moved to Ponoka.

Maureen Carothers, Joanie Ibben, Sandra Harrison and Ernest Sweeney are all attending Vermilion high school this year. Lela Newman is going to Wainwright high school.

Laurence Graham of Rosetown, Sask. made a flying trip to visit his sister and family over the week end. He reported not nearly so much rain in that province as here.

Peggy and Bobby Graham journeyed to Edmonton by car on Wednesday evening. Bobby went to Ponoka to visit his grandmother and Peggy went north to Dawson Creek to visit friends.

Mr. and Mrs. Ken Holte and boys who were visiting Ken's parents and brother Baillie in Wildmere, and Mrs. Holte's parents in Vermilion left for their home in Winnipeg on Saturday morning. They had planned to stay in Regina Saturday night but on resting for three hours discovered little Richard had broken out with the measles so they left on their homeward trip immediately, arriving at 3 a.m. Sunday. They report Richard is not suffering any ill effects from the trip.

Quite a good attendance at the Legion Decoration service Sunday at the cemetery but we feel many more should attend this service and pay their respects to those who made it possible for us to enjoy the freedom we [illegible].

Heartfelt sympathy to the Malonek family in their sad bereavement. May they find comfort in knowing he is at rest and free from pain and suffering.

We do hope Wayne Isles is now much improved following his serious accident at Williams Lake, B.C. He is at present a patient in a Vancouver hospital. His mother and father and four sisters all flew out upon word of the accident Thursday last. We all wish you a speedy recovery Wayne.

Jack Wright of Vermilion has purchased the Wallington farm at Wildmere.

Wildmere W. I. are planning a [illegible] and bake sale Saturday [illegible] in town. Place to be announced later.

The Thrill That Comes Once in a Lifetime A [illegible] CLASSIC

Teen-age Drivers and The Traffic Accident Picture

How big a role does the teen-age driver play in the overall auto accident picture?

The U.S. National Safety Council has made one of the most comprehensive searches for the answer, according to Paul Lawrence, manager of the Alberta Safety Council.

The U.S. group has uncovered these facts, which were included in its newly published "Accident Facts".

Of the 88,000,000 licensed drivers in the U.S. about 6,000,000 or 7% of them are under 20 years of age. However, this 7% is responsible for more than 12% of the nation's auto accidents.

WOODVALE NOTES

When school opens this week Mrs. G. Roberts, who has been teaching at the consolidated Woodvale school since it opened six years ago, will be the new principal. The two other lady teachers come from Paradise Valley and will live in the teacherage.

Mr. and Mrs. Bud Fennell and one of their two daughters of [illegible], were guests at the home of Mr and Mrs. Wes Fennell earlier this month and enjoyed visiting old friends and neighbors.

Mr. and Mrs. Earl Muirhead and daughter [illegible] of Quesnel, B.C., and a friend Miss Edna Anderson and Stan Muirhead of Smithers, B.C., stayed with Mr and Mrs Arnet Brown. Mrs. Muirhead used to live with her parents Mr and Mrs. Miller on the Art Berthet farm and enjoyed going over the old homestead where she spent a few happy years in her childhood. She left the district in 1926 and regretted that due to the heavy [illegible] she was unable to see some of her friends of years ago. At about the same time Miss Rose Walters was down from Edmonton to see her relatives in Tulliby and they certainly would have enjoyed meeting each other again.

Mr and Mrs. Hugh Fleming and children visited the former's brother at Rimbey, Alta., and found plenty of blueberries there. They are also abundant in the vicinity of Cold Lake where we spent a Sunday at Cherry Grove and saw quite a few former Woodvale residents including Mr. C. Friedland, Mr and Mrs. A Dilcox, their son Walter and daughter Marie and family. Mr Friedland is now 89 years of age. We found out that he has nine great great grandchildren.

The son of Mr and Mrs. Ted Brown, former Woodvale-ites, was the victim of a serious shooting accident earlier this summer but has recovered quite well, although doctors were unable to remove the bullet which went through his body and lodged near his spine.

The new 28 highway to Cold Lake will go by Mr. and Mrs. Dilcox' store and post office when it finally gets built. Mr and Mrs. Dilcox still get the Standard and really enjoy reading news of this district.

Rolf Martinson had a piece of steel fly into his eye while he was repairing some machinery a few weeks ago and after spending some time in the Islay hospital has gone to Edmonton to the University hospital where it is hoped that an operation or treatment might restore sight to the injured optic.

When the Rev O. Nugent of Edmonton brought his daughter Marion down to stay a few days at the home of Mrs. Gladys Walters Sunday evening, Aug. 23, he was pleasantly surprised when he was welcomed by a party of about twenty four people singing "Happy Birthday". There was a big cake all decorated with candles for the occasion and a present hidden in the middle of half a dozen boxes. A most enjoyable evening was spent together. It was also a goodbye party for Mr and Mrs. H. Johnston and Elizabeth who returned east after a happy summer here for them and their congregation.

Despite the rainy weather and heavy roads a good crowd turned out for the dance at the Union hall on the 28th.

Mrs. Bob Lampert will be the new teacher at Thorndiffe.

The Brown boys, while picking rocks on their farm this summer have found five Indian stone hammerheads, also a stone bead. Apparently Indians must have lived there in the very early days.

We were sorry to hear that Mrs. Belle McGrath is still in Islay hospital and did not go home as we previously reported.

Patients in the Vermilion Municipal hospital on Wednesday, September 2nd were:

Mrs Mary Anderson, of Mannville
Mr Brookman Burton
Mrs. Ruby Cooper
Mrs. Emily Douglas
Mrs. Margaret Dennis
Mrs. Mary Dyjur, Clandonald
Mr J J Ryan
Mr Walter Fisk
Mr Albert Hildreth
Mrs. Jennie King
Mrs. Mona Metcalfe
Mr Peter Starko
Mrs Mary Thompson
Mr. Curtis Wilson
Mrs. Nancy Yarmuch
(Unless otherwise designated, the patient is from Vermilion or district).

BIRTHS

BORN—At Vermilion Municipal Hospital to—

COOPER — Mr. and Mrs. Dennis Cooper, Vermilion, on Aug. 31 a girl.

ANDERSON — Mr and Mrs. Albert Anderson, Mannville, on Aug. 31, a boy.

NEWS from KITSCOTY

Miss Mae Bolan of Seattle, Washington spent her vacation here visiting with her parents, Mr. and Mrs. F. Bolan.

Mr. and Mrs. Bob Crowe of [illegible] visited here recently with their cousins, Mr. and Mrs. Clarence Miller and family.

Mrs. Dan H. Randall and a friend from Wenatchee, Washington, U.S.A. visited here last week with her sister-in-law Mrs. Pauline McLean and other relatives and called on several of her old friends.

Miss Grace Bowtaman, a member of the staff at the Vermilion River M. D. office spent her vacation visiting different points in Alberta.

Miss Karen Hewlett of Edmonton spent last week here visiting with her aunt and uncle, Mr and Mrs. R. S. Pidcock, other relatives and several young friends.

Misses Sylvia and Donna Sheppard, daughters of Mr and Mrs. C. H. Sheppard left Monday to take positions in Edmonton and Vancouver. Donna is on the teaching staff at Killarney school in Edmonton and Sylvia will specialize in her chosen profession of physiotherapy at a hospital in Vancouver, B. C.

Mrs. Steve O'Connor of Mannville was a visitor here one day last week calling on old friends. She was a supper guest at the home of Mr. and Mrs. Cliff Miller. Other visitors at the Miller home were Mr and Mrs. James A. Smith of Hythe who were overnight guests. David Smith joined his parents and they called on some of their old friends during their short visit here.

Miss Georgette McGregor is attending the [illegible] College in Lloydminster this year.

Capt. Ivan G. Wright, Mrs. Wright and family from Petawawa, Ontario, visited at the week end with Ivan's sister and family Mr and Mrs. James Crowe of the Earlie district. They also called on some of their old friends in town. Their mother Mrs. [illegible] Wright of Bashaw, onetime resident here, accompanied them home to Ontario for a visit.

We regret to report Mr Alf Frunze was taken suddenly ill last Tuesday and is a patient in the Lloydminster hospital where he is resting comfortably. Just a reminder folks, that Alf's Esso Service is still doing business with son Lloyd in charge.

Best wishes for a speedy and complete recovery are extended to all who are in hospital or ill at home. This includes Mrs. G. Parkin (Grandma) and Master Peter Green of Earlie district who are patients in the Lloydminster hospital at present and Mr. Jack Butterfield who is still in Islay hospital.

Mrs. Wm. Long and Judy were Edmonton and [illegible] visitors recently. Judy proceeded on to Dawson Creek where she has accepted a position in a store.

Mrs. Percy Nixey and family from Duncan, B. C. have taken up residence here in Mr. and Mrs. Bill Shyrluk's house which they have purchased. Bill, Audrey and Francine Anne are residing on the farm once again.

Mrs. R. M. Matheson, who with Mr. Matheson spent the summer in Scotland, is back again as matron of the girls dormitory. Mr. Matheson is spending a week here before returning to Edmonton.

Congratulations are extended to the following who are proud parents of new babies: Mr. and Mrs. Mike Stasyshyn a daughter; Mr. and Mrs. Rod Hixon, a son; and Mr. and Mrs. Larry Watt, a daughter.

Rev. and Mrs. A. B. Beal and infant son Bobby, who have been visiting at the home of Margaret's parents, Mr. and Mrs. F. O Seward, have returned to their home in Forestburg, Alberta.

Rev. and Mrs. O. C. Seward and family of Bentley, Alberta, were recent visitors at the home of their parents Mr. and Mrs. F. O. Seward.

Crocus No Longer Spring Flower?

Apparently the crocus is no longer a strictly spring flower. The Standard has a bouquet of blooming croci on the counter at the present time picked on Sunday, August 30 by Frank Myshak on the coulee hill south of the W. L. Robinson farm. Some strange quirk of nature caused the forerunners of spring to blossom forth this fall.

CLANDONALD HALL

Showing at the Clandonald hall this week end Fri and Sat. Sept. 4 and 5 "The Unholy Wife" a drama in technicolor starring Diana Dors and Rod Steiger; Sept 11 and 12 "Cat On A Hot Tin Roof" in technicolor starring Elizabeth Taylor, Paul Newman and Burl Ives. News reel each week. 2

[illegible]

Dance at [illegible] on Friday, Sept. 4th. Everyone welcome. Martin Music 2

BINGO AT CLANDONALD

A bingo will be held in the Columbus hall, Clandonald, on Wednesday Sept 16 at 8 30 p.m. sharp. 12 games, $1 per card, 25c for extra cards. Good prizes. Sponsored by Clandonald C.W.L. 8-9

NORTH PARK HALL

There will be a monster dance at the North Park hall on Tuesday, Sept. 8th following the cattle sale. The Happy Hillbillies led by [illegible] will supply the best music in north-eastern Alberta. Everybody welcome. 2

ST. SAVIOUR'S W.A.

St. Saviour's W.A. will hold a business meeting on Thursday, Sept. 10 at 2:30 p.m. in the parish hall.

CANADIAN LEGION W.A.

The regular monthly meeting of the Women's Auxiliary to the Canadian Legion will be held on Wednesday, Sept. 9 at 8 p.m. 2

RUMMAGE SALE

Salvation Army Home League will hold a rummage sale Saturday Sept. 19 starting at 10 a.m. in the Salvation Army hall. Please use rear entrance. 8-10

BUFFALO COULEE ACTIVITIES

What a short time it seems since the end of June. Holidays are over and once again it is time for school.

Along with people everywhere, quite a few from B. C. enjoyed holidays away from home and having visitors and relatives to spend time here. Those travelling the farthest were the Hiltons who went as far as San Francisco, California visiting relatives in southern Alberta and Mission City en route.

Mr. and Mrs. Brenton Macnab Sr., accompanied Mr. and Mrs. Jack Brown and family of Calgary on a trip to Dawson Creek, down the Hart highway to Prince George and back by Kamloops and Calgary. They report a very enjoyable trip.

Last week Mr. and Mrs. [illegible] Beverstow and family [illegible] circle tour through Calgary, Banff, Jasper and back via Edmonton.

Miss Laura Allyn returned to Toronto last week after spending a month visiting her sister, Mrs. Wm. Eward.

Mrs. Majury Sr. of Edmonton has spent the summer months with Mr. and Mrs. Matt Majury at her old home.

Mr. and Mrs. Stuart Little and two children of Wembley spent the last two weeks at the F. H. Ryken home after she had completed the summer school course.

Miss Lorene Everett of Wainwright, a former B. C. student, was in Banff last week, attending the Junior United Nations program there. Lorene, sponsored by the Lions club of Wainwright, represented India.

Two more of our young people have joined the ranks of the newly-weds, Enid Cooper in July and Carl Ryken in August.

A shower was held for Enid shortly before her wedding. Following an evening of games, Enid was presented with a telephone booth of gifts and Mr Jim Irving, on behalf of the gathering extended the best wishes of all for a long and happy married life.

Last Wednesday evening a shower was held for Mr. and Mrs. Carl [illegible] (nee Donna McCauley.) A good crowd was in attendance and following an evening of games and dancing, Carl was given a fishing line to wind up and this brought in a wagon with a nicely dressed bride and groom and numerous gifts. Frances Everett did the honors and extended the best wishes of their many friends to Carl and Donna. Carl very fittingly thanked all for the lovely gifts which they received.

After a little anxiety over the teacher situation, our school is again staffed for the coming term with Mr. George Yuskow, Mrs. Arthur Pheasey, Mr. Sam Boyle and Miss Joan Findlay. There are quite a number of beginners again this year.

Last year's grade ten students will be well scattered this year, with Ellen Bolev, Keith Marfleet, Donald Stone, Eddie Kochan and Dady Smart attending Vermilion High; Shirley Hinton, Mannville; Elaine Everett, Wainwright. Betty Green and Doreen Dicks, Three Hills, and Colin Kennedy at Mannville.

Margery Brock who attended Vermilion last year is going to Lloydminster to take a business course.

The quarterly meeting of the Auburndale W. A. is being held in the church on Wednesday at 8 p.m. with Mrs. Melvin Hill of Vermilion as guest speaker, telling of her trip to the West Indies last winter. Wildmere W. A. is invited to this meeting too, so a good crowd is anticipated.

Next Sunday September 6, Rev C. W. MacKay of Vermilion will be taking the morning service at the church, conducting the sacraments of baptism and communion and the receiving of new members into the church. Everyone is cordially invited to this service. September 13 will be the last service of the summer for our student minister, Mr. Bob Nicholl. His services have been very good, including a week of vacation school, choir and the Young People's League. Best wishes go with him when he returns to Queen's University.

McLaughlin Piano Pupils Pass Exams

At the examinations held last June in Kitscoty by the Royal Conservatory of Music of Toronto, the following piano pupils of Mrs. A. F. Weeks were successful candidates:

Grade 3, pass — Diane Kerr; Gregory Clark.
Grade 2, honors — Mary Clark.
Grade 2, Theory — 1st class honors, Carol Weeks.

Second Section The Vermilion Standard

Vermilion, Alberta, Thursday, September 3rd, 1959. Page 1 -- Second Section

Wildmere Women's Institute Notes

The regular monthly meeting for August, took place at the home of Mrs. L. Seward with vice-president Mrs. R. Osterberg in the chair. Eight members were present and roll call was well answered with hints for preparing food for the deep freeze.

Correspondence was read, namely a letter regarding "Arts and Crafts," and another dealing with "Farm Safety."

There was some discussion re a bake sale in the near future, but it was tabled until the next meeting.

Quite a lengthy discussion took place re the 'Special Study Course' for W. I. members. On a motion by Mrs. Gibson, seconded by Mrs. Cruthers, the Secretary was asked to write the University of Alberta for further information.

Johnny Jump Up was won by Mrs. Dillon. For social, Mrs. Gibson told of some of the high lights of her trip to Manitoba.

Members, please note that the project for September is a baby garment and a diaper. Anyone already having brought a baby garment in August, need only bring the diaper.

Topic given by Mrs. Dillon was "have we gone overboard on intelligence tests?"

The September meeting will be at the home of Mrs. Osterberg on September 2nd. Roll call will be to donate a book, old or new, to our local school.

Mannville Man To Operate Highway Coffee Shop

MANNVILLE — Mr. Carman Hughes, Mannville projectionist at the Alta theatre, is the new manager of Alex' Coffee Bar at Minburn, on highway 16, taking over there Aug. 31. He and his family will still live in Mannville however, where Carman will continue to work at the theatre.

CANADIAN LEGION W.A.

F.W.U.A. Sponsor Annual Horticulture Show at Marwayne

The sixth annual Horticulture show sponsored by the Farm Women's Union of Alberta Local 716 was held in the Elks hall in Marwayne on Friday, Aug. 14. It was a grand day and many exhibits were brought in with a very good attendance on hand in the afternoon. The little flower lady standing at the garden gate bidding welcome to all added much to the attractiveness of the popular event.

Judging was in the capable hands of Mr. Morley Douglas, district agriculturist and Mr. N. N. Bentley, principal of the Vermilion School of Agriculture.

The following business men and citizens very kindly contributed toward the special money prizes: Wm. Curtis, Perks & Spence, Berg & Son, J. Elliot, Marwayne Hotel, Alec Romanick, Wm. Kirsheila, Arvel Johnson, Home Cafe, Ted Rea, Larry Isert, Co-op Store, R. A. Swanson & Son, Mrs. C. Harrington and the F.W.U.A.

The special prizes were awarded as follows:

Most points (16): Mrs. J. Tupper; Most exhibits, Mrs. T. Burke; Best glad, Mrs. W. Hancock; Best sweet peas, Mrs. W. Kvill. Best pansies, Mrs. O. H. Quist; Best vegetable, Mrs. Joy Tupper; Best bouquet, Mrs. Lucas. Best house plant, L. Perks; Best giant marigold, John Spence; Best dahlia, Mrs. G. Doull; Single ruffled petunia, Jean Kvill; Best double ruffled petunia, Mrs. Lucas, Best corn, Jean Kvill; Best potato, Mrs. J. Doull; Best glad display, Mrs. R. Kent; Best sweet pea display, Mrs. J. Swan; Best zinnia, Jean Kvill, Best stocks, Mrs. Harrington.

The F.W.U.A. wish to thank all those who exhibited and those who attended and helped to make the show such a grand success.

Results of Summer Safe Driving Campaign 1959 Appraised

Three times as many Alberta traffic deaths occur in the rural areas as in urban areas, the Alberta Safety Council reports.

The ratio is based on a study of RCMP and municipal police reports, and is confirmed by safety studies at the national level.

During the first six months of this year, the Alberta ratio slightly exceeded the long-term average, the council noted. During that period, 101 Albertans were killed in traffic. 83 of the deaths occurred in rural areas, 18 of them in urban areas. Towns having a population less than 2,500 are classed as rural.

According to a Council spokesman, the rural death rate is attributed to two things: "the abundance of driving done on open roads, which most often are in rural areas, and increased speed."

The Council reported also that on the basis of its studies, men are involved in almost eight times as many fatal auto accidents as women.

In other traffic facts issued in conjunction with the current "Slow Down and Live -- Can You Stop in Time" safe driving campaign, the Council made these points

The least hazardous way to travel is on a railroad passenger train. Then come buses and scheduled planes. Passenger cars and taxis are far behind.

Saturday — not Sunday -- is the most dangerous day of the week for drivers. About one out of every five traffic fatalities occurs that day. Sunday is the second most hazardous day.

While few slow drivers ever run afoul of the law, they're still a highway hazard. Driving too slowly can cost a life — your life or the life of a motorist who takes a chance and passes you when he shouldn't. Good drivers keep pace with traffic — they do not speed — they do not [illegible].

When running safety checks of vehicles, police have found these automotive features most frequently at fault: rear lights, brakes, front lights and the exhaust systems.

NEW SYSTEM CAR LICENSE NUMBERS

From the motor vehicles branch comes word of a new letter and number system for car license plates next year. The [illegible] will have two letters and four numbers instead of the present three numbers. Fewer letter combinations will be used says the branch and this will make it easier to read and remember car license numbers.

MEAL CHECKS — For Cafes, lunch counters, dining rooms etc. at the Standard Office

Harley - Ritter Nuptials Held At Vernon, B.C.

A pretty summer wedding took place in Vernon, B. C. on Aug. 15th at St. John's Lutheran church, when Miss Helga Ritter became the bride of Mr. Arthur Harley, son of Mr. and Mrs. John Harley, former Kitscoty residents. Rev. Muyan performed the ceremony before an altar beautifully decorated with pink and cream gladioli.

The bride looked lovely in a waltz-length gown of white lace. Her fingertip veil was held in place by a beaded coronet and she carried a bouquet of red roses. Her sister, as matron of honor, wore a pink dress and the other two bridesmaids wore blue.

The groom was attended by three men, one of whom was his brother Mr. Lloyd Harley. Mr Bob Hiltz of Kitscoty was also attending the groom and Mr. Gestre acted as usher.

The groom's gift to his bride was a double-strand pearl necklace, the bride's mother received a set of Alaska black diamond necklace and earrings, and the groom's mother received a lovely petit point necklace.

In the evening, a reception was held for 140 guests. The bride's table was centred with a beautiful three-tiered wedding cake baked by the mother of the groom. Mr. Gestre acted [illegible].

[illegible] guests at the wedding were Mrs. Harley's two brothers and their families from [illegible], Saskatchewan, her sister and family from Manitoba, Mr. Bob Hiltz of Kitscoty and Mrs. Gillies and Mrs. Bert Gould of Islay, Alberta.

Mr and Mrs. Harley will make their home at Moisie, Quebec where the groom is stationed as a radar electrician.

The best wishes of their many friends are extended to the newly-weds for many years of happy married life.

Massey-Ferguson Sets Record Sales

World-wide sales of Massey-Ferguson during the first nine months of fiscal 1959 represented the highest volume of any corresponding period in the Company's history, it was announced in San Francisco by J. H. Shiner, Vice-President, Marketing.

At July 31, 1959, the three-quarter mark of the current sales year, the Company showed an increase of $42 million, (or more than 12%) over the comparable period of 1958. Figures for 1959 include sales of $13 million by Perkins diesel engine company of Peterborough, England, from the date of its acquisition in 1959. Total sales reached $376 million as against the $334 million figure of a year ago.

North American sales during the nine-month period rose by 29% over last year's figure to a total of $167 million compared with 1958 mark of $130 million, reflecting deeper penetration in strategic market areas.

Tag Day At Mannville To Aid Library

MANNVILLE — The Mannville Public library, which operates on a grant from the provincial government, aided by donations from our public minded citizens, a yearly pie sale, and donations from lodges, W. I. groups, Ladies Auxiliary to the Canadian Legion, etc., fees and fines, plans to hold a tag day on Sept. 12. It is hoped that everyone will turn out to be tagged, or if you are missed, see that your donation reaches some member of the library board. This is a most worthwhile project as some very fine reading material is circulated by the staff under the able guidance of Miss A. R. Cain, librarian.

ST. SAVIOUR'S W.A.

St. Saviour's W.A. will hold a business meeting on Thursday, Sept. 10 at 2:30 p.m. in the parish hall.

Diary of a Vagabond

BY DOROTHY BARKER

Ever wonder how your editor spends his or her summer vacation? Well, I can tell you. He takes a busman's holiday as a rule by attending the annual convention of the Canadian Weekly Newspaper Association. Here he is in his glory discussing with fellow editors at great length last week's issue, labor troubles, the best type of machinery and the best supply houses.

This year in Regina was no exception. Even the weather which co-operated beautifully if a bit warmly came in for a little comment. But let one voice be raised querying a town's mill rate or a paper's circulation and the boys are off on another jag now.

These conventions have built many memories for me over the past ten years but 1969 will be remembered for a very special reason. In July, in Regina, the Queen city of the prairie province of Saskatchewan, I was not a participating editor as I had been for so long but an invited guest.

The big "do" at this annual event is always the trophy dinner. It is then that editors of prize-winning weeklies walk up to the head table, receive the congratulation of their president and return to their own tables proudly carrying their rewards for conscientious endeavor. Perhaps the most heart-warming part of the presentations is the hearty clap of appreciation by the non-winning representatives of the weekly press. Their sportsmanship is unequalled in any creative field that I know of.

For this dinner I chose to wear a little beige linen and lace number. It should have been named "suitable for married women only." Why? Because married men are reputedly adept with balky zippers on their wives' dresses and this dinner gown I had bought was zipped in the back.

Getting into the dress was a breeze. I simply called the housekeeper and asked for assistance. I felt gay and happy during the reception and the dinner which followed, little realizing what was ahead of me.

Along about midnight I bade adieu to my dinner companions and reported for my room. When I laid aside my clutch bag I reached confidently for the zipper. I couldn't even touch the tab and the hook-and-eye at the top was well fastened about eight vertebrae from the nape of my neck. I stretched over my shoulder then I tried reaching for it under my arm pits. I wasn't even close. Maybe, I reasoned, if I sat down I'd be nearer my objective. I even thought hopefully that one arm might be longer than the other. It wasn't.

Then I was inspired. I grabbed a clothes hanger and started fishing for the eye in the tab of the zipper with the hook of the hanger.

I twisted and turned, trying to catch my reflection in the mirror, but only succeeded in tearing two long gouges in the skin of my back.

There is one thing about newspaper people (or former editors) — they may be persistent, never give in gracefully, but they know when they are licked. I slathered my face with cream, supposed to erase haggard lines overnight, pinned my hair up in curlers and cast my shape on the bed.

I prayed the hotel wouldn't go up in smoke for I could well imagine an enthusiastic press photographer grabbing a shot of me and gleefully writing cutlines to the effect "woman attending convention is seen making her escape clad only in a dinner dress and patent curlers."

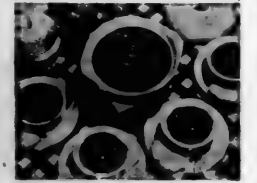
Ah, well it didn't happen and I was released from my straight jacket next morning by a sympathetic chambermaid. For once I wished I were a contortionist rather than a columnist. Next year, if I am an invited guest, I'll choose a button-down-the-front model to wear to the dinner.

This resolution and my pleasant memories of the convention filled my thoughts as I watched the prairie scenes from my train coach window on my way to Vancouver. There is so much to write about this part of the country that it will take several entries in my diary before I can complete the word picture of my western jaunt.

Good News for Homemakers

Carolyn Campbell

SOUP MAKES THE MEAL



On a cold wintry Sunday night . . . or any winter night at home . . . there's nothing more inviting than a fireside supper. Especially when you plan it around a tureen of tempting hot soup. It's a meal for warming kids . . . teens as well as grown-ups . . . right down to their toes!

So convenient for these informal suppers are hearty canned condensed soup combinations. Mix or match family favorites for tasty treats. An especially enjoyable team is Bean with Bacon and Vegetable Soups ladled from a tureen into comfortable soup bowls. Have plenty on hand for "refills".

To go along with the soup . . . hearty open-faced toasted cheese sandwiches and crisp celery. For dessert, pass squares of spicy cake with butter frosting (made from a mix) and fresh fruit.

WINTER SPECIAL

1 can (11 ounces) condensed bean with bacon soup
1 can (10 ounces) condensed vegetable soup
1½ soup cans water

In saucepan, blend soups with water. Heat; stirring now and then. Makes 4 servings.

For the chicken lovers in your family, try this combination:

CREAMY GUMBO

1 can (10 ounces) condensed cream of chicken soup
1½ soup cans water or milk
1 can (10 ounces) condensed chicken gumbo soup

In saucepan, blend cream of chicken soup with water, stir until smooth. Add chicken gumbo soup. Heat, stirring now and then. Makes 4 servings.

STUNTMAN HAS NEVER BEEN HURT

Earl Parker, 31 is one of those people who makes his living leaping from high ledges on to moving horses, crashing through plateglass windows and falling down staircases. Parker, in short is a stunt man whose job it is to make the stars look like he-men. Parker insists that he has never been bruised and that insurance is quite cheap. He is currently working at the Circle M Ranch near Toronto where the film "Hudson's Bay" is being filmed. He serves as stand-in for the star of the TV series, Barry Nelson.

HEALTH HORIZONS

Ear Wax May Be A Problem

With each seasonal change thousands of individuals of all ages flock to their physicians to complain of earache, impairment of hearing, fullness of the ear and dizziness. Since few experiences are more heartily disliked than pain in the ear, an excruciating earache usually commands prompt attention. A sharp, piercing ear pain or even a dull, steady earache brings action more rapidly than trouble in almost any other part of the body.

The ear is prey to a number of ills and disorders, some of which are likely to stem from summertime activities.

Earache arises from many causes. During the winter the common cold is the most prominent offender, extending infection from the nasal passages to the middle ear cavity. During hot humid weather, the external ear may be infected by a variety of bacteria and fungi.

The external ear canal, which is about 1¼ inches long, serves to conduct the sound waves, is lined by skin similar in most respects to that of the body. It has oil and sweat glands. The oil deposited in the canal thickens to form a protective substance called cerumen or ear wax. When formed in large quantities wax may completely block the ear canal, often increase the pain resulting from a middle ear infection.

Wax formation in the ear is not a disease. Some individuals produce an excessive amount, just as some perspire more profusely. Trouble arises when it is allowed to accumulate, harden, and block the passageway. The hearing may be limited and a stage of temporary deafness ensue accompanied by ear itching, [illegible] tinnitus and dizziness.

Happily this type of hearing defect can be cured quickly — by removal of the ear wax. Attempts however, at self-cleaning with the careless use of hairpins, toothpicks and fingernails often result in infection, injury to the canal, or further impaction of the ear wax against the eardrums.

In such circumstances it is best to consult a physician who may use a newly developed medicament named Cerumenex, specifically adapted to cope with this common problem.

The drug is easy to apply, is painless, safe and quick-acting, softens and loosens the impacted ear wax facilitating its removal by simple syringing with lukewarm water.

Physicians using Cerumenex on a series of 106 patients reported obtaining more than adequate success in 86% of the cases treated.

Alaska, with an area one-third that of Canada's northern territories, has a population of about 200,000, seven times that of the Yukon and Northwest Territories combined.

SUSAN VAYDA STARS IN MEXICO

Susan Vayda, 18, of Toronto, Ontario has made a spectacular career in Mexican television and movies. Susan and her parents fled from Hungary during the revolution in December, 1956 to Canada. A European director of documentaries discovered her and last July cast her as leading lady in a film feature about Hungarian refugees in Canada. She then went to Mexico where she was voted Queen of the University of Mexico and was judged by columnists to have conquered the film festival that Mexico runs in competition with Cannes at Christmas.

IMMIGRANT SEEKING "PARADISE" SETS SAIL IN JUNKYARD BOAT

Seeking "paradise" over the horizon, Hungarian immigrant Andre Yavorcsik at left above set out to sea in a 16-foot junkyard boat. His first stop will be Newfoundland. Everyone pitched in to help Yavorcsik get under way. Despite a crisp offshore wind he was making little progress.

Two previous attempts ended when he ran ashore near Devil's Island, off Dartmouth, N.S. This time he got a tow behind the island. Yavorcsik left the mainland after being displeased by employers' treatment.

TWO-WAY COMMUNICATION SYSTEM HELPS GIRL WITH LESSONS

Carol Bowman, right, a Grade 8 pupil at Woodbridge, Ont., school lost a leg as a result of a sledding accident. Since she is unable to attend school a two-way communication system has been installed in the classroom and at her home which enables her to listen and to answer questions. In picture at left, Principal Elmer McFadden teaches a lesson which Carol is able to hear via the microphone on the window. Carol is expected to graduate and attend high school in person in the fall.

NEW AIR CLEANERS

On-the-spot control of dust and dirt in office machines is provided by new air cleaner, reports The Financial Post. It floats off clogging dust and dirt without disturbing vital lubricants or delicate mechanisms, the U. S. maker claims. Weighing 6½ lbs., its 7-foot rubber tube pinpoints an air stream to desired parts of typewriters, business machines and appliances.

Fish and Game Plan Interesting Meeting At Mannville

MANNVILLE. — The meeting planned for the Mannville Fish & Game Sept. 11 promises to be sparked with interest as slides are to be shown on the activities of some of the town and district anglers. Movies of an educational nature will also be shown at this meeting in the Legion hall. Everyone is invited to attend.

THERE'S A LITTLE COP IN ALL OF US

A traffic light failure at a busy intersection in Toronto brought out the latent traffic cop in Alfred Wermescher, an electronics engineer. Spotting the breakdown, he jumped out of his car and [illegible] the [illegible] minutes waving traffic to and fro. Why? "Oh, I just thought I could help it," said Wermescher. In khaki shorts and a sportshirt he made signals that kept the cars moving smoothly without any frayed tempers or tangled bumpers.

OUR LETTER FROM EDMONTON

Predicted Shuffle In Alberta Cabinet Now Realized

by KEN [illegible]

EDMONTON — Watch for a shuffle in the Alberta cabinet in the not too distant future.

Word in political circles has it that the shuffle, provided for during the last session of the Legislature, will come about before too long.

Briefly, here is what is going to happen — the present department of industries and labor will be split up into two new departments — the department of labor and the department of industries and development.

The existing department of economic affairs, headed by Hon. A. Russell Patrick, will cease to exist. Some of its duties will be taken over by the new department of industries and development.

Here, according to informed sources, is what will happen.

Hon. Raymond Reierson, present minister of industries and labor, will retain the labor portfolio [illegible] he will continue to head the department which administers the government's board of industrial relations. The board over the past few years has been able to boast that Alberta leads the rest of Canada in harmonious labor-management relations, and it seems only obvious to leave under the guidance of a man who has run it successfully for several years.

Mr. Patrick, whose economic affairs department now handles all of the government's industrial and tourist promotion, seems the obvious one to take over the new department of industries and development. Other activities of his department are likely to go to the provincial secretary.

The present provincial secretary in the government is Hon. A. J. Hooke, but he also holds the portfolio of minister of municipal affairs. Since municipal affairs is a full time job, it would seem logical to give the provincial secretary's portfolio to one of the other ministers — possibly to Mr Patrick.

There are [illegible] Premier Manning plans to lighten his own load at the present time. Besides being premier, he holds the portfolio of attorney-general and minister of mines and minerals.

In a year or so, when some of the newly-elected MLA's have had some seasoning in the Legislature, the premier might unload at least one of his portfolios.

The only other minister carrying two portfolios is Hon. Gordon Taylor, minister of highways and telephones. There's a possibility he may lose the telephones in the shuffle.

The cabinet changes were forecast during the last session of the Legislature. Bills were passed clearing the way for the government to set up a new department of labor, disband economic affairs, and organize a department of industries and development.

RIGID RULES FOR NEW TOWN DEVELOPMENT

Members of the cabinet decided last week that private capital should be given first chance to develop a proposed new town in the Swan Hills oilfield about 130 miles northwest of Edmonton.

But, mindful of trials and tribulations which arose over previous new town developments, the government decided any developer who goes into the townsite will have to abide by extremely rigid terms. They're going to be so rigid, in fact, that only the biggest contractors will be interested, say government officials.

At the week end the municipal affairs department was still working on the terms of a proposed development contract for the new town, which is being planned for 1,380 residents.

HIGHLAND GAMES REAL SUCCESS

An armful of cups is held by Linda Christie Campbell of Toronto, Ontario. Repeating her success of last year, Linda won all the Scottish and Irish dancing events in her age group at the Highland games held in Fergus, Ontario. Entries came from many parts of Canada and the U.S. Highlight of the games was the massed bands parade. About 200 pipers stirred the crowd in the colorful spectacle.

Pleasant Valley News

Hi folks, here we are again after spending a most enjoyable holiday at Vernon and other points of interest in B.C. The writer and Mrs. Gillies went together and we truly enjoyed the wonderful scenery, flowers in bloom, the lovely gardens and fruit growing on the trees. While in Vernon we attended the wedding of Mr Arthur Harley, a former Kitscoty boy. We also went and saw Lake Kalamalka, which means in the Indian language 'lake of many colors'. How many Standard readers have ever seen 400,000 glads in bloom? This was one of the many wonderful and unbelievable sights we saw on our trip. The flowers were blooming on a mountainside and the growers were selling them for 30 cents a dozen — the same flowers that we pay $5 per dozen for on the prairies!

Mrs. Sylvia Gould has returned from her holiday trip through the States and Mrs. Potvin has returned from her most enjoyable trip to Cranbrook, B.C.

Mrs. Gillies is spending a few days with Betty and her family.

The rain which we have been experiencing lately is holding up harvesting operations but is really making the little potatoes nice and big.

Mrs. Gillies, the writer, Linda Gould and Laura attended the Dewberry flower show recently and truly enjoyed the event. The flowers and vegetables entered in this show were just as nice as any we have seen elsewhere.

MARLENE STEWART STREIT WINS CANADIAN OPEN TOURNEY

Mrs. Marlene Stewart Streit won the Canadian ladies' open golf championship for the sixth time when she defeated Mrs. Barbara McBride of Whippoorwill, New York. If Canada's touring male pros could blast out of sand traps and sink putts of six feet and under with the regularity as Marlene, they'd all be among the first 10 money winners on the United States circuit every year.

Health Unit Notes

DEFICIENCY DISEASES

Vitamin C or Ascorbic Acid prevents the development of scurvy. It helps to keep the walls of blood vessels intact and is needed for the proper structure of teeth. Bruising and bleeding from weakened blood vessels is found in scurvy and may be found in milder cases of "C" deficiency. The best sources are: black currants, citrus fruits and their juices, (orange, grapefruit) raw strawberries, cantaloupe, fresh or canned tomatoes or tomato juice, peppers, potatoes, cauliflower, cabbage and turnip. Rose hips are an excellent source.

This vitamin is readily destroyed by air and heat. Therefore, these foods provide the most vitamin C when eaten raw, or cooked in covered containers for a short time and not held over or reheated. Since the vitamin is also very soluble in water, the cooking water should be kept to as little as possible, and used up rather than being thrown away. While 10 milligrams per day will protect a person of any age from scurvy, about 30 milligrams daily should be used for extra insurance and many people recommend as much as 75 milligrams daily.

VITAMIN D

Vitamin D is necessary for the proper use of calcium and phosphorus in bone and teeth formation. Lack of this vitamin in early infancy causes rickets. Milder deficiencies at any time while growth is occurring (up to 18 years of age or more) may cause deformities and even serious malformations of the resulting soft bones. Sunlight causes the formation of Vitamin D in the skin but it an unreliable source because smoke, dust and fog may screen out the necessary ultraviolet rays. Furthermore, as a suntan develops, these rays have increasing difficulty in reaching the deeper layers of skin and less Vitamin D is consequently formed.

For these reasons, as well as because dropping the fish liver oil habit during the summer months often makes it difficult to reinstate in the winter, it is advisable to give an assured source of Vitamin D all year round. Various forms of fish liver oil, either liquid or in capsules are available. Irradiated evaporated milk provides significant amounts but few other foods do. While growth is occurring, every person needs at least 400 International Units a day and it is usual to give about 800 International Units per day to infants up to two years, in order to be sure enough is swallowed. This corresponds to from one to three teaspoons daily of cod liver oil, or from one to ten drops of some of the concentrated forms, but the label has to be consulted to be sure.

(To be continued next week.)

BABY & PRE-SCHOOL CLINICS

Monday, Sept. 7 — Vermilion (Clinic will be cancelled due to a holiday).

Tuesday, Sept. 8 — Wainwright (Clinic) 2 to 4 p.m.

Thursday, Sept. 10th — Kitscoty (Office) 10 to 12 noon.

Thursday, Sept. 10 — Lloydminster (Tuesday) 1:30 to 3:30 p.m.

Thursday, Sept. 10 — Chauvin (Rest Room) 2 to 4 p.m.

Thursday, Sept. 10 — Ribstone (School) 11 to 12 noon.

Friday, Sept. 11 — Marwayne (Hall) 10 to 12 noon.

Adults may receive poliomyelitis inoculations at this baby clinic between the hours of 10 a.m. and 12:30 p.m. and also between the hours of 1:30 and 3 p.m.

Right Hon. John G. Diefenbaker addressed the 200 delegates of the International Junior Red Cross Study Centre in Toronto at a colorful opening ceremony. He is seen here during the invocation, in the centre of the stage. Behind him is the choir who sang "Welcome To All Nations" and the 41 flags of the 41 participating nations.

Tragedy Strikes In District As Two Lose Lives In Traffic Crash

The people of the districts of Vermilion and Mannville were shocked and grieved when it became known that Mrs. Hugh Stewart, aged 60 years, and her son Joseph, aged 28 years, had been instantly killed in a traffic accident on highway 16 shortly before 10 o'clock on Saturday evening. They were members of an old and esteemed family of the area, and the most sincere and heartfelt sympathy is extended to the bereaved.

Injured in the same accident were the three persons in the other car involved, Victor Ulan of Mundare, aged 22, George Zelisko and William Zelisko both of Mannville, aged 20 and 18 years respectively.

Mrs. Stewart and son Joe had been to the Mannville hospital where they visited their husband and father Mr. Hugh Stewart, who is a patient there. They had reached a point just a half mile from the Claysmore corner when the fatal crash occurred. In another short half mile they would have left busy highway 16, turned north on a quiet country road leading their farm home, three miles north and one-half mile west of the corner.

The other car involved in the crash was proceeding west on its way to the Zelisko home south of Mannville. Victor Ulan was staying at the Zelisko home for the week end. It appears that this car swerved suddenly from its own westbound traffic lane into the path of the eastbound traffic, striking the car driven by Joe Stewart head-on and driving it into the ditch on the south side of the highway. In searching for a reason a motorist approaching some distance behind the Stewart car is said to have stated that it seemed as if the lights went out on the Zelisko car. According to the tracks brakes were applied and the car swung directly into the oncoming traffic. This was an older model car while the Stewart car was a 1959 model.

In hospital in Vermilion are Victor Ulan and George Zelisko. More seriously injured is William Zelisko, aged 18 years who was given emergency treatment at Vermilion and then taken to the Royal Alexandra hospital in Edmonton by Moyer's ambulance.

Pending arrival of a doctor and ambulance, first aid was given the injured by Mrs. Dauchot, nurse in charge of the Health Unit in Vermilion, who arrived at the scene as a passenger in the Greyhound bus immediately after the accident. Nurse Dauchot expresses thanks for help received, and to the motorist who took one injured man to hospital in Vermilion.

Coroner Dr. Hasinoff of Mannville has ordered an inquest into the tragedy.

Mrs. Joy Susan Stewart is survived by her husband Mr Hugh Stewart, one son William of Fort Saskatchewan, and four daughters, Mrs. Melvin Hoecherl of Vermilion, Mrs. Lloyd Hoecherl of Mannville, Mrs. Keith Hoecherl of Edmonton, and Mrs. George Wassenwar of Calgary. There are also three sisters and three brothers.

The deceased was born at Hamilton, Ont., and had lived in the Claysmore district for 34 years.

Joseph Stewart was a fine upstanding young man both in character and appearance, was born at the Mannville hospital and had lived his whole life in the district. He leaves his wife Leona, one son Fraser, one daughter Betty-Jean, besides his father, brother and four sisters.

Funeral services were held at the Legion hall in Vermilion on Wednesday afternoon at 2:30 o'clock. As a mark of esteem for the departed and sympathy for the family so tragically bereaved the attendance was the largest ever to attend a funeral in Vermilion. Mr. A. Drummond officiated.

Interment followed in the Vermilion cemetery. Moyer's were in charge of funeral arrangements.

—S—

Substitute Teachers Are Needed For Town Schools

Qualified persons who are interested in teaching for a day or two at a time acting as substitutes when required at the schools in Vermilion should register their names with J. R. Robson at the school division office. These substitutes are needed at all levels, high, elementary and primary rooms.

W.M.S. Members Attend Fall Rally

ISLAY — The annual W.M.S. rally of the United Church W.A. was well attended at Islay on Thursday afternoon Sept. 3 with many in attendance from Vermilion, Kitscoty, Wildwood, Wildmere, Dewberry and Lloydminster as well as the Islay members.

Mr. Bob Nicholls of Auburndale, student minister, gave an excellent address on "The Mission of the Church". Mrs. W. L. Robinson of Vermilion spoke on "The Missionary Monthly", a magazine all should read to keep up to date on missions, and "World Friends", a magazine for 6 to 16 year old boys and girls, very interesting and useful for children for church work and for social studies.

Mrs. Davies of Lloydminster sang a solo and Mrs. Edna Torrance and Mrs. Jean Axley a duet. Mrs. Lila Waterfield presided at the organ. Miss Muriel Stone read the devotional section.

Little League Baseballers Are Guests of Local Rotary Club

Eleven members of Rotary's baseball team in the Little league were guests of the club at their luncheon meeting last Friday.

Gordon Ross gave a report on the good work done by the boys in their scheduled games, losing out in their last encounter for the league championship.

Richard Brennan, team captain, was called on to introduce his team to the meeting. He also thanked the Rotary club for sponsoring the team and the coaches for training the boys during the summer.

Gil Rampling discussed Rotary and the place it has in the community. He said that Little League players learn to work together for their team. This same purpose is what inspires men and women to give service to build a better community in which to live.

Guest speaker was Neil MacFenton who was in charge of the swimming pool at the lake during the summer months. His subject was "Football" and he sought to know it as he played fullback on Houston, Texas university team last year. Mac was born at Elk Point so it was like coming home for him to be here this past few months.

Gordon Ross introduced the guest speaker and Chas. Hoshbert thanked him for a very interesting and instructive talk on football.

Visitors at the club meeting were Art Shortell of Lloydminster, Jim McCabe of Vancouver, J. H. Stockdale, recently appointed school superintendent at Vermilion, and Morley Douglas, D.A.

President Ross Beebe presided at the meeting.

Liquor Store Hours To Be Reduced

From the Liquor Board comes word that stores in towns and villages will close one day per week to give employees a five-day, 40-hour week. This will bring store hours in line with those in the cities. Only exceptions for the time being are stores at Grande Prairie, Camrose, Wetaskiwin, Drumheller, and Red Deer. Employees of liquor stores there will continue to work a 5½ day week until arrangements can be made to shorten their hours. The new hours at other points go into effect Sept. 14.

Local Golfers At Vegreville Tourney

A contingent of eight Vermilion golfers took part in the Vegreville tournament over the Labor Day week end. Warren Rosquist won the consolation event of the fourth flight and Dan Lutzak was second in flight ten. Others taking part were Andy Roy, Gus Mireault, Russ Carroll, Don Stewart, Brent Long and Gerry Marshall.

—S—

Horseshoe Champs Bring Honor

MANNVILLE — In the recent Elks horseshoe tournament at Edmonton, two local champions brought home the bacon so to speak. Len Mann and Les Kreiber won first in the doubles, receiving silver trophies, miniature horseshoes, and sleeping bags as prizes. In the singles Len came second. Very shortly people will realize that these two fellows are tough competition having competed successfully ere this in other towns.

DAILY TEMPERATURES

Date		High	Low	Rain
Sept.	3	71	60	.05
Sept.	4	63	40	
Sept.	5	64	38	T
Sept.	6	61	35	T
Sept.	7	50	35	.07
Sept.	8	42	40	.67

Construction To Start On Senior Citizens Lodge This Fall

Master Agreement Signed Tuesday

The Master agreement for the construction of a senior citizens lodge in Vermilion was signed by the six contributing municipalities on Tuesday afternoon ensuring start of the building this fall. Tenders will be called immediately, contracts let with the understanding that construction will start just as soon as possible.

Representing the Department of Welfare at the meeting on Tuesday which was held in the municipal office at Kitscoty was Mr. K. Austin who has taken a leading part in the planning for the security of Alberta's senior citizens. In attendance were the signing authorities for the city of Lloydminster, Mayor V. U. Miner, sec. W. Cardiff; Reeve J. Kelly and sec. R. Kay of the M.D. of Vermilion River; Mayor Melvin Hill and sec. Tom Wilson, town of Vermilion; Mayor Bert Stokes and sec. Jas. McCurry of Kitscoty; Mayor Alf Purser and Milo Hodgson of Dewberry; Mayor W. Spence and sec. Jas. Elliott of Marwayne.

In addition to these representatives the members of the provisional committee set up some months ago were [illegible] chairman J. H. Kelly, sec. Ashley Cooper, Russell Robertson, Milo Hodgson, O. H. Quist and Allen Batty.

The Alberta Government is building two homes in the municipal district of Vermilion River. The Master agreement calls for the construction of the one in Vermilion by Dec. 31, 1959 with the home in Lloydminster to be commenced by Dec. 31, 1960. The cost of the construction of the homes and the complete furnishings are paid by the government. The sites are provided by the municipalities, cities, towns and villages concerned.

Mr. Austin also had a blue print of the lodges at the meeting as several are already under construction. The lodge provides living accommodation for fifty. The rooms are double to provide for married couples and single for those who wish to be alone. A large sitting room is provided as well as two smaller ones in each wing, handicraft room, common dining room, in fact everything needed to make for a comfortable and satisfied living seems to have been foreseen.

Size of the homes has been set so that they are self sustaining when filled to the fifty residents.

The Vermilion site is in the east end of town, on property immediately east of the Holy Name Catholic Church in blocks 39, 37 and 34. It is hoped that in time the Lodge will be completely surrounded by private residences so that it will truly be a home among homes.

Badly Injured In Shooting Accident

Arthur Hughes, well known young farmer of the district who lives four miles north of Vermilion, is making slow but steady progress towards recovery after a shooting accident last Friday.

Arthur was engaged in sawing wood when he noticed a coyote nearby. These animals are numerous around the farm as they keep a number of sheep and Art has been in the habit of taking a rifle with him. He reached behind him for the .303 rifle and in so doing it discharged, the bullet entering his back and passing out through his chest, narrowly missing the heart.

Rushed to the hospital, he was unconscious for several days, but is now reported to be on the mend and off the critical list.

Derwent Farewells Two Families

DERWENT — A farewell party was held at the Derwent National hall for two esteemed families of the village who are leaving for other points, Mr. and Mrs. Harvey Johnston and Mr. and Mrs. Eugene Kalynchuk.

Mr. Johnston has been appointed a hotel inspector for southern Alberta and will reside in Calgary. He has been the proprietor of the hotel here for the past three years. He and Mrs. Johnston have been prominent in community activities during their residence here and their departure is a matter of regret.

Mr. Kalynchuk was an employee at the Derwent hotel, also operating a school bus. He and Mrs. Kalynchuk will move to Radway where they will operate a hardware store. They have been popular members of the community and the best of success is wished them in their new endeavor.

Both couples were presented with a purse of money on behalf of their many friends in Derwent and district.

Card games, dancing and lunch concluded the happy occasion.

Death of Mrs. Isabella McGrath

There passed away at the Islay hospital on Sunday, Sept. 6, Mrs. Isabella McGrath at the age of 87 years. The deceased was an old timer of the Tolland district having resided there since 1912. She was predeceased by her husband in 1951.

Surviving members of the family are one son Duff McGrath of Tolland; one brother [illegible] of Vancouver, and three sisters, Mrs. John Wyse, [illegible], Mrs. [illegible] Kerr [illegible], and Mrs. Walter Hinchey of Edson. There are four grandchildren.

Funeral services were held on Tuesday September 8th at 2:00 o'clock at the First United Church, Vermilion. Interment followed in the Vermilion cemetery. The Rev. C. W. Mack officiated.

Moyer's were in charge of the funeral arrangements.

FIRST NEW WHEAT MARKETED

The first new wheat to be marketed at the U. G. G. elevator in Vermilion was brought in by Harvey Anderson on Friday, Sept. 4th. Harvey brought in a load of 80 bushels which was graded No. 3 by grain buyer Neil McLean. The grain weighed 60 pounds to the bushel with moisture content of 13.6.

Miss Elsie Kowalchuk Dies In Edmonton

Miss Elsie Isabel Kowalchuk, daughter of Mr. Mike Kowalchuk, passed away in Edmonton on Wednesday, Sept. 9 at the age of 21 years. She leaves to mourn her loss her father and stepmother, one brother Nick Kowalchuk in Vermilion and one sister Mrs. Michael Skitsko (Olga) of Edmonton.

Prayer service will be held at the Chapel of the Chimes, Edmonton on Friday evening at 8 o'clock; funeral services at the St. Barbara Greek Catholic Church, [illegible] Avenue, Edmonton on Saturday, Sept. 12 at [illegible] o'clock; [illegible] service at the Vermilion cemetery, Vermilion, on Saturday, Sept. 12 at 4 o'clock in the afternoon with Moyer's Funeral Home in charge.

JUNIOR GOLF TOURNEY

A Junior Golf tournament will be held at the Vermilion Golf club this Sunday, Sept. 13. Ages eighteen years and under, entry fee is [illegible]. Tee-off time is 9:00 a.m. sharp.

Winter Program of Golden Age Friendship Club Starts Sept. 16

The various committees of the Golden Age Friendship club met at the home of Mr. and Mrs. Carl Johnson to discuss the activities and program for the coming winter months. The first social is to be held in the Legion Hall on September 16th at 6:30 sharp featuring a pot luck supper to be followed by whist. Each member is asked to please bring along a cup, plate and the usual cutlery, knife, fork and spoon, not forgetting the most important item, food. Tea and coffee will be provided. Everyone 50 years and over is cordially invited. If you have never been to one of these socials, just step right out and come along. There is no entrance fee, no fuss, just fill in the register and you are a member. You will meet many old friends and make a host of new ones. The aim of the club is to provide at least one social a month for the senior citizens of the town. The club is self supporting but we will still have the little tin box for your contributions. For the October social bingo will be featured. The entertainment committee have purchased quite an assortment of prizes for this occasion. The bingo is free but the little tin box will be prominently displayed and your contributions will help to cover the cost of the prizes, so be big hearted. Lunch will be served as usual. The program of future socials will be announced in your Vermilion Standard so let us make this an outstanding year for the Golden Age Friendship Club of Vermilion.

Many thanks are extended to Mrs. Carl Johnson for the lovely lunch she served at the meeting.

To all members who are sick at home or in hospital our warmest wishes for a speedy recovery and the hope everyone will be with the Golden Agers again soon.

Handicraft Guild

The following classes are being offered by the Vermilion Handicraft Guild: Millinery, phone 350; Fabric Painting, phone 395; Copper Enamelling, phone 304; Mosaic Tile (experimental), 267; Leather Tooling, phone 610.

Those wishing to enter in the Millinery class are asked to register within a week.

Golden Wedding Reception

Mr. and Mrs. Wes Waldenberger will be at home to their friends and acquaintances at the Legion Hall, Vermilion, on Friday, September 18th, from 2 o'clock to 5 o'clock in the afternoon, the occasion of their fiftieth wedding anniversary.

John Bell, Marwayne Is Awarded Hotel Scholarship

John Blaine Bell of Marwayne has recently been advised that he has been awarded a Hotelman's Association Scholarship of $300.00.

John graduated from grade 12 in Kitscoty High School last year with an average of 77.3% and has now entered a degree course in the Faculty of Education at the University of Alberta.

John took all of his education up to grade 11 in Marwayne schools, coming to Kitscoty last year when grade 12 was not offered at Marwayne. He plans to become a teacher and we look forward to his return to the Vermilion School Division where high school teachers are presently very scarce.

John is the son of Mr. and Mrs. Edgar Bell of Marwayne.

Vermilion Cardinals Lose Title In Ladies' Fastball Finals

Vermilion Cardinals lost their title as provincial intermediate fastball champions at Grande Prairie over the Labor Day week end in a round robin double knock out tournament with Calgary, Dawson Creek and Ft. St. John the other competing teams.

In their first game against Calgary on Sunday the girls had to play with their coats on it was so cold, losing the encounter 22-11. Their second start was against Fort St. John who ultimately won the title. Cardinals fared better in this game but still came out on the short end of the 8-5 count.

During Sunday while the diamond was well ringed with cars, not one spectator was hardy enough to sit in the stands. All sat in the protection of cars, many with the heaters on. It just happened to be a chilly week end in the north.

It was quite surprising the number of Vermilion fans on hand. Many made the trip while there was quite a gathering of former residents now living in the north.

Making the trip from here were Mr. and Mrs. Reg Ireland and Eric, Carl Larson, Murray Millar, Andy Illus, Herman and Mrs. Rohwer, Mr. and Mrs. John Gordey, Mr. and Mrs. Fred Leverasdge and family as well as many others.

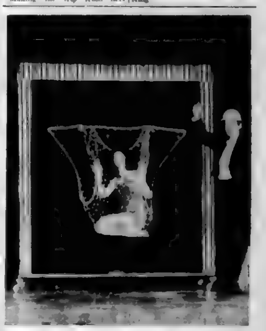
Among those on hand from the north were Mr. and Mrs. Stan Calvert and Mr. and Mrs. Jim Smith and Merilyn.

Guide and Brownie Meetings to Start

The local Girl Guide and Brownie Association announce the commencement of fall classes as follow: —

Guides, girls 11 to 16 years, meet at the Scout Hall on Tuesday at 4 p.m. beginning on Sept. 15. The leaders are Mrs. Dorothy Webb and Mrs. Mary Mitchell.

Brownies, girls 8 to 11 years, will meet on Mondays at the Scout Hall at 4 p.m. commencing on Sept. 14. Leaders are Mrs. [illegible] and Mrs. [illegible] King.



Has Life Been Discovered on Mars? Learn the Answer at Mystery Show

Humans gaze into the unfathomable depth of space and ponder over the great mystery of the universe. Do the other planets support life and if so do the other inhabitants look like us? This is a question for which Virgil, the world-touring illusionist and Julie "The Sweetheart of Magic" have an answer. You will see their solution to this age-old problem when they bring their "Evening of Enchantment" to the stage of the Vermilion high school auditorium on Saturday, Oct. 10 at 2 and 8 p.m. under the sponsorship of the Vermilion Kinsmen club.

If there is life on Mars, Virgil and Julie contend there is a possibility of intelligence and where there is intelligence there must be some kind of system of government with its rewards and punishments. This has inspired them to create a fantastic scene which they call "The Weird Execution on Mars". In this scene they depict how a Martian being would be invulnerable to weapons of Earth. During this act a marked bullet will be fired from an atomic weapon right through the body of a living, breathing, Martian glamor girl.

Virgil and Julie have spent their lives developing fantastic and beautiful masterpieces of entertainment for the world, and have recently returned from a five year global tour of 33 countries on five continents and have been acclaimed by the press and public of the capital cities of the world as the outstanding mystery production of the age.

Matinee prices are $1 for adults and 50 cents for children; evening performance there is one price $1.50.

Avoid Plastic Panic — Small Children Must Have Constant, Watchful Protection

Many years ago we heard an old Scottish woman crooning a lullaby: "Hush ye my little one, hush ye my pretty one the Black Douglas shall not get ye." Children were lulled to sleep with the old song in the days when caring for them included protecting them from the enemies of the family, clan or tribe.

Family feuds that threaten human life have died out in our western world. Father no longer works with one eye on the plow and a sharp lookout for the enemy lurking in the underbrush. The protection of the family has been taken over by the local police and firemen. Their health is guarded by pure food and drug laws and by public health officers.

The old enemies that were a threat to life and health have been vanquished but many new dangers now come right into our homes. One of these is the limp plastic bags now in common use. There have been a few panicky outcries that their manufacture and distribution should be prohibited. What are the facts concerning this recently recognized menace?

In Canada, since January 1959 there have been ten infant deaths due to suffocation by plastic film. These deaths are certainly a matter of grave concern but they are a small fraction of the total accidental infant deaths in Canadian homes during the same period. Falls, fire, poisoning, food suffocation, firearms, drowning and exposure have all taken their toll of child life.

How can we protect our children? By taking care. Most accidents don't happen, they are caused by someone's carelessness. Small children must have our watchful protection. Panic creates tension, worry, makes one more accident prone. A few sensible precautions are needed.

In the matter of plastic bags, Safety Leagues, the Plastic Industry, the Department of Health and Welfare, the Canadian Institute of Launderers and Dry Cleaners, hospitals, radio and television stations, and newspapers are all working to alert parents of the dangers of the misuse of limp plastic bags.

But the real responsibility is the parents'. If limp plastic bags come into your home - keep them away from all children - do not use them as make-shift covers for crib or furniture; there is a heavy gauge plastic produced for this purpose quite safe and inexpensive too - destroy them, burn them (they make excellent garbage containers) so roll up your refuse, tie tightly and put them in your garbage can.

We cannot possibly remove all potentially dangerous articles from our homes. These include such universal comforts and conveniences as fire, water and headache tablets. There are thousands of household items now in common use that contain dangerous ingredients. We would not wish to have them taken off the market as we have found them of great benefit in keeping our homes clean and sanitary. But like the parents of long ago, when the enemy came in human form, we can take care!

Seed Dealers' Act Amended

The regulations under the Alberta Seed Dealer's Act have recently been amended according to an announcement by Hon. L. C. Halmrast.

The new amendment makes it necessary for seed salesmen to be licensed under the Seed Dealer's Act when selling any kind or variety of seed not recommended by the Alberta Crop Production Board. The revision is expected to curb the activities of itinerant seed salesmen who in the past have been selling seeds of an undesirable kind to the farmers.

A $400.00 NICKEL

Some items culled from the new and enlarged edition of a pocket encyclopedia that contains more than 25,000 items of facts about Canada:

One of the small Canadian five-cent pieces is valued by collectors at up to $400 — the small silver coin dated 1921, the year the change was made to the larger coin.

Every year in Canada about 1,050 boys are born for every 1,000 girls — apparently nature's way of compensating for a slightly higher male infant mortality.

Natural gas, one of Canada's fastest growing industries, increased its number of customers during 1958 from 645,000 to [illegible].

These are some of the items contained in the 15th annual edition of Quick Canadian Facts, the 75 cent pocket annual of facts about Canada released last week by its publishers at 620 Lumsden Building, Toronto.

Among the thousands of other facts about Canada noted in the new book are:

Of the 22 national elections held since 1867 the Conservatives and Liberals have each won [illegible] ... other Conservative leaders have held the office of Prime Minister compared to only four Liberals.

In the years 1950-1958 football's Grey Cup was won two times by Toronto teams, Hamilton five, Winnipeg four, Edmonton and Montreal three, Sarnia and Calgary once.

In the current year family allowances and the universal old age pension will cost more than $1 billion, or about one dollar in every six collected in federal taxes.

In 1958 Canada suffered a deficit in international trade of [illegible] million, and the cumulative trade deficit for the three years 1956-1958 exceeded $3 billion.

More than one-third of all fires in Canada are 'caused' by smokers' carelessness; in the fuel classification electricity is the principal fire cause, oil-fired equipment ranks second, solid fuel (coal, wood, coke) equipment is third and gas-fired equipment is fourth.

The world-wide influenza epidemic of 1918 killed more than 20 million, [illegible] and 50,000 Canadians died in the epidemic.

The new edition of Quick Canadian Facts, which contains up-to-date information on all significant aspects of Canadian life, was released last week to newsstands and book stores.

Keep Out!

GREEN ACRES

by H. MORLEY DOUGLAS, District Agriculturist.

PINK EYE

Several [illegible] of cattle [illegible] this area have had [illegible] of pink eye. The animal's eye or eyes begin to run, become inflamed and they tend to avoid the full light. If left unattended permanent eye damage may result. To date sulfa ointment preparations in conjunction with antibiotics have given the best results. If you have an outbreak, don't hesitate, call a veterinarian whose training will save you time and money.

WARBLES

With the advent of systemics, Coral being the only safe one, there is new interest in warble fly and louse control. One pound of 25% wettable powdered Coral to 3 gallons of water is applied at a rate of one gallon per adult animal. Choose a warm sunny day after fly time, applying the mixture with a high pressure sprayer. No toxic symptoms have resulted when cattle were sprayed on a warm sunny day, but when animals were cold and roughly handled, complications arose. Calves, sick animals, milking cows and animals for immediate slaughter must NOT be sprayed. Be careful, wash yourself and your clothes after using Coral because it's possible for humans to absorb this systemic.

SEED SALESMEN

By an amendment to the Alberta Seed Dealers Act all seed salesmen have to be licensed. It is hoped that farmers will be able to protect themselves from unscrupulous salesmen by demanding to see a license. Only those [illegible] recommended varieties will receive a license.

TRANSPLANTING PEONIES

September is the time to divide and transplant peonies. Plants ten years old or older respond favorably to division but plants under three years do not. Care must be exercised when digging the brittle roots making sure to keep the shovel away from them. Divide the root at its weakest points leaving each part with at least four strong shoots. When planting peonies choose a well drained, sheltered site not too close to trees. Plant the root so the crown is two inches from the surface after the ground is firmly packed. If planted too deep the flowers won't bloom and if too shallow the roots will winter kill. Further information is available from the D.A. office.

LOWER CATTLE PRICES

Mr. R. K. Bennet, Production and Marketing Branch, Ottawa, suggests the price of cows and feeder cattle may drop sharply in the last half of 1960. The same conditions suggest a downward movement in the prices of fed cattle. Mr. Bennet is only reiterating what other experts think may happen earlier.

A STEAK IN THE FUTURE

A new booklet outlining the correct approach to the selection and management of a beef breeding herd has been published by the Canadian Bank of Commerce. Copies of "A Steak in the Future" are available from your local branch.

AN OPTIMIST

Is a man who buys grass seed and a lawn mower the same day.

Sixteen Years Ago

September 9, 1943

Harvesting is general this week and a good many acres are now in stook or combined. Weather has been unsettled and has held up operations to some extent.

A 6 degree frost was registered on Tuesday night.

Harry [illegible] has been awarded the contract for addition to the Minburn municipal office located at Mannville.

Robert Reid graduated on Monday as a wireless operator air gunner school at Macdonald, Man.

Gen. Dwight D. Eisenhower, Allied Commander in Chief, announced on Wednesday the unconditional surrender of Italy in the greatest victory [illegible] arms in four years of war.

32 Years Ago

September 8, 1927

School has started with an enrollment of 249 pupils in the public school and 74 in the high school. Registration is not yet complete.

Cutting of the 1927 crop is now in the home stretch with many farmers having this operation completed.

25 schools are entered in the school fair which will be held on Wednesday.

40 YEARS AGO

September 4, 1919

Purvell and Walker, contractors, are building an addition to I. Winters harness shop. The new building is 25 by 30 feet, two storeys high.

Tenders are being called for the building of a school by the Claysmore S. D. no. [illegible].

Grain cutting will wind up by the end of the week. Wheat will run from 25 to 35 bushels and oats from 70 to 80 bushels.

There are 110 students enrolled in public school and [illegible] in high school.

Dr. W. G. Payne, dentist of Edmonton, has opened an office in Vermilion.

Special CNR Train for Masonic Session

SASKATOON. — More than 130 persons from Toronto, Hamilton and other Ontario points arrived in Saskatoon aboard a Canadian National Railways special train to attend the [illegible] annual session of the Supreme Council, 33rd Degree, Ancient and Accepted Scottish Rite of Freemasonry.

The session was held Sept. 7 to 10 and was attended by Canadian members of 33rd, the highest order of the Scottish Rite, and by visitors from the United States.

Parents Honored On Anniversary

MANNVILLE — Mr. and Mrs. Maurice Mercer of Mannville were guests of honor at the home of their daughter and husband, Mr. and Mrs. Bruce [illegible] of Edmonton when they entertained at a dinner on the occasion of their 25th wedding anniversary. Present were Mr. and Mrs. H. Whitham whose anniversary is on the same date. Also present were Mrs. Cundal Sr., Ethel's mother, brother Ken and wife Myrtle, Phyllis Graham and husband, Mrs. C. Mercer, Stan and Morris McGreavey, Betty and Casey Anderson.

Mannville Bingo

In the Mannville [illegible] bingo sponsored by the Mannville Elks, the number drawn on Friday, Sept. 4 was B 6.

Numbers drawn to date are:

B — 14, 2, 9, 3, 10, 13, 8, 12, 11, 6

I — [illegible]

N — [illegible]

G — 58, 55, 54, 60, 52, 46, 50, 47, 48

O — 71, 61, 62, 65, 69, [illegible], 73, 64.

In Vermilion cards may be obtained from Walter [illegible].

Quebec Farmers Come West For Study Tour

WINNIPEG.—Seventy French Canadian livestock and agricultural experts currently are making a 15-day study tour of Western Canada on the Canadian National Railways Continental. The trip was organized through the co-operation of Quebec Agricultural Societies and the CNR's Department of Colonization and Agriculture.

During the tour, by means of observation and discussion with western farmers and stockmen, they are seeking a comparative study of the farm methods employed in their own province and those in the West. Their itinerary includes visits to agricultural areas near Winnipeg, Saskatoon, Edmonton, Calgary and Regina. In addition they will be taken on tours through Jasper, Vancouver and Victoria.

TEETH TRANSPLANTED SUCCESSFULLY

First report of successful transplants was made to a scientific meeting in London, England, today by Dr. Samuel W. Leslie, Toronto, Ont., physician and dentist. His three transplants from one person to another are believed world's first. The first patient had a lower eye-tooth transplanted 18 months ago and x-rays show a new root growing. The patient, a young lad of 13 years, says that now the tooth is completely firm and he can bite or chew as hard as he likes.

CLAYSMORE CLIPPINGS

Mr. and Mrs. Stan Garvie and small daughter Carolyn of St. Albert spent the long week end visiting friends at Innisfree and Mrs. Garvie's parents, Mr. and Mrs. Robert [illegible] of Claysmore. Mr. and Mrs. Neil [illegible] [illegible] of Vermilion were also visiting at the [illegible] home on Sunday afternoon.

Mr. and Mrs. Lloyd McCrae and family of Calgary were calling on friends in the Claysmore district on Monday afternoon.

The sympathy of the community goes out to the relatives of Mrs. Hugh Stewart and son [illegible] who were the unfortunate victims of a fatal car crash near Claysmore last week end.

Mr. and Mrs. E. Brown of Red Deer are spending a few days with the J. Horne family.

Mr. R. H. Hugh and Mr. Alexander of Maple Creek, Sask., paid a surprise visit to their old friends Mr. and Mrs. Robert [illegible] on Monday afternoon.

Mr. and Mrs. Richard [illegible] and Mrs. Laura Van [illegible] were fishing at Moose Lake on Sunday and they report a good catch.

Sunday evening supper guests at the Allan Oxford home were Mr. and Mrs. Tim [illegible] and Mrs. Adamson of Vermilion and Mr. and Mrs. Mike Pawlow, Stanley and Jimmy.

Several little friends of Linda Willis helped her celebrate her birthday on Tuesday afternoon.

Mr. and Mrs. Allan Oxford and family were supper guests at the home of Jim Gordon of Mannville on Monday night.

Congratulations to Mr. and Mrs. Carl [illegible] of Buffalo Coulee who were married recently. Mrs. [illegible] is the former Donna McCauley who was a resident of Claysmore for several years. May you have many years of happy married life Donna and Carl.

Mr. and Mrs. Mike Pawlow and boys [illegible] visiting on Saturday.

MR. AND MRS. JOHN RYAN HIGGINS

Assumption Grads' Wedding Solemnized at Windsor, Ontario

At a double ring ceremony at St. Alphonsus church in Windsor, Ont., Miss Anne Martin was united in marriage to Mr. John Ryan Higgins. They are both 1958 graduates from Assumption University. The bride is the daughter of Mr. and Mrs. George Martin of Vermilion, Alberta and the bridegroom is the son of Mrs. J. Kerr Higgins and the late Dr. Higgins of Saint John, New Brunswick.

Rev. Father G. Owens of Holy Redeemer College performed the ceremony during which Mrs. Dorothy Meyns was the vocal soloist.

Given in marriage by her brother George, the bride wore a floor length gown of peau de soie. The scooped neckline was edged with iridescent sequins. It featured lily point sleeves while the high empire bodice was princess style to the hipline. Guipure lace appliques with seed pearls adorned the two front panels of the skirt with a full gathered skirt at back. Her short veil was held by a coronet crown of iridescent sequins and tiny seed pearls. She carried a cascade of yellow roses.

The bride's sister, Mrs. Connie Faubert was matron of honor and Miss Denise Lussier of Toronto was bridesmaid. They wore identical dresses of pale gold crystal charm with matching bow headpieces and carried nosegays of gold mums.

Mr. Ronald Ianani was best man and ushers were Mr. Jack Haggerty and Mr. Brian Beach.

Following the noon reception at the Elmwood Casino, Mr. and Mrs. Higgins left for a trip to Niagara Falls and Muskoka Beach. For travelling the bride wore a navy blue sheath and matching fingertip coat accented by raspberry accessories and a corsage of pink delight roses.

The bride and groom will reside in Kingston, Ont.

Among the out-of-town guests in attendance were Mrs. George Martin and son George of Vermilion, Alberta, Mrs. Higgins of Saint John, N.B., Miss Bernice Sutherland and Miss Isobel Deighan of Toronto, Miss Nancy Matthews of Belleville, Ont., Mr. and Mrs. Doug Mulholland of Kingston and Mr. and Mrs. Irwin of New Brunswick.

Showers Honor Bride-Elect

On Wednesday evening Aug. 12th approximately thirty ladies from the Alliance Chapel and the Salvation Army gathered to honor Louise Sturt at a surprise shower prior to her marriage to Mr. Kenneth Cooke on August 28th.

The evening commenced with a number of games which were enjoyed by all. Mrs. R. Tidsbury sang a solo entitled "Each Step I Take" and Mrs. Stevenson was in charge of devotions. Following this, little Marlene and Evelyn Mix dressed as waitresses, brought in a kitchen wagon loaded with gifts. Louise very graciously thanked the ladies, after which a tasty lunch was served.

On August 20th bride-elect Louise Sturt was honored at a shower given at the home of Mr. and Mrs. Jim Thompson. Mrs. Harry Good and Mrs. Arthur Tovell organized some games which were enjoyed by all. The bride-elect received many useful gifts, which were presented by two small children, Edith Good and Jimmy Ludwig, in bridal costume. To conclude the evening an enjoyable lunch was served by the ladies of the district.

ADVERTISING speeds the introduction of new products that are needed.

Alliance Chapel Is Scene Of Pretty August Wedding

COOKE — STURT

At a candlelight ceremony in the Alliance Chapel on August 28, Charlotte Louise Sturt, younger daughter of Mr. and Mrs. Stephen Sturt of Vermilion, became the bride of Mr. Kenneth Richard Cooke of Victoria, B.C. Rev. J. Schroeder officiated.

In a floor-length gown of pleated net and lace over taffeta, and a finger-tip veil, the bride entered the church on her father's arm. She carried a white Bible with a cascade bouquet of red roses.

Attending her sister as bridesmaid, Margaret Sturt wore an aqua ballerina-length gown with matching head-piece. She carried a bouquet of wild roses and lilies of the valley.

The candlelighters, Sylvia Dibben and Eleanor Watkins, wore identical yellow dresses with corsages of white gardenias and lilies of the valley.

Mr. Ernie Stokes was best man and Mr. Eric Sturt, brother of the bride, and Mr. Henry Giesbrecht, were the ushers. The wedding music was played by Mrs. J. Schroeder and the soloist was Miss Dorothy Grindle, who sang "Together," "O Promise Me" and "A Wedding Prayer" during the ceremony.

The bride's mother wore a turquoise dress of silk taffeta with white accessories and a corsage of pink gardenias.

At the reception for approximately one hundred guests, which was held in the Legion hall, Mr. Bob Tidsbury was master of ceremonies. Mr. Albert Tovell proposed the toast to the bride, to which the groom responded.

During the evening the marriage certificate was presented to the newly-wed couple by Rev. J. Schroeder; vocal selections were rendered by Mrs. J. Schroeder and a trio consisting of Misses Margwynne Clendenning, Doreen Currah and Dorothy Grindle, and Mrs. Albert Tovell entertained with an accordian solo.

The climax of the evening was the cutting of the three-tier cake by the bride and groom.

Telegrams, which were received from friends who were not able to attend, were read by the best man.

After a wedding trip to Victoria to visit the groom's mother who was unable to attend the wedding, the couple will reside in Regina where the groom will continue studying for the ministry.

For travelling the bride wore a plaid suit with matching pink and brown accessories, and a corsage of pink roses.

NEWS from ISLAY

Mr. and Mrs. W. Papworth, Mr. and Mrs. R. Swinhoe and three children were holiday visitors from Edmonton at the home of Mr. and Mrs. Bill Shaw.

Mr. W. J. Stone, son Ronald and his chum David Bowman of Edmonton spent the holiday at the home of the Misses Stone.

The Bill Beltons were at Meadow Lake and came home with a quantity of blueberries.

Mr. and Mrs. Jerry Grant of Edmonton were week end visitors with Mrs. Grant's mother, Mrs. Bell.

Congratulations to Mrs. Christie Clarke! Her name was in the Star Weekly, having won a prize for her "Different Cherry Pie".

Noticed Mr. Herb Simmons in Islay last Saturday.

It is quite a sight to see the work being done on the river hill just north of Islay. Can you picture a road straight across the river with no turns in it?

Mr. Sheppard of the C.N.R. is building a house on the lot once occupied by the Baxters.

Mr. Andy Woods was in town looking over the property situation. They never overlook the taxes do they?

Rev. Mr. Shortt has returned from holidaying. Sunday school has begun and meets with the church service at 9:30 a.m. for for part of the service, then the children go into classes in the church hall. Parents are urged to come with their children to the service. Teen-agers can now join with the adult congregation. Last Sunday was most encouraging, but there is still lots of room for more.

Rev. Mr. Shortt will start classes of membership for older folk who have not yet joined the church, during October and November. There is much material to be had for such if you are interested. Come and join in the classes.

Ladies, please get your recipes in to M. Stone for the recipe book. They are needed now!

Golf Enthusiasts Enter Tourney

MANNVILLE. — Mannville also has good golfers as is evident by the report on the recent Vegreville tournament. Entering were James Johnston, Elmer Kreller and Jack Crauford of Mannville. Elmer Kreller was able to cop 2nd prize in the 111 flight receiving a car trouble light. This should be useful in his business.

PAID YOUR SUB LATELY?

Quality of Alberta-grown table potatoes is safeguarded through inspection and control services of the Alberta Department of Agriculture. Some 15 temporary inspectors from the Department's Pest Control Division are checking commercial growers' fields for signs of bacterial ring rot and other diseases. Left photo, a government inspector visually checks field of one of Alberta's 300 licensed commercial growers. Tubers from plants apparently diseased with bacterial ring rot are submitted for positive analysis in the Federal plant pathology laboratory at the University of Alberta, right photo. Bacterial ring rot infestation may be as low as only one or two hills in entire fields of 15-200 acres. Marketing of crops where even such slight infestation is spotted must be carried out well in advance of the spring planting season. This is designed to prevent inadvertent use for seed purposes. Between crops, grower's storage premises and field machinery may be disinfected by government workers at cost to the farmer of only materials and use of equipment. Incidence of all general potato diseases has dropped by seven per cent since 1956, while the degree of infestations has been reduced to trace amounts. Commercial potato growing areas in the vicinity of Edmonton, Calgary and Drumheller and all the southern irrigation districts are specified pest areas where inspections are mandatory. Growers in these zones hold some 10,500 acres of Alberta's 1959 total of 12,[illegible] commercial potato acreage. Production is expected to be approximately 2,500 carloads or 1,400,000 hundredweight. Alberta's net consumption is estimated at 75 per cent of production. While acreage has remained fairly constant from 19[illegible] to 1959 the number of growers has dropped steadily. Growers of seed potatoes come under Government of Canada inspection. If bacterial ring rot is found in a seed crop, the affected grower reverts to commercial status and comes under provincial regulations.

Mannville Pioneer Is 93 Years Young

Mrs. R. S. Todd, beloved old pioneer of Mannville received congratulations on Sunday Sept. 6th on the occasion of her 93rd birthday. Present on the memorable occasion were relatives from Edmonton and Mannville, as well as many friends.

APPRECIATION

The management and members of the Cardinals wish to thank all those who provided transportation to Grande Prairie for the donations which made the trip possible for all the help and encouragement during the season, and to the Standard for their very valuable and generous publicity.

UNITED NATIONS GROUP STUDIES AFRICA

Geneva Park conference on Africa sponsored by the Toronto [illegible] of the United Nations association is being attended by [illegible] students. Africa was chosen as the conference topic officials said because it is an area where the future of the world now hangs in the balance. Shown above is [illegible] left [illegible] secretary school supervisor [illegible] of Downsview Ontario and Brian Wood of Richmond Hill Ontario. They are studying a map of [illegible] part of a visual aid display being built up in four Ontario high schools.

W.M.S. Hold Annual Rally At Islay

Members of the Women's Missionary Society of the United Church in Islay graciously welcomed over 25 members and visitors from the Vermilion W. M. S. at their annual fall rally. Standing room only was the order of the day as every available seat in the little church was taken.

A well planned service of prayer, scripture reading, music and an address by Mr Robert Nicholls, minister at Auburndale, guest speaker comprised the programme.

Tea was served in the new church hall, the tea tables looking very gay with vases of fall flowers and plates of dainty refreshments. A happy social hour was spent greeting new friends and renewing old friendships.

IN MEMORIAM

In loving memory of a dear husband and father

PATRICK J. LEE

who passed away Sept. 12, 1958.

Ever remembered by his wife and daughters.

IN MEMORIAM

In loving memory of

HENRY RICHARD DOREY

who died Sept. 13, 1949.

Too soon it seemed God called him home
And closed that bright and brief career.
But who can say he had not finished
His appointed mission here?
In unseen fields they labour still
Their earthly work complete
They go some greater purpose to fulfill."

Mum, Dad, Sisters and Brothers.

In the 1946-1958 period total Canadian farm cash income increased from $1.7 to $2.8 billion because of the decline in the number of people working the farms average cash income per farm worker increased from $1,371 to $3,794 in the period.

CAN WELLAND CANAL DO JOB?

Since the Welland Canal opened at the end of April, delays of several hours to three or four days have been the rule rather than the exception. If they continue—and there's every indication they'll get worse—they could defeat the purpose of the St. Lawrence Seaway by making the waterway more expensive to use and by cutting down the volume of tonnage that could develop in the Great Lakes. If the Welland is a bottleneck, what are we going to do about it? In May transport minister George Hees said the government felt the Welland was capable of handling the traffic not only this year, but for a good many years to come. However, the shippers feel that the limit was reached long ago.

MONTHS IN COMA END FOR BOY

After nearly five months of lying unconscious in hospitals, Roger Mariel, four, of North Bay Ontario left Toronto in an ambulance with his mother [illegible] city. Roger was hit by a car in April and went into a coma, his brain injured. A month ago he recovered enough to know his parents but still is unable to speak.

HIGH CAR REGISTRATIONS

No wonder the highways are crowded. Passenger car registrations in Alberta have hit an all-time high. With only five months of the fiscal year gone, there are 285,782 cars registered in Alberta, compared with last year's 12-month figure of 283,701. Registrations of all vehicles total 432,620 compared with 405,882 at the same time last year, the highways department reports.

One thing can be said for today's dollar. It has plenty of bye-bye power.

Mannville Legion W. A. Resumes Regular Meetings

MANNVILLE — The ladies of the Canadian Legion, Mannville-Minburn Branch 3 resumed their meetings for the forthcoming season on September 1st in the Legion hall with 13 members in attendance. During the business of the evening, it was decided to hold the annual Poppy Day Tea on the Saturday afternoon preceding the 11th of November as usual. Members decided also to purchase a hooked wool rug to raffle instead of raffling a christmas cake. This rug will have been made by a war veteran and these rugs are said to be nice enough to win prizes at exhibitions. The Red Cross is in charge of the sale of rugs so, when approached by someone selling tickets on the rug — buy generously in order to help the Legion Ladies Auxiliary, the Canadian Red Cross and at the same time help the veterans who do this very worthwhile work. In reviewing past activities, it was noted that the Legion Ladies have donated a mantel radio to the local hospital for patients pleasure, with preference given to veterans.

Two members of the auxiliary visit the hospital each month, and pass candies and gum to the sick. Magazines have also been subscribed to for the benefit of those in hospital.

Talk is never cheap when you have to take some of it back.

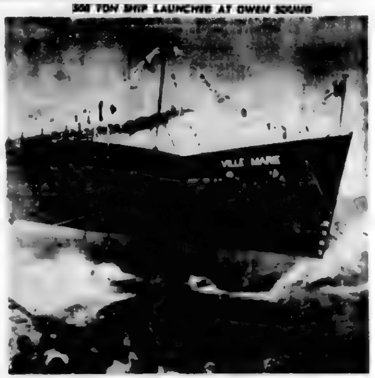
Vitamin D is the rarest among ordinary foodstuffs.

Tennis was a purely amateur sport until 1926.

IRON LUNGS TO FIGHT POLIO

Montreal, Quebec, in a near epidemic state were so relieved to see the arrival of a cargo of iron lungs from Edmonton, Alberta. The special shipment of lungs was flown in by an RCAF flying boxcar to help fight Montreal's polio outbreak. City health officials will meet in a special session to determine the strength of the outbreak in Canada's largest metropolis.

300 TON SHIP LAUNCHED AT OWEN SOUND



The largest vessel built at Owen Sound, Ontario, in 75 years, the 300-ton Ville Marie, hits the water in a launching which drew a crowd of 2,000 persons to the dockside. The Ville Marie was built at a cost of $1,000,000 for survey and scientific work in the St. Lawrence river ship canal. It can navigate in ice.

NEW JERSEY FAMILY LIVE 14 DAYS IN SURVIVAL SHELTER

The Powner family of Cranbury, N.J., emerged two days ago after spending 14 days in a six by nine foot survival fallout shelter deliberately designed to test their endurance to the utmost. Tom and Madelyn Powner and their three children, Scott, five, Tory, three, and Hilary, 20 months, thought their experience had been a happy one. Most of their food was canned, which Mrs. Powner cooked in a chafing dish heated by a tiny candle. Every hot meal took her 90 minutes to prepare. They read to the children, played games, marched around the shelter for exercise and even had Sunday school lessons. Mrs. Powner missed seeing one thing—trees—so she painted one on the wall. The children behaved wonderfully and played happily for hours.

Shower Honors Bride-Elect

Miss Marlene Wilkie, bride-elect of September 11, was guest of honor at a miscellaneous shower when Mrs. Al Coulbourn and her daughter Karen entertained at their home.

Friends were delighted on Tuesday to receive a visit from Mr. and Mrs. Wilfred Malahar and daughter Joan of Winnipeg. They were passing through town on a return trip from Vancouver and took the opportunity to say hello to numerous old friends here with a minimum of time for each one. Joan is now a graduate nurse with her R. N. and has spent the past three months nursing in Vancouver. She is returning to University at Winnipeg this fall.

Recent visitors at the home of Mr. and Mrs. T. L. Conboy were Mr. and Mrs. S. L. Conboy and family of Forestburg and Mr. and Mrs. R. Shepherd and baby son of Edmonton.

Dr. and Mrs. C. W. Stephens and son Roger returned to Vermilion over the week end after a two month holiday spent on a tour of the British Isles and Europe.

LOCAL NEWS

Mr. and Mrs. V. H. Cooper spent the holiday week end at Drayton Valley, Alberta, where they visited their daughter Joanne and family, Mr. and Mrs. Allan Gausen and two boys.

Mrs. George Martin and son George attended the recent wedding of Anne Martin which was solemnized at Windsor, Ontario.

J. W. G. Morrison returned over the week end from a holiday spent in Victoria and on various parts of the Island where he visited numerous old Vermilion friends.

Sandy Watt writes from Victoria and is still enjoying life. He and Mrs. Watt are taking a holiday in the U. S. going as far south as Los Angeles. They plan to be away until October so will have to forego the usual trip to Alberta.

Mrs. Gordon Bell and infant son Bradley, visited at the home of Mrs. Bell's parents, Mr. and Mrs. Clarence Wilson for several days last week.

Miss Joy King spent the long week end at the home of her mother, Mrs. C. N. King.

Week end visitors at the home of Mr. and Mrs. Heinemann were the latter's parents, Mr. and Mrs. J. Sribney of Edmonton and son Emil, and Mrs. Heinemann's brother, Dr. Michael Sribney of Madison, Wisconsin. A family gathering was held at the farm home of Mr. and Mrs. Steve Sribney at Landonville. Also present were Mr. and Mrs. Walter Bespalko (Pearl) of Elk Point, and Mr. and Mrs. Walter Sribney of Lavoy. It was a very interesting visit as Mr. J. Sribney had just returned from a tour of Europe, being one of the 33 pioneers of Edmonton to go to Russia and visit with relatives in the Ukraine.

Mrs. Clara Miller enjoys receiving the Standard at [illegible], B. C. where she now has a position and likes her new town very well. She does eagerly await the Standard and looks for news of her friends and acquaintances.

Mr. and Mrs. Les Hathaway spent the Labor Day week end at Jasper where they visited their daughter and family.

Mrs. H. Bellingham and daughter Amy of Edmonton spent the Labor Day week end in Vermilion visiting relatives and friends here.

Mr. and Mrs. Joe Smelia and little son Phillip of Edmonton, were guests for labor day at the home of Mrs. Smelia's parents, Mr. and Mrs. Herman Dargatz.

Mr. and Mrs. Sid Burdett returned Tuesday morning from Battleford, Sask. where they spent the holiday week end visiting their son Art Burdett, Mrs. Burdett and girls. They came home on Tuesday morning with rain falling every foot of the way from Battleford to Vermilion.

Mr. and Mrs. Henry Dewald of Bow Island, Alberta spent the week end in Vermilion guests at the home of Mr. and Mrs. Curtis Martin. They attended the wedding of Jim McLaughlin and Alice Toner on Saturday. Miss Sophie Pawliuk of Edmonton was also a guest at the home of Mr. and Mrs. Martin for the holiday week end.

Mr. and Mrs. R. S. Cooper and Mr. and Mrs. Doug Cooper and son Dene were in Calgary over the holiday week end where they attended the Eskimo-Stampeder football game on Monday afternoon.

Mrs. Anne Shepherd returned home recently after spending two weeks at Edson, Alberta where she visited her brother Ernie Fowler and family. The trip was made by car in company with Mrs. Shepherd's nephew Bobby King.

Miss Roxy Rice returned to her home in Yakima, Wash. on Thursday last after spending two weeks in Vermilion at the homes of her aunts Mrs. Bill Dixon and Mrs. Ward McDonald and their families.

Bernie Anderson of Calgary is spending a holiday in town, visiting his parents Mr. and Mrs. Andy Anderson.

Mr. and Mrs. Gib Stephen returned on Friday of last week from a most interesting motor trip via the Big Bend highway to Vancouver and thence to Victoria. On the return trip they spent two days with Mr. and Mrs. Bert Scarfe at Okanagan Falls coming back over the notorious [illegible].

Dr. and Mrs. Denis Hanlan and family stopped over in town on [illegible] on their way from Edmonton to spend the holiday week end in Lloydminster.

NEWS from ALLANDALE

A few sunny days then cool, cloudy ones with showers. Very undesirable for harvesting.

Harvest has commenced in the district — no complaints about the crops and gardens.

On Aug. 13 Sister Aidan, a teacher at St. Paul's school in Edmonton, arrived at the home of her parents Mr. and Mrs. James Martin Sr. for holidays. She also visited at the home of her brother Jimmy and family.

Mr. and Mrs. Jimmy Walsh and family from Edmonton arrived on Aug. 25th at the Don Wilson farm. Jimmy returned to the city while Della and family went on to the home of her parents, the Omness farm. On Aug. 30 Jimmy joined his family and all went back to Edmonton the next day.

In August Mr. and Mrs. Sid Pratt of Edmonton went by air to Ontario to attend the funeral of their son Doug. The body had been recovered.

An apology for an omission. The following important item was left out of the report of the fiftieth anniversary of Allandale school. "At midnight a minute of silence was observed for all the 'Old Timers' of the district who have passed on."

On August 27th a surprise phone call came from Mrs. Evelyn Crosby of town. George and Evelyn had been on holidays in Saskatchewan and points in our own province. All but three of the days they were away it had rained. Their family Joan and Russell in the city kept the home fires burning.

Mrs. Nancy McPhee is on the teaching staff at Clandonald this term. We wish all teachers and pupils a most successful year.

Mrs. Norman Anderson and daughters are back at Bonnyville for the school year where the former will teach. Son Gary was with his grandparents at the Wm. Armstrong [illegible] his school opened in the city. Norman is still in Lloydminster working at his usual trade [illegible].

To our district Home Economist Miss Nancy Hooper — we enjoy your monthly news letter very much and also your informative column in the Standard. They are so helpful and [illegible]

Mr. and Mrs. Vernon Foster of Edmonton, Mrs. B. Williams-Freeman and son Peter of Lashburn, Mrs. Arthur Williams-Freeman and two children of Montreal were [illegible] at the home of Mrs. [illegible] Wolters on Monday.

Mr. and Mrs. [illegible] Rooks spent the long week end in Calgary where they visited their daughter and son-in-law Mr. and Mrs. Ed Bowe and their son Roger Rooks who is stationed in Calgary with the Salvation Army. On their return trip they visited at Banff.

A family reunion was held at the home of Mr. and Mrs. Harvey Anderson [illegible] present including 12 grandchildren.

Miss [illegible] of Edmonton spent the long week end in Vermilion visiting at the home of her mother Mrs. Ivar Larson.

Mr. and Mrs. Hunter Robson and family of Calgary spent the long holiday week end with the former's parents Mr. and Mrs. J. R. Robson.

Mr. and Mrs. Albert Miller and son Myles spent the long week end visiting relatives in the Lacombe area.

Mr. and Mrs. Floyd Battruff, Donna [illegible] and Wade spent 4 days touring central and southern Alberta and [illegible] parts of Montana over the latter part of the week.

Mr. and Mrs. Ron [illegible] and boys Dennis and Gerald spent Labor Day week end visiting Mrs. Annie Cameron.

Mrs. Annie Cameron returned last week from spending an enjoyable visit at Saskatoon [illegible] Delisle.

Mrs. [illegible] Green of Abbotsford [illegible]

[illegible]

Mr. and Mrs. Ivan [illegible] from a [illegible] where they visited their daughter and family and at Banff.

instructive.

Found — two silk kerchiefs and a white wool headband set with rhinestones, in the Centre during the winter, and after the fiftieth anniversary a cushion. If the owners would phone or let us know, we could leave these articles at some convenient place to be picked up.

On Aug. 30th the Laird family of Clandonald called at the writer's home. They are just recently back from holidays and informed us that their daughter Clarice and Cy in the city have moved into their lovely new home. Son Wayne has been transferred from Marwayne to Edmonton.

Murray Martin son of Mr. and Mrs. Martin suffered a painful accident recently when he fell on an unbroken sealer and was cut badly about the face, requiring several stitches.

We were deeply shocked to hear of the drowning of Gordon Malenek at Waterways. Deepest sympathy is extended to the family and relatives.

News from Lincoln Park is that Paulette, Michael and Lynn Whelan all had the measles at the same time, a busy time for mother but would be all over in one session. Paulette will go to kindergarten this year. Paul is expected home sometime this month from Northern Manitoba.

Mr. and Mrs. Milo Fleming and family from town and Mr. Hugh Farquhar were visitors at the Omness home last Friday. From the Fleming garden came three begonia flowers, yellow, orange and red, real beauties. Milo was experimenting with the bulbs last spring cutting them in half which worked very well. There is certainly much pleasure in growing flowers and gardening.

A very interesting afternoon was spent at the home of Mr. and Mrs. Bob Maggs on Sunday afternoon last. We pay tribute to the riders who take pride in the lovely horses of today. They all displayed grand horsemanship in the program that was planned for them. Although it was cool and we can't seem to miss a shower now, the afternoon was enjoyed very much. Coffee was supplied to all for supper lunch. Thanks to Bob and Mary for their hospitality to the many who were in attendance.

Mrs. Nora [illegible] of Islay was a Labor Day visitor at the home of her brother Orley Omness. [illegible] August 11th Nora has been nursing at the hospital [illegible] she had just received a letter from her sister Stella [illegible] well there.

Closing thought: Here is a thought worth pondering: there is no doubt that the surest way to happiness is spreading it about.

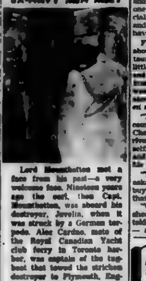
EX-NAVY MEN MEET



Lord Mountbatten met a face from his past—a very welcome face. Nineteen years ago the earl, then Capt. Mountbatten, was aboard his destroyer, Javelin, when it was struck by a German torpedo. Alec Cardno, mate of the Royal Canadian Yacht club ferry in Toronto harbor, was captain of the tugboat that towed the stricken destroyer to Plymouth, England. The two ex-navy men talked of the time they served in Ceylon.

Tips on Touring

By Carol Lane
Women's Travel Authority

Lots of people enjoy a tall cool one with friends on a summer evening. But if you are driving think twice. According to the experts, says Carol Lane, Women's Travel director for Shell, even two cocktails are dangerous if you drive within three hours after drinking them.

The average person needs "at least three hours to eliminate the alcohol in two cocktails".

Studies show two cocktails may reduce vision as much as wearing dark glasses at night. Furthermore coffee does not offset the effect; time alone can eliminate alcohol from the blood stream. And alcohol — even in small quantities — impairs the critical judgment needed for safe driving.

The experts also report that social drinkers are a greater [illegible] than commonly believed. They greatly outnumber the obviously intoxicated driver. The drinking — but not necessarily drunk — driver is a big factor in traffic tolls.

An analysis of highway fatalities during both summer and winter holidays showed that about half of the drivers involved in fatal accidents had been drinking. And speed was a factor in more than 7 out of ten fatal holiday [illegible] accidents.

HOME BUILDING BOOM

Home building contractors are setting a hot pace in their rush to file applications for federal government direct loans says Forbes Gilbertson in The Financial Post.

This, plus report that house sales generally are very good, promise vigorous home-building activity this fall and winter.

Good [illegible].

From [illegible] 27, date from which applications would be accepted, Central Mortgage and Housing Corp., received 1,389 applications for small house loans for the first ten working days — a rate of almost 125 a day.

In the third week, CMHC received close to 1,000 applications — more than the total for the first two weeks.

This means:

These figures represent only the first rush of applications. A good many builders are still making their plans or are just starting to make them now that they know the loans are available for sure.

STORIES

I have a friend called Charlie Herald. Charlie used to be an orchestra leader, so he got around the country a good deal and heard many a story. Most of us do: but Charlie never forgot one. As a result, he is one of the best conversationalists I have ever met. Get him started and he can go on and on, from one story to another. He specializes in stories that are true: and more often than not, they have happened to him personally.

For example, he likes to tell about the time he was in a restaurant in Maple Creek. A little, wizened up man came in and immediately caught Charlie's interest. With him, the little weather-beaten man had a dog about as small and weather-beaten as himself.

"The man sat down at the counter and ordered two steaks," Charlie said. "When they arrived, he put one in front of himself, then cut up the other one and put it down on the floor for the dog.

"That got me. I went over and asked him what the idea was buying an expensive steak like that for a dog.

"Well, he told me he was a sheep herder — he needn't have told me, I could smell it myself — and that his dog was such a good sheep dog he was better than any six men. 'So once a year,' said the little man, 'I bring him to town and buy him a steak. This just happens to be that day.'"

Charlie had dozens of stories like that. I think things happen to him because he has his eyes open for the unusual. He gets more kick out of life than most people, so life does its best to provide him with grist for his mill.

Once years ago, looking for a certain shell on a beach, I was having no luck. A friend, further up the beach, was also hunting. When we met, he had three of the precious shells: I had none. I wondered if his eyes were sharper than mine.

He gave me one of his shells, told me to study it carefully. I did. He then said that if I would now go hunting I would find one for sure, and sure enough I did. I had a better idea of precisely what I was looking for.

Life is much that way. When you have a very clear idea of what you are looking for, life seems to provide it. Charlie looks for human interest, for the warmth and joy of fellowship. And he finds it, abundantly, as his anecdotes will testify.

Big Catch Thrills Young Fisherman

MANNVILLE — Over the long [illegible] end Fred Walling, brother George and Fred's son Richard went on a fishing trip to Moose Lake. Richard received the thrill of a lifetime when he caught a jackfish a little over 16 pounds in weight and measuring 35 inches in length. Richard lives with his parents on the farm situated in the Clovelly district.

WOODVALE NOTES

At the end of the last church service conducted by Mr. Johnston, he presented Susan Weigum on behalf of the congregation with a lovely travelling case. Susan will go to Toronto this month to study for a deaconess and we all wish her happiness and success in this endeavor.

Mrs. Paul Goutier spent two weeks on a trip to Calgary to help her daughter Marie Benoit settle in her new home there. Marcel Benoit has been transferred from Fort Resolution to Calgary. On her way back she saw Father Maurice Goutier in Edmonton and her daughter Suzanne Benoit brought her home from Vegreville. Jeanne Goutier has gone to Vegreville to begin her nurse's training there and Robert will soon return to Edmonton to attend St. John's college.

On Monday evening, Aug. 31, a farewell party was held at the [illegible] store for Mr. and Mrs. Colin McLean and Mr. and Mrs. A. Anderson with friends gathered there for a last visit and to partake of a tasty lunch. Mr. Billy Bowman presented the McLeans with a breakfast set and Mr. Wes Funnell made the presentation to Mr. and Mrs. Anderson of a TV lamp and purse. The party was quite a surprise for both families, as the McLeans after packing up had gone to Vermilion for supper. The Andersons were asked to coax them back to the store for a visit and there they found a crowd waiting for them and the Anderson family got their surprise when the party turned out to be for them too. Both these families will be missed in Woodvale. Inez Anderson was the lucky winner of a $1000 bingo prize in Lloydminster recently.

We certainly shiver every time we hear about the terrible car accidents which are becoming all too commonplace these days. Sincere sympathy to Mr. Hugh Stewart who lost his wife and son in a car accident Saturday evening and to Mrs. Joe Stewart and children. They have many friends living in the Woodvale district who were very deeply shocked at the news of the accident. We also wish most sincerely that Wayne Islay, son of Mr. and Mrs. Elmer Islay, will make a complete recovery from injuries suffered in a car accident in B.C.

An old friend of the writer's and of all the people in this district, Mrs. [illegible] McCrystal, has passed quietly away after many weeks in the Islay hospital, on Sunday morning. She lived for forty-six years in the Tolland district and all through those years took an active part in community interests to the very last, when, though unable to get around much she kept on working quilt tops for the local Red Cross and kept informed in all that went on in the community, in the lives of her friends and many relatives. We, along with many others offer our sympathy to Duff and Mary and her four grandchildren and know they have given her much loving care through the years when she was crippled, to enable her to live a full and happy life to the end. In the years to come she will always be kindly remembered.

Mr. Ralf Martinson underwent an operation for the removal of his injured eye in Edmonton last week.

. . . put your advertising where people ready-to-buy

MUST SEE IT!

An advertisement can't even begin to sell unless and until it is SEEN by those who are in the market for what is offered for sale. Best way to make sure that your advertisement will be SEEN by the right people at the right time is to advertise in this newspaper. It's all as simple as one-two-three: (1) Folks who want to buy something like to get all the information they can get about what's for sale. (2) They turn naturally to the advertising columns of this paper for a quick comprehensive look at the market. (3) Your advertisement here is never an intrusion or interruption, instead it is exactly what your best prospects are LOOKING for! Take the shortest distance to your largest, most responsive market . . . via advertising in this newspaper.

SHOPPING starts in the pages of THIS NEWSPAPER

MR. AND MRS. RICHARD GORDON SMITH

Wedding of Wide Interest At United Church in Kitscoty

An attractive summertime wedding of interest in both Alberta and Nova Scotia was solemnized on Saturday, August 8 in the Kitscoty United church when Miss Beverlie Isobel Jack, only daughter of Mr. and Mrs. Alfred S. Jack, of Kitscoty, Alberta, became the bride of LAC Richard Gordon Smith, son of Mr and Mrs. Lorne J. Smith, of Southampton, Nova Scotia.

The double-ring ceremony was performed by Rev. J. Shortt, minister of the Kitscoty United Church, assisted by Rev J. G. McKay, grandfather of the bride.

Gladioli, delphiniums, and multi-colored summer flowers formed an attractive floral arrangement for the ceremony.

The bride was given in marriage by her father. For her wedding the bride chose a floor-length gown of Chantilly lace and nylon over net. The fitted lace bodice with scalloped neckline was embroidered with seed pearls and iridescent sequins. The slender sleeves tapered to lily points at the wrist. The bouffant skirt, poised over hoops, fell from the waist in the back in three tiers of lace while the front nylon net panel was embroidered with lace appliques and seed pearls. A coronet of pearls and iridescent sequins held in place the bride's chapel veil of French illusion edged in lace. She carried a bouquet of red roses and white stephanotis. Her only jewelry was a single strand of pearls, the gift from the groom.

The bride was attended by Miss Therese Wedman as maid of honor and Miss Betty Martin as bridesmaid. They wore identical cocktail-length gowns of turquoise organza over taffeta with full skirts and scooped necklines. The wide soft cummerbund ended in large bows and streamers at the back. They wore matching picture hats and carried cascade bouquets of white carnations.

The groom was attended by Mr David Jack, brother of the bride, and Mr Ken MacKay of Madison, Wis., brother-in-law of the groom. The groom and attendants were attired in white jackets and charcoal trousers. The ushers were Mr Lorne Granger of Stettler and Mr Eric Baker of Edmonton, cousins of the bride and groom respectively.

The wedding music was played by Mrs William Roebuck who also accompanied the soloist, Miss Janet Kent, who sang "The Wedding Prayer" before the ceremony and during the signing of the register rendered very beautifully "O Perfect Love".

A wedding reception for 135 guests was held in the Islay community hall. To receive her guests Mrs. Jack wore a blue flowered nylon sheer over taffeta complemented with white accessories and a corsage of red roses. The groom's mother who flew from Nova Scotia for the wedding wore a blue two piece dress of printed silk accented with a white picture hat and a corsage of red roses. The bride's grandmother Mrs. David Jack wore a blue figured silk dress complemented by a modish navy hat and corsage of white carnations.

Miss Anne Egisser was in charge of the guest book.

A three-tiered wedding cake, baked by the bride's mother, centered the bride's table which was laid with an heirloom cutwork cloth. Lighted tapers and tiny rosebuds formed the setting for the cake which was cut in traditional manner by the bride and groom.

The ladies of the Islay W. A. served a sumptuous lunch and were assisted in serving by the Misses Marilynne Jeffery, Shirley Drysdale, Sharon Gerbig, Carol Drysdale and Gail Drysdale.

Rev. Shortt, who acted as the master of ceremonies, asked the blessing. Telegrams from Jim, Peggy and Marilyn Smith of Hythe, and Johnson, Shirley and Joel Smith of Ottawa, were then read. Mr. Mern Dale of Calgary, a lifetime friend of the family, proposed the toast to the bride, to which the groom very capably replied. Mr David Jack then proposed a toast to his parents on the occasion of their 23rd wedding anniversary to which his father replied. Mr R. J. McKay, uncle of the bride next proposed a toast to his father, the bride's grandfather, on the occasion of his 82nd birthday. Mr McKay very humorously replied.

For a wedding trip to the States the bride changed to a white linen sheath and matching duster heavily embroidered in bright colors. Her accessories were red and her corsage was of red roses. Upon their return Mr and Mrs. Smith will reside at 10346-117 Street, Edmonton.

Out-of-town guests at the wedding included Mrs. Lorne Smith of Southampton, N.S., Mr. and Mrs. Ken MacKay of Madison, Wis., Mrs. Grace George, Mr and Mrs. Eric Baker, Mr and Mrs. Otto Olson, Mr. and Mrs. Ken Mair and Spencer, Mr and Mrs. Frank Payne and family, Mrs. Lavergne Lund, Mr and Mrs. Ernie Edgar, Mr and Mrs Ralph Shaner, Miss Betty Martin, Miss Therese Wedman, Miss Barbara Lutz, Mr James Lane, all of Edmonton; Mr Gerald Foyle, Mr Joe Gurman, Mr Ted O'Reilly, Mr Walter Schwartz and Mr Dan Hird all of Namao. Mr and Mrs. Mern Dale of Calgary, Mr and Mrs. Lorne Granger of Stettler, Mr and Mrs. Ernest Thraher of Provost, Mr and Mrs R. J. McKay and Miss Malone Elliot of Wainwright, Mr and Mrs. Jack Bauman of Elk Point.

WOODVALE

Mrs. Euna Lyons returned home after a three week holiday trip taken with her son Bronke and family to B.C. and to the [illegible] Oregon. While in Abbotsford she spent a day with Mrs. Laura Green and we hear from Mrs. W. Islay that Mrs. Green plans a visit to Woodvale this fall.

District Home Economist
Wainwright, Alta.

PATTERN AND READY-TO WEAR SIZES

Pattern measurements are not the same as ready to wear measurements but these measurements are more nearly alike now than they have ever been. The entire pattern industry has adopted the revised standard of body measurements for sizing patterns. The ready to wear manufacturers have also set a standard for sizes but not all of the manufacturers follow it.

A pattern size should never be selected by the size of the last ready made garment that was purchased. It is important to take one's body measurements before selecting a pattern.

YELLOWING NYLON

White nylon garments may yellow even after only a few washings. To prevent this, thorough washing is a must using a synthetic detergent or heavy duty soap. Very important is the practice of washing white nylons with only white articles. Nylon will take color even from pastel colored garments and the white nylon will show up as gray or yellow.

If bleaches are used, be certain to follow the directions. Thoroughly rinsing is necessary to remove all traces of soap or detergent. Soap left in nylon may cause discoloration of the fabric. If soap scum remains due to hard water, adding a water softener may help.

VERY DISCOLORED WHITE NYLON GARMENTS

If white nylon garments become so discolored that ordinary washing and bleaching will not restore their whiteness then try adding one package of Rit Color Remover to about one gallon of hot water. Use an enamelled container and add the wet garments immediately. Stir the garments gently. Do not let the water become too hot (near boiling) or wrinkles may become set in nylon. These are difficult to remove, even by ironing. If whiteness is restored evenly after 30 minutes, remove the garments and rinse thoroughly in hot water. If whiteness is not restored, leave them in 30 additional minutes. Then rinse.

Salteaux Couple Honored

MANNVILLE — With 60 of their friends dropping in recently, Mr and Mrs. Albert Hinton realized that a surprise party had been organized by their families. During the course of the evening which was reported to have been a most enjoyable one, several presentations were made. From the family Margaret and Albert received a chest of silver, from Salteaux district a [illegible] lamp and from the [illegible] district a purse of money. Mr and Mrs. Hinton thanked all those present warmly for such a wonderful evening.

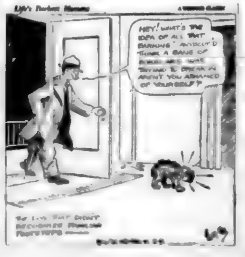
Pre-Nuptial Parties Honor Beverlie Jack

A number of parties recently honored Miss Beverlie Jack whose marriage to LAC Richard Smith took place on Saturday Aug. 8 at Kitscoty.

Miss Betty Martin entertained at a [illegible] shower. The [illegible] of the Chamber of Mines entertained at a supper party at the Blue Willow where a set of kitchenware was presented to the bride. The Wildwood East community hall was also the scene of a widely attended shower on Saturday Aug 1.

The bride's mother Mrs. Alfred Jack, was hostess at a trousseau tea on the afternoon of Monday Aug. 3, at which Miss Lois Jean Payne was in charge of the guest book.

Previous to the rehearsal Friday evening, Miss Jack entertained at a rehearsal dinner. The groom's mother Mrs. Lorne Smith of Southampton N.S. and his sister and brother-in-law Mr and Mrs. Ken MacKay of Madison, Wisconsin were also special guests at the dinner.



Life's Darkest Moment
HEY! WHAT'S THE IDEA OF ALL THAT BARKING? ANYBODY'D THINK A GANG OF BURGLARS WAS TRYING TO BREAK IN. AREN'T YOU ASHAMED OF YOURSELF?

Couple Are Feted At Mannville On Wedding Anniversary

MANNVILLE — Having been married for 25 years on Thursday last, Sept. 3rd, Mr. and Mrs. Maurice Mercer were surprised by their friends and relatives that evening. After a social evening had been enjoyed, presentation of a purse of silver dollars was made by Archie Bodard. Mr. and Mrs. Mercer were deeply touched by the honor paid them.

Grandpap Would Be Wrong

A headline in an American newspaper the other day described the wheat situation as "grave." Reading that, says The Financial Post, our grandfathers would naturally have concluded that famine was just around the corner. But they would have been wrong, just about as wrong as could be.

It's not famine that the United States is worrying about, but another huge wheat crop and where to put it. Actually the country is overflowing with government-bought wheat and a lot of other farm crops too.

A visitor from an [illegible] age says The Post, might need a little while to get used to our cars, our planes and our TV but he could never hope to understand our farm economics.

Drive carefully — an accident could make your vacation permanent.

PARADISE VALLEY NEWS

Mr. and Mrs. William Leighton and family of [illegible] were Sunday guests with Mrs. Shirley Leighton.

Mrs. David Thomas and Mr. and Mrs. Burden and family of Lougheed were recent visitors at the home of Mr. and Mrs. P. Dobson and Mr. and Mrs. W. A. Gunn. It was nice to see these old timers again.

Mrs. Vonne Nichols of Edmonton spent the week end at the home of Mrs. W. A. Gunn. Mrs. Nichols was the former Vonne McNich and lived in Paradise Valley many years ago. [illegible] sees quite a change in the Valley since those days.

Cpl. D. W. and Mrs. Brown and family of Rivers, Manitoba, visited last week at the home of Mr. and Mrs. Harold Fair.

Rev. D. S. Mannell was visiting minister on a recent Sunday. Rev. W. I. McDonald conducted services in Lashburn. Such that day on a pulpit exchange.

Rev. W. I. McDonald recently completed a sixty-hour course of study at the University of Saskatchewan A&M School of Narcotic Education, and gave the devotional message at Qu'Appelle Hall, University of Saskatchewan, Saskatoon, on closing day, Friday, August 28th. Tentative plans are already being made for [illegible] school. This is a wonderful opportunity for information, inspiration and instruction with expert leadership.

Cpl. Herb and Mrs. Fourwell Sherry, Penny and Kim of Ottawa arrived on Monday to visit at the Hoskin and Gordon homes till the end of the month.

Congratulations to Mr. and Mrs. Lewis View on the birth of a son, born in the Lloydminster hospital on September 1st.

746 PEOPLE HAVE X-RAYS

Seven hundred and forty-six people took advantage of the Mobile Free Chest X-Ray Clinic held in the high school auditorium on Tuesday and Wednesday. This was sponsored by the United Church W. A. They wish to extend their thanks to all who helped in any way to make this a success.

The new sidewalk from Greenwood's Cafe to Miller's corner is quite an improvement to our town. The work was done by Vern Phillips and Mahlon Kitching.

ELEVATOR DEVELOPS LEAN

The train on Thursday brought in eighteen cars for the local elevators. The Searle elevator No. 1 has to be emptied as it has developed quite a lean towards the track and will have to be jacked up and a new cement block installed.

SCHOOL STAFF FOR THE NEW TERM

School re-opened for the new term on Tuesday. Mr. E. H. Walters is the new principal. One high school teacher has not arrived at time of writing but is expected to be on hand for Tuesday Sept. 8th. The staff will be: Mr. Walter principal, Mrs. Walter, Mrs. Gallagher, Mr. Taylor, Mrs. S. E. Welsh, Mrs. Taylor, Mrs. P. Dobson and Mrs. Leighton. Quite a change from the little one room school of 1920.

W.A. HAS BUSY [illegible]

The Paradise Valley United Church W. A. met at the home of Mrs. R. Thibedeau on Sept. 1 at 8 o'clock p.m. with a good attendance. Mrs. J. Gordon and Mrs. H. Dauville were hostesses. The president opened the meeting with the usual services, and Mrs. C. Ball led in devotional. Roll call was answered with an article for the bazaar. Reports of committees were heard and material was handed out by the work committee to be completed for the bazaar. The date for the annual chicken supper and bazaar is to be October 30th in the Paradise Valley hall, so keep this date in mind everyone. Plans were completed for cleaning the Sunday school hall on Wednesday last. Mr. and Mrs. Levitt are asked to to take charge of the janitor work of the church and Sunday school hall. All church groups needing these services please notify Mr. Levitt. A motion was passed that the meetings of the W.A. be held at 2:00 o'clock p.m. starting with the meeting on October 5th when Mrs. Glen Henry and Mrs. Ken [illegible] will be hostesses.

PLANS MADE FOR SUNDAY SCHOOL OPENING

The regular meeting of the P. V. United Church Sunday school was held in the Sunday school hall on Aug. 28. Sunday school will open on Sept. 13 at 11 o'clock in the morning. Anyone living in outlying districts four years old by Dec. 1, is cordially invited to attend. Contact Mrs. E. Krogness or Mrs. W. Gunn. There will be a sale of home cooking by the Sunday school on Sept. 12 [illegible] and all [illegible] are asked to co-operate [illegible] to the sale. The [illegible] will be Mrs. E. Krogness, senior superintendent and Mrs. W. A. Gunn, junior superintendent. Teachers in the junior room are Mrs. F. Street and Mrs. G. Henry, 4 year old class, Mrs. C. James, 5 year olds, Mrs. E. Leighton, 6 years, Mrs. Frank Brumington, 7 years, and Mrs. Art Brumington, 8 years. In the senior room teachers are Mrs. R. Krogness, Mrs. J. Gordon, Mrs. C. Ball and Mrs. Wm. McLean. Secretary-treasurer is Mrs. P. Dobson and organists are Mrs. Ball and Mrs. Leighton.

Mr. and Mrs. W. A. McLean, Mr. Robert McLean and Miss Shirley Anderson left Saturday morning for a short holiday to be spent at Jasper and other Alberta points. Mr. Gerald McLean has returned after [illegible] a month at Camp [illegible].

FOOTBALL STAR ARRESTED IN DOPE RAID

Dave Mann, star halfback for the Toronto Argonauts, was one of three men and four women arrested in Toronto by narcotic squad officers of the Metro police and the RCMP. Police have stepped up a campaign on the drug traffic, which is reported increasing. Mann at right is shown with Lew Hayman, Argonaut general manager, who put up $5,000 bail for Mann's release.

No Veterinary College for West; Adequate Accommodation At Eastern Colleges Is Verdict

It would appear inadvisable to undertake construction of a veterinary college in Western Canada at the present time was the gist of a statement issued recently by Hon. L. C. Halmrast, Alberta's Minister of Agriculture and Hon. I. C. Nollet, Minister of Agriculture for Saskatchewan. They have just returned from Guelph, Ontario, where they attended a conference of Agricultural Ministers and Deputy Ministers.

In support of this statement both Ministers said that they have been assured that the Ontario Veterinary [illegible] can now accommodate [illegible] freshmen and that students from the other provinces in Canada will receive priority over those from other countries. The Ministers also feel that it would be very difficult and expensive to duplicate the excellent [illegible] available at [illegible] Veterinary College and [illegible] St. Hyacinthe Veterinary College. Even though the annual net operating cost per student exceeds $2,000, fees and cost of room and board at the Ontario Veterinary College are considerably lower than they are in western universities.

It has been the policy in both Alberta and Saskatchewan that each [illegible] graduation from [illegible] Veterinary college should receive a bursary totalling $1,000 from the agricultural department of his province. In spite of this, the total number of students who enrolled last year was only 63, whereas about 75 new students could have been accommodated.

In view of these facts both Mr. Halmrast and Mr. Nollet feel it wise, for the present, to continue the policy of assisting young men to take the course at either Guelph or St. Hyacinthe. However, they also feel that it quite likely that at some future date Western Canada will require a veterinary college.

Taxless Town

The people of the Crowsnest Pass coal mining town of Coleman laugh at the old aphorism that it's impossible to escape death and taxes, says The Financial Post.

The last time they paid municipal taxes was in 1904 — and this "taxless situation can continue as long as the town-owned Coleman Light and Water Co. remains on today's profitable footing. The utility buys power in bulk and sells it at regular rates.

The astounding fact the town is operating without levying municipal taxes is one of the main factors in keeping it alive.

It has escaped death — even though its chief industry (coal mining) received post war [illegible] blows [illegible] reduced the working force from 1,200 to 175.

His reports a splendid time.

Mr. and Mrs. John Hudson, Brian and Marlon and Mrs. Brumngrove, all of Calgary, spent the long week end with Mr. and Mrs. Hoskins.

Pleasant Valley News

The weather at time of writing is anything but pleasant, with rain and cold winds prevailing. Gardens are growing well though and flowers are still blooming. Let's hope the frost stays away a while longer.

Sylvia Gould, Laura and family returned to Strome last Sunday.

Some folks are away picking blueberries at present. We hear they are quite plentiful in the northern districts.

Christie Clark had his brother and family visiting him Sunday.

Sunday visitors at the home of the writer were Gordon Gould and family and Jean, Keith and family.

Mrs. Potvin has her sister with her for a visit. She has recently returned from a holiday and will visit for a while at the Potvin home before returning to Guelph, Ont., where she resides.

Hello Mrs. Bothwell! We understand you attended the regatta at Kelowna this year. Mrs. Gillies and the writer were not too far away at the time. Hope you enjoyed your trip.

Canada's gross national product is estimated at $32 billion for 1958, an increase of two per cent over 1957 as compared to a postwar annual average of about four per cent the 1958 increase was due entirely to higher prices, and not to an increase in national production.

NEWS from KITSCOTY

The Reverend Mr. Shortt, Mrs. Shortt, Lynell and Lyle, have returned home from their holidays which were spent visiting several points in Alberta and Saskatchewan.

Mr. and Mrs. J. D. McLean visited with friends at Estevan, Sask. last week.

Mr. Earl Franko of [illegible] Saskatchewan spent a few days last week visiting his father, [illegible] Franko in Lloydminster hospital and his mother and brother here in Kitscoty. Mrs. Franko's mother Mrs. A. Wright is spending some time here with her daughter.

Mr. and Mrs. E. Cattapan and the boys from Edmonton spent the long week end with Muriel's parents, Mr. and Mrs. Arthur Hale and other relatives.

Mr. and Mrs. Eric Seward of Edmonton spent a short holiday here with their daughter and son-in-law, Mr. and Mrs. John Bootsman and Grace.

Miss Kathy Lang from the Kinnaird district is attending the Miller business college in Lloydminster this year.

Mr. A. W. Govier spent last week in Edmonton visiting with his daughter, son and their families.

Sgt. Ken Tinney, Mrs. Tinney and baby daughter spent the Labor Day week end here with Margaret's mother, Mrs. R. M. Mathewson. Other guests were Mr. and Mrs. George Mathewson of Heath. Mr. Mathewson returned to Edmonton with Sgt. and Mrs. Tinney.

Mr. and Mrs. Ralph Rose of Edmonton spent the long week end here with their mother, Mrs. A. McClelland, sister and brother-in-law, Mr. and Mrs. N. C. Browne and Billie.

Miss Eunice Swyripa left on Monday to begin her training as a nurse at the Vegreville General hospital. Best of luck, Eunice!

Mr. A. F. Reghelini from New Delhi, India, is one of the new members of the Kitscoty High School staff this year. A warm welcome is extended to Mr. Reghelini.

The Kitscoty United Church W. A. have set November 27th as the date for their annual fall tea and bazaar.

The Kitscoty First Cub pack will resume their meetings for the season 1959-60 on Monday, September 14 in the High School. Mothers of boys aged 8 to 11 years who are interested in their sons joining the cubs, please contact any of the following leaders: Mrs. Gordon Blake, Mrs. V. J. Page or Mrs. C. V. Conarroe.

Miss Donna Sheppard of Edmonton spent the long week end at her home here.

NO BUSINESS LIKE MONKEY BUSINESS

Splashing for shore in a race with Wendy Durnall is Willie, a white-faced ring-tailed monkey, who's enjoying a holiday near Barrie, Ont. with the Durnalls. In the next sequence

Willie seems to think he will enjoy himself more perched up on top of Wendy's head. The Durnalls have four monkeys, a chimp and a baboon and they all went to the summer cottage with the eight Durnall children.

TULLIBY LAKE

The wedding of Stanley Walterhouse and Dorothy Young was solemnized in All Saints' Anglican Church at Fort Pitt on the afternoon of Friday, Aug. 21st.

A dance followed that evening in the Fort Pitt hall. We wish the newlyweds many years of happiness together.

Ken Hayes and two of his children came up from Penhold and spent some time with Ken's parents, Mr. and Mrs. Wes Hayes.

Juvenile Behrens attended the four-day district assembly of Jehovah's Witnesses which was held at the arena rink in Saskatoon.

Mrs. Johnnie Forbes is home after undergoing X-rays and initial investigation in the Elk Point hospital.

Mrs. Tommy Burke is visiting in the Joe Brind home.

Mr. Charlie McAdam was taken to the hospital at Elk Point for observation and necessary treatment.

Hans Dyrvick is home after spending two months over in his native country of Norway.

Mrs. Wesley Hayes underwent surgery in an Edmonton hospital last week and is reported to be making satisfactory progress at the present time.

Roger, the youngest of the Roy Morris boys, has accepted employment at the Buster Fleming pool room over in Onion Lake.

Ingvar Brisholm is on a trip to Edmonton and Red Deer on business.

Provincial Cabinet Changes As Forecast, Made Last Week

EDMONTON — The provincial cabinet changes forecast in this corner last week were confirmed sooner than we expected.

Later in the week, cabinet finished the reorganization by appointing deputy ministers to head up the two new departments which were created.

Jack Oberholtzer, who had been deputy minister of industries and labor, switched over to second in command of the new department of industry and development. Ken Pugh, chairman of the board of industrial relations, was named deputy minister of the new labor department.

Actually so far as the operation of individual government branches is concerned, the shuffle doesn't mean too much. The only real changes are at the top administrative level, while the branches and divisions continue to do the same work under the direction of the same people.

For example, Mr. Pugh as deputy minister of labor will continue to head the industrial relations board. Branches of the labor department will include the apprenticeship board and tradesmen's qualification, the employment liaison branch and all defunct industrial safety inspection services and labor department.

Industry and development will take over other branches of industries and labor, including the bureau of statistics, the provincial marketing board, the Alberta power commission and licensing of trades and businesses. One branch of the former economic affairs department — the industrial development branch — also goes to industry and development.

Other branches of the economic affairs department now come under the provincial secretary's department. These include the government travel bureau publicity and advertising offices, the film and photographic branch, the library board and cultural activities.

The cabinet changes were announced by Premier Manning on Monday of last week, almost entirely along the lines forecast here, and the ministers were sworn into their new offices the following day.

Hon. A. R. Patrick, the former minister of economic affairs, was sworn in as minister of industry and development and provincial secretary Hon. Raymond Reierson, formerly minister of industries and labor, was sworn in as minister of labor.

Mr. Reierson will also take over the telephones portfolio from Hon. Gordon Taylor, but the swearing in has been deferred for the time being.

Talk among civil servants indicates the majority of them don't feel they'll be affected too much by the top-level changes. The only ones who might notice a difference are those who worked for economic affairs but now will be under hard-driving, fast-moving E. R. Hughes, deputy provincial secretary.

Meanwhile, the ministers and deputies involved are gradually becoming acquainted with their new positions.

Premier Manning, as we suggested last week, didn't unload any one of his three portfolios, but watch for a further shuffle after he sees how some of his new members perform during a couple of legislative sessions.

Ducks vs. Grain Growers

They finally chased the grain-stealing ducks from the Lake Manitoba farm district — but scores of deafened grain-growers may not be far behind, reports The financial Post.

The ducks, and later, blackbirds, have been dining off the farmers' crops.

Reason people do so much driving around nowadays is that it's cheaper to drive it than to park it.

The solution. A butane-fired explosive device that shoots shattering blasts at regular intervals from 10 secs. to 10 minutes.

Farmers have been buying them at about $85 each plus butane refills at $10.

Health Unit Notes

DEFICIENCY DISEASES
WHAT TO DO ABOUT IT

Since medical science is far from knowing all the different vitamins, minerals, and proteins that are needed for health and just how much of each a person needs, you cannot rely on buying some pill, tablet, capsule or syrup to make up the deficits that might occur in your diet. If there is a need for vitamins to supplement the diet your doctor will be able to advise you.

The only way known to get an adequate diet is to eat a variety of foods. If that variety follows the pattern outlined in Canada's Food Rules (a copy can be obtained from the Health Unit Office) it is based on the best scientific and medical nutritional advice available but other eating patterns can also provide adequate nutrition. If food habits slip gradually into restricted variety such as only meat and potatoes or only doughnuts and coffee or only tea and toast [illegible] malnutrition in some degree may be expected after a while.

A good eating pattern can be developed in the transition from infancy to the pre-schooler. By developing and maintaining the habit of getting a variety of foods a solid foundation will be [illegible] normalities or aversions should not be allowed to worry parents unless they lead to permanent changes. Don't give up the attempt to introduce new foods or to find new ways of serving old ones but don't work at it so hard as to create tension in your child. In dealing with lack of appetite remember that adequate rest, freedom from mental strain and the correction of physical defects all contribute to eating well. Don't force food nor worry over table manners but keep a happy environment and let the child's appetite develop.

LOSSES IN PREPARATION

Cooking and home canning cause certain losses in food value especially in fruits and vegetables — even as much as 50% in some cases. Heat and exposure to air (uncovered saucepans) cause some outright destruction but in many cases just as much is lost by using a lot of water and then throwing it away.

Theoretically cooking under pressure exposes food to heat for the shortest time with the least water and air present but does not always give better results than some other methods of preparation due to the time taken to heat up and cool down, as well as momentary over-cooking at the higher temperatures reached under pressure. The important thing is therefore, to eat food raw if possible and if not possible then be sure to follow cooking directions carefully. Commercially canned foods retain nearly all their food value, and may be better than market produce because they are carefully canned when at their best.

By following a pattern of eating as outlined in Canada's Food Rules and by paying attention to proper methods of preparation and cooking, deficiency diseases can be largely avoided. When they do develop, their cure by the capsules prescribed by your doctor will be greatly assisted by establishing an adequate diet along these lines.

WEEPING MOM WHYTE LEAVES THE COURT AT HEARING

Mrs. Bertha "Mom" Whyte, whose Bowmanville, Ontario, home for waifs was raided July 31, appeared in court at a closed hearing to determine custody of the 107 children taken by the Children's Aid society. Dr. W. Gordon Brown, deputy minister of health, testified on the results of an examination of 23 Whytehaven children. Of these, he said nine had scabies, of which eight were cases of open ulcers, and four had upper respiratory infections. He also described the children as being dehydrated as the water at Whytehaven was non-drinkable. Mrs. Whyte burst into tears and walked out of the hearing as witnesses gave evidence as to the unsanitary conditions. Mrs. Whyte, shown above with her husband Bert, at left, and Rev. James Spiers of Winnipeg, Manitoba. Earlier, Mom said "there's just no justice in Ontario."

WILDMERE WINKS

After everything was almost dry again a soaking rain falls! It's very disheartening to the farmers who have grain ready. Many have it lying in the swath and as it is a thin crop stubble will not hold it up so it's nearly impossible for it to dry. But remember folks, this rain will help another year when there may be a good harvest — who knows?

On Wednesday evening Mrs. Ron Libben very kindly took seven other ladies over to the joint W.A. meeting at Auburndale. Everyone enjoyed the meeting and the interesting talk given by Mrs. M. Hill of Vermilion on their trip last winter to Trinidad and the Barbadoes. Afterwards Mr. Hill showed slides of some of the places they visited. Mrs. Hill stressed that we should be thankful for space and the freedom we enjoy in Canada. Many thanks to the Auburndale ladies for inviting Wildmere to this grand meeting which closed with Mr. Nicholls singing a solo and the serving of a delicious lunch by Heatherdell group. Ladies from Wildmere W.A. who attended were Mrs. R. Libben, Mrs. D. Libben, Mrs. D. Hughes, Mrs. A. Smith, Mrs. W. Westman, Mrs. C. Crutheres, Mrs. A. Holte and Mrs. Wallington.

Rev. MacKay held Communion service at Wildmere Sunday evening with a nice attendance. Mr. MacKay was accompanied by his wife and his aunt. He spoke on "Amazing things of the world". But what amazed him most was that God and His wonders never change and how true this is. Next Sunday will be our last service with Mr. Nicholls. We have enjoyed his services this summer and very best wishes of the district will go with him when he leaves. Church next Sunday will be held at 3 p.m. Sunday school at 2:30. There will be a [illegible] service with [illegible]. Ladies on the east side of the road are to bring the sandwiches and on the west cake.

Word has just been received by the writer that a very dear friend in the person of Mrs. Stella McGrath of Tolland who passed away Sunday. Mrs. McGrath is another real pioneer gone to her well earned rest. Her personality and cheerful manner will always live in the hearts of all who knew her. Truly we can say she was a wonderful person. To her sorrowing son Duff and family and other relatives we extend deepest sympathy in their hour of sorrow. One comfort they may always cherish is that she lived a long, useful and good life.

Last Thursday Mr. Nicholls who was guest speaker at the W.M.S. rally held in the United church at Islay, kindly took Mrs. Holte and Mrs. Wallington along as well. A large number attended the rally and the warm friendly greeting received at the door from Mrs. Sweet and Miss Stone made one feel at home at once. It was a well conducted meeting with several musical numbers being rendered. Mr. Nicholls' talk on "Mission Work" was very interesting and enlightening. Even a kindly word sometimes, no matter how small can often be of great help to some unhappy person. The meeting closed with a delicious lunch served by the Islay W.A.

On Sunday a bountiful supper was enjoyed at the home of Mr. and Mrs. F. Gibson when Mr. and Mrs. C. Crutheres and family, Mr. and Mrs. R. Martin and Doreen, Adam Smith and Ron Hemmingway sat down to help Adam Smith Sr. and Ernest Gibson celebrate a birthday supper as their birthdays fall on the same date Sept. 8. Best wishes for many more happy birthdays.

Our mail route, R.R. 3, became of age Sept. 8. It is 21 years since Mr. George Martin made his first trip out over it. Folks on the route have not changed too much. But what a vast difference in the roads then and now! Mr. Martin had some really tough trips when he first commenced this route but tough trip and all, he could always be cheerful and able to tell a joke or two. We must not forget to pay respects to the faithful team of horses he used to haul the mail over snow drifted roads in winter and through the slush during spring break up. May Mr. Martin keep up his good work as mail carrier on No. 3!

On Friday Peggy Graham very kindly took Mrs. Wallington and Kenny Graham to Edmonton to locate room and board for Ken where he goes to university later this month.

Heartfelt sympathy goes out to Mr. H. Stewart and family and to Mrs. Joe Stewart on their sudden and tragic sorrow. May God comfort [illegible] them strength to carry [illegible].

DOWTELL BULLETIN

Mr. Hardie returned home recently returned home after a few days spent in an [illegible] hospital. Do hope you now feel better Jim.

We wish to extend [illegible] sympathy to the Stewart family in their recent sorrow.

Beverly Sherwood celebrated her 10th birthday Sept. 4 by having a few of her school chums in for an afternoon party.

Visitors at the home of the writer recently were Mr. and Mrs. C. Burt, Fred and Larry Playne and Mr. and Mrs. Robinson. [illegible] folks.

Mr. and Mrs. C. Pierman and family were visitors recently at Rimbey. They report good crops in that area.

Farmers were getting ready to start harvesting again but today, September 8, it is raining once more.

Mrs. Knutson was a visitor on Saturday at the home of Granny and Granddad Jones.

Quite a number attended the [illegible] etc., at the home of Mr. and Mrs. Bob Maggs. A good time was reported.

THE VERMILION STANDARD

Vol. LI. No. 10. $2.50 a Year Vermilion, Alberta, Thursday, September 17th, 1959. 12 PAGES Single Copy 10c

Art Morgan is Installed As President of the Kinsmen Club

At a very interesting ceremony with Deputy Governor Norman Ouilette of Grande Centre officiating Art Morgan was installed as president of the Vermilion Kinsmen club on Monday evening. Also taking over new offices with suitable words of instruction and advice from Mr. Ouilette, were the following: — Vice president — Jim Ferguson, Secretary — Bob Rowe, Treasurer — Dr. Ed Evans, Registrar — Bill Flechuk, Sgt. At Arms — Vic Rogers, Directors — Peter Mervin, Bob McDowell, Harry Kopinsky.

Presented with a past master's pin and praised for piloting the club through an active and eventful year, was immediate past president Bill Novak. The presentation was made by incoming president Art Morgan. Art in turn received a president's pin from Mr. [illegible].

Deputy Governor Norman Ouilette presented pins for good attendance. The recipients had perfect records for the periods shown. Outstanding among the group was Dr. Bob Anderson, who has not missed a meeting in seven consecutive years: Joe Hart, 5 years: Bill Flechuk, 4 years: Bob Rowe, 2 years: Art Morgan, Jim Ferguson and Bill Novak all one year.

During the evening committees reported on completed activities. Keith Inman drew a round of applause with the news that some $633.00 had been cleared at the Kinsmen car raffle held during the fair. Jack Wright stated that the Kinsmen sponsored little league baseballers had won the flag. The team was coached jointly by [illegible] and Jack. A party in honor of the team players is now being planned.

The next big undertaking is the sponsoring of the entertainment, "Evening Enchantment" which will be held in the school auditorium on October 10th. An active advertising and ticket sales campaign has been well planned.

Besides the Vermilion Kin members, visitors were present from Grande Centre, Wainwright and Vegreville while Ashley Cooper of the Vermilion Standard was also a guest.

F/O R. P. HEMMINGWAY

Flies in Air Show

Flying Officer Robert P. Hemmingway son of Mr. and Mrs. H. C. Hemmingway of Vermilion, piloted a CF100 jet interceptor of 414 Squadron at the International Air Show at the Canadian National Exhibition in Toronto on Sept. 11th and 12th.

An action packed fifty minutes of flight was the RCAF contribution to the show, "On Stage" over the exhibition water front at 4 p.m. when fifteen different types of aircraft were displayed in a flying role. The air show commemorated the 35th anniversary of the Air Force and the 50th anniversary of Flight in Canada.

Terms of Mayor Hill, Councillors Thompson and Heckbert Terminate; Cooper Resigns Seat

Nomination Day Wednesday, September 23rd

Vermilion electors are faced with the prospect of electing a mayor and three councillors, as the two year term of Mayor Melvin Hill and the three year term of councillor Charles E. Thompson, the one year term of Charles T. Heckbert expire while councillor Percy E. Cooper has tendered his resignation to the council which the remaining members of that body are loathe to accept.

Mayor Hill has now filled four years as the town's chief magistrate, Charlie Thompson six years as councillor, Charles Heckbert one year and Percy Cooper, 2 years. The Standard is not in a position to state if the mayor or councillors Thompson and Heckbert are willing to be nominated again.

Nomination day is Wednesday next, Sept. 23 at the town office. Returning officer, H. W. Johnston will receive the nominations between the hours of 11 a.m. and 12 noon on that day. Elections, if necessary, will follow two weeks later.

Former Kitscoty Mayor Dies in B.C.

KITSCOTY — A former mayor of Kitscoty who lived here from 1925 until he entered the oil business in Edmonton in 1943, Christopher Cairns, 63, died Monday at his home 324 Grandville Ave., Richmond, B.C.

A resident of Edmonton for about 18 years, he was a veteran of service overseas with the Canadian army during the First World War. He was also a member of the Masonic Lodge. He was a native of Scotland.

Mr. Cairns is survived by his widow, Teresa; four sons, Dr. Andrew Cairn and Christopher both of Edmonton; Dr. Alexander Cairns of Vancouver, B. C., and Charles of Winnipeg, Man., 12 grandchildren and one sister, Mrs. Randolph Curry of Edmonton.

Funeral services and burial will take place in British Columbia.

Rotary Calendar In Preparation

Town-Wide Canvass Is Planned

The now popular Rotary calendar is in process of preparation for the year 1960 and all district residents who desire to have birthdays, wedding anniversaries or organization meeting dates included in the calendar should be on the watch for members of the Rotary club who will be calling on homes in town during the week of Sept. 28.

Rural residents are more than welcome as well as town residents and any member of the club will be pleased to take listings of dates which are important in the lives of families.

The minor charge for such listings has been placed at the usual 25 cents per insertion and calendars will again be available at 50 cents each. Local business houses are co-operating to make the publication of the calendar possible and every effort is being made to have an attractive calendar.

All residents are again reminded that listings should be in the hands of members of the club not later than Sept. 24 and that the major canvass will be made in the residential area only from Sept. 28.

Rural News Writer Retires After Many Years Service

After what may very well be a record service of more than twenty-seven years of rural news writing for a weekly newspaper, Mrs. J. C. Wallington has retired.

Twenty-seven years and nine months ago, Mrs. Wallington sent in her first news story to the Vermilion Standard from her home district of Wildmere. The occasion was a bridal shower which had taken place in Wildmere to honor the young lady who shortly became Mrs. George Seuffert. Mrs. Wallington wrote out the story and sent it in to the Standard, and having her write-up accepted, was encouraged to report the many activities of her district. From this first beginning she sent in a bulletin each week and the only time she omitted was the rare occasion when she was ill, or travelling from home on holiday. Her column has been known as "Wildmere Winks" from its inception, but what the neighbors didn't know the first six months was the name of the writer. However, a postcard of gratitude sent to Mrs. Wallington from the Editor of the Standard, seemed, for some reason, to put a sudden end to the speculation concerning the identity of the author.

Mrs. Wallington's retirement is regretted by the paper, but is made necessary because Mr. and Mrs. Wallington have retired from their farm home, to come to live in the town of Vermilion. Rural correspondents with a record of service to their paper as long and faithful as that of Mrs. Wallington's are much appreciated, but rarely found.

Convicted on Cattle Stealing Charge

Ian Robertson and Vern Brady, both of the Mannville district, charged with the theft of cattle on the night of July 14th appeared in the district court at Vermilion Wednesday before Judge H. B. Fraser, pleaded guilty to the charge and were sentenced to one year with hard labor in Fort Saskatchewan.

The offence took place on the night of July 14th when Robertson and Brady borrowed a truck, drove to a pasture where Proudfoot and Kreller of Mannville pastured cattle, and stole three calves. The calves were taken to Edmonton and sold to Canada Packers, with the accused receiving the proceeds of the sale. Investigations were carried out by the RCMP detachment at Vermilion leading to the apprehension and conviction of those responsible for the theft.

Local Golf Club Tourney Sept. 20

A men's club tournament open only to members will be played at the Vermilion golf course this Sunday, Sept. 20.

Play will be on a handicap basis and prizes will be given to the three best medal scores turned in on 18 holes.

Tee-off time is 9:30 a.m. and it is the wish of the executive to see all members turn out for this first annual local tournament.

Freak Accidents To Hetherington Kiddies

The children of Mr. and Mrs. Grant Hetherington of Grand Centre were the victims of accidents resulting in each of them sustaining a broken arm.

Young son Billy fell from a horse he was riding on Saturday afternoon. On Wednesday evening nine year old Lynn Hetherington tripped on a dog's leash in the back yard, also breaking an arm.

— Bonnyville Tribune

Billy and Lynn are the grandchildren of Mr. and Mrs. Gordon Williams.

Plans for School Are Advancing

Plans of the Vermilion Retarded Children's Association have advanced to the extent that efforts are now being made to obtain a suitable teacher.

Chairman Percy E. Cooper stated that all indications are such that the school may possibly be operating some time in October. Results of the recent screening by Department of Health personnel showed that at least five children and possibly seven are eligible to attend.

New Medical Director For Health Unit

Dr. Kevin A. Barrett has recently arrived in Vermilion and joined the staff of the Minburn-Vermilion Health unit as Medical Director. Dr. and Mrs. Barrett come directly from Limerick, Ireland and will make their residence in Vermilion.

Dr. Barrett succeeds Dr. Bourke who has joined the medical clinic at Wainwright.

Rotary Road-e-o Winners Compete At Edmonton

Earl Pollard, winner of the roadeo contest sponsored by Vermilion Rotary club last June has been notified to be at Edmonton on October 1st for the provincial finals. The contest will be held at Westmount Shopping Centre in the afternoon.

Last Friday's Rotary club meeting was mostly concerned with business. [illegible] Heckbert chairman of the birthday calendar committee [illegible] plans for the [illegible]

[illegible]

[illegible] Smith [illegible] Bank of Commerce at Calgary introduced by Curt Alfke. Fred Robinson guest of Jim Robinson [illegible] guest of Chas. Heckbert.

Legion Plans Fall, Winter Program

The first regular monthly meeting of Vermilion Branch Canadian Legion was held last Friday. Plans were made for projects and entertainments for the winter months.

The most outstanding event will be another of Bob Carmichael's variety shows. The date is not definitely fixed as yet but it is expected to be held on November 6th in the high school auditorium.

Considerable improvements to the basement walls of the Legion hall were completed last week. For some time surface water has soaked into the basement after heavy rains. It is hoped that the concrete additions will solve the problems.

Nominations for officers were made at the meeting. Elections will be conducted on October 9th.

Every second Saturday evening was set aside for a social in the club room. All members of the Canadian Legion are welcome to attend and they may bring guests. The next social will be held on September 26th.

New Taxi Business

A new taxi business commenced operation in Vermilion this week. Ron Bellingham is the proprietor and he has a new model Plymouth sedan to meet the demands of the public requiring safe and comfortable transportation. See his display advertisement elsewhere in this issue of your Standard.

Special Film At Alliance Chapel

During the absence of the Pastor Rev. J. M. Schroeder who will be attending the district prayer conference in Regina, the elders of the Alliance Chapel will be in charge of the services on Sunday, Sept. 20.

A special feature of the evening service at 7:30 p.m. will be the showing of the film "Land of the [illegible]" based on missionary activity in the troubled land of Viet Nam.

Youth Groups Formulate Plans For the Forthcoming Year

The local association for the cubs, brownies, scouts and guides met last Monday evening to formulate plans for the continuation of these groups, for the forthcoming year. Elsewhere in this edition of the Standard are notices concerning these activities. All cubs and those wishing to become cubs have been asked to register on Wednesday, Sept. 23 at the Scout hall at 4:15 p.m.

Of grave concern is the scarcity of leaders for the young people. The indications at present are that there is considerable interest on the part of the boys and girls in joining these groups, but unless more leadership is obtained it will be impossible to accept all of the applicants for membership.

The Cub mothers' organization held a meeting on Tuesday of this week at which they planned a tea and sale of home baking to be held in November.

To raise funds for the four groups the local association is planning to have their apple day sale and to make a canvass for financial assistance from the Vermilion citizenry sometime in October.

The scout, guide, cub and brownie work is a worthwhile project. Time and money spent on the young people through these organizations is the best investment that any citizen can make in the future of the town, the province and the nation.

Junior Golfers Have Good Day At Annual Tourney

Junior golfers had their turn on the Vermilion course on Sunday when the annual junior tournament was held. While the entry list only totalled 14, competition was keen and the following prize winners emerged at the close of the days play: — Championship flight — 1. Ken Alfke, 2. Jack Marfleet. 1st flight — Ken Sawka, 2. Glenn Manyluk. 2nd flight — 1. Robert Pare, 2. Terry Cooper, 3. Ricky Bath.

In the long drive competition, Milton Gilmore of Wainwright was the winner, while Colin Edey of Vermilion won the pitch and putt.

The prize winners each received a very nice prize. In the championship flight they were a sweater and a duck blind respectively. The first flight a camera and an L. P. record, 2nd flight monk's hood, duck call and hunting knife.

Play was open to all boys 18 years of age and under.

Harvest Weather Finally Prevails

Date	High	Low	Rain
Sept. 10	67	39	
Sept. 11	68	37	
Sept. 12	69	43	
Sept. 13	71	39	
Sept. 14	[illegible]	[illegible]	
Sept. 15	56	35	
Sept. 16	55	34	

This marks the first complete week of August and September without rain. The country is now taking on a real harvest time appearance.

Vermilion Man Is Stricken with Polio

It is "Newt" Cooper is at present in the isolation ward of the University hospital stricken with an attack of poliomyelitis. Taken ill over the Labor day week end local doctors diagnosed his case as polio. He was removed to the university hospital on Friday last where he is receiving specialized care. Mrs. Cooper is remaining in the city with her husband.

Alliance Chapel Couple's Club

The first meeting of the new season was held by the Couple's Club of the Alliance Chapel, Vermilion on Thursday, Sept. 10th. The meeting was under the leadership of presidents Mr. and Mrs. Albert Tovell.

Games and devotions featuring the film "I Am The Bible" were enjoyed by all present. The serving of lunch completed the evening's entertainment.

Mr. and Mrs. Al Curtis were elected to the executive to serve for the coming year.

First Donation To Retarded Children's Assoc.

Mrs. Peter Jensen, on behalf of the now disbanded Happy Gang Sewing group, made the first donation received by the Vermilion Retarded Children's Association.

On presenting the cash donation, Mrs. Jensen stated that the ladies felt that any contribution to this association would assist these "forgotten children" to lead a more organized life through training in the class to be shortly opened in Vermilion.

Any further contributions from individuals or organizations will be most acceptable and may be made to Miss Janet Filipkowski or Percy E. Cooper. Cheques should be made payable to Vermilion Retarded Children's Association.

566 Pupils At Mannville School

MANNVILLE — Mannville's school has an enrolment of 566 pupils, with 55 young hopefuls in grade one. The breakdown is as follows: Division 1 — 187 pupils, Division 2 — 137 pupils; Junior High — 125; and Senior High — 117.

Interesting Program At Fish and Game Meeting At Mannville

MANNVILLE — Much interest was displayed at the Fish & Game meeting on Sept. 11 in the Legion hall, with an attendance estimated at approximately 75 adults and children. Mr. Chester Gamble showed movies from the Department of Extension, University of Alberta, of an educational nature which were extremely interesting. The first picture showed the habits of the buffalo and compared buffalo of early days with those of today. Preservation of the herd has added much to the Canadian scene at National resorts etc. Interest was stimulated by the picture of a large white buffalo, very rare, and believed by the Indians to be a special gift from the 'Great White Spirit'.

Hunting with a bow and arrow was another picture seen with Andy Vane as the clever master of the bow. The scenery enjoyed by all was typical of autumn splendor in all its glory, with birds of beautiful plumage preening among the treetops. Scenes from Gatineau Lake were splendid.

At the conclusion of these films, President Pat Cutter took over the projecting of slides from local hunters' and fishermen's albums, which were greatly enjoyed, as familiar faces were shown in scenic surroundings of Frog Lake, Siebert Lake, Lake Whitney, Little Island and Pine Point. Some of the sunset scenes were truly amazing in their beauty, particularly the one taken at Banff.

Information was given out to the meeting re the year's crow and magpie take. $65 was paid out for bounties on these birds which showed that the young [illegible].

Mannville C.G.I.T. Elect Shirley Metrunec President

MANNVILLE — The senior C.G.I.T. enjoyed a supper meeting at the home of their leader Mrs. C. Gamble on Sept. 8th, followed by a business session and election. New officers are: President, Shirley Metrunec; Secretary, Miriam Ewing; Treasurer, Sharon McLaughlin; Vice President, Janice Finlay.

There being no old business, plans for the future were discussed under new business. The meeting adjourned with "Taps."

Vermilion M.L.A. Visits North Line

All points on highway 45 received a business visit from Ashley Cooper M.L.A. last week end. Stops were made at Derwent, Myrnam and Mooswa, with plans for a stopover in Beauvallon in the immediate future.

Among matters of interest to the various areas was the government's intention to create a provincial park site at Sunset lake located between Derwent and Myrnam north of highway 45. This is a very pretty lake and a lovely little park is envisioned there. Work is to be included in the winter works program.

Mystery Show Here October 10 Claimed Greatest in the World

Achievements of twentieth century science have caused man to look upon new and not-understood feats as something to be expected.

Virgil and Julie go beyond this when they bring their world-touring "Evening of Enchantment" to the stage of the Vermilion high school auditorium on Saturday, Oct. 10 under the sponsorship of the Vermilion Kinsmen club.

Virgil will, among the many miracles, shoot a live canary into a lighted, hermetically sealed electric light bulb which will then be passed into the audience for inspection. How does the bird live in a vacuum? Only Virgil knows.

Julie, Virgil's partner and leading lady, will present her [illegible] famous "Mysteries of the Mind" art. Julie, who possesses the uncanny mental gift has studied telepathy from the "dreamers" of the Australian Bushmen, the Chinese, the Aboriginals of Malaya, the Siamese, and East Indians as well as the Spirit Mediums of sophisticated London. It is reported by educators, [illegible] writers and [illegible] critics in the leading newspapers around the world, that Julie can call people, whom she has never seen before, by their names, tell them their thoughts and answer their questions. How does she do it? Julie says it is through scientific training of a rarely developed part of the mind. Constant study and practice has enabled her to develop this latent power of the human mind into an intensely fascinating masterpiece of entertainment.

Bishop Savaryn of Edmonton Visits Greek Catholic Church Here

On Sunday, Sept. 13, Bishop Savaryn of Edmonton paid an official visit to the Greek Catholic Church of St. Olga in Vermilion.

At 10:00 a.m. a procession consisting of Rev. Father Charkowsky, Father Starodub, Father Lobe and Father Honoshewsky, accompanied by their altar attendants walked to the decorated gate of St. Olga's to welcome their Bishop. At the gate entrance Miss Joan Kucher, dressed in Ukrainian national costume, and six small girls dressed in white carrying baskets of flowers, were waiting to meet Bishop Savaryn when Mr. John Klutz drove him to the church. The girls made a presentation of a bouquet of flowers after which Mr. Fred Semenich, president of the Men's League greeted the Bishop with bread and salt according to custom, and bid him welcome to St. Olga's church.

As the procession advanced the little girls showered the Bishop's path with flowers. On the steps of the church Father Starodub of Innisfree presented Bishop Savaryn with the church key.

The Derwent choir under the supervision of Father Charkowsky sang the opening hymn and High Mass was said. At the conclusion of the service the Ladies' League served dinner at the Holy Name parish hall. Bishop Savaryn and Father Patsula from the Holy Name parish as well as the other priests were seated at the head table, and at the conclusion of the meal each addressed the gathering with a few well chosen words, making it a memorable occasion for the parishioners.

School Accident Insurance Available

The Vermilion School Division is again making it possible for pupils of all schools under their jurisdiction to obtain accident insurance at nominal cost and it may be interesting for parents to note that this insurance covers school pupils while at school or while going to or from classes to their homes. It also covers during the progress of any school sponsored function such as the track meet or school sponsored concerts etc. The only exclusion is inter-school football or practice for same. Accidents occurring while pupils are engaged in inter-class football would be covered under the policy as would be an accident occurring while a pupil is attending religious instruction or while going to or from such classes.

The present policy covers pupils up to a maximum of $750.00 for blanket medical expenses for necessary treatment beginning within 60 days of the occurrence of an accident and may pay as long as one year from the date of the first treatment. Other benefits are provided for loss of life or dismemberment up to a maximum of $7500.00.

Items not covered by the policy are expenses covered by Provincial Hospitalization Plans, hernia, any form of disease, eye glasses or prescriptions therefore, or suicide. Treatment by chiropractic (unless recommended by a regularly licensed physician) is excluded from this policy.

An extension of this form of policy makes it possible for parents to insure their children on twenty-four hour a day basis at a somewhat higher premium.

Premium charges for inclusion in the policy are extremely moderate being $1.50 per pupil up to and including the 6th grade, $2.00 for pupils in higher grades and $5.00 for twenty-four hour coverage.

When an accident occurs the teacher should immediately complete a form of notification to the insuring company, following which accounts for treatment should be submitted to the company through its agent, when the claim will be paid.

The policy maintained on behalf of the pupils of the Vermilion School Division is with one of the best known companies operating in Alberta, the Insurance Company of North America and C. C. and C. T. Heckbert of Vermilion handle all local arrangements in respect of the insurance and the settlement of claims.

During the 1958-59 school year some seventy claims were submitted and paid with a consequent saving to parents of a very substantial sum of money.

Pupils who have not registered their names with their teachers may have their names added to the policy by application to the Heckbert office any time before [illegible].

Fate of Hockey Hangs in the Balance At St. Paul

(St. Paul Journal)

The chairman of the St. Paul Hockey club Mr Fred Sullivan, has advised the St Paul Journal that the executive of the last season is dissolved and will not accept responsibility for or organizing a senior hockey club in St. Paul this fall.

Reason for the announcement at this early time is to give sufficient notice and a free hand for anyone who might be interested to assume the responsibility of administering a senior hockey club or any other type of [illegible] hockey.

It might be explained that this [illegible] has been brought about by the high cost of operating a semi-professional hockey club and pressure of the fans and others that the price was too much to pay. The executive does not feel it is strong enough to shoulder the great financial responsibility involved. Last spring a lucky car bingo saved the day but it's too much of a gamble to take.

What the fate of hockey will be this year is hard to predict.

The Eastern Alberta Hockey league ended in a sour note last year with the resignation of its [illegible] and other officials all [illegible] to call it quits. No [illegible] meeting was called [illegible] a note of uncertainty prevails. But another season is approaching and time is a great healer. We shall see.

One of the common complaints against the league from the western point of view were the great distances of travelling involved and of course the necessity of imports to be in contention against larger centres such as Lloydminster. It would be ridiculous to enter the league without imports to make some kind of showing.

Unless the league can be trimmed down to a more [illegible] able arrangement, there is a possibility some clubs may be forced to drop out.

There has been talk of a juvenile league after the enthusiasm displayed from the provincial playdowns in which St Paul made such a good showing last year. It's a possibility which merits investigation.

The fate of hockey is in the hands of the fans. Now is the time to get an expression of public feeling on this contentious issue of hockey management. Hockey is desirable and an important type of winter entertainment.

This newspaper would appreciate receiving letters to the editor expressing opinions on the subject. Bring it out in the open for airing to the satisfaction of the majority.

Results of National Immunization

Canada's seventeenth National Immunization Week sponsored by Health League of Canada in co-operation with Departments of Health, is scheduled this year for the week commencing Sept. 20th. This event, second in importance only to National Health Week, involves the co-operation of all publicity media in Canada. [illegible] because it brings a [illegible] of how to prevent the various communicable diseases of childhood by means of immunization into virtually every home in Canada. It has been a factor in the tremendous fall in incidence and death rates all over the years.

The record for the year 1958 shows evidence of a steady fall in incidence and death rates over the period during which National Immunization Week has been observed. There were during the year 1958 66 cases of diphtheria and 8 deaths, the lowest incidence in history. There have been no cases of small pox in Canada for the last twelve years. Whooping cough with 6,382 cases and 40 deaths in 1958 is also the lowest [illegible] in history. There were [illegible] deaths from poliomyelitis, an all-time low but the incidence of 320 cases is a little worse than the previous year.

However, Canada's record is not as good as it might be. In diphtheria prevention, for example, Canada lags behind Great Britain (England and Wales) which with a much larger population only had 37 cases and 6 deaths in 1957. In all these diseases some provinces are better than others. One wonders why.

In any case Canadians during National Immunization Week should learn the lesson that diphtheria, smallpox, whooping cough, poliomyelitis and tetanus are diseases which are largely preventable by means of immunization. Many years ago the late King Edward VII said of tuberculosis "If it is preventable why not prevent it?" This is true of the diseases mentioned in this editorial. Doctors, nurses, health departments and clinics throughout the country stand ready to do their part. It is now up to parents to see to it that their children are protected.

CLANDONALD United Church News

The August 27 A meeting was held at the home of Mr and Mrs H. [illegible] with eleven members and one guest, Mrs. [illegible], present.

Mrs. Laird and family [illegible] away on holiday so the vice president, Mrs. Wm. Thompson, presided at the business meeting. Mrs Cooper demonstrated to the members the Swedish method of teaching a Bible lesson.

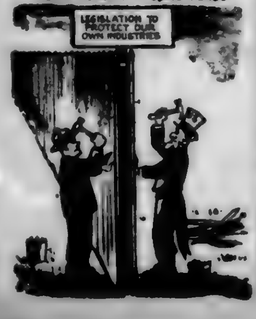
Mr Farquhar assisted by many willing helpers, conducted a very successful Bible vacation school.

On August 23, the congregation was happy to [illegible] Rev. C W MacKay [illegible] at the Holy Communion service. During the absence of Miss Gail Goddard who has been [illegible] in the Provost [illegible], Miss Judy Foerstern has presided at the organ for church services.

The church congregation extends sincere sympathy to all relatives of the late Mr. Gordon McIntosh. May God comfort you in your hour of sorrow.

The Clandonald congregation regrets losing one of its hard working members when the Gower family moved to Marwayne. However the distance is not great, so it is hoped to see something of them in the future anyway.

Could Become A Spite Fence



LEGISLATION TO PROTECT OUR OWN INDUSTRIES

GREEN ACRES

by H. MORLEY DOUGLAS, District Agriculturist.

FALL TOAD FLAX CONTROL

Good control of recently established Toad Flax is being achieved by applying soil sterilants in the fall. Sodium Chlorate, Polybore or Borascu are applied at 3 to 4 pounds per 100 square feet. Although sterilants cost about fifty cents per 100 square feet, they [illegible] when a potential weed [illegible] to the farm is removed. For further information contact the M.D or D.A. office.

FALL [illegible]

O. G. [illegible], Supervisor of Crop Improvement Service, Alberta Department of Agriculture, says that pasturing hay land is risky [illegible]. It's risky if you are depending on a hay crop for 1960. Only [illegible] Wild Rye and Creeping Red Fescue grasses from which the seed has been harvested, stand up to close fall grazing. A sure way to fall pasture is a special field of Russian Wild Rye and Crested Wheat grass not used for summer grazing. Some farmers get good grazing from stubble fields and others sow rye on early harvested stubble to extend fall and spring grazing.

V. S. A.

School of Agriculture applications received by the end of August were almost double those at the same time in 1958. This is true both for Agriculture and Home Economics. A limited number of Home Economic applicants can still be accommodated at Vermilion. If Home Economics are in your plans, apply today.

TURKEYS

The Dominion Bureau of Statistics estimates that 10.4 million turkeys will be marketed in the calendar year. This [illegible] a 24% increase [illegible] when 8.2 million birds [illegible]. This increase in production was made in view of 25c per pound support price which will remain in effect until the end of December, 1959. The support [illegible] be 20 cents per pound in 1960.

SEED CLEANING

The seed cleaning plants at Vermilion, Marwayne and Paradise Valley are in full swing cleaning seed grain for 1960. This is a method of conserving granary space by storing only clean grain. Phone your plant today and store only clean seed for 1960.

SILAGE KEEPS 10½ YEARS

During a year of bountiful forage in the early 1940's, a [illegible] trench silo. The silo was opened and partially fed out in 1949, 1950 and 1951. Despite lying in storage so long the silage showed less spoilage than 2 year-old dry stacked hay. Perhaps cattlemen in Northeastern Alberta would be wise to store feed in a pit silo in years of plenty.

CATTLE SPRAYING DEMONSTRATION

A cattle spraying demonstration in the use of Co-ral is to be held at the farm of Joe Hale, Marwayne, Sept. 25 at 10 a.m. Everyone is cordially invited.

THE SOIL

Earth is here so kind, that just to tickle her with a hoe and she laughs with a harvest.
—Douglas Jerrold

Marwayne F.W.U.A.

The August meeting of the F W U A was held at the home of Ruby Hale on Monday, August 24th with Marnie [illegible] and Gladys Hutchinson as co-hostesses. There were 20 members and one visitor present.

Olive Midgley 2nd vice president was in the chair. A report was given and a discussion held on the Horticulture show. The sum of $17.60 was realized from the sale of flowers and vegetables. This sum was increased to $20.00 for the Home and School donation.

Gertrude Tupper and Jackie Christison gave their demonstration on aprons which they had given at the 4-H week at Olds. Gertrude also gave an enjoyable report on their trip.

Janet Hancock and Marnie Laloy gave very good reports on their trip to V. S. A. for Farm Women's Week.

The next meeting will be at the home of Janet Hancock on Monday, Sept. 28th.

THANKS "STANDARD" FOR VALUABLE PUBLICITY

Toronto, Ont.,
Sept. 8, 1959.

The Editor,
Vermilion Standard,
Vermilion, Alta.

Dear Sir:

With this annual appeal for your assistance in spreading the word about the forthcoming Whooping crane migration goes our most sincere thanks for your kind co-operation in the past. The generous aid of press, radio and television has been of inestimable value in drawing the plight of the whoopers to the public attention, and in guaranteeing them safe conduct on their migratory flight. Since the movement of the birds cannot be accurately predicted, we would ask your further help in [illegible] enclosed material if and when the cranes should be reported anywhere in your general area. Many thanks indeed for your part in this vital program.

Very sincerely,
J. A. Livingston,
Executive Director,
Audubon Society
of Canada.

Hard wood makes better coals for a campfire than soft wood.

Sixteen Years Ago

Sept. 16th, 1943

There are now 19 producing wells in the Vermilion oil field. In July, production hit an all-time high with 9,398 barrels.

The marriage of Beatrice Rosemary Gow of Drumheller and P/O Charles T. Hockhert of Vermilion, son of Mr and Mrs. S.C. Hockhert, was solemnized on Friday, Sept. 10 at 2 p.m. in the Knox United Church, Drumheller.

The weather has apparently settled down to that ideal for harvesting. Saturday and Sunday were really hot. The nights [illegible] are quite cool.

Doris Snelgrove, former Vermilion girl, whose picture appeared in Edmonton papers this week, is cashier for the Edmonton Community Chest fund and is in charge of campaign headquarters during the current campaign to collect [illegible].

It was revealed recently that Wainwright, Alberta, is the scene of the largest army camp in Canada.

Mrs. Anna Nelson, well known resident of Vermilion for the past eight years, passed away on Sept. 13 at the age of 81.

32 Years Ago

Sept. 15th, 1927

A fence is being erected around the public school grounds.

An indefinite period of quarantine has been put into effect against infantile paralysis. The quarantine closes the schools and forbids children of 18 and under attending public gatherings.

Dr W W Bell has let the contract for the erection of an office building on Main street. It will be a one-storey brick [illegible] 27 by 30 feet.

The hospital board held its regular meeting with the following members present: A. J. Morrison, E. C. Symes, J. A. Rosebrough, S. P. Jacobs, C. E. Thompson and N McClellan.

40 YEARS AGO

Sept. 18th, 1919

Telephone lines will be built into the north and south country from Vermilion this fall.

E. D. McLay is erecting an office frame house. It is located on First Street North, just west of the [illegible] lumber yard.

James Ostrum of London, England, is in Vermilion this week looking over the country and [illegible] to large farm property [illegible]

NEWS from KITSCOTY

Mr and Mrs. Robert Potter and family of Calgary spent the long week end here visiting with Rev. and Mrs. A. E. Potter and Marcella.

MANNVILLE W.A. BEGINS SEASON

The Women's Auxiliary of the United Church held their first meeting of the season on Sept. 10. It is planned to hold meetings twice a month, on every second Thursday at 8 p.m. in the United Church social rooms.

The meeting was opened by a devotional period followed by a 15-minute W.M.S. session. Two members who had left Mannville during the summer were remembered with a gift.

In the absence of the elected president, Mrs. Annie Hubbard the vice-president, will [illegible] the meetings until December.

The recent flower tea was reported a [illegible] every way. New projects were discussed and are being planned.

Donations were made to the youth groups of the church, including the Mission Band, Explorers and the C.G.I.T.

All interested church members are invited to attend the next meeting.

1956 CHEV 4-door two-tone sedan. Good condition throughout. Terms may be arranged. Priced for quick sale at $1450. See Bill McGaughey or ph. R3002. 10

Miss Joyce Elliott from the Lavada district has entered the Archer Memorial hospital at Lamont to train for a nurse.

Miss Joyce Birkett from the Myrtle Hill district has [illegible] to Vegreville where she [illegible] to be a nurse. Best [illegible] are extended to both girls in their chosen profession.

Mr. and Mrs. T. E. Walker of New Westminster B. C. have been visiting with their brother and sister-in-law Stafford James and Norman for two weeks.

Mrs. Kirk Evans, the former Betty Gray, has joined the public school staff for the present term.

Mrs. Lawrence Watt left last Friday by bus for Creston, B. C. where she will visit with her daughters for several weeks and see her new grandson for the first time. Proud parents are Mr. and Mrs. J. Barber (nee Dorothy Watt).

Miss Olive Anne Unger of Calgary has spent the past two weeks with her mother in the Lavada district.

Visiting recently at the home of Mr and Mrs. Boyd Mitchell were Frances' mother and father Mr and Mrs. Mike Jacubec [illegible] her brother and wife, Mr [illegible] Mrs. Joe Jacubec [illegible] New Westminster, B. C.

Miss Sylvia Kay, daughter of Mr. and Mrs. A. R. Kay left last week end for Regina where she will attend the Qu'Appelle diocesan school for girls for the coming year. Best of luck Sandy!

Best wishes for a complete recovery are extended to Mrs. R. Swyripa who is a patient in the Lloydminster hospital.

Mr. and Mrs. Frank [illegible], Mrs. R. Hunt and Mrs. R. Davis, all from Moose Jaw, spent several days here visiting with their uncle and aunt, Mr. and Mrs. J. R. Fox and [illegible] Dan and Mrs. Fox.

Mr John Dale spent the long week end at his cottage at Cold Lake. He was joined there by his son Jack, Mrs. Dale and family from Edmonton.

Mr. and Mrs. James McCarty returned home last Monday from their two month holiday spent touring England Scotland and visiting with relatives in Ireland.

Mr. and Mrs. Roy Johnson and their twin daughters Linda and Lorna of Creston, B. C., visited here last week with Joyce's aunt and uncle, Mr. and Mrs. G. R. Portsmith and the girls.

Mr. Douglas Leighton is attending the Miller Business College in Lloydminster this year.

MR. AND MRS. BOBBIE GEORGE MILLER
—Photo by Photocraft

Miller - Williams Wedding Is Solemnized at Holy Name Church

Holy Name Roman Catholic Church was the scene of a pretty wedding on Saturday, August 15 which united in marriage, June Shirley Williams, daughter of Mr. and Mrs. John Williams of Vermilion and Bobbie George Miller, son of Mr. and Mrs. George Miller of Hanna.

Rev. Father Duffy performed the double ring ceremony before an altar banked with bouquets of gladioli and fern. Sweet peas tied with lace bows marked the guest pews.

The bride entering the church on the arm of her father looked lovely in a floor-length gown of traditional white, featuring a scalloped neckline and lily point sleeves. The very bouffant skirt was formed by many tiers of lace over taffeta. Her chapel-length veil misted from a crown of seed pearls and dainty white flowers. She carried a bouquet of American Beauty roses. Her only jewelry was a single strand of pearls and earrings, a gift of the groom.

Attending the bride were the Misses Alice Toner and Doreen Perkins. They wore identical waltz-length gowns in shades of aqua and yellow respectively with matching headpieces. The flower girls were the bride's sister Miss Brenda Williams and the groom's niece, Miss Terry Lynn Dodderidge. Brenda wore a dress of yellow lace and Terry Lynn's dress was powder blue. Each little girl wore a matching headband and carried a nosegay of mixed flowers.

The groom was attended by his brother-in-law Mr. Bob Dodderidge, and Mr Paul Beaupre. Ushers were Mr Ron Baker and Mr Lenny Pearson.

Mr James McGaughey was organist and Mrs Betty Shalka was soloist. During the signing of the register Mrs. Shalka very beautifully rendered Ava Maria.

Following the ceremony a reception was held in the Legion hall for 150 guests. The bride's table was centred with a very beautiful three tiered wedding cake. Mr Bob Dodderidge acted as master of ceremonies and called upon Father Duffy to propose the toast to the bride following which the groom suitably replied. Mrs. Shalka sang "Walk Hand in Hand" and Dr. A. Ben King sang "The Lord's Prayer". Mr Leo Klashinsky, uncle of the bride, also spoke a few words to the assembled guests. Later in the afternoon, open house was held at the home of the bride's parents where many friends gathered to extend best wishes to the newlyweds. Miss Marilyn Miller and Miss Karen Williams, sister of the bride, were in charge of the guest book.

For her daughter's wedding Mrs. Williams wore a sheath style dress in turquoise with white accessories and a corsage of coral flowers. Mrs Miller, mother of the groom, chose an afternoon dress in navy blue with white accessories.

For her honeymoon the bride changed to a powder blue printed sheath with matching three-quarter length coat which featured a wide collar and puffed sleeves. Her accessories were [illegible].

Mr. and Mrs. Miller will reside in Vermilion.

Out-of-town guests at the wedding included: Mrs. Alice Cambridge and Frances of Fort MacPherson, N. W. T.; Mr. and Mrs. Clarence Johnson of Edson; Mr. Walter Johnson and George of Elk Point; Mr. and Mrs. John MacKenzie and son of Drayton Valley; Mr and Mrs Bob Doddridge and Terry Lynn of Calgary; Mr. Paul Beaupre of Bonnyville; Mrs. Jean Whalen and girls and Mrs. Carmen Millar of Edmonton; Mr and Mrs George Miller and Marilyn; Mr. and Mrs. M. Dahl; Mr and Mrs Alex Hogg and Allan; Mr. Fred Trottier; H. Duffy; Mr and Mrs N. Christofferson, all of Hanna.

Pleasant Valley

The weather is on the cool side but grain is drying nicely. The men are busy haying and some are combining. Leaves are beginning to show their fall colors, since the frost the bluffs are really pretty in their many hues. Flowers — those that withstood the frost are still blooming profusely. Flower lovers [illegible] member to get their bulbs and plants in pots now for winter beauty later on. The writer has a number of lovely [illegible] and double petunias in the garden to give away. These will bloom most of the winter.

A family gathering was held at the Potvin home last Sunday where the [illegible] met and enjoyed a turkey dinner. In the evening slides were shown of the trips that had been taken during the holidays.

We are very glad to hear that Mr. Bowser is home from the hospital.

Barbara Golby might be home from the Edmonton hospital at the end of September. She is up in a chair every day.

Mr. and Mrs. Wallington are moving to town this week to take up residence in their newly purchased home.

Most people are like steel. When they lose their temper they're worthless.

Marwayne H. & S. Plans for Year

MARWAYNE — The Marwayne Home and School Association held their first meeting of the new season on Tuesday, September 8th with a fair attendance in spite of the terrible rain that had fallen that day. There were eleven of the thirteen teachers present and the new ones were introduced by Mr. Gardiner. Mr. Peck, president, on behalf of the Home and School extended a welcome to the new teachers.

Those on the entertainment committee for this season are Mrs. Hutchinson, Mrs. Wheat and Mrs. Hillaby as well as Mr. Gardiner and the executive. Mrs. Spence volunteered to continue buying the supplies.

The second-hand book depot was discussed and thought to be quite successful. From what the committee learned this year they will be able to handle another much easier. Books not sold are still to be picked up at the school. Mr Joe Hale commended the committee on their work.

The Home and School Workshop will be held in Banff late in October. Any member able to attend may do so with expenses paid by this association.

The Book of the Month will be carried on again this year. That is, the room having the largest number of parents present gets $2.00 for a book.

Mr Jim Hale showed some very interesting pictures of their trip one year ago to Yellowstone National Park and also a few [illegible].

The next meeting will be on Tuesday, October 13th.

In Toronto in 1930, there were 2236 cases of diphtheria and 224 deaths. Once toxoid was put into general use, this killer began to vanish, and in 1934, Toronto had its first year without a diphtheria death — first city of over 500,000 population in the world to achieve this miracle. There were no diphtheria cases in Toronto in 1958.

The fact that diphtheria has become so rare is no reason to neglect immunization.

Mrs. Gould Enjoys Visit in States

Mrs. Sylvia Gould has just returned to her home at Streme from an extended visit to her former home in Oklahoma. She found the weather very hot there with the temperature as high as 105 above. On her visit to Kansas and Missouri the intense heat was alleviated somewhat by rain.

The family had a re-union picnic in Oklahoma City where 46 of them enjoyed renewing fond memories as they ate under the shade of towering oak and elm trees which were the only landmarks which had not changed to any extent as Mrs. Gould's childhood home had been enlarged and renovated almost beyond recognition. It was there that her mother ran the race in the "Strip" to obtain their 160 acres for one of the three homesteads that they proved up on, one of which was in Alberta. The Oklahoma place sold in May of this year for $11,500.

The 1958 strike of nickel workers resulted in the loss of just under 1,000,000 man-days of work. the Hamilton steel strike cost 300,000 man-days of work. Record loss of work in Canada was 1,225,000 man-days in an [illegible] strike in [illegible].

Mr. and Mrs. Lyle Dowdell left by car on Monday for an extended holiday tour to Eastern Canada.

Mr. and Mrs. Mac Simonsen returned home Tuesday from a holiday spent playing golf at Kalispel in the International golf tourney there, and in visiting Mrs. Simonsen's brother Tom Smith and family at Penticton.

A guest at the Anglican rectory this week is Mrs. S. A. Spreston of Brandon, Man., who is visiting her daughter and son-in-law, Rev. and Mrs. W. A. Champness.

APPRECIATION
I wish to thank my friends for the calls, get-well cards, gifts and visits during my stay in the hospital with special mention of the kindness by Mrs. Walter Fisk and Mr. Ashley Cooper.

Mrs. Walter Thompson

CARD OF THANKS
We wish to express our most sincere thanks for the many acts of kindness, messages of sympathy, the beautiful floral tributes and memorial donations received during our recent bereavement.

The Kowalchuk Family.

CARD OF THANKS
We wish to extend our heartfelt thanks for the acts of kindness, help, floral tributes, memorial donations and sympathy cards received during our bereavement.

The Axley Family.

IN MEMORIAM
In loving memory of
W. H. GORDON
—who passed away Sept. 13, 1951.

"There's an open gate
At the end of the road
Through which each must go alone.
And there is a light we cannot see
Our Father claims His own;
Beyond the gate our loved one
Finds happiness and rest,
And there is comfort
In the thought
That a loving God knows best."

—Loving wife and family.

LOCAL NEWS

ENGAGEMENT ANNOUNCED
Dr. and Mrs. A H. Sweet of Islay wish to announce the engagement of their eldest daughter, Helen Erva, to Mr. Robert John Turner, only son of Mr. and Mrs. John Turner of Ponoka. The wedding is to take place on October 5th, 1959, at 3 o'clock p.m. at Knox United church, Islay. Friends and acquaintances of Islay and district please accept this as your invitation. The reception is to take place at 4:00 o'clock in the Islay Community hall.

Curtis H. Wilson, who is a patient in the Vermilion hospital, was visited by Mr. and Mrs. Glen Inner of Ponoka, Mrs. Doug Porter and Mrs. A. Larsen of Calgary. Mr. Wilson's sisters spent the week end in Vermilion, staying with Mrs. Wilson.

Frank Crawford and Allan Maxwell, both of Edmonton, were visitors in Vermilion on Sunday at the homes of Mr. and Mrs. Doug Maxwell and Mr. and Mrs. Doug Cooper.

Mrs. Ken Urquhart, son Elliott and Mac Paxton, drove to Edmonton Saturday where they attended the Stamps vs. Esks football game that evening. Mac has now concluded a busy summer's work here as recreation supervisor of the Vermilion Provincial park, and plans to enroll at the university in Missoula, Montana for further studies this winter.

Mr. and Mrs. Frank Welsh attended the wedding of Mr. Welshs' niece in Edmonton on Wednesday.

Mrs. L. A. Fry and her son Gary were visitors at the home of her parents, Mr. and Mrs. Frank Sperberg, recently. Mrs. Sperberg is looking well but is still confined to a wheel chair from which she does her housework, aided by Gary who is seven years old, and attending grade 2.

Mr. and Mrs. Fred Stewart have as their guest, Mrs. Stewart's mother, Mrs. Michel of Edmonton.

Mr. and Mrs. Bill Stabler and their little son of Dawson Creek, B. C., recently visited their parents, Mr. and Mrs. Harry Jaremco of Derwent.

Edgar Porter of London, Ont., spent an enjoyable holiday recently with his mother Mrs. T. Smith and Mr. Smith.

Mr. and Mrs. Lovyl Marian of Vermilion, were pleased to have relatives from California visit with them recently. Mr. and Mrs. William Tym of Loma Linda. William, brother of Mrs. Marian, is taking his last year in Dentistry at C M E. College in Loma Linda. Mr. and Mrs. Peter Tym and family of Lancaster. Peter is teaching Math and Science in High School. Mr and Mrs. George Phillips of Los Angeles. Mrs. Phillips, sister of Mrs Marian, is office nurse at the doctor's clinic and her husband is attending university, taking Architecture.

Mr. and Mrs. Ashley Cooper are in Banff this week end attending the annual convention of the Alberta weekly newspaper editors.

Miss Olga Pashulka who recently completed her three year nursing course at the Holy Cross hospital in Calgary, is spending a few weeks at the home of her parents, Mr. and Mrs. John Pashulka of Derwent. Following that, she will be employed at the Innisfail Municipal hospital.

J. V. Kneale, superintendent of the Canadian Utilities power plant at Vermilion, attended the Institute of Power Engineers, Western Region, from Thursday to Saturday last week. The convention was held at the Corona hotel in Edmonton.

The Vegreville Ladies' Golf club has extended an invitation to members of the Vermilion Ladies' Golf club to participate in a tournament in Vegreville this coming Sunday Sept. 20

Mr. and Mrs. Bob Miller are spending a few days in Calgary with relatives this week.

Pat Bentley, son of Mr. and Mrs. N. N. Bentley was a visitor in Vermilion for two days this week. He completed his summer work as surveyor for the Highways branch and will now return to Edmonton to enroll for his third year in Engineering at the U. of A.

E. T. Mayhew of Victoria, B.C., has been spending his holidays visiting with relatives at Clandonald and Vermilion. He left this week by TCA for his home in Victoria.

Mr. and Mrs. Claude Underdown, accompanied by daughter June, and Mrs. Ellen Gould, recently returned from a two week trip to Vancouver Island. Greetings were forwarded from Brentwood from Mr. and Mrs. Harry Young and Mr. and Mrs. Eddie Fenton, [illegible] from Victoria [illegible] from Mr. and Mrs. Clyde Ambrose and Mr. and Mrs. Sid Giles. A very enjoyable trip was made via the Crow's Nest Pass, Kingsgate, Spokane, Wenatchee, Anacortes, Sidney, Victoria, Nanaimo, Port Alberni, Vancouver and home via Hope-Princeton.

Mr. and Mrs. Jim Wilson of Bagotville, Que. are the proud parents of a new daughter, Natalie born Sept. 8. The baby's grandparents are Mr. and Mrs. John Wilson of Vermilion. Mr. and Mrs. Jim Wilson plan to sail on Oct. 23 for Europe where Jim will be posted with the R. C. A. F.

GO TO SEE "MY FAIR LADY"
There were several Vermilion residents who made the trip to Edmonton this week to see "My Fair Lady", the well known musical comedy being staged throughout the week at the Jubilee auditorium. Among those who went are Mr and Mrs Ken Rowe, Mrs. Roger Rowe, Mrs. G. F. Stephens, Miss Margaret Stephens, Mr. and Mrs. S. C. Heckbert, Dr and Mrs. H. J. Clarke, Mr and Mrs. J. R. Boake, Mrs. A. E. Kaiser, Mrs. Jack Wright, Mr and Mrs. E. M. Stewart and family, Mr and Melvin Hill, Mrs. Addie Mead,

Alice Toner Is Feted At Shower

Miss Alice Toner was the guest of honor at a bridal shower held at the home of Mrs. Simonet Sr. on Sept. 5. Mrs. Emma Howgate was a co-hostess to the thirty three guests who gathered to present the bride-to-be with many beautiful gifts, and their wishes for a long and happy married life. Alice thanked her friends for their kindness, and issued an invitation to all to drop in on them at their home in Edmonton.

The evening was concluded by the serving of a tasty lunch by the co-hostesses.

While renovating her house in the east end of town Mrs. Belle Codd discovered some interesting and ancient receipts in the partitions. The receipt was for a lumber bill purchased from J. B. Sanborn and Co. on June 21, 1907. The lumber was purchased by one John Robertson.

Mr. R. R. Brennan of Calgary is a guest at the farm home of his son Claude and family. Mr. Brennan plans to stay until after Claude's sale of dairy cattle.

Mrs. Valerie Hilkos has completed her training at the University of Alberta and has taken up residence at Kelowna, B.C., where she is teaching in the Rutland junior - senior high school.

MISSIONARY SPEAKER
Reg Powell, Missionary from the Argentine will speak at the Gospel Hall, Vermilion, on Sunday evening at 7 30 o'clock. Everybody is welcome.

[illegible]
Salvation Army Home League will hold a rummage sale Saturday Sept. 19 starting at 10 a.m. in the Salvation Army hall. Please use rear entrance. 8-10

Mrs. M. P. Dixon, Mr. and Mrs. C. T. Heckbert, Mrs. W. Champness and her mother Mrs. S. A. Spreston, and Gerry Marshall.

The Bible Today

According to the latest survey of the Missionary Research Library, Dec. 8, 1958, there are at present 38,606 Protestant Missionaries at work in all countries. In Sub-Sahara Africa the proportion of missionaries has increased from 21% in 1925 to 31.87% (11,359).

The increase in demand for the Scriptures in Africa has been the highest of any area in the world. "Union" versions of the Scriptures have been increased. There are now the Union Nyanja for Nyasaland, Union Ibo of South East Nigeria, Union Shona of Southern Rhodesia and Union Swahili of East Africa. Other versions are in preparation like Luyia of the Lake Province of Kenya and Kalenjin, part of the Rift Valley of the same country. These versions and translations, and those for other parts of the world, numbering nearly 400, are supplied to all missionaries by the Bible Societies which are joined together in the United Bible Societies.

Suggested Bible Readings for next week

Sunday, Sept. 20 — Zechariah 8:1-13.
Monday, Sept. 21 — Luke 15:11-32.
Tuesday, Sept. 22 — Luke 16:1-13.
Wednesday, Sept. 23 — Luke 16:14-31.
Thursday, Sept. 24 — Luke 17:1-19.
Friday, Sept. 25 — Luke 17:20-37.
Saturday, Sept. 26 — Luke 18:1-17.

Of Many Things . .

By AMBROSE HILLS

Albertans get annoyed when anyone shows fear of natural gas as a fuel. Of course, natural gas is an old story in Alberta, and they simply cannot understand why it should be feared when statistics prove without a doubt that it is one of the safest of fuels.

I lived in Alberta for many years. In those days, gas was so cheap we didn't bother to turn it down in the winter even if the house got too hot — we simply opened the windows instead. In all our years there, I can't remember a fire caused by gas. If people committed suicide in our neighborhood, they did it some other way. One poor chap jumped off the high level bridge, and when they found him, it was noted that he had tied his ankles together so that he would not be able to change his mind.

A member of my own family is afraid to fly. My son keeps quoting figures to her to prove that you are safer in an airplane than in many other vehicles, but she refuses to pay any attention.

She is scared stiff of the ocean so it seems we'll never get to travel abroad unless somebody builds some mighty long bridges.

Some reasonable fear is a good thing. Natural gas, like any other fuel, must be treated with respect. Electricity, too, presents hazards, as do coal and oil. You should be wary of going for airplane rides with careless pilots, or to sea in leaky boats. But ever to deny oneself the use of good fuel, fast transportation or a leisurely ocean voyage through fear is something else again.

What Alberta can do to reassure people about natural gas, I don't know. They can console themselves, I suppose, with the knowledge that some day someone will come up with a brand new fuel and then the fearful will transfer their fear to it.

Letting the grass grow under your feet won't postpone its growing over your head.

Canada's population includes people of about 45 different racial origins and, including the many language groups into which the Eskimo and Indian population is divided, there are about 75 different languages spoken in Canada.

SEWING FOR FALL

Choosing Fabric and Pattern: Many of the synthetic fabrics have little 'give'. It is best not to choose a pattern where extra fullness must be shrunk out (e.g. a set-in sleeve). Check to see that there is sufficient ease through shoulders and over bust when fabrics have little or no stretch.

Needle Size: Before you start to sew, look at your machine needle. Needle size is very important. Use the finest sewing needles for lightweight fabrics and slightly coarser needles for bulkier fabrics. Change needles often as the toughness of synthetics dulls the needles. Cut ends of thread diagonally for easier threading.

Stitch Length and Tension: What about the length of the machine stitch? Test your stitching on a scrap of material before the garment is stitched. Use a long piece of fabric, double thickness and stitch on the lengthwise grain as if you were making a seam. Stitch lengthwise, crosswise and diagonally. Look at both sides of fabric. Adjust your stitch length and if necessary the upper tension until stitching looks correct. For instructions on tension adjustment, refer to your sewing machine book.

Understitching: For a crisp line at neckline and armholes, it's important that facings be flat. The secret — understitching. After stitching a facing to the neck or armhole, press seam toward facing. Then make another row of stitching close to the seam line, through facing and seam allowance. Press all facings to the inside then tack where the facing crosses a seam.

Circular Hems: Do you have difficulty obtaining a smooth finish on a circular hem? Machine baste the hem edge using 8 to 10 stitches per inch. Turn up the hem, then ease in the fullness by pulling up the basting thread. Anchor the ends of the machine basting by securing them around a pin. Press the hem with a steam iron as some of the fullness may shrink out.

First United Church Is Scene Of Anderson-Farrel Vows

First United Church, Vermilion, was the scene of an attractive summer wedding on August 22nd when Glenda Ann, daughter of Mr. and Mrs. M. C. Farrel of Clandonald, became the bride of Harvey John, son of Mr. and Mrs. Harvey John Anderson Sr., of Vermilion. The church was beautifully decorated with sweet peas and gladioli for the ceremony which was conducted by Rev. C. W. MacKay.

The bride, who entered the church on the arm of her father, looked very lovely in a dress of floor-length nylon net and lace featuring lily point sleeves and sequin and seed pearl trimming. She wore a shoulder length veil which was held in place by a lace pill box headpiece. Her bouquet was of red roses and lily of the valley.

Attending the bride were Miss Gertrude Farrel her sister, and Miss Dorinda Anderson, sister of the groom. They wore afternoon dresses in shades of spring green and apricot respectively, white picture hats and accessories. Each carried a bouquet of pink flowers and wore pearl earrings, a gift of the bride.

Little Miss Susan Lundholm, dressed in a dainty dress of yellow lace, was flower girl, and Master Harold Cox escorted her. Both junior attendants are cousins of the bride.

The groom's attendants were Mr. Earl Ireland and Mr. Howard Farrel, brother of the bride. The groom's gifts to his attendants were tie pins.

Wedding music was supplied by Mrs. John Hillcox and Mr. Hartley Sorenson was soloist, singing "The Wedding Prayer" during the signing of the register.

For her daughter's wedding Mrs. Farrel wore a navy blue dress with white hat and accessories and a corsage of pink flowers.

Following the ceremony, a reception was held in the Allandale Community centre for 140 guests. The bride's table was centred with a lovely three-tiered wedding cake which had been baked by Mrs. Hugh Hagen, an aunt of the bride and decorated by Mrs. Orley Omness. Serviteurs for the occasion were friends and relations of the bridal couple, Helen Dolman, Shirley Lovell, Myrna and Irene McPhee, Dianne Simonet, Caroline Cox, Nyra Harrison and Marian Mead. Mr. Hugh Farquhar, student minister, acted as the master of ceremonies, and he called upon Mr. Hugh Hagen, uncle of the bride, to propose the toast, which brought forth a suitable reply from the groom. Mr. Sorenson again favored guests by singing "Because".

For going away, the bride donned a green wool, box style suit with matching accessories and a pink corsage.

Following their honeymoon to Jasper and Banff by car, the happy young couple will reside on their farm five miles west of Vermilion.

Out-of-town guests at the wedding included Mr. and Mrs. C. J. Cox and family, Mr. and Mrs. Ross Anderson, Mr. Barry Tough, Alice and Mitchell Meyer, all of Edmonton, Mrs. Wes Harrison and family of Mayerthorpe, Mr. and Mrs. J. Storms, Mr. and Mrs. Joe Vert McLaughlin, Mrs. R. Himmelreich and Blair, Fort St. John, B.C., Mr. and Mrs. J. Robinson, Wainwright, Mrs. R. Hammer and family of Vulcan, Mr. and Mrs. P. Linquist and family of Fort Saskatchewan, Mr. and Mrs. G. Good, Islay, Miss Dianne Enger, Lloydminster, Marg Bronoho and Earline Baguley, Islay, Mr. and Mrs. Fred Swyripa.

MARWAYNE

Congratulations to Mr. and Mrs. L. Franklin and Mr. and Mrs. B. Freehill on the birth of sons and to Mr. and Mrs. Mac Hancock of Ribstone on the birth of a daughter.

Congratulations also to John Bell who has been awarded the Hotelman's scholarship of $500.00. John passed his grade twelve exams with an average of 77.3%.

Mr. Ken Brown of the [illegible] staff is on a two week holiday and so are Mr. and Mrs. Ed Vileychuk and their daughter.

Miss Pat Kneen, daughter of Mr. and Mrs. Max Kneen and grand-daughter of Mr. and Mrs. Joe Ure, is one of twelve teachers that have gone north to Frobisher Bay, Baffin Island, which is on the D.E.W. line to teach basic English to the Eskimos. Pat went by rail to Montreal and then by plane.

Miss Jean Milne and Miss Shirley Rutherford, also a grand-daughter of Mr. and Mrs. Joe Ure, and two friends have finished their tour of Europe and are in the British Isles now. They will be sailing for home on Sept. 22. What a lot of experiences these girls will have to tell of.

Each year Marwayne grows a little more with more homes being built and all of them occupied. At the present time two basements have been dug west of the John Deere agency where Mr. A. Romanick is building a home and Mr. and Mrs. Davidson of Dewberry. A bulk [illegible] is under construction [illegible] Crowther's corner.

The basement of the Elks Hall has been completely remodelled with new furnace, kitchen and wash rooms with hot and cold water and a dining room which will be sufficient except for the very large banquets which will still have to be held upstairs.

Mrs. Jones, Edmonton, has been visiting at the home of her brother Mr. Guy Williams Sr.

Mr. and Mrs. W. Milne also of Edmonton visited at the home of Mr. and Mrs. Olaf Smith. Mr. Milne and his parents were old time residents of the Streton district and attended school there many years ago.

Mr. Cliff Espenvedt was rushed to Lloydminster hospital recently for an emergency appendectomy.

The cattle sold very well at the Lea Park auction sale last Tuesday in spite of the heavy rain experienced that day.

The largest meteorite ever recovered in Canada made of iron and weighing 386 pounds was found at Iron Springs, Alberta, in 1869 and is now displayed at Toronto's Victoria College.

Anglican W. A. Plan Activities, Mannville

MANNVILLE. — Meeting at the home of Mrs. E. Legg on Wednesday, Sept. 9 in the afternoon, members of Christ Anglican Church W.A. held their first meeting of the fall season. Following the worship service, reports of the various committees were read and adopted as well as hearing a chapter from the study book and missionary letters read by the educational secretary. Dispensing with the business a discussion was held which pertained to church matters. This group will assist the sister group, Happy Hour W.A., with a banquet in the near future. The October meeting will be held at the home of Mrs. Alice Rutherford. Lunch was provided by co-hostesses Mrs. Harry Shell and Mrs. Chris Hamilton.

Announcing the amalgamation of two great names in the Canadian Brewing Industry

SICKS' EDMONTON BREWERY LTD.
and
MOLSON'S BREWERY LTD.

will henceforth be known in Alberta as

MOLSON'S EDMONTON BREWERY LTD.

It brings together two of the great names in the Canadian Brewing Industry. From the West is Sicks'—founded in 1901. From the East comes Molson — founded in 1786.

It is a positive move for both parties. No change will be made in the products, policies or personnel of Sicks' Edmonton Brewery Ltd. This amalgamation combines experience with experience, quality with quality, and tradition with tradition.

CRAIG'S . . . YOUR FRIENDLY FAMILY STORE

NEWS from ISLAY

Last call for recipes for our W.A. recipe book. Please let us have them now. It is going to be a very nice book.

Some of our girls are very anxious for a 4-H Food club to organize again this year. Eight girls at least are needed and of course more [illegible] to welcomed. So dad and mom, please co-operate and encourage these few who are waiting to get started. Mrs. Moncrieff is the leader and will no doubt be greatly disappointed along with the girls if there is no club.

We understand that Barbara Golby is improving and is now in a wheelchair. She is also practising to walk in between bars suited for that purpose.

Mr and Mrs. Marvin Gould have been to Manitoba and also visitors in Regina attending the wedding of Mrs. Gould's sister. [illegible] returned with them for a visit.

Mr. D Potvin of Edmonton, a cousin of Wilfred's, has been visiting the Potvin's and some old time friends, the Maires and Mrs. Kennedy.

We are sorry to learn that Mr Jack McNeeley is not well and is in Vermilion hospital at present.

Congratulations to Mr. and Mrs. Harold Rosbuck on the birth of a son, also to Mr and Mrs. John Anderson of Dewberry a son in Islay hospital.

We surely miss "George's Place" when visiting Vermilion.

Dale Torrance has purchased a cattleliner and is now transporting stock quickly.

LOST — Small leather change purse containing money. 2 keys attached. Finder please return to Standard Office. 10

Portfolios Change Hands In Alberta Cabinet; Four Affected

Changes in the portfolios held by four members of the Cabinet of the Government of Alberta were announced this week.

In a ceremony held in the office of Lieutenant Governor Dr J J Bowlen September 1 the Hon. A R. Patrick, former Minister of Economic Affairs was sworn in as Minister of the Department of Industry and Development and as Provincial Secretary. The Hon. R. Reierson, former Minister of Industries and Labor, was sworn in as Minister of the Department of Labor. He will later be sworn in as Minister of Telephones.

At the last session of the Alberta Legislature the Department of Industries and Labor was divided into two departments, the Department of Labor and the Department of Industry and Development. The Department of Economic Affairs was dissolved.

Hon. Gordon Taylor previously held the dual portfolios of Minister of Highways and Minister of Telephones. He retains the former responsibilities. Hon. A. J. Hooke, Minister of the Department of Municipal Affairs, relinquished the duties of Provincial Secretary as result of growing obligations of the former department.

John Oberholtzer, former deputy minister of Industries and Labor, now becomes deputy minister of Industry and Development. K. Pugh, former chairman of the Board of Industrial Relations becomes Deputy Minister of the Department of Labor. E. R. Hughes continues as Deputy Provincial Secretary.

All branches of the former Department of Economic Affairs become branches of the Department of the Provincial Secretary with the exception of the Industrial Development branch which is transferred to the Department of Industry and Development.

CLANDONALD HALL.

Showing at the Clandonald hall Fri. and Sat. Sept. 18 and 19, "The Brave Ones", an outdoor action picture starring Michel Ray; Sept. 25 and 26, "The Girl He Left Behind". A comedy starring Tab Hunter and Natalie Wood. News reel. 10

The world's longest covered bridge, nearly 1,200 feet in length, crosses the St. John River at Hartland, N. B. The second largest covered bridge in Norway, is about 200 feet shorter.

The date your subscription to the Standard expires is shown on the label after your name.

The Rotary Club

is again sponsoring the

COMMUNITY BIRTHDAY CALENDAR

IT WILL BE THE MOST INTERESTING AND INFORMATIVE CALENDAR YOU HAVE EVER SEEN!

The Rotarians want every person in Vermilion and district to have their name printed in the Calendar. Your name will appear on the date your birthday falls. Everyone will know when your birthday comes, and you will know the birthday of everyone else in Vermilion and district. But it doesn't tell how young you are!

YES! Once again this is going to be the CALENDAR OF THE YEAR, and a lot of fun for everyone!

The members of the Rotary, beginning right away, are going to contact you about putting your birthday on the calendar. The cost of the name is only 10c, and the name of every member of your family is desired on this calendar. Each family buys a calendar for only 50c. Extra calendars may be purchased if desired.

The wedding anniversaries of all our married couples will be listed on the date of their anniversary, with a little bell after the names, at cost of only 25c.

ALL PROCEEDS TAKEN IN BY THE ROTARY CLUB ON THIS PROJECT WILL BE USED FOR COMMUNITY BETTERMENT AND YOUTH ACTIVITIES IN THIS AREA.

Proceeds from previous calendar sales have been distributed in part as follows: For support of Little League baseball team; Pee Wee hockey, revolving fund for students requiring financial assistance; Rotary Christmas tree, Grant to Library, Sponsored Band Concerts, sent delegate to United Nations short course at Banff; Grant to Scout Hall; sponsored Courtesy Contest; sponsored Car Bonfire. It is expected that a considerable portion of current revenue will be used for extra equipment for the Elderly Citizens' Lodge during 1960.

During the week Sept. 21st to 25th Rotary canvassers will call at homes in town to accept listings. Make sure that important events in your family are carried on the 1960 Calendar.

Anyone from out of town, or not at home when the canvass is made, may have their birthday listed or order a calendar from any member of the Rotary Club. Here are a few of them — Elmore Stewart, George Webb, Ernie Shillingham, Les Greenwood, Ashley Cooper, Don Mitchell, Carl Beckland, Ned Bennett, Bill Crow.

— OR —

Fill in the attached coupon, listing names of members of the family, their birthdays, and anniversary, on this coupon and forward with remittance to —

Two Alberta Farm Young People Win Wheat Pool Bursaries

Two Alberta farm young people have been awarded Alberta Wheat Pool bursaries worth up to $2,500 each. Winners are Judith Ann Rendle, of Alliance and Edward E. Stashko of Vegreville.

The bursaries are payable at a rate of $500 annually for a maximum of five years and are tenable at the University of Alberta.

Miss Rendle, who will be 17 later this month, is the daughter of Mr. and Mrs. William Rendle of Alliance. The youngest of eight children, Miss Rendle won the Governor General's Bronze Medal for the [illegible] School district in Grade 9 and graduated from grade 12 with an average of 84.6 percent. She plans on taking the four-year Bachelor of Arts program, majoring in English. As well as her school work, Miss Rendle is particularly interested in music, art and drama, and enjoys literature and languages. She has lived all her life on the farm.

Eighteen year-old Edward Stashko, one of six children, lives on a farm in the Vegreville district with his mother, Mrs. Karoline Stashko. Although born in Mundare his entire schooling was taken at Vegreville where he was president of the graduating class. He obtained an average of 87.5 percent in Grade 12. Edward's hobbies include wood carving, archery, airplane modelling and construction of electric motors, radios and other electrical devices and telescopes. He has also been an active participant in track and field activities and football. He will take his Bachelor of Science in Electrical Engineering.

In awarding the bursaries, factors taken into consideration by the Scholarship Committee, in addition to scholastic standing include participation in community and school activities and need of financial assistance. One bursary is awarded to a student in the southern half of the province, and another to a student in the northern half each year. Bursaries are limited to boys or girls residing on Alberta farms.

In addition to this year's winners, other students attending the University of Alberta with the assistance of these Wheat Pool bursaries are: Lawrence [illegible], Cochrane: Harold [illegible], Mannville: Robert McAuley, Pincher Creek: Keith Nicholson, Vegreville and Stewart Fraser, Clyde.

"Foreign Missions" Is Subject at W.A.

MANNVILLE. — The monthly meeting of the Happy Hour W.A. was held at the home of Mrs. Joan Lugg on Thursday evening, Sept. 10, with twelve members present. Reports of each committee were read and adopted following the worship service. President Edith Johnstone was in the chair with educational secretary Anne Malin giving a most interesting account on foreign missions in India from the Study book.

Bills and accounts were passed and ordered paid and the new business was introduced. It was decided to cater to the Birch Creek W.I. anniversary dinner to be held in the near future: plans were made and a tentative date, Nov. 4th, set for the annual Thanksgiving supper. Mrs. Joy Manz won the guess. Co-hostesses were Margaret Hubbard and Nancy Coxford.

SQUARE NOTES From Circle 8

Hello square dancers, it's time to start thinking of fun and laughter at square dancing once again.

The Circle 8 club will be holding their season dances on the second and fourth Fridays of each month. The time and place hasn't been decided upon as yet, but it is hoped to start soon. However, all can be assured that our first dance will be a night of fun and dancing with a general meeting to be held afterwards. There will also be lessons starting this fall, so any one wishing to start lessons should get in touch with Sheila Hicks, Betty Repp or Johnnie Maxwell.

Watch the Standard and listen to the Lein or Ziegler square dance program for the date of the first dance.

A lot of fellers who complain about the boss being so dumb would be out of a job if the boss were any smarter.

Save the Whooping Cranes . . Public Co-operation Again Asked

Any day now, the world's last wild flock of Whooping cranes will be moving from their summer quarters in Canada's northwest, bound for their traditional wintering ground on the Gulf Coast of Texas. As the giant Whoopers begin their hazardous 2,500-mile journey, the Audubon Society of Canada again warns hunters: "DON'T SHOOT AT ANY LARGE WHITE BIRD. It might be a Whooping crane!"

Not until November, when an accurate census will be made in Texas, will it be known exactly how many Whooping cranes remain. Will the wild flock of 32 again be strengthened by the addition of young birds successfully reared in Wood Buffalo Park? Last year's crop of nine young set a 20-year record, but Audubon sources warn that we must not be over-optimistic, and should not expect that number to be reached in consecutive years. The 1958 production was considerably above average.

During September, October and early November, the period in which the cranes must travel the enormous distance from the Northwest Territories to the Gulf of Mexico, their prairie migration route is lined with hunters. This is the most critical part of the birds' year. Confusion with other species is not uncommon, so in order to ensure protection for the Whooping cranes, hunters are urged to GIVE SAFE PASSAGE TO ALL LARGE WHITE BIRDS. We cannot afford to lose a single individual. Adult Whoopers are pure white, seven feet across the wings, with black wingtips. They fly with long necks fully outstretched, long slim legs trailing. Young birds are rusty-brown, flecked with white.

No one knows in advance precisely where the Whooping cranes' migration will take them. According to the Audubon Society of Canada, the danger zone must be considered for safety's sake to extend from northern Alberta to southwestern Manitoba. Anyone spotting a Whooping crane is asked to report it, with full details, to your local game warden or conservation officer. Let's all do our part to help keep the Whooping cranes flying! tf

Gift To Library Is Appreciated

MANNVILLE -- Members of the local Library Board have acknowledged receipt of a gift, in the form of a stool in ade and donated by Mr. Reg Swanson for the convenience of the library. Grateful appreciation is expressed by the Board.

Extend Power Lines To New Oilfields

Canadian Utilities Ltd., has announced plans to construct three power line extensions in the Swan Hills oilfields in northwestern Alberta. The lines, totalling 39½ miles, will cost $225,000.

Major extension will be a 19-mile line from Sarah Lake to the Virginia Hills oilfield. This line will be built to 69,000 volt specifications and will eventually form part of the main transmission line to the Company's 10,000 kw Sturgeon generating plant near Valleyview. The main line from Sturgeon is due for completion in the spring of 1960 and will supply power requirements in the growing Swan Hills area.

The second extension involves 9½ miles of line from Swan Hills to Sarah Lake oilfield. Another nine mile extension will be built from Sarah Lake to the Judy Creek area. Both lines will be 23,900 volt capacity.

Arrangements are now being completed for the clearing of the right-of way in the densely wooded area.

Baseball, cricket and bullfighting rank as national sports in some countries. But the world's most popular game probably is soccer, according to the World Book Encyclopedia.

Fly-by-Night Roofers Working in the Edmonton District

Unscrupulous travelling gangs of roof repairmen are soliciting work in the district, the Edmonton Better Business Bureau has reported.

The B.B.B. reports that the workmen first obtain an order to repair an asphalt roof, offering guarantees of seven to ten years. They then spray the roof with a combination of road oil and aluminum powder. The B.B.B. says, "The job may look good when freshly done."

But frequently, the Bureau says, the oil will damage the asphalt material in the original roof. When dry the aluminum powder often will blow away. When the building's owner tries to have the guarantee made good the firm cannot be located.

The B.B.B. suggests, "select a reputable firm with a name for satisfactory work and obtain a competitive price. Ask for the names of satisfied customers and check with. Above all, never deal with unknown roofers."

Tight Money and Farm Credit

The Interprovincial Farm Union Council interviewed Mr Fleming on Thursday morning, Sept. 3rd. The questions uppermost in the minds of the organization was — how is the present tight money policy going to affect the farmers and their harvesting operations?

Mr Fleming's comments were reassuring in that he insisted that neither he nor the government had instructed the banks to tighten up credit restrictions. Furthermore he made it quite clear that he and the cabinet would look with great disfavor on any restrictions on farm improvement loans. The government increased the size of these loans at the last session and designed them to make more credit available in this field for the farmers. He stated that he felt the banks were getting adequate returns on these loans. He also felt very strongly that the banks had a duty and a responsibility to adequately service the farmer and small business and that he had in the last day or so made strong representation to the banks about this.

From the foregoing it would seem that it was not the intention of the government to restrict unnecessarily credit to small business and the farmer. However all business is contingent on profitable operation, and not withstanding the fact the bank profits are the highest in years they are naturally going to use the money they have available to their best advantage.

Up to the present no representations from Alberta farmers have come to the Edmonton office of the Farmers Union.

Ed C. Nelson, President
Farmers Union of Alberta

There are times in everyone's life when lack of action may result in great harm. When a person is sick and pain, sleeplessness or other annoying symptoms persist, it is time to act quickly to discover the cause and proper cure.

Delaying to consult a physician can often prolong illness. Self treatments usually do not permanently cure the cause of sickness. Let your physician prescribe the medicine his experience and knowledge judges is best for you.

A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

Mrs. J. Wallington, Pioneer Wildmere Correspondent, Retires After 27 Years

On Wednesday afternoon last, several people from Wildmere and Rosewood attended the lovely wedding of Evelyn Marfleet, second daughter of Mr and Mrs. Jack Marfleet, and Brian Callaghan, son of Mr Pat Callaghan of Vermilion. The bride looked beautiful as she walked up the aisle of First United Church on the arm of her father who gave her in marriage. Her attendants were Doreen Currah and Betty Smith, cousins of the bride. The groom was attended by Raymond Marfleet, brother of the bride and Wayne Ireland.

Later, a reception was held in the Elks Hall where a large group sat down to a bountiful turkey dinner and all the trimmings. Rev MacKay asked the blessing and Mr Neil McLean of Lethbridge proposed the toast to the bride and the groom very ably responded. Everyone wishes the happy couple many years of [illegible]. Later in the evening many friends gathered at the home of the bride's parents.

Mr and Mrs. [illegible] Ford of Vermilion visited for a few days with their daughter, Mrs. Frank Gibson and family of Rosewood last week.

On Saturday Gary Cruthers went to Edmonton to the football game. He was accompanied on the trip by his mother, his sister Mrs. Ken Shepherd and Bobby Graham. Mrs. Shepherd remained in the city and the rest returned home on Sunday afternoon.

Mr Howard Coburn of Battleview spent a few days in the hospital but returned home on Monday afternoon feeling much better.

The weather does not co-operate very well with the farmers as good drying days are needed so that harvesting can go ahead in the district. Some farmers have been straight combining.

Mr and Mrs. C Bourgeois of Vancouver, who have been visiting Mr and Mrs. Wm. Smith of Wildmere since July left for their [illegible] Saturday morning. The company that Mr Bourgeois works for had been on strike but last week the strike ended so he returned to the coast. While here he helped Bill and Adam put up hay.

On Friday evening Mrs. Cruthers and her daughters, Mrs. Shepherd and Maureen had a little party for Mary Gibson and Kenny Graham who leave soon to attend university. Card games were enjoyed and the evening closed with a delicious lunch. Linda Ruth Smith kindly brought her record player over so music was enjoyed too. Thanks folks, for your kindness to the young people.

Mr and Mrs. Barley of Vancouver B. C., who live next door to Mrs J. M. Smith are visiting with the Adam and William Smith's in Wildmere. They also visited with Mrs. Morand and family in Calgary.

Mr and Mrs. W J Garnett and Roy of Rosewood, who have been visiting in England for the past two months are expected home this week and. According to word received from them, they have thoroughly enjoyed their holiday.

On Sunday last, Mr Nicholls gave his farewell sermon for the summer. He brought his series of sermons on "The Lord's Prayer" to a close when he spoke on the theme "For Thine is the Kingdom, the Power and the Glory." After the service a short business meeting was held. Mrs. Roy Dibben is the new secretary-treasurer, replacing Mrs. Wallington who is leaving the district and who has been secretary for a good number of years. A social hour followed in the church yard, a lunch was served and a small gift was presented to Mr. Nicholls. Rev MacKay is to be asked to hold church services after Christmas in the Preston Central School. Up until then he will be holding services in Buffalo Coulee school.

The writer enjoyed chats on Saturday with Mrs. P Jensen, Mrs. J. Wilson, Mrs. A. Smith, Mrs. T Riley, Peggy Graham of Elk Point, Harold Connolly and his wife and son Ivan.

Well, folks, they say all good things must come to an end. Whether the Winks have been good or not, we must bring them to a close as my husband and I are moving to Vermilion this week. It is with deep regret I have to drop writing the Winks after doing so for twenty-seven years and nine months and I do hope someone [illegible] will pick them up and keep [illegible] column in our good local paper. I have truly enjoyed writing the Winks through the years and will greatly miss this weekly task. For now, au revoir.

Mrs. J. C. Wallington

Offers Hand In Need

MANNVILLE. — On a recent Saturday night the Innisfree Dorcas leaders of the Seventh Day Adventist church, Mrs. P Samograd, Mrs. Alex Latonsky, Mr and Mrs. Sam Samograd and Miss Alice Samograd drove to the Phillip Semeniuk farm south of Mannville and asked if they could be of any assistance in in helping to kill and dress their roosters. Mrs. Phillip Semeniuk is just recovering from a lengthy illness, spending some time in Mannville hospital and undergoing treatment at the University hospital in Edmonton. While there she worried about the cockerels and mentioned same to friends visiting her. Result the kind action of the Dorcas Society who always lend a hand. [illegible]

Adult Immunization Is Stressed During National Week

National Immunization Week 1959 will lay emphasis on the importance of adult immunization," stated Dr Gordon Bates, General Director of the Health League of Canada, which organization has sponsored Immunization Week' for the past 17 years.

"In the case of poliomyelitis, there is a lingering belief in the minds of adults that polio is a disease of childhood, and that adults have a natural immunity" he said. "While it is true that a natural immunity is acquired over the years by many adults, there are other adults who have not that immunity.

Since the discovery of the Salk vaccine, polio has moved up from being a childhood disease to being an adult crippler. Only last year in Ontario, [illegible] deaths from this disease occurred among adults over the age of 25. Adults between the ages of 25 and 40 and pregnant women are particularly susceptible to polio."

Dr. Bates pointed out that the entire course of injections, which are given over an eight-month period, must be taken before immunity is obtained. He said that a combined tetanus and polio preparation was available, and would provide protection for adults against the two diseases in a single dose. This procedure is being recommended by medical authorities.

For children, a quadruple preparation immunizes against diptheria, whooping-cough, tetanus and polio.

Dr Bates stressed the need for immunization on a wide scale.

"The aim of the Health League of Canada is to see that every man, woman and child in the country will be ultimately protected against diptheria, whooping-cough, tetanus, polio and smallpox," he said.

"Until this is achieved, Canada as a nation is still wide open to the threat of crippling epidemics, with all the attendant distress."

TULLIBY LAKE

It's "school days, school days, dear old golden rule days" time again. Locally things got under way on Tuesday, Sept. 1 with an enrolment of approximately seventy five children. This number includes sixteen new beginners.

Mrs. Tommy Carmichael is again assigned to teach grades 1 to 3 in the west junior room; Emile Wynnchi is instructing grades 7 to 9 in the senior room as well as being principal for the fourth year in succession. Miss R. Williams is teaching the intermediate room which includes grades 4 to 6. She replaces Mrs. Dorothy Thompson.

School bus drivers are Arthur Fortin who is again driving the Greenvale route only this year he is using the new road up past Joe Briand's instead of proceeding southward along the [illegible] estate. Tommy Carmichael is serving the Onion Lake and St. Margaret's portion while Alec Nolin drives the North Park route.

Deanna Adamson is taking her grade 11 in Marwayne and is again boarding with the Carl Harrington family.

Charles Beauregard is here from Edmonton attending school for the second year. He is staying at the Lawrence Cluter' home.

Johnny Marsh is taking grade ten in Marwayne and is for the present time staying at 'Doc' Cluter's.

Mr and Mrs. Bob Constable Sr. are here from Ardrossan, Alberta, visiting their two daughters and their families, Mr. and Mrs Arthur Fortin and Mr. and Mrs. Dennis Skinner.

Pretty Wedding Is Solemnized At Dewberry United Church

ORAM—ROMANCHUK

A very pretty summer wedding was solemnized in the Dewberry United Church on July 18 when Donna Romanchuk, daughter of Mr and Mrs. Steve Romanchuk of Dewberry became the bride of Robert Oram, son of Mrs. J. Kelly of Winnipeg and the late Mr. S. Oram.

Rev. A. Shortt of Kitscoty officiated at the double ring ceremony.

The bride, who was given in marriage by her father, looked lovely in a cocktail-length dress of acetate lace over net and taffeta. The skirt was in bouffant style. The tight-fitting bodice was trimmed in front with a nylon velvet Peter Pan bow with long streamers and complemented with a lily point sleeved bolero.

Her fingertip veil of nylon net cascaded gracefully from a bridal halo. She carried a white prayer book topped with a cascade bouquet of red roses and lily of the valley.

Attending the bride were Mrs. Adolph Butz as matron of honor, the bride's sister Mrs. Grochko and Miss Doris Gordy. Each was attired in a cocktail-length dress of lace and net, in pink, blue and yellow respectively and net bandeaux to match their dresses. Their bouquets were blue, pink and yellow carnations and fern.

The groom's attendants were Adolph Butz, the bride's brother Cyril Romanchuk and Eddie Wowk.

For her daughter's wedding the bride's mother chose a turquoise tyrolene dress trimmed with white nylon eyelet embroidery and white accessories and a corsage of pink roses.

The groom's mother wore a bronze nylon chiffon over taffeta dress with white accessories and pink roses on corsage.

Ushering the guests to the ribbon decked pews were the Hartwell twins, Robert and Jerry. Mrs. Iris Hodgson sang "The Wedding Prayer" during the signing of the register.

About one hundred and fifty guests attended the reception in the Greenlawn hall. The bridal table was centred with a three tiered wedding cake made and beautifully iced by Mrs. Walter Jones. Mr Cecil Grant was the master of ceremonies and spoke a few words about the bride and groom, then called upon the Rev Mr Shortt to propose a toast to the bride. The groom suitably replied to the toast. Mr Shortt asked the blessing before all partook of a delightful supper prepared and served by the ladies of the Greenlawn Goodwill club and friends.

A well attended dance was held in the Greenlawn hall and was much enjoyed. The Western Aces supplied the snappy music. Mr. Dalton Torrance was Emcee.

During the wedding and dance Mr Larry Grant took many pictures.

Out-of-town guests were Mr and Mrs. J. Kelly, Winnipeg; Mr and Mrs. Alex Linton, Mr Dalton Torrance, Islay; Mr Michael Oram, Fort Saskatchewan; Mr and Mrs. Robert Shattuck, Mrs. Bud Shattuck, Mr Bob Tyler, all of Kitscoty; Mr. Peter Verth and son Earle of Vancouver.

Many happy years of married life are wished the newlyweds who will make their home in Lloydminster.

Family Re-union Is Joyful Occasion

MANNVILLE -- Victor Bauer of Haines, Alaska who was home for a visit, Joe and Nettie Bauer decided to go to Calgary over the long week end. [illegible] to Edmonton in Joe's car they met Art and Stella Bauer, and accompanied them to Lethbridge where they all met Carl and Rusty Bauer, who joined the party to Calgary at the homes of Mr and Mrs. Stan Ruthledge (a sister) and Mr and Mrs Wal[illegible]. With this gathering of the families a wonderful time was had at the reunion. Mrs. Joe Bauer (Nettie) met with her sister quite by accident, Helen Hlebert, who was as surprised as was Nettie. She also saw Annie Gilmour, a former Mannville resident.

—S—

Mannville Locals

Mrs. Helene Semeniuk was a recent patient in the University Hospital and while there celebrated her 80th birthday. Imagine her pleasure when a huge birthday cake was presented to her by the staff and the cake, being so large, naturally she invited all patients and nurses present to help eat it.

Flower Sunday was observed at the McQueen Memorial United Church on Sept. 13 and despite the recent frost there were beautiful flowers there of many different species.

Mr and Mrs. "Shorty" Presser were seen visiting friends at Mannville over the week end.

Mrs. Frank Hinton had the misfortune to meet with an accident recently, suffering a bad fall necessitating hospital treatment.

Mrs. Gwen McCrae of Edmonton was a week end visitor to Mannville, and visited her mother at the local hospital.

Miss Anne Leberge leaves soon for the University Hospital where she is enrolled for a supervisor nurses training course for one year.

Miss Sophie Sojczurowski is taking a special maternity training course at an Edmonton hospital and has left the Mannville hospital.

Miss Friederich leaves for Germany where she intends to live. Mrs. N Cranks is in Edmonton visiting at the home of her son Stanley.

Some persons feel protected without immunization merely because they are adults, and therefore past contracting childhood diseases. This is dangerous thinking indeed, for in the case of poliomyelitis, those between the ages of 20 and 45 and pregnant mothers in particular, are proving more and more susceptible to this disease. But everybody should be immunized.

Worship Christening

The last christening to be performed on any of Her Majesty's ships took place in Toronto harbor when Lewis Cummings of Toronto kept his record intact. His four daughters were christened by navy chaplains in various parts of the world and now it was his son's turn. The practice has been stopped and only exceptional circumstances allowed this one. Rev. P. E. H. Golding of Chatham Barracks, England, is shown above with Gordon Lewis Cummings, four months.

It's bad enough to be a quitter But it's worse to finish something you never should have started

PARADISE VALLEY NEWS

Rain during the past week has played havoc with the roads, especially for the school buses. As a result Bill Davidson is busy trying to get them back in shape. The gravel is fast disappearing from many of the routes. As for the farmers, the rain has set all operations back for a while.

Mr and Mrs. W. A. Nickle had as their guests over the long week end, Mr. and Mrs G. E. [illegible] of Edmonton and Mr and Mrs. Wm. Corbett of Fort Sask[illegible].

Mr and Mrs. Jack Chambers and family have returned to Winnipeg where Mr Chambers is stationed. They had spent a month with Mrs. Chambers parents, Mr and Mrs W. P. Davidson.

[illegible] will [illegible] on Wednesday from Montreal to complete the teaching staff at the local high school. Full grade eleven and twelve will now be taught.

Young Dougie Stoddart underwent an operation in the Lloydminster hospital on Wednesday and is doing fine. We are also glad to report that Mrs. C Church is out of Wainwright hospital. Miss Shirley Nyset void and Miss Sharon Walters are also home from the Lloydminster hospital and back to [illegible]

[illegible] Mr John Hargest arrived recently to visit with his brother Colin Hargest for a few weeks. John likes B. C. for the winter months.

Mr and Mrs H B Wolkowski and family left on Friday for Adanac, Sask. where Mr Wolkowski will be the C P R station agent at that point. We are sorry to see this young couple leave. At time of writing we do not know who our agent will be.

Mr and Mrs M Hoskins, Mr and Mrs Herb Foxwell and family were Viking visitors on Sunday.

"But How Can EDUCATED People Be Catholics?"

Some "intellectuals" reject the Catholic belief in Christ.

Jesus, they say, was a mere man —not God. Some of them acknowledge that he was a great teacher and rank him with Buddha, Mohammed, Confucius and Moses. A few even claim that no such Person as Jesus Christ ever lived, and that the entire structure called Christianity is founded upon a myth.

While refusing to believe the Scriptures to be of divine origin, some of these educated people embrace Christianity because they feel that its moral laws are good for society.

"The service of the Christian religion," declared one of these doubters, "and my own faith in essential Christianity, would not be diminished one iota if it should in some way be discovered that no such individual as Jesus ever lived." They are, in other words, willing to accept Christ's religion — but not Christ Himself.

It is ridiculous, of course, to suggest that the Catholic religion is the religion of the ignorant. For millions of educated people . . and many of the world's most distinguished scholars, philosophers and scientists . . have been devout Catholics. But discounting this fact, there is abundant evidence to support the Catholic teaching concerning Jesus.

It is to be found in the Four Gospels, in which the real Jesus is revealed to us. "But," argue some educated unbelievers, "you are assuming that the Four Gospels are an authentic recording of the life and teaching of Jesus Christ. We refuse to believe this."

The "intellectuals" are, of course, being anything but intellectual in taking this position. For there is more abundant proof of the genuineness of the Gospels than there is to support other historical records which scholars accept without question. References to the quotations from the Four Gospels date back as far as the first century of the Christian era . . and are found in writings contemporary with the Apostles and the first Christians.

Free
We will be happy to send you without cost or obligation, an interesting pamphlet explaining . . . Why you can believe the Gospels . . . How the Gospels were written . . . Who descended the Gospels . . . Why educated and intelligent people should accept Christ and His Church. Write today — ask for Pamphlet No. KC-17.

Health Unit Notes

DROWNED — OR SUSPENDED ANIMATION?

As this summer opened, a ten-year-old boy in Southern Ontario drowned. He was under water for five minutes. When he was pulled from the water, a nurse-in-training began applying artificial respiration. This was continued for half a hour, at which time the local coroner arrived, and pronounced the boy dead.

This sort of thing is seen in newspapers all across the country throughout the summer, and it leaves many physicians who know that drowning victims have been revived after being under water for as much as half an hour, and after as much as 12 hours of artificial respiration, wondering whether the boy mentioned in the opening story and many others like him might still be alive today if the resuscitation had been continued for a longer period of time.

Some years ago, before World War II, the Health League of Canada became interested in this matter of drowning. What was actually meant by the term "drowned"? Up to this time a person was supposedly drowned through having his lungs filled with water

Autopsies gradually revealed that most drowning victims had very little or no water in the lungs at all. The late Sir Frederick Banting became interested, and was an actual member of the Committee on Artificial Respiration of the Health League of Canada. While holding this position he experimented with rats, mice and rabbits to find out more of the mechanism of drowning.

He discovered that putting 100 c.c. (4 cups) of water directly into a rabbits lungs had no adverse effect upon the animal and it continued to hop about the laboratory in a carefree manner. However, only 5 c.c.'s of water placed directly upon the larynx produced instant death through suffocation.

Thus, it was revealed that many persons apparently drowned did not drown at all, but died through suffocation, which was brought on by laryngeal spasm. Dr Banting was endeavoring to perfect an instrument which would open the closed passage when he died during the last war

That is one aspect of the question of drowning. The other aspect is that of continued artificial respiration. On record are cases of a drowning victim being pronounced dead by physician or coroner while life may still be there. There is a logical, if tragic, explanation for this. A drowning victim will, in many cases give every medical symptom of death except rigor mortis. There will be no eye reflex, no heart beat, and no evidence of breathing.

However, Banting also discovered that a kind of state of suspended animation could exist. The heart went into a state of fibrillation, or a soft, rapid flutter, which indeed cannot be detected even with a stethoscope. This can be detected through the use of an electrocardiograph.

On the basis of these findings, the Health League of Canada, in company with the Canadian Red Cross and the St. John Ambulance Association, advocate that artificial respiration be started at once, continued without cessation, even in ambulance on the way to hospital, and kept up for at least four hours, or until rigor mortis, an unmistakable sign of death, sets in.

Here, for the record, are some actual case histories of persons revived from drowning, some of whom were pronounced dead not once, but several times by attending physicians, through no fault of their own but through lack of knowledge.

Case No. 1 — Half a century ago in the little northern Ontario town of White River an eight-year-old girl by the name of Louise Kirby tumbled into the river as a Dominion Day picnic was in progress. The screams that arose from her playmates attracted the attention of a man on the other side of the river.

He dived into the river, fully clothed and swam to the scene of the accident. He had to dive repeatedly into 16 feet of water before he managed to locate the youngster's body which was clad in a bright red dress. After more than half an hour he found her, and pulled her to shore — unconscious and presumed to be drowned.

The man, the late Cyrus Jones, latterly of Sudbury, set to work at once, applying artificial respiration. He and the girl's father and another man kept it up for four hours. At the end of that time, they were tired and discouraged and wanted to call it quits. Not so Mr Jones, who kept them at it for another full four hours before there was any outward sign of life

At the end of eight hours, little Louise Kirby drew her first breath: but the crew had to keep up their work for yet another four hours before she was breathing regularly without aid.

The youngster came around, and after was none the worse for her experience. She grew up and married, and is now Mrs. James Jackson, still living in White River, Ontario.

Mr. Jones was awarded a bronze medal for saving her life; and as long as he lived he remained an ardent crusader for the prolonged application of artificial respiration — regardless of all outward signs that no spark of life exists in the body of the drowning victim.

Case No. 2 — In Frank, Alberta, a toddler was submerged in a large washtub full of water for at least a half hour. The mother grasped the tiny body and ran screaming out the front gate with him in her arms.

An ice-cream vendor and his fourteen-year-old son were in the vicinity and commenced artificial respiration. Soon after, a doctor arrived and told the vendor that hope was past and the child was dead. The man paid no attention and commenced artificial respiration again as soon as the doctor had gone.

A second time, and yet a third time the doctor came and made the same pronouncement, yet the man and the neighboring woman persisted. After eight hours of artificial respiration, the child began to breathe. The next morning, he was standing up in his crib crying for his bottle.

The child survived and latest reports state he is working as an engineer with the C. N. R. (Extract taken from "Health Magazine" published by the Health League of Canada — July-August, 1959.)

Of Canada's 13 Prime Ministers, three were born in the United Kingdom, one in New Brunswick and three each in Nova Scotia, Quebec and Ontario.

MARWAYNE NEWS

Former old timers of the Bel camp district visiting with relatives and friends are Mr Duncan MacDonald of Victoria, B.C. and Mr James Murray also from the west coast province.

Mr. and Mrs. Roy Blake and family of Vancouver are also visiting here bringing Roy's father Mr. Si Blake back home.

We are sorry to report that Mrs. Corr is a patient in Lloydminster hospital. The infant son of Mr. and Mrs. Alec Nahaychuk is in the University hospital Edmonton.

Mr. Ed Griffiths had the misfortune to suffer a dislocated shoulder when knocked down by a car last Saturday night. He was confined to hospital for a few days.

Mr. and Mrs. Steve Danchuk and Mrs. Kay Hilkey were Edmonton visitors this week end.

Mrs. Reinheimer went to [illegible] during the past week. Mr. Reinheimer and [illegible] drove down to get her on the week end.

The Anglican Church W. A. held their September meeting at the home of Mrs. Curtis. It was decided to have a bake sale in Mr. Elliot's office Saturday evening Sept. 26. The fall bazaar and tea will be held on Friday, Nov. 6. From now on the meetings will be held on the second Friday of the month.

The United Church W.A. will hold their next meeting at the home of Mrs. Meiklejohn on Friday Sept. 11. Sunday school will start in the United Church on Sunday Sept. 13 at 11 a.m. Rally day service will be on Sept. 20 at 11 a.m. Service of Infant Baptism will be held that day also at 2 p.m.

Betty Ann Murray, Gail Heathcote, Doris Olmstead and Gertrude Tupper are all attending Miller business college at Lloydminster.

Following are the names of the teachers on staff at Marwayne school, starting at grade 1: Miss V. Ford, Mrs. B. Kent, Mrs. A. Murray, Miss M. Searle, Mrs. A. Miller, Miss L. Mathison, Mrs. L. Flatherway, Mrs. M. Hughes, Mrs. H. Sproule remedial room; high school, Miss O. Ulan, Mr. H. Perrychuk, Mr. F. Shemko and Mr. Gardiner.

The 4-H Clothing club will hold their reorganization meeting on Tuesday Sept. 15 at 8 p.m. Any girl 12 years of age and over is welcome to attend. The leaders would like to see the mothers also present at this first meeting.

Joanne Leitch Heads Junior C. G. I. T. At Mannville

MANNVILLE — Under leadership of Miss Joan Lynch, the Junior C. G. I. T. met and elected their officers for the coming year. They meet on the 1st and 3rd Tuesday of the month and all girls 12 years old or in grade seven are eligible to join. They are to bring a friend if possible. Officers elected were: President — Joanne Leitch: Vice President — Marie Smith: Secretary — Donna Rudd: Treasurer — Myrtle Park: Press Reporter — Beverly Ewing.

Vol. LI. No. 11: $2.50 a Year Vermilion, Alberta, Thursday, September 24th, 1959 12 PAGES Single Copy 10c

Seven Candidates Nominated For Three Vacancies on Council

Melvin Hill Acclaimed Mayor for Third Term; Election Day Oct. 14

Melvin Hill was acclaimed Mayor of Vermilion for his third consecutive term on Wednesday but the big surprise of the day was that seven candidates were nominated for the three vacancies on the town council.

Mr. Hill, who has already served four years as chief magistrate of the town, was the sole nominee for mayor. Nominated for the three positions on the town council were Charles Heckbert and Charles Thompson, both members of the former council, while all the remaining candidates will be new in this type of municipal work—

Charles Upshall, manager of Macleod's hardware store; Aldous Kent, soft drink manufacturer; Dr. Ben King, medical doctor; William Boulton, sanitary inspector; Gilbert Rampling, optometrist.

Election day is Wednesday, October 14th and the poll is the Legion hall. Watch the Standard for complete information in subsequent issues.

It has been many years since such an interest has been taken in municipal offices and is looked upon as a very good sign indeed. The candidates are all men of ability and represent many vocations so that regardless of the outcome of the elections on Wednesday, Oct. 14th, many lines of thought are sure to be represented.

VACANCY ON THE HOSPITAL BOARD

While there was no lack of aspirants for the town council, such was not the case for the town's representative on the Vermilion municipal hospital board. Mr. Frank Welsh who has filled the position for some seven years, retired and no one was nominated to take his place. This means that the new council will appoint the member to the hospital board.

Expanding Program By C. N. I. B.

"An expanding programme to meet the needs of an ever-growing number of sightless Albertans is the objective of the Canadian National Institute for the Blind."

This statement was made today by the mayor of Vermilion, Mr. Melvin Hill in announcing the opening of the C. N. I. B. campaign in the Vermilion district. The campaign for funds is conducted locally by the Frog Lake Chapter of the I. O. D. E.

There are 1,401 blind persons in Alberta. In order to meet the need and maintain a high standard of service for the blind, the Frog Lake Chapter of the I. O. D. E. is hopeful that it will receive the enthusiastic co-operation of the community in supporting the work of the C. N. I. B.

The canvass for this district will start in a few days and a Tag Day will be put on Saturday, October 3rd.

Ron Inman Wins Ben King Trophy

The Vermilion Golf club held what will likely be the final tournament of the season on Sunday, Sept. 13. The course was in excellent condition and there were 21 entries in the tourney which was limited to local members.

Ron Inman was the top winner in the medal play and captured the Ben King trophy. Jack Brown won second place honors, with Scott Morgan ranking third, in spite of having had his car smashed all around him the previous evening when he got tangled up with a freight train at the level crossing in the west end of Vermilion.

S. A. Youth Group Enjoys First Meeting

Friday, Sept. 18th, a group of young people gathered at the Salvation Army hall for their weekly Youth Group meeting. It was their "let's get acquainted" party. At 7 p.m. the young people were found rallying around, setting the table for a terrific pot-luck supper. There was food and more food and to add to the enjoyment, candles provided the only light. After a hearty meal, they began an evening of entertainment. This was composed of a few comedy skits, including an item by "Old MacDonald's Band." Games were played, followed by a short devotional period. To close the programme, lunch was served, concluding an evening of real fellowship and fun.

It was their pleasure to have visitors at the meeting.

Any young people between the ages of 15 and 25 are welcome to come and join. The regular meetings are held at 8 p.m. every Friday night. Come along and bring a friend.

Tribute Paid Mannville Teacher

MANNVILLE — At the recent meeting of the Home and School Association, Mrs. Willa Rea was paid high tribute by the Principal, Mr Angus Smith, who said upon introducing her with other members of the teaching staff, that Mrs. Rea was the only teacher who could claim a 100% pass by her pupils in grade XII

Ten Home Housing Development Planned for Vermilion South Side

A ten home housing development has been planned for the Vermilion south side and if all arrangements proceed without any undue delay, construction on the homes will commence this fall.

The homes are something Vermilion has long needed. A low cost home which is built and then sold on monthly payments which are lower than rent. The homes are all architect designed, no two are alike, and are laid out in a nice crescent. The site is in the new Moses subdivision.

The development is by Fred Hooker and Associates of Edmonton with Mitchell Agencies Ltd. the local representatives.

Official Board Meets At Kitscoty

The official board of the Kitscoty Pastoral Charge of the United Church of Canada met at Kitscoty on September 14th with 21 members present.

The manse committee was authorized to advertise the sale of the manse in the local newspapers.

The church's sector plan was discussed briefly. Tentative dates were set for the congregational dinner as follows — Islay, October 28th. Marwayne, October 29th. Dewberry, October 30th; Kitscoty, November 2nd.

The next official board meeting will be held at Marwayne.

Dr. King To Speak At Convention

Dr. and Mrs. A. Ben King will be in Edmonton next week, Sept. 28, 29 and 30, where Dr. King will attend the convention of the Canadian Medical Association, Alberta Division. Dr King is one of the speakers for the scientific part of the program, appearing on a panel discussion on "Arteriosclerosis" on Tuesday morning September 29th. Monday evening there is to be a banquet, sponsored by the Medical Alumnae and honoring Dr J. W. Scott, the retiring Dean of Medicine at the University of Alberta.

Old Timers Plan Annual Round-Up

MANNVILLE — The executive members of the Oldtimers Association met at the Fire Hall on Saturday evening, Sept. 19 with 11 members present. President Ed Summers was in the chair. Secretary Mrs. Edith Johnstone read the minutes of last executive meeting which were adopted. The purpose of this meeting was to organize the annual round-up and banquet. Discussion followed regarding the date for same, with no definite decision as yet. Committees were appointed as follows: Convening Committee Mrs. Nellie Whitson and Mrs. Ruth Hubbard; Dance Committee — Maurice Smith and Edward Calder; Door Committee Garnie Majeau and Mrs. Mary McLaughlin; Entertainment Committee — Charles Finlay, Edith Johnstone and Joan Lugg; Lunch Committee All members of the executive. Toasts Arranged by the president and Roy Hay will offer the prayer at the banquet.

The meeting adjourned and the next meeting will be on Sept. 26th at 9 p.m. in the Fire Hall.

Saved From Cannibals!

Virgil, the world-touring illusionist and Julie, his glamorous leading lady, have studied the habits of the aboriginals and the wild animals in many uncivilized parts of the world. They have spent days and nights in the deepest darkest jungles of Malaya and Ceylon, have visited with the boomerang throwing bushmen of Australia, the blow gun and poison dart shooters of Malaya and have studied the wild tribes in the untamed parts of India and Africa.

Always in search of new and spectacular ideas for their "Evening of Enchantment" which they will bring to the stage of the Vermilion High School auditorium on Saturday, October 10 under the sponsorship of the Kinsmen club they have been inspired by their experience among the savages to create a real thriller called "Mystery of the Jungle." During this intense scene they re-enact a jungle drama in which the wild but beautiful leopard lady is captured by a pack of hungry cannibals. The savages place her in a net and hoist her high into the air in preparation for the feast. This is as far as the realism goes for Virgil enters the scene, casts the magic spell and thwarts the cannibals as the leopard lady vanishes in mid-air.

This is said to be one of the dozens of breath taking and enchanting scenes as VIRGIL and JULIE take their audience on a fantastic tour around the world on a magic carpet of thrills.

Golden Age Club Fete President And Wife On Fiftieth Anniversary

The Golden Age Friendship club held its first social of the season at the Legion hall on Sept. 16, featuring a pot luck supper, with 32 members in attendance.

With coffee and tea supplied by the club and a great variety of food brought by the members, an excellent meal was served under the direction of the kitchen committee. A decorated birthday cake donated by the Vermilion Bakery was appreciated by everyone.

Mr. and Mrs. I. Miller of Edmonton were guests for the evening.

There were twelve tables of whist following the dinner and prize winners were: Ladies' 1st, Mrs. D. Buckingham, 2. Mrs. [illegible]; cons. Mrs. W. Waldenberger. Gents 1, Mrs. Tory, 2. Roy Walker, cons. Mrs. George Whyte

GOLDEN WEDDING ANNIVERSARY

Since Sept. 15 was the date of the Golden Wedding anniversary of Mr and Mrs. W. Waldenberger, Percy Cross, the secretary of the club, wished them long life, continued happiness and good health on behalf of the membership. Israel Miller, the founder of the Golden Age club, made a presentation to Mr. and Mrs. Waldenberger from the club, telling of the work and efforts of this couple which had helped so greatly toward the success of the club.

In thanking the group for their good wishes and presentation, Mr. Waldenberger welcomed the visitors, and announced that the next social evening will be held at the Legion hall on Oct. 21 at 8 p.m. when "free" bingo will be featured.

The Golden Age Friendship club, through the medium of the Standard, extend heartiest congratulations to Mrs. J. C. Wallington for a job well and faithfully done, and with her successor as writer of the Wildmere Winds, good luck.

Legion President to Visit Local Post

Advice has been received from the provincial command of the Canadian Legion at Calgary that Dominion President David L. Burgess will be in Vermilion for an official visit on October 20th. Plans have been made for the executive of Vermilion branch to entertain the president at dinner. Presidents of the branches in this zone will be invited to attend and meet the visitors from Ottawa and Calgary.

At 8 p.m. there will be a meeting of all legion members in this area to hear an address by president Burgess. At approximately 9 p.m. there will be a smoker where every one can meet the president.

Army Cadet Corps Planned Here

The Loyal Edmonton Regiment plans to sponsor the organization of an Army Cadet Corps in Vermilion. A list of thirty prospective cadets must be obtained in order to make the formation of the Vermilion body possible. Jim Kaiser, Veterans' Land Act representative here, and a former captain in the Signal Corps, will take on leadership of the Cadet Corps if it is formed.

Included in the training program the boys will receive are drill, first aid, instruction in wireless communication, woodcraft and basic rescue work, indoor small-bore target shooting, safety and care in the handling of firearms.

The army cadets are also offered a seven weeks' summer camp during which a number of courses may be taken, including driver, mechanic and radio communications instruction. At this summer camp rations, clothing and quarters are provided, plus a cash bonus for candidates finishing the course.

When the required number of prospective cadets have been obtained in Vermilion a cadet liaison officer from army headquarters will address interested parents and prospective cadets in regard to the training aims of the corps.

Any young man who is interested in becoming an army cadet is asked to contact Mr Wm. Novak, Mr. J Kaiser or Mr W A. Scales, giving his name and age.

Popular Citizens Leave Vermilion

It is Vermilion's loss and Camrose's gain. That was the general feeling about town when Mr and Mrs. Bernie Ackerman and sons, Robert, David and Richard left here last week end to reside at Camrose.

Bernie has found it necessary to change the headquarters of the Ackerman Construction Co. after having been in business for approximately six years in Vermilion. Mr and Mrs. Ackerman and family first came here eleven years ago from Camrose, when Bernie accepted the position of waterworks superintendent for the town of Vermilion. He remained in that capacity for three years and then for two years as executive secretary treasurer of the town, before launching into business for himself.

The Ackermans have been community minded citizens and will be sorely missed. Bernie is a member of Vermilion Lodge A.F. & A.M. the Reserve army and of the Canadian Legion, and has provided leadership for the Hi-C youth group of the United church. Mrs. Ackerman has taken an active interest in the Legion Auxiliary, the church and is a member of the Eastern Star.

The best wishes of Vermilion go with Bernie, Dot and the boys to their new home in Camrose.

Special Speaker At Alliance Chapel

Commencing Sunday, Sept. 27 special services will be held in the Alliance Chapel, Vermilion with Mr. J[illegible] Gallup, district evangelist as guest speaker.

Mr. [illegible] will speak [illegible] Sunday School at 10.30 a.m. which will be rally and promotion day.

Church services at 11.00 a.m. and 7.30 p.m. [illegible] the [illegible] Tabernacle will be the occasion of the annual home missions appeal and Mr. [illegible] will present the challenge of these services.

During the week, Tuesday, Wednesday and Thursday evening Sept. 29th, 30th and Oct. 1st there will be special meetings every night at 7.30 p.m. of particular interest to children [illegible] the children's twilight hour. Colored pictures will be shown and there will be interesting stories told by Mr. Gallup. All children are welcome and there will be no charge whatever.

On Friday, Sept. 11 a 'B' was organized for Steve Robinson when several of his neighbors came with their tractors and binders to cut the remaining portion of his crop. This good turn deserves recognition and shows that there are still some folks around willing to lend their neighbor a helping hand in time of need.

Record Attendance at V. S. A. In Agriculture Classes

140 Young Men Already Enrolled; Elective Subjects Now Offered

One hundred and forty young men have already reserved accommodation in residence at the School of Agriculture for the regular winter courses. Because one month remains before the opening day, undoubtedly facilities will be employed to the limit, with a record attendance in the Agriculture classes.

Applications for enrolment in the Home Economics classes, although exceeding numbers in the last two years, are not yet as many as can be accommodated. School officials expect that quite a number of older girls who are not returning to high school this fall will take the opportunity to further their education by enrolling for one of the regular Homemakers' courses.

For the first time in the history of Alberta's Schools of Agriculture and Home Economics, students will have a limited choice of subjects, which will allow some degree of specialization in their graduation year. At the same time, necessarily, other subjects will have to be omitted. For example, in the Home Economics course, elective subjects include those relating to Employment Training and Agriculture. All previous classes of Home Economics students have been required to include Agriculture subjects in their program but, possibly a "sign of the times," these farm subjects may now be omitted. It will be interesting to note just what percentage of those enrolling this next winter will elect to replace the time previously devoted to Poultry, Dairying and Horticulture, with more time for the strictly homemaking subjects, such as Cookery and Advanced Clothing, or with subjects designed more specifically to assist them in securing employment after the school term ends next April.

Dorothy Stewart Will Speak on Trip

On Friday, October 2nd, Miss Dorothy Jean Stewart will speak and show slides illustrating her talk concerning her trip of last July when she was a member of the United Nations pilgrimage.

Dorothy Jean earned the right to represent this district on the pilgrimage by winning a public speaking competition sponsored by the Odd Fellows Association. She was one of the group who attended conferences with officials of the permanent mission to the United Nations in New York, and she had the opportunity of meeting people from many other countries, and of hearing of conditions in those places.

Dorothy Jean's talk at 8.00 p.m. on October 2nd, in the United church hall, is being sponsored by the Britannia Rebekah Lodge, Vermilion, who cordially invite the public to attend this interesting and informative lecture.

Hi-C Plan Another Car Wash Day

On Sunday, Sept 13 the United Church Hi-C held their first meeting of the season and plans for the forthcoming year were discussed. The second meeting was held on Sept. 20 with 24 members in attendance.

Teams of church ushers for the year were appointed with Ken Alfke, Glen Manyluk and Andy Pool as captains. It was decided to arrange a car wash venture for Saturday, Oct. 3. The members of the Hi-C organization will wash cars and the money earned will be used for financing the club activities. Anyone wanting to support this club effort can do so and have a clean car as well by phoning 131, 605 or 262. A week from this Saturday is the day when Vermilion cars will acquire that brighter, shinier appearance.

After the business meeting, Mrs. Herbert organized some games, and the evening concluded with a lunch of cocoa and cookies. Any young people, 14 years of age and over, are cordially welcomed to join the Hi-C club.

Hockey Loop To Continue This Winter; Preliminary Meeting Held

Prospects appear bright for the continued operation of the Eastern Alberta Hockey league for the coming winter. At a preliminary meeting held in Vermilion last Sunday all seven teams holding franchises in the league and competing last season had representatives present. Another meeting will be held on Oct. 18 when the teams will be definitely entered or dropped out, officers will be elected, and a schedule prepared.

If Vermilion people want the town to have a competitor in the E.A.H.L. they should voice some encouragement to the local Tiger executive and promise a bit of support in the way of attendance.

One feature was predominant at the meeting — a general feeling against importing hockey players. [illegible] and St. Paul will not be paying players this season. Lloydminster had an all-home-talent team last winter and will continue that way. It was proposed that the only team member to be hired could be the coach.

No officers were elected but a nominating committee comprised of Scotty Fleming of Lloydminster, Russell Carroll and Reg Ireland of Vermilion, was appointed to bring in a proposed slate of officers for the league.

Leed's To Open Store Here

Leed's will open a new department store in Vermilion in the very near future. Complete renovation to this end is now being carried on in the former 5c to $1 store on 50th avenue. This firm has quite a number of department stores in Alberta and Saskatchewan and specializes in men's and women's clothing. Watch the advertising columns of the Standard for further details.

Frank Manyluk Appointed To Alta. Conservation Board

A. F. Manyluk, son of Mrs. A. Manyluk of Vermilion, has just been appointed as a member of the Alberta Oil and Gas Conservation Board. Mr Manyluk has been for some time the board's chief development engineer.

"Frank" as he is well known here, was born in Vermilion, is a graduate of the Vermilion high school and graduated from the University of Alberta with a B.Sc degree in 1945.

He was northern district engineer with the board from 1950 until his appointment as chief development engineer in 1955. He was a member of the Alberta Technical committee which recently studied the possibility of using an atomic explosion to release oil from the Athabasca tar sands.

Agricultural Society Will Hold Purebred Livestock Sale

The Vermilion Agricultural Society is to hold a sale of purebred beef cattle and hogs on November 12th at the Vermilion Auction Mart and contributors are invited to secure entry forms and make applications early. The number of hogs to be accepted for sale has been limited to fifty head and definite restrictions will be in force as regards quality of animals accepted for this sale. No sow offered must be over twenty months of age and all boars must have been born in the calendar year of 1959: all hogs submitted must weigh at least 180 pounds.

It is the desire of the society to offer only selected animals and in order to accomplish this objective restrictions are essential.

Complete regulations will be available for publication in the Standard in the next issue and meanwhile those who are interested are invited to obtain full information from the office of the Secretary-Manager, S. C. Heckbert.

Cub and Scout Mothers Association Held Meeting; Elect Officers for New Season

The Vermilion Cub and Scout Mothers Association held its first meeting of the season on Sept. [illegible] at 2.30 p.m. in the Scout hall.

The executive elected for the coming year is as follows:

President — Carol Moren
Vice-Pres. — Marguerite Fleming
Secretary — Joan [illegible]
Press Rep. — Sylvia Kaiser
Phoning Committee — Myrtle Seon, Bea Keen, Sylvia Lynn, Lil Cooper, Beth Welsh

A very active past year was reported. Meetings were held monthly at 2.30 in the afternoon. Activities during the past year were:

Regular waxing and polishing of the newly-sanded floor and general cleaning of the Scout hall.

Supervising the pot luck supper for the Cubs and Scouts and their parents.

Supervising the Cub tea and home bake sale.

Serving hot chocolate to the Scouts on Apple day.

Providing a lunch for the Scouts' Christmas party and arrange for both the Cubs and Scouts.

Serving lunch to the District commissioner when he visited the Association.

Preparing and filling the May baskets that the Cubs distributed in the spring.

Serving lunch at the Cubs closing picnic.

The Cub and Scout Mothers' Association holds meetings on the third Tuesday of each month at 2.30 p.m. in the Scout hall and these are usually over by 3.30.

Mothers are welcome to bring any pre-school age young ones along to the meetings. This year activities are being planned to keep these children entertained during the business session.

A motion was made at this meeting to call on the Cub and Scout mothers in alphabetical order to help with the floor. Anyone not able to take their turn should find someone to take their place. In this way no one person will be called on more than once during the year.

The executive is working to make the forthcoming meetings as interesting as possible and would like to see more mothers out at these gatherings. A special invitation is extended to mothers of new Scouts and Cubs.

Vermilion has the only active Cub and Scout Mothers' Association in this district the District commissioner informed them.

The organization is a great help to the Cub and Scout leaders who have a heavy task in the training of boys to be good Cubs and Scouts, so all mothers are asked to support the Mothers' Association by attending the meetings as regularly as possible. Dues are only fifty cents per mother per year.

ANGLICAN PRIMATE

Most Rev. Howard Hewlett Clark, 56, Archbishop of [illegible], was elected Anglican primate of all Canada. Rev. Mr. Clark was named to succeed Most Rev. Walter Foster Barfoot, retired primate. The new primate and Anglicans and United church members should explore every avenue toward unity.

A Cause for Satisfaction

The large number of candidates nominated for councillors on Wednesday is cause for satisfaction as this indicates quite clearly that the welfare of the town is uppermost in the minds of many people. Vermilion has been enjoying a substantial growth and considerable prosperity for several years. An active and foresighted town council can do much to keep it progressing.

The Life You Save Could Be Yours

When operating an automobile, everything you do takes time, particularly your muscular reaction to an emergency. Here is a simple formula for remembering how far your vehicle moves while your brain and nervous system are communicating with your right foot regarding a traffic situation.

All you have to do is to take the first digit of your speed and multiply it by 11. Here then, is your reaction distance at various speeds: 20 mph — 22 feet; 30 mph — 33 feet; 60 mph — 66 feet; 70 mph — 77 feet.

This clearly indicates that increased speed calls for increased alertness, and looking farther ahead for traffic situations that might develop into emergencies.

World Champion . . .

What makes a world champion — is he really much different from the average man? Scientists throughout the world have studied athletes and generally have found that the champion is not very much different at all.

The athlete of course, is in peak physical condition. His reflexes and his stamina may be better than yours — but as a rule he is not endowed with an extra-large heart, [illegible] or an additional set of muscles.

"Athlete's heart" is a fallacy. Sir Adolphe Abrahams, [illegible] medical officer of the British Olympic Athletic Teams, found there was no valid evidence of "athlete's heart" in Olympic contestants and they were certainly accustomed to violent exercise.

Other physicians have determined [illegible] heart can withstand the load placed upon it by the most strenuous of sports. The body appears to modify certain functions during periods of physical stress and subsequently returns to normal.

Yet it's smart to base your participation in sport upon your physical limitations. Sports activities should be tailored to the individual and be selected in consultation with your physician.

But if you are sports-minded go right ahead, you [illegible] burn yourself out. In a study at Cambridge University it was discovered that participants lived as long as spectators.

Not counting the pleasure and fun you can get from [illegible], sportsmen appear to be [illegible] a far happier and rewarding life than those who merely sit on the sidelines.

Sociologist Discusses the Rural Life

[illegible] than half of those interviewed [illegible] economic factors — irregular income, uncertain crops, weather [illegible], long working hours and hard physical labor.

One-half to one-fifth added:

— Scarcity or poor quality of community facilities [illegible], including [illegible] and roads, a scarcity of doctors and registered [illegible], little fire protection, and a lack of cultural facilities.

— A lack of conveniences on the farm, particularly as to inequality in living standards and the work involved in keeping up an old house.

— Certain personal or personality characteristics of some rural people such as self-pity, [illegible] and a lack of interest and participation in community affairs.

— [illegible] environmental conditions [illegible].

— [illegible] Dr. Abell: "Today more and more rural families [illegible] the best and the worst in rural living [illegible]."

[illegible]

These are part of the findings of a survey carried out under Dr. Helen C. Abell, rural sociologist with the Canada Department of Agriculture. About 200 people were interviewed in Ontario and Alberta on what they considered to be the best and worst in rural living.

Explains Dr. Abell: "When these values are [illegible] considered, it becomes possible to formulate plans to perpetuate and improve the best things and to [illegible]."

The best in rural living:

— Closeness to nature, with plenty of fresh air and privacy.

— Friendliness and neighborliness of the rural community.

— Increasing availability of running water, electricity and labor-saving machinery.

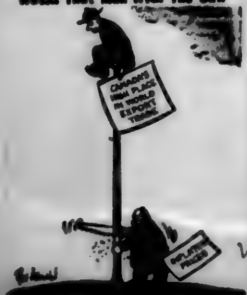
— Economic advantages — the opportunity of owning a home and farm business, a lower cost of living and fresher food products.

— Special [illegible] services, such as home economics and other agricultural extension services, [illegible].

The worst!

Stock Car [illegible] of the Western Inter-Provincial Football games this season, through the C.B.C. are providing tape recorded broadcasts of all games played for the Canadian Armed Forces in Europe.

"Watch That Man With The Saw"



CANADA'S HIGH PLACE IN WORLD EXPORT TRADE
INFLATED PRICES

GREEN ACRES

by H. MORLEY DOUGLAS, District Agriculturist

LIVESTOCK DEALERS LICENSE

W. H. T. Mead, Alberta's Livestock Commissioner, advises producers to sell their stock to only licensed dealers. The license is for the producers' protection. Ask for your dealer's license. People selling livestock to unlicensed dealers have no bonded protection against default of payment. Anyone receiving an N.S.F. cheque in payment for livestock should immediately notify the Department of Agriculture. Deal only with licensed dealers.

VEGETABLE STORAGE

Two of the most important factors in storing vegetables are temperature and air circulation. The best way to control these is to build a storage room on the north wall of the basement where a window is located. A thermometer is hung on a wire, not nailed on the wall. In this manner the temperature of the circulating air is measured. The floor is covered with peat moss which is kept wet at all times to maintain the humidity. Root vegetables keep the best in bins, while onions, cabbages, etc., keep better on shelves. With very little care this storage room will keep vegetables all winter.

CAPONIZING WITH STILBESTROL

Stilbestrol used on poultry produces a temporary caponizing effect. This tend-rizes and increases the weight of the young and old of both sexes. Outwardly the birds become less active and develop the characteristics of surgical caponized birds. The best results are achieved when the birds are implanted six to eight weeks before marketing. If birds are fed longer than eight weeks they gradually return to normal condition. Good results from implants result only from good management.

URINARY CALCULI

L. M. Bezeau, Animal Nutritionist, Lethbridge Research Station, reports that Urinary Calculi accounts for 3% annual loss in Alberta's steers. Normally the urine of cattle is alkaline which keeps the silica in solution. A sub-maintenance ration [illegible] the urine to become [illegible] resulting in a precipitation of silica which forms Calculi. A shortage of liquid at times of drought and at weaning time produces a more concentrated urine and consequently a tendency towards Urinary Calculi. In areas subject to outbreaks of Urinary Calculi, the forage is high in silica, especially the straw and over mature hay. Animals eating this forage for eight months coupled with a shortage of water frequently develop Urinary Calculi. A preventative is a good roughage (not straw) and lots of water. If only poor roughages are available a good feed supplement must be supplied to prevent Urinary Calculi.

VERMILION MILK SHIPPERS' SURVEY

Every farmer has by now received a questionnaire about the number of cows he milks and how many he would milk if a contract were available. If you are interested in a market for whole milk fill out the questionnaire and return it to the Vermilion Board of Trade. If you did not receive a circular they are available at the D.A. office or at the banks in Vermilion.

FARM COSTS

The latest Dominion Bureau of Statistics index for farmers' cost of living and production stands at 249.3. In other words it now costs a prairie farmer $2.497 to buy what cost $1 in the period 1935-39.

THE FARMER

The first farmer was the first man, and all historic nobility rests on possession and use of land. —Emerson.

The Homemaker

NANCY HOOPER
District Home Economist
Wainwright, Alta.

REMAKE SUGGESTIONS

Outgrown and out-of-style garments lying in drawers or packed away in trunks can often be used to create sturdy outfits for winter.

Wool is one of the most frequently used materials for remakes but any material can be used provided it is not badly worn. [illegible] and color are obtained by turning the material. Be certain that the garment being used is clean. It may be necessary to dye the fabric.

If there is any doubt about getting one garment out of another, try laying the pattern on top of the garment before doing any ripping. Avoid unnecessary ripping. Try to preserve as much of the original work as possible. Sometimes joinings can become a part of the design thus adding interest to the garment.

Keep everything in proportion. When mother's coat is cut down to size 4 the big buttons or pockets have no place on the youthful garment.

Scraps of material left over should be saved for repairs.

A NEW CLOSURE "VELCRO"

This is an adjustable closure made from two strips of nylon material. One surface has thousands of tiny loops, the other has thousands of tiny crochet type hooks. When these two strips are pressed together, they hold firmly. To [illegible] the two strips are peeled apart causing the springy hooks to lose their grip.

The clothing industry is using these fasteners on children's [illegible] and coats. The "Velcro" [illegible] is expected to have [illegible] popularity as [illegible]. There are no metal parts [illegible]. Not only [illegible] it can be used for speedy [illegible] adjustments as well as an ideal method of changing trims, collars, etc.

"Velcro" closures have been used for hanging curtains [illegible] of rods, and for furniture upholstering instead of tacks.

DEWBERRY NEWS

Best wishes to Mr and Mrs. P. Pilip (nee Peggy Bwen) recent newly weds and also to Mr. and Mrs. Meredith Whiteside (nee Lorriane Braithwaite) who were married on September 12.

A shower was held for Peggy at the home of Mrs. Joe Braithwaite. A large number of ladies attended. Mrs. Braithwaite's pet fawn, Bambi, also visited. She came around and greeted every lady present.

Lorriane was feted at a shower held at the home of Mrs. Milo Hodgman. There was a large attendance of ladies there too. Many lovely and useful gifts were received by both brides.

Mrs. Bernice Fajcz has accepted a clerking position in the Dewberry co-op.

Congratulations go to Barry Boothman who was the winner of the $50.00 Home and School scholarship awarded to the grade 12 student with the highest marks. Also to Lynn Purser the grade 9 student who won the $25.00 award. Tina Whiteside is also worthy of mention as she ran a very close second to Lynn. To these students we say "well done and keep up the good work."

Congratulations to Councillor and Mrs. John Anderson on the birth of a son. It seems that people have been getting mixed up in the two John Andersons. When I said, in one report, that Mr. John Anderson had bought a lot in town, some people got the idea that the councillor had made a fortune and was retiring at an early age. Not so, folks. That is John Anderson the ex-section foreman. In future any reference to the former John will be as councillor. Hope there will be no more confusion. Oh for the life of a correspondent!

Sixteen Years Ago

Sept. 23, 1943.

Philip Henry Castle, [illegible] supervisor for the Alberta Wheat Pool, and a [illegible] passed away in the [illegible] hospital shortly before [illegible] on Thursday, Sept. 16, from injuries suffered in a fall from a ladder at the Pool elevator annex at [illegible] that morning. Mr. Castle was 43 years of age.

Four Vermilion high school girls, Bobbie Richardson, Peggy Pilde, Madeline Knell and Shirley Cooper stooked up 114 acres of crop on the farm of Mr. Gibson, south-east of town, and not being content with that, they now plan on taking their place on a threshing crew.

Six drilling rigs are [illegible] in the Vermilion [illegible]. From all indications [illegible] drilling will be kept up [illegible] snow flies.

Building continues at a high rate of speed in Vermilion and the present time sees four new bungalows in various stages of construction, while the Vermilion Co-operative plan to build a new warehouse immediately.

32 Years Ago

Sept. 22, 1927.

After being in charge since 1911, Mr. John [illegible] has resigned as superintendent of the electric light and power plant.

Threshing which has been held up by wet weather [illegible] underway again the middle of the week.

Jack [illegible] of [illegible] has definitely decided to go into the hotel business in the new town of Derwent.

Queen Esther Chapter, O.E.S., presented Sister [illegible] with a beautiful gold [illegible] ring on the eve of her departure to live in the east.

Shirley Fortier Becomes Bride of John Scott in Candlelit Ceremony

Vases of asters, dahlias and carnations were arranged with tall lighted tapers in the Alliance Chapel, Vermilion on Saturday, September 5th, when Lieut. K. D. Moore of the Salvation Army officiated at the wedding of Shirley Louise, daughter of Mr. and Mrs. A. E. Fortier of Islay, and Mr John Scott, son of Mr. and Mrs Wm. Scott of Billingham, Co. Durham, England.

Given in marriage by her father and mother, the bride carrying a trailing bouquet of red roses, looked lovely in a floor-length gown of chantilly lace and nylon net. The gown was [illegible] with a full skirt in tiers of lace and pleated net over crinolines of nylon net and satin. The bodice featured a sabrina neckline and long lily point sleeves. Her chapel length veil of nylon net was held in place by a nylon tiara studded with sequins. For her jewellery the bride wore a pearl necklace given to her by her grandmother.

The bride was attended by Joan Scott, sister-in-law of the groom, and Donna Isley. Each carried a trailing bouquet of white gardenias. Joan Mitchell and Colleen Scott were charming flower girls dressed in blue flocked nylon dresses and carrying pink apple blossoms and wearing matching headbands.

The groom was supported by his brother, Alan Scott and Earl Keast. The guests were ushered by Gordon Smith and Donald [illegible].

[illegible] of the register Sharon Isley sang "The Wedding Prayer" and "O Promise Me" accompanied by Mrs. J. M. Schroeder.

For her daughter's wedding, Mrs. Fortier chose a [illegible] dress of blue printed crepe with accessories in pink, and wore a corsage of pink gardenias. The bride's grandmother wore a navy [illegible] and a corsage of white gardenias.

For the reception which followed in the Legion hall, the bride's table was decorated in pink and white, and centred with a three tiered wedding cake which was made by the bride's mother and decorated by Mrs. Lilly McFadyen. The cake was embedded in pink tulle and pink tapers added to the decoration. Lieut. Moore was called upon to ask the blessing after which a tasty lunch prepared by the Home League was served by Sharon Isley, Doreen Currah, Lynda Redmond, Elaine Sherriff, Dorothy Axley and [illegible]. Lieut. Moore proposed the toast to the bride to which the groom ably replied. Lieut. Moffatt acted as M.C. for the evening. Telegrams from Vernon, B.C., Calgary and Billingham, England were then read by the best man. To end the evening, the bride and groom served wedding cake to the one hundred and seventy guests. [illegible] T. W. Scott were seated at the bride's table in the absence of the groom's parents.

Julie Mitchell, cousin of the groom, kept the guest book.

Out of town guests were: Mrs. Harold Stewart and Eleanor of Dalemead; Mrs. Janet Grant of Edmonton, Mrs. A. Mitchell, Mr. and Mrs. Alan Scott, Mr. and Mrs. Melvin Mitchell and family and Mr. and Mrs. H. [illegible] all of Marsden; Mr. and Mrs. H. [illegible], Mr. and Mrs. Vic Scott and family, Mr. and Mrs. Allen Scott and family, and Mr. and Mrs. George Scott and family, all of Artland, Saskatchewan; Mrs. A. Logan, great aunt of the bride of North Battleford, and many [illegible].

[illegible] travelling to Jasper and [illegible] other points of interest, the bride [illegible] to a two-piece cotton dress in apricot. Her accessories were in white and she wore a corsage of white gardenias.

The happy couple, on their return, will make their home in Vermilion.—*Photo by Photocraft*

New Imperial Oil Station Opens At Derwent

DERWENT — The official opening of the Imperial Oil bulk station and retail outlet, was held in the Derwent town hall recently. Several interesting reels were shown to a crowded hall and prizes were drawn for and won by the following: Mary Woloshyn, Willa Benson, Maisie Roguski, Adeline Dutchak, Bill Zak, Alec Rudkowski, Eddie Malk, Andy Pasulka and Paul Woloshyn.

Short talks were given by Garry Higgins of the Imperial Oil Co. Edmonton and George McConnell of Derwent.

The bulk station and retail outlet at Derwent will be operated by Carson McConnell.

KITSCOTY

Mrs. J. B. Metcalf of Duncan, B. C. is at present visiting with her daughter and son-in-law, Mr. and Mrs. [illegible] Walton and family.

Mr. Archie [illegible] has returned from a trip that took him to [illegible] points in [illegible] and Manitoba, Toronto and Chicago.

Mr. John Dale is at present visiting with his son Jack, Mrs. Dale and family in Edmonton.

Mr. and Mrs. George [illegible] and the boys from Edmonton spent the week end here visiting Daphne's parents, Mr. and Mrs. J. R. Fox.

Mrs. R. M. Mathewson spent the week end in Edmonton visiting with members of her family.

Mr. and Mrs. Cliff Pinder of Edmonton were week end visitors here at the home of Mrs. Pinder's parents, Mr. and Mrs. Henry Jay.

A warm welcome is extended to Mr. and Mrs. D. Velthuizen and family from Edmonton, who have taken up residence here.

Mr. and Mrs. C. A. Richardson and family and Mr. and Mrs. James McCorry were among those who saw the well known musical comedy, "My Fair Lady" in Edmonton last week end.

Mr. and Mrs. W. Sharp of Sydney, B. C. visited with Mr. and Mrs. Everett Miller over the week end and called on some of their old friends. Mrs. Sharp is the former Mrs. W. Gleghorn who resided here at one time before going to B. C. to reside.

The following young people left here on the week end to attend U of A. — Neta Trask, who will enroll in the faculty of Education; Carmie Ferris, Pharmacy; Willard Stewart, Engineering; and Joan Stewart who will train as a Laboratory Technician.

Mrs. Elsie Batty returned home last Sunday from a wonderful holiday in England where she spent nearly three months visiting relatives.

Miss Thelma Evans has accepted a position in the office at the Vermilion Municipal Hospital.

Mannville and District Local News

Mr. and Mrs. Steve Zaharko were among those present at the recent drive-in bingo at Vegreville. They also saw a free double feature show.

Edwin Torrance was a visitor to Edmonton on Tuesday of last week.

Mr. and Mrs. E. Hubbard were Edmonton visitors at the home of their daughter Joan Dowicki on Wednesday and Thursday of last week.

The Standard has received word of the sudden passing of Sydmore Freeburn at Rosehaven home, Camrose, last week end. Syd was a former Mannville resident, farming west of the town for a number of years prior to his illness.

E. D. Wright is convalescing in the local hospital at the present time.

Mrs. Betty Ramsey and family were week end visitors at the parental home of Mr. and Mrs. E. B. Allen, coming down to take their garden produce to their new Edmonton home.

Mrs. Nancy Coxford attended a W. A. C. reunion held at Edmonton last week end.

Mr. and Mrs. Fred Proudfoot and Ronnie, Mrs. C. Mercer and Mrs. Nancy Coxford motored to Edmonton to attend the showing of "My Fair Lady."

Mrs. Frank Hinton has returned home from the hospital at Mannville and is reported to be feeling much better.

Mannville was drenched with rain during the week end, which has caused a serious setback to harvesting operations.

The trees in the surrounding country have taken on coats of autumnal splendor and present a very beautiful picture.

There were visitors at the John Jandel home this week end as Len Lewson from Edmonton was down to visit his mother, Mrs. Jandel.

Mr. and Mrs. Walter Gerhart and Patsy, Mr. and Mrs. Bernard Chrysler all of Edmonton were week end visitors at the parental homes of Mr. and Mrs. Bill Gerhart and Mr. and Mrs. Wallace Chrysler.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Erich Ludwig wish to announce the engagement of their eldest daughter, Sylvia Henriette, to Mr. Ostap Bohdan Woyewitka, eldest son of Mr. and Mrs. Mike Woyewitka of Vermilion. The wedding will take place in Vermilion at the Holy Name Roman Catholic Church on Wednesday, October 14 at 3.00 p.m.

Lloyd Wheating, territory manager for the John Deere Co., has been transferred to the territory adjoining Edmonton. Mr. and Mrs. Wheating and their family are moving this week to take up residence in St. Albert after having lived in Vermilion for the past three years.

Mike Dchuk of Vernon, B. C. is spending about two weeks in Vermilion. While here he plans to dispose of his farm property situated two miles north of Vermilion.

Mr. and Mrs. Frank Chapman, Jonathan, Betty, Esther Joy and Sharon, just recently returned from their missionary station in Spanish Guinea, West Africa, and now living in Calgary, with Mr. and Mrs. George Jensen, Reggie and David Lea, also of Calgary, visited over the week end at the home of Mr. and Mrs. Peter Jensen and Mr. David Brown.

Charles Heckbert, Lawrence Webb and Clarence Moren headed for the goose country on Tuesday night. They plan to be away on their hunting trip until the week end.

Mrs. Wm. Nettleton of Calgary is visiting her brother, Tom Davis and Mrs. Davis. While in town, Mrs. Nettleton also visited with her cousins, Mrs. J. W. Muir and Mrs. Thos Bothwell.

Dr. and Mrs. J. S. Graham of Swift Current, Sask., spent a few days at the home of Mrs. Graham's mother, Mrs. L. Eldem and her grandmother, Mrs. H. C. Oakley.

Mr. and Mrs. John Gilbert of Alhambra, Calif., were recent visitors with Vermilion relatives. Mrs. Gilbert is a niece of Hans Eyben and of Mrs. Albert Carlson.

Arie Debruin, son of Mr. and Mrs. Klys Debruin, is home on a month's vacation leave from St. Hubert, Quebec, where he is stationed with the R. C. A. F.

Lee Coyne spent a few days last week visiting his parents Mr. and Mrs. R. Coyne. Lee has just completed a summer's work at Uranium City and is now enrolled in the second year of the Physical Education course at the University of Alberta.

Mrs. Amalia Bauer with her brother and sister-in-law, Mr. and Mrs. Gus Maron, attended the funeral of their brother, Mr. Jacob Maron, who died at the age of 77. The services were held in Veteran.

Visitors at the home of Mr. and Mrs. Perry Cross recently were Mr. and Mrs. E. O. Jones (nee Beryl Cross) and three children of Winnipeg. Beryl was truly amazed at the growth of Vermilion, with the new school to the east, the new hospital wing and subdivision to the west, the wonderful Vermilion park to the north and the tremendous growth and improvement on the south side. Upon returning to Winnipeg, Beryl and Ted are now really Vermilion boosters.

Leaving London, England at 6 p.m. on Wednesday of last week, Graham Skinner arrived in Edmonton at noon on Thursday. Graham spent a very enjoyable six weeks in England and Wales during which time he visited relatives and many friends. He brought back some English grown wheat, the kernels being large and hard while English apples weighed as much as 10 ounces each.

Several young people of Vermilion and district have gone to Edmonton to enroll at the University of Alberta, some to resume their studies, and others as freshmen. Among those attending the University classes are Donald Stewart, Lee Coyne, Pat Bentley, George Martin, Jerry Marshall, Clarence Mistal, Brent Long, Bob Wadenberger, Mary Gibson, Fay Wilson and Roger Stephens.

Mr. B. McLaughlin of Vancouver, well known pioneer homesteader and farmer of the Mannville district, is visiting his two brothers Jim and Jack in Vermilion and other members of the family at Mannville.

Thos Watts, manager of the Northern Hardware, attended a special demonstration of Pyroceram Corning Ware in Edmonton recently. This is the world's newest cook-serve ware.

Misses Frances and Margaret Pockett, daughters of Mr. and Mrs. Lorne Pockett, spent last week end visiting with their parents.

Among those attending the presentation of "My Fair Lady" in Edmonton last week were Mr. and Mrs. Geo McConnell, Derwent, Mr. and Mrs. C. A. Algot, Derwent, and Mrs. Max Borowsky, Derwent.

Hugh Rose arrived in Vermilion on Tuesday evening last week from Vancouver and is having a good time renewing a host of old friendships. [illegible]

[illegible] Mrs. [illegible] Stewart and Mr. Stewart.

Mayor Melvin Hill and councillors K. J. Rowe and C. J. Mc[illegible] attended a convention of [illegible] officials interested in water and sewer projects and [illegible], which was held in Edmonton last week.

Mr. and Mrs. A. M. West enjoyed a holiday which was spent visiting their son-in-law and daughter, Mr. and Mrs. [illegible] and family at Banff and on a trip from there to Portland, Seattle and Spokane.

Mrs. [illegible] French of Vermilion is spending two weeks in town relieving at the Simpson-Sears order office while Mrs. [illegible] is on vacation.

Mr. and Mrs. [illegible] of [illegible] were recent visitors at the home of their son-in-law and daughter, Mr. and Mrs. Harold Moyer and family.

IN MEMORIAM

In loving memory of our brother,
Pte. John Thomas [illegible]
who was killed in action in [illegible] September 21, 1941.
[illegible]
In our hearts you live forever,
Because we thought the world of you.
Ever remembered by your loving family.

Mrs. J. J. Culford Dies In East

Word has been received that Mrs. Rose Culford, one-time resident of Vermilion, has passed away in the East.

Air Rescue of Interest In Vermilion

The air rescue of Dan Yaeger and John Jones in the far north by J. E. Norcross, a Protestant missionary is of local interest because Mr. Norcross serves the Christian and Missionary Alliance Missions to the Indians in the northern area. In so doing, he is closely associated with Mr. Phil Wilson, son of Mrs. Jessie Wilson who recently moved from Vermilion to live in Dawson Creek.

Chapmans Here From Sp. Guinea

Special guests at the Alliance Chapel on Sunday morning September 20 were Frank and Winnie Chapman and their children Jonathan, Betty, Esther Joy and Sharon. Mrs. Chapman is the daughter of the late Mrs. Dave Evans.

The family has just returned home from Spanish Guinea, Africa, where they have been engaged as missionaries. Their work in Africa is being carried on during their absence by Ken and Evelyn Geake also of Vermilion, and from whom they bring greetings to all their friends.

Mr. and Mrs. Chapman told of revival in Spanish Guinea and of the many difficulties encountered in preaching the Christian Gospel in that land. During the Sunday school and church services the Chapman children sang several songs in the native African tongue.

Accompanying the Chapmans on their trip from Calgary were Mr. and Mrs. George Jensen, Reginald and baby David.

MARWAYNE

[illegible] Gray, Sheila Robbins, John Bell and Cameron Hancock are all registering in the Faculty of Education at the U. of A. this week.

Janet Swanson and Phyllis Keel are returning to school at Three Hills to take grade ten.

Elaine Carpenter is attending Miller Business College in Lloydminster.

Starting on October 4 and for the next three months, services will be held in the United church at 11:30 a.m.

We are sorry to report that Mr. Berg was rushed first to Lloydminster and then to the University hospital, Edmonton, when a bone became lodged in his throat.

Mrs. Johnson of Edmonton has been visiting at the home of her daughter, Mrs. Len Engstveldt. Mrs. Engstveldt had a few ladies in for tea on Thursday in honor of Mrs. Johnson.

A sale of home baking will be held in Mr. Elliot's office on Saturday, Sept. 26 at 2 o'clock, sponsored by St. George's W. A.

Mrs. Berry is in Edmonton to stay with Mrs. Mary Dale. Mr. Dale still remains in critical condition.

The land surveyors have been in town this week. A string of lots have been surveyed on the north side of the road, west of the curling rink.

It is expected that the regular work and shows will be resumed next week end.

Mr. and Mrs. Vaughn Smith have bought Mr. Lawrence Fleming's house and will be moving in soon.

Mrs. Sheila Isley, Brumfield, Alta., has been visiting at the home of her parents, Mr. and Mrs. L. Franklin.

OBITUARY

GORDON MALONEK

Funeral services were held for the late Gordon Malonek at the First United church, Vermilion, on Thursday, Sept. 3, at 2:00 o'clock in the afternoon. Rev. C. W. MacKay officiated and [illegible] music was supplied by Mrs. A. M. West. Interment followed in Vermilion cemetery.

Gordon Malonek was born at Chipman on January 9, 1915. There he lived with his parents until the fall of 1925 when the family moved to the Landonville district where he attended the Louise Lake school. Later, following six years of service in the armed forces he farmed for some time in the Clandonald district. During the past three years he spent considerable time in the north on construction crews and the last five months, prior to a tragic accident, he was employed by Northern Transportation.

The deceased was highly respected and esteemed as was shown by the large attendance at the funeral to pay last respects. Possessor of a witty personality and a gift for words, Gordon was always welcome company. He was a good neighbor, kind and generous, ever willing to lend a helping hand. He was especially fond of children.

He leaves to mourn his loss his two small daughters Lois and Wanda; his mother, Mrs. Mary Malonek; two brothers, Frank, at home, and [illegible] of Dewberry; four sisters, Mrs. Sydney Brass (Nell) of Vermilion, Mrs. Joe Carlton (Cora) of Clandonald, Mrs. Stuart Conboy (Mollie) of Forestburg, and Maggie of Edmonton.

The pallbearers were Messrs. Harry Brake, Bert Shaw, Clifford Goad, Clarence Goldsmith, George Butz and Norman Stanley.

Moyer's Funeral Home was in charge of arrangements.

Beautiful floral tributes were received as follows:

Daughters Wanda and Lois, Mom, Frank and Maggie; Nell and Syd, Anne and Bev, Hilda and John, Betty and Jerry; Cora and Joe, Herb, Lyle, Dwight and Margaret, [illegible] Mollie, Stuart and children, Effie Allen, Alex and Margaret Goldsmith; George and Thelma Carlton; Mr. and Mrs. MacNamara and family; Pat and Innis, Canadian Legion Post 11; Pat and Margaret Mulgrew and family, Albert, Yvonne and Georgie; Mr and Mrs. T. L. Conboy, Mildred and Russ; Goad family, George and Blanche Butz, Deanna, Lynda and Jerry; Clarence, Tilma and family; Corrine and Gordon; Friends of Clandonald and community, Tulloss Family.

Flowers to the house: Mr. Fred Douglas, Gladys, Freddie and Jerry, Johnny and Shirley; Mulgrew Family; Mr [illegible] W. West, Colin and Betty West, Darlene and Barbara; Hugh and Annie O'Rourke: Eileen and Louis Garnier; Walter Trost Family.

Cancer fund: Lorna, Tommy and Nelson Stockwell; Johnny and Barbara Nelson and Alva, Shaw Family.

[illegible] Children's fund. The Killions, Hugh, Annie and Tom O'Rourke, Jeffery Dorey Family.

Heart fund: Mrs. Nellie McFadden.

Minburn Cemetery fund: Mrs. B. Codd.

Sympathy cards: Andrew and Lydia Semple; Doreen and Louis, Darlene and Blaine, Lawrence Joyce and family, Roy Bridget Anne, Tom and Betty Hill, John and Mette Maltais, Annie J. Lee; Palma and Alex and family; Kathleen, Harry and Dennis Brake, Mr and Mrs W M MacNamara, Vera and Cyprian; Harding and Kay Brix and family, Betty and Ernie Attfield and boys; Margaret and Gordon Wilson, Effie Allen, Matt and Hazel Kada and family; Eileen, Clifford and girls, Mrs. Louisa Wilkinson, Frank and Mildred Molineaux, Mulgrew Family, Louie and Katie Hill and family, Gladys and Charlie Climie, Donna Fleming, Bessie Shalka, Lea Goad, Nora and Philip Donald and Fla MacLellan and family, Mr and Mrs Ed Preston, Mrs. E. Etherington Sr., Herb Dorey Family, Alice and Allan Quick, Mary Pierce, Ray and Isobel; Georgie, Blanche, Deanna, Lynda and Jerry Butz, Dick, Agnes and Donald, Eddie, Elda, Ted and Jessie Etherington, Dixie and Joe, Corena, William, Betty Colin and girls, Shaws, Conaghans; A Keith, Lucille, George and family, the O'Rourke Family, Isobel and Ernie Lawrence, W and E Seal, Horace, Myrtle, Ronnie and Moe, MacMorrow Family, Mary and Ernie Brass, Jennie and Walter Brown, Mary and Grant Roberts and family, Wilma Albert Dale and Denese Easterday, W D and Mrs Williams, Josephine Charlton, Mr and Mrs Jim Howse, Albert Yvonne and Georgie Quickstad.

Crippled Childrens fund: Dick and Fay Dorey, Fred and Lilyan Goddard, Cliff Stockwell, May[illegible] Bros, Gus Stockwell, Ed Stockwell, Mrs Rowntree and [illegible], Harry, Ruth and Marilyn Brake, Hugh, Florence and Ann Hagen, Mr and Mrs Mike Teach and family, Ralph and Louise Strome, Harry and Kathleen Brake, Mr and Mrs Gordon Wilson, Frances Jomtack, Louie [illegible] and Colin, Mr and Mrs [illegible] Nelson and Vernon, Mr and Mrs [illegible] Nelson, Bill [illegible]wood, Henry Betty and family, Bill and Susie Goad, Mrs Quick and Alan, Mr and Mrs A Fisher, Cliff and Marge, Mr and Mrs Norman Stanley, Mr and Mrs Frank Molineux, Mrs M Molineux, Mr and Mrs Ernie Lawrence, Mrs McGuire and Mick, Bert and Annie Shaw, H B Craige, Peter McQuid, Eric, Zelma and girls, Ed and Elda Etherington and family, Ray Isabel and family, Mr and Mrs Rock Lucas and family, Mrs Jessie Etherington, Mr and Mrs Allan MacDonald and family, Mr and Mrs McMorrow and John, Gordon and Loretta Schroeder, Mrs Pierce and family, Mr and Mrs Tom Foy, [illegible] Gordon Goad.

[illegible] fund: Mr and Mrs Pat Monaghan, Ed and Nora [illegible], Frances Monaghan and boys.

CARD OF THANKS

We wish to extend our heartfelt thanks for the acts of kindness, help, floral tributes, memorial donations and sympathy cards received during our recent bereavement. Special thanks to the pallbearers, Mrs. A. West, those who afforded transportation and all visitors to the house.

The Malonek Family

Mannville Bingo

O — 71, 61, [illegible], [illegible], 63, [illegible], 73, 64, 65

In Vermilion cards may be obtained from Walter Fix.

Barry Boothman Honored At Dewberry Home & School Meeting

DEWBERRY — The Dewberry Home and School held the first meeting of the new term on Sept. 10th. There were about fifty in attendance.

The president, Mr. Bob Gray opened the meeting by asking Mr Kruger to lead in the singing of "O Canada." After the minutes of the last meeting and the financial statement were read and adopted the president called for a vote of thanks to the retiring president, Mr Whiteside.

It was decided that Mrs. Oxton, the retiring secretary be given a token of appreciation for her services during the last two years.

The officers for the next term are — Executive committee — Mrs. Neil Jones, Mrs Holman, Mrs. J Rainey, Mrs Marie Maltais, Mrs. Durnin, Mrs. Kruger, the president, vice president Mrs L. Hanna and the secretary.

The press representative was re-elected, auditors are Mr Theisson and Mr. Whiteside. Resolution committee — Mrs. Kruger, Mrs D Brown and Mrs. Haskell.

The banner and book for June went to the grade 12 room. It was decided after discussion that instead of giving a book as had been done previously, the money be given for use as the teacher and class decide. A discussion re sending a delegate to the Banff work shop in October was held. It was decided that one be sent but the nomination was tabled until next meeting.

The highlight of the evening was the awarding of the Home and School scholarships. Mr Kruger presented Barry Boothman with the $50.00 scholarship for the highest standing in grade 12 and remarked that Dewberry was fortunate in having a young man who put his brains to work. Barry thanked Mr Kruger, the Home and School and all who had helped him during the term.

Lynn Purser was presented by Mr. Theisson, with the $25.00 award for grade nine. Mr. Theisson said Lynn had worked hard all year and had had very stiff competition. Lynn thanked the Home and School for the cheque, her teacher for his help and said that Tina Whiteside had run a very close second.

The principal introduced his staff who were all present: grade one, Miss Markowski; grade 2, Mrs Haskell; 3, Mrs Durnin; 4 and 5, Miss D Young; 5 and 6, Mrs. Witmosey; 7, Mrs Brutnsky; 8, Mrs. J. Whiteside; 9, Mr Theisson; 10, Mrs. Kruger. The principal, Mr. Kruger, teaches grade 11. There is no grade 12 being taught this year.

A discussion was held about books, etc. left at school. All parents whose children have lost mittens and foot wear are asked to come to school and inspect those that are there. Any that are not claimed by the October meeting will be sold and the money used to buy library books. Parents are asked to mark all footwear and clothing with the wearer's name.

The secretary was asked to write to the divisional board about sports equipment as it is inadequate.

The insurance plan was talked over and many questions about same were asked.

The meetings for this season will be at the same time, the second Thursday of the month at 8:30 p.m. The membership fee is also the same as last year.

The committee served a delicious lunch.

Remember the next meeting on October 8th at 8:30 p.m. We would like to see many more new members, as well as our usual ones.

Minburn Resident Passes Away

Frank Ernest Nash of Minburn district passed away on September 18 at the age of 40 years.

Funeral services were held on Monday, Sept. 21 at 2 p.m. in the Minburn Anglican church. Rev. Crawley of Viking officiated. Interment took place in the Minburn cemetery.

Mr. Nash is survived by his loving wife Effie, his father David Nash of Minburn, four sons Frank, Ronald, Glen and Kevin all at home, and three daughters, Mrs. Neil White of Viking, Mrs Ron Atchison, Edmonton, and Valerie at home. There are also two grandchildren, one sister and four brothers.

Arrangements were made by Moyer's Funeral Home.

Rotary Enjoys Travelogue Meeting

A number of club members were called on to give a report on their holidays. Most of them were sight seeing and visiting friends. Curt Althe was chairman of this interesting and enjoyable meeting.

Visitors were Barrie Anderson, Israel Miller and Gordon Shepherd.

The next meeting will be held in the Legion hall at 12 noon on Sept. 29th. Each member is inviting a guest. Bill Skinner of Lloydminster is guest speaker.

How about putting a little sunshine away for a rainy day?

H. & S. To Meet

It will be "Meet the Teachers" night at the Home & School meeting which will be held at the west end brick school on Tuesday Sept. 29. Mr. Mackridge, school superintendent will be guest speaker on that occasion and all parents and general public are invited to attend.

SUPER SERVICE

PILIP - EWEN WEDDING CEREMONY PERFORMED AT DEWBERRY CHURCH

White gladioli decorated the Dewberry United Church for the late summer wedding of Miss Peggy Joan Ewen and Mr. Paul Pilip. Rev. J. Sherritt of Kitscoty performed the double ring ceremony.

The bride, daughter of Mr. and Mrs. George Ewen of Dewberry, looked very lovely in a gown of white nylon net over satin. She carried a bouquet of red roses. She was given in marriage by her father.

Mrs. Norman Heine, sister of the bride, was matron of honor. She wore a gown of blue nylon chiffon and carried a sheath of white gladioli. The bridesmaid, Miss Ruth Lofthouse, chose a dress of orange-ice organza and carried a sheath of white gladioli.

Little Olive Lee Ewen, the flower girl, was dressed in yellow nylon trimmed with white and wore a bandeau of carnations in her hair. She carried rose carnations.

The groom, son of Mr. and Mrs. John Pilip of Two Hills, was attended by George Young and John Pilip. The ushers were James Jones and Glen Ewen. The wedding music was played by Miss Cheryl Jones with Mrs. Milo Hodgson as soloist.

The bride's mother chose a suit of black and off-white wool boucle, and the groom's mother, a gown of navy blue crepe.

A reception was held at the home of Mrs. Neal Jones, sister of the bride. Mr. Lofthouse proposed the toast to the bride. During the evening Harlan Green, flutist, and Miss Cheryl Jones, pianist, played musical selections.

The bride's travelling costume was a light blue sheath with white accessories, topped with a rosewood wool coat. Her corsage was of red carnations.

Out-of-town guests were: Mr. and Mrs. J. Pilip, Mr. and Mrs. George English, Miss Audrey Sherrer, Mr. and Mrs. G. Pilip, all of Two Hills; T. B. Bates, Maymont, Sask.; O. Hanson, North Battleford, Sask.; Miss Elsie Bailey, North Battleford, Sask.

BUFFALO COULEE ACTIVITIES

(Held over from last week)

On Wednesday evening Sept. 2 the central W. A. meeting was held at the church. Mrs. Melvin Hill of Vermilion as the guest speaker spoke on their recent trip to the Carribean area and Mr. Hill showed slides which they had taken. The ladies of the W. A. appreciate Mr. and Mrs. Hill providing this interesting evening.

At a short meeting held after the service on Sunday it was decided that the W. A. would sponsor a chicken supper, probably early in November.

HEATHERBELL GROUP MEETS

The Heatherbell group at a meeting at Mrs. Mavis Haverstock's last Thursday decided to buy the material to make tables to be used for banquets. It is hoped to have some of the men make these up some rainy day when they can't harvest. Also at this meeting articles for a layette for Vermilion hospital were handed in.

AUTUMN LEAF

The September meeting of the Autumn Leaf group was held at the home of Mrs. Ruth Everett.

WILLOWBY GROUP ENTERTAINS

The Willowby group has been entertaining the other groups at strawberry time. In July they had the Battleview ladies at the home of Mrs. Alf Green. Early in September the Heatherbell group enjoyed their evening also at Mrs. Green's and last Wednesday Mrs. Olga Arthur lent her home for the entertainment of Autumn Leaf. This nice gesture of friendship and fellowship has been very much enjoyed by all and many thanks go to the Willowby group.

SPECIAL CHURCH SERVICE

On Sept. 6 the [illegible] church was filled almost to capacity for the morning service conducted by the Rev. C. W. MacKay of Vermilion. Five babies were baptized namely, Hugh Cleland, Carolyn Eyben, Isabel Bolar, John Lychak, Brenda Barlow. A number of relatives of the various babies were present. Ten people were received in full membership in the church. Mr. and Mrs. John Eyben and Bernard, Frances and Lorene Everett, Donald and Alayne Stone, Marjorie Brook, Jean Seale and Sandra Harrison. Mr R Nicholl had conducted a communion class during the summer and it is a very fine credit to his work to have had such a large class of new members. Following a very fine sermon on "The Power of God" the sacrament of communion was administered with the largest participation ever held at our church.

SUNRISE SERVICE

The Young People's group held their last meeting on Friday evening and on Sunday morning held a Sunrise service on the top of Edward's hill. All members of the group were in attendance and just as the sun arose Mr. Nicholl conducted an inspiring devotional service. Following the service they cooked breakfast of bacon and eggs on the campfire.

ORGANIST TO LEAVE

At 11 a.m. Mr. Nicholl held the regular service at the church. This last service of the summer is always a little sad as we say farewell to our student minister but this year it was more so as we also bid farewell to our organist Mrs. Alf Green. The Greens have disposed of their farm and will be making their home in the city. The church certainly won't seem the same without Agnes at the organ. At the close of the service Mr. Burton Seale, chairman of the board of stewards, presented Mrs. Green with a leather-bound monogrammed hymnary as a token of appreciation of her many years of work at the organ and with the choir. She has had this position since the church was built. Mr. Nicholl on behalf of the congregation, presented Lorene Everett and Marjorie Brook with their Bibles as has been the custom with our young people of the church who are leaving the community. Lorene is going to university to enroll in Education and Marjorie is attending business college in Lloydminster.

Recent visitors in the community have been Mr. and Mrs. Jack Brown and family of Calgary at the Macnab home; Cliff Kennedys of Edmonton at the home of Cliff's brother Ken., and Mr and Mrs. Bill Bushko of Vegreville at the Alf Green's and Alex Stone's.

Mr. and Mrs. Wilson Brook had Wilson's brother Charlie and family of Edmonton with them over the Labor day week end.

Clifford Cunningham of Edmonton arrived home last week to help with the harvest until University opens.

Sympathy of the community is extended to the Kowalchuk [illegible]. She was well known by many here who are sorry to hear of her early passing.

The Home and School Association held their first fall meeting to plan programs for the coming season.

A WORD TO THE WIVES

When spreading meringue on a pie filling, be sure to spread it to the very edge of the crust to seal it. This avoids that "shrunken island" look. Remember, too, that eggs at room temperature yield more meringue, and that sugar should be added very slowly as you beat the meringue

Janet Laidler President of G. A.

MANNVILLE - - Following a [illegible] the girls Auxiliary of the Anglican Church met for the purpose of electing officers for the coming year. Results were: President Janet Laidler, vice president Judy Webb, secretary, Sylvia Schock, treasurer, Dawn Kreller. Plans were made for badge work and missionary work, meetings to be held every two weeks on Tuesday afternoon.

Jasper Park Lodge Ends Busiest Season

JASPER — Jasper Park Lodge last week ended the busiest season in its 35 year history, according to [illegible] Van Dyke, manager of the C. N. R.'s internationally famous resort. "Reservations for next season have been coming in daily for the past month," he stated, [illegible] that this augers well for the 1960 season.

Mrs. McGrath, Tolland Pioneer, Laid to Rest

Funeral services for Mrs. Isabella McGrath, who passed away Sunday morning, September 6, were held in the First United Church, Vermilion, on Sept. 8 at 2 p.m. Services were conducted by Rev. Oliver Nugent, Presbyterian minister of Edmonton, assisted by Rev. C. W. MacKay of Vermilion. During the service Mr [illegible] sang "The Lord's Prayer".

Pallbearers, long-time friends of the family were: [illegible] McNair, Andrew McQuid, Fred Slocum, Harvey Ganton, Geo. Webb Sr. and F. Van Wageningen Sr.

Moyer's Funeral home was in charge of the arrangements.

Isabella McGrath was born in Hillsdale, Ont., on Oct. 2, 1871. On Nov. 11, 1894 she was married to the late Charles Frederick McGrath, and they resided at Elmvale, Ontario, until coming to Alberta in 1913 when they moved to Tolland. That same farm that they moved to in 1913 is still being farmed by Mrs. McGrath's son and grandsons. Her husband predeceased her in 1951.

Mrs. McGrath is survived by one son Duff, of Tolland; one brother James, of Vancouver; three sisters, Mrs. Henderson Keeley, Edmonton, Mrs. Annie Wyley, Islay, and Mrs. Agnes Hinchey of Edson. There are four grandchildren, Bill, [illegible], Margaret and Eleanore McGrath.

Beautiful floral tributes were received from the following: The Family; [illegible] Sadie and family, Ruth, Dick and family, Elsie, Howard and David Keeley Family, Garfield and Margaret Roberts, [illegible] and family, Mrs. M. Reed, Johnny, Peggy and family, Peggy Floyd and girls, Arnold, Nell and Ross, Lorna and Charlie, George and Ina Webb.

Tolland Presbyterian Church Memorial fund: Dorothy and Kaare Selte, Preston Families, Betty and Art Lysons, Spencer Family, Fred Slocum, Clarence Lewis, Mr and Mrs. H. E. Portsmith, Mr and Mrs. Fred Scott and family, Mr and Mrs. F. Van Wageningen and Florent, Mr and Mrs. Pringle Galloway and family, the Vermilion School Division Board, Mrs. M. Webber, E. E. Webber, Wolters Family, Watson Family, Mrs. E. Lysons, Keith and Leo, Mr and Mrs. Fred Kottmeir, Agnes and Walter Hinchey, Jim and Lillian Hinchey, Ganton Watson Red Cross Auxiliary, Flo and Raymond McQuid and boys; Mr. and Mrs. A. McQuid, Ganton Sunday School.

Donations to the Cancer fund: George Machell, Mary and Jim Stone, Mr and Mrs. Clarence Crocker and girls; Mabel, Howard and family, Wes, Isabelle and family, Mr and Mrs. Tommy Lysons and family, Mr. and Mrs. Ralph Thomason and girls, Chris Thompson, Dan Ford and family, Mr and Mrs. Frank Gibson, Mr and Mrs. Wilson Ford; Mr. and Mrs. J. C. Wallington.

Crippled Children's fund: Mrs. Thelma Sweeney, Ray and Ruth Oldenburg and Roger; Walter and Della Lysons; Art and Betty Ganton and family, Mr. and Mrs. William Keeley and family, Mr and Mrs. Norman Keeley and family, Mr. and Mrs. C. J. Crocker and family; Wes and Mamie Isley and family, Mr. and Mrs. Chas. Redmond; Alice, Etta and Inez Anderson, Geo. Machell.

Gideon Bibles: Ken and Mary Isley and family, Irving Wilson[illegible] er.

Sympathy messages and cards were received from the following: Mr. and Mrs. Wm. Bowman and family, Mr and Mrs. Fred Clark and Harold, Andy and Agnes Kerr; Lillian and Ray McCoskey, Mr. and Mrs. Art Beckman; Glen and Mickey Beckman; Allen, Ted and family, Walter and Vida Mason; Albert and Marjorie Smith; Mrs. Annie Cameron; Bob, Doris and Doreen Martin; Marion and Burton Clark; John and Irene Wilson; Mr. Chas. Roberts; Alex and Mary Castel; Karl, Fern and Emma; Urban and Mildred Holman, [illegible] and Carol Cooper, Gladys Robinson and family, Shirley Leighton, Mr and Mrs. Peter Cartwright and Jack, Jack and Evelyn Clark; Mr. and Mrs. Frank DeMann; Mr. and Mrs. Ed Geertsen and Clifford.

CANADA'S UNITED NATIONS HOSTESS

Alderman Mrs. Irene Holt of Peterborough, Ontario, has been appointed alternate United Nations delegate. Only woman, she is expected to entertain on behalf of Canada.

Save the Whooping Cranes . . Public Co-operation Again Asked

Any day now the world's last wild flock of Whooping cranes will be moving from their summer quarters in Canada's northwest, bound for their traditional wintering ground on the Gulf Coast of Texas. As the giant Whoopers begin their hazardous 2,300-mile journey, the Audubon Society of Canada again warns hunters "DON'T SHOOT AT ANY LARGE WHITE BIRD. It might be a Whooping crane!"

Not until November, when an accurate census will be made in Texas, will it be known exactly how many Whooping cranes remain. Will the wild flock of 32 again be strengthened by the addition of young birds successfully reared in Wood Buffalo Park? Last year's crop of nine young set a 30-year record, but Audubon sources warn that we must not be over-optimistic, and should not expect that number to be reached in consecutive years. The 1958 production was considerably above average.

During September, October and early November, the period in which the cranes must travel the enormous distance from the Northwest Territories to the Gulf of Mexico, their precise migration route is lined with hunters. This is the crane critical part of the birds' year. Confusion with other species is not uncommon, so in order to ensure protection for the Whooping cranes, hunters are urged to GIVE SAFE PASSAGE TO ALL LARGE WHITE BIRDS. We cannot afford to lose a single individual. Adult Whoopers are pure white, seven feet across the wings, with black wingtips. They fly with long necks fully outstretched, long slim legs trailing. Young birds are rusty-brown, flecked with white.

No one knows in advance precisely where the Whooping cranes' migration will take them. According to the Audubon Society of Canada, the danger zone must be considered for safety's sake to extend from northern Alberta to southwestern Manitoba. Anyone spotting a Whooping crane is asked to report it, with full details, to your local game warden or conservation officer. Let's all do our part to help keep the Whooping cranes flying! tf

Toronto 1, Ontario,
Sept. 17, 1959.

The Editor, Standard.

Dear Sir:

May we, through the columns of your newspaper, make public the appreciation of the leaders of The Salvation Army for the excellent support given by the Standard to the recent Red Shield Appeal.

Indications are that the appeal will again be successful nationally when delayed campaigns are conducted and all returns are in. This gives cause for gratitude to God.

The part that is played by the Fourth Estate in bringing the appeal to the attention of the people is fully realized. Fund raising is not easy. [illegible] It is essential that the public be made aware of The Salvation Army's needs, its purpose and its program.

Thank you for generous and competent assistance.

Yours faithfully,
L. Bursey (Lieut.-Col.)
National Campaign Director.

Here is super-economy — plus real all-vegetable quality! Each pound is individually wrapped . . . color one pound at a time . . . the unused pounds stay fresh, perfectly protected, until needed.

NEWS from ALLANDALE

Weather has been cool and cloudy — equinox disturbances, with more rain. Harvesting will be delayed again for some time. So far only a slight frost has occurred.

Flowers that withstood the frost are lovely yet, and at this, the ebb of the season, seem to be much more enjoyed. Roses are long blooming and still have buds coming. Hope to see your collection again Pleasant Valley scribe. The country is beautiful now with all the colored foliage, a real fall look.

LOCAL AUTHOR PUBLISHES BOOK

It was a pleasant surprise to learn that Allan Ronaghan has recently published a book, "We Are One Nation". A blueprint for a new and greater Canada. Will Canada ever reach the solidarity and unification to which it aspires? Or will it be thwarted by the human frailties that plague its current struggle to make Confederation work? Allan Ronaghan attempts to answer these questions in his publication and leads the reader through many of his own illuminating experiences. What primarily concerns the author is the simple fact that an English-speaking Canadian can be himself everywhere in Canada, while his French-speaking fellow citizen cannot. There are three more paragraphs describing the book, the final one reading: "This is a book for all Canadians. It touches on the urgent needs that are close to the heart of Canada. Mr. Ronaghan, in his role as citizen, meets these issues squarely, lucidly and systematically."

On Sept. 10 Mr. and Mrs. Homer Tomson and friends of the Tomsons, Mr. and Mrs. Dunning from Hill City, Kansas, arrived at their niece Barbara's, the Johnny Nelson home, in Lloydminster. They later visited at their niece's, Mr. and Mrs. Milton Lee (Eunice) in Vermilion. On Sept. 13 these folks and Lorna and Tommy Stockwell and son Nelson of Clandonald motored to Muriel Lake, picnicking and fishing for the day.

We wish you a restful, happy retirement in town Mr. and Mrs. Wallington, after so many years on the farm. We will miss your "Winks". It took news from home to far away folks, giving joy and contentment and some sadness too at the passing of old friends. Also congratulations Mr and Mrs Wallington on your forty-sixth wedding anniversary on Sept. 17. May you enjoy many more.

Herb McPhee did a safe and kindly act when he had the trees cleared on his land across from the community centre. That always seemed to be such a dangerous place, as coming down the hill there were trees on both sides obscuring the vision.

Mrs. Della Walsh is on the substitute list for teaching in Edmonton. One call [illegible] St. Pauls school where Sister Aiden (Nellie Martin) is teaching. Sister Aiden had a pleasant surprise seeing a teacher she knew from home at Clandonald. The Walsh children are all attending school this year.

STUDENT MINISTER LEAVES

The last Sunday service of the summer conducted by Mr. Hugh Farquhar was held Sept. 13. He had a splendid message for his final service. Hugh left the next morning for home and college in Nova Scotia. Best wishes go with him in his well chosen career.

Mr. Ben Jacklin from Victoria, B.C., accompanied his niece Mr. and Mrs. Louis Baldock from Camrose to Vermilion on Sept. 13. They called at the Omness home in the afternoon.

It was in 1910 that Mr. and Mrs. Ben Jacklin came west from Hamilton, Ont. on their honeymoon and visited at Vermilion. Ben hadn't been back since. Needless to say he saw quite a change. Mrs. Jacklin passed on about a year ago. Mr. Jacklin was visiting his sister Mary, the Hogaboam family, in Camrose. Over the week end Mr. and Mrs. Wilmer Hogaboam had as their guests their son Mr. and Mrs. Charlie Hogaboam and family from Red Deer.

Congratulations and our very best wishes to the bride and groom of fifty years, Mr. and Mrs. Wes Waldenberger of Vermilion who celebrated their Golden anniversary on Sept. 18. "This Golden anniversary must mean a lot to you, with memories of fifty years now passing in review — so with congratulations, this is coming to convey, the very best of wishes for this happy golden day."

On Sept. 17 an enjoyable afternoon was had at Mrs. Laird's in Clandonald visiting with Mrs. Isobel Lawrence. On Sept. 5 Ernie and Isobel Lawrence attended the latter's granddaughter's (Joyce Featherstone) wedding in Edmonton when she was married to Richard McBain. A reception was held at Roxboro. The bride's mother, Helen Bell, and Milo Fleming of town, attended the same school at Kerriemuir, Alta.

Mr. and Mrs. Homer Tomson and Mr. and Mrs. Dunning accompanied Mr. and Mrs. Milton Lee from town and were evening visitors at the Omness home. The folks from Kansas are enjoying their holidays very much. They are not used to the cool damp weather we have been having, so welcomed the nice bright sunshine experienced last Sunday.

Albert Armstrong of Edmonton was home last week end. His niece Dorothy, Mr. and Mrs. George Dimma and family accompanied him to Vermilion wher they visited at the home of her parents Mr. and Mrs. Warren Edwards. Mr. and Mrs. Dimma have moved to the city from Forestburg.

It was a great pleasure to have the opportunity to meet Mrs. Ellen Armstrong again as our Worthy Grand Matron for Alberta, O.E.S. About a year ago we met this very capable lady at the town and country banquet held in Vermilion, sponsored by the board of trade. Mrs. Armstrong had toured parts of the world as a delegate for the Farm Women of Alberta. Her address and pictures at that time were very interesting and educational. She is still interested in farm problems and was released for this year to carry on her present duties. Mrs. Armstrong was enquiring about our district representative for the F.U.A., Mr. Ralph Wilson and his family.

Closing thought: "Religion is often thought of as a city of refuge to which many flee only when their troubles are too great. This is a shallow view of religion. What a dark world it would be however, if something higher than [illegible] could not be found in time of need."

BAKING & PLANT SALE

A home baking and plant sale will be held Oct. 3 from 3 to 5 p.m. in Harsethers Tomboy store sponsored by Britannia Rebekah Lodge. 10-12

CAN'T KEEP THEM HOME!

It's becoming more and more difficult to keep the home town folks in their own back yard. The U.S. is finding out too, as they announced that 35 foreign government tourist and travel offices representing 34 different governments are spending $7,500,000 on "visit us" travel publicity. To counter it, the U.S. is reported on a major blast of publicity this coming year, to keep their own folks in their own national holiday back yards.

OUR LETTER FROM EDMONTON

ASK SOCIALIZATION OF ALBERTA'S POWER SYSTEMS

EDMONTON — Are Alberta farmers unhappy with the province's present rural electrification program?

They are, say the Farmer's Union of Alberta, the Alberta Federation of Agriculture, the Union of Rural Electrification Associations and the Alberta Federation of Labor.

The four groups teamed up last week to submit a brief asking the Alberta government to scrap the existing rural power program under which the individual farmer has to borrow money to pay his share of bringing power to his farmyard.

Instead of the existing system the four organizations want the provincial government to force the private companies out of the picture and introduce publicly owned power generation and transmission in Alberta.

The brief was submitted to a provincial cabinet committee consisting of Industry and Development Minister A. R. Patrick, Agriculture Minister Leonard Halmrast and Labor Minister Ray Reierson.

In addition to asking for socialized power, the brief asked that farmers who have already paid for power lines be reimbursed (shades of last summer's Progressive Conservative platform in the provincial election).

The brief used strong language to criticize the private power companies which now supply power to rural Alberta. It condemned them for keeping expensive public relations staffs which it said constitute an "utter waste of money" so far as the consumer is concerned. It attacked one of them for what it termed "fantastic profiteering". If such is the case and it remains to be proved, the profits are not at the expense of the farmers as his power is supplied at absolute cost.

Turning to the advantages of public power, the brief said it would enable Alberta to work out an overall plan for power development in the entire province. "This could be tied in with the construction of dams for both flood control and power development. Obviously this is impossible under the present system of three private companies jostling for position in various areas."

The brief presented by four organizations amounted to one of the strongest bids in recent years for a new deal in rural power.

The government has made no comment since the brief was presented. But there's no reason to think Premier Manning's cabinet will change its policy on rural power. Past efforts to bring socialized power have to [illegible].

ATOMS FOR OIL

Richfield Oil Corporation's proposal to touch off a nuclear blast in the Athabasca oil sands [illegible].

A technical committee set up by the Alberta government to study the proposal from all angles submitted its report. The verdict: a nuclear explosion 1,200 feet underground could be set off without any danger to public health or plant and animal life.

If the proposal is cleared by the federal government and the U.S. Atomic Energy Commission, the experimental blast could be touched off early in 1960 in the McMurray area 180 miles northwest of Edmonton.

The recommendations of the Alberta committee agree with those of a federal government committee organized to study the proposal.

Richfield is working on the theory that heat from a nuclear explosion deep underground partially separate the oil from the sand and permit it to be pumped to the surface. The Alberta committee studied the results of underground nuclear explosions in Nevada and came to the conclusion that any radioactivity would be trapped underground.

If the Richfield experiment proves successful it will give the company a head start on economic development of the oil sands which comprise the world's largest known reserves of crude oil.

PLANS PROGRESS FOR THE 1959 EDMONTON FALL SHOW AND SALE

The Edmonton Fall Show and Sale will be held at the Edmonton Exhibition grounds Tuesday, Oct. 27th to Friday, Oct. 30th. It is expected some 350 to [illegible] head of purebred swine will be entered for sale constituting the largest purebred swine sale in Canada. In addition to the purebred swine show and sale the sheep breeders of Northern Alberta will contribute for sale approximately 100 head of purebred sheep of the various breeds.

However, this is not entirely a purebred show and sale. Many commercial animals will be entered for show and sale by public auction. There are three classes for Market Lambs including a class for single animals, a class for a pen of three and one for a pen of five. The same type of classification is open to the swine breeders. In both cases of sheep and swine there is a class in which exhibitors enter five animals. These are judged on the hoof by contributors and then they are sent to the packing plants for slaughter. Here the carcasses are government graded after which they are returned to the show and auctioned to a consumer trade wishing to replenish the supply of meat for their lockers and deepfreezes.

One of the highlights of the show is the Junior section. Junior farmers have a competition in lamb trimming, lamb judging and lambs fitted by them specifically for this show. In the swine or bacon section the young farmers have an opportunity to show their bacon hogs, participate in a judging competition and show their top animals against the champions of the senior show.

Many special prizes and awards are offered at the Fall Show. Several of these are new for this year.

The following is [illegible] committee set up by [illegible] Exhibition Board to handle matters affecting the sheep and swine shows and sales sponsored by the Association: A. J. Ottewell, Chairman; A. R. Pearson, vice-chairman; M. D. McCallum, S. W. Sheppard, Ernest E. Fell, J. L. [illegible], Robert Shepherd, Peter Wyllie.

FIRST AID — WHAT TO DO WHILE WAITING FOR THE DOCTOR

At any time, without warning, you may be at the scene when some one is injured in an accident or is attacked by sudden illness. The object of first aid — or what you do while waiting for the doctor — is to make the person more comfortable and to reduce the chance of further injury. What you do and how you do it may even save a life.

The information given in this column will help you to apply the proper first-aid measures for many of the injuries and ailments most commonly encountered in the home, on the street and highway, and in public places. In places where there is a first aid room or dispensary on the premises — industrial and business establishments and in school for example — even first aid measures should be applied by the doctor or nurse in charge.

AT THE SCENE

The first-aider at the scene of an accident is expected to take charge. Keep cool. Deal with the most serious injury or condition first. The most urgent medical emergencies which require prompt action to save life are: (1) Severe bleeding; (2) Asphyxia — stoppage of breathing; (3) Poisoning. Shock may accompany any of them.

WHAT TO DO FIRST

1. Keep the victim lying down, his head level with his body, until you find out what the injury is. Encourage him and try to allay his fears.

2. Examine the victim. Do not be satisfied with noting only the injuries that are plain to be seen. Look especially for wounds, broken bones, burns, signs of shock. If necessary to discover a source of bleeding, rip or cut the clothing from the injured part.

3. Move the victim only if absolutely necessary and then with the greatest caution. Rough handling will make a bad matter worse. In case of simple fracture for example one or both ends of the broken bone may be pushed through the skin if the victim is not handled properly.

4. Act promptly but not hastily. Decide what needs to be done and do it. Do what ever is necessary to prevent further injury or to save the victim's life and to keep him comfortable and quiet, but no more.

5. Send for a doctor and an ambulance. Be sure that the doctor is told (1) the nature of the injuries, (2) where the victim is; and (3) what you have done.

SHOCK

Shock is a condition associated with failure of circulation. It may occur as a result of loss of blood, damage to tissues or even emotional upsets. It varies in degree from a mild condition resembling fainting to a severe form which may result in death.

The signs vary with the cause and degree of shock. The person's face is pale and his skin cold and clammy. Breathing is rapid and shallow, and the pulse rate is rapid. The victim may lose interest in what is happening. He may be partly or totally unconscious.

WHAT TO DO

The development of shock may be prevented or the chance of recovery from severe shock may be increased by taking the following measures in every case of serious injury.

1. Keep the victim quiet and lying down. See that he is kept comfortably warm [illegible] blankets placed over him. If he still complains of feeling cold apply hot water bottles or some other heating device if available, tested on your own forearm. Take care not to burn him.

2. Prepare a shock solution — 1 quart of water, 1 teaspoonful salt, ½ teaspoonful soda. Give the victim drinks of this if he is fully conscious, unless he has an abdominal injury.

3. Relieve pain as much as possible. If necessary to move the victim be especially careful to support, splint, or protect injured limbs with great care and gentleness.

(To be continued next week.)

Dewberry L. A. Plans Chicken Supper

DEWBERRY — Mrs. Milo Hodgson held the September meeting of the Dewberry Ladies Aid at her home for her [illegible], Mrs. Vic [illegible]. There were six members and one visitor present. Following the opening hymn, "All the Way My Saviour Leads Me," Mrs. S. [illegible] read the Bible and Mrs. Wm. Young from the Upper Room.

The minutes of the previous meeting were read and adopted. It was decided to have the annual chicken supper on Wednesday, Nov. 4th from 5:30 to 8:00 p.m. Plans for this will be made at the next meeting and it is hoped that every member will make an effort to be present.

The members who attended the W. M. S. rally at Islay wish to thank the W. A. there for a most enjoyable afternoon. The address on "The Mission of the Church" by Mrs. R. Nicholls, student minister at [illegible], was very interesting indeed.

The meeting closed with the benediction after which a delicious lunch was served by the hostess.

The October meeting will be held at the home of Mrs. Wm. S. Porter, and at which a guest speaker will be invited to give a talk on church work.

Give your skin a refresher course by treating it to a cold cream bath and facial. You'll feel as if you've been given a brand new skin!

Football was strictly a game for kicks until 1823. The World Book Encyclopedia reports that a player at Rugby, England, disgusted with his ineffective kicks at the ball, finally picked it up and ran with it. Carrying the ball became an accepted practice — except for those purists who refused to use their hands. They called their game "association football" to distinguish it from the other, which became known as rugby. Association football was later abbreviated to assoc — and then changed to soccer.

The new locks along the St. Lawrence Seaway will accommodate ships with a beam of 75 feet; the Welland Canal locks, which are about 25 years old, are 80 feet wide.

Mr. and Mrs. Wes Waldenberger

Esteemed Couple Celebrate Fiftieth Wedding Anniversary

Friday, September 18 was a happy occasion for Mr and Mrs. Wes Waldenberger, this being their fiftieth wedding anniversary. Mr. W. Waldenberger and Miss Mabel Irene Baker were married in the year 1909 at Rainy River, Ontario, where they resided until the fall of 1911. At about this time the west beckoned, due in part to a fierce forest fire which raged through this part of Ontario, destroying fifteen towns in its wake and leaving hundreds of people homeless. This young couple lost their home and all their possessions and decided then and there to look for greener fields. They arrived in Vermilion, Alberta, on the 4th day of September, 1911, and have made their home here since that time.

Mr. and Mrs. Waldenberger have five children, two girls and three boys, Mrs. E. L. Martyn (Ruth) of Edmonton, Mrs. Henry Cocks (Dorothy) of Kamloops; Lawrence of New Westminster; Stan and Ches. of Vermilion. There are nineteen grandchildren and one great grandchild.

A reception was held in the Legion hall, Vermilion from 2 to 5 p.m. The table was nicely decorated with flowers, centred by a three-tier wedding cake. Mrs. M. Hill, Mrs. Carl Herkert, Mrs. Sadie Carroll, Mrs. Nellie McFadden, Mrs. L. Amos and Mrs. W. L. Robinson, assisted by Mrs. E. L. Martyn, Mrs. C. L. Waldenberger and Mrs. S. N. Waldenberger served the guests. During the afternoon one hundred and thirty-six people, there to wish this popular couple many more years of happiness and good health signed the guest book.

At 7:00 o'clock in the evening, Mr. and Mrs. Waldenberger, [illegible] sat down to a lovely turkey dinner served by the ladies of the Canadian Legion. Grace was said by Robert W. Waldenberger. At the conclusion of the dinner Mr. Melvin Hill, on behalf of the Town of Vermilion, was called on to say a few words, to which Mr. W. Waldenberger ably replied. Rev. C. W. MacKay was then prompted to speak in defence of the bride of fifty years which he did very admirably. His remarks were endorsed by a few words from Mrs. Waldenberger. The toast to the bride and groom of 1909 was proposed by their son Stan and son Chester was called upon to bring this happy dinner to a close so that the dance scheduled for later in the evening could take place.

The dance started at 9 p.m. and continued until midnight with eighty people attending this very enjoyable affair. Music was supplied by the Hanna orchestra from Islay which everyone enjoyed to the fullest. During the intermission Mr. Hurst, a member of the orchestra, favored the gathering with two vocal numbers for which he received a real round of applause. Also nicely rendered was a number [illegible] by Miss Fay Wilson and Robert Waldenberger, "These Four Walls" and was dedicated to Robert's grandparents. Recognition of this very happy occasion was received from Lt. Governor J. J. Bowlen and Premier Ernest C. Manning. Telegrams of congratulations were received from several friends and relatives who were [illegible].

Those in attendance from out of town were Mr and Mrs. E. L. Martyn, Mr. and Mrs. [illegible] Schroder, Mr and Mrs. Arthur English, Mr and Mrs Albert [illegible], [illegible] Gordon Minicly, Miss Margaret Felon, Miss Marjorie Waldenberger, Mr. Wayne Laird, Mr. [illegible] of Edmonton.

Cossack Chorus To Present A Superior Program at Wainwright

Gabriel Solodubin, the intrepid Cossack, whose hair-raising dagger dance is one of the most exciting interludes in the program of the Platoff Don Cossack singers and dancers to be presented on Monday, October 5th in Leo Mabry School, Wainwright, under the auspices of the Lions Club, is probably the most photographed Cossack in the world. He has made dozens of motion pictures and is summoned each time to Hollywood whenever there is a call for a colorful Cossack in a movie. A daring horseman, trained by his father and his grandfather, Solodubin has also been featured by Ringling Brothers and Barnum & Bailey's Circus in riding spectacles, performing the famous Cossack trick of riding strapped to a horse's belly.

[illegible] came to America a decade ago with the Platoff Cossacks and after their debut at the San Francisco World's Fair was signed by Colonel Tim McCoy, the Wild West motion picture star and became a regular member of his company, also making summer tours with Col. McCoy with the circus. During the war when Colonel McCoy rejoined the United States, Solodubin returned to his band of fellow Cossacks for their overseas tours to entertain American troops and he has been with them ever since.

In the current program of the Cossacks, Solodubin is featured in the Lezginka, a barbaric Caucasian dance which begins on [illegible] and lilt of a peasant song and concludes in a wild dance of jubilation. With the entire chorus providing the vocal background, Solodubin performs the traditional dance with daggers, which never fails to stir his audience.

Plan Election Forum Oct. 8th

Civic voters in Vermilion will have an opportunity to study issues involved in the October 14th town election at an open forum in the Legion hall on Thursday evening next, October 8th at 8 o'clock. All seven candidates for the three vacancies on the town council have been invited to speak.

The meeting is being sponsored by the Vermilion Board of Trade.

Public Meeting To Discuss Hockey For Vermilion

A public meeting in the interests of senior hockey will be held in the Elks Hall on Tuesday evening, October 6th at 8 o'clock.

The meeting is being called by the Tigers hockey club executive and the whole matter of playing senior hockey in Vermilion and the entry of a team in the E. A. H. L. will be discussed and decided.

Everyone interested in hockey is urged to attend and to express their views.

Curlers To Elect At Annual Meeting

The annual meeting of the Vermilion curling club will be held Friday evening, October 9th at 8 p.m. in the waiting room of the curling rink. All regular business of an annual meeting will be conducted including election of officers, financial statement, etc.

All former members and prospective members are urged to attend.

Little Islay Girl Severely Burned

Marilyn Hrycash, 17 months old daughter of Mr. and Mrs. David Hrycash of Islay suffered severe burns to her face, neck and chest when a small amount of scalding water spilled on her from a pan which she pulled from the stove. The little girl had picked up the stove poker and while holding it over her head, hooked the handle of the pan by accident spilling a cupful of the boiling water over herself. Mrs. Hrycash was engaged in preserving at the time and had looked away from the little girl for but a brief moment. After receiving aid in Vermilion, Marilyn was rushed to an Edmonton hospital.

Kinette Club Installs Officers

At the first dinner meeting of the season held in the Rio Cafe on Sept. 17 the new officers for the ensuing year were installed by Past Deputy Governor Bob Anderson assisted by President Art Morgan of the Kinsmen club. The new officers are as follows:

President	Jean Inman
Vice Pres.	Ruth Rowe
Treasurer	Marge Flechuk
Registrar	Joan Kowalchuk
Sgt. at Arms	Helen Cudmore
Directors	Helen Rogers, Irene Beattie and Judy Anderson

The hospital library committee for October will be Marian [illegible] and Judy Anderson.

Local Art Club Resumes Classes

The Vermilion Community Art club has once again been fortunate in obtaining the services of Prof. Harry Wohlfarth B.B.K. and A.S.A. as instructor in the classes to start in October.

Since 1954 Prof. Wohlfarth has been art specialist with the Department of Extension, University of Alberta and previous to that he served as extension lecturer in Art at Munich. He is a member of the Association of [illegible] and the Alberta Society of Artists.

The classes this year in Vermilion plan to concentrate on the practical side of painting. [illegible] the Department of Extension, and it is hoped to make use of them. During the year three art exhibits will be sent to Vermilion by courtesy of the [illegible].

Anyone interested in joining the class and studying art under this excellent leadership is asked to contact Mrs. A. B. King phone 97, or Mrs. Carmen Long, phone [illegible].

Tenders Called For Sr. Citizens Lodge

Tenders are now being called for the general, electrical and mechanical contracts for the Senior Citizens Lodge to be erected in Vermilion. All tenders close on Thursday, October 15th.

JEROME F. PAULS

I.O.O.F. Award To University Student

Word has been received from the Central committee of the I.O.O.F. Bursary plan that a bursary cheque for $100 has been forwarded to Mr. Jerome F. Pauls. This is the second instalment of a $300 bursary awarded last year by the Oddfellow and Rebekah Lodges of [illegible].

Mr. Pauls graduated from the University of Alberta last spring when he received his B.Sc. degree. At present he is [illegible] his first year in Arts at the same university.

A grandson of Mrs. Mary Keys of Vermilion, Mr. Pauls will be known to many Vermilion people as he received his public school education here.

Cadet Officer To Meet Parents

There will be a meeting of prospective army cadets and their parents on Monday, Oct. 5, at the Armories at 8 p.m.

An officer from Cadet Services of Canada, Western Command Edmonton, will be in attendance and will address the meeting in regard to training aims of the proposed cadet corps in Vermilion.

All interested boys and their parents are invited to attend. Registration of cadets for the Vermilion corps will take place immediately following the meeting.

Overflow Meeting At Home & School; 130 Attend

The first meeting of the school year for the Vermilion Home & School Association was held on Tuesday, Sept. 22 with an attendance of 130. It was Meet the Teacher night and all of the Vermilion staff were present. In the absence of the president Dr. A. B. King, Mervyn Hill acted as chairman. [illegible] Maggs [illegible] Mrs. Bob Anderson.

Cubs, Scouts Still Short of Leaders

The Cub and Scout [illegible] association [illegible] sponsoring [illegible] annual Pot Luck Supper for the Cubs and Scouts and their parents to take place on Wednesday, October 7th at 6:30 p.m. in the Elks Hall.

Speakers will be on hand to tell about the Cub and Scout movement, the District Commissioner and [illegible] Cuboree that took place last [illegible] at Wainwright.

Parents are requested to bring the usual dish of food. Fathers and mothers are welcome to attend with the boys and a special invitation is extended to new Cubs and their parents.

The group committee of the association will meet on Monday, October 5th at 8 p.m. in the Scout hall. Leaders for Cubs and Scouts are still in short supply. Anyone interested in youth activities whether they have experience or not, are asked to get in touch with Mrs. Alfie [illegible], secretary of the local organization.

Local Swine Will Go To Toronto Royal Show

A well-known local breeder, Rod MacMillan, who farms north of Vermilion, has achieved the distinction of having a boar and sow chosen as part of the Alberta show swine representation to be sent to the Royal Winter Fair at Toronto in November.

Chosen for the honor were two Lochboisdale Yorkshires: Rocky River Rex. 78N and Lochboisdale Lass 2P. The sow has won top honors in the Edmonton exhibition as well as at the Vermilion and Lloydminster summer fairs.

If harvesting conditions permit Mr. MacMillan to be free at that time to make the trip, he intends to accompany his entries to the east and to take them into the show ring himself.

POLIO SHOTS FOR ADULTS

The Minburn-Vermilion Health Unit No. 12 has a continuing service enabling adults to receive polio shots. Any adult (without inquiry as to age) is welcome to use the services of the Health Unit to obtain immunization shots against polio. They are asked to present themselves at the baby and pre-school clinic.

In the case of the Town of Vermilion the clinic is customarily held from 2 to 4 p.m. on Mondays. For days and times of clinics at other points consult the listing in the Health Unit notes in the Standard.

ATTENTION MARWAYNE DISTRICT

Those adults who are due to receive their second polio shot are asked to report at the Legion hall on Friday, Oct. 9, either in the morning from 10 to 12:30, or in the afternoon from 1:30 to 3. Adults wishing to have their first polio shot may come at the above times, but after Friday, Oct. 9, anyone taking polio shots is asked to come to the baby clinic at the times listed in the Health Unit notices as printed as a public service every week in the Standard.

Anglican Men's Club Plan Season Events

St. Saviour's men's club held a business meeting on September 14th. President Gib Stephen was in the chair and there were 15 members present.

It is planned to hold a regular meeting on the first Monday of each month. Dinner is arranged for 6:30 p.m. and there will be a speaker at each meeting. It is hoped that someone from Edmonton can attend the November meeting to give information on a new men's organization known as "The Brotherhood of Anglican Churchmen."

The next meeting will be held on October 5th at 6:30 p.m. and all Anglican men are asked to attend.

Canadian Prime Minister Sir John Thompson died at Windsor Castle while on a visit to Queen Victoria, in 1894.

Dewberry Girl Is Elected Prov'l Vice-President, C.G.I.T.

[illegible] the Dewberry C.G.I.T. held a supper meeting in [illegible] to start off [illegible]. At the two following [illegible] officers were [illegible].

The [illegible] group has an executive consisting of the following:

President	Cheryl Jones
Vice Pres.	Karen Farberg
Sec. Treas.	Joan Holmen
[illegible]	Lynne Purser and Isabelle Jones

In the Senior group officers are:

President	Tina Whiteside
Vice Pres.	Anne Collins
Sec. Treas.	Maureen Finlay

For the Juniors [illegible] were:

President	[illegible]
Vice Pres.	[illegible]
Sec. Treas.	[illegible]

A report was given by Cheryl Jones, the representative at Camp Council this year. She has brought back many new ideas which should help in the work. The C.G.I.T. would like at this time to congratulate [illegible] as she was elected [illegible] vice-president of C.G.I.T. Camp Council of Alberta for the term 1959-60.

A welcome is extended to any girl from 12 to 17 who wishes to join. This organization has a worthwhile program and any girl can be proud to be a member. Meetings are held every Monday night from 7 to 9 in the United Church.

SCOUT APPLE DAY

The Vermilion Boy Scouts will hold their annual Apple Day on Saturday, Oct. 17. They will also canvass the town prior to Apple Day for orders for boxes of apples. 13-14

Pet Fawn Suffers Bad Accident

Mrs. Joe Braithwaite of Dewberry adopted a little fawn, only a few weeks old, when it was discovered the mother had been killed. Recently the fawn was missing for three days and was finally found suffering from the effects of an accident in which both legs on the left side were broken and cut. Bill Wilkinson saw the little animal lying beside his gate but had thought she was only resting. Later however he noticed that she still had not moved and upon examination found that both legs on the one side were broken.

After administering first aid Mrs. Braithwaite and some neighbors took the fawn to the veterinary in Lloydminster who sewed up the cuts and put both broken legs in casts. The cause of the fawn's accident is not definitely known but could have been the result of being hit by a hit and run driver.

On Tuesday of this week, it was found that the fawn's fore leg would need another cast because the swelling surrounding the compound fracture had been reduced, so the animal was once again taken to the vet at Lloydminster where another cast was applied. The back leg was examined and judged to be healing nicely and it is expected that the casts may be taken off in about three weeks, at which time it is confidently hoped the fawn will have the normal use of its legs.

In the picture, children of Mr and Mrs. Clarence Isert of Dewberry, from left to right, Monty, Arlene and Bud, are shown feeding the month-old fawn adopted by Mrs. Joe Braithwaite last August.

Some people think that the easiest way to make a mountain out of a molehill is to add a little [illegible].

SHE WILL READ YOUR MIND!

Since the dawn of recorded history the minds of men have been perplexed by the seeming ability of crystal-gazers, soothsayers, astrologers and mind readers to push aside the veil of mystery and divine the thoughts, past, present and future, of others. Many of these priests and priestesses of the occult have been called charlatans and tricksters while others have gone down in history as possessing some strange power that cannot be explained.

JULIE, known as the Psychic Enigma," a feature attraction of THE GREAT VIRGIL SPECTACLE, "An Evening of Enchantment" coming to the stage of the Vermilion high school auditorium on Saturday, October 10, under the sponsorship of Vermilion Kinsmen club will present a series of mental tests that are said to surpass anything ever seen before in the field of mental phenomena.

JULIE claims no supernatural powers but bases her work on a scientific study of the human mind and what she calls "The Universal Mind." Doctors, psychologists and other men of science have witnessed JULIE'S uncanny demonstrations and have found no solutions. Without benefit of any previous contact or information she seems to be able to look in to the minds of total strangers and read their innermost thoughts.

Alberta Women's Institute Leaders' Course Is Held at the V.S.A.

On Saturday, September 26th a Discussion Group Leader's Course was held at the Vermilion School of Agriculture by the Department of Extension and conducted by W. George Porter, Extension [illegible] for the Women's Institutes.

Those present were the director of District 2 Mrs. S. E. Thomas, Provincial Convener of Education Mrs. R. C. Mead, Constituency Convener, Mrs. W. P. Sloan, and the following W. I. members who are branch chairmen of education and citizenship: [illegible], Mrs. W. J. Garnett, Mrs. W. J. Bell, Mrs. J. Green, Mrs. J. Willes, Mrs. A. Fawlow, Mrs. J. Goshko, Mrs. R. Strome, Mrs. E. Summers, Mrs. D. Clark, Mrs. T. Kampe, Mrs. M. E. Wood, Mrs. L. S. Smith, Mrs. F. McLean and Mrs. Romanick.

After a brief introduction to the course, Mr. Potter showed a film "How to Conduct a Discussion Group", which was well discussed by the members who were divided into 2 groups.

The subject chosen after lunch was "Aging Is Everybody's Business." A film entitled "The Proud Years" showing the aged in health, in sickness and infirmity and how they can be helped towards a happier, active and contented life. This film was also well discussed. The meeting was then adjourned at 3:30 p.m.

Four Generations Attend Golden Wedding Anniversary

Four generations attended the [illegible] wedding celebration of Mr. and Mrs. John A. [illegible] which was held in Vermilion recently. Shown in the picture are Mrs. John A. [illegible], the great-grandmother, who is seated; standing from left to right are Mr. [illegible], great-grandfather; grandson Lyle [illegible] holding his daughter Cindy, and the grandmother, Mrs. [illegible], a daughter of Mr. and Mrs. [illegible].

Credit Where Credit Is Due

Boards of Trade and Chambers of Commerce along this part of the Canadian National can take full credit for the recent decision of railway officials to route the Transcontinental over this line from Saskatoon to Edmonton. Previously this train has followed the Super-Continental all the way across Canada, leaving a more populous and greater area of productivity unserved with transcontinental conveniences.

Boards of Trade from Fort Saskatchewan to North Battleford, with Vermilion and Lloydminster playing a leading role in organizing the movement, prepared a very complete submission, containing population figures, production, additional area served, and all relative data, and presented this to the Canadian National officials at Winnipeg. The result is that commencing with Sunday, October 25th this line will have all the transportation conveniences of a daily transcontinental service both east and west. This will also bring additional express and mail deliveries to Vermilion and other points of stop.

This is yet another major service rendered by the Vermilion Board of Trade.

Province To Again Aid Winter Works Program in Towns, Municipalities

For the second year in a row the Provincial government will pay 25 per cent of the payroll costs of approved winter projects undertaken by Alberta's municipalities. This was announced by Hon. A. J. Hooke, Minister of Municipal Affairs and Acting Premier. This year's program will run from December 1, 1959 to April 30, 1960.

The Municipal Winter Works Incentive Program, initiated last year as an aid to relieve seasonal unemployment, will be carried out during the winter season [illegible] precisely the same terms as before. The Federal government assumes fifty per cent of the labor costs involved, the Province 25 per cent, and municipalities taking advantage of the program will be responsible for the remaining 25 per cent. Municipal authorities will also be responsible for the materials and all costs other than approved labor costs required to carry out their chosen works.

To assist in financing the program, the provincial government will make loans available at interest rates similar to those set by the Municipal Financing Corporation.

The Minister said it was anticipated that there would be much greater participation in the plan this winter than last, and added that the Province was pleased that the plan was being continued this year. He noted that while the program was designed primarily to provide off-season employment, the projects undertaken by municipalities were essential works which would have to be done under any circumstances.

Projects would again be subject to the approval of the Department of Municipal Affairs and all approved applications from municipalities will be forwarded to the Federal Government for final approval. Scope of the projects which could be undertaken included:

(a) The construction and major improvement of municipal roads, streets, sidewalks, bridges and underpasses.

(b) The construction and major improvement of municipal water, sewage and storm sewage facilities not including buildings.

(c) The construction and development of municipal parks and municipal playgrounds, separate or in municipal parks but not including school playgrounds.

Persons employed on these projects must be unemployed at the time they are hired.

Mr. Hooke revealed that a substantial number of enquiries had already been received from municipalities anxious to get the go-ahead signal for local projects under the federal-provincial-municipal program. He said municipalities would be receiving official notification through the mails during the next few days.

Hunters Told Retrieve Dead Ducks

Hunters, retrieve that dead or crippled duck. You're wasting the birds if you don't.

At the opening of Manitoba's duck season Resources Minister C. H. Witney said in a press release that the dead or injured duck that is not retrieved is a big factor in reducing the annual duck harvest.

"United States wildlife management people estimate that for every four ducks in the hunter's bag he has shot at least five or six, perhaps seven birds," Mr. Witney said.

"The other two or three 'have been wasted.'"

He estimated that in Manitoba last year 222,000 ducks were retrieved by hunters in the fall season. Another 165,000 were left to starve and die and rot in the marshes and fields.

"On this basis a million ducks are wasted in Canada as a whole each year," Mr. Witney said.

To help ease this waste, he said hunters should hold their fire until ducks are at most 35 yards away. Larger shot, No. 4 for ducks and No. 2 for geese, lessened the risk of merely wounding the birds.

Use hunting dogs to retrieve whenever possible, Mr. Witney continued. If a bird is worth shooting it is worth looking for.

"Hunters are also well-advised to improve their shooting by a little practice on skeet ranges."

The C. N. R. is actively co-operating with the Canadian Red Cross by making company buildings available for blood donor clinics. The company is also advertising these clinics extensively and encouraging its employees to give their blood when and where possible.

More than 100 million bushels of U.S. corn — about 25% of the crop — were lost to the European corn borer in 1958.

The 1957-58 wool clip in Australia had a value of $[illegible] million, not far below the value of Canada's entire 1958 wheat crop.

District Agriculturist.

AGRICULTURAL SCHOOLS 1959-60

Of the many ways the Alberta Extension Service disperses information, the organized school is proving to be most popular. A school lasts from one to five days dealing with one specific subject and may have one or more speakers. The school is not a short course which lasts from one to five days dealing with various subjects to a limited extent with as many speakers as there are subjects. A school is organized in the autumn and the same people carry it on throughout the province all winter long. Consequently, the speakers become authorities on the subject. Any community may have a school during the winter where audience participation is assured. A local organization arranges for hall rentals, arrangements and advertising. The local district agriculturist can bring to this area schools on "Farm Building", "Welding", "Plumbing", "Father-Son Agreements", "Beef Cattle Improvement" and many others. The only way a school is held in a community is for the community to ask for it. At the next meeting of the organization you belong to, discuss whether or not it would be a good idea to hold a school. If one is feasible contact the D.A.

4-H AND YOUR [illegible]

4-H clubs are organized by the Alberta Extension Service for the development of rural youth. In addition to the project work such as raising a calf, a plot of grain or a flock of turkeys, 4-H members receive experience in the conduct of meetings, public speaking and sportsmanship. The motto is "Learn To Do By Doing". Autumn is the time of 4-H Beef organization and every farm boy and girl between 12 and 20 years of age is welcome to join. If there isn't a 4-H club in your district talk it over with your neighbors. As soon as a few people are interested call the D.A. office. 4-H clubs are not organized to make money or further the development of beef cattle industry. 4-H clubs are organized for the development of farm youth. You owe it to your children, encourage them to join a 4-H club now.

ARTIFICIAL INSEMINATION

Dr. R. J. McLean, manager of the Quinte District Cattle Breeding Association of Belleville, Ontario, stated that 450,000 head of cattle were bred artificially in that province last year, representing about one-third of the females of breeding age. The Ontario units are achieving about 75% conception rate and Alberta's is only slightly lower. Dr. McLean was quite impressed with Alberta's progress in A.I. and expects that artificial breeding will continue to grow, being a very important development in livestock improvement.

STORING BULBS

Dahlias are dug after foliage has been blackened by frost and the tops are removed about one inch above the ground. The roots are lifted carefully from the soil and allowed to dry to the point where the soil falls off. The roots (clumps) are then packed in peat moss or almost dry sand and stored at a temperature of 35 to 45 degrees.

Glads are dug as soon as the leaves begin to dry after [illegible]. They are dried in the sun and the leaves are removed about an inch above the corm. Thrip control is a must, the glads are dusted lightly with DDT and are stored at 80 degrees for 10 to 14 days. For the remainder of the storage period the bulbs must be kept dry at a temperature of [illegible].

COMPETITION FOR THE ROYAL

Lochdale Lass 2P and Rocky River Rex 69N, a cow and gilt of Roderick MacMillan of Vermilion, have been selected to go to the Royal Winter Fair. Mr. MacMillan raised Lochdale Lass and purchased Rocky River from Mr. A. H. Dyck, of Borden, Sask., last fall.

MILK SURVEY

Every farmer has been mailed a survey questionnaire about whole milk production. If you have not mailed yours to the Vermilion Board of Trade, please do so without delay. Questionnaires are available at the banks and the D.A. office.

OUR AIM

Our goal is a permanency in Agriculture — an agriculture that is stable and secure for farm and farmer, consistent in prices and earnings; an agriculture that can satisfy indefinitely all of the needs of food, fibre and shelter in keeping with the living standards we set.

—F. V. Cardon.

Banded Duck

Herman Dargatz brought down a young mallard greenhead with a band while shooting on the Ross Taylor farm last week. The band has been forwarded to the Fish and Wildlife Service at Washington, D. C. Herman has been a hunter for many years but this is the first time he has bagged a banded bird.

Marwayne Clothing Club Organizes

The Marwayne Clothing club held their reorganization meeting on Sept. 15 in the Marwayne school under the leadership of Mrs. J. Hale, with Mrs. H. Hutchinson and Mrs. C. Crichton as assistants. The two junior leaders are Jackie Crichton and Isabel Gray.

Executive members elected to guide the club activities for the season are:

President — Isabel Gray
Vice-Pres. — Jean Kvill
Secretary — Jackie Crichton
Treasurer — Gladys Pashniak
Club Reporter — Norma Gray.

Any girls of the district wishing to join the club are invited to come to the next meeting, to be held on October 8th.

Letters to the Editor

Dewberry, Alberta,
Sept. 28, 1959.

Dear Editor:

Last year I had an Indian man helping me harvest. This year when I went for him again, his wife had just died, leaving him with eight children, all under 12 years of age. He was staying with his parents, an old couple who can hardly look after themselves. A dirtier, sadder, hungrier looking bunch you never saw.

He said, "I can work for you if I get someone to stay with my family for three days. I have to come back then as there is to be a meeting to decide what to do as I cannot look after all my family myself."

He got his widowed sister (with three young children of her own) to come. She moved into a log shack, about 10x12 feet with a dirt roof. This is beside the grandparents' house which is just logs plastered with mud. Some of the children go there to sleep.

I took this man back for the meeting, also a sack of potatoes, a couple of chickens, milk, fruit, etc. The children were washed and dressed with clean clothes. The expression on their faces when they saw the food was really something to see.

The man is still working for me. When I took him home last Sunday, we met the women with his family, all going to church. I would like to see that he had a decent home in which to live. This point I would like to make clear: Housing on the reserves is absolutely deplorable. I understand the Federal government is doing nothing to help these people. If they want to start a works program they could start building a few houses on the reserves ... even shacks of plywood would be better than what they have now.

I would like to receive enough donations to build this man a 12 by 20 plywood bunk house or at least put a lumber roof on a log shack. He can manage to feed them with the family allowance and the little work he can receive, but there isn't enough work to make money, even to roof a log shack. Another family is taking three of the children for the time being. This man wishes to keep his family together as long as possible.

I will appoint a committee in Dewberry to look after donations and expenditures.

Yours sincerely,
Harold E. Craig.

Vermilion, Alberta,
Sept. 28, 1959.

The Editor, Standard.
Dear Sir:

This concerns an article in the Sept. 24th edition of the Standard entitled "Our Letter From Edmonton".

On Sept. 15, 1959, the Farmers' Union of Alberta together with three other Alberta organizations presented a brief "The Electric Question" to the Alberta government. In this brief, figures are quoted from the financial statements of the companies concerned.

Chartered accountants calculate that had our power been developed and distributed by the province, a saving to the people of Alberta of $7,000,000 could have been made in 1958.

Regarding the farm situation, the brief points out that during the past ten years farmers of Alberta spent some $40,000,000 on power lines which are constantly depreciating. This compares with a company shareholder investment of $22,000,000, which in 1958 earned over 12% after taxes.

Full credit must be given to the Alberta government for making possible the electrification of so much of rural Alberta. However it is to be hoped that the M.L.A.'s and others will keep open minds and be willing to [illegible] any possibility of bettering the lot of the people of Alberta.

Thank you Mr. Editor for your valuable space.

Ralph A. Wilson.

Weekly Newspaper Association Elect Executive

Weekly newspaper editors met at Banff recently and elected the executive officers pictured above for 1959-60. Shown are bottom row left to right — Ernie Jamison, Ponoka Herald, 2nd vice-president; Tom Ford, Lacombe Globe, president; Jack Parry, Rimbey Record, 1st vice-pres., Top Row, left to right — Wilf Horton, Vegreville Observer; D. Hawk, Nanton News, Past President Roy Willis, Stettler Independent, Keith Bergh, Strathmore Standard, Secretary Ken Patrige, Camrose Canadian.

Turkeys and More Turkeys at Stones

Turkey used to be associated with Christmas, and possibly also with Thanksgiving. But for the Ken Stones on their farm approximately 15 miles east of Vermilion, the association is much closer, and certainly more constant. They have spent the summer almost completely surrounded by turkeys.

Last March 7 the partnership of Stone and Stone invested in 1000 very young turkey poults. Feeling that they might as well go into this business in a big way they procured 1500 more turkey poults on May 12.

This business didn't come upon them suddenly: they have been raising turkeys for at least five years starting with modest flocks of 300, increasing that to 500 another year, then a 1000 later, and so on into the quantity business this year.

The birds have prospered and thrived, in spite of the anxious times through the cold spring when inoculations kept both partners very busy. Making good use of the vast quantities of feed made available to them each day (as much as almost a ton a day as the birds became bigger) the earlier flock achieved an average weight of 2[illegible] pounds and were sold a couple of weeks ago. Some of the birds were sold locally and directly by the Stones, but the most of them went to Larry's Produce of Vegreville and Two Hills. A few of these fine turkeys are still for sale.

The later birds, directed particularly to the Christmas trade will nevertheless be ready for market soon. The hens will be ready in about 3 weeks, and the toms should be up to market weight in 6 weeks.

One might say that every day is Christmas day at the Stone's except that there's a certain amount of labor involved in a family of 2500 turkeys, and holidays are only a fond memory when one has that many feathered friends dependent on one for care and feeding.

New Books At Vermilion Library

The following new books have recently been received by the Vermilion public library:

FICTION

Later Than You Think — M. M. Kaye, I'll Never Be Young Again — D. DuMaurier, The Other Side of the Coin — Pierre Boule; I'll Wait Beloved — K. Treves, Berry & Co — D. Yates, The Tangerine — C. DeRivoyre, Hold on to Happiness — L. Whetter, Jimmy Brindbush — J. K. Stanford, Disobedience — Jane Gillespie, Ask Me No More — Holiday — J. C. Corriere, Lonely Road to Ruined City — N. Shute, The Unique Sensation — A. Local Minister Attends Christian And Missionary Conference

Rev. J. M. Schroeder, pastor of the local Alliance Church, Vermilion, returned this week from the recent 23rd Annual District Conference of the Christian and Missionary Alliance in Western Canada held this year in Regina, Sask.

At the convention Rev. Roy McIntyre of Saskatoon, Sask. was elected to a three-year term as Superintendent of the Western Canadian district. Mr. McIntyre, who has been minister of the Saskatoon Alliance Church for the past eight years, succeeds Rev. G. M. Brackett of Calgary who resigned this fall after serving six years in that position. The new superintendent assumes his duties January 1, 1960.

Other officers elected at the [illegible] were Rev. T. F. Colley of Vernon, B.C., who was returned as district secretary. M. S. Isaacsen, Calgary, re-elected district treasurer. Rev. J. M. Swanson, Calgary, who was returned for his seventh year as Youth and Sunday School Secretary, and Mrs. W. Hooper, Calgary, [illegible] president of the Women's Missionary Fellowship [illegible] elected [illegible] year term [illegible] District Executive Committee were Rev. W. H. Brooks, Vancouver, Rev. J. J. Lawrance, Fort William, Rev. W. Robb, Dawson Creek, Rev. D. F. Jane, Medicine Hat, Rev. H. O. Craig, Kamloops, Rev. C. D. House, Lethbridge, Rev. A. H. Orthner, Regina, Rev. M. Sharoski, Brandon and Rev. J. J. McNair of Chilliwack.

One of the major emphases of the [illegible] meet was the need for more [illegible] work in the district. A committee of three men headed by Rev. A. H. Orthner, Regina, was appointed to spearhead a program of the establishment of a number of new Alliance churches in Western Canada.

In his messages to the pastors and workers, Dr. H. L. Turner of New York, President of the Christian and Missionary Alliance and the delegate to the meet from the Board of Managers, called for a forward move in all of the world-wide missionary program of the denomination. The goal of the Christian and Missionary Alliance is 1000 active missionaries on the fields by the end of 1960. The Society, which is the sixth largest missionary organization in the world, now has 840 missionaries in 22 fields, supplemented by almost 3000 national workers.

Miss Mavis Anderson of New York, National Sunday School secretary, spoke of the goal of 150,000 enrolled in Alliance Sunday Schools in 1959. Mr. Swanson, District Sunday School Secretary, pointed out that the Western Canadian share of that goal is 12,000. Rev. J. Bradford of Wheaton, Ill., Sunday School consultant with Scripture Press, also addressed the conference outlining methods of building Sunday School attendance.

Six young men were ordained to the Christian ministry at the conference. These were Rev. Neill Foster, Chilliwack, B. C., Rev. Ernest Neufeld, Sturgis, Sask., Rev. Gordon Fowler, Vancouver, B. C., Rev. Melvin Sylvester, Outlook, Sask., Rev. Norman Ens, Hearts Hill, Sask., and Rev. Wm. R. Goetz of Edmonton, Alberta.

The conference was attended by 127 delegates from Victoria in the west to Fort William in the east.

DERWENT THEATRE

Showing Sat. and Mon., Oct. 3 and 5, "Cat On A Hot Tin Roof" in color with Paul Newman, Elizabeth Taylor and Burl Ives. Wed. and Thurs. Oct. 7 and 8, "City Vengeance" starring Mark [illegible], Martha Hyer and Skip Homeier. Sat. and Mon. Oct. 10 and 12, "The Last Hurrah" with Spencer Tracy, Diane Foster and Jeffrey Hunter.

Fifteen employees of the Canadian National Railways hotel freight shed no. 4, Winnipeg, have worked a total of 2013 days without a lost-time accident.

Clinic for School and Choir Directors Planned For This Area

A special clinic for school and church choir directors of the Lloydminster area will be held in Lloydminster October 23-24 under the joint sponsorship of the Music Division, Cultural Activities Branch, Provincial Department of the Provincial Secretary and the University of Alberta Extension Department.

The clinic is first of a series to be held at various points in the province. Course of instruction includes choral technique, sight singing and conducting. Instructors are D. J. Peterkin, supervisor of the Music Division, and G. K. Greene, music specialist with the U of A. Extension Department.

The clinic will open Friday evening and will conclude Saturday evening. Application forms are available on writing Supervisor of Music, Cultural Activities Branch, Legislative Building, Edmonton.

CNR Offers New Low Fares To Meet Auto Competition

Canadian National Railways, in one of the biggest gambles in its passenger traffic history, is about to launch an all-out assault on the huge [illegible] auto [illegible] season reduced prices and [illegible] packages as the ammunition.

By offering revolutionary price plans with a double appeal — economy and convenience — Canadian National is betting that a sizeable portion of the long distance auto travelling public can be persuaded to leave their cars at home and travel by train.

Effective Oct. 1, rail coach fares for groups of two or more persons on all Canadian lines are being sliced to "gas-roster" levels. In addition, convenient package fares for individuals or groups, including all rail expenses, right down to tips, are being offered for all classes of [illegible]. The two plans offer major savings.

The precedent-shaking project was sparked by an intensive market survey of Canadian travel habits and attitudes conducted over the past year by Canadian National Railways market research office. The survey confirmed that the railways' top competitor in passenger traffic was the private automobile. Of the Canadian travel market, [illegible] million trips a year of 100 miles or more, the automobile has captured 75%, predominantly in groups. About 11% of such trips are made by rail, the remainder by bus or plane.

The survey indicated that economy fares and the inclusion of transportation, meals, berths and tips in a single package price would be the best way of winning passengers to the railway. The two new plans are tailored to the expressed wishes of travelling Canadians and provide just about the ultimate for an increasingly cost-conscious public. Both plans may also be used in conjunction with the "Go Now Pay Later" plan recently inaugurated by CNR. This is how they will work:

1. Group Economy Fares — Available for groups of two or more — not confined to the same family — going and returning together, round-trip coach class only. The fares are good anywhere in Canada where the normal round-trip coach fare is $5 or more (i.e. between points at least 71½ miles apart). Under this plan, the savings range up from 17% for each of two adults travelling together, over 25% for each of three adults, and over 37% for each of four or more adults in a group. The plan has a 60-day limit and includes stopover privileges and the normal free baggage allowance.

2. All-Inclusive Package Plan: Covers transportation, meals, sleeping accommodation and tips. It applies to travel on trans-continental trains between Montreal, Ottawa, North Bay or Toronto and Winnipeg, Regina, Saskatoon, Calgary, Edmonton, Vancouver; between the above major points in the West; between all main-line points east of Montreal and Winnipeg and West, and between intermediate points so long as the trip extends over one or more of the major pairs of cities listed above.

All-inclusive fares have a 60-day limit, good for continuous passage. Where stopovers are desired, a combination of fares over stopover points will apply.

Individuals may use the all-inclusive plan for one-way or round-trip travel in first, tourist or coach class. Children between the ages of five and twelve pay 55% of the adult package fare and children under five requiring meal service pay 7% of the adult fare.

Groups may take the all-inclusive plan for return trips only for groups of two or more going and returning together, in all classes of travel. Savings are similar to those for the group economy fares, the reductions being based on the individual round-trip package price. Children between the ages of 5 and 12 pay 40% of the individual round-trip package rate, and a child under five requiring meal service pays 7%.

Good News for Homemakers

School Lunch Boxes Go On Parade

It's back to school with books, balls and lunch boxes [illegible] and [illegible] especially. A good lunch box [illegible] you can make [illegible] out of [illegible] family if these lunch boxes are filled with body-building foods as well as favourite [illegible] foods.

Be imaginative when you plan [illegible] box [illegible] something [illegible] should be [illegible]. What better than a [illegible] bottle of wonderful soup. Canned condensed vegetable or vegetable beef [illegible] hearty and soul warming [illegible].

Sandwiches are [illegible] in a lunch box; [illegible] A sandwich with slices of [illegible] meat loaf (made with condensed tomato soup) [illegible]. Crisp salad greens and your favourite spread or dressing complete the sandwich. [illegible] a [illegible] whole fresh [illegible] and topped with stuffed [illegible].

Wrap up [illegible] for the family. [illegible] lunch box [illegible].

[illegible] MEAT LOAF
- 1 can (10 ounces) condensed tomato soup
- 1½ pounds ground beef
- ½ cup fine dry bread crumbs
- ½ cup chopped onion
- ¼ cup chopped parsley
- 1 tablespoon Worcestershire sauce
- 1 egg, slightly beaten
- 1 teaspoon salt
- dash black pepper

Combine ½ can soup with other ingredients, shape into a loaf on [illegible] pan. Bake in moderate oven (350°F.) about 1 hour. Pour remaining soup over loaf, bake 15 minutes longer. 6 servings.

SOUP SCOOPS

[illegible]

Have you ever thought about adding a little extra [illegible] to the morning breakfast eggs? This can be simply done by using soup. Blend 1 can (10 ounces) condensed [illegible] with 8 eggs. Heat 2 tablespoons butter in a skillet [illegible] for 4 [illegible].

Rotary Club Aids Salvation Army Band With Donation

Bill Skinner, owner of Skinner Motors and Rotarian of Lloydminster, addressed the Vermilion Rotary club last Friday.

It was the annual seller-buyer meeting. Every club member invited someone, either a seller or a buyer to attend this community get-together. It was held at noon on Friday in the Legion hall. President Ross Boake of the Rotary club was in the chair.

Mr. Skinner, guest speaker, told how the Rotary four-way test can be applied in business. He summed up his talk in the statement that no business transaction is a satisfactory one unless both parties have benefited."

Rudi Renaud introduced Mr. Skinner and Elmore Stewart thanked him for an able and instructive address.

A presentation of a $50.00 cheque was made to Lieut. Doug Moore of the Salvation Army by Dr. Ben King on behalf of the Rotary club. Dr. King told the meeting that it had come to the attention of the Rotary club that the Salvation Army band needed more instruments so the donation was made to help them out.

Canadian Legion Notes

Vermilion branch of the Canadian Legion is putting on another variety show in aid of the polio fund. This time, as usual, Bob Carmichael will arrange and direct the show. Mr. Carmichael says that he has over 70 artists rehearsing now. This is the fifth variety show that Mr. Carmichael has put on in aid of the legion polio fund and does not hesitate in saying that this one is the biggest and best of them all. Tickets will be on sale this week end by legion members.

A regular meeting of Vermilion branch will be held on Friday, October 9th. This is election day so all members are urged to come out and vote for candidates of their choice.

Preparations are being made already for the visit of dominion president David Burgess on October 29th and the armistice celebrations on November 11th.

There are a number of ex-service men and women in this town, some of them late comers, you are asked to join our branch. Ask any legion member for an application or transfer form.

CLAYSHORE CLIPPINGS

Mr. and Mrs. George Stewart and family spent the week end at Prince Albert, Saskatchewan, visiting relatives. The trip was made in their new car.

Mrs. Stanley Gerrie and her daughter Caroline are spending a few days at the Bob MacMillan [illegible] on a trip to Medicine Hat and other points.

Mr. Glen Nelson has been holidaying with friends and relatives in the Claysmore district and Vermilion. Glen is employed at Bowness, Alberta.

Mr. Mike Pawlow spent Saturday in Edmonton.

The Lutheran Ladies Aid of Mannville held their monthly meeting at the Richard Stebnar home.

A shower was held at the [illegible] Woyewitka home on Saturday evening for Ostap Woyewitka and Sylvia Ludwig, whose marriage is an event of October 14th. The shower was sponsored by a group of their friends.

CLAYSDALE HALL

Showing Fri. and Sat., Oct. 2 and 3, "The Kettles on Old Macdonald's Farm", a family comedy starring Marjorie Main and Parker Fennelly; Fri. and Sat. Oct. 9 and 10, "The Decks Ran Red". A true story of crime and action starring James Mason, Dorothy Dandridge and Broderick Crawford. News reel each week. 12

WINNERS AT LEGION CARD PARTY, SEPT. 25

The winners in the card party held in the Legion hall Sept. 25, sponsored by the Ladies' Auxiliary of the Canadian Legion were Wemp: Mrs. Downey. Gents, 1st Mrs. Preston; 2nd. Alice Davis, 3rd, A. Hildreth. Travelling prizes: Mrs. S. Carroll and Alice Davis.

4-H Food Club Formed at Islay

An organization meeting of girls interested in forming a 4-H Food club was held at the Islay school on Tuesday, Sept. 22.

There were eight girls present and a food club was formed with the following elected as executive members.

President — Lynne Davidson
Vice-Pres. — Shirley Buchanan
Treasurer — Sandra Bell
Secretary — Sharon Redmond
Corresp. — Grace Schaffer

Miss Nancy Hooper, District Home Economist, was in attendance, and distributed materials to the girls to enable them to start their project books.

Meetings are planned for Friday evenings and the next one has been called for Oct. 9. The roll call at that time is to be answered by a cooking term. There is a 25 cent fee to join the club.

Mrs. Moncrieff, assisted by Mrs. Redmond, will be the leader in the club activities.

Check that date now.

NEWS from ISLAY

Barbara Golby is home again after three months in an Edmonton hospital. She is at present in the Islay hospital for awhile. We saw her managing very well on her crutches. While in the hospital Barb learned to make flowers, etc., with foam rubber, some of her handiwork is on sale at the McCaughan store. When in shopping [illegible] look for it and you will be [illegible] pleased if you make a purchase, they are lovely.

Now here is something to make your mouth water, and we think each of these fellows should be wearing one of Barbara's flowers. Bill King, I. D. Inman, Keith Inman and Ron Inman bagged 40 Canada geese all in one day, Sept. 26, in southern Alberta. The hunting was apparently good.

Quite a number of [illegible] people around our district. The reason — the 4-H Food club finally got the eighth girl, so we have the organization over with and are now down to business.

Rally Day was observed in the Sunday school last Sunday, Sept. 27 with a good attendance in spite of disagreeable weather. Awards were given for attendance by cross and crown pins and bars. Several children received these awards. One boy, Wayne Robertson, had perfect attendance, had not missed one Sunday while Terry Good had been absent only once. Sunday school will now begin at 11 a.m. Church service is at 7:30 p.m.

Noticed Mrs. Sybil Roebuck in Islay on Tuesday with her daughter Mrs. Wallace and her three little girls.

Speaking of geese, Don [illegible] Fadyen, Bill McFadyen and [illegible] Knowles got 11 one morning on their own property. Looks like [illegible] may have a [illegible] of nice feather pillows hereabouts.

Miss Anne Redmond of Vancouver was a visitor at the home of her brother, Mr. and Mrs. Charlie Redmond.

When is Islay's famous chicken supper? Oct. 28 in the community hall.

Mrs. King's father, Mr. Pryce Jones, had a cataract removed in an Edmonton hospital. He is fine now, the same jolly grandpa!

There are only two rivers at Three Rivers, Quebec. The name derives from the fact that the St. Maurice River empties into the St. Lawrence through three channels at the city's site.

Purebred Livestock Sale Nov. 12 At Auction Mart

The Agricultural Society is completing arrangements for holding their annual sale of purebred beef cattle and hogs which will be held at the Vermilion Auction mart on Thursday, Nov. 12th.

Contributors are reminded that the number of head to be accepted will necessarily be limited and that regulations providing for only select animals being offered will be effective for the 1959 sale.

Those desiring to enter should request complete information from the office of S. C. Heckbert, secretary-manager of the society and it should be borne in mind that entries do not permit of any substitutes whatever being brought to the sale as replacement of a previously entered animal. In the case of hogs regulations provide that no sow offered may be more than 20 months of age and boars entered shall have been born in the calendar year of 1959. All hogs must have a minimum weight of 180 pounds and strict culling will be invoked to insure that only first class animals will be offered.

Registration papers are required to be filed when entry is made.

Information sheets are available and all breeders of purebred beef cattle and hogs are invited to contribute select animals to the 1959 Vermilion Agricultural Society sale.

Mr. and Mrs. Bruce A. Wilson of Fairview are visitors in Vermilion and district from Thursday to Tuesday.

The latest in potatoes is one shaped like a hand or a baseball glove dug up by John Roth. Biggest spuds to date were found in the garden of Will Muir. They weighed in when fresh at 2 lbs. 11 ounces and 2 lbs. 14 ounces, and there were plenty of them in that class.

Nothing Works!

The old and usually correct idea that a hard frost clears the weather, and that a snowfall settles conditions generally has certainly not been borne out this fall. Several hard frosts have been registered and a 3.4 inch snowfall is still covering the ground. Despite all this the weather remains cloudy with a further tendency to more precipitation.

Harvest conditions are about as backward as they ever have been in this area, and this appears to be general throughout the province.

LOCAL NEWS

Bill Sutherland, Reg Mitchell and Gordon Park spent a few days the first of the week on a goose shoot "somewhere to the south".

[illegible] Mrs. Gordon Bell and Henry Wilson spent the week end at the family home, and visited at the hospital with their father Clarence Wilson, and grandfather Curtis Wilson.

Ray Armstrong, son of Mr. and Mrs. N. H. Armstrong, has been at home for a three weeks' vacation from his work for the federal government at the microwave station at Sangudo. En route back to work he spent a day visiting with his sister Joyce at Vegreville.

Mr. and Mrs. G. E. Magistad who now live at Ponoka spent two days in town this week, attending to business matters and renewing acquaintances.

Miss Frances Pockett, daughter of Mr. and Mrs. Lorne Pockett, has successfully completed her training as a nurse in the General hospital, Edmonton, and has been informed that she has also passed her R. N. examinations.

Rev. W. A. Champness and E. H. Buckingham attended the reception in honor of Archbishop H. Clark which was held in the Alberta Jubilee auditorium in Edmonton on Wednesday evening of last week. The reception was to offer congratulations to His Grace on his recent election as the ninth primate of the Anglican church of Canada. Attending the function from Clandonald were Mr. and Mrs. Edward Preston and Mr. and Mrs. Wm. Seal.

Two nurses from the Vermilion hospital, Misses Vi Varlibouv and June Chrenek are presently enjoying a tour of Europe having left here early in July. A card from Miss Varlibouv states that they are having a tremendous time, having travelled in Czechoslovakia, begin in Rome, Venice, Salzberg, France and many other European spots.

Mrs. Bill Kluchka has succeeded in growing a huge lemon on a little lemon tree in her house. The lemon weighs 14 ounces and measures 11¼ by 13¼ inches and is perfectly shaped and a very nice looking fruit.

Mr. Bates of Maymount, Sask. has been spending an extended holiday with his daughter [illegible] son-in-law and family Mr. and Mrs. H. Webedale at Dewberry. While here all enjoyed a motor trip to Fort St. John.

Omitted from the list of tributes to the memory of the late Gordon Malonek were the following: A spray of flowers from the Clandonald Square Dance club. Community wreath for the Crippled Children's fund: Mike Matiha and family, Gus Garner, John, Jessie and Colin.

Donations to the Crippled Children's fund in memory of Gordon Malonek: Mike and Martha Osinchuk and boys Tommy and Lorna, Stockwell, Henry [illegible] family.

Mr. and Mrs. Albert Williams (nee Glass) are pleased to announce the birth of their daughter, Shelley Gerarda, 9 pounds, 4½ ounces, on Sept. 25.

Bob and Ruth Rowe are happy to announce the arrival of their chosen twin sons, Robert Brian and Michael Brent.

Dr. and Mrs. A. B. King are spending a few days this week in Edmonton, where Dr. King will be attending sessions of the Canadian Medical Association, Alberta division.

Mrs. Clara Caldwell, well known former resident of Vermilion, now residing at New Westminster, B.C., is visiting at the home of Mrs. H. Elliott for a few days.

Mr. and Mrs. Ashley Cooper, Mr. and Mrs. Doug Cooper and son Dene, were in Edmonton last Friday visiting brother R.S. (Newt) Cooper in the polio ward of the University hospital. Newt wishes to extend thanks to all for the many cards and letters he has received.

Mr. and Mrs. George Van den Dolder of Oliver, B. C. visited the former's parents, Mr. and Mrs. Harry Van den Dolder in Vermilion and brother Albert and family at Islay.

K. G. Urquhart is in Calgary this week to attend a preview showing of the 1960 Ford models.

Helicopter Search And Rescue Squad At Airfield

A big helicopter of the very latest design landed at the Vermilion landing field last Friday and remained here for more than an hour. During that time the machine was refueled and the crew of five enjoyed lunch. This airborne machine is attached to the Search and Rescue branch of the R. C. A. F. with headquarters at Winnipeg. It was on its way to Jasper. The helicopter was powered by a 1300 h.p. motor.

APPRECIATION

Lieut. Moore of the Salvation Army wishes to publicly thank the Rotary Club for the very kind donation of fifty dollars ($50.00) which was presented to him by Dr. Ben King at last week's meeting. The donation was made in order to help a fund to buy new instruments for the Army's band. This gesture is indicative of the very fine spirit of the men of this club.

APPRECIATION

Mr. and Mrs. Wes Waldenberger would like to take this opportunity to thank all their friends for making their 50th [illegible] the success that it was. A special thank you to all the friends who had their names on the card with the token of remembrance. Your thoughtfulness will always be remembered. [illegible] and Wes.

IN MEMORIAM

In loving memory of our dear [illegible]
MRS. JOHN A. ISLEY
who passed away Oct. 3, 1957
If [illegible] world was mine to give,
I'd give it all and more,
To see the face of mother dear
And [illegible]
And [illegible] have a mother
[illegible] her with care
For [illegible] know her value
'Till [illegible] empty chair.
Always remembered and loved by her loving husband and family.

IN MEMORIAM

In loving memory of our dear Dad and [illegible]
JOHN CLARK
who passed away Oct. 1, 1958
[illegible] suffer and
[illegible] was just stand
by
God [illegible] hand we had
[illegible]
He [illegible] and broke
[illegible] by his [illegible]
[illegible] girls

IN MEMORIAM

In loving memory of
JOSEPH PATRICK GLASS
who passed away suddenly
Oct. [illegible] 1957
[illegible] open gate
At [illegible] the road
[illegible] each must
[illegible]
A [illegible] a light was
[illegible]
[illegible] claims His own
[illegible] our loved
[illegible]
Finds [illegible] and rest
And there is comfort
In the thought
That a Loving God knows
best."

Ask Enlargement Gas Export Permit

Alberta and Southern Gas Co Ltd. has filed with the Alberta Oil and Gas Conservation Board an application to amend its permit authorizing export of additional surplus natural gas to the United States, Mr C P Smith vice-president and manager announced Monday

"The continued favorable trend of gas discovery in Alberta fully justifies our expectation that large reserves of gas surplus to the needs of Alberta and Canada would be developed. In spite of unfavorable economic conditions in the oil industry producers have continued to expand the reserves in existing gas fields and have brought in several promising new discoveries in 1959," Mr Smith said

"With the enlargement of the permit we will be in a position to move forward promptly with our applications now pending before the National Energy Board in Ottawa, and the U S Federal Power Commission in Washington."

Mr. Smith pointed out that hearings will commence on Oct 15th in Washington, and that the recent appointment of the National Energy Board should open the way for early action by the Federal Government in Ottawa.

"Our original plan for a 36-inch pipeline connecting the gas fields in the foothills of Western Alberta to markets in California has not changed" Mr Smith said "We are very hopeful that all of the required permits will be received in time to make full use of the 1960 construction season."

The Conservation Board last April granted Alberta and Southern a permit to export up to 400 million cubic feet of gas per day with a total authorized export of 2.3 trillion cubic feet. Permission is now being sought to increase the volumes under permit to a maximum of 500 million cubic feet per day and a total of 4.2 trillion cubic feet.

Alberta and Southern will export the gas principally to supply the markets of its parent company, Pacific Gas and Electric Company in northern California. The entire project will represent the expenditure of more than 330 million dollars by the participating companies, and large additional expenditures by gas producers in Alberta.

Good character is still the best collateral for a loan.

Diary of a Vagabond

BY DOROTHY BARKER

Now that I am home, incidentally preparing for another trip, I like to look back on the recent day when I took the Dayliner from Regina to Saskatoon I was thrilled at the time to find that for miles we rocketted along in the extended verdant growth of the lower Qu'Appelle Valley. Fat sleek cattle grazed on the lush grass and seemed almost superintelligent as they avoided the noxious areas that seemed so tempting, covered with prairie sage.

From my window I could see the farms where these beasts could boast an owner They were trim and neat and beside each one was a healthy kitchen garden The barns were disappointingly small, but then I realized most of the cattle are sold for beef after they have fattended all summer on the range.

Wild roses and pale pink morning glories twined about the fences along the tracks and at one stop I saw a sign that intrigued me It took up all of the flat front of the little store and read "Victory's Gen Store", the abbreviation meaning the store's stock consisted of everything from soda crackers to high rubber boots. In a "Gen" store on the prairies, I am told, you can buy almost everything from corn stamps to pumpkin seeds.

The red and gold sunset, low on the horizon made me feel that old Sol intended floating right into the Dayliner for the night. In the mountains, or in any other part of Canada I have visited so far, one looks to the setting sun Not so on the prairies There the sun seems to be laying the promised pot of gold from the end of the rainbow right at one's feet as it slips below the flat, thin line of far-away pastures.

I awakened the next morning well on my way to the west coast. Beside the tracks, motorists raced along the Trans-Canada Highway every time it came in view Where several of them had purchased the antlers of deer they had strapped on top of their cars, I could only guess They were not an uncommon sight nailed to the doorways of cabins that cling to the railway right-of-way In fact, I grew quite accustomed to seeing bear or deer skins stretched on barns or sheds, in some stage of being cured. These either end up on the floor of the native's huts or in some posh den of the perpetual tourists, for the inhabitants have a price on everything they own, it is said.

After we passed Hinton, Alta., where mountains of cut wood attested to the fact that here was the largest pulp and paper mill in the west, I noticed the wild flowers had changed character Where mauve and yellow had predominated in the color spectrum of the prairies now vivid orange and the red of the Indian Paint Brush and wild galardias painted the scene with a bright splash.

We had a half-hour stop at Jasper and, as I was to visit this haven in the heart of the mountains only on my return journey, I strolled in leisurely fashion up the main drag I should never enter a shop or ask tourists where they bought the "cute little covered wagon," for it is one sure way of running the risk of missing my train

I was waiting for my change in a fascinating Jasper shop simply jammed with gifts guaranteed to capture any tourist when I looked at my watch and realized I had just two minutes to run two blocks and board the train before it pulled out of the station Cluching the miniature covered wagon twelve scenic postcards and a souvenir brochure of Jasper Park, I sprinted like a deer down that hot street over a low cobblestone fence, and arrived at the tracks just as a sympathetic conductor, who had been watching my progress gave the signal to the diesel engineer to get going.

I was almost as breathless later in the afternoon as day closed down on the exciting race the rail was having with the Fraser River My only compensation was that on my return, I would see all this glory by daylight, for Canadian National Railways officials have been thoughtful enough to route their crack transcontinental trains so that their passengers see all the mountain glory, either going or coming, on their holiday journey to the west coast.

"I WANT TO LIVE" . . . and who doesn't? Really live it up! See the outstanding movie "I Want To Live" at the Alta theatre, Mannville, Oct. 5 & 6. 11-12

Let's Eat

BY
IDA BAILEY ALLEN

TOMORROW'S DINNER
Hot or Jellied Consomme
Beef-Sausage-Olive Loaf
Tomato Rice Green Peas
Lettuce Wedges
Russian Dressing
Plum Cobbler
Hot or Iced Coffee Tea Milk

Beef - Sausage Olive Loaf: Put 1 lb. beef-chuck, ground twice, in 2 qt. mixing bowl.

Add ½ lb sausage meat, 1 egg, ½ c milk or beef broth, ½ c wheat germ, 1 tsp. salt, 6 drops Tabasco, ¼ tsp. liquid onion juice and 1 3 c. sliced pimiento olives (optional). Mix thoroughly.

Let stand 10 min.

Form into loaf about 10" long

Place in lightly oiled shallow pan

Bake 45 min. in mod oven 350 deg. F

Baste once, with 1 tbsp vegetable oil mixed with ½ c. warm water

Serve hot or cold.

Tomato Rice: Into 2 qt saucepan measure 1¼ c. notwashed converted or long grain rice, 1 tsp. salt, 1 c. cold water, 1 tbsp. fresh lemon juice and 2 c. cold tomato juice.

Cover

Place over high heat until boiling. Then simmer-cook 14 min.

Uncover; steam-dry 5 min.

Plum Cobbler: Into buttered 7" x 11" baking dish, spoon layer of 2½ c. quartered pitted plums, stir in 1 c. light corn syrup

Top with plain cake batter (A cake mix makes topping too sweet and over-rich.)

Bake 25 min. in mod oven, 375 deg. F

Butter Topping: Blend until fluffy 4 tbsp room-soft butter or margarine (or ½ stick), 6 tbsp. sugar, 1 egg and ½ tsp lemon extract

Sift together 1⅓ c. presifted enriched flour, 2½ tsp. baking powder, ⅛ tsp vanilla or lemon extract and 1 3 tsp. salt

Add alternately with ½ c. milk to first mixture.

Spoon over plums; finish as directed.

Full Story of Crash at Quesnel When Vermilion Man Injured

The following is the complete story taken from a B C newspaper regarding the accident in which Wayne Isley, aged 19, well known Vermilion youth was injured. Wayne has been working in the sawmills for the past three years and was home only a short time before the accident Latest reports are that Wayne has improved nicely. He was taken by air from the scene of the crash near Williams Lake to the Vancouver General hospital

Following the news of the accident, his parents, Mr. and Mrs. Elmer Isley and his sisters went immediately to Vancouver. While they were waiting to see Wayne, surgeons worked for 5 hours and 20 minutes on an operation on his neck.

The story from the Williams Lake News follows: —

Three youths were injured, two of them seriously, when their car lost a wheel and plunged to the bottom of a 50 foot embankment last Saturday night, 16 miles north on the Quesnel highway, British Columbia.

Wayne Isley, 19, of Marguerite, owner and driver of the car, is suffering with a broken neck and broken spine. He has been sent to Vancouver for advanced treatment.

Don Taylor 22, also from Marguerite, sustained back injuries while Richard Blair 19, McLeese Lake, received head injuries and facial lacerations. Both were passengers in the front of the car

The vehicle plunged through the air for about 100 feet before landing on a fence at the bottom of the embankment and rolling over six times to end up in some trees in an overturned position. It is believed that the front wheel came off causing the car to shoot off the highway The missing wheel has not yet been found; other parts of the wreckage are scattered over a wide area.

Just previously the boys had stopped at McLeese Lake to gas up and they were on their way to the drive-in theatre in Williams Lake when the near fatal accident occured. Victims were admitted to War Memorial Hospital late that night

The crash vehicle was totally wrecked and has been left at the scene of the accident.

WOODVALE NOTES

Mrs. Laura Green of Abbotsford, B.C., spent a week with the Wes Isley family, and visiting with her old neighbors and friends who were glad to see her and who all hope she will come again. Mrs. Margaret Gibson took her to Holden to see her niece Joyce who used to live with her in our district

We have neglected to mention that Lloyd Isley is taking his grade 11 this year in the Brownvale school in the Coronation district and is staying with his brother Ernie, who is a teacher there.

Congratulations to Mr and Mrs. Doug Young on the birth of a baby girl.

We were glad to hear that Mrs Proctor's stay in the hospital was a short one and hope she will continue to enjoy improved health.

RED CROSS MEETS

The Red Cross auxiliary held a meeting at the home of Mrs. Gladys Wolters on Sept 9 with seven ladies working on a quilt which will be sent to a family in Calgary with a cash donation of $10 Some of the members stayed to finish the quilt A date was not set for the October meeting and with the unfavorable harvest weather it might be held off for a time Mrs. Wolters showed a number of interesting pictures of her summer trip to B C

HANDLING FRESH GAME

The removal of body heat following killing is essential Out in the field, break neck chop off head or sever vein and arteries of bird to drain blood. Never pile game birds in the trunk of the car, rather spread them out. This permits air to circulate around them and hastens cooling

SKINNING OR PLUCKING

Skinning is much the simpler method. There may however be some flavor loss as well as drying of the meat during cooking The latter can be lessened by rubbing the bird well with butter before cooking and basting occasionally during cooking.

When plucking, remove the larger feathers. Pin feathers can be easily removed by immersing the bird in a pail of boiling water having melted wax on top. The wax will cling to the bird when it is lifted out The wax can be easily pealed off with the pin feathers when cool

DRAWING THE BIRD

This should be done as soon as possible Partly digested food in the gullet will cause the flesh to become off flavored. Do not forget to remove the oil sack located at the base of the tail If it is not removed before cooking it imparts an unpleasant flavor to the rest of the fowl.

WILD FLAVOR

Some people enjoy the wild flavor in which case it is not necessary to soak the bird before cooking To reduce the wild flavor and to draw some of the blood, soak game (24 hours in a heavy salt water solution in the refrigerator Other methods of reducing the wild taste are by soaking in vinegar sour milk or by parboiling with sliced onion and carrot added to the water

ROAST DUCK

Prepare for roasting Season with salt and pepper Place raw apple apple slices or chopped apple and onion in the cavity Rub the outside of the bird with butter Baste often or place strips of bacon over the breast Place bird on a rack

Everybody is wishing that the weather would improve in order to get the crops in the bin The potatoes are very wet, and not quite ready to be dug out

Overture Concert Assoc. Announces Series for 1959-60

The annual meeting of the Lloydminster Overture Concert Association was held in St. John's church hall, Lloydminster on Tuesday of last week when the officers for the coming season were elected, the financial statement for the past season was read and the program of coming concerts announced.

Elected to office were: President, Mrs. John Skinner; Vice-president, Mrs. Elsie Batty, Kitscoty; Secretary, Mrs. Arthur Hanson; Treasurer, Mrs. W. G. Skinner; Publicity committee — J. K. Kemp, Sandy Hill and T. Wallis, Vermilion; Social committee — Mrs. Harold Mallett, Mrs. Ed Emeland and Mrs. Vern Sprake; Arrangements committee — C. L. (Sandy) Sunderland, John Stetsko and Mrs. J. L. Kemp; Programme committee — Mrs. Marshall Tindall, Miss Isabelle Forbes, Mrs. S. Poole, Miss G. M. Byrt, B. Ward, R. Craigie and Mrs. Waterfield, Islay.

The first concert of the season has been announced for Saturday, October 17, to be given by duo-pianists, [illegible] and Neale. Folk song balladeers Mirian and Miranda will present the second concert on January 8th and on March 21, bass baritone soloist Robert McFerrin will present the third. The fourth and final concert in the series will be David Bar-Illan, a piano soloist, on April 20th. Concerts will be held in the high school auditorium at 8:15.

Total membership for the year is 600.

Miss Gardiner Dies Suddenly in City

A retired Edmonton business woman, Miss Winifred Gardiner, 9820 107 St., died suddenly Thursday in hospital.

The funeral service was held Friday afternoon in the Foster and McGarvey Chapel with Rev. J. W. Bainbridge officiating. Burial was in the Edmonton cemetery.

Miss Gardiner was assistant director of the Nurses' Community Service. She was on duty as late as Tuesday evening.

Miss Gardiner was proprietor of the Gardiner Stationery Co., 10040 101 St., from 1937 to 1948.

Born in Faversham, Kent, England, she came to Alberta in 1912 and settled at Hazeldine. Before coming to Edmonton, she worked for Stephens' Ltd., general store at Vermilion, where she was in charge of the drapery department.

Miss Gardiner is survived by two brothers, Graham of Hazeldine and Lewis of Vancouver and a number of nieces and nephews.

She was a member of the Soroptimist Club of Edmonton and of the United Church of Canada.

Three Alberta Farm Groups Ask Power Commission for Province

Three rural farm groups and the Federation of Labor joined together on Wednesday, Sept. 16 to present a joint submission to the Government of Alberta on the question of Electric Power in the province. The delegation was led by Mr. H. Young of Millet, as the chairman of the power committee of the Farmers' Union of Alberta.

The Cabinet was represented by the Hon. Mr. Patrick, Hon. Mr. Reierson and the Hon. Mr. Hinman.

The members of the delegation were, in addition to Mr. Young, Mr. E. Nelson, F. U. A., Mrs. W. C. Taylor, F. U. A. Mrs. C. R. Braithwaite, F. W. U. A., Mr. A. R. Wood, F. U. A., Mr. James Bentley A. F. A., Mr. Jas. McFall, A. F. A. Mr. Clyde Stauffer, Pres. of Union of Rural Electrification Association. Mr. Jack Shenfield, executive member of U. of R. E. A., Mr. W. Gray, Alta. Federation of Labor.

In the presentation two things were uppermost in the minds of those making the presentation.

1. The need for control of water resources of the province by the government to ensure the best interests of all the people now and in the future.

2. That Electric Power, being a very important commodity to all the people of the province, could best be served by making government Power Commission. it a public utility, operated by a

Alta. School Bus Operators Meet Plan Convention in December

A well attended and [illegible] successful meeting of the [illegible] tive of the Alberta School Bus Operators Association was held at Red Deer on Sunday, Sept. 13.

The following attended: Adolph Kotyshyn, General President, Two Hills, Alberta. Stanley Chernecki — General Vice President, Lamont, Alberta; Jos. P. Dubuc — General Secretary Treasurer, Vegreville, Alberta, and the following vice regional chairmen: Gordon Spakman, Red Deer — Red Deer region. Earl Baker, Namaka — Strathmore region; Vern Leishman, Cardston — Fort McLeod region. W. A. Lutz, Foremost — Foremost region; Mike Keuffler, Alliance — Killam region. Steve Starchuk, Warspite — Two Hills region. Peter Lysachok, Cherhill — Stony Plain region.

Membership in the Association is to be made from August 1st of each year. The general provincial convention will be held at Edmonton on December 5th and 6th. All members are invited to attend. Only accredited delegates will have a voice and vote. Details forthcoming soon by circular to members.

A clothing representative was present and displayed a uniform, in a mild khaki color, of very fine material and moderate price. Said color was adopted by the meeting as the one accepted and sanctioned, and the official color for operators' uniforms for this association.

Many other details and advantages already gained for members were outlined, and future ambitions discussed. It was unanimously agreed that the main and most beneficial object was 100% enrolment by all operators.

Each region comprises all divisions [illegible] counties in that particular [illegible] of the province. Vermilion [illegible] the Two Hills region under vice-pres. Steve Starchuk of Warspite.

Deadline for Hog Draw October 12

Deadline for receipt of applications concerning the coming distribution of Lacombe Hog breeding stock has been set back to October 12.

Breeders interested in raising purebred Lacombes should submit their applications to the Lacombe Experimental Farm, Lacombe Alberta, immediately.

Application forms and regulations concerning the release of breeding stock are available at the Lacombe farm. Only applications submitted on official forms and in accordance with specifications will be considered. Only those with experience in producing purebred pigs should apply.

Forty breeding groups and 100 boars will be distributed on a nation-wide basis by a public draw at the Lacombe Experimental Farm on October 19.

The last distribution of breeding groups, each consisting of three females and one boar, was last spring. There are now 38 private breeders of purebred Lacombes in [illegible] Canada.

Final Payments To Grass and Legume Seed Growers

Grass and legume seed growers in Alberta are to receive a final payment on deliveries to the Alberta Wheat Pool in the past season. It has been announced that cheques amounting to over $125,000 will be mailed out to seed growers within the next few days. This will be the final payment on the 9½ million pounds of seed marketed through the Alberta Wheat Pool on a pooling basis in the 1958-59 crop season.

Pool officials state that a remaining operating surplus will be dealt with by delegates at the annual meeting in November.

Each kind, variety and grade of seed are marketed separately and the payments are based on actual selling experience. They will average about 1c to 1½c a pound but will range from ½ cent a pound to 25 cents a pound for one small lot. No payment will be made on Altaswede red clover and white and mixed sweet clover.

In announcing the final payment, G. L. Harrold, president of the Alberta Wheat Pool, said that while some payments were not large, he was extremely pleased with the organization's seed operations over the past year. It has been possible to market a very large volume of seed on behalf of growers and avert any break in prices which could easily have occurred under such marketing pressure.

During the month of May 19 percent of all fluid milk sold in Ontario was put up in paper containers.

CLANDONALD HALL
Showing Fri. and Sat., Oct. 2 and 3, "The Kettles on Old Macdonald's Farm", a family comedy starring Marjorie Main and Parker Fennelly; Fri. and Sat. Oct. 9 and 10 "The Decks Ran Red". Rainy Weather Holds Up Provincial Road Building Program

Gordon E. Taylor, Minister of Highways, reported today that 53% of the highway grading program amounting to some 252 miles has now been completed, 32% of the stabilized gravel base course or 128 miles has been completed, while 56% of the asphaltic plant mix surfacing treatment (144) miles has been completed. Only the seal coat program is nearing completion with 91% of the work done, being some 177 miles.

Prospects of completing the program laid out by the Department of Highways now appears very dim. The province had planned the following work:

Grading — 473 miles; Base Course — 397 miles; Plant Mix — 213 miles; Double Surface Treatment — 241 miles; Seal Coat — 195 miles.

The crews will work every day possible from now until freeze-up in an effort to catch up on the backlog of work that resulted from the continual rains in June and August.

Harvest Accident to Mannville Man

MANNVILLE — An accident, which could have proved worse, was experienced by genial Clarence Ewing, who with John Stroh was cutting feed with a binder on the old Chris Jensen farm, 11 miles north of Mannville. Attempting to extricate some green feed which was plugging machinery, his coat sleeve became caught in the operation, causing injury to his right arm. He managed to drive the 11 miles to town under great stress and is now recuperating in the Mannville hospital. Mrs. Fred Proudfoot rendered first aid to Mr. Ewing's arm, at his home prior to his being hospitalized.

With the increasing use of wheat products in Japan, Japanese millers are making substantial increases in the capacity of their mills.

"Dick Tracy" Radio

Sgt. Charles Surphlis, Toronto, with a "Dick Tracy" style transistor radio which passed a test with flying colors. The testing successful, more radios will be ordered for regular police work. The radios — named after a wrist watch radio worn by the comic strip hero—can be carried in a pocket or clipped on a belt.

FUND RAISING TOUR

Mrs. Bertha (Mom) Whyte of Bowmanville, Ont., raised $1,100 from a crowd of about 250 persons at Winnipeg's Faith Temple as she continues her crusade to raise funds to renovate Whyte-Haven [illegible] home for children closed in July by provincial health authorities. She seeks $10,000 to make a down payment on a proposed new home.

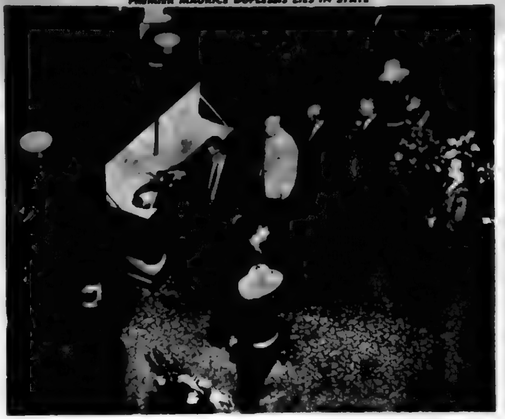
PREMIER MAURICE DUPLESSIS LIES IN STATE



Lying in state in the green and gold chamber he dominated for so many years is the body of Premier Maurice Duplessis. Quebeckers from all walks of life are filing by the bier at the rate of 2,500 an hour. A Libra service was held in Quebec city followed by a final funeral and burial Thursday in Three Rivers, Quebec.

NEWS ITEMS FROM TULLIBY LAKE

The annual Lea Park cattle sale was held on Tuesday Sept. 8. Weatherwise, the day was rather disappointing as rain fell intermittently all morning and hopes of holding the sale appeared uncertain. However it did get underway at 2 p.m. when the rain stopped and by night fall nearly 1000 head of cattle had passed through the auction ring as Jock Blackburk from Saskatoon did his usual good job of auctioneering. The North Park Merrymakers operated the booth and coffee, hamburgers, pie, etc. were in great demand. That evening Buck Swan's "Happy Hillbillies" from Islay provided "finger-snappin' toe-tappin'" music for a dance in the North Park hall, but due to the inclement weather the crowd was rather small.

Mr. and Mrs. Bent Jensen are spending their holidays at the home of Mr. and Mrs. Willard Larson.

Since Arthur Fortin moved his house the family have lived in a granary which Arthur and Mary tell us is just too small for a family the size of theirs to live in.

Raymond Danson and Curtis Morton journeyed on horseback into the north country for a two-day excursion. Although this area is known to be inhabited by bears they took their chances and spent the night sleeping under the stars. Sometime after this trip Raymond was walking home from Onion Lake when he was confronted by a bear. By the time he could get to a tree to climb for safety the bear had made a swipe at him and tore a big rip in his pant leg. After keeping him up in the tree for awhile the bear departed thus letting Ray continue his trip home.

Mrs. Harlan Ruud was a recent visitor to the dentist who took her to the Lloydminster hospital and extracted all her teeth as infection had set in her gums.

Word has come from Calgary that Bob Roberton had suffered a stroke but we are glad to report that he is now recovering satisfactorily.

Judy Carmichael is staying with the Ted Carson's while taking her grade 10 in Marwayne.

Alec Nolin has a new house under construction just across the road east from the municipal nursing station. "Ganny" Ruud is in charge of the building and "Spike" Forbes is his helper.

Jean Belsheim, eldest daughter of Mr. and Mrs. Ingver Belsheim, is taking her grade 11 at Camrose.

Robbin Elliott accompanies his mother in the car each morning to attend classes at the central school.

Wesley Hayes drives over to Onion Lake every morning to give Peter Bertsch a hand with the building of a garage.

Friends of Mrs. Jos. Bourque (Ann Vaness) will be glad to know that she is home with her parents for an indefinite time while her husband is stationed in the far north at Resolute Bay, N.W.T.

Mrs. Bill Adamson was an observation patient in the Elk Point hospital for a while recently.

Douglas Adamson spent his holidays at the parental home.

Mr. and Mrs. Rod MacKenzie and Ross attended the wedding of their son Gordon at Pincher Creek recently.

Gordon Coleman is helping with the building of teacherages at [illegible] and [illegible]. During his absence Emma is driving the tractor and John Kay is riding the binder.

A baptismal service was conducted at Dufresne Lake on Sunday when the three Leonard Park boys and two of Ken Larson's children were immersed in water.

Mrs. Everett Morton at times has reason to think that she is running a bakery instead of taking care of the family while Everett and Curtis are up north haying. Mrs. Morton reports that she bakes 200 or so cookies every so often and brings about 100 loaves of bread out of her oven every month. She's busy!

The Ralph Tizzards were down from LaCorey, Alta., and visited the Everett Morton for a few days.

No doubt you've noticed that the recent rainy spell left many a hole in district roads. Johnnie Forbes has been kept busy filling all these in with the municipal maintainer.

We carry a complete line of

The Bible Today

For Mexico a small diglot edition of St. Luke's Gospel in Tzeltal of Bochajon, (the first Scripture to be produced in that language), and Spanish, is in the press, the Bible Society of that country announced recently. The Tzeltal of Bochajon tribe numbers about 6000 persons, of whom about 1% are literate, and 250 are Christian believers. Five years ago there were only about five believers. The Wycliffe translators and the National Presbyterian Church serve this tribe.

The Rev. Estrello, Secretary of the Mexico Agency, and the work of the Mexican Bible Society, were recently the subject of a three-page illustrated article in "Tiempo" (a periodical similar to the American "Time"). Most commendatory statements were made concerning both the man and the work.

Old Timers Set Date for Roundup

MANNVILLE — Meeting in the fire hall on Saturday evening last, members of the executive of the Oldtimers Association set the date for their annual round-up as October 21. The ladies of the United church W.A. are catering to the banquet. Entertainment and a dance will follow the banquet, as in latter years. The executive hopes for a good attendance at this rally, which is especially dedicated to its real oldtimers.

Recently at the local industrial fair at San Luis Potosi, Mexico, the State Governor, D. Lopez de Lara, had his picture taken shaking hands with the pastor in charge of the Bible Society booth which had been set up with the approval of the state government which sponsored the fair.

. . . put your advertising where people ready-to-buy

MUST SEE IT!

An advertisement can't even begin to sell unless and until it is SEEN by those who are in the market for what is offered for sale. Best way to make sure that your advertisement will be SEEN by the right people at the right time is to advertise in this newspaper. It's all as simple as one-two-three: (1) Folks who want to buy something like to get all the information they can get about what's for sale. (2) They turn naturally to the advertising columns of this paper for a quick comprehensive look at the market. (3) Your advertisement here is never an intrusion or interruption, instead it is exactly what your best prospects are LOOKING for! Take the shortest distance to your largest, most responsive market . . . via advertising in this newspaper.

Tips on Touring

By Carol Lane
Women's Travel Authority

You can have perfect eyesight and still be driving blind, right into an accident. The reason, according to Shell's Women's Travel Director, Carol Lane, is that you don't really "see" until your brain gets the message from your eyes and understands it. If you drive absent-mindedly, your brain may not "pick-up" what your eyes see.

Scientists studying highway safety report that driving a motor vehicle calls for more continuous attention than operating any other type of transportation, including an aeroplane.

For safe driving, seeing must be perceiving.

How can you be a perceptive from Carol:

Keep your mind clear of irrelevant thoughts. Think about driving, and you'll be ready for any emergency.

Sharpen your perception. Learn what's important about what you see and concentrate on that.

For example, if you're about to pass a car, perceive its speed, road position, clearance space, speed and distance of other cars nearby. But other facts about the car — its make, color, year, license plate — are irrelevant to the passing.

Finally, don't drive when you are emotionally upset. It saps the energy needed for perceptive, safe driving.

OUR LETTER FROM EDMONTON

Alberta Govt. Favors N.W. Route In Contentious Railway Issue

by KEN MASON

EDMONTON — The Alberta government took its official stand last week on the highly contentious issue of a railway line to the Northwest Territories.

In a brief to the Manning Royal Commission, the government came out strongly in favor of running the line north from Grimshaw, in northwestern Alberta.

The royal commission, headed by Mr. Justice M. E. Manning of Edmonton, has been given the ticklish job of recommending to the government where the rail line should go. The two routes mentioned most often are through Grimshaw in the northwest, and through McMurray in northeastern Alberta. Both are terminals of the Northern Alberta Railways.

In coming out in favor of the Grimshaw route the provincial government is going against one of its own royal commissions. The provincial royal commission on northern development, headed by Alberta power commission chairman James G. MacGregor, recommended an immediate start on the McMurray route.

Of course there are solid reasons for backing either route but the Alberta government knows there is political support in northwestern Alberta (as well as population) that doesn't exist in the northeastern part of the province.

In fairness it should be pointed out that the [illegible] has supported the Grimshaw route. But at one time the Grimshaw route was the [illegible] years ago.

Premier Manning [illegible] his stand on the matter when the MacGregor [illegible] report [illegible] and revealed that the government had always favored Grimshaw and had [illegible] to provide freight [illegible]. But he added that the government would sooner see the railway go through McMurray than not go through Alberta at all.

That is one of the big questions which developed as a result of the controversy which arose in Alberta over the route. When Albertans couldn't get together on the best route federal government officials began wondering if the rail line should go through Alberta at all. After all, they point out, there are other routes.

The Edmonton Chamber of Commerce entered the battle (and in the process made itself unpopular in the Peace River country) by advocating the McMurray route.

But the Edmonton Chamber was motivated by a genuine fear that a railway north from Grimshaw would have the effect of diverting even more trade from the Peace River block into British Columbia. The proximity of the Peace River country to B.C.'s Pacific Great Eastern Railway has already cut into freight traffic through Edmonton, businessmen say. They saw in the McMurray route a guarantee that freight and supply business generated by mineral development on Great Slave Lake would be channeled through Edmonton.

At any rate Edmonton businessmen probably will be put on the spot and forced to answer for their stand when they visit the Peace River area this week on the Chamber of Commerce's annual "Friendship Flight." (The atmosphere may not be so friendly this time.)

The Alberta brief to the Manning commission was presented by Highways Minister Gordon Taylor who said the north-west [illegible] bring the most [illegible] benefit to the largest number of people.

[illegible]

Pleasant Valley News

The news is that everything is frozen this morning so start getting up the bulbs folks. Don't forget to buy a few for winter blooming. There are lots in the [illegible].

Annie and [illegible] visited the Waterfield's on Sunday. So glad to hear Mr. Bowner is feeling much better.

Barbara Golby is in the Islay hospital with a cold.

Last week the writer and Mrs. [illegible] visited Mrs. Moore and a very enjoyable afternoon was spent. While debating whether or not to drive through a big water hole a kind man came by and drove the car through. Thanks again Leo.

Mrs. [illegible] and [illegible] visited the lovely apple orchard in Lloydminster last week. The trees are loaded with red crab apples. It's really worthwhile going to see this wonderful sight.

We hear Albert Dupuit is feeling much better again. He was taken to Islay hospital last week.

Mrs. Gillies is still at Edmonton enjoying the Fall weather.

MARWAYNE

On September 13th, Mr. and Mrs. H. Hillaby attended the 85th birthday party of Mrs. Hillaby's mother in Edmonton.

Congratulations go to Mr. and Mrs. Henry Strang, nee Mary Banks, of Lloydminster on the birth of a daughter on Tuesday, September 22.

Belated congratulations to Mr. and Mrs. Bob Stone, nee June Christopher, Kitscoty, also on the birth of a daughter.

Starting October 4 in the United church, Sunday school at 11 a.m. and church at 11:30 a.m.

The high school had their initiation last week. There were some odd looking students attending but most proved to be good sports and enjoyed the fun. There was a parade and stunts on main street on Friday morning and a party in the evening with more stunts ending with eats at the school. Now it's back to work until Thanksgiving Day October 12 and Teachers Convention on the 15th and 16th.

Mr. and Mrs. B. Graham and boys went to Calgary on Friday where Harvey will remain to attend Technical School. Mr. W. Giles and Eldon went the same day as Eldon will attend Tech also.

We regret to report the passing of two old timers of this area. Mrs. Rose Culford, well known in the Lloydminster, Vermilion and Marwayne area passed away at Perry Sound, Ontario on Saturday, September 19 and was buried there on Monday. The sincere sympathy of the community is extended to the Culford families.

On Monday, September 21st, Mrs. Ted Quist received word of the sudden passing of her mother Mrs. J. L. P. Edwards at Victoria, B. C. Burial service was on Wednesday. Mrs. Edwards resided in the Streston district and later in Marwayne. Sincere sympathy is extended to the Quist family.

Mr. and Mrs. Fred Quist, after spending the summer in B. C. doing Daily Vacation Bible School work, are visiting at the home of their parents, Mr. and Mrs. Ted Quist.

Word was received here this week of the tragic death of Reg Hook in a car accident while travelling from Vancouver to his home at Kamloops. Mr. and Mrs. Jim Barnett, Messers Dick and Howard Hines motored out to attend the funeral. Reg will be remembered here as one of the first grain truckers in the district.

Mrs. Flora Scheff of Sioux Look Out, Ontario, visited her son and daughter-in-law, Mr. and Mrs. Richard Scheff and new grandchild in Edmonton. The young folks then brought her to Marwayne to visit her mother, Mrs. Bernice Parker and other relatives.

Mr. Berg came home from the hospital last Monday. Mr. W. Shaw is in the hospital at Elk Point again.

Mrs. McKinnon of Wetaskiwin is visiting at the home of her daughter, Mrs. T. Rea.

Other Wetaskiwin visitors in town this week are Mr. and Mrs. M. Gudzowaty at the Wilson home and Miss Irma Hannis at the Ashworth home. Miss Hannis is teaching in Wetaskiwin this term.

Miss Edie Fairbairn of Vegreville was a week end visitor at her home.

Regular shows were resumed this week end under new management. Congratulations and success to Mr. L. Perks in his new undertaking.

Evening service at 7:30 p.m. will be held in the Anglican church on Sunday, October 4th and Sunday School at 11 a.m.

Check that date on your label

Moose Migrants Thrive in Nfld.

One migrant from the "main-land" that seems to have had no difficulty in getting accepted in Newfoundland is the moose, points out The Financial Post.

For some reason there were none of these animals in Canada's tenth province prior to 1900. Then in the early years of the century a couple of [illegible] were introduced from Nova Scotia and given protection. They have thrived "fantastically", and there are now several thousand scattered across the province.

It was a fortunate introduction because as the moose increased the native caribou, plagued with disease, began to disappear. So Newfoundland has continued to be a mecca for big game hunters.

WINNERS AT LEGION CARD PARTY, SEPT. 23

The winners in the card party held in the Legion hall Sept. 23, sponsored by the Ladies' Auxiliary of the Canadian Legion were ladies' 1st. Lily Giles; 2nd. Mary Wenzy; Mrs. Downey. Gents, 1st. Mrs. Preston; 2nd. Alice Davis, 3rd. A. [illegible]. Travel-ling prizes. Mrs. S. Carroll and Alice Davis.

RCMP STAGE RAID ON NARCOTICS PEDDLERS IN TORONTO

After six months' investigation RCMP and Toronto police staged a raid on narcotics peddlers, and arrested 21 suspects. Police photographed drug sales with a telephoto camera during the investigation. Police do not think the value of narcotics will be high, the largest single seizure being 20 capsules. In photo above every possible means is used by some women picked up in the raid to avoid the camera at police headquarters. The women yelled to photographers: What do you think this is—a circus?

News from Dewberry

Mrs. Lois Wilkinson and two daughters of Winnipeg are staying at the home of Lois's parents, Mr and Mrs. A. Isert. They will be joined on the 24th by Mr Wilkinson and then they will fly to Lisbon, Portugal, where their home will be for the next two years. Mr Wilkinson is employed by Trans-Canada Airlines. It seems that there are a number of Canadian families living there so they will not feel quite so much like "a stranger in a foreign land."

Mr. and Mrs. Clarence Ashby and family of Tulin in the Yukon are staying with the former's parents, Mr and Mrs. Ben Ashby for a vacation. They will be returning home in early October. Their daughter Linda will remain with her grandparents and attend Dewberry high school. She will be in grade nine. The highest grade taught at Tulin is eight.

Congratulations to Cheryl Jones who has been chosen as vice president of the C. G. I. T. for all of Alberta. She was at a camp in Calgary.

The Neil Jones family had the misfortune about 3 weeks ago to have their car skid on the muddy road and roll over in the ditch. Mrs. Jones hurt her neck and shoulders and required chiropractic treatment. The rest of the family escaped with a shaking up. Neil was not in the car at the time.

At time of writing Mr. Anton Lively is seriously ill in the Islay hospital. He suffered a stroke early on Friday.

Noticed around town — The Ernest Garnier family driving a sparkling new car. Real nice too.

This should have been in last week - on Sunday we heard that a spring pullet belonging to Mrs. Mollie Maltais stole her nest and was sitting on a clutching of 13 eggs. How are they doing, Mollie? Do you need the loan of my knitting needles?

News from Tulliby Lake

The history of one of the district's most remarkable horses came to a sudden end at the age of 34 years. "Teddy", owned by Mrs. Doug Cooke (former Gladys Robertson) made a name for himself that will long be remembered, by winning many races over the years, particularly at the 1st of July sports held at Onion Lake. Only last June he came in fourth at the Frog Lake FUA picnic. He was about twelve lengths in the lead for nearly half of the race and would have no doubt made an even better showing had it not been for the fact his usual rider was absent from the saddle.

Freddy Brind received a badly skinned chin and quite a shaking up when he fell off a fairly high beam. Mrs. Jim Elliott is treating the case.

Word has arrived from Calgary to the effect that Mr. Freddy Gardener is in very poor health. Nearly everyone remembers Freddy when he was a clerk in Alex Finlay's store at Onion Lake several years ago.

The district congratulates Mr. and Mrs. Donald Brown (the former Reena Benson) on the arrival of their baby daughter.

David Learmonth is driving the school bus while Alec Nelin is away.

The Joe Brinds made an interesting find recently of a stone used in an Indian tomahawk.

Mrs. Helen Lee is spending a holiday at the home of her mother and two brothers.

The rain has finally stopped but to get on with the job of harvesting poses another problem. Just to illustrate how bad things are Leonard Parks is making an attempt to cut his crop. The usual problem of the bull wheel slipping is not present but they are using two tractors in order to get enough traction.

Mrs. Tom Brind was here from West Ryder Lake, B.C., to spend a holiday with her former friends and acquaintances.

Tom Carmichael's school bus quit functioning Monday night. It took five automobiles to get the children to school Tuesday morning.

Mrs. Wesley Hayes was up to Elk Point for a check-up during the week. She recently underwent surgery in Edmonton and has to have a check-over by a doctor at frequent intervals.

Several of the neighbors attended the shower held in honor of Ann Carroll at the Onion Lake hall on the evening of Friday, Sept. 11.

Higher Tobacco?

Tobacco buyers face prospects of higher prices for Ontario's flue-cured crop this fall, says Roy Maginley in The Financial Post.

The reason:

Hail and frost damage which could mean a $10 million or more loss.

Weather conditions have whacked 15-20 million lb. from the recently forecast 1959 crop of around 135m million lb.

This 12% to 14% slash may produce a lively market for the crop when auctions get underway in November.

Walterhouse - Young Nuptials Are Solemnized at Fort Pitt

All Saints Anglican Church at Fort Pitt was the setting of a pretty wedding when Dorothy, youngest daughter of Mr and Mrs. Joe Young of Fort Pitt, Sask., was united in marriage to Mr. Stanley Martin Walterhouse, the eldest son of Mrs. Walterhouse and Mr. Eddy Walterhouse of Tulliby Lake, Alberta. The couple exchanged rings in a double-ring ceremony conducted by Rev. K. Gange of Frenchman Butte, Sask. The bride was given in marriage by her father.

The bride looked charming in a waltz-length gown of lace and net over white satin. Her chapel length veil was held in place by a halo jewelled with irridescent sequins and simulated pearls and she carried a bouquet of red roses. Her only jewellery was a necklace and earrings of aurora borealis simulated stones.

Attending her sister as matron of honor, was Mrs. Reginald Reeves of North Battleford, Sask. She wore a waltz-length gown of yellow nylon chiffon over net and taffeta with matching head piece and gloves. Her necklace and earrings were of sparkling aurora borealis rhinestones, a gift of the bride. She carried a bouquet of yellow carnations.

Miss Marilyn Walterhouse, sister of the groom was bridesmaid and wore a pink waltz-length gown of lace net over taffeta with matching headdress and gloves. She also wore, as a gift to the bride, a necklace and earrings of aurora borealis rhinestones. She carried pink carnations.

Brenda Reinhelm, cousin of the groom, was flower girl. She was dressed in pink with a matching headpiece and gloves and carried white carnations. Daniel Reeves, nephew of the bride, was ring bearer.

The groom was supported by Mr. Ralph Young and Mr. Reginald Reeves, brother and brother-in-law of the bride.

Following the wedding a reception was held in the Fort Pitt memorial hall for approximately 13 guests. Eight telegrams were read by Mr. Reginald Reeves and Mr. Edgar Mapletoft proposed the toast to the bride to which the groom suitably replied. Mrs. K. Gange was organist and the congregation sang "O Perfect Love," during the signing of the register.

For her daughter's wedding, the bride's mother wore a navy nylon lace dress over taffeta with white accessories. Her corsage was white carnations. The groom's mother wore a blue taffeta dress with black velvet and white accessories with white carnations on corsage. A dance followed the reception with a very large attendance.

Out-of-town guests were from Chilliwack, Dawson Creek, Port Alberni, Edmonton, Smith, Cold Lake, Onion Lake, Regina, North Battleford, Lloydminster, Payn-ton and Loon River.

The happy couple will make their home on the groom's farm in the Tulliby Lake district.

The date your subscription to the Standard expires is shown on the label after your name.

PROTEST KHRUSHCHEV VISIT TO U.S.

WHAT COLOUR
FOR THE REST?
WORD OF KHRUSH

In Toronto, Ontario ethnic groups protest the visit of Khrushchev. Some 800 members of various ethnic groups gathered together in Queen's Park, waving banners and wearing native costumes. The rally was orderly as speakers denounced Khrushchev, although the signs they carried were militantly anti-Communist. The rally was sponsored by the Mutual Co-operative League of Canada.

Mannville High School Initiation Provides Lots of Good Fun For Everyone

MANNVILLE — With students attired in flour sacks, one inch below knee in length, and lassies sporting 5 braids tied with foot length binder twine, men's heavy work socks, one reaching the knee, and the other rolled to the ankle, running shoes on feet, and the boys similarly clad, only with night caps on their heads, Mannville was the scene of exceptional fun, on Friday, Sept 18. Beginning at 11:30 a.m. the fun began at the school as consequences were issued by the Court of Justice. Each freshman wore a placard bearing the inscription "I'm a fresh frosh", and were obliged to carry as many of the seniors books as were requested by various parties. Upon meeting a senior the junior student had to bow ceremoniously and murmur "Honourable Senior", with deep respect. Who were the three high school teachers we wonder, who were seen so desperately practising the butterfly dance in front of the school, prior to their downtown debut. One amusing incident was noted as a gallant young freshman was observed pulling a beautiful young maiden behind his tricycle. She, reposing in a child's wagon, was ardently playing the flutophone. One wondered how she could attempt this in view of the extremely rough ride she was experiencing. The local Bank of Commerce manager would no doubt have been gratified, if all the crowd gathered on the steps of that building were there to do business. They were, however, present for the sole purpose of acting as audience to unfortunate victims singing solos. Prior to this, high school students had awaited with eagerness the hapless grade nine pupils as they emerged from classroom to swing them into the annual event of the year - the Snake dance. Winding their way through streets and traffic, students were orderly, while thoroughly enjoying themselves, as they passed through several places of business. Other consequences, among many, were a short Romeo singing to a taller, blue-eyed blonde "They Say I'm Robbing the Cradle Little Darling" which drew much applause.

Two freshmen, on the other hand, had to toss an uncooked egg back and forth, moving back one step each, between throws, and the first to drop the hen fruit was to clean up the mess. Two others, arm entwined, had to inform the public of their undying love for each other, bearing a sign "Just Married." A country Romeo, expert with a lariat had to chase a desirable young country gal, rope, hog-tie her, then carry her to the school.

The shadow of gloom cast over the initiation fun, was kept from the students as long as possible, as high school teachers were obliged to withdraw a student from the Snake Dance, due to the untimely and accidental death of Mr Frank Nash of Minburn, at the farm home. Frank junior is a student in grade 11. Due to this tragedy, it was unanimously decided to postpone the accompanying initiation dance until next Friday evening.

PIRATE SHIPS INVADE TORONTO AT C.N.E.

Armed to the teeth this fearsome fellow was a member of a pirate crew from Tampa, Florida, which invaded Toronto at the Canadian National Exhibition. The invaders found Toronto tougher than they had bargained for as two of their ships ran aground and a third foundered, delaying them more than an hour.

NEWS from KITSCOTY

Mrs. Zubiak's mother Mrs. C. Strachon of Pleasantdale, Sask. is a visitor at the home of her daughter. Mr Bill Zubiak of Melfort, Sask. is also a visitor at the Zubiak home.

It was with regret that many Kitscoty residents heard of the recent death of Mr Chris Cairns. Mr Cairns and his family were long-time residents of our town before moving to the Coast and deepest sympathy is extended to Mrs. Cairns and the family.

Mrs. R. S. Pidcock was called to Winnipeg due to the sudden illness of her sister Mrs. E. N. Bast (Lila) and left by bus for that point last Wednesday.

Sgt Tinnes his wife Margaret and small daughter are visiting Margaret's mother Mrs. R. M. Mathewson. Mr Mathewson is also with them.

We are glad to report that Mr Alf Franke, who is on the sick list, is doing better now, although he is still in hospital. Keep it up Alf.

Mr and Mrs. Wm. Govier and family of Edmonton were visiting Bill's parents Mr and Mrs. A. W. Govier over the week end.

The Earle neighborhood was the scene of a disastrous fire when the store and home of Mr and Mrs W. Slack was burned to the ground. Our sympathy goes to the family and it is good to know that friends and neighbors are giving all the help they can in the unfortunate circumstances.

Big Year for Festival

More people attended the Stratford Shakespearean Festival during its final week this year than in any previous week in the Festival's seven-year history, Victor C. Polley, assistant general manager told The Financial Post.

For the nine performances — seven of As You Like It and two of Othello — 18,520 people filled the Festival theatre to 98% of its capacity.

Of these 15,300 were Ontario secondary school students — 3,000 more than in 1958.

In the first six months of 1959 Canadian tanners received 1,113,108 cattle hides; 398,880 calf skins and 492,408 sheep and lamb skins.

New Styling and Design Balance in 1960 Oldsmobile

New crisply tailored styling and a new balance of design are teamed, with further advances in economy of operation in the 17 new Oldsmobile models for 1960, it was announced today by General Motors of Canada Ltd.

The 1960 Oldsmobile features a redesigned Rocket engine in the Dynamic "88" series for use with lower cost regular grade gasoline.

"This engine," said a G. M. spokesman, "will give our customers an improvement of 13 per cent in miles per dollar ... maintaining excellent performance."

In all series there are new rear axle ratios and many other engineering advancements.

Design of the car is new from every view — front, side and rear.

Oldsmobile has added two new body styles to the 1960 lines — three-seat Fiesta station wagons in the Dynamic "88" and the Super "88" series. The third seat folds flat with one motion when not in use.

A redesigned second seat in all 1960 Fiesta station wagons has a four-inch wider cushion. In addition to the increased seat area, this makes entering and leaving easier by getting the edge of the cushion out closer to the door opening.

The 1960 Oldsmobile's ride will be smooth, safe and silent. For 1960 Oldsmobile has added new nylon sleeve shock absorbers and live rubber body mounts to the frame and chassis. A new fluid, less affected by temperature changes, is used in the shock absorbers to assure the best possible ride under all driving conditions.

A new transmission design allows a reduction of the front transmission tunnel of 20 per cent, resulting in more front seat leg room.

Seats are more comfortable. The front seat angle has been changed, back support is improved and cushions are softer. Rear entrance room has been enlarged by increasing the door opening angle. This means that the door swings open 5 inches more.

The instrument panel has been redesigned. A new fuel gauge will give improved accuracy and dependability.

Fifteen exterior color finishes are available, with 22 regular two-tones and 69 possible color combinations.

RECOVERY OF MINERAL TITLES

The Mineral Titles Redemption Act

Any person who lost his title to minerals after December 1, 1949, under The Mineral Taxation Act 1949, or The Mineral Taxation Act, 1947 either by forfeiture or transfer, or a person on his behalf may make application for the recovery of the title under the Mineral Titles Redemption Act to—

Superintendent of Mineral Tax,
Department of Mines and Minerals,
Natural Resources Building,
Edmonton, Alberta.

As a title cannot be recovered after March 31, 1960, application should be made immediately in order to conclude all matters required under the Act before that date.

[illegible]

HON. E. C. MANNING, Minister

AUTO SHOW

Presenting a Thrilling Pre-View of the New 1960 Model Cars that will make History. See them all at HERZOG MOTORS!

G.M.'s New Small Car, Corvair, At Herzog Motors

OSHAWA. — The Chevrolet Corvair, a compact six-passenger sedan, which offers a host of features new in North American-made automobiles, will go on display at Chevrolet dealers across Canada on Friday, Oct. 2.

Details were released Tuesday by General Motors of Canada, Limited.

In addition to the Corvair, the dealers will offer a new conventional size 1960 passenger line, details to be released later.

The Corvair is the product of a nine-year research and development program aimed at designing a compact car which is low in initial cost, economical to operate, roomy, easy to handle and provides North American standards of comfort, convenience, safety and performance.

Special features include:

Power train at the rear of the car.

A light-weight six-cylinder "pancake" engine which uses a considerable amount of aluminum.

Independent suspension of all four wheels including a "swing" rear axle.

Unitized body construction.

A virtually flat passenger compartment floor.

Luggage compartment under the hood.

Optional folding rear seat-back to provide more luggage space.

Low center of gravity.

Long cord tires.

Airy superstructure.

Airplane-type gasoline heater that gives almost instant passenger compartment warmth.

Among the many advantages are:

1. The rear engine provides a fore-and-aft balance in weight that is not practical in a front-powered car on a short wheelbase. Traction, braking and steering thereby benefit.

2. The usual driveline tunnel is eliminated by coupling the transmission to the engine at the rear. This permits a virtually flat passenger compartment floor and modish profile without sacrifice in headroom.

3. Comprehensive design and use of light weight aluminum has resulted in an engine of superior efficiency. The engine is 40% lighter than others of similar horsepower and gets from 25 to 40% more miles on a gallon of gasoline than a regular six-cylinder engine.

4. Weight savings are manifest throughout. Air cooling eliminates the need for a radiator and water-system accessories. No anti-freeze is necessary and boiling is not a problem.

5. Unitized body construction offers a 30% gain in torsional rigidity and a saving of approximately 60% in the weight of a separate frame.

6. Suspension systems were designed to take maximum advantage of weight distribution. Unsprung weight has been reduced, particularly at the rear where a swing-type axle is used.

7. The flat engine design with accessories at easy reach, may be readily serviced. Another asset to owners is the availability of nearly 900 franchised Chevrolet dealers who will stock parts and accessories.

8. An optional automatic transmission and other [illegible] items are likewise directed to North American tastes.

Wheelbase is 108 inches, overall length 180 inches; height, 4 feet, 3 inches; width 66.9 inches; weight 2360 pounds, almost 1200 pounds less than more conventional-size cars.

The unique six-cylinder engine develops 80 horsepower at 4400 rpm. Bore and stroke are 3.38 x 2.6 and the displacement 140 cu. inches. Compression ratio is 8 to 1 and regular grade gasoline is recommended.

In addition to the standard model, a deluxe version is being offered in the Corvair 700. The "700" features special bright metal trim and three color-keyed choices in upholstery fabrics. Exterior colors in either model include nine solids and seven two-tones, all in the long-gleaming acrylic finishes introduced in 1959 Chevrolets.

The nine-gallon gasoline tank is located forward of the passenger compartment, below the floor and is protected by front suspension members. Crankcase oil capacity is 3½ [illegible].

In appearance, the [illegible] carries a little flowing look. The flat roof slightly overhangs the rear window. Hood and rear deck slope slightly downward. Sheet metal turns inward below the bumper and along the sides.

Because the engine is in the rear no grille is necessary at the front where modified chrome [illegible] headlamps and the Corvair emblem. The rear deck is vented for engine air intake. A screened exhaust at the rear provides an outlet.

Interiors are ample for six passengers. Headroom from the passenger-depressed seat cushion is 38.7 inches in front and 38 inches in the rear. Extension of the toe-pan forward gives almost 43 inches of legroom in the front compartment.

Importance of adequate luggage space has been recognized. Compartments under the hood and behind the rear seat provide more than 15.6 cubic feet of space. An optional folding rear seat-back brings the stowage area up to 28.9 cubic feet, almost one foot less than the conventional-size Chevrolet.

Safety features range from the excellent steering, braking and directional stability to the broad expanse of safety glass and rotary safety door latches. Front quarters are bulwarked for structural strength.

Visibility is excellent. The windshield is 1,300 square inches and the total glass area 3,281 square inches.

The 15-inch steering wheel, with slender spokes and recessed hub, is mounted well below driving vision. [illegible] instruments are mounted behind a single lens.

The heavier rear end helps traction and aids control in the event of a skid. The 120.8 square inches of braking surface amounts to one square inch of lining to each 20 pounds of car weight, a ratio unequaled in many larger cars.

1960 CHEVROLET CORVAIR

These two views of the new compact Chevrolet Corvair show its excellent all-around visibility, smooth styling and sleek appearance. The Corvair is only four feet three inches high and 15 feet long, yet it accommodates six people with ease. A light-weight air-cooled engine in the rear, independent four-wheel suspension system and unitized construction of frame and body are innovations. Now on display at Herzog Motors.

1960 CHEVROLET

Again in 1960 Chevrolet will offer four series of conventional-size passenger cars each individualized by trim, smartness of coachwork and equipment. Note design changes at the front and rear and in the low sweep of horizontal lines. A modish grille extends full-car width. The tail lamp ensemble is mounted beneath modified wings. Profile embellishments lend distinction between the Impala, Bel Air and the Biscayne series and their associated station wagons. The all-new Corvair, an entry in the compact car field, and a 1960 Corvette sports car complete the 1960 Chevrolet line. Now on display at Herzog Motors.

1960 OLDSMOBILE

Styling changes featuring a "balanced" design are illustrated in these three views of Oldsmobile for 1960 by General Motors. Left, is the front end view of a 1960 Oldsmobile Dynamic "88" showing grille bars designed to give the front a wider appearance. Rear end styling is shown at right on the "98" Holiday Sports Sedan. The sweeping chrome accent strip on the side of the 1960 Oldsmobile is shown in the side view center, of the Oldsmobile "98" SceniCoupe. Now on display at Herzog Motors.

Some 700 children took part in a special summer course in the rules of road safety. The course was carried out in playgrounds at Oakville, Ontario. Toy cars are supplied by the town to make the course more interesting, roads are marked out and the children learn to read road signs. A real puzzler for Janice McAnuff, left, is a jumble of signs. But she learns what each sign means in its proper place. At right, friendly teacher P.C. Alf Hooks, Oakville's traffic safety officer, demonstrates rules of the road to children.

Here today
here for the first time anywhere— elegance with economy!
THE SUPERLATIVE 1960 CHEVROLET

Here's new gem-bright beauty, room to sprawl in and sit tall in. New lean-muscled engine economy, new space and silence in the going. For fineness of features, for precise craftsmanship — for all the things that make a car good to own — the '60 Chevrolet stands alone in its price field.

If ever a car stood out from the rest of the crop, it's this '60 Chevy. From its clean-thrusting grille to its dapper rear deck, its styling is as fresh as a new-minted coin. You'll be just as wide-eyed over what's inside — the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. And yet, you'll find new economy of operation, new dependability, new longer life. Here, truly, is the nearest to perfection a low-priced car ever came. Take to the road in the sparkling new sixty Chevrolet.

now! THE REVOLUTIONARY Corvair BY CHEVROLET

Here's the car created to conquer a whole new field — General Motors revolutionary compact Corvair. Here is a totally new way of going. From its trunk-in-the-front to the radically new Turbo-Air rear engine, Corvair is all new. And it's a newness that's designed to bring you the riding comfort and six passenger luxury standards that Canadians look for, together with true compact-car handling and economy. See, drive and delight in the revolutionary new Corvair at your Chevrolet dealer's.

"Valley of Giants" in Swan Hills Area

A super-race of grizzly bears has been discovered in an Alberta hideaway, recently opened up as one of the country's hottest [illegible].

The huge beasts are believed to be remnants of the plains grizzlies which once roamed with the buffalo herds across the prairies and were thought to be extinct before the turn of the century.

An article in the September issue of Imperial Oil Review reports that discovery of a "Valley of the Giants" in the Swan Hills area 150 miles northwest of Edmonton poses an intriguing zoological riddle for naturalists throughout North America.

The beasts are of eye-popping proportions. They measure up to ten feet from nose tip to hind paws and weigh up to half a ton. In the bear kingdom, only Alaska Kodiak tops that.

Fewer than 400 of the shy monsters are believed to have survived in an 8,000-square-mile domain of woods, of babbling streams, and small mountains which, until recently, was one of the continent's few primeval spots. Today oil has been found in Swan Hills, and more than 100 drilling and seismic crews are operating in the region.

The Swan Hills grizzlies are not Rocky Mountain or coastal grizzlies, nor do they appear related to any other type of bear now living on the continent. However their [illegible] are strikingly similar to those of the plains grizzly exhibited in the National Museum in Ottawa.

Michael Henry and other early explorers reported seeing thousands of "big bears" roaming the prairies, and prior to 1880 Fort Walsh in southern Saskatchewan was shipping as many as 600 bearskins a year. These grizzlies were described as being longer than any other, with needle-sharp claws and colors ranging from [illegible] to [illegible] brown. The Swan Hills grizzlies match this description.

The Imperial Oil magazine tells how Albert Frederick Oeming, zoology graduate and Edmonton wrestling promoter heard rumors of a giant race of grizzlies in the Swan Hills area, spent years questioning Indians and whites before he saw one, and finally developed a theory to explain them.

"There is historical proof that herds of buffalo roamed as far north as the Peace River to escape the advance of man," says Oeming. "I think a handful of the plains grizzlies came with them and bred up in the Swan Hills which, until lately, was one of the most inaccessible areas on the continent."

Today the huge bears appear to be moving north again, as supply roads and clanking bulldozers enter their once-silent kingdom. This has pushed them closer to the settlements along Lesser Slave Lake, and Oeming [illegible] survival.

The [illegible] tells how Oeming fashioned a 10-foot-long trap [illegible] knock out the grizzlies [illegible] other [illegible] part [illegible] news. He also went from oil camp to oil camp, telling the story of the bears and asking the crews not to shoot them. [illegible] always a magnet for bears, were [illegible] and [illegible] rifles. Then the Alberta government backed up the conservation effort of Mr Oeming and placed [illegible].

OBITUARY

CHARLES DAVID BUCHANAN

Funeral services for the late Charles David Buchanan who passed away Aug. 3rd at the age of 81 years, 6 months were held on Friday, Aug. 7 at 2:00 p.m. in the Islay United church.

The Rev. C. W. MacKay officiated and interment took place in the Islay cemetery.

The late Dave Buchanan was born at Mono Centre, Ont., on March 31, 1878, and came west in 1898 with his parents. Moving to the Islay district in 1907 he farmed there until 1950 when he retired and went to live in Islay.

The pallbearers were Jack McNeeley, George Machell, Bill Roebuck, Lou Bowser, Alf Hollington and Bernard Bowe. Mrs. Lila Waterfield was organist.

Members of the family home were Raymond of Belleville, Ont., Joe of Edmonton, Russell and Roland, Islay, Kenneth, of Barrhead, Olive, of Smith; Hazel, of Bruce; Verna, Islay, and Kathleen of Lloydminster.

Floral tributes to the house were received from: Alice and Matt Rea, George and Laura Buchanan, Beatrice, Jessie and Martha, Rita, Dora and Ruth.

Floral tributes to the cemetery were received from:

Loving wife, Raymond Beattie and family; Joe Grace and family; Hazel, Edwin and girls, Ken, Kay and family, Russell, Helen and boys, Roland, Rose and boys, Verna, Jim and family; Kay, Bill and family; Myra, Charlie and Vi, Dave and Vi; Harold and Olive Beattie, David Dibb and family, Sybil, Bill, Gladys and Harold, Mr and Mrs. Herb Simmons, Northern Electric Co. Belleville, Aggie, Sophy, Florence, Roma, Mabel and Allison.

Islay United Church fund: Mary and Jack Christie, Jessie Wellington and family, Bruce, Anne and Karen; Mr and Mrs. Bill Shaw, Mrs. Landells and family, Mr and Mrs. N. McLennan and Kenneth, Bill and Joan Axley and family, Mrs. M. Stonehauer, Ralph, Bessie and Mr Andresen, Hilda, Bill and family; Dave, Irene and Mrs. Hancock; Gladys and Muriel Stone, Walt and Helen McCaughan, Mr and Mrs. Wm. Bassett, St. Johns Anglican church Kitscoty, Raymond and Beattie, Bethel Chapel, Belleville, Ont., Edith Atkinson.

Bible to Islay hospital: George Buchanan.

Islay Cemetery fund: Joe, Grace and family, Lila, Bill and Mr Bowser, Mrs. W. H. Hutton and family, Mr. and Mrs. H. Waterfield and boys, Mr. and Mrs. Chas. Redmond; Mr. and Mrs. Alf Jones, Mr. and Mrs. James Allen, Mr. and Mrs. Alf Hollington.

Crippled Children's fund: Geo. Machell, Mr. and Mrs. G. Simmons, Mrs. Harry Gordon; Mr. and Mrs. B. Tosky and family.

Cancer Society fund: Mr. J. Barnett, Bill and Vera McLean; Jim and Nellie Miller, Mr. and Mrs. A. H. Beck, Mr. and Mrs. Ulva MacFadyen and Bill, May, Melvin and Gladys Nixey, Jack McNeeley, Lyle and Vera, Molly and Ed Steiner, Mrs. Norah Carey and family, Lindsay, Kay and family, Mr. and Mrs. I. D. Inman.

Sympathy cards: Vi, George and family, Effie, Sid Grout and family, the Kehn Family, Mr. and Mrs. McClelland, Thelma, Frank and family, Liddon, Nancy, Homer and Shirley Arnold, Gladys and Shirley Forties; Nettie McFadden, Ruth, Rudy and girls; Florrie and Dad, Agnes Ramsey, Russell and Jean Henley, Margaret and Russell Popham and family, August and Kathleen Isert, Janet and Bill Hancock and girls, Everett, Ruby and Gerald, Howard and Marjorie Walton and girls, Jim, Irene, Kenneth and Leila Herricks, Ivor, Olive and family; George and Daisy Colton, Ruth, Dora and Reta, Mrs. Frances Dallyn, Jack McNeeley, Islay W.A. of United Church; Harold and Gladys Roebuck; Mrs. Jack Carey and family, Susan Rooke; Martha, Vi and Charlie; Mac and Alaine; Myra, Minnie and John Rea and family; Edith and family, Vera, Tom and Muriel.

CARD OF THANKS

We wish to thank Rev. C. W. MacKay and all those who helped us in any way during our sad bereavement, also, an apology to any whose name might have been missed in our listing.

Mrs. Kate Buchanan Sr. and family

They Want Our Steel

Steel-hungry U.S. manufacturers — feeling the pinch of a strike that has entered its third month — aren't getting much relief in Canada says The Financial Post.

Canadian mills report they are receiving an increasing volume of enquiries from U.S. users.

Several Canadian mills report they have had to turn down U.S. bids for various types of steel, in order to conserve supplies for regular Canadian customers.

Trouble that looks like a mountain from a distance, usually is only a hill when you get to it.

Hills off-limits to all bear hunters.

"There's a good chance now that the plains grizzly won't vanish from the earth," Oeming says.

GUIDES & BROWNIES TO ENTERTAIN MOTHERS

The Guides and Brownies will entertain their mothers at a pot luck supper in the Anglican parish hall on Wednesday, Oct. 14th at 5:30 p.m. 11 12

GREENLAWN

The Greenlawn Goodwill Club will hold their annual chicken supper in the Greenlawn hall on Wednesday Oct 28th. 11-3

How about that [illegible] date?

TROUBLES APLENTY IS CANADIAN ENTRY FOR MISS AMERICA

Vivi Petersen, 19, Victoria, B.C., runner-up in the Miss Canada contest was summoned by director S. Radcliffe Weaver to replace Rosemary Keenan, Miss Canada, in the Miss America contest to be held in Atlantic City. Miss Keenan was ill with a stomach ailment but recovered after Vivi arrived in Hamilton, Ontario. Meanwhile Weaver, above, got into a sidewalk argument with Vivi because she was wearing a Miss America cap. He told her to remove the hat and also that she was out of the contest.

Health Unit Notes

FIRST AID (cont'd)

WOUNDS

A wound is any break in the skin or mucous membrane. The chief dangers from wounds are serious bleeding and infection.

EXTERNAL BLEEDING

In dealing with the external wound, the first and most important thing to do is to stop severe bleeding if it is present. Blood flowing in quick spurts means that an artery has been cut; a steady flow means that a vein has been cut. Bleeding from a vein, or any bleeding that is not too severe can usually be stopped by applying pressure directly over the wound. Pressure must usually be applied at the proper pressure point.

PRESSURE OVER THE WOUND

This is the simplest method of stopping bleeding. Place a thick pad (compress) of [illegible] or other clean cloth, over the wound and bandage it snugly in place with strips of cloth or adhesive. This is called a pressure dressing. Pressure with the hand over the compress may also be applied if necessary. If all the materials for a pressure dressing are not available, place a cloth [illegible] (a large clean handkerchief will do) over the wound and apply pressure with the hand, or press with the fingers near the edges of the wound, until a pressure dressing can be obtained. If the bleeding is from an arm or leg elevating the limb will help to control bleeding.

PRESSURE OVER PRESSURE POINTS

To stop arterial bleeding, or any bleeding that does not cease in five minutes after applying direct pressure over the wound, pressure must be applied over the appropriate pressure point. Pressure points are the spots where an artery crosses a bone. Pressure must be made on the pressure point nearest the wound between the wound and the heart. When the bleeding stops, [illegible] an assistant apply a pressure dressing [illegible] release the pressure at the pressure point and watch to see whether the bleeding begins again. If it [illegible] pressure at the pressure [illegible] must again be alternately [illegible] and released until the [illegible] dressing alone controls the bleeding.

USE OF A TOURNIQUET

If the pressure methods described do not check bleeding from a limb, it will be necessary to apply a tourniquet. A tourniquet should be used only as a last resort for life-endangering hemorrhage that cannot be controlled by other means.

A tourniquet should be placed as low as possible close to the wound on the side toward the trunk. Any fairly wide, flat band long enough to go twice around the limb will serve as a [illegible]. A triangular bandage folded in the form of a cravat, a necktie, a stocking, or a strip of cloth torn from clothing may be used. Do not use cord, rope or wire.

Wrap the tourniquet around the arm over a [illegible] [illegible] placed on the inside of the limb to protect the artery and [illegible] pressure. Several [illegible] of gauze or a folded [illegible] may be used for a pad. Tie the tourniquet with a half knot, and then tie a small stick with a square knot over the first one. Tighten the tourniquet by twisting the stick only enough to stop the bleeding.

Once a tourniquet has been applied, it should not be released no matter how long it has been on except by a physician who is prepared to control the hemorrhage by other means and to replace blood volume adequately.

The practice of releasing a tourniquet for five minutes every half hour has been shown to be unwise and unnecessary. It is better to accept the risk of gangrene in already badly damaged extremity than to endanger life from hemmorhage by removing it. A properly applied tourniquet may be allowed to remain undisturbed for three or four hours with relatively little risk of gangrene.

When a tourniquet is used, its location and time of application should always be noted on a tag attached to the victim. (Special tags are furnished to enrolled members of local Civil Defence organizations.) Or if a tag is not available, and the victim is taken to a hospital before a physician arrives, write "T" and the time the tourniquet was applied on his forhead with iodine, lipstick, crayon, or a soft pencil.

(To be continued)

BABY & PRE-SCHOOL CLINICS

Monday October 5 — Vermilion (Health Unit Office) 2 to 4 p.m.

Tuesday, October 6 — Wainwright (Office) 2 to 4 p.m.

Thursday October 8 — Kitscoty (Office) 10 to 12 noon.

Paradise Valley

Mrs. Leo Siegar of Coronation, Mrs. Toney Seigny of West Dublin Texas, and Mrs. Fred Harris of Bellingham, Washington were visitors at the home of Mr. and Mrs. A. Transler and Mrs. Wood this past week. Mrs. Wood returned with her daughter for the winter months.

Mr. and Mrs. L. Vice have as their guests, Mr. and Mrs. J. L. Vice of Drumheller for a few weeks.

Mr. and Mrs. David Clarke of Fort Saskatchewan and their family were down visiting at [illegible] E. K. Burgess home over [illegible] week end. They like life at [illegible] Fort as do the family.

Mrs. A. M. Lyle is visiting relatives at Flint, Michigan, U.S.A. for a few weeks. She made the trip by bus.

Mr. Art Kragness of Maxbass, North Dakota, is visiting his brother and sister-in-law Mr. and Mrs. E. L. Kragness, for a while. It is quite a few years since Mr. Kragness has been in these parts.

Mr. and Mrs. Herb Pearsall and family left on Thursday morning for their home at Chilliwack where Herb is stationed.

Mr. and Mrs. Murray McDonald and son Daryl were down from Edmonton to visit with Mrs. McDonald's parents, Mr. and Mrs. E. L. Kragness. Mrs. McDonald remained over for another week.

Mr. and Mrs. Stanley Wesley of Edmonton spent part of their holidays at the home of Mrs. Wesley's parents, Mr. and Mrs. L. Knutson.

The weather? The less said about it, the better.

Mrs. W. A. Gunn left on Sunday for her vacation. She will visit at Edmonton and Misqui, B. C. with friends and relatives.

SAFE AS A CHURCH?

The design of a new French missile called Veronique aroused curiosity at an electrical show in Paris. What was that smooth, round object at the tip of the weapon, people asked?

Officials gave the answer. The spherical object had been added to prevent visitors from injuring themselves on the missile's sharp point.

An excellent idea, comments The Financial Post, nobody wants people to get hurt by one of these gadgets.

"...advancing the art of transportation"

Volkswagen's success is world-wide. New in design, [illegible] in concept, its many unique features have won wholehearted approval in 110 countries from laymen and engineers alike.

The engine is mounted in the rear. You get better traction in snow, mud or sand. The engine is air-cooled. No water to boil, no anti-freeze to buy, no radiator to leak. Torsion bar suspension with independent springing on all four wheels. Greater comfort, safer road-holding. Just as important, maximum use of aluminum and magnesium alloys. Lighter weight, greater efficiency, more miles per gallon.

All these features were pioneered in mass-production by Volkswagen . . . proven right by millions of drivers . . . proven right for low-cost, troublefree transportation. Already some of Europe's largest manufacturers have followed Volkswagen's lead. Now American companies are also adopting these advanced engineering principles. And only recently, leading American engineers awarded to Volkswagen the coveted Sperry Award for "advancing the art of transportation."

Improvements? Yes, they are being made constantly. But the basic design is maintained and so is the quality of workmanship. The happy result, an extra-ordinary high resale value.

Volkswagen service is as good as the car itself. From coast to coast, 300 authorized Volkswagen service centres are equipped with genuine factory parts and factory-trained mechanics to give you efficient, inexpensive service.... All this backed by a central [illegible] Spare Parts Depot at Toronto.

Barbara Green Wins Nursing Honors

On Monday of this week, at the graduation exercises of the University hospital in Edmonton, Barbara Green, daughter of Mr. and Mrs. Alf Green of Buffalo Coulee, was awarded her R.N. degree and graduating pin, with high honors.

Barbara received the President's gold medal and Board of Governor's award for merit in the practise and theory of nursing, as well as a prize for medical nursing. The gold medal is awarded on the basis of her work throughout her full time as a student nurse.

She received her early schooling in Buffalo Coulee, coming to Vermilion for her senior high school work. Barbara then registered at the University of Alberta in the B.Sc. degree nursing course which involved a term of class work, followed by three years of training at the University hospital. At this time she has earned her R.N. with outstanding distinction and has already enrolled in classes for the winter's term which will lead to a B.Sc. degree at the University spring convocation.

Mr. and Mrs. Green went to Edmonton on Monday to be present at the Nursing School's graduation exercises.

C.N.I.B. Tag Day Proves A Success

The Frog Lake Chapter of the I. O. D. E. wish to thank the council of the Town of Vermilion for giving them permission to tag for the Canadian National Institute for the Blind and conduct a canvass of the business section. The canvass and tag day were a success due to the generosity of the citizens of this community.

Canvassers were: Mrs. Barbara Hill, Mrs. Vessie Heckbert, Mrs. K. Williams, Mrs. George Webb, Sr., Mrs. Mona Pockett and Miss A. Keith.

Taggers were Mrs. Allan Anderson, Mrs. Barbara Hill, Mrs. Irene Dowdell, Mrs. J. Perkins, Mrs. Emma Locke, Mrs. Lottie Horne, Mrs. Vessie Heckbert, Mrs. Annabell Robinson, Mrs. Daisy Buckingham, Mrs. Edna [illegible] A. Keith and Mrs. Fay Park.

The Frog Lake Chapter of the I. O. D. E. is exceedingly grateful to those who canvassed and tagged for them for this worthy cause. When the canvass is all turned in, we hope to have over $300.00 to present to the C. N. I. B. [illegible]

Cadet Parades Start October 19th

The first regular parade of the Vermilion cadets will take place at the Armouries on Monday, October 19 at 7:00 p.m.

Monday evening will be the regular parade time but there will be no meeting next Monday owing to the Thanksgiving holiday.

Any boys wishing to join the cadet corps may do so by registering at any regular parade.

Thrills, Fun, Laughs, Wonderment In Store for Public October 10

Thrills galore and plenty of fun and laughs are in store for local people when the GREAT VIRGIL, "Premier International Illusionist" and JULIE "The Sweetheart of Magic" bring their show of miraculous and enchanting wonders to the stage of the Vermilion high school auditorium on Saturday, Oct. 10th at 2 p.m. and 8:15 p.m. under the sponsorship of Vermilion Kinsmen Club.

Among the many beautiful and spectacular scenes will be the Jungle Mystery, Miracle of Tibet, Weird Execution on Mars, London Spirit Seance, Sawing A Lady in Halves, and the Materialization of a real live Spook.

VIRGIL and JULIE'S mystery spectacle will be presented against a background of numerous colorful changes of scenery and will utilize an abundance of dazzling exotic costumes, many of which were created in the Orient while others were designed in Hollywood, New York, London and Paris.

JULIE, VIRGIL'S leading lady, not only plays an important part in all the [illegible] scenes but also presents her own world famous "Mysteries of the Mind" act during which she demonstrates the possibility and reality of telepathy by calling members of the audience by initials or names and reading their innermost thoughts.

This is the show that entertained Melbourne, dumbfounded Calcutta and Bombay and enthralled London. Recently returned from a five-year global tour of thirty-two countries on five continents, VIRGIL and JULIE were described by the Chicago Daily News Foreign Service as "Good Will Envoys." Manager Sid Irving of the big J. C. Williamson circuit described [illegible] as "the best magic act to [illegible] Australia in 15 years." The Times of London stated, "VIRGIL is certainly one of the best stage [illegible]" —"A programme of utterly mystifying tricks with spectacular effect, guaranteed to hold any audience spellbound," stated The Times of India. Around the world VIRGIL and JULIE'S newspaper clippings [illegible] as one [illegible] and extended ovation.

The Kinsmen Club feel that this big international show will be the event of the season and everybody is urged not to miss this grand opportunity to see a really spectacular performance.

Choice of Seven Candidates For Town Councillors On Wednesday

Electors of Vermilion have the choice of seven candidates for council when they go to the polls on Wednesday, October 14. Of these seven, three will be elected to complete the town council for the next year. Completing the council with the three newly elected members will be Mayor Melvin Hill, councillors C. J. McCormick, K. E. Rowe and Reg Ireland.

The candidates in the order in which they will appear on the ballot are: —Boulton, William Henry, Sanitary Inspector; Heckbert, Charles T., Insurance Agent; Kent, Aldous R., Soft Drink Manufacturer; King, A. Ben, Physician and Surgeon; Rampling, Gilbert C., Optometrist; Thompson, Charles Elmer, Retired; Upshall, Charles, Hardware Store Manager.

Of the seven candidates, Chas. Heckbert and Chas. Thompson are seeking re-election.

Former Vermilion Lady Killed In Traffic Accident

Mrs. Alma Mae Kennedy, beloved wife of Mr. Chester Kennedy of Black Diamond, Alberta, was instantly killed on Oct. 1, and her husband suffered serious injuries when the car he was driving ran into the rear of a road grader. The accident happened as they were returning to their home in Black Diamond from Calgary. Mr. Kennedy is in hospital in Calgary suffering with two broken arms, two broken legs, a broken pelvis and multiple other injuries.

Mr. and Mrs. Kennedy lived in Vermilion from 1934 to 1939 at which time they moved to Black Diamond.

Mrs. Kennedy leaves her husband and one son Robert of Vancouver.

Funeral services for Mrs. Kennedy were held at Leyden's Chapel of Remembrance, Calgary, on Wednesday, Oct. 7. The Rev. E. S. Reikie officiated.

New Members Are Inducted at Rotary

[illegible] Norton and [illegible] Mirault were inducted as new members in the Vermilion Rotary club last Friday. Dr. Ben King sponsored Mr. Norton and Reg Mitchell sponsored Mr. Mirault.

Lieut. Doug Moore, Jim Robson and President Ross Beake took part in the program of initiation.

Blast Sends Rock Through Car

Unusual things still happen, but F/O Bob Hemmingway is wondering why they have to happen to him. Bob is stationed at North Bay, Ont., and had a nice Plymouth car which he purchased new and which has been his pride and joy. The car was left parked in front of the mess hall on Sept. 29th in company with numerous other vehicles.

When Bob came out to get into his car he found it crushed beyond recognition, with a large boulder well imbedded into the interior, getting there by simply crashing through the top. Investigation revealed that a construction company was working just outside of the air force base, where blasting was being carried on. Apparently this rock, weighing some thirty pounds, must have been blown high into the air crashing down on top of and through Bob's nice car damaging it to the extent of $800. Some smaller stones also sprayed the neighborhood and a schoolyard, but fortunately it was late in the day and the only casualty [illegible]

Thanksgiving Monday, Oct. 12th; National Holiday

Monday, October 12th is Thanksgiving Day and a national holiday. All stores and business places in Vermilion will be closed.

Kitscoty Student Wins Scholarship

The Alberta Department of Education has recently announced the award of a Queen Elizabeth scholarship to Joan Marie Stewart of Kitscoty High School last year, graduating with an 81% average for an honors matriculation [illegible]. She is now registered in a B. Sc. course at the University of Alberta specializing in Medical Laboratory Science. She is the daughter of Mr. and Mrs. W. R. Stewart of Kitscoty.

The award is for $350 and is the first of its kind in the Vermilion School Division as the Department of Education created the special scholarship fund to commemorate the visit of the Queen and Prince Philip in June of this year.

Masons Award $700 Scholarship

The Bursary committee of the Grand Masonic Lodge in the Province of Alberta, has recently awarded seven bursaries in the amount of $700 each and the Vermilion Lodge is pleased that their nominee, Clifford Cunningham, son of Mrs. Evelyn Cunningham of the Buffalo Coulee district, has been included in the number.

Clifford is a student at the University of Alberta and has established an excellent record of progress in his studies.

His many friends in the district will join in congratulating Clifford on his attainment.

SCOUT, CUB APPLE DAY

The Cub and Scout Apple Day is Saturday, Oct. 17. The boys are now taking orders for boxes of apples to be delivered on Apple Day. [illegible] support the boys by buying a box of apples. 13 11

Hockey Meeting Wednesday, Oct. 14

Calling all hockey supporters, fans, players and enthusiasts in general. A meeting will be held in the Elks hall on Wednesday evening next at 8:30. Problems to be discussed are election of an executive and getting a team to compete in the E.A.H.L. this winter.

The league meeting is to be held Oct. 18 in Vermilion and it is desirable that a clean-cut decision can be given at that time.

Every person wishing to play hockey with the Tigers should attend this meeting also. This would give some idea of the player material available. The league will probably be 'simon-pure' this year so will give more and more local players a chance to play.

Tarantula Found At Clandonald; Bites Clerk

A tarantula, that large black and venomous looking spider which makes it's nest in bunches of bananas, was found at the Roberge store in Clandonald last Saturday, and discovered in a very discomfiting manner by the clerk Miss Clara Lawrence.

Miss Lawrence was in the act of cutting bananas from the stock when the black apparition suddenly appeared and bit her on the hand. Others in the store captured the tarantula alive, while Miss Lawrence was immediately taken to Dr. Evans in Vermilion. The common idea that tarantula's are poisonous is not true and there was no sign of infection in Miss Lawrence's hand.

The tarantula meanwhile was brought to Vermilion by Tom Roth who was in the Roberge store at the time the spider made its appearance. It has attracted a great deal of attention as very few people have ever seen such a tropical specimen. Last heard of this new addition to Vermilion's wildlife was that it was in possession of Dr Evans and was being taken to each of the rooms in the schools for study.

This tarantula, when standing naturally, would cover the palm of a man's hand. It has distinct face and mouth, and like his smaller brethren of the spider family, is quite repulsive.

Farm Organization Introduces New Programme

On October 2, 1959, a meeting was held in Vermilion introducing Mr. Floyd Griesbach who is the director of Farm organizations educational and training program for Alberta.

Mr Griesbach was introduced by Mr. Ed Nelson, president of the F. U. A.

The objectives of the new program as outlined by Mr Griesbach are: 1. the training of farm people so that they will be better equipped to serve as delegates and board members of farm coops and farm unions. 2. To establish a two-way channel of information between farmers [illegible] and their local [illegible] leadership, well in [illegible] appreciation of the whole farm and [illegible] operative movement [illegible] that the support of farm people to [illegible] organization [illegible]

Some [illegible] officials from [illegible] unions and cooperatives in [illegible] area attended the all day meeting.

Continental To Be Routed Through Here Commencing October 25th — Growing Importance of Area Is Recognized.

WINNIPEG, Oct. 7. — In an effort to bring trans-continental train service to a greater number of communities in Saskatchewan and Alberta, Canadian National Railways has announced that its Continental will be re-[illegible] Lloydminster, Vermilion, Vegreville and Fort Saskatchewan.

The new service will become [illegible].

The Super Continental will continue to operate over its present [illegible].

In making the announcement, CNR officials said the change is being made in recognition of the growing importance of those communities which the Continental will serve on its new route. CNR Railiner service between Edmonton, Vermilion and North Battleford will continue to operate on its present schedule.

TRAIN TIMES

The westbound Continental, No. 3 will leave Saskatoon at 9:40 p.m., arrive at North Battleford at 11:50 p.m. and at Vermilion at 3:20 a.m. It will leave here at 3:35 a.m. and arrive in Edmonton at 7 a.m.

The eastbound train, No. 4, will leave Edmonton at 9:15 p.m. arrive Vermilion at 12:40 a.m. and leave at 12:55 a.m. Arrival times at North Battleford and Saskatoon are 4.15 a.m. and 6:05 a.m.

Previous to the change the Continental train has been [illegible] Continental has been travelling the same route as the Super-Continental, from Saskatoon, through Wainwright to Edmonton. At a joint meeting of the Boards of Trade along this section of the C.N.R. a detailed brief was drawn up, pointing out that the country from North Battleford through to Edmonton, a rich and populous area, was unserved by transcontinental trains and suggested the feasibility of routing one of the transcontinentals over this line. The result is the change in train service as outlined above and which is effective October 25.

RECEPTION

All friends and neighbors of Mr and Mrs. J. O. Cusack, Clandonald, are invited to an open house reception on the occasion of their 50th wedding anniversary, Wednesday, October 21, from 2:00 to 5:00 p.m.

Hon. A. O. Aalborg to Address Teachers' Convention Next Week

Teachers of the Vegreville, Vermilion and Wainwright locals of the Alberta Teachers' Association will be gathering at the School of Agriculture, Vermilion, for their annual fall convention.

The sessions will open with registration at 9:00 a.m. on Thursday October 15th. After the preliminary general meetings, the convention members will separate into smaller groups where they will hear special speakers on the subject matter relating to primary, elementary, junior high and high school teaching.

The second day of the convention will feature joint meetings of the locals during the morning, with an address by Hon. A. O. Aalborg, Minister of Education, in the afternoon.

Professor Bryan Dockrell, University of Alberta, is to be the guest speaker at the banquet on Thursday evening.

Members of the Vermilion staff are in charge of arrangements for the banquet, and the dance which is also planned for Thursday evening. Miss Marjorie Knapp and J. F. Welsh are the Vermilion members of the convention committee.

Bible Society Speaker Here Sunday

The Rev. J. Sorochan, Northern Alberta District secretary for the British and Foreign Bible Society will speak during the Sunday services of the local churches on Sunday, October 11.

This time of year marks the beginning of the annual canvass for funds to carry on the worthwhile work of the British and Foreign Bible Society, and it is in support of the society's appeal to the public for financial support that Rev. Sorochan has come to speak to the people of Vermilion concerning the vital need for a continuation of such support.

On Sunday, October 11th, at 11:00 a.m., Rev. Sorochan will be speaking in the service of the First United Church. That evening he will address the congregation during the service at St. Saviour's Anglican church at 7:30 p.m.

Following church time at 8:45 Sunday a film produced by Rev. E. J. Heur, entitled "The Potter's Wheel" will be shown in the Alberta Chapel.

Rev. Sorochan's visit to Vermilion will mark the beginning of the annual canvass, undertaken by members of the various churches here. During the past three years the total amount of financial assistance given to the Bible Society has steadily decreased. When the canvasser calls at your home this year, make your contribution a generous one, worthy of the cause which needs your help.

GAY NINETIES

The Gay Nineties Club's annual banquet, dance and election of officers will take place in the Legion hall on Thursday, Oct. 22nd at 7 p.m. Admission to banquet will be by ticket only, at $1.50 per plate. Tickets must be purchased by Saturday, Oct. 17th. Admission to the dance is 50 cents. 13-14

Ashley H. Cooper M.L.A., was called upon at the recent convention of weekly newspaper editors held in Banff, to present the trophies to the winners in the "Better Newspapers Competition." Here he is shown presenting Roy Wilkes, editor of the Stettler Independent, with the trophy for the best all-round newspaper in the big weekly class. Mr. Roy Wilkes has been president of the association for the past year and was congratulated on setting such an example of excellence to the members of his organization. In case you don't know, Mr. Cooper is the smaller of the two. The cut used [illegible] courtesy of the Stettler Independent.

High School Boys Make Retreat At Academy In Clandonald

Fifteen high school boys from Vermilion and Clandonald spent last week end at St. Joseph's Academy in Clandonald in a closed retreat preached to them by Rev. A. Rokowski, C.SS.R. of Calgary. A similar retreat for high school girls will be offered by the same missionary Father the first week end of November.

The boys who attended this spiritual exercise were: Hank Robinson, Jim Edwards, Bob Edwards, Bill J. Gannon, Max Callaghan, Neil Gannon, Roger Renaud of Vermilion, John Convey, Steve [illegible], John Lawrence, John [illegible], Allan MacDonald, Anthony Convey and George Convey of Clandonald.

The purpose of the retreat was to afford the adolescent boys an opportunity of reviewing in the light of Catholic moral principles with their retreat master, Father Rokowski, the major problems faced today by teen agers. A series of twelve conferences was preached by Father Rokowski and at the end of the series the boys participated in a lively "question box session" [illegible] they discussed [illegible] problem [illegible] treated in the [illegible] conferences.

The week-end was [illegible] enjoyed by the boys and they went away feeling that they were now better equipped to meet their everyday problems at home, in school and in their community life.

Harold Keuschnig Wins Bursary

MARWAYNE — Information received here reveals that Harold Keuschnig, a former Marwayne high school student attending U. of A. has received a further award in the form of an Alberta Wheat Pool Bursary amounting to $300. He is one of 10 young people attending U. of A. with assistance from the Alberta Wheat Pool in the form of bursaries and scholarships.

Rev. J. McGuckin, S F M, Honored At Social Evening at Clandonald

CLANDONALD — Over one hundred parishioners of St. Columba parish gathered at St. Columba hall on Sunday evening September 27th after evening devotions to bid farewell to Rev. Joseph McGuckin, a native son of the parish who left this week for Central America to assume his new assignment with the Society of Foreign Missions [illegible] which he was ordained last December.

Father McGuckin celebrated Mass in the parish church on Sunday morning and spoke on the work of the Foreign Missions stressing the great need of missionaries in Southern and Central America.

The social evening was spent in playing whist at which prizes, donated by the C. W. L. ladies who sponsored the evening, were won by Messrs. Jerry McGuckin and Jerry Monaghan and Mrs. Art Lawrence and Mrs. J. O. Cusack. Rev. John Nowakowski, also a native son of Clandonald, showed movies which he had taken of his own ordination and first mass as well as slides of [illegible] taken in a number of the homes in the parish.

Mr. James Martin Sr., oldest [illegible] present, spoke on behalf of the parish families assembled to bid farewell to Fr. McGuckin and presented him with a money gift on their behalf. Father McGuckin thanked [illegible] and requested their [illegible] prayers for his success [illegible] fulfilling his new assignment in the Caribbean.

Father McGuckin's parents are Mr. and Mrs. Peter McGuckin.

Vermilion River Farm Purchase Board Is Now In Operation

Farm Purchase Board is now operating in M.D. No. 71 Vermilion River. Thirty-two people are presently arranging applications and three have completed applications to the Board. The board members are: Mr. Frank Wheat of Marwayne, appointed by the M. D.; Mr. E. H. Buckingham, Vermilion, appointed by the Treasury Department and Mr. Nick Sheremeta, Paradise Valley, appointed by the Department of Agriculture. Mr. Reg. Kay of Kinsella is secretary to the board and Mr. Bert Hassett does the [illegible]. Applications to buy land through the Farm Purchase Board must be made at the M. D. office, Kinsella, Alberta. Information regarding the functioning of the Board and how it is operated may be obtained at the Municipal Office or from the District Agriculturist.

VERMILION, ALBERTA, THURSDAY, OCTOBER 8th, 1959

It Is Important . . .

It is important that the electors of Vermilion will cast their ballots in large numbers on Wednesday next, as the next few years will prove quite important ones in the future of the town. Vermilion is bursting at its seams right now, and growth brings its problems which demand aggressive and foresighted policies. Steps have already been taken to enlarge the boundaries to increase buildings areas thought must be given to increasing the capacity of the disposal plant and this will require some considerable thought and study, with the demand for roads in the newly built up residential areas the road oiling program [illegible] a few years ago which [illegible] Vermilion noted as the town with the best roads, business and residential, in Western Canada, has been let lapse a little and this should be picked up again and budgeted for. These are but a few of the issues which will be confronted by the town's governing body, and on their decision on such projects, could well decide whether the town continues to progress rapidly such as has been in evidence over the past years. There is a wide choice of candidates for council — be sure to vote on Wednesday October 14.

Surely Not Another 1919!

Not since 1919 has the harvest picture been as grim as this fall, and in many respects the present situation is even more serious than that much talked of year. In 1919 the grain was cut and all in stook but now much of the grain was left standing for combining or is in swath. The standing grain has been beaten to the ground by the two successive wet snow falls, swaths are soggy wet, and the snow is showing a decided tendency to stay with us. It was on October 9th 1919 that the snow came in that year a heavy snow that never left until May, the thermometer dropped and stayed down all leading up to the longest and most disastrous winter in the history of the area.

There is still time for a long Indian summer — let us pray that we get it.

With Care, 9 in 10 Fires Preventable

Every week fire strikes at more than one thousand Canadian homes.

In terms of dollar that [illegible] a yearly loss of [illegible], although the typical house fire [illegible] under [illegible] in damage.

But the ghastly truth is that three-quarters of all our fire deaths occur in those homes. And not only deaths, for hundreds of Canadians are horribly burned and often permanently injured in these fires.

Fires rarely just "happen". Nine out of every ten fires are the result of sheer carelessness and thoughtless neglect of simple precautions.

Regardless of the cause, experienced fire fighters say many of the human tragedies are quite needless. Not knowing what to do, victims are often trapped by their own ignorance. They might have gotten out IF they had known how.

They didn't know how. So they died. Or they survived scarred and maimed.

Every Canadian in every home can profit by learning the simple lessons of fire prevention and fire safety.

Such is the basis of the fire services' appeal this Fire Prevention Week. It is an appeal for every man, woman and child. And it is a special appeal for the sake of the children, who make up nearly half the victims.

Schools of Agriculture Bursaries

Farm young people looking for a well rounded farm training program [illegible] consider attending one of Alberta's schools of agriculture. This year agricultural schools will be operating at Olds and Vermilion. Excellent courses providing practical instruction are offered to both boys and girls. School terms will commence on Oct. 27.

To encourage attendance at these schools, the Alberta Wheat Pool is making four $125 bursaries available to young people who are or have been 4 H club a good club record and a creditable scholastic standing are invited to investigate these Henry Wise Wood Memorial bursaries.

District Agriculturists and Home Economists can provide full information on the Alberta Wheat Pool bursaries to assist young people to attend Alberta's schools of agriculture.

What To Do in Infant Emergencies

It may sometimes be difficult to obtain the immediate services of a physician in these days of traffic jams and hospital and public health work, warns Dr J. R. J. McKendry in the current issue of Health Magazine, official publication of the Health League of Canada.

Quick action is often called for in times of emergencies, he says, and this can be supplied by the parent or another adult if the doctor cannot reach the house in time.

The major emergencies in infancy are choking spells, difficult breathing, convulsions, bleeding, burns, head injuries and the ingestion of poison.

In cases of severe choking, the baby should be held head down by his feet and tickled and patted on the back. If this fails, put the index finger between the tongue and the roof of the mouth in an effort to bring the tongue forward and allow a better airway. If this still fails to dislodge the object, take the [illegible] to the emergency department of the nearest hospital for further investigation and then contact your doctor by telephone.

Some infants will develop a convulsion at the start of a febrile illness, due to a sudden rise in temperature. Most seizures last only a few minutes. During the convulsion, the baby should be turned on his side, with his head and chin extended. The tongue should be held forward with a spoon handle in order to provide a good airway. When this is done, sponge the [illegible] with cool water to reduce [illegible] fever and most convulsions [illegible] stop within a few minutes.

When the convulsion has stopped, telephone the doctor for further directions. Take the child to the emergency department of the nearest hospital if convulsions persist despite this treatment.

In this article, Dr. McKendry gives specific directions for dealing with other major emergencies.

He concludes by saying that in general, a little knowledge by the parent of the immediate treatment of the common medical emergencies will ensure more rapid recovery for the child, and at times, it may be life saving.

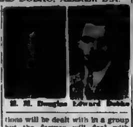
EDWARD DOBKO, Assistant D.A.

FARM MANAGEMENT SCHOOLS

During the winter of 1959-60 the Alberta Extension Service will be offering Farm Management schools to farmers who feel they need to learn more management techniques in running their farms on sound business basis. These schools involve the study of the principles of farm management and how they apply to individual farms. The principles, problems and questions will be dealt with in a group but the farmer will deal with his own farm privately.



H. M. Douglas Edward Dobko

Any farmer who feels that something is to be gained by a study of their individual business would be well advised to talk it over with the district agriculturist.

COMPARISON OF LEGUME GRAZING

For the past three years research men at Lacombe have compared the productivity and carrying capacity of brome, creeping red fescue, and brome-alfalfa pastures. During that time, the brome-alfalfa mixture produced more dry matter, more pounds of beef per acre and gave greater total gains than either brome or fescue.

Although up to date, creeping red fescue has carried four per cent more animals than the brome-alfalfa mixture and six per cent more than the straight brome. This has however, been offset by lower daily gains indicating that perhaps fescue is less palatable than the other two pastures.

D.A. IN LLOYDMINSTER

For the convenience of those Alberta farmers who do their business in the city of Lloydminster, the district agriculturist will be at the Exhibition Association and Chamber of Commerce office in Lloydminster every Thursday beginning Oct. 8. A bulletin board has been set up in the same office and if further information is required simply leave a note in the envelope on the bulletin board. A bulletin board has also been set up in the M.D. office at Kitscoty.

MODERN DAY RUSTLERS

Word from the range country of the American south west is to the effect that cattle rustlers have been using tranquilizer guns to shoot the new drugs into cattle to keep them quiet and obedient while being loaded into trucks for a quick get-away.

A WORD OF THOUGHT

Good farm records a farmer friend says, are invaluable. He says that without them he would have no idea how he got so far in the hole.

Rotation of Troops In Europe Underway

OTTAWA Rotation of Canadian troops in Germany got underway Friday, October 2 when 75 soldiers boarded a chartered Trans-Canada Air Lines' Super Constellation here.

They are the first of 2,100 soldiers scheduled to cross the North Atlantic by T C A aboard 14 return charter flights from Ottawa, Montreal, Fredericton, and Greenwood to Dusseldorf.

It will be the first large movement of troops by air since the 27th Canadian Infantry Brigade Group arrived in Germany in 1951, and the largest peacetime airlift of Canadian troops by a commercial carrier.

Another 932 troops will be carried by the R. C. A. F., while the remainder of 15,000 soldiers and dependents of the 4th Canadian Infantry Brigade Group will be moved by ship between now and mid-December.

Major units leaving Canada are the 1st Battalion, Canadian Guards; 1/8 Canadian Hussars and the 1st Battalion, the Black Watch (Royal Highland Regiment). They will replace troops of the Royal Canadian Dragoons, 2nd Battalion, Canadian Guards; 3rd Battalion, Royal 22nd Regiment, and the Reconnaissance Squadron, Lord Strathcona's Horse.

The first five flights will leave Ottawa on October 2, 4, 9, 11 and 12, returning October 4, 6, 11, 13, and 14.

The sixth and eighth flights will leave from Montreal Oct. 16 and 23, returning Oct 18 and 24. The seventh and last flights will leave Fredericton on Oct. 18 and Nov. 6, returning October 20 and November 8, while flights nine to 13 will leave from Greenwood October 26, 28, 30, November 2 and 4, returning October 28, 30, November 1, 4 and 6.

HEARTY LUNCH BOXES

A good lunch is attractive, appetizing and supplies one third of the food needs for the day. It should contain a bread or its substitute, some form of protein, milk or a food containing it in good quantity, and some food which is fresh and crisp.

GOOD BREAD

Refer to brown bread such as whole wheat or rye, white bread made from enriched flour. Steamed brown bread, cracked wheat bread, and white rolls all make good lunch box material. Muffins or other quick breads may be substituted for regular bread to give variety.

PROTEIN

For the lunch box may be meat, cheese, egg or fish used in sandwich fillings. It might be a "finger food" such as hard cooked egg, a cooked pork chop or a leg of chicken. The protein is necessary for tissue building and repair.

MILK

Supplies calcium needed to build strong bones and teeth. Occasionally instead of milk or cocoa, include soup made with milk, custard or milk puddings. Cheese may also be put in to supply extra calcium and protein.

FRESH CRISP FOODS

Raw fruits or vegetables supply vitamins and minerals as well as roughage to prevent constipation. Use raw carrot, turnip or celery sticks, a cabbage wedge or raw fruits when in season. Canned fruits supply excellent food value too.

A CLEAN SANITARY LUNCH

Keep the lunch box clean and well aired. The thermos bottle should be thoroughly washed, rinsed and aired each day. On the week end fill them with a solution of baking soda and allow to stand overnight. Put the cork in a small jar filled with the solution and covered to force it down into the liquid. This helps prevent a sour smell.

LUNCH BOX [illegible]

Write, phone or call in at the Dept. of Agriculture office in Wainwright or Vermilion for your free copy of "Lunch Boxes and Hot School Lunches."

KNOX QUITS ARGOS

Golden boy Ronnie Knox of Toronto Argonauts convinced that football is a "game for animals" and beneath his more cultured interests quit the club and flew home. Knox was the quarterback around whom the team had been built. Coach Hamp Pool once described Knox as the closest to Bob Waterfield (former star of Los Angeles Rams) he had ever seen.

The publicly owned Canadian Broadcasting Corporation, which operates 28 of Canada's 209 radio stations and eight of the country's 49 television stations, spent a record $67 million last year.

It takes about ten pounds of milk to make one pound of cheddar cheese.

Minburn Resident Passes Away

Mr. Lester William Kennedy, a resident of Minburn, passed away in the Mannville Municipal hospital on Saturday, Oct. 3. He was 71 years of age. Left to mourn his loss are two sons, William and Robert, both of Edmonton; two brothers and five grandchildren.

Funeral services were held in the Minburn United church on Tuesday, Oct. 6, with Rev. Andrews of Mannville officiating. Interment took place in the Minburn cemetery.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville Elks, the number drawn on Friday, Oct. 2 was B 15.

Numbers drawn to date are:
B — 14, 2, 9, 3, 10, 12, 8, 13, 11, 6, [illegible]
I — 22, 27, 28, 25, 21, 18, 29, 24, 30, 17, 23, 26, 19
N — 44, 32, 35, 33, 40, 39, 31, 37, 41, 38, 42, 34, 36
G — 58, 55, 54, 60, 50, 48, 59, 47, 49, 51
O — 71, 61, 62, 68, 63, 66, 73, 64, 65

In Vermilion cards may be obtained from Walter Fisk.

How about that SUB. date?

Letters to the Editor

The Editor,
Vermilion Standard,
Sir:

By your kind permission, I wish to add my voice in protest, with the many that have been, and are, raised against the perpetuation of this yearly Hallowe'en vandalism under threat, if not recipients in gifts in kind. Last year, after giving several dollars worth of goodies to the callers, we were later singled out as one of the victims of hooligan vandalism in property damage. This was not the first offence.

Such acts are not permissable at any other time, neither should it be tolerated at these times. Because of such actions I have decided to ignore the callers of all ages, thus depriving the innocent of what they might receive because of the wilful, harmful acts of the guilty. There are also other abuses of the goodwill spirit of giving that could be mentioned. The restoration of property damage is really not fun, and it is high time that action be taken by those in authority to outlaw such practices, as let it be hoped that action will be taken to this end.

Respectfully yours,
Chas. Young.

RUSSIAN TEACHER

Mrs. N. Markus, above, has three careers, mother, teacher and author of a Russian text. Soviet born Mrs. Markus lived in Kiev until she was eight and then moved to Paris. She received her M.A. in Russian at Middlebury college in New England. She has 40 pupils with no newcomers in her class at North Toronto collegiate. Mrs. Markus says Russian isn't a difficult language to learn and that her pupils learned the alphabet in a few hours.

Sixteen Years Ago

Oct. 7, 1943

Two well known district girls are dead, victims of an accident which occurred Saturday morning. They are Joan Harrington, of Clandonald, daughter of Mr. and Mrs. S. C. Harrington, and Olive Walker, the daughter of Mr. E. C. Walker of Dewberry. The girls were trapped in a car which rolled off the ferry and into the Saskatchewan River at Heinsburg.

Vermilion schools, in common with those all over the province, will open for the fall term on Tuesday, Oct. 12 after the longest summer vacation in school history. The long vacation was in order to alleviate an expected shortage of labor in the harvest fields.

Sixty per cent of the threshing is complete in this area and perfect weather for harvesting prevails.

Pte. John Wilhite of the R. C A.S.C. is another Vermilion boy who has recently arrived overseas.

Charlie Beecroft, the genial town sanitary man, has resigned, and on Oct. 15 will leave the service which he has faithfully carried out for the past 32 years.

32 Years Ago

Oct. 6, 1927

Rain fell steadily over the entire district from last Thursday morning until Sunday night, putting a stop to threshing operations.

The New York Yankees won the first game of the world series from Pittsburgh 5 to 4.

A trial held in Moore's hall, Islay, attracted a large audience last week. A man named Leeper of Moose Lake made a bet that a ball of binder twine would not support his weight for five minutes. He won $5 from two local boys who, in order to get even, hid his doubletrees and feather tick. Leeper complained to the police and the boys were brought before Magistrate Blackwell of Lloydminster who fined the young fellows $5 and costs.

48 YEARS AGO

Oct. 4, 1911

A bad break in the weather put a stop to threshing operations for a few days.

Andrew Wood left this week for a visit to his old home at Vankleek Hill, Ont.

Off an 80-acre field Jas. Barr got returns of 2450 bushels of wheat, slightly better than 30 bushels to the acre.

George F. Dandy who came here from Ontario a few months ago, has sold his three quarter sections of land about six miles south of town to Harold Munce and David McCord for $20,000, an average of better than $40 an acre. The land is practically all broken and comprises the north half and south-east quarter of Sec 33 in 49-6.

REXALL SALE

The Rexall 1c Sale at Long's Drug store Vermilion, will start on Monday, Oct. 19 and continue for six days until Saturday Oct. 24th 13

A gander that reached the age of 40 years is the oldest member of the Canada goose species on record.

Pretty Autumn Wedding Is Solemnized At Dewberry

Whiteside—Braithwaite

Miss Lorraine Ann Braithwaite, daughter of Mr. and Mrs. R. E. Braithwaite, became the bride of Mr. Meredith John Whiteside, son of Mr and Mrs. J. K. Whiteside, at a lovely fall wedding in the Dewberry United Church recently. Rev. Mr. Shortt [illegible].

Given in marriage by her father and mother, the bride looked lovely in a cocktail-length gown of white nylon and lace with matching lily point sleeved bolero. The bride's veil of netted lace, clouded to chapel-length and she carried a cascade bouquet of American Beauty roses. Her only jewelry was a pearl necklace gift of the groom.

Miss Faye Haskell, her only attendant, was lovely in a gown of pink net and lace with matching headpiece, trimmed with pearls. Her bouquet was a cascade of pink and white carnations.

Mr. Cyril Romanchuk, close friend of the groom, was best man. Mr Jimmy Jones, school mate of the groom, acted as the usher.

Wedding music was played by Miss Cheryl Jones and during the signing of the register Mrs. Milo Hodgson sang.

At the informal reception in the spacious home of the bride's grandmother, Mrs. May Braithwaite, Mrs. R. E. Braithwaite received with the bridal pair, wearing a blue taffeta afternoon gown with white corsage.

The bride's table was lovely, laid with white linen and centered with a three-tiered wedding cake.

At smaller tables throughout the house, the guests were served a sumptuous luncheon in a gracious manner. Mr. Rene Bowman, great grandfather of the bride, and Mr and Mrs. Spicer, maternal grandparents, were guests at the reception.

Mr Shortt proposed the toast to the bride and the groom ably replied to it.

Miss Marion Braithwaite, a younger sister of the bride was in charge of the guest book. She was assisted by a sister of the groom, Tina Whiteside.

Out-of-town guests were: Mr. and Mrs Lloyd Berg of Marwayne; Mr. and Mrs H. Ford, Vermilion, Mr. and Mrs. Mac Gilvery of Iron River and Mr. and Mrs Jim Kent of Edmonton.

For going away, the bride chose a grey sheath with white accessories.

MARWAYNE NEWS

Mrs. E. Meiklejohn is visiting at the home of her sister, Miss Mundel at Saskatoon.

Mrs. Kay Hillaby has her two grandsons, Barry and Wayne Malone staying with her while their parents, Mr. and Mrs. Geo. Malone of Calgary are on holiday.

Mr and Mrs. George Lowrie and son have been home this week as it is too wet for George's work.

Gordon Hancock, Jack Manson, Bill Carson and George Mack have been goose hunting in the Castor area this past week, bagging 10 geese.

Mrs. Bacon, after four months in hospital at Edmonton, is at the home of her daughter, Mrs Myra Gipes in Lloydminster.

At the home of Mr and Mrs Guy Williams Sr., recently were Mr. and Mrs. Tom Donnely of Edmonton, Mr. and Mrs. Earl Fairbanks (a niece and nephew of Mrs. Williams) of Tacoma, Wash.; Mrs. Williams' son and daughter-in-law, Mr. and Mrs Roy Graham of North Bend Wash.

The Misses Jean Milne Shirley Rutherford and friends arrived home Saturday morning after a three month tour of Europe. The girls report a wonderful trip.

There are 201 students enrolled at Marwayne school this year, the second largest school in the division.

Billy Curtis was fortunate enough to win a $25 football on a T V program on Thursday evening. T.V. aerials are springing up like mushrooms in Marwayne. One young son said "we've just got to get a T V . . why everyone in town is getting one!"

Congratulations to Mr. and Mrs. Herman Bystrom on the birth of a daughter October 2 in Mannville hospital.

Livestock Sale Plans Complete For Thursday, November

The Vermilion Agricultural Society's annual fall sale of purebred beef cattle and hogs has been scheduled for Thursday November 12th at the Vermilion Livestock Mart; auctioneers will be Messrs. Lovig and Hutton, proprietors of the mart.

Prospective contributors have been circularized and all others who are interested should obtain particulars of the sale from the office of S. C. Heckbert, Secretary Manager.

Entries for contributions to the sale close on October 24th and new regulations provide for the offering of only the most select animals.

All hogs offered must have a minimum weight of 180 lbs. and sows must have been born within a twenty month period, while boars must have been born within the calendar year. All premises from which hogs are entered must be examined by a veterinarian and a certificate provided indicating that the premises are free from disease or infection of any kind. Contributors are reminded that certificates in connection with the premises are required on entry.

I.O.D.E. Members Visit Vegreville

Nine members of the Frog Lake Chapter of the I. O. D. E. journeyed to Vegreville recently to attend dedication of the new flag to the Major Pane Chapter of the I. O. D. E. at Vegreville. Members of the Vermilion order, Mrs. Emma Locke and Mrs. Fay Park provided transportation for the following local members — Mrs. S. Carroll, Mrs. Vessie Heckbert, Mrs. K. Williams, Mrs. Irene Dowdell, Mrs. Addie Mood, Mrs. Jean Rowe and Miss A. Keith.

The dedication of the flag by the Rev. T. E. Thomas was an impressive ceremony followed by an interesting meeting. Vegreville artists presented a musical programme prior to the serving of a delicious buffet supper. The Vermilion I. O. D. E. members thoroughly enjoyed the afternoon and appreciate very much the kindness of Mrs. Locke and Mrs. Park in arranging transportation.

Correction: To Keep Records Straight

Although the news item which appeared in last week's issue of the Standard reporting four Islay hunters bagging forty wild geese all in one day, is very flattering indeed, it could also be very misleading.

For the benefit of any local hunters who may be curious, or are planning a one-day goose hunt to southern Alberta, a correction should be made.

It is true that forty birds were bagged, but it took three days for the hunters to accomplish this feat . . . three days of cold, wet windy weather not to mention nearly 300 miles traveled over wet and muddy roads.

No doubt the foul weather was contributive to the success of the hunt. It kept the geese flying low and all the fair-weather hunters out of competition so take it easy goose hunters, don't scald or scoff, a wild goose chase very seldom pays off.

F.W.U.A. Plan To Cater for Wedding

MARWAYNE. — The regular meeting of the F.W.U.A. was held at the home of Janet Hancock on Monday, Sept. 28 with Doreen Allen and Lillian Tupper as co-hostesses. There were twenty-two members and three visitors present. In the absence of the president the first vice-president, Mildred Sinclair, was in the chair.

Motions were passed and plans made to cater to Olive Nelson's wedding reception on Saturday, Oct. 24 and Darlene Kvill's on Saturday, Nov. 7.

Marnie LaFoy and Betty Hale were appointed to investigate further the regulations concerning a Co-op. Cooking demonstration. This to be held in January.

A letter from Mr. Morley Laughlan, D.A., was read and discussed re ways of improving the horticulture show.

The next meeting will be held at the home of Betty Hale on Monday Oct. 26th.

Routine Matters Occupy Town Council At Regular Meeting

A regular meeting of the town council was held on Monday, Oct. 5 with Mayor M. Hill and Crs. P. E. Cooper, C. T. Heckbert, R. J. Ireland, C. J. McCormick, K. E. Rowe, C. E. Thompson present.

Correspondence was received from Associated Engineering Services re proposal for development plan, R.C.M.P. monthly report, Union of Alberta Municipalities re convention, Dept. of Municipal Affairs re adoption of assessment roll and re the winter work program, Vermilion Board of Trade re school crosswalk, Alberta Civil Defence re Civil Defence by-law.

Building permits: Geo. Brown re house addition at Lot 6, Blk. 27, Plan 635V; Peder Brix re residence on Pt. N.E. 30-50-6; A. Redford re residence on Lot 11, Blk. 27, Plan 635V.

The report of N. M. Fenton, swimming instructor for the 1959 season was accepted and it was recommended that Mr. Fenton be again hired for 1960 season.

Council proclaimed Sunday, Oct. 4 to Saturday, Oct. 10 as 'Fire Prevention Week' in the Town of Vermilion.

By-law No. 11-59 providing for the adoption of the assessment roll of the current year, as the assessment for taxation purposes for the year 1960, was given 1st, 2nd and 3rd reading and finally passed.

By-law No. 13-59 relating to Civil Defence was given 1st and 2nd reading.

Cr. Ireland was appointed to the Civil Defence committee as representative of the Council of Town of Vermilion.

By-law No. 3-57 was amended to provide that dwellings be built on a foundation 30 inches above grade level. Grade to be determined by Building Inspector.

Geo. Brown was granted a permit to make alterations to a dwelling on Lot 6, Blk. 27, 635V, subject to town building by-law.

A. Redford was granted permit to erect a dwelling on Lot 11, Blk. 27, 635V, subject to building by-law.

Peder Brix was granted a permit to build a residence on Pt. N.E. 30-50-6, subject to building by-law of town.

4-H Club Leaders' To Confer at V.S.A.

Leaders of the 4-H winter projects will gather at the School of Agriculture and Home Economics at Vermilion, Oct. 21 and 22 for the annual fall conference. Winter projects in the homemaking section are the foods, clothing and home decoration clubs while those in the agricultural division includes the beef, dairy and sheep clubs, announced C. L. Usher, Alberta's Supervisor of 4-H Clubs.

Material presented at the conference will be some of the latest developments in the fields of the [illegible]. In addition, leaders will be given hints on organizational and leadership techniques to assist in the club program during the club year. There will be little or no repetition of material covered at last year's conference.

If the club leader is unable to attend it is hoped that another member of the adult committee will be represented. The Department of Agriculture pays for the transportation both ways as well as the room and board while at the school. Leaders should plan to arrive at the school on the evening of Oct. 20. The conference ends the afternoon of Oct. 22.

The total of personal savings made by Canadians in 1958 was $2,096 million, more than twice the $1,035 million saved ten years earlier.

Lake Duck Shooting Called 'Destructive'

Members of the Ponoka Fish and Game Association have gone on record with a request that the shooting of wild ducks from boats be restricted.

The practice of shooting wild ducks off lakes was declared to be very destructive and wasteful as it cripples many birds beyond the bag limit and kills others which are not picked up.

The Ponoka meeting went on record as being opposed to the practice of shooting from boats on lakes and asked that the executive make representations to authorities for some sort of restriction on this type of shooting.

BUFFALO COULEE ACTIVITIES

Anybody for heading south with the ducks and geese? Even though the heavy snow of last week made some beautiful pictures in combination with the green and colored leaves it was not too much appreciated by the farmers who still have a lot of crop out. However we can still hope for a nice October.

H & S MEETING

At a recent Home & School meeting the new teachers, [illegible] Jean Findlay, Mr. Sam [illegible] and Mrs. Lillian Phenney [illegible] introduced to the parents by Mr. George Jushow, principal of the school. Each teacher responded nicely with a few suitable comments.

New officers elected and installed at the meeting for the coming year were President — Mrs. Win Kennedy, Vice-Pres.— Mrs. Beryl Green, Sec. Treas.— Mrs. Olga Arthur [illegible] Conv. Mrs. Mary Arthur; Program Mr. Ted Marfleet, Mr. Sam Boyle and Miss Jean Findlay; Social Mrs. Vera Brush and Mrs. Win McInnis. Mr. Jushow is honorary president. The installation was carried out by the retiring president, Mr. Mahan Hill. Home and School meetings are held on the third Wednesday of each month and a good series of programs is being lined up by the program committee.

STUDENTS UNION HOLD ELECTIONS

The Students' Union have held their election of new officers for the term September to January with the following results: President Colleen Kennedy, Vice-President Jean Kochan, Secretary [illegible], Treasurer Ruby Bater, [illegible] Lenore McInnis, Grade VII class rep. Clara Bater, Grade VIII rep. Jeanette Caron.

The initiation ceremony for grade 7 was held on Sept. 25 with both boys and girls spending the day dressed as [illegible]. The three new teachers wore their clothes backwards for the day. A platter party was held in the gym at night.

The Students' Union is again sponsoring an amateur hour to be held on Nov. 20. Everyone is urged to keep this date in mind and get your entries ready.

The regular C.G.I.T. meetings will be starting again on Oct. 14 at 7:30 p.m.

THANKSGIVING SERVICE

Rev. C. W. MacKay of Vermilion held service at the school last Sunday with only a small attendance. The next service is the Thanksgiving one to be held at the church next Sunday, Oct. 11 at 3 p.m. Let's have a good crowd out. In spite of unfavorable conditions we still have much to be thankful for in this land of freedom and plenty.

FATAL CAR ACCIDENT

The sympathy of the community goes out to the Kennedy families on the death of their sister-in-law Mrs. Chester Kennedy of Black Diamond, who was killed in a car accident last Thursday. Chester who was driving, was seriously injured and is in hospital. Chester grew up in the district and Alma worked here before her marriage. They lived for some time in Vermilion before moving to Black Diamond.

Brent Marnab Jr. left this past week for Vancouver where he will again play hockey with the Canucks for the coming season.

CHICKEN SUPPER IS CANCELLED

The previously proposed chicken supper was discussed by all the W.A. groups at their respective meetings last week and it was felt that due to the bad harvest situation it should be cancelled, so there will not be one this year but will be considered again next fall if the [illegible] conditions are more [illegible]. Some of the men had a bee at the curling rink and got construction of the banquet tables underway. It will take another day to finish them. The material for these tables was purchased by the [illegible] group.

Mr. and Mrs. Alf Green attended the graduation exercises of the University Hospital School of Nursing on Monday night when their daughter was a member of the graduating class.

Missed your Wildmere Winks Mrs. Wallington, but trust you are enjoying life in town. The Standard just doesn't seem the same without them!

More snow and cold weather, maybe the result of [illegible].

Public Interest Award

Above photo is Mr. Bert Hollingshead, manager of McDermid Studios, receiving "The Public Interest Award" plaque presented by Mr. Gerry Gaetz (left) manager of radio station CJCA.

The plaque, awarded by the National Safety Council, was for "Light Up Time" sponsored by McDermid Studios and carried on CJCA. Every evening at dusk, motorists were advised to turn on their lights. The campaign ran for a full year and was credited with being a great contributor in the campaign for safety.

Since 1950 about 65 textile mills have closed in Canada due to increased volume of imported textiles in the Canadian market.

Explorer Group Starts Active Year

The Explorer group held their re-organization meeting on Sept. 28th in the United Church hall, with Mrs. Charles Heckbert and Mrs. Ashley Cooper as leaders.

Jane Heckbert, as hostess for the first meeting, said Grace and served the lunch. Following recital of the 'Purpose', and the singing of the hymn, the executive officers were elected:

Chief Explorer — Ann Duncan
Vice-Pres. — Sharlene Morris
Keeper of the Log — Jane [illegible]
Keeper of the Treasure — Helen Meyer

At their second meeting the Explorers made place cards for the Thanksgiving dinner trays at the hospital. Eleanor Duncan was in charge of the games program and the lunch. The girls have planned to meet on Saturday morning, Oct. 10, [illegible] the church for Thanksgiving services. Because of the holiday on Thanksgiving there will not be a meeting that day. The next one will take place Monday, Oct. 19.

Mrs. Adelaide Hoodless, who founded the Women's Institute at Stoney Creek, Ontario, in 1897, also introduced the teaching of domestic science in Canadian schools and was one of the founders of the National Council of Women.

. . FOR . .

PROCLAMATION

WHEREAS authoritative statistics compiled and published by the Dominion Fire Commissioner show that during the past ten years, seven hundred and twelve thousand fires in Canada have taken five thousand three hundred and fifty-five lives, seriously injured at least sixteen thousand other persons and destroyed property valued at one billion twenty-six million and five hundred thousand dollars.

Therefore the week of October 4th to 10th is hereby proclaimed Fire Prevention Week in Vermilion and all residents are urged to give special consideration during this period to the reduction of fire hazards, and the protection of their families and their homes from the dangers of fire.

Fire Prevention Week this year is attuned to the slogan "Don't Give Fire A Place To Start." The observance of the precautions suggested by this slogan and the practice of wise fire protection policies is commended to all residents of the Town of Vermilion.

MELVIN HILL, Mayor.

The Thanksgiving service of First United church is being broadcast over CKSA and because of this the time for the service is changed from 11:30 to 11:00 a.m. on Sunday, Oct. 11.

Friends will be pleased to hear that Mrs. Marshall Jackson, who has been a patient in the General hospital in Edmonton for the past month, where she underwent surgery, is now convalescing nicely and is expected home soon.

Mr. and Mrs. George Pearce returned to Vermilion last week after spending four months visiting old home spots in England. A grand summer was really enjoyed. George reports the 'Old Land' really booming with greater industrialization than ever taking place. People are extremely contented and happy.

Miss Betty Giles has just recently returned from a three weeks' holiday spent at the west coast. While there she was a guest of Mr. and Mrs. Jack Reasbeck.

In the birth announcement column last week it was incorrectly reported that a son was born to Mr. and Mrs. C. R. Petterson. This should read, Mr. and Mrs. C. R. Pederson announce the birth of a daughter, Arla Jane, on Sept. 27.

Mrs. Cliff McCormick spent last week end in Edmonton visiting with her daughters Dorothy and Shirley, and while there attended the Scottish concert.

Constable Frank Docking, now stationed in Drayton Valley with the R.C.M.P., formerly with the [illegible] in town over the week end visiting with friends and enjoying some duck hunting.

Mr. and Mrs. Lyle Dowdell returned home on Monday from an extensive motor tour to Eastern Canada and such places as the parliament buildings and the St. Lawrence seaway. Relatives were visited en route and a very fine holiday enjoyed.

William B. Elford was taken to the Col. Mewburn hospital in Edmonton for medical attention this week. Best wishes for a speedy recovery are extended to him by his many Vermilion friends.

Goose hunting in spite of the weather E. M. Stewart, Carman Long, Claude Brennan, Gordon Ross and Dr. Duncan Stewart of Edmonton, have spent several days this week in "the south country".

Mrs. J. C. Scott of Calgary spent last week visiting with her daughter and son-in-law, Rev. and Mrs. C. W. MacKay.

Alex Marian was a business visitor in Edmonton on Wednesday and while there visited Newt Cooper in the University hospital. He reports the polio patient as being weak but cheerful, and very pleased to see [illegible].

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Floyd Bottorff announce the engagement of their daughter, Mavis Yvonne, to Mr. Gordon William Kaminsky, son of Mrs. Paul Kaminsky of Innisfree. The marriage to take place on Saturday, October 24, at the Alliance Chapel, Vermilion, at 2:30 p.m.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Bert Parr of Dewberry wish to announce the engagement of their only daughter, Joan Marie, to Mr. James Allan MacDonald, son of Mr. and Mrs. Allan MacDonald of Clandonald, Alberta. The wedding will take place on Saturday, October 24, 1959, in Lloydminster.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Olaf Hesla announce the engagement of their daughter, Glenna Royce, to Kenneth Stuart Laird, son of Mr. and Mrs. W. C. Laird of Clandonald, Alberta. The wedding is to take place Saturday, October 10, 1959 at 2:30 p.m. Kyle Lutheran church, Kyle, Sask.

Rev. and Mrs. C. W. MacKay performed their Boy Scout good deed last Friday when they took Mrs. Clarence Wilson into Edmonton to visit with her husband whose progress is reported as favorable following his operation of a week ago in the General hospital.

Mr. and Mrs. Buster Irwin of Gunnar Mines, Uranium City, were visitors at the home of Mrs. Irwin's parents, Mr. and Mrs. Jack McLaughlin, Vermilion and her brother Eddy of Mannville recently. They have now left on a trip which will take them to such points as Toronto and Chicago where they will attend mining conventions.

Miss Lillian Thompson of the Department of External Affairs, Ottawa, has been a guest of Rev. and Mrs. W. A. Champness for a few days this week.

Mr. and Mrs. W. R. Hayward of Kamloops, B.C. were visitors last week at the home of his sister and brother-in-law Mr. and Mrs. W. R. Cash.

Mrs. D. J. Leigh of Edmonton was a visitor here for the week end with her parents, Mr. and Mrs. L. Barlow.

Mr. and Mrs. Klaus Heckhausen (nee Alice Seuffert) are happy to announce the birth of a son, at the Vegreville hospital, on Oct. 1, weight 6 lbs. 10½ oz.

CARD OF THANKS

Our sincere thanks are extended to Dr. Stephens, Dr. Serbu, Dr. King and the matron and staff of the Vermilion hospital for the care and consideration shown. Also to all for the many flowers, cards and best wishes received during Mrs. King's stay in hospital.

Mr. and Mrs. G. N. King

IN MEMORIAM

In loving memory of
JOHN WASYLISHEN
who passed away Oct. . 1956.
'Just a thought of sweet remembrance
Just a memory sad and true
Just the love and sweet devotion
Of those who think of you.'
Ever remembered by his loving wife and family.

Anglican Club Hears Talk on Electricity

Members of the Anglican men's club heard a very interesting talk on "[illegible] dreamed" [illegible] by club [illegible] Jack V. Kneale. The talk dealt with the progress made in the development of electricity.

Supper was provided by a committee composed of J. V. Kneale, Harry [illegible], Rev. Champness and H. [illegible].

All men of the Anglican church are eligible to attend these monthly meetings held on the first Monday of each month at 6:30 p.m. in the Parish hall and are extended a cordial invitation to [illegible].

Supper committees for the next several meetings are as follows: [illegible] Jim Blake, Wm. [illegible], Jim Kaiser. Dec. — Lorne Pockett, Keith King, Gerald King, Ken Urquhart. Jan. — Alex Pallin, Sid [illegible], Tom Stryker, Lance [illegible]. Feb. — Ernie Buckingham, Ken Rowe, Dr. Lynn, J. W. G. Mar[illegible]. Mar. — [illegible] Tom Watts, Jim [illegible], Lloyd Popplestone. Apr. — Wm. Boult, [illegible] Stephen, Morley Douglas, A. F. Kaiser.

The name of the Mississippi river in Ontario comes from two Indian words — "misi" meaning great, and sipi meaning river.

The Graduation Exercises of the fall 1959 class of the student nurses of the General Hospital, Edmonton, were held at the Jubilee Auditorium on Sunday, October 4th. Present to see Miss Frances Pockett graduate with the other members of her class were Mr. and Mrs. Lorne Pockett, Mr. and Mrs. J. K. Thompson, Ken and Pat; Mrs. Carman Long, Mr. and Mrs. [illegible] Fooks, Keith and Mrs. King, Mr. and Mrs. Roger Rowe and former Vermilion residents Mr. and Mrs. Ford Davidson, Mr. and Mrs. Mitchell Taylor; and Mr. and Mrs. Rudy Sheibelhoffer. Following the graduation program, Miss Joy King entertained at her home in Edmonton in honor of Frances.

The date your subscription to the Standard expires is shown on the label after your name.

Only two of Canada's ten provinces do not border on salt water. What does YOUR [illegible]?

SEE YOU IN THE SPRING!
Dreamed I heard a brown bear growl last night,
In my sleep I asked him, "What is your plight?"
He said, "Just want to remind you its getting late;
Take a tip from me, and hibernate."
So when I hear from him in the spring I'll be back.

DEWBERRY NEWS

The October meeting of the Dewberry Ladies' Aid was held at the home of Mrs. Wm. S. Porter with eight members and three visitors present. The opening hymn "Sowing in the Morning" was followed by reading from the Bible by Mrs. May Braithwaite and from the Upper Room by the guest speaker Mrs. Harold Cooper of Clandonald.

The minutes of the previous meeting were read and adopted. Plans for the annual chicken supper were made much the same as last year and will be held on Wednesday, Nov. 4 from 5:30 to 8:00 p.m. Members are asked to meet at the Hall at 7:30 p.m. the night before to help arrange tables, etc. After the supper Mr and Mrs. Kruger of Dewberry will again show films, this time of their trip back to this country from Ethiopia. The times for showing of these films will be 7 and 9 p.m. in the United Church. A silver collection will be taken at the door.

Mrs. Cooper was then invited to give a talk, her subject being "The United Church School", which she had recently attended. This was very much enjoyed by those present and thanks were extended to the speaker.

The meeting closed with the benediction after which a delicious lunch was served by the hostess.

Mrs. Alf Purser kindly offered to have the November meeting at her home which will be held a week later than usual, the 12th of the month.

Pleasant Valley

It's anything but the name of our valley these days — pleasant. With six inches of snow it looks very gloomy and cold.

Mr. and Mrs. Freespel from Wainwright were up at the Clark home during the week end digging their potatoes, 25 sacks were taken home.

Ladies of this district were very disappointed we could not attend Erva Sweet's wedding. We were all afraid of ending up in the ditch which would have made headlines for the Standard. We ladies are a bit timid driving on bad roads. We wish the newlyweds many years of happiness together.

Mrs. Gillies returned home on Sunday night from Edmonton. The train was several hours late due to engine trouble at Minburn.

The ducks are very busy these days feeding on swathed crops. Some days hundreds can be seen on the fields.

SIX NATIONS INDIANS' FALL FAIR

The Six Nations Indians held their 98th annual fall fair in Ohsweken, Ont. Many Indian skills were displayed at the fair. A Brantford visitor to the fair, Marian Adams hears all about lacrosse from Sanford Key, a Six Nations Indian. Among the talents on view was Indian skill in handwork, for which a competition was held.

Hi-C Car Wash Well Patronized

After last Saturday there were at least 166 clean cars in the town of Vermilion, thanks to the efforts of the Hi-C members.

These young people started at 7:30 [illegible] when they gathered at the United Church to be divided into work groups. They met again, after a busy morning, for lunch which was prepared and served to them in the church hall by their parents. And since they had received such a [illegible] response from the car [illegible] in Vermilion their work [illegible] on into the evening, [illegible] another meal proffered by the parents.

The Hi-C club was a tired group [illegible] night, but pleased that so many citizens had co-operated in their project to raise [illegible] for tiling the floor of the church hall. Thanks are extended to the car owners, and to the parents for their support.

Mother and Son Are Laid To Rest In Solemn Service

Mrs. Hugh Stewart and her son Joseph, victims of a tragic highway accident on Highway 16, the evening of September 3, were laid to rest following a service in the Legion hall, Vermilion, on Wednesday, September 9th. Andrew Drummond, [illegible] Kolts and Ruth Lindman officiated, with interment taking place in the Vermilion cemetery.

The pall-bearers for Mrs. Stewart were: Jonathan [illegible], Bert Rolf, Johnny McLeod, Hugh Pearman, Tom McCauley and Hugh Stewart; and for Joseph Stewart: Stewart [illegible], John Stewart, Les Torrance, Jim McNary, Charlie Stewart and Lloyd Nafziger.

Joy Susan Stewart was born in Vineland, Ontario, in 1909. She came to Alberta with her parents when she was seven. On May 26th, 1934, she married Hugh Stewart. They later moved to the Claysmore district where they have lived since 1939.

She [illegible] to mourn her loss her loving husband, one son William of Fort Saskatchewan, four daughters, Mrs. Ruth Hoecherl, Vermilion, Mrs. Betty Hoecherl, Mannville, Mrs. Helen Hoecherl, Edmonton, and Mrs. Margaret Wasmuss, Calgary.

Joseph Stewart was born in the Mannville hospital on Feb. 11th, 1935. He married Leona Collyer of Edmonton, on July 6th, 1953. He lived throughout his life on the farm of his parents. He leaves to mourn his loss, his [illegible] wife, one son and one daughter, Fraser and Betty Jean, [illegible], one brother William; and four sisters, Ruth, Betty, Helen and Margaret.

Floral tributes and memorial donations were received as follows: Floral tributes —

G. Terry; Frank Eyben and family, Mr. and Mrs. N. MacHardy, George, Sadie and family, Roy and Mrs. Jory; Mr. and Mrs. Arnold Ruud, Ort, Jessie and Beverly; Management and staff of Vermilion Stock Mart, Mr. and Mrs. Joe Thompson and family, Albert and Ethel Miller, Mr. and Mrs. Ed East; Hans Eyben and family, Percy and Ethel Hawley and girls, Mr. and Mrs. Frank McCauley and family; the Turrance Family; Mrs. Purvey Roberts and Gordon.

CARD OF THANKS

We wish to express our sincere heartfelt thanks and appreciation to our many friends, relatives and neighbors for the beautiful floral tributes, contributions, expressions of sympathy and every act of kindness during our recent sad bereavement in the loss of our loved ones.

Hugh Stewart, Leona Stewart and families

Recent Bride Is Welcomed To The District

A recent bride, Mrs. Harvey Anderson Jr. (Glenda Farrell), was the guest of honor, and received a welcome to her new home district on Wednesday afternoon, Sept. 30 when Mrs. C. Barr, Mrs. J. C. Tucker, Mrs. M. Barr and Mrs. Lyle Robinson were the hostesses to Mrs. Anderson and her neighbors at the home of Mrs. Robinson.

[illegible] were played and a good time enjoyed by all. Mrs. C. Barr was in charge of presenting a gift on behalf of the ladies and as one of them remarked, "It's from one telephone operator to another". Glenda received a telephone call which was brought right to her by the means of an extension. She was informed that "Western Delivery Service" had just sent their men out with a parcel. The men (impersonated by two of the ladies) arrived in full uniform. In this manner Glenda was the recipient of a beautiful step-type end table in walnut finish. Mrs. Barr, on behalf of Mrs. Anderson's new neighbors, expressed their best wishes, and welcomed her to the community.

Glenda responded by thanking them for their sentiments and lovely gift, and by inviting them to come and visit in their new home.

A delicious lunch served by the hostesses brought the enjoyable afternoon to a close.

Falcon Identified At Mannville

MANNVILLE — The Falcon caught recently by Edwin Torrance and sent to Al Oeming of Edmonton, has been identified as a Merlin or Pigeon Hawk. This Falcon is one of the boldest of the species and does not hesitate to attack birds twice its size. It is being trained in falconry by an expert near Edmonton.

It is earnestly requested that anyone seeing a wounded Sandhill Crane, please contact Les or Edwin Torrance, who, in turn, will immediately contact Al Oeming.

The largest sailing ship ever built in Canada was the W. D. Lawrence, named for the man who built her at Maitland, Nova Scotia, in the 1870's: 275 feet long on her deck, she was the world's biggest wooden sailing ship.

About $30,000,000 was returned to Canadian farmers last year as their share in the money spent by Canadians on cheese. There are more than 50 types of cheese being made in Canada, but cheddar remains, by a wide margin, the most popular type.

Almost one billion pounds of milk was used in the production of cheese in Canada last year. This represents the total milk production of approximately 17,000 cows.

Whether she's a teen-aged student or a young business girl the youthful Canadian Miss needs little makeup. For quick and inconspicuous makeup repairs a small date case of pressed powder and an attractive brushed gold 'High Lustre' lipstick case will look neat and do the job anywhere.

More than six percent of the 16,000,000,000 pounds of milk used in dairy factories in Canada last year went to cheese plants. Most of the cheese produced was the traditional Canadian cheddar of holes every day. Miss Maybelle Knutson home on holidays from her nursing duties at the local hospital, one of the younger Payne children a victim of the measles.

Mannville and District Local News

Mr. John Jandel's brother and wife Mr. and Mrs. Carl Jandel, his sister Mrs. Annie Stemper and son, all of Redfield, South Dakota, were recent visitors at the home of Mr. and Mrs. John Jandel.

Mr. and Mrs. A. E. Williams returned recently from a trip to Penticton and Kamloops where an enjoyable holiday was spent.

Motoring to Camrose on Friday last Mrs. R. Forsyth was accompanied by Mrs. C. Mercer, Mrs. W. Osborn, Mrs. A. Rutherford, Mrs. F. Hubbard and Mrs. R. Lugg.

Mrs. H. Vandervante is a patient in the local hospital.

Visitors at the parental home of Mr. and Mrs. R. E. Allen were son Bob, his wife Gwen and their daughter Susan of Edmonton. Mr. Allen Sr. accompanied them back to Edmonton.

Mr. and Mrs. Art Bartlett and family were Sunday visitors at the home of Mr. and Mrs. [illegible] Chrysler.

Will Barnes is a patient in the Mannville hospital.

Jackie Hasinoff, a student at the U. of A., was a visitor at the home of her parents on the week end.

Mr. J. I. Jones [illegible] a three month trip [illegible]. Mrs. Jones who did not return by plane but by ocean voyage is expected home this week.

Mrs. Rose Gordon [illegible] around town visiting friends and relatives last week.

Would people who are out of town for a visit, or have visitors from out of town, please do the local editor a favor by phoning her at 377. In this way we get the news in the paper. Thank you.

Reg Lugg, in charge of constructing Indian homes, has moved from Saddle Lake and Goodfish Lake reserves to Cold Lake.

United Nations' Work Is Extolled By Speaker

The Oddfellows gained an ardent supporter for the work of the United Nations when they awarded Dorothy Jean Stewart a trip to New York to watch the headquarters' committees at their sessions.

Dorothy Jean related stories concerning her trip to New York, and told of her reactions, and of information gathered while there of the activities of the member nations of the United Nations organization. She also told of some of the efforts to promote peace in the world, of the special agencies which work for the betterment of living conditions, particularly in the under-developed areas.

One of the most rewarding experiences in such a pilgrimage Dorothy Jean told her audience of approximately 75 attentive listeners was the contact with people from many parts of the world, people with an experience and culture.

Dorothy Jean illustrated her talk with colored slides, taken en route as well as actually at United Nations headquarters.

Mrs. Alf Logan on behalf of the Britannia Rebekah lodge, introduced the speaker as the winner of last spring's public speaking competition. She also [illegible] have the same type of contest next year and that [illegible] Rebekahs hope to [illegible] candidate as successful as Miss Stewart.

Teachers And Board Members Meet At Social

Teachers of the Vermilion town schools and the members of the local [illegible] of the school district held a social hour in the school auditorium on Wednesday of last week at 4:30 o'clock. The teachers acted as hosts and served refreshments. The busy hour provided an excellent opportunity for teachers and trustees to become known to each other. Mr. Hosby, principal of the high school was chairman for the informal event while Ashley Cooper welcomed the newcomers of the staff on behalf of the board. He thanked all the teachers for the hospitality enjoyed, thus providing the opportunity to make the acquaintance of all [illegible] of the teaching staff.

Letter From P.M. To Local Credit Union

On the occasion of Credit Union Day throughout the world recently, the local chapter of the International Savings and Credit Union association received a letter of sincere good wishes from the Prime Minister of Canada, Rt. Hon. John Diefenbaker.

The Vermilion Savings and Credit Union is a member of the Alberta Credit [illegible] league, which is, in turn, a member of the national association of Credit Unions, and they are affiliated with similar organizations in other countries.

The local group was formed in 1943 and has been operating continuously since that time. The [illegible] membership is 133, and [illegible] the last year there has [illegible] 20 per cent increase in share capital.

The purpose of this organization is to provide a means of saving money and encouragement to its members to save. It extends credit arrangements to the members at a lower interest rate than is obtainable from many [illegible] there are [illegible] loan insurance benefits automatically available.

Tom Davis is president of the Vermilion Savings and Credit Union. Harold Cooper is secretary-treasurer and the board of directors consists of D. C. Falk, Jack Hareus, F. Van Wageningen, Angus MacMillan and Klys Dobrsin.

In British Columbia a municipality may become an incorporated city if it has 100 male residents. In the four Atlantic provinces there is no minimum population requirement; in Ontario a city must have at least 15,000 population.

Campaign At Alliance Chapel Is Concluded

A series of successful meetings was held Sept. 27th to Oct. 2nd at the Alliance Chapel, Vermilion, with Jas. Gallop of Abbotsford, B. C. as guest speaker.

The meetings on Sept. 29th, 30th and Oct. 1st were held especially for children, with an average [illegible] of about 140, exclusive of adults.

The presentation of stories, songs and pictures held the interest of all those present.

Friday night being the [illegible] meeting for the Alliance [illegible] Fellowship was also [illegible] meeting for the Home [illegible] Appeal.

Mr. Gallop, who was accompanied by his wife, left immediately after Friday night service for Abbotsford where he was scheduled to speak the following Sunday morning.

Masonic Officer Visits Local Lodge

Vermilion Masonic Lodge no. 24 was honored on Tuesday evening by an official visit from the District Deputy Grand Master, Right Worshipful Brother W. D. McAllister of Acacia Lodge, Edmonton. Mr. McAllister was accompanied by several Grand Lodge officials.

The D. D. G. M. was introduced by Most Worshipful Brother S. C. Heckbert, past grand master, and was officially received by Worshipful Master of Vermilion Lodge, Ashley Cooper.

Following the regular lodge meeting a short program was held with Bro. Newcombe Bentley showing slides taken during his recent year in Egypt, with accompanying explanatory remarks. This travelogue was very much enjoyed.

During the lunch hour several of the guests gave short addresses. The meeting was very largely attended with brethren present from [illegible], Wainwright, Vegreville, [illegible] and Lloydminster, all [illegible] to a very enjoyable and worthwhile gathering.

Canada's New Farm Credit Act Went Into Effect October 5th

OTTAWA — Canada's new Farm Credit Act, passed by Parliament during the last session, goes into effect Monday, October 5, the Hon. Douglas S. Harkness, Minister of Agriculture, announced recently.

The Act will succeed the Canadian Farm Loan Act, and all assets and responsibilities of the Canadian Farm Loan Board will be taken over by the new Farm Credit Corporation.

Four members of the five-member corporation have been named by the Governor in Council. These are: T. J. Rutherford, Chairman, who will vacate his present position as Director, Soldier Settlement and Veterans' Land Act; Lucien Lalonde, Deputy Minister, Department of Veterans Affairs; A. S. Abell, Director, Federal-Provincial Relations, Department of Finance, and Acting Commissioner, Canadian Farm Loan Board; A. H. Turner, Economics Division, Department of Agriculture, and Vice-Chairman, Agricultural Stabilization Board.

Messrs. Rutherford, Abell and Turner were the members of an inter-departmental committee that made an exhaustive study of the farm credit situation and reported to the Government prior to the drafting of the Farm Credit Act.

Assisting the corporation will be an advisory committee which will be appointed by the Minister of Agriculture.

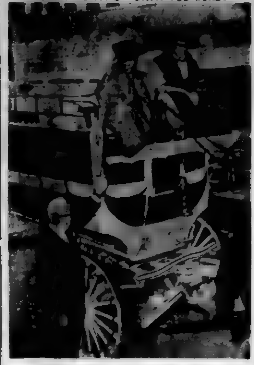
Under the new farm credit system, up to $20,000 in loans will be made available instead of the previous maximum of $15,000 for the purchase of a farm or farm improvement. Interest on the loans has been fixed at 5 per cent to make it more equitable to borrowers than a fluctuating rate.

Further, provisions are now more flexible. For example, a loan can be based on 75 per cent of the appraised value of the farm instead of 65 per cent.

Tailored to meet the needs of the younger farmer, a new type of assistance — the supervised loan — can be made to applicants between 21 and 45 years, to allow them to set up an economical farm unit. This type of loan may be as high as 75 per cent of the appraised value of the farm and chattels, but may not exceed $27,500.

Arrangements will be made to have district supervisors and field officers under the Veterans' Land Act assist the corporation with the supervision of these loans.

THUMBS DOWN ON BATH TUB DERBY



An invitation to enter a bath tub derby marking the centenary of Bath, Ontario has been turned down by Mayor Phillips of Toronto as "nonsense" and "not dignified." Instead he has sent Toronto's official greetings to Bath in the old stage coach, above, driven by Don Dobson and his father Alex Dobson, 70.

SQUARE NOTES From Circle 8

Back to square dancing again. Quite a number of Circle Eight members journeyed to Cold Lake air base a week ago to a wonderful evening of square dancing, and as usual, were greeted with a hearty welcome. They were all invited to return and to bring more of the jolly Circle 8 members.

Everyone is anxious to know when the club is going to get in the swing, so let's get started by having a dance and general meeting in the Bowtell hall on Friday, Oct. 9.

Let's all turn out and make this an eventful evening. Members please bring lunch.

CNR Expects Heavy Holiday Traffic

WINNIPEG. — Thanksgiving weekend rail traffic will be exceptionally heavy this year, CNR passenger officials predict.

They said that, in addition to the usual increase in travellers during a holiday week end many people will be taking advantage of the new all-inclusive and group fare plans which the CN introduced on Oct. 1.

Extra coaches and sleeping cars will be added to all CNR mainline trains in Western Canada to accommodate the Thanksgiving weekend traffic.

REXALL SALE
The Rexall 1c Sale at Long's Drug store Vermilion will start on Monday, Oct. 19 and continue for six days until Saturday, Oct. 24th. 13

Early Snow Blankets Area

MANNVILLE — A look at the weather on Monday morning could well be the cause of a few heart attacks, as eight inches of snow blanketed Mannville with reports of over a foot recorded in some country points. The east-bound train on Sunday night arrived at midnight or shortly after, and was reported as taking 6 hours to reach Mannville from Edmonton. It is ordinarily due around 8 o'clock p.m. All vehicles travelling early Monday morning reported slow progress as blizzard conditions prevailed. Harvesting will now suffer a further setback, and prospects are grim at this time, with the present outlook.

Chiropractors Elect At Banff Convention

Dr. D. F. "Doug" Lawson of Calgary was re-elected president of the Alberta Chiropractic Association at the annual convention last week end at Banff.

Dr. Lawson predicted an even brighter future for his profession and reviewed the giant strides taken by chiropractic in recent years.

Other officers elected at the two-day meeting were: Dr. A. J. MacFarlane of Calgary, as vice-president; Dr. Murray Bowman of Calgary, secretary-treasurer; Dr. Harold Russell of Edmonton, council chairman; Dr. Glen Landin, Edmonton, and Dr. D. H. Pearce, Edmonton, council members; and Dr. W. C. Thorpe, Calgary, was named the association's representative to the Canadian Chiropractic Association.

Leadership Short Course At Banff

The tenth annual Leadership Techniques Short Course will be held at the Banff School of Fine Arts from October 25 to November 7, 1959.

This Short Course is designed to assist young men and women between the ages of 20 and 35 to prepare themselves for more demanding positions in community leadership.

Topics which will be dealt with during this Short Course include general consideration of leadership, public speaking, parliamentary procedure; program planning; chairmanship; and many other topics which are necessary to the success of community and farm organizations.

Further information about this Short Course can be obtained by writing to the Agricultural Secretary, Department of Extension, University of Alberta, Edmonton.

The date your subscription to the Standard expires is shown on the label after your name.

"PATIENCE IS THE BEST REMEDY FOR ANY TROUBLE"
— *(Author's Name Below)* —

Every physician needs the patient's cooperation in order to secure the best results. Before he can cure, it is first necessary to find out the cause of the trouble. Physicians have the knowledge and skill to properly diagnose, but sometimes it takes time to accomplish this.

When you ask your physician for help, do not be impatient if results are not immediate. Sometimes more than one visit is needed. Be sure to take any medicine he may prescribe exactly as he directs. Always follow your physician's directions faithfully, just as we pharmacists do when we compound his prescriptions.

A great many people entrust us with the responsibility of filling their prescriptions . . . May we compound yours?

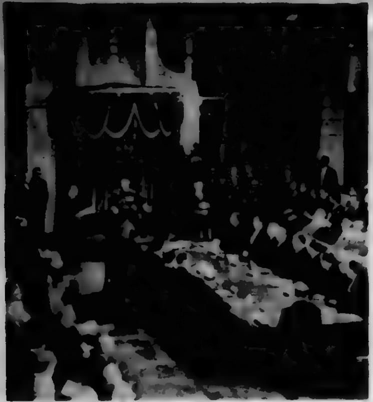
GENERAL GEORGE VANIER INSTALLED AS GOVERNOR GENERAL



General George Philias Vanier was installed as Canada's governor-general. He is the first son of French Canada to be so honored. Above, a Senate scene shows state pomp as General Vanier was installed as the second native-born governor-general of Canada. The veteran soldier called on God "to bless the sacred mission entrusted to me by Her Majesty, the Queen, and help me to fulfil it in all humility."

Scouts and Cubs Plan Apple Day

The Local Association of the Cubs, Scouts, Brownies and Guides have made arrangements to hold the annual Apple Day on Oct 17. The Vermilion Elks have supported the young people by giving them the use of the Scout hall, for which they are to be commended. However, there are other expenses during the course of the winter including light, heat, water and a few other necessities. The annual drive for funds is taking the form of an Apple Day appeal, during which the public is asked to buy apples by the box or from taggers on the street, on October 17. Advance orders for boxes of apples will be solicited by the boys before that delivery date. The public is asked to help these groups to have the kind of training in good citizenship that the Scout program provides.

Members of the local association of parents of Cubs, Scouts, Guides and Brownies will be canvassing the businessmen of Vermilion during Friday and Saturday Oct. 16 and 17.

Widmere Winks

To try and fill someone's shoes even when they are as small as Maudie's, is a greater task than one may think, however, we are willing to give it a try, if the public doesn't mind.

Mrs. Roy Dibben returned home on Friday last from taking a course in civil defence in Edmonton.

Murray and Bobby Cruthers of town stayed part of last week with their grandparents, Mr and Mrs Cliff Cruthers, while their mother Mrs. George Cruthers, was in Edmonton with baby Darlene who needed a check-over and some tests. We were all pleased to hear the outcome of the tests, George and Lil.

Dan Ford, Phyllis and Aldo accompanied by a friend, Mr Charlie Herman, visited at the Gibson home over the week end to get in some duck hunting. They brought with them Mary Gibson from Varsity. Also at the same home on Sunday were Mr and Mrs. Bob Martin and Lorreen to dig their potatoes — and just in the nick of time!

Many farmers were terribly disappointed to wake Monday morning, just when the grain was nearly dry enough to thresh, to find over two inches of snow on the ground. However we can be thankful the moisture will be there for next year's crop which it wasn't this year. Most farmers around here have practically no harvesting done.

Congratulations to Mr and Mrs. Klaus Heckhausen (nee Alice Brelfort) of Vegreville on the birth of a son on Oct 4.

A speedy recovery is wished our friend John Wilson of town who is having a bout with the flu.

Quite a number of hunters braved the snow Monday among them Bill Smith, Gary Cruthers, Bobby Graham, Warren and Raymond Marfleet. A big flock of geese has been feeding in this area but to date we have no reports of anyone being lucky enough to get one.

Don't forget the W. I. apron and home cooking sale to be held at Stephens' store on Saturday, Oct. 17 from 2:30 to 5 p.m.

Of Many Thing . . .

By AMBROSE HILLS

My wife and I just motored more than 2,500 miles through the prairie west, and talked to people in all walks of life. We came home convinced that a country with the kind of people we met is going to make out all right. The men who do our farming, run the stores and the service stations, edit and print the papers, mine and process materials, are mostly darn good men. And their wives, of course, are probably even better.

We found this out when we travelled main highways and little side roads. The west is just so plumb full of good men and women that it would take some gigantic blunders on the part of those in authority to foul things up too badly.

We talked with one young farmer who started out not too many years ago owing $12,000 on his half share of a farm and machinery. He said that the second year was a bad one, and he hadn't been able to pay a nickel on his debt. But today, not too many years after starting "I have paid half the debt and I have about enough grain to pay off the rest if I could dispose of it. Meanwhile, we've had a fairly good living. Of course, we've been lucky."

Mind you, the whole story is not peaches and cream. This year is not going to be a very good one for most of the farmers we talked with. Costs are far too high for all sorts of things they must buy, while the prices of goods they sell remain the same or get lower.

I talked with the hardware merchant in a prairie town. I thought I'd never get out of his store after asking him what he thought was going to happen to the small town merchant.

He didn't think anything was going to happen to the small-town merchant that the small-town merchant didn't deserve — and he meant that two ways, up or down. He had put a new front on his store. He couldn't sell many shotshells or shotguns this season, because game is not so plentiful, but he had made up for it with camping equipment and outboard motors. "You've go to do business the way things are," he said, "and not the way they were last year or the way you wish they were." He felt the way I do about governments. "Let them leave me alone. They do nothing for me but make me a tax collector for them, and every customer that comes in here ought to know that a big slice of my prices are due to taxes for all the "free" stuff the government is handing out."

I talked with oodles of people, as I say, and my wife did, too. And we both agreed that this country is as sound as a country can be. Just keep plugging and you can't go far wrong in a land of sensible people.

Canadian cheddar cheese has again won undisputed right to the claim that it is the world's best. In international competition, cheddar from Canada is a consistent winner of top honors.

Criminal Liability Possible For Neglect of Young Children

For a compassionate community there can be no sadder news than the death by fire of children in the home.

The shadow deepens when the headlines read: "We left them alone only for a few minutes. . ."

For the stricken family, the shadow lasts a lifetime.

No child (and, for that matter, no very old dependent person) should ever be left alone. This is a vital message from Canada's fire services, not just for Fire Prevention Week but throughout the year.

There are various provincial penalties for callous neglect of children. And section 186 of the Criminal Code of Canada reads: "Everyone who unlawfully abandons or exposes a child who is under the age of 10 years, so that its life is or is likely to be endangered or its health is or is likely to be permanently injured, is guilty of an offence and is liable to imprisonment for two years."

There is a tragic monotony to the files of the last year in which 217 children died. Alone in house, 6 children die. . . Mother next door, stove explosion, baby dies. . . . 3 children perish in flames. . . . Cigaret lighter burns fatal to boy, 3. . . . Two children, one 4, the other 4 months burn to death when wood stove starts fire while mother visits neighbors. . . . Mother in tavern, child dies in flames.

Parents who go out have a duty to their children, to the community and to themselves to see that the youngsters are properly looked after.

The heartening acceptance of this obligation in homes across the land is reflected by the fact that baby-sitting has become more than a casual occupation for many people. It has even developed into a regular profession.

SCOUT APPLE DAY

The Vermilion Boy Scouts will hold their annual Apple Day on Saturday, Oct. 17. They will also canvass the town prior to Apple Day for orders for boxes of apples. 12-14

Announcing
Meteor for 1960

1960 Meteor Montcalm four-door sedan, one of Ford of Canada's fine cars.

Canada's idea car of the year—and looks it!

Meteor's originality for 1960 shows in its three distinctive roof styles. From glamourous grille to taillight grouping, Meteor is unmistakably Canadian. Every flowing line is pure-bred function—its beauty tells you so! Power is new! Both Tempest V-8's and famous Econ-O-Fuel Six deliver maximum power at speeds you drive most. Standard engines purr best on low cost, regular grade gasoline. New standard full-flow oil filter allows up to 4,000 miles between oil changes. New lavish interiors provide more leg room, head room, and shoulder room. Doors open wider. New seat height is more comfortable with standard front seat foam cushioning. New smooth ride comes from a wider tread, a new front suspension and self-levelling rear suspension. Now, 20% bigger brakes are largest in Meteor's field. In every way, Meteor is Canada's idea car of the year. See the most distinctive Meteor ever—at your Meteor-Mercury-Frontenac dealer now.

Certain features illustrated or mentioned are standard on some models, optional at extra cost on others.

CAN-CAN STAR GENEVIEVE BREAKS LEG IN TORONTO

French actress Genevieve appearing in the show Can-Can at Dixie Plaza on the outskirts of Toronto, fell and broke her leg. The white skirt she wore in the final act was so tight she had to be carried up the ramp by a member of the cast. The fellow stumbled and dropped Genevieve. Doctors say she will be in hospital for about a week but will wear the cast for almost a year. Above, Genevieve is shown with her pet poodle who seems to be enjoying most of her lunch.

DOWTELL BULLETIN

At time of writing our last news we were having rain and more rain — now it is snow and more snow. Cattle out on the range had to be fed the last day of September.

We were pleased to have Mrs. Jenkins of Vancouver and her daughter Mrs. Morrison of Kimberly, visit us recently.

Brian Robinson has been on the sick list requiring medical attention, but at time of writing we are pleased to report he is much improved.

Larry Playne started back to school this week.

FREESTONE FAMILY BID FAREWELL

A large number attended the hall Friday night for a social evening to bid farewell to the Freestone family who have now moved to Edmonton. After a few games of cards were played the honored guests were presented with a lovely set of dishes, the presentation being made by Edgar Williams. Best wishes go with you Randy and Mary, our loss is someone else's gain.

We are pleased to report Mr. Knutson is feeling much better and is now home from the hospital.

Mr and Mrs. J. Miller are now back on the farm after selling their store in Islay.

The Stocker family enjoyed a visit to Marshall over the week end.

Noticed around: Dorothy and Margaret Gow home from Edmonton over the week end, Jim Repp taking home a new grain grinder, Mr and Mrs. McPherson, our new Alberta Pacific elevator agent, moving to Borradaile, the old highway to town becoming rougher and more full

---

Remember the recent threatened epidemic of poliomyelitis which frightened hundreds of citizens into lining up in the streets of Montreal to receive their polio shots, although they could have had their immunity previously.

Last ditch thinking like this may result in the loss of life of some member of your own family.

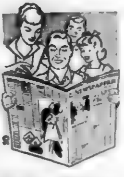
The total of personal savings made by Canadians in 1958 was $2,096 million, more than twice the $1,005 million saved ten years earlier.

Since 1950 about 85 textile mills have closed in Canada due to increased volume of imported textiles in the Canadian market.

Most of Canada's full-blooded Indians have straight black hair but a beardless face, an indication of Asiatic origin.

Do YOU Do Business Locally?

If you do, you should
ADVERTISE REGULARLY
in this newspaper
BECAUSE . . .



1. Our circulation is local. People who read this newspaper are your best customers.
2. Our circulation is paid in advance. Thus, people who get the paper read and respect it. They show they do by paying for it and sharing it with their neighbors.
3. This paper contains news vital to local residents and available nowhere else.
4. This paper is not so large that your advertisement will be "buried" in it.
5. The long life of weekly newspaper readership is an established fact. Papers are still being bought on newsstands five days after publication. Thus, your ad has a longer time in which to be read.
6. The healthy percentage of classified ads demonstrates readership acceptance of this paper as a result-giving medium.
7. This paper is published just before the week-end, at a perfect time for readership and results.
8. Our entire illustration service and layout experience are available to every advertiser, at no charge and at his convenience.
9. Advertisers are community builders. Through advertising in your local paper more and more people shop in Vermilion. The more business firms represented in the advertising columns — the greater the attraction to shoppers.

ARGOS FIRE POOL—STEVE OWEN NEW COACH

ARGONAUT FOOTBALL CLUB

Argonauts fired Hampton Pool, left, as coach of their struggling Big Four football team. His successor is Steve Owen, right, a veteran of 30 years on the coaching lines. Owens plans no change in the Argo offence or defence but would like to get quarterback Frank Tripucka from the Ottawa Rough Riders if he is available. General Manager Lew Hayman said Pool took it like a real pro. "Hamp realizes when you lose in football you can expect to be fired."

A WORD TO THE WIVES

Wrap a cube of sugar with your cheese before storing it in your refrigerator and the cheese will not mold or leak oil. Sugar should be changed about once a week, as it will become soggy and start to disintegrate as it absorbs the moisture.

There are more than 30 types of Canadian-made cheese. Many of these are being made by immigrants who brought their cheese-making secrets with them from European countries.

A patrol sergeant of the Toronto police force, Miss Ferne Alexander is a university graduate, has been six years a policewoman and heads a new 22-member bureau on the Toronto force.

The New 1960 Fords

Galaxie Town Sedan

Finest Fords of a Lifetime!

A Wonderful New World of Style—Here's practical styling that's elegant too! Three beautifully-different rooflines . . . new sloping hoods that let you see more of the road ahead . . . a new design that gives you high style without the high prices. Bodies are longer, wider and roomier this year—and easier to get in and out of, with wide-opening doors and forward-swept windshield pillars.

Ford's Wide-Set wheels give you a hefty grip on every road . . . a car that moves, corners and rides like no other Ford you've ever driven. Savings include up to 4,000 miles between oil changes, and mufflers with up to twice the ordinary life.

With a choice of V-8's or economical Six, you can be sure that, without a doubt, the 1960 Fords are truly the Finest Fords of a Lifetime!

News from Tulliby Lake

Mrs. Donald [illegible] has been having considerable trouble with the formula for her newborn daughter. After considerable experimentation, it was decided that the water being used from the [illegible] well was upsetting the infant's stomach. Mrs. Jim [illegible] is bringing out a supply of water from her government approved well in Marwayne, as far as the municipal nursing station and Mrs. [illegible] takes delivery of the water from there. We are glad to report that the baby's discomforts have now ceased.

Juvenile [illegible] was the recent finder of a 24-inch 'Stillson' wrench on the highway at the bottom of the [illegible] hill. By means of an extensive advertising campaign he was able to find its owner. Louis Lowrie came along during the week and claimed his property. He said "I never dreamed that I would ever see that wrench again." Juvenile is to be commended on showing such a spirit of honesty.

The cement foundation for Joe Brind's new house has been

Irene Dobler, right, prefers dishpan hands to the dubious glamour of being Miss Maple Leaf. Miss Dobler of Toronto gave up the title when she decided to get married to Joseph [illegible] shown with her. [illegible] Demers, left, of Montreal, runner-up in the contest was crowned Miss Maple Leaf. Miss Dobler claims she wasn't treated very well by the officials of the contest and they would not allow her to leave her hotel room or talk to her fiance by telephone.

Mannville Plans School Band

MANNVILLE -- With Mrs. George Younge in the chair, Mannville Home and School Association met on Thursday, Sept. 17 at the school gymnasium. Mrs. Younge gave all present a warm welcome and urged them to attend often and at the same time thanked those present for their help. Mrs. R. Forsyth, the past president and pro tem secretary, read the minutes of the executive meeting, followed by an election which resulted in Russell Whitson being chosen as vice-president and Mrs. Forsyth as secretary.

It was decided to vote money earmarked for band purposes to [illegible]

completed and now the [illegible] in preparation for the [illegible] is going up.

Donna Adamson, Judy Carmichael and Johnny Marsh were all home from school for the week end.

Mrs. Ruth Ferris did a little too much of riding the binder during these chilly, windy days and caught cold in her lower lip and bottom jaw. This resulted in a severe swelling of both lip and jaw so that she had difficulty in talking. Medical advice was sought from the nurse who prescribed a salve to rub on. We are glad to report that she is recovering and can now [illegible] on a conversation once [illegible]

the divisional school board, as instruments have arrived and payment is due. As regards the former practice of offering attendance shield at H. & S. meetings for the room with the most parents present, it was unanimously decided to discontinue this. Crests, as suggested and moved by Mrs. Finlay are to be given as junior high awards in place of pins which are often duplicated.

Members of the teaching staff were introduced by the principal, Angus Smith, of which there [illegible] a good representation. John Dobash of the Vegreville School Division was introduced as bandmaster for 25 young hopefuls in this area. Pointing out [illegible] the gradual shortening of working hours from the year 1800 to the present time, Mr. Dobash [illegible] time, when the 24-hour week is in effect, will result in people turning towards more cultural interests. With music being held in high regard to the [illegible] that universities may one day offer a degree in same, what better interest could one pursue? There is now a chapter of the Bandmaster's Association who have an annual jambo. David Peterkin is the man responsible for stimulating interest in bands and has established clinics for all [illegible]. It was noted that cities and villages having bands [illegible] less likely to be [illegible] juvenile delinquency problems.

Mr. Dobash expressed admiration for the Vegreville S. D. for the steps taken to introduce band work into the curriculum, by matching dollar for dollar the [illegible] donated by Mannville H. & S. group, to which with the government adds one third. $1,200 has been paid now on instruments and books. Instruments such as trombone, saxophone, trumpet, clarinet, French horn, bass and snare drums are typical of what may be seen in this band. Lapel pins as awards were advocated for donation by the group, when progress merits same.

Mr. Dobash was a humorous, sincere and interesting speaker, complimenting Mannville H. & S. on their turnout which he described as "wonderful" at this busy season.

"Happy"
WC MARTIN

Mannville Students Win Scholarships

MANNVILLE -- Three Mannville students have won Queen Elizabeth scholarships according to word received here. Dale Young had been previously reported as a winner and now it is announced that Dixie Schroyer, in the Faculty of Education, and Howard Schroyer, taking Engineering, have also won Queen Elizabeth scholarships.

News from ALLANDALE

The weather certainly keeps us guessing and hoping. August and September have had disturbances all through. Sept. 27, rain and strong north wind, taking most of the leaves. Sept. 30 four inches of wet snow flattened all the standing grain. The wet snow clinging to the trees, and bending some of the smaller ones right to the ground was quite a rare and beautiful sight.

According to our records in 1958 it was over 70 above on Sept. 30 and Oct. 1. In 1955 the harvest began Aug. 25, it snowed Sept. 30 and harvest finished up Oct. 15.

Mr. and Mrs. Winston Porter (nee Bridie O'Fee) and family, from Kingston, Ont., were holidaying with the latter's sister Anna, and Gordon Mayhew at Bawlf, and brothers Johnny and Liam and families in B.C. When they returned home, their niece Kay Mayhew, went back with them. Mother O'Fee is now with her daughter Clarie and George Steward and family at Dawson Creek, B.C.

Miss Eleanor Mayhew, daughter of Mr. and Mrs. Gordon Mayhew of Bawlf, is teaching at [illegible] Lakes, Alberta.

Congratulations to Mr. and Mrs. Henry Strang at Wainwright on the birth of a daughter on Sept. 22.

Orley Omness accompanied his nephew Alvin Throndson, and Mrs. Throndson to Lloydminster on Sept. 22 where he was pleased to meet his niece Mrs. Anna Strang. All are well there and she is pleased to be 'grandma' again.

LUCKY AT BINGO

Orlene and Paul Whelan went to a bingo at the sergeants' mess at Lincoln Park. Orlene tied on a bingo on a flight bag, they cut and Orlene won. She also won a box of chocolates and a pair of pillow cases — three bingos in one evening!

Mr. and Mrs. Conn McCormick from Edmonton spent the week end at home. They also visited at the home of Conn's sister, Mr. and Mrs. Jimmy Martin.

Mr. and Mrs. Ed Magistad of Ponoka were visitors at the home of the latter's sister's, Mr. and Mrs. Throndson in town on Sept. 29. The snow prevented them from calling in the district. A phone call from sister Grace was enjoyed, all are fine.

We are very sorry to hear that Mrs. Spencer is a patient in the Vermilion hospital. She is very well known in the district. A recovery to better health is the wish from her many friends here.

We are pleased that Lorne McPhee has been released from the hospital and is feeling much better. He injured himself while working on his farm.

Mrs. McCormick Sr. and Mr. C. Christman have been patients in the Elk Point hospital. They are now home and we hope, much improved [illegible]

Mr. and Mrs. Gus Throndson from town enjoy helping on the farm. They have been at their daughter Deisle's (Mr. and Mrs. Ralph Strome), at son Alvin and Evelyn's and at Omnesses. Their help is appreciated very much.

Mr. and Mrs. Frank Schmidt and family, and Mr. and Mrs. Peter Lacusta from Lloydminster [illegible] son home on Sept. 27.

Sorry to hear Mrs. Steve Gordey was a patient in the Vermilion hospital for a few days with quinsy. She is now home and feeling better. Mrs. Gordey's mother, Mrs. Nick Naciuk [illegible] of her daughter during the latter's illness.

Steve Gordey was fortunate in getting some wheat threshed [illegible] and barley combined before the wet spell.

Congratulations and best wishes to Mr. and Mrs. Art Reberge of Lloydminster on the birth of a daughter.

Mr. Bob McNirney, a nephew of Herb McPhee, of Lloydminster, [illegible] asphalt from Lloydminster to Drumheller. His uncle, Norman McPhee, accompanied him to Drumheller last Saturday, Oct. 3rd.

Closing thought: "A garden is a gallery gay, with lovely pictures on display . . . a church, where stately lilies nod, and men draw very near to God."

TRUE PATRIOT

Much of the correspondence which finds its way on to the desks of the worthy solons in [illegible] constituents who feel strongly that government owes them [illegible]

Letters from people who are worried in case they owe government are, perhaps understandably, rather less frequent. [illegible] which one legislator read the following letter from a lady constituent.

"Dear Sir

Early this year I bought [illegible] I am not sure when I must pay the interest on them. Can you help me?"

A true patriot, indeed, albeit an unworldly one. The bond market being the way it is right now, Finance Minister Fleming may well regret that there are not many more like her.

About [illegible] was returned to Canadian farmers last year as their share in the money spent by Canadians on cheese. There are more than 20 types of cheese being made in Canada, but cheddar remains, by a wide margin, the most popular type.

C.N. [illegible] Service

WINNIPEG. -- Canadian National Railways Railiner service between The Pas and Flin Flon will be doubled in frequency daily except Sunday, effective Oct. 25. The new Railiner schedules provide convenient connections at The Pas with C N R trains to Churchill, Winnipeg, Saskatoon, Edmonton and Vancouver.

H. & S. Will Feature Room Visits

MANNVILLE -- The meeting of the Home and School Association, which would have been held this Thursday, has been postponed due to the teacher's convention this week. It is to be held on October 22. At this meeting the chief item of interest will be room visits and it is hoped that the new date will prove convenient for all members. Come and bring a friend.

A MAID AND 34 MEN

Pretty Inger Lindquist travels with 34 men and loves it. Miss Lindquist is the wireless operator on the Swedish ship Sunnanbris. She is one of 13 women ships' radio operators who graduated last June from two Swedish wireless schools. Inger, just 20 years old loves travelling and being able to shop in foreign ports. She is shown above with another female, her cat "Linsey" who travels with her.

Diary of a Vagabond

BY [illegible]

Across the border in the deep south, he might be considered an integration problem. Here in Canada he had found his niche as the grunt-and-groan brawn of a trucking team. On a particular morning in late July, when the thermometer seemed eternally stuck at 90 degrees fahrenheit, his black hair stood up like millions of tiny enamelled steel coils as he heaved and pushed, shoved and hauled my latest love a new electric refrigerator.

"It's no use lady, she just won't go," he finally confessed, wiping the sweat from his brow.

When I was in Vancouver this past summer, on one of the several delightful jaunts I made across Canada by train, I visited a friend who had just purchased a new refrigerator. She was enthralled by its automatic defrosting equipment and its separate freezing compartment. I put up absolutely no resistance to my mental argument that this cooler was just the thing for a dedicated vagabond. I reasoned that I could confidently leave any such household blessing for weeks without a worry in the world that its internal mechanism would go phoot, because there was no one around to defrost the baby.

So what did I [illegible]. I bought the same model from an appliance agency, sight unseen. Like most women, I failed to take into consideration that the monster might not fit into my little [illegible] kitchen, or for that matter even go through the kitchen door, where every inch had been gained for more counter space.

There we were, I on the kitchen side of the door, [illegible] to direct the operation, the [illegible] gentleman stuck between the door jamb and the refrigerator, and on the other side straining and cussing in Hungarian, the [illegible] man. I withered when he [illegible] at me and, in his broken accent, asked if I had measured the space where I expected the refrigerator to fit. "yes," I replied in a weak little voice, but I confessed I hadn't even thought of the doorway being too narrow.

These deliverymen don't fool. The Hungarian picked up the straps used for lifting any such great weight and banged the door behind him as he left the house. Not so the young coloured lad. He obviously felt sorry that the only place the refrigerator could find was the middle of the dining room floor and started pulling off the sticky tape that held the doors shut while the machine was in transit. "Look lady, if you was to call the company they'll send up a serviceman to take off the door. Then you can get this here box into your kitchen," he said as he worked away at installing the drip tray and unpacking the patent ice cube equipment.

It's a good thing I am used to myself and my reactions to such situations. I never even blanched at the prospect of removing a partition to correct my folly. But my family lives in holy terror that there'll come a day when mother won't be able to figure her way out of a dilemma and she probably be stuck with a horse or cow residing in the living room.

Fortunately, on my list of rescuers I have a sympathetic Norwegian carpenter who has the patience and imagination to deliver me out of these tight spots in which I so often find myself.

Two weeks later and with $500 less in the bank, I saw the refrigerator installed in the kitchen. But the process was a protracted evolution from a tiny apartment type kitchen to a wonderful country one with copper pot lids hanging by the stove, a cookie jar in bold evidence where my grandchildren and neighborhood youngsters can reach it and a stool to perch on where I can peel, for jelly and apple butter the apples as they fall from the trees in our garden. None of this has been possible in the little two-by-four kitchenette.

There probably is a moral to this story, but I don't know exactly what it is. I have found that most distressing situations often turn out to good advantage. I either uncover some new type of human kindness and sympathy, such as that coloured boy displayed, or I learn a lesson in tolerance which is the chief characteristic of my carpenter. Certainly any builder who can understand my gesticulations as I wave my hands around and say, "I want a drawer there for the bread and a shelf over in that corner for the copper mugs," needs a great deal of tolerance.

CLAYSMORE CLIPPINGS

Friday evening supper guests at the Ronnie Bauer home were Mr. and Mrs. Richard Steiner and family and Mr. and Mrs. Allan Olstad and family.

Sunday evening visitors at the Mike Pawlow home were Mr. and Mrs. Richard Steiner and family.

Mr. and Mrs. Jack Willes and family were Sunday supper guests at the Tim Nelson home in Vermilion.

Mrs. Richard Steiner gave a helping hand at the Ernie Frill home on [illegible]. Mrs. Frill has a badly [illegible] foot, suffered when she stepped on a nail.

Well it certainly looks like winter, doesn't it? Some of the old timers of the district say it's the worst they've seen in twenty-five years.

W[illegible] Mrs. R. MacMillan says she is having a nice holiday and has been at Maple Creek, Sask., where she met friends she hadn't seen for many years.

Sunday evening visitors at the Allan Olstad home were Mr. and Mrs. Fred Watling.

Sunday dinner guests at the Richard home were Mr. and Mrs. Ronnie Bauer and family.

The homes with T.V. have certainly been popular during the world series play-offs.

Mr. Stan Gerrie of Edmonton was a week end visitor at the Robert MacMillan home.

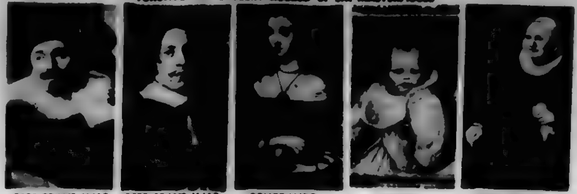
TORONTO ART GALLERY ROBBED OF SIX MASTERPIECES



1626 FRANS HALS — 1655 FRANS HALS — REMBRANDT — RENOIR — REMBRANDT

Six masterpieces worth $640,000 were stolen from the Toronto Art Gallery. The paintings stolen were the cream of the gallery. They were cut rather sloppily from their frames, but were not damaged so that they could not be sold again. Police believe the thieves hid in the gallery and broke out a second-storey window. It was well planned as had they left by the doors they would have set off the burglar alarm. Shown above are five of the six paintings stolen.

GAY NINETIES

The Gay Nineties Club's annual banquet, dance and election of officers will take place in the Legion hall on Thursday, Oct. 22nd at 7 p.m. Admission to banquet will be by ticket only, at $1.50 per plate. Tickets must be purchased by Saturday, Oct. 17th. Admission to the dance is 50 cents. 13-14

Unusual Bird Is Found in Mannville

MANNVILLE — Fred Proudfoot of Prudfoot and Coxford Garage and I. H. C. Shop, came upon a strange bird in the streets of Mannville on October 7th, and upon investigation it was believed to be a Western Grebe, similar to the loon type of bird. The bird had an unusually long beak and red button type eyes.

It was shipped by Pony Express to Al Oeming who should be aware that Mannville is on her toes, this being the second alert citizen to spot a new bird.

A Word to Wives

To prevent a white "veil" forming over the top of a partially-used jar of olives, pour a small amount of salad oil into the jar. This will seal the contents until you wish to use them.

fresh point of view...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The softer ride of supple suspension!

The extra safety of flawless control!

The quiet comfort of near-perfect acoustics!

The fiery performance of vigorous engines!

Trust Pontiac's creative car builders to come up with another fresh original for 1960! So fresh, they've established a new point of view in automotive values.

With clean, graceful lines they've composed a delightful rightness of form with unity and rhythm.

To complement the softer ride of the improved supple suspension, they've added the extra safety of flawless control. Then they banished virtually all driving noises with a more skillful, calculated application of sound soaking insulation. This is a car with near perfect acoustics.

Whatever power plant you choose . . . it's typically Pontiac . . . choice of restless, ground-gaining V8s or a frugal economy 6-cylinder engine that prefers regular grade gasoline.

Haven't you been an admiring spectator of Pontiac long enough? This is your year to become a participant in Pontiac pleasure, where for 1960, the enjoyment is the fullest, where the point of view is the freshest.

[illegible] COIL SPRINGS ON ALL FOUR WHEELS provide a really controlled, cushioned [illegible] provide greater stability, smooth out the roughest roads . . . give you extra pleasure in every mile.

AUTO SHOW

1960 PONTIAC

A distinctive new appearance, added comfort and improved braking highlight Pontiac for 1960 by General Motors of Canada. Two views of the 1960 Pontiac show the startling styling changes that have created a lower, cleaner look. Top is the Laurentian Sport Coupe [illegible].

Features of the 1960 Buick—

BRAKES

Vented wheels and wheel covers increase the flow of air over the finned aluminum front and cast iron rear brake drums to boost heat dissipation and assure even more durable fade-proof braking. The power brake system makes possible abrupt stops when necessary but with extreme smoothness and the power unit is relocated high on the engine firewall to protect it against engine heat and road [illegible].

COLORS

Fifteen exterior colors are offered in the 1960 Buick line, with three types of two-tone combinations available. Optional selections include body in one color with roof only in another; body in one color with roof and rear deck in another and body in one color with roof, rear deck and area below side molding in another. Convertibles are available in solid colors only.

TWILIGHT SENTINEL

An exclusive 1960 Buick accessory is the twilight sentinel, an electronic device which automatically controls the "on-off" operation of the head, tail and instruments lights. The twilight sentinel switches lights on as evening approaches, turns them off when daylight increases.

1960 BUICK

New features of Buick for 1960 by General Motors include sculptured styling, smoother riding qualities and more comfort for passengers. All 19 models have an adjustable instrument panel and independent heater controls for both front and rear seats. New also is a single transverse muffler. The well-known Buick ventiports are back on the 1960 models. The Electra 225, top car in the line, has four on each front fender and the other Buick series — Electra, Invicta and LeSabre — have three. The Invicta is shown above.

New Styling Is Highlighted In 1960 Pontiac Now on Display

A striking new front grille and new rear-end styling highlight Pontiac for 1960, announced by General Motors of Canada, Limited.

New massive bumpers, front and rear and a V-shaped grille give the Pontiac a long, clean look. Rear fenders are smoother and decked by twin trailing nacelles which extend rearward from the back window to house [illegible] lamps.

The 1960 Pontiac has a quieter [illegible] front seat compartment, brakes have been improved and tires are [illegible].

Instrument panels are new and highlighted by two-tone non-glare paint treatment and new gauges. The hooded instrument cluster houses a long, horizontal speed indicator over four circular gauges for fuel, engine temperature, oil pressure, generator and clock readings. Accessory control knobs are new and readily accessible. Floor carpeting has a higher, fuller and firmer pile.

The size of the front compartment transmission tunnel has been reinforced and new rubber-insulated body mounts give a quieter ride. New synthetic rubber and a change in the proportion of synthetic and natural rubber increases tread life by 12 per cent, and promises less impact on bumps, reduced tire squeal on turns and surer traction. Brakes require less pedal pressure, and the parking brake now carries a pop-out release lever.

Pontiac offers 31 models in six series: five Parisiennes, six [illegible], four Bonnevilles, three Star Chiefs, seven Catalinas and two in a new Ventura series which feature interiors of special design.

Pontiac engines include a six and four V8's, including an improved Strato-Flash which has been redesigned to give greater economy.

1960 Buick Displayed At Rowe & Sons Show Rooms

General Motors of Canada Limited [illegible] its 1960 Buick line of cars. They feature new styling, increased roominess and improved roadability and performance.

Passenger comfort in all 19 models has been improved by lowering the transmission hump and floor in front, raising the seats to chair-height levels. Redesigned shock absorbers incorporated with toughened front stabilizer and rear track bars further [illegible] tionally easy riding and handling qualities.

The new Buicks go on display in dealer showrooms Thursday, October 8.

New features [illegible] verse muffler [illegible] dual and single exhaust systems, an adjustable instrument panel mirror that can be tilted to any position for [illegible] and independent heater controls for [illegible] and rear seats.

[illegible] bright, colorful designs offer a multitude of choices of trims in long-wearing nylon, broadcloth, cordaveen and leather. Fully carpeted floors and cushioned instrument panels are [illegible] equipment on all [illegible] deeper springs and plush foam [illegible] seat materials.

A massive front end design, with twin headlights horizontally abreast at the ends of a new concave grille, compliments the sculptured body styling. The twin headlights are set outboard of the grille in simulated jet pod housings, and Buick's famed front fender ventiports are back on all models. Rear fender lines have been rounded gracefully, too and blend into a deep rear bumper.

Economical operation has been given special attention in engine design. LeSabre's 364-inch engine is available in regular gasoline or premium gasoline options. The regular gasoline uses a two barrel carburetor with an 8.5 to 1 compression ratio when used with synchromesh transmission. Electra and Invicta models are powered by the improved 401 cubic inch Wildcat V-8 engine, with four-barrel carburetor and 10.25 to 1 compression ratio.

The [illegible] will be available in three series: LeSabre, lowest priced in line, Invicta and Electra, the luxury series. They will be identified by the ventiports, four on each front fender of the Electra series, and three on the Invicta and LeSabre.

[illegible]

[illegible] been redesigned completely. A single transverse muffler replaces the multiple mufflers used on other cars, blanketing exhaust noise, minimizing exhaust gas flow resistance and providing longer life. These refinements combine to increase engine efficiency [illegible] fuel consumption.

INSTRUMENT PANEL

The 1960 [illegible] adjustable [illegible]. The panel can be [illegible] driver to see all [illegible]. The mirror is adjusted by twirling a small wheel on the [illegible]. Buick's red-line speedometer has been [illegible] to 12½ inches with numerals enlarged, and oil pressure, water temperature and charge indicator gauges replaced by indicator lights.

HEATER

[illegible] provides, for the first time in the industry, a separate control for regulating the flow of heat into the rear passenger compartment. The system permits the driver to direct sufficient warm air into the rear seat area to keep passengers comfortable in wintry weather without overheating the front seat occupants. The floor duct from the main heater to the rear of the car has been increased to furnish 50% more air flow, thus making it possible to warm the rear compartment before the front.

DERWENT THEATRE

Showing Sat. and Mon. Oct. 10 and 12, "The Last Hurrah", a great book comes to the screen with a tremendous cast including Spencer Tracy, Diane Foster and Jeffrey Hunter. Wed. and Thurs. Oct. 14 and 15 "Vera Cruz", presenting Gary Cooper, Burt Lancaster, Denise Darcel and Cesar Romero. 13

Showing this week end, "The Delicate Delinquent", with Jerry Lewis, Darren McGavin, Martha Hyer. Jerry is funnier than ever. Vista Vision. Fri. and Sat., Oct. 16 and 17 "Escapade in Japan". [illegible] 13

CLANDONALD HALL

Showing this week end "The [illegible]", a true story [illegible] starring James Mason, Dorothy Dandridge and Broderick Crawford. Fri. and Sat. Oct. 16 and 17 "Written on the Wind" an action drama in technicolor, starring Rock Hudson, Lauren Bacall and Dorothy Malone. News reel each week. 13

PRESENTING FOR 1960... BUICK'S ALL-TIME BEST
1960
THE TURBINE DRIVE BUICK '60

A GENERAL MOTORS VALUE

A car with major advances in transmission, suspension, brakes, and engines which are Buick's alone today

A solid, substantial car · A car of superb comfort, quiet, reliability · A car you should drive soon.

NEW COMFORT, QUIETNESS AND QUALITY

Doors that open wider—easier to get in and out. Family-size interior. Seats that are higher, more deeply cushioned, and [illegible] legs. Perhaps the quietest running car in Canada due to Buick's torque-tube drive and its high use of insulation. Buick's new quality control program comes to a peak in the Turbine Drive Buick '60.

NEW INTERIOR DECOR AND CONVENIENCE

An entirely new Mirromagic instrument panel. It lets the driver see speed, gas gauge, and other instrument readings at a glance in a mirror he tilts to suit his own eye level. And a new exclusive safety feature—the Twilight Sentinel†—that turns headlights on and off automatically as light conditions require. All-new colors and fabrics. Richer appointments. †Optional at extra cost.

OUTSTANDING PERFORMANCE WITH ECONOMY

[illegible] Turbine Drive transmission* is jet-smooth, responds faster, more economically than ever. No gears [illegible]. 2. Buick's Exclusive Air-Flo Aluminum Drum Brakes—found on no other Canadian car. Fin-cooled drums front and rear for faster cooling. Fast cooling means safer stopping, longer brake life. Slotted wheels pass a current of air from under the car constantly over the brakes for added cooling efficiency. (Wheels are 15" size which gives you up to ⅓ more tire life). 3. Buick's exclusive Wildcat Engines give high efficiency with high economy. (A standard new LeSabre Engine is designed to give Buick performance on regular grade fuel).

*Optional at extra cost on LeSabre. Standard on Invicta and Electra.

AT BUICK DEALERS NOW... BUICK LeSABRE THE LOWEST PRICED BUICK — BUICK INVICTA THE HIGH-PERFORMANCE BUICK — BUICK ELECTRA THE FINEST BUICK OF ALL

Health Unit Notes

FIRST AID —
INTERNAL BLEEDING

Internal bleeding, resulting from wounds or disease of the internal organs, is most likely to come from the lungs, the stomach or the bowels. Blood from the lungs is coughed up. Blood from the stomach is usually vomited up. Blood from the bowels appears in the stool. The haemorrhage is usually preceded by signs of [illegible], thirst, and restlessness, accompanied by weakness, pallor and a faint, rapid pulse. What to do: It is most important to have a physician's services at the earliest possible moment. Meantime treat for shock. Do not give stimulants. In abdominal injuries give nothing by mouth.

PREVENTING INFECTION

Every break in the skin carries with it the danger of infection. Germs may be present on the skin, fingers and clothing, on unclean dressings, and in droplets sprayed from the mouth or nose in sneezing, coughing, laughing or talking. Do not touch a wound with a cloth that is not sterile (free of germs) or with the fingers unless bleeding can be stopped in no other way, and do not cough, sneeze or breathe into a wound.

The cleansing and disinfection of all serious wounds should be left to the doctor; first aid stops with the checking of the bleeding, the application of a sterile dressing and measures taken to prevent or lessen the severity of shock.

For small wounds like [illegible] or scratches, which probably will not be seen by a doctor, first paint the wound with an antiseptic, such as mild tincture of iodine (2 percent solution) and when the iodine is dry, cover it with a sterile cloth pad.

If iodine is the antiseptic selected, remember that the iodine solution becomes stronger with age owing to the evaporation of alcohol. Therefore, old solutions should not be used. In purchasing iodine, ask the druggist for mild iodine (2 percent solution) as ordinary tincture of iodine is too strong for first aid use.

A supply of individual sterile compresses in sealed packages (for sale at any drugstore) should be kept in the first-aid kit or medicine cabinet in every home. If such compresses are not at hand, scorch a piece of clean, unstarched cloth with a hot iron. Old pieces of linen so treated make good compresses.

A sterile compress becomes nonsterile (contaminated) when it is touched with the fingers or any object not sterilized. Hence in unfolding or unrolling the compress, take care to touch only the outer surface and place the inner untouched surface over the wound. Make sure that the compress is large enough to cover the wound completely. Hold it in place by a bandage or adhesive tape.

Friday, October 16 — Tulliby Lake (Nurse's Cottage) 1 to 4 p.m.

C. G. I. T. Enjoys Pajama Party At Home of Leader, Mannville

MANNVILLE — Sleepy-eyed gals reported a wonderful time at the recent pyjama party at the home of leader C.G.I.T. group leader Mrs. Chester Gamble on Friday, Oct. 2 when members and invited guests numbering 17 spent the night there. By all accounts a hilarious time was enjoyed with a midnight snack time and following that an af[illegible] raid on the frig of [illegible] and hostess who slept through the fun (we understand, on good authority that the leader was aware of the raid, and had provided for same). Finally at 5:00 o'clock the girls all settled down to rest, making sure no one did until then. A hearty breakfast was much appreciated at a later hour when waffles, bacon and eggs, and hot chocolate were on the menu.

Calendar Tea At Mannville Success

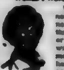
MANNVILLE — A most profitable tea was reported by the W.A. of the United Church on Saturday, Oct. 3, held in the church social rooms. This was the annual tea when all church calendar holders come and bring their calendars.

Almost one billion pounds of milk was used in the production of cheese in Canada last year. This represents the total milk production of approximately 17,000 cows.

A gander that reached the age of 60 years is the oldest member of the Canada goose species on record.

Tips on Touring

By Carol Lane
Women's Travel Authority



Unusual car noises are signals that something is wrong, or about to go wrong. Smart motorists know how to interpret them, and stop (or prevent) trouble by getting proper servicing.

Here are some sounds and what they may indicate:

Ticking sound when the engine is running could mean broken or loose sparkplugs. A snapping noise? Check for a cracked distributor head or sparkplug insulator, or loose distributor wire.

A squeak when you rev up the engine may mean a loose fan belt and may lead to overheating.

Birds chirping under the hood means the power steering pump needs lubricating.

Do you get an explosive noise from the muffler? It means either an exhaust valve is not seating properly or the ignition is incorrectly timed.

A steady hum from the rear axle may mean the pinion and drive gear are not adjusted correctly.

Chattering brakes? Loose, worn wheel bearings, dry [illegible] balls, or shackles.

Tires squeal? Trouble probably worn? Maybe front wheel alignment needed or tires low on air.

Next time you drive, be a good listener. It could save you a lot of trouble and money.

DOUBLE TAKE IN THE MATERNITY WARD

Reg Woodward of Niagara Falls, Ontario, holds twins Timmy and Tommy up for their first look at their twin brother and sister Joseph and Joanne, held by a nurse. New arrivals, Mrs. [illegible]' second set in five years, were born on their grandfather's birthday. Both newcomers weighed more than eight pounds.

In the 20 years from 1939 to 1958, total spending by all governments in Canada increased from $2.1 billion to $9.7 billion.

According to the long-term weather records Newfoundland has the greatest snowfall of any of the provinces, with Goose Bay averaging about 12 feet of snow a year. Victoria, B. C., gets only 10 inches.

Check that date now.

Thompson Elected Legion President

Officers for the 1959-60 period were elected at a meeting of the Vermilion Branch, Canadian Legion, B.E.S.L., held last Friday.

Tommy Thompson was elected for another term as president, with Don Keen and Ed Roberts as first and second vice-presidents.

The following were elected to the executive: Sid Burdett, Rod McPhee, Bill Shaw and John Hurst of Islay, H. D. Regan, Tom Davis, Alex [illegible]. Immediate past president George Richardson will also be a member of the executive.

Others on the new executive are: E. H. Buckingham, secretary; Thos. Wilson, treasurer; Bob Allan, sgt.-at-arms; Rev. W. A. Champness, padre.

The variety show, arranged by Robert Carmichael, is set for Nov. 6. This is said to be the best variety show yet produced for and sponsored by the Vermilion Legion. Tickets are on sale now and may be purchased from Legion members. Take the whole family, adults are 50 cents and students 25 cents. All proceeds will be given to the Legion Polio fund.

"Thanksgiving" Is Topic of Address

Rev Chauncey MacKay, United church minister and member of Vermilion Rotary club, addressed the weekly luncheon meeting of the club last Friday. Mr MacKay took "Thanksgiving" as his subject. In spite of the very poor harvest conditions in this area, the speaker found a lot of things for which we should be thankful.

Claude Underdown introduced the speaker and Mac Simonsen thanked him for his very inspiring talk.

It was wild goose day at the Rotary club on Friday. Several local hunters, namely: Carman Long, Elmer Stewart, Claude Brennan, Gordon Ross, all of Vermilion and Dr. Duncan Stewart of Edmonton donated enough geese for a real feast and from all reports they had plenty left over.

Warren Rosequist was inducted as a new member.

Amazing Display Given by Illusionist

The most amazing performance ever seen or possibly ever to be seen by a Vermilion audience was the display of magic given by the great Virgil in the high school auditorium last Saturday afternoon and evening. It is quite probable that never again will such a "Master of Illusion" ever come to Vermilion as there are only four stage illusionists touring the world today.

The display of Virgil was simply amazing and had to be seen to be believed — even then the audience rubbed their eyes and wondered if they had actually seen such happenings.

Unfortunately not too many people took advantage of the opportunity to see something really extra-ordinary with the result that the Vermilion Kinsmen lost money on the project of bringing an unusual entertainment to town. The matinee in the afternoon was well patronized by the younger generation, at a low admission price, but the adults failed to turn out in sufficient numbers in the evening to make the project a paying proposition.

King, Heckbert, Kent Elected To Council

Lead Field of Seven; 47% Vote Cast

[illegible] evinced keen interest in the town election on Wednesday and chose Dr A. Ben King, Charles Heckbert and Aldous Kent as members of the new Vermilion governing body. 562 voters cast their ballots of a possible 1200, meaning that 47% of the citizens are interested in the welfare of the town and in exercising their franchise. In making their choice the voters re-elected one councillor, C. T. Heckbert, but defeated a second, Charles Thompson, a veteran municipal official, seeking re-election.

COMPLETE RESULTS

The complete result of Wednesday's battle of the ballot is as follows:

Dr. A. Ben King	336
Charles T. Heckbert	300
Aldous Kent	264
Charles Upshall	224
Charles Thompson	207
Gilbert Rampling	112
Wm. Boulton	101

The council for the town of Vermilion is now comprised of Mayor Melvin Hill, councillors C. J. McCormick, K. E. Rowe, R. Ireland, Charles Heckbert, Dr. A. Ben King, Aldous Kent.

Returning officer H. W. Johnston was in charge of the election arrangements.

Malin Councillor By Acclamation

MANNVILLE. — Retiring after six years of service on the village council of Mannville is Maurice Mercer, and elected by acclamation to fill the vacancy was Merle Malin, proprietor of the Mannville 5c to $1 store, for a three-year period of office. Other councillors are Albert E. Williams, mayor, and Roy W. Hay.

Order of Foresters To Aid Sick Member

The local lodge of the Canadian Order of Foresters plan to aid a sick member, R. S. "Newt" Cooper, who has been stricken with polio and is presently a patient in the polio ward in the University hospital. The Foresters are selling tickets on a grocery hamper, value $25, at fifty cents per ticket, and are asking that everyone in town and country buy at least one ticket.

The draw will be made on Saturday, Nov. 21 at the Knights of Columbus Grey cup bingo.

Candidates Speak At Public Meeting

The meeting of electors arranged by the Vermilion Board of Trade [illegible] Thursday evening, which was addressed by six of the seven candidates for the town council, was attended by 55 electors. The candidates present addressed the meeting, being given up to ten minutes each. The talks were very interesting, and indicated close study of town affairs. The question period which followed the conclusion of the addresses, brought forth numerous questions and was well worthwhile.

Chairman for the meeting was Ernest Schurman who conducted the proceedings in a businesslike and competent manner. He summed up the feelings of those present when he thanked the candidates for appearing, and stated that it was quite apparent that the voters could well elect any one with a feeling of confidence that the affairs of the town would be well managed.

Curlers Plan for Active Season; Elect Roger Rowe President

Plans for an active curling season were laid at the annual meeting of the Vermilion Curling Club which was held in the curling rink on Friday evening last.

Warren Rosequist, retiring president, reviewed last year's activities and made some recommendations for the guidance of the incoming executive.

The financial statement was presented by secretary-treasurer Russ Carroll. This revealed that the receipts last season amounted to the large sum of $15,416.00 from the following sources: — balance forward $313.23; membership fees $3,600.00; bonspiel donations $445.00; bonspiel fees $1,280.00; ice rentals $1,346.35; ladies club $1,400.00; bonspiel raffles $1,224.35; 3 bingos $5,804.20.

Expenses totalled $15,276.55, the largest of which was a loan payment with interest of $4,761.03, cost of operating the bingos was $5,038.21. This left a small bank balance of $139.98.

Liabilities left to liquidate are a Treasury branch loan of $15,000.00 plus interest of $400, and insurance of $201.80.

ROGER ROWE ELECTED PRESIDENT

The election of officers resulted as follows — President — Roger Rowe, Vice President — Wm. Scales, Sec. Treas. — Russell Carroll, Executive — Geo. Webb Jr., Glen Gibbons, Ed Lyons, Warren Rosequist, John Stewart, Gus Mireault, Gordon Casey.

ANNUAL FEES

Fees were left the same as last year, namely at $30.00 per person with $12.50 for high school students curling in the regular draws. Fees for casual curling were set at $1.00 per game, and rental raised from $6.00 to $8.00 per sheet.

FARMERS BONSPIEL

Plans were made for the Farmers bonspiel with details to be arranged by the executive. Plans for an open mixed bonspiel to usher in the season were also discussed.

Fees are payable by Nov. 30th and the balance by Dec. 31st.

Dist. Agriculturist In Lloydminster Every Thursday

For the convenience of those Alberta farmers who do their shopping and marketing in the city of Lloydminster, the district agriculturist will be at the Exhibition Association and Chamber of Commerce office in Lloydminster every Thursday. A bulletin board has been set up in the same office and if further information is required simply leave a note in the envelope on the bulletin board. In this manner Mr Morley Douglas and Mr. Ed Dobko hope to provide farmers on the east side of Vermilion River M.D. with a better Extension Service.

Cattle Performance Testing, Or the R.O.P. of Purebred Beef Cattle

As of May 1, 1959, Alberta purebred herds can be put on a performance test. Not to be judged one herd against another but to performance test the animals within a herd.

It has been known for a long time and proven by experimental evidence that cattle vary significantly in their rate of gain and their ability to convert feed into beef. Further, these factors seem to be linked and are inherited. An accurate prediction of an animal's potential rate of growth is not possible by visual standards. Tests carried on by the Experimental Farm Service and the Universities show that animals of very similar type vary considerably in rate of growth. The only accurate method of measuring rate of growth and feed efficiency is by comparing the individual growth of an animal with other animals fed and managed under the same conditions. Any beef cattle breeder having at least ten animals registered in the Canadian Livestock Records, has suitable scales and agrees to comply with the requirements of the test will be eligible. Only those who plan to carry the program on for a long time will be accepted June 1st of every year. Anyone interested in performance testing should talk it over with the District Agriculturist.

Large Crowd at Scout and Cub Supper

Approximately 110 Cubs and Scouts and their parents gathered in the Elks Hall on Wednesday, October 7th for the annual Pot Luck Supper.

Mr C. T. Heckbert, chairman welcomed the parents and their boys and said how gratifying it was to see such a large turnout. He then introduced the cub and scout leaders. Cub leaders for the year are Mrs Bottorff, Mrs Park and Mr and Mrs Norton, Mrs Keen and Mrs Lynn assisting. Scout leaders are Dr A. B. King, Mr Gerry Willmer, Mr Gerry Miller, Mr Bob Black and Mr Kvill. Cubs are divided into two packs with one pack meeting on Monday at 4:45 p.m. and the other on Wednesday after school. Scouts will meet on Wednesday at 7 p.m.

Mrs Bottorff gave a resume of the past year's activities for the two cub packs and spoke briefly on cubbing. A few of the cubs gave a demonstration of the Death of Shere Khan dance which they carried, along with about one hundred other cubs, at the cuboree which was held at Wainwright this past summer. Also at the Cuboree, contests of sportsmanship and skill were held with points being allotted to the winners. Our own cubs attained the highest number of points and so brought back to Vermilion the shield which was being presented for the first time.

Dr King reported on scout activities and said the past year had been a difficult one owing to the fact that the majority of the Scouts were new and there were no trained scouts to help out. We are very fortunate this year to have Mr Bob Black and Mr Kvill as scout leaders as both are Queen's Scouts. A shield had been presented to Brian Keen for being the best all-round scout. Brian had passed his Tenderfoot and almost obtained his Second Class badge within the year.

The provincial allotment was explained to the parents by Mrs. Reid. The cub and scout movement is world wide and there are a certain number of expenses entailed in running such a large organization. These expenses are met by the provincial allotment which is on a per capita basis. There are 125 cubs and scouts in Vermilion so our contribution would be $[illegible]. The money is raised by the Scout Apple Drive and the Cub Fall Tea and Bake Sale along with a canvass of the business section of town.

Plans are underway to form a District Council with Vermilion as headquarters and to include districts as far east as Lloydminster and west to Mannville and a few districts to the north.

An enjoyable get-together was concluded with a short speech by Mr Heckbert. He requested the parents to support the cub and scout organizations and to help out whenever possible. It was not fair to expect the same people to take over year after year. He also addressed a few remarks to the cubs and scouts and asked for their co-operation with the leaders.

The scouts will be calling on householders to take orders for apples, which will be delivered on Saturday, October 17 and it is hoped that everyone will co-operate to make this Apple Drive a big success.

The cub and scout Mothers' Association will be holding their monthly meeting on Tuesday, October 20 at 2:30 p.m. in the scout hall and a special invitation is extended to mothers of new cubs and scouts.

Special Services At Alliance Chapel

James Campbell, who is home from his missionary service in Japan and is presently visiting relatives in Chauvin[illegible], was the guest speaker at the Alliance Chapel in Vermilion on Friday, Oct. 9.

During the evening service, Sunday, Oct. 11, Clarence Jaycox showed colored slides of his work among the Cree Indians at Loon Lake, Alberta, where he and his wife are missionaries under the Christian and Missionary Alliance. Mr Jaycox was in Vermilion en route to Regina to attend a conference of Indian missionary workers.

After the regular evening service on Sunday many people from other churches in town gathered at the Alliance Chapel for the special showing of the colored film "The Potter's Wheel" by Rev. J. [illegible], Northern Alberta secretary for the British and Foreign Bible Society, who spoke in support of their faith coming [illegible] of the town and district.

Two Whoopers Complete Migration

Two adult whooping cranes, the first to complete the 1959 migration, have arrived at the Aransas national wildlife refuge in Texas.

The interior department, Washington, said the birds first were seen Monday.

Thirty-two of the cranes left Aransas last spring for the nesting grounds in the Northwest Territories.

These [illegible] nine whoopers of the 1959 brood.

The fish and wildlife service said arrival of the first cranes at Aransas came at about the usual time. Last year the first were sighted Oct. 19, in 1957 it was Oct. 13 and in 1958 Oct. 4.

SCOUT APPLE DAY

The Vermilion Boy Scouts will hold their annual Apple Day on Saturday, Oct. 17. They will also canvass the town prior to Apple Day for orders for boxes of apples. 13-14

WALTER DIETZ

V.S.A. Instructor Gets New Appointment

The Minister of Agriculture, Hon. L. C. Halmrast, has announced that Walter Dietz, formerly with the School of Agriculture at Vermilion and with the Junior Activities Branch during the summer months, has been appointed Assistant District Agriculturist at Lacombe. Walter was raised in the Forestburg and Galahad district. He attended the Vermilion School of Agriculture and graduated from the University of Alberta in 1957 and then accepted a position with the school of agriculture at Vermilion, instructing in dairying and animal husbandry. He was dean of men at the V.S.A. for one year.

Farmers Are Asked To Return Dairy Questionnaires

Farmers are reminded to return the dairy questionnaires which they received a short time ago from the Board of Trade. Anyone mislaying the questionnaire may obtain another at either Bank or Treasury Branch, or at the D. A.'s office. It is highly desirable that they be returned as it is important that the returns be compiled.

Cancel Carnival

Word has been received by the Standard that due to the inclement weather the Elks have decided to cancel their annual carnival which was to have been held Oct. 30, 31 and Nov. 2. The B.P.O.E. however have plans for other activities which will be announced soon.

Tigers To Enter E. A. H. L.; Lots of Local Material for Team

At a general hockey meeting held Wednesday evening Gerry Svenson was elected president of the Vermilion Tigers Hockey club and it was decided to ice a team this winter in the Eastern Alberta hockey league. Furthermore providing the towns entering are really earnest about returning to simon-pure local teams, Vermilion apparently has lots of talent, so should have a team that can give a good account of itself. Rumors have it that the Alberta towns in the league are going all out for home talent. Lloydminster has no difficulty in that respect, but it remains to be seen how Maidstone and Lashburn react.

To return to the local picture, the officers elected to guide the destinies of the Tigers this winter are:

President — Gerry Svenson
Vice-Pres. — Reg Ireland
Sec. Treas. — Bruce Anderson
Executive — Joe Brower and Ken Brown
League Reps. — Jack Brown who retired as president after two good years at the helm, and Reg Ireland.

LEAGUE MEETING SUNDAY

The annual meeting of the E. A. H. L. will be held in the Elks hall, Vermilion, this Sunday, Oct. 18 at 2 p.m.

Islay School Student Wins Bronze Medal

James Evan Maire, a student in the Islay village school, is the winner of the governor-general's bronze medal awarded to the student making the highest marks in the grade nine departmental examinations in the Vermilion school division last June. Jimmy is the 15-year-old son of Mr and Mrs. John Maire of Islay.

To win the coveted honor Jimmy passed with a straight honors standing, getting an H in every subject written. He has taken his entire schooling to date in the Islay village school. His teacher in grade nine was Mr Merlin Moncrieff. Jim was a member of a good grade nine class of nine students, all of whom passed the examinations which speaks well for the young people concerned and of the fine teaching they must have received.

The winner in the Two Hills school division was Ronald Morris Shymko of Myrnam; for the Vegreville S. D., William Harvey Kudryk of Vegreville.

Apple Day, Marwayne

The O.O.R.P. will sponsor an "Apple Day" on Oct. 24 in support of the Boy Scout troop. Orders for apples must be in by Oct. 17 and may be phoned to Mrs. Betty Hale, Mrs. Jack Culford and Mrs. Esther Van Camp. The price is $2.75 for a box of MacIntosh apples. Delivery date is Oct. 24. Get your Hallowe'en apples folks and support the Scouts at the same time.

There will be a meeting of the Boy Scout and Cub Group committee on Thursday evening, Oct. 22 at 7:30 p.m. in the Elks hall. Parents and others interested are asked to attend.

Old Timers Plan Annual Round-Up

The Vermilion Old Timers will hold their annual round-up at the Legion hall on Wednesday, Nov. 4. The banquet will commence at 6:30 p.m.

Membership for a year and the banquet is $2 per person. Anyone residing west of the Great Lakes since 1915 is welcome to join the Old Timers Association. 14-16

Guides, Brownies Organize for Year

"Brownies smile for this thing,
Brownies smile for that,
Just you watch for a Brownie smile
Beneath a Brownie hat."

It's a pleasure to report that there are even more Brownies enrolled in the Vermilion packs this year than last. There are two packs organized with Brown Owl Maxine King, assisted by Joan Kowarchuk in charge on Monday afternoons, and Brown Owl Madge Callas, assisted by Marguerite McDonald, on Thursday afternoons.

The Guides also have organized under the capable leadership of Guiders Dorothy Webb and Mary Mitchell, meeting after school every Tuesday.

ACTIVE MOTHERS' ASSOCIATION

The executive of the Mothers' Association met in September to make the necessary arrangements for the annual meeting and pot luck supper which was held in the Anglican parish hall on Oct. 14 at 5:30.

A nominating committee was appointed to prepare a slate of officers to present for election at the annual meeting.

The Mothers' Association was very active during the past year, among the projects undertaken were:

1. The annual Guide and Brownie tea and bake sale in February.
2. Transportation for four leaders and two delegates to the annual convention in Edmonton in April.
3. Transportation to the rally at Camp Wainwright on May 24.
4. Transportation to Wainwright so all the Guides and Brownies could see the Queen and Prince Philip.
5. Purchase of sub-flooring and tile for the kitchen in the Scout hall.

It is hoped that every Brownie or Guide mother will assist their girls by attending the regular Mothers' Association meetings, held every second Tuesday of the month in the Scout hall at 2:30 p.m.

C.G.I.T. TO SELL KISSES

The C.G.I.T. are selling their own special make of Hallowe'en candy kisses on Monday evening, Oct. 19. Proceeds are for the C.G.I.T. funds. When the girls call at your home . . . be generous! 14

Sudden Death of Mrs. Thomas Bothwell, Pioneer Islay Lady

A pioneer lady of the Islay district, Mrs. Mary Ann Bothwell, widow of the late Mr. Thomas Bothwell, passed away very suddenly at her home in Vermilion on Friday afternoon, October 9 about 4 o'clock. She was 75 years of age. Mrs. Bothwell was going about her household activities as usual when she died instantly from a heart attack. She was predeceased by her husband in January of this year.

Mrs. Bothwell was born near Priceville, Ontario on March 5th, 1884, the eldest child of Mr. and Mrs. Abram Hooper. During her education she developed a talent for music and became a music teacher, travelling by bicycle to the farm homes of her pupils. In March 1906 she was married to Thomas Bothwell and came west to her husband's homestead located 2½ miles north and 1 mile west of the village of Islay.

Mrs. Bothwell brought her piano with her, the first in a wide district, and the Bothwell home soon became a popular meeting place with the settlers. She became the first organist of the Islay Presbyterian church and continued in that position for over forty consecutive years. She was as well an ardent W.A. member and church worker. This was recognized when she was made a life member of the W.M.S. of the United Church.

Mr. and Mrs. Bothwell gave up active farming some six years ago when they moved to Vermilion for the winter months, returning to the farm for the summer. Four years ago they moved into their own home in town and have resided here since. In 1956 Mr. and Mrs. Bothwell observed their Golden wedding anniversary.

Left to mourn the loss of a loving mother and grandmother are two daughters, Mrs. Ashley Cooper, Rita of Vermilion, Mrs. Sidney Millward (Clara) of Pontiac, [illegible]; two sons, Stewart of Matheson, Ontario, William of Regina, Sask. There are seven grandchildren and two great grandchildren. She is also survived by three sisters, Mrs. Clara Adams and Mrs. Bertha Geddes of Durham, Ontario, Mrs. Eva Muir, Vermilion, and three brothers, Isaac, William and Joseph Hooper all of Durham, Ontario.

Funeral services were held on Tuesday afternoon, October 13 at 2 o'clock at the First United Church, Vermilion. Rev. C. W. MacKay consoled the mourners with a hopeful and comforting message. Two favorite hymns of the deceased were sung, "O Master Let me Walk With Thee" and "Beneath the Cross of Jesus." The scripture reading was taken from John 14, "Let not your heart be troubled."

Mrs. A. M. West played the organ. The pallbearers were Messrs. Fred Clark, Thos. Watts, C. R. Boake, Wm. Waterfield, C. J. McCormick and W. J. Roebuck.

Interment was in the family plot in the Vermilion cemetery. Moyer's were in charge of the arrangements.

Farm Management Schools Planned During Coming Winter

The Alberta Extension Service will offer farmers who feel they need to learn more management schools during the winter of 1959-60. This is not to be confused with a farm management service where the business is serviced, where the business is analyzed and the farmer told what to do. These schools are a study of the principals of farm management and how they apply to the individual farm. Farm management is the combining of the farm's resources, livestock, crops, labor, rate of capital turnover and size of business in such a manner as to maximize the farmer's objective. The objective may be money, happiness, etc. or a combination of these. Farm management is more. It must include old age security, land tenure, father-son agreements, insurance and whatever possible markets. There is little wonder that many times farmers have been disappointed in a speaker at a short course who didn't give much information in the alloted period of an hour. With the approach for 1959-60 the principals, problems and questions will be dealt with in a group but the farmer will deal with his own farm privately. It has been found that working in a group many questions are answered quickly for everyone. Often the groups answer the questions. The extension service is prepared to work with the group as long as the farmers are benefitting. Any farmer who feels that something is to be gained by a study of their individual business would be well advised to talk it over with the district agriculturist.

I.O.D.E. To Canvass for Blind

Several Alberta communities have recently been canvassed by persons purportedly raising funds to aid the blind. Unfortunately, many citizens have contributed to this appeal, thinking that they were donating to the Canadian National Institute for the Blind. The C.N.I.B. conducts one campaign for funds annually in each community. This campaign is always conducted by well known residents of the community. The C.N.I.B. appeal is organized and conducted by the I.O.D.E. C.N.I.B. is the only service agency having a general registry of sightless persons and providing a programme of services designed to assist them in overcoming all of the problems which confront them as a result of their blindness. Other agencies soliciting funds, allegedly for the welfare of the blind, are, at best, only duplicating a service which is already available through C.N.I.B. The I.O.D.E. very strongly urges citizens of this community to carefully check the credentials of any person approaching them for a donation in aid of the Blind. Service records and financial statements should be carefully studied before any donation is made.

TRADING STAMPS

It looks like a rocky road for trading stamps. Opposition is stiffening, says The Financial Post.

Court tests have followed their expansion out of the wide-open Quebec market.

Groups of independent retailers, consumers, some trade associations and labor organizations are putting up the main fight. The four western provinces look like the toughest ground for stamp promoters. But there's a major fight shaping in Ontario and plenty of opposition in the Maritimes. Only in Quebec do stampers roll along free of serious threats of legal action.

But don't count out the sticky backs yet. They are backed by aggressive promotion, aided by pressure of competitive retailing.

Letters to the Editor

Dewberry, Alberta,
Oct. 7 1959.

APPRECIATION

Dear Mr. Editor:

Thanks very much indeed for publishing my letter. I have already received a donation from Marwayne of $5. Mr Neil Jones of Dewberry will receive and help supervise donations. I myself will deliver any donation of lumber, bed springs, mattresses, bedding or wood burning stoves to the mission.

Sincerely,
W. B. Craig

The Editor,
Vermilion Standard,
Vermilion, Alberta.

Dear Sir

"It is always good to give thanks unto the Lord."

As we entered the Thanksgiving season we looked around us and thanked the Lord for all the material blessings in abundance around us, for our health, friends and many other things for which we are most thankful. However, this Thanksgiving perhaps we could give thanks for a group of wonderfully faithful people.

For the most part, these people of whom I speak are unknown to each one of us individually but we are all aware of their presence and further more when they are not there we miss them very much.

These people of whom I speak have a rigorous nerve racking job, and added to the hazards of their job, for which they receive absolutely nothing, they are many times thrown into despair, and discouragement by thoughtless people like you and me who do a lot of talking [illegible] how it should be done. We [illegible] do it so much better, believe me we could show them a thing or two — but we don't. It is so much easier to criticize.

Who are these people? The people of whom I speak are those wonderful people who give of their time every week to provide groups for our young people, the leaders of our youth, whether it be baseball, hockey, cubs, scouts, guides, brownies, or any one of the many youth groups within the churches of our town. Each one of these leaders is making a great contribution to the life of our young folk. Their only reward is the knowledge that through their struggle, they have had a small part in building a better youth for tomorrow.

Perhaps soon the Town Fathers or one of our service clubs will see fit to thank these very important people with a tangible recognition, a banquet around Thanksgiving would show each one that their work and effort is not only appreciated by the unruly youth, but also by the parents and the whole town.

Groups organized in Vermilion serve the age group [illegible] years old to 21 necessitating at least 107 leaders to carry on effectively. Our family alone partakes of 7 such groups for youth, how many groups are represented in your home? Sit down and count them if you do not know.

Last year a mother in the city had such a beautiful home and quite a society life. Her children were all away to school and she quite enjoyed the entertainment of her friends and the work it entailed. Every Sunday she sent her children to Sunday School. The Sunday School teacher for her teen-age daughter put on a party for the class at her home and when the girl came home from the party her mother was horrified that there was no program planned, and the young ones of the Sunday School class had sat around with their friends smooching and playing records. The outraged mother set about to change things. She would take her daughter out of Sunday School, why they were so disgusted they would even leave the church!

On questioning the minister of the church about such goings on, she discovered that the teacher was a mother of six small children. The week of the party she had several of the children under the weather, and she has not had the time to prepare as she had planned for the party, but rather than disappoint the Sunday School class, she went ahead with it.

Outraged and ready to leave the church, the wee small voice spoke to the ashamed mother who would see a mother of six make time to teach her daughter when she with her family in school had no time. As a result she did not leave the church but decided to accept the challenge and offer her services for the youth. She never again criticized a leader — she knew too well the problems.

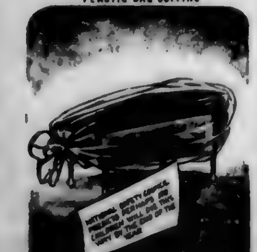
If you find yourself among the talkers, remember the challenge is open to you, too. There are several groups in the town badly in need of leaders. Will you join the ranks of those to whom we offer thanks today?

This Thanksgiving I offer thanks to God for all those who are providing leadership in groups for our family, and all the families of Vermilion.

This is indeed a community affair.

A Grateful Parent

PLASTIC BAG COFFINS



GREEN ACRES

By: H. MORLEY DOUGLAS
District Agriculturist, and
EDWARD DOBKO, Assistant D.A.

H. M. Douglas Edward Dobko

When Artificial Insemination is discussed, most beef cattlemen shrug it off as something okay for dairy herds, possibly some very small beef herds, but never range cattle. Beef men in Saskatchewan have shown that A.I. will work on the range but usually under special [illegible]. This summer a herd of 150 range cows was serviced by A. I at Marsden, Saskatchewan without any more special conditions than on most cattle farms. The herd was held on a comparatively small pasture for a month at breeding [illegible] chutes, every cow was serviced once artificially. At the end of the month the 150 cows were turned out on range with one bull. The Ranchers who did this at Marsden are satisfied that they have more cows bred to better individual bulls than ever before. At Pincher Creek, Alberta, an Artificial Breeding Association has been in operation for one season with eighty per cent of the cows signed up range cows. Among the many advantages to be gained is cross breeding to outstanding individuals. Possibly the general use of Artificial Insemination on range cattle is just around the corner. No farmer can neglect the more rapid gains to be obtained from the larger animals in a good cross breeding program.

SCRAPIE OF SHEEP

Because of Scrapie's insidious nature of spreading its prolonged incubation period control is extremely difficult. Like polio in humans the disease can be transmitted by the inoculation of material taken from the central nervous system of an affected animal. The disease is not hereditary but the offspring of infected ewes may be infected at birth. No one breed is particularly susceptible. However the disease sometimes spreads through breeding lines because of the infection at birth.

The incubation period varies from 6 months to three years. Infected animals are nervous and excitable, scratching off a lot of wool and walk with impaired gait. The disease progresses slowly and eventually causes general debility and death. Control of Scrapie is administered by the Health of Animals Division, Canada Department of Agriculture. To date no treatment is known. Infected animals are slaughtered and the owners compensated. Anything less than slaughter would result in the loss of export markets for Canadian sheep.

POULTRY SANITATION

Proper poultry sanitation prevents more disease than all of the drugs known. One of the greatest sources of germs and parasites is putting young birds into yards and buildings with older birds or without thorough cleaning. If the young birds are isolated from older chickens and turkeys the "disease cycle" can be broken. Particularly for avian tuberculosis and fowl typhoid which are common Alberta diseases.

10% BOARS LOST

Approximately 10% of the boars slaughtered in Canada are condemned because of smell and are consigned to tankage. The loss to the farmer can be easily overcome if boars are [illegible] and kept on the farm for a [illegible] of months before [illegible]. This is especially true of younger and lighter boars.

ROYAL WINTER FAIR

Alberta is sending 22 carloads of livestock to the Royal Winter Fair in November. Vermilion's contribution, in addition to a good number of livestock, is Mr Lyle Robinson who is to judge the Shorthorns. Lyle is known far and wide as a judge but when a man judges at the Royal he has reached the pinnacle of livestock judging.

TIGHT MONEY

Farmers, like everyone else, find that despite great speeches, newspaper columns etc., that you are not for or against tight money. It's a choice of either tight money or inflation.

A WORD TO THE WIVES

A teaspoonful of sugar added to the water when cooking frozen peas does wonders in restoring that "garden fresh" flavor. For variety, try a sprig of mint, or a sprinkle of dried mint, too.

THE Homemaker

NANCY HOOPER
District Home Economist
Wainwright, Alta.

SEWING WITH PLAIDS PATTERN AND FABRIC SELECTION

If you plan to sew with plaid, select a pattern with simple unbroken lines. Patterns with few pieces minimize matching.

Plaids may be either even or uneven. An even plaid repeats its pattern uniformly. The design and color in each block are the same. You can tell uneven plaid by folding the fabric in a true bias. If the lines do not meet and blocks do not space equally the plaid is uneven, requiring careful matching and cutting.

The design of a plaid determines how much yardage it is necessary to buy. Most patterns make no allowance for matching. In sewing with an even plaid, buy one quarter to one half yard extra and up to a full yard for uneven plaids.

LAYOUT AND CUTTING

If the plaid has a prominent lengthwise stripe pin the pattern on the fabric so that the centre front of the garment falls on the centre of the prominent stripe. Notches and seams are landmarks in matching plaids. For example, notches at side seams of front and back skirt pieces should fall on an identical place in the plaid. This way, pieces will match when sewn together. Remember to match notches on the seam line, not the cutting line.

In placing the pattern on the fabric, place the hemline of a prominent crosswise stripe at the lower edge of all pieces of the skirt, jacket and sleeves.

Plan the position of each pattern piece before cutting out a single one.

FITTING

Garments should be fitted from the right side so plaids can be carefully matched. If fitting alters the matching slightly, slip-baste from the right side, matching plaids and making the necessary alterations.

Canada Bonds Good Savings Plan

It seems to us unnecessary, after thirteen previous ones, to urge our readers to sign up for the 1959 Series of Canada Savings Bonds which went on sale Oct. 13.

During World War 2 we developed the savings habit through regular purchases of Victory Bonds and War Savings Certificates. We paid for them outright or we had payments regularly deducted from our bank account or pay cheques.

When the Government asked us after the war through a wide survey as to whether we wished to continue our war-time savings in peace-time, the reply was an overwhelming affirmative. We were not backward in stating what we wanted these bonds to be like.

First of all, we wanted bonds that could be redeemed at par at any time. Secondly, we wanted the privilege of purchasing for cash or through payroll deductions. Thirdly, we wanted the interest to be in coupon form so we could get the thrill of clipping and cashing them.

The first series of Canada Savings Bonds in 1946 had these features and the response to it was such emphatic confirmation of the widespread desire for a Government backed bond that would help and encourage saving, that the offering has been an annual event ever since.

Up to the end of 1958 over 14 million applications for Savings Bonds had been made, and a grand total of $7,857 million had been purchased by Canadians in all parts of the country.

The new series recently announced by the Minister of Finance retains all the unique qualities of past issues. In addition, several new features have been added and the 1959 Series can properly be described as "better than ever".

We are not spending money when we put it into Canada Savings Bonds, we are saving it for ourselves — to help achieve our ambitions or meet emergencies. We are doing ourselves a favor, and at the same time helping the country develop on a sound basis.

Hallowe'en Treats At Homes

MANNVILLE — Hallowe'en this year falls on a Saturday and due to the stores remaining open until 9 o'clock that evening is causing no little concern to the merchants who wish to advise all wee Hallowe'en spooks, goblins and such, that treats are prepared and ready for them at the homes, not at the stores. Someone will be there waiting to gladly give out the packets of goodies. All small people are asked to co-operate and show the merchants that you appreciate their efforts.

On-the-Cuff Buying On the Rise

Canadians owed retailers $877.8 million at the end of June, up 4.3% from year-earlier total of $841.8 million, reports The Financial Post. Largest percentage increases in amounts receivable were posted for fuel dealers, 11.4%, hardware stores, 10.9%, department stores, 8%, women's clothing stores, 7.5%. Receivables of garages and filling stations were 5% smaller.

Canada's first novelist was Mrs. Frances Brooke, wife of the chaplain to the Quebec garrison from 1760 to 1768. Her four-volume novel on life in Quebec was published about 30 years before the first American novel.

In the 1949-1958 period Canada's Gross National Product increased by 97 per cent. In the same years, total government spending increased by 138 per cent.

Mannville Bingo

In the Mannville [illegible] bingo sponsored by the Mannville Elks, the number drawn on Friday, Oct. 9 was O-66.

Numbers drawn to date are:

B — 14, 2, 8, 3, 10, 12, 9, 13, 11, 6, 15
I — 22, 27, 28, 25, 21, 18, 26, 24, 30, 17, 20, 16, 19
N — 44, 33, 35, 32, 40, 38, 31, 36, 41, 39, 42, 34, 36
G — 58, 55, 54, 50, 52, 46, 56, 47, 49, 51, 48
O — 71, 61, 63, 68, 69, 66, 72, 64, 65

In Vermilion cards may be obtained from Walter Fisk.

ADVERTISING speeds the introduction of new products that are needed.

Kitscoty High School Notes

The organizational meeting of the Kitscoty High School Students' Union was held in the high school auditorium on Sept. 29th.

The following officers were elected to the Students' Council:

President — David McCourt; Secretary — Betty Anne Davies; Press Correspondent — Margaret Miles; Vice president — Bob Hiltz; Staff Representative — Miss Dunsmore.

Vera Budzilka was appointed Treasurer by the principal and staff.

It was voted by the student body that parties should be held every second Tuesday in the month.

Each room held an election later in that week, and two representatives from each were elected to the council. They are: — Grade Nine — Heather McGregor, Leonard Kowalchuk; grade ten — Gail Richardson, Eileen Huenichen; grade eleven — Shirley McGuigan, Robert Nelson; grade twelve — Donna Barrett, Gerald McLean.

On October 7th, the newly elected council met to decide upon the committees needed to carry out their functions of the school for the coming year.

Committees were formed from within the council. Conveners are: Sports — Betty Anne Davies, Robert Nelson and Bob Hiltz. Social — Shirley McGuigan, Gail Richardson and Gerald MacLean.

It was decided that all members of the council who were not on the sports and social committees would be on the Radio committee under convener Donna Barrett.

Prior to organization, we went through the usual throes of the new term: time-table conflicts, lonesomeness, and especially the initiation. Now, newly organized, we are busy planning the year's activities, including producing the 1959-60 year book, a winning foursome for curling, and the best graduation of them all.

Farm price supports cost Canadian taxpayers $15,124,100 in the fiscal year ending March 31, 1959.

Mannville Happy Hour W. A. Meet

MANNVILLE — Meeting at the home of Joy Mann, the Happy Hour W.A. of the United Church noted sixteen present on Thursday evening, Oct. 8. Following the worship service and litany led by Edith Laidler, a chapter of the study book was read by educational secretary Anne Malin. It was unanimously decided to hold the annual fall supper on Nov. 4, open to the public. Plans were made to cater to a wedding reception and possibly a banquet, in the near future. Reports of all committees were read and adopted, as were the reports of the secretary and treasurer. Co-hostesses at lunch were Kay Cockle and Linda Scoggins. Lucky guess was won by Mrs. Edith Laidler.

Mannville W. A. Bazaar Date Set

MANNVILLE — Ladies of the United Church W.A. met in the church social rooms Thursday Oct 8th in the evening. Plans were made for the annual fall tea and bazaar, the date being set back to Nov. 21, due to many other commitments. There were 21 present to hear the W.M.S. and W.A. joint rally report. Irene Smith conducted the worship study and led the missionary study. Reports of the various committees were heard and adopted. Lunch followed an interesting meeting.

MAKE THE ARMY YOUR CHURCH HOME

In the current fiscal year the federal government will collect from the public and then turn over to the provinces — in the form of subsidies, grants and other payments — a total of $1,212,000,000, a sum about equal to the amount that the provinces will collect on their own behalf.

MR. AND MRS. CHARLES HENRY HOOKER
—Photo by Photocraft.

St. Saviour's Anglican Church Scene of Pretty Wedding

HOOKER—KRUSHINSKY

St. Saviour's Anglican church, Vermilion, was the scene of a pretty summer wedding, when, on Thursday, July 9, Miss Shirley Ellen Krushinsky, only daughter of Mr and Mrs. Steve Krushinsky, of Vermilion, became the bride of Mr Charles Henry Hooker, eldest son of Mr and Mrs. Duncan Hooker of [illegible].

The Rev. W. A. Champness performed the ceremony before an altar banked with baskets of gladioli and white carnations. White satin bows and Shasta daisies marked the guest pews.

The bride, who entered the church on the arm of her father, looked radiant in a floor length gown of Chantilly lace and nylon net over satin. The lace bodice was embroidered with seed pearls and iridescent sequins. The sleeves tapered to lily points at the wrist. The [illegible] fell from the waist at the back in tiers of lace and net while the front of the gown was embroidered with beads and seed pearls. Her chapel veil of French illusion edged with lace was held in place by a tiara of seed pearls and sequins. She carried a beautiful bouquet of American Beauty roses. Her only jewelry was drop earrings, the gift of the groom.

The bride was attended by Miss Irene Endstrome as maid of honor, and Miss Ramona Harrison, Miss Esther Dickson and Miss Vanda Sperberg were bridesmaids. They were charmingly dressed in pink, blue, yellow and green respectively. They wore matching headdresses and gloves, each carried a bouquet of white carnations and wore drop earrings, the gift of the bride. Two dainty flower girls, Misses Marlene Gould and Hilary Dickson, were dressed in pink and blue nylon lace. They carried baskets of white daisies, their gifts from the bride were necklaces.

The groom was attended by Mr Ken Hansen of Millet, Mr George [illegible], Mr Sammy Little and Mr Bob Hooker. The ushers were Mr Cecil Krushinsky and Mr Robert Endstrome.

During the signing of the register Mr John Webb rendered very beautifully "O Perfect Love".

A wedding reception for over one hundred and sixty guests was held at the Legion hall in Vermilion and to [illegible] guests, the bride's mother wore a blue printed silk dress and a navy duster coat with white accessories and a corsage of pink roses. The groom's mother wore a beige printed silk sheath dress with white accessories, and pink [illegible].

Mrs. Fred Sperberg was in charge of the guest book.

The bride's table was laid with an heirloom lace cloth and in the centre embedded in white tulle was a four-tiered wedding cake, beautifully decorated with silver hearts and white roses. The cake was baked and decorated by Mrs. Fred Sperberg. The bride and groom cut the cake in [illegible].

The toast to the bride was proposed by Mr Harold Whitson to which the groom very capably responded. Mr Whitson, M.C. for the evening, then read a telegram from the groom's relatives in England.

A wedding dance followed the reception, and over two hundred people enjoyed dancing to the music of the Myrnam Rough Riders.

The bride then changed to a blue sheath dress with matching feather hat [illegible] accessories and a corsage of red roses.

After a honeymoon through the mountains to the west coast the happy couple are now residing in [illegible] where the groom operates the local Alberta Wheat Pool elevator.

There were many out-of-town guests present including some from British Columbia, from Saskatchewan and various points in Alberta.

Young People Elect President

MANNVILLE — The Young People of the Anglican church here met on Friday last in the church basement with eleven present. Election of officers was held resulting as follows: President — Karen Hubbard; Vice President — Douglas Blackford; Sec-Treasurer — Janet Laidler. The group will meet every second Monday of the month.

In the last ten years the per capita cost of government in Canada increased from $276 to $[illegible].

With accumulated snowfall amounting to 14 inches of which ten inches was still lying on the level by Monday, the situation for a long winter looked about as grim as it ever has in this district. Very little crop threshed, the feed situation critical, and a winter of seven or eight months duration looming in front. However the weather commencing on Tuesday has raised hopes that the snow will go and the possibility of a month or two of normal fall weather appears bright. Much of the snow has disappeared and the harvest is good. Farmers can at least hold out some hope of retrieving feed. 14 inches snow; [illegible]

LADY CURLERS TO MEET

A ladies' curling meeting will be held in the Vermilion curling rink on Sunday, Oct. 25 at 1:30 p.m. All curlers and prospective curlers please turn out. 14-15

Tea and Parcel Post Held At Derwent

DERWENT — The Anglican W. A. of Derwent sponsored a Tea and Parcel Post on Oct. 8 at the Town Hall. This was the first of its kind at Derwent and it proved very successful.

Proceeds will go toward the Anglican church fund.

Mr. and Mrs. Bob Salt and daughter Brenda of Calgary spent the Thanksgiving holiday visiting brothers and sister in the district and generally renewing old acquaintances.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Earl Markland wish to announce the engagement of their only daughter, Emma Rose, to William Cyril Lumley, third son of Mrs. Ada Lumley, and the late Henry Lumley of Dewberry. The wedding to take place in the First United Church, Vermilion, on November 6th at 2:00 o'clock in the afternoon. Reception will be at 3:00 o'clock in the afternoon in the church hall. Friends and relations please accept this as your invitation.

ENGAGEMENT ANNOUNCED

Mrs. Louise Halvorsen announces the engagement of her youngest daughter, Lillian Elizabeth, to Mr. Thomas H. Wilson, only son of Mr. and Mrs. Thomas Wilson of Vermilion. Wedding to take place Saturday, November 7, at Viking Golden Valley Lutheran church at 2:30 p.m.

Mrs. Myrtle Fair has returned to Vermilion from Matsqui, B.C., where she has spent the past five months visiting her son Robert and Mrs. Fair and family.

Week end visitors at the home of Mr. and Mrs. Pat Donoghy were their niece and her husband, Mr. and Mrs. W. Gibbons, formerly of Glasgow, Scotland, now making their home in Edmonton where Mr. Gibbons is attending the University of Alberta.

BORN — To Mr. and Mrs. Hugh Shepherd (nee Enid Hollen) of Daysland, on Oct. 8, a daughter, Emily Adele, a sister for Gary Dean.

Miss Cathryn Barr is on the nursing staff of the Vermilion hospital for a short time while she is waiting for a friend to complete a special course in psychiatry, after which the two girls will leave for Laguna, California, where they will be on the staff of a hospital newly opened at that point.

Friends are pleased to see Clarence Wilson out and around again after a lengthy seige in the Vermilion hospital and the General hospital in Edmonton.

Ken Caron, pilot officer with the C-P Airlines, is vacationing in Vermilion with his parents, Mr. and Mrs. George Caron. Ken has been stationed at Vancouver but has recently been transferred to Edmonton. He enjoyed a trip south to the goose country last week with his uncle, Curtis Wilson.

Mr. and Mrs. Herman Eyben drop the Standard a line from Cloverdale, B. C., enclosing their renewal sub. They say, "we haven't missed an issue since we came out here 12 years ago and wouldn't want to be without our home town paper."

Mr. and Mrs. Frank Chapman and family spent the Thanksgiving week end with David E. Brown, returning to Calgary on Monday evening where the children are attending school. Frank had been to Penticton, B.C. earlier this fall picking fruit with other missionary workers. He secured a large van load of fruit, fresh and canned, for Three Hills, where he trained for his missionary work.

Miss Anne Beatty of Medicine Hat was here for the Thanksgiving week end visiting with her sister and brother-in-law, Mr. and Mrs. Stewart Barr.

Mr. and Mrs. Paul Berwanick and little daughter Cindy of Lodgepole, Alberta, spent several days during the past week as guests of Jean's mother, Mrs. Grace Hawreliuk.

Mr. and Mrs. Sid Burdett were in Edmonton Thanksgiving Sunday to attend the christening of their grandson, David George, son of Mr. and Mrs. George Burdett of Edmonton.

Mr. and Mrs. W. S. Porter of Dewberry left this week by car for their Vancouver home to spend the winter at the coast.

Mr. and Mrs. Victor Kuzek and little son Murray spent Thanksgiving week end visiting their respective parents in Vermilion.

Miss Anne Stewart of the Edmonton high school teaching staff, spent the Thanksgiving holiday visiting her parents Mr. and Mrs. E. M. Stewart.

Gerry Marshall, taking his second year in Education at the University of Alberta, was the guest of his parents Mr. and Mrs. T. C. Marshall for the holiday week end.

Miss [illegible] of Edmonton was a Thanksgiving visitor at the home of her aunt and uncle, Mr. and Mrs. Ed. Corley.

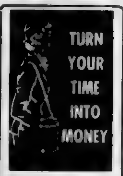
Mr. and Mrs. T. Plovie and family of Edmonton were visitors at the home of Mr. and Mrs. William Choma over Thanksgiving week end.

Miss Lillian Bielech was home from Varsity for Thanksgiving with the family. Lillian is a student in Pharmacy.

CARD OF THANKS

I wish to express my appreciation to Dr. Evans, the nurses and staff of the Vermilion hospital, for their kindness and helpfulness to me while I was a patient in the hospital. I also would like to thank my friends for their cards and kind remembrances.

Mrs. Jim Johnson.



TURN YOUR TIME INTO MONEY

AVON COSMETICS needs mature women interested in good earnings at once. Increased Christmas business means more openings in Vermilion and Mannville areas. Good opportunity for mothers of school age children. Act now and write—

PHONE 40 — VERMILION

Sixteen Years Ago

Oct. 14, 1943

A record number of roads were built in this district during the 1943 season. Hon. W. A. Fallow stated that 2,000 miles of municipal and district roads were graded and 650 miles were gravelled in the one year.

After a run of seven perfect weeks the weather broke Monday with a light but continuous rain. An estimated 20 to 25% of the threshing remains to be done.

Production in the Vermilion oil field for August from 20 producing wells was 10,841 barrels.

Mr. Dick Kostaman of Islay, who was mauled by a bull recently, is now progressing nicely in hospital.

As a rebate to young pilots when they are in trouble, the Vermilion airfield is to be night lighted at all times, according to instructions received by Roy Spencer who supervises activities at the Vermilion field.

It was decided at the last meeting of the Vermilion S.D. board to install fluorescent lights in the main hall and the lab of the Vermilion high school.

32 Years Ago

Oct. 13, 1927

The home of Mr. and Mrs. Harry Palmer of Campbell Lake district was the scene of a very pleasant gathering on the evening of Oct. 7th, the occasion being the [illegible]th birthday of Mr. Palmer.

Burglaries were committed in three parts of town on Sunday morning. The premises entered were M. Weaver & Sons, J. Kobylnyk and the B.A. elevator. On the Wednesday night preceding a bicycle owned by Doug Cooper was stolen right off the verandah of his father's home.

Mary Collett of Mannville was awarded the Governor General's bronze medal for the pupil taking the highest marks in the public school leaving examinations for the Vermilion inspectorate.

Duo-Pianists To Open Overture Concert Series in Lloydminster

The duo-team of Nelson and Neal will be playing in Lloydminster next Saturday, October 17, in the first concert of this winter's series sponsored by the Lloydminster Overture Concert Association.

When Nelson and Neal, duo-pianists, travel to and from engagements, they take their own pianos. They also take their three children, their maid and their home.

The home is a bus, outfitted to house eight people comfortably.

Allison Nelson of Australia and Harry Neal of Tennessee met at the Curtis Institute in Philadelphia, where both were studying piano. They began playing as a two-piano team in 1948, and were married New Year's Day, 1949, at the Philadelphia home of Mr. and Mrs. Sydney L. Wright, also of Jamestown.

In telling of their present bus, Harry Neal explains, "We had three rigs before this one, and each one was worse. Our last was a truck and trailer which was too small when our family began to grow. We wanted to take the children with us."

And Mrs. Neal adds that so many artists travel around the country and come home once a year to their children. They say "my child" and the child runs and hides. The Neals wanted their children with them, so they wrote to several motor companies, stating specifications for their needs. They wanted a bus chassis with the motor in the front — usually it's in the back — and room in the back for the pianos. It had to be self-contained, big enough to sleep eight people, and had to have a complete kitchen and bath, with hot and cold running water, its own generator for heat, sewage disposal and air conditioning.

The motor companies said that it was impossible. So the Neals designed their own. G. M. C. did the chassis, and a bus company built the metal shell, the steel walls and windows. A series of contractors went through and fixed up the inside as the Neals had designed it.

The result is an amazingly compact home, with a separate little two-bed cabin for a servant or a couple. Every inch of space is utilized, and the family enjoys television and short wave radio in addition to the usual comforts of home.

It took an entire summer of hard work to design the interior — to overcome such problems as getting a complete bathroom into a space 45 by 55 inches, over a wheel housing. Now Alison's favorite pastime is visiting trailer parks and clucking over the "waste space" in trailers, as compared to her efficient bus.

John Murray Neal, aged 4, and Mary Catherine, 2, went "on the road" when they were three years old. The youngest, "Alison Elise, was born last Dec. 3, and "didn't start travelling until the end of January", her mother said.

48 YEARS AGO

Oct. 15, 1911

Ferrell & Walker, general contractors, have been awarded the contract for erecting the electric light and power house at $1,918. The building will be of brick veneer.

The two large barns for the cattle and horses at the demonstration farm are finished outside and carpenters are engaged now on the manager's residence.

H. C. N. Shortell has opened a mattress making shop on Main street.

The Canadian $4.00 bill has been improved on. Now there is no chance of mistaking it for a $1 bill.

H. S. Gissford has completed his contract with the town for the building of sidewalks and putting in of crosswalks.

THANKSGIVING OBSERVED

DERWENT — A Thanksgiving mass was held at 10:00 a.m. followed by a Thanksgiving dinner at Derwent on Monday, Oct. 12.

A prayer and Thanksgiving speech was given by Rev. Chernkiewski. The dinner was arranged by the U. C. W. L.

C.G.I.T. TO SELL KISSES

The C.G.I.T. are selling their own special make of Hallowe'en candy kisses on Monday evening, Oct. 19. Proceeds are for the C.G.I.T. funds. When the girls call at your home . . . be generous! 14

WHIST WINNERS

Prize winners at the Legion whist drive last Friday night were Mrs. D. M. Hildreth, Mrs. S. H. Carroll and Mrs. Betty Repp for the ladies. Winning the men's prizes were Mrs. M. Davis, W. J. Bell and Robt. Repp. Travelling prizes went to Mrs. Giles and W. J. Bell.

APPRECIATION

I wish to thank the citizens of Vermilion for the support given me at the polls on Oct. 14th. I shall do my utmost on the council to merit the confidence thus given me.

A. BEN KING.

PARENTS REFUSE TO SEND DAUGHTER TO FIRETRAP SCHOOL

A rare truancy charge is faced by Mr. and Mrs. William Craig of Oak Ridges, Ontario, seen arriving with their daughter Sharon, seven, at family court in Newmarket. The Craigs refuse to let Sharon attend the Oak Ridges public school because they claim it's a firetrap. They were remanded on the charge. Mr. Craig said his daughter was now attending classes at a Lake Wilcox school.

CANADIAN TROOPS HOME FROM GERMANY

Home again in Canada aboard the Empress of France are the Desjardins family of Pembroke, Ontario. Guardsman John Desjardins served with Canada's NATO forces in Germany. With him are his wife, holding three-month-old Paul, born overseas. Father is holding daughter, Nancy, two. Families have been preparing for the big move for some three months now. They have been in Germany for two years and many of the children were born there.

NEWS from KITSCOTY

Mr. and Mrs. Fred Christopher and baby of Fort Saskatchewan were recent visitors to the home of their mother, Mrs. G. Christopher. Mr. Dennis Christopher of Terrace, B. C. visited his sister-in-law, Mrs. G. Christopher for a few days last week.

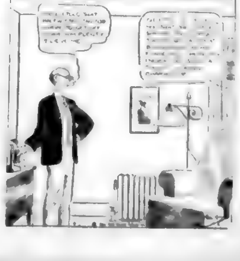
Life's Darkest Moment



Fashion Note

In store for the fashion-conscious this winter are bulky, loose, long-haired sweaters for women and the lithe cosmopolitan look for males, reports Ray Magladry in The Financial Post.

This fall, brown has stepped out as a tone that can ring cash registers.

It's going into display materials and stands out among heavily-promoted fabrics and materials.

Some of the other trends:

Big promotion of hosiery is under way, sparked by some new talking points on texture. That includes diamonds, stripes, lace weaves and shimmering gold and silver in stockings. It started within the last three years after tinted nylons made their debut.

The female toe will still be pointed, but with variations, sharper and longer or squared off. New slim, fairly low heels are available which give illusion of being higher than they are.

Check that date now.

The name of the Bay of Fundy was probably originated by Portuguese explorers who marked the bay on their charts as Rio Fondo, meaning deep river.

ONLY ASSOCIATION MEMBERS ADMITTED

F.U.A. Complete Meetings Series; Plan Membership Drive, Forums

The Farmers' Union of Alberta has just completed a very important series of meetings throughout the province — Lethbridge, Three Hills, Vermilion, Edmonton and Rycroft were the centres chosen. — and brought together the majority of board members of the F. U. A., as well as field staff of the Co-operatives. The president of the F. U. A. Mr Ed Nelson, Executive Assistant Mr. Del McCorkle, and Mr Floyd Griesbach, the director of the newly established department of education and co-ordination, were in attendance.

The purpose of the meetings was two-fold: — (1) To provide all the directors and sub-directors with the latest information to get the membership drive underway the week of November 9th to 14th. (2) To introduce Floyd Griesbach to the various members of organizations and to lay plans for one of the most ambitious Farm Forum listening audiences ever attempted in Alberta.

It is planned to have 2,000 or more groups of 10 to 15 farm people listening to Farm Radio Forum on the evening of November 9th. The Alberta broadcast will feature an announcement of the Farm Organization's program of education and co-ordination, and a panel of Albertans will discuss its implications and purposes.

Program material will be going out to all the locals in the province beforehand. Each F. U. A. local will receive material before the broadcast and it is hoped to have every group spend some time in discussion and make a report to central office. Never before has there been such a concerted effort to have every farmer, in the province of Alberta listening to a farm broadcast which will be featured on the following stations that evening (8:30 p.m., Monday, Nov. 9th) CKX, CHKA, CJOC, CFAC, CFGP and CKYL.

The president, Mr. Ed Nelson, will also take part in the regular farm forum broadcast from Toronto the week before — Nov 2nd at 8:30 p.m.

Islay Hospital Board Meets

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on Tuesday, Oct. 6 at 8 p.m. with Messrs. Shirreff, Shaw, Garnier and the secretary present.

The minutes of Sept. 1 meeting and the financial statement were adopted as read.

Members were notified of the North-East St. Paul conference in Smoky Lake Oct. 15 and the Associated Hospitals of Alberta convention in Edmonton on Oct. 27, 28 and 29.

Matron's report: In hospital 10; admitted 20, discharged 20, remaining Oct. 1, 11; out-patients 1; births 3, deaths 1; operations 1; X-rays 10; receipts $4169.20.

Bank Bal. Sept. 1	$12,380.40
Sept. Receipts	4,169.80
TOTAL	$16,530.20
Sept. Accts. Payable	3,284.74
Bank Bal. Sept. 30	$13,285.44
Earnings Unp'd Sept. 1	1,008.85

Meeting adjourned to meet on Tuesday, Nov. 3 at 2 p.m. in the hospital.

Insurance Agents To Meet Nov. 2 & 3

More than two hundred insurance agents from throughout Alberta will meet in annual convention Nov 2 and 3 at Edmonton's Macdonald hotel to study latest developments in fire, auto and casualty insurance.

Insurance rates, suggestions that a "demerit" system for traffic offenders be introduced in Alberta, and home and highway safety programs will be discussed by the province-wide Insurance Agents Association of Alberta.

The association represents an industry handling some $50 million worth of annual premiums in Alberta.

The clothing and textile industries employ 180,000 Canadians and are the largest source of jobs for Canadians of any of the branches of manufacturing.

RED CROSS HEAD

John A. MacAuley, Winnipeg lawyer, has been elected chairman of the board of governors of the League of Red Cross societies. He is the first Canadian to hold the top voluntary position in the 40-year-old history of the league which is an international federation of 84 national Red Cross, Red Crescent and Red Lion and Sun societies.

Boy Is Injured While Sleighing

MANNVILLE. Terry Hasinoff, son of Dr and Mrs. David Hasinoff, is recuperating at home after receiving an injury while sleigh-riding with a friend, Derek Boe, on Saturday. A piece of thick wood from the sleigh became embedded in Terry's thigh. Derek removed it and brought Terry to the hospital on a sleigh, where Dr Hasinoff treated the wound. Terry has been laid up for the past few days as a result.

Toronto Royal Winter Fair

Selection of the 1959 Live Stock exhibit for the Toronto Royal Winter Fair is completed for most classes of stock announces the Hon. L. C. Halmrast, the Minister of Agriculture. The exhibit this year will be comparable in size to that of 1957 and 1958, being approximately 22 carloads comprising of 14 cars of beef cattle, 3 of dairy cattle, 2 of horses, 1½ of sheep and 1½ of swine. There will be 26 single steers, 4 carload lots of 12 steers, 5 groups of 5 steers, 74 breeding stock, 33 dairy cattle, 8 dual purpose cattle and 30 hogs. The sheep selection is not yet completed. The shipment will be made via CPR leaving Edmonton Nov. 2 and Calgary Nov. 3.

How about that SUB. date?

SQUARE NOTES From Circle 8

When you go to a dance, you go for one thing
You go to have fun, so get in the swing.
Scrub up real clean and wear your best smile
Deod'rant won't hurt for it's always in style.
If nothing goes right and everything's blue
Examine yourself: you may find it's you.
Leave it to others to sulk and to pine
Be cheerful always: you'll have a good time.
Show respect for your caller and officers too
For they have their troubles, organizing for you
Give them the praise for a job that's well-done
They are working for you and not just for fun
Search the world over and gamble for chance
If it's fun that you're craving, you ought to Square Dance!

The Vermilion Circle Eight club held their first dance and general meeting on Saturday night, October 10th in the Bowtell hall. It was very pleasing to see so many members out having so much fun.

This Friday evening, October 16 in the Bowtell hall a social evening will be held for all members and all those interested in square dancing. Members are asked to bring at least one couple with them as their guests. Don't forget folks, those who are interested, try to be there as arrangements for lessons will be made immediately.

The next regular dance will be held in the Bowtell hall on Friday, October 23. Johnnie Maxwell will be doing the calling and everyone is welcome.

Peace River Power Project Underway

Stand by for a multi-million spending spurt on wages, machinery and materials as the giant Peace River power project gets under way next spring, says The Financial Post.

The first $375 million stage of the job will probably get started in May or June. The entire project will pump $611 million into the B.C. economy and into company coffers across Canada before it's finished in 1976.

The 'go ahead' decision came from Peace River Power Development Co. last week.

The move implies B.C. will get stabilized electricity rates for many years to come. And Canada will claim a 'first' in long range high voltage power transmission. The Peace project's 550-mile line will carry 500,000 volts.

GOLDEN AGE CLUB SOCIAL

The monthly meeting and social of the Golden Age Friendship club will be held on Wednesday Oct. 21 at 8 p.m. sharp. Bingo will be played, the prizes donated by the club. If the members are late in arriving the games will have to be limited. Lunch will be served. 14

PARADISE VALLEY NEWS

Congratulations to Mr and Mrs Peter Wolfe of Didsbury, whose marriage took place on Friday October 9th at Didsbury Alberta. Mr Wolfe is a former resident of Paradise Valley, and a son of Mr and Mrs Peter Wolfe of Paradise Valley. Mrs Wolfe was the former Miss Joanne Adams of Didsbury. Mr and Mrs Peter Wolfe Sr and Mrs Robert Bleakley went down on Thursday to attend the wedding.

THANK YOU!

With the coming week end we will be terminating four years of service in the church and community here in Paradise Valley. We would like to express our thanks for the friendship and sincere goodwill that has been extended to us during our stay. The help and interest in our building program, the fine support of our summer camp and other endeavors has been very gratifying. To the congregation it has been our privilege to serve, our appreciation for the faithful [illegible] and encouragement in this our first pastorate.

Rev. and Mrs. Harvey Johnson, Church of God

Not since 1919 have we had such a quantity of early snow as we had over the week end. At time of writing it looks very much as if it's here to stay [illegible] spring. Shortage of feed may be a real [illegible] to all farmers. No straw [illegible] to carry over [illegible] that [illegible]. We would [illegible] that not [illegible] of the harvest is complete in this district.

Showing this week end "Written On the Wind" starring Rock Hudson, Lauren Bacall and Dorothy Malone, in technicolor. Fri and Sat. Oct. 23 and 24. "The Left Handed Gun" starring Paul Newman. News reel each week. 14

Hazeldine W. I.

The Hazeldine branch of the A.W.I. held a regular monthly meeting at the home of Mrs Lloyd Hanna on Tuesday, Oct. 6.

The branch intends to start the new W.I. study program in January. A pot luck supper will be held in the hall Nov 8 and a whist drive is planned for Friday, Oct. 23.

A contest sponsored by Mrs Lloyd Hanna was won by Mrs. Frank MacLean. Mrs C E Attfield and Mrs. A McAfee. Lunch was served by the hostess ably assisted by Mrs. John Whiteside.

Canada's production of steel ingots totalled 3,246,930 tons in the first seven months of 1959 compared to 2,686,833 tons in a like period of 1958.

— *(Author's Name Below)* —

Health officers are concerned about the extravagant claims some door-to-door salesmen are making about the food supplements they try to sell. They sometimes promise that certain diseases can be cured by their products.

These people, who have no medical training, do not realize the harm they do. That is why all vitamins and other health aids should only be obtained from a pharmacist. Vitamins, that are potent enough to cure disease, should only be taken according to a physician's specifications, after his diagnosis has indicated their need.

A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

BOWTELL BULLETIN

Due to illness at Mrs. Robinson's the October meeting of the Leader's club was held at Mrs. Sheppard's. Despite the bad weather, five members were present. It was decided to have the November meeting at the home of Mrs. D. Harrison in the form of a pot luck dinner at 12 o'clock sharp. Don't forget that the husbands are invited, too, ladies!

We are sorry to report that the Payne children are victims of measles.

Mr. Milley was unable to get the children to school Friday over the snow blocked road. The snow plow opened it Saturday October 10.

We wish to extend our deepest sympathy to the Bothwell family in their recent sorrow.

It is nice to have our telephone line working well again. The buzz that had been on the line for some weeks was located and eliminated by Mr. Keating on Monday.

SANATORIUM ESKIMOS CONFIRMED

Rt Rev Donald B Marsh, Anglican bishop of the Arctic made a trip from Canada's north to Hamilton, Ont. The trip was made to Hamilton Sanatorium for confirmation service of 12 Eskimos. Above he confirms Nikotiak, 18, of Baffin Island.

NEWS from ISLAY

On Friday evening Oct 2 a shower was given for Miss Erva Sweet whose wedding was solemnized Monday, Oct 5 at 3 p.m. in the Islay United church. Sixty-five were present at the shower. After some contests two tiny nurses appeared, spoke to Erva, saying "We have a patient on a cot out here, if we bring it in will you look at it?" So, Erva being a registered nurse said she would. In came the cot and the patient looked real enough, knees drawn up. The nurses said: "He has so much pain he had to draw up his knees". Turning back the sheet, Erva discovered the cause, a pile of gifts. Assisted by her mother and sister Elaine Erva opened the gifts, many and varied, all useful. She very nicely thanked her friends, a number being present from Vermilion. Mrs Sweet also spoke, thanking the ladies for their kind wishes and gifts to Erva. Mrs. Martin then read a poem, of some length, to Erva, written by our own rhymster, Mrs Helen McLennan. A very lovely lunch was served and a friendly chatty time was spent.

Results of grade 9 exams in our Islay school were most satisfactory. Of nine pupils, all passed, some with an honor diploma. One boy, Jimmy Maire, won the Governor General's medal. Congratulations Jim, and Mr Merlin Moncrieff, our school principal. We believe this is the second time such an honor has come to the Islay school. Once before, Annie Sanderson won [illegible] medal. Her father was a C.N.R. employee here. Maybe the records of the Standard [illegible] substantiate this, possibly 28 years ago.

The Islay [illegible] has been cancelled for this year. The [illegible] have had so many events, and still some to come, the annual banquet [illegible] on [illegible], that they [illegible] it best to cancel the supper.

This community was greatly saddened by the sudden death of Mrs. Thomas Bothwell. She was always such an energetic, bright little person, ever willing to help in all our church and community affairs, particularly in the early days. Both Mr and Mrs Bothwell supplied music for many district gatherings. We of the church W.A. have missed her much since they left the farm. Their home was always open to their friends and warm welcome given. Her death leaves a great vacancy. Sympathy of this community is extended to the family in their time of sorrow.

A WORD TO THE WIVES

When peeling potatoes for potato salad cut them into small cubes before boiling. They will then cook [illegible] quickly and when cooled are [illegible] ready for the salad.

Farm price supports cost Canadian taxpayers [illegible] in the fiscal year ending March [illegible], 1959.

Escape from TV?

Escape from TV may become more difficult, says The Financial Post. U.S. firm plans to show special programs featuring the weather, women's services, community bulletins and so on, in supermarkets and in laundry chains. It may be just a matter of time until the trend reaches Canada.

In the last ten years the per capita cost of government in Canada increased from $275 to $520.

Health Unit Notes

ASPHYXIA — STOPPAGE OF BREATHING

Respiration includes the passage of air through the nose, throat and windpipe to the lungs, the transportation to the tissues of oxygen picked up from the lungs by the red blood cells, and the control of breathing by the respiratory center in the brain.

Interference with any of these processes causes asphyxia. Some of the more common causes are as follows:

1. Obstruction of the air passages to the lungs either from without, as in smothering and strangulation, or from within, as in choking and submersion, so that air cannot reach the lungs.

2. Paralysis of the respiratory centre of the brain, as in electric shock, the swallowing of drugs which act as nerve poisons, and the breathing of excessive amounts of anesthetic gasses like chloroform, so that the breathing muscles cannot work.

Interference with the oxygen-carrying function of the red blood corpuscles, as in the inhalation of a gas which acts as a chemical asphyxiant, for example, carbon monoxide

4. Lack of oxygen in the air breathed, as in old wells, mines, storage bins, or airtight vaults, where oxygen has been replaced by carbon dioxide through the process of oxidation.

CHOKING AND STRANGULATION

Choking or strangulation may be caused by anything which constricts the neck, such as a rope in hanging, or by objects stuck in the throat or windpipe, such as bones, coins, or pieces of food.

WHAT TO DO: — Rescue by quickly cutting any constriction around the neck or, if something is lodged in the throat or windpipe, slap the victim vigorously on the back between the shoulder blades. While you are doing this, the victim can assist by bending forward or by lying crosswise on a bed on his abdomen with his head and shoulders hanging over the side. If the victim is a child, hold him upside down by the heels and slap his back. This may dislodge the object. If breathing is difficult after the object has been removed, it may be necessary to give artificial respiration.

If the object is not dislodged, send for a doctor at once or rush the victim to a doctor's office or hospital. If necessary, give artificial respiration on the way.

ELECTRIC SHOCK

Electric shock occurs when an electric current passes through a person's body. The conductor of the electric current may be a live wire or rail, or faulty electrical equipment. When a person is struck by lightning, his own body acts as the conductor. The victim of electric shock suffers [illegible] loss of consciousness, stoppage of breathing due to paralysis of the respiratory center in the brain and possibly severe burn.

RESCUE: — Contact must be broken immediately between the victim and the electrical conductor. Do not touch the victim's skin or clothing (which may be damp with perspiration) with your bare hands while he is still in contact with the current. It is as dangerous for you to touch his skin or his clothing if it is damp, as to touch the wire, rail, or other conductor itself. Turn off the current if you are near the switch or powerhouse. If this cannot be done stand on a folded dry coat or on newspapers or a dry board, and with one hand protected with several thicknesses of dry cloth or newspaper or with tested rubber gloves grasp a dry part of the victim's clothing and drag him away from the conductor. It may be possible to push a live wire off the victim with a dry wooden stick, or to pull the victim off a live wire or rail with a piece of dry rope or handkerchief looped over his hand or foot.

FIRST AID. — After contact has been broken with the electrical conductor, there is no danger of shock in touching the victim. A person who has been struck by lightning may be touched at once, since the electric charge has been expended into the ground. If the victim is not breathing start artificial respiration immediately and have a physician summoned. Immediate artificial respiration within a few minutes will save about 75 per cent of those without heart damage; a delay of minutes will reduce the number saved to 50 per cent. Apply dressings to the burns if there are any after the victim has been revived.

RECOVER STOLEN PAINTINGS

Six masterpieces stolen from the Toronto Art Gallery have been recovered. They were found in an unlocked garage in the city. No arrests have been made but police indicated they may know the identity of the thieves. The surfaces of some of the paintings were considerably damaged. Art gallery director Martin Baldwin, left, inspects the paintings with detectives William Dent and John Smith. The paintings are insured for $640,000 but are valued much more highly by collectors.

News from Tulliby Lake

It is common knowledge that the Tulliby Lake district is well known for its ranching. Back in the days of the late Harry Ferris a number of interested cattle raisers organized the Tulliby Lake Stockmen's Association. They formed a large area of grazing land around Prairie Lake. Every spring a large trek of cattle is seen going north to graze for the summer months. The journey back south is now well underway with chuck trucks and cowboys being the order of the day.

Juvenile Behrens has received another recording from his world tape pal way down under in Australia. This featured the music of a score of Australian country and western stars. Juvenile reports this music as very fascinating and compares it quite favorably with that of this land. Accept these lines as your invitation to drop in at the house on the hill and make your observations.

Mrs. Louise Huntly was unfortunate in suffering another fall. This time she was just leaving the porch to do a little more practising with her crutches when she slipped. X-rays at Lloydminster revealed that she had severely strained her wrist but it was most fortunate that her previously broken hip was not hurt. Mrs Huntly is receiving medical attention in the hospital at Lloydminster.

The Greenvale Mutual telephone lines proved too weak for the snow storm Tuesday night and as a result about thirty poles were lying flat the next morning. Some poles even interfered with traffic on the highway. Circuits 12 and [illegible] of the Marwayne Mutual line didn't fare much better with poles down at various spots also.

Mrs. [illegible] Hayes found troubles a plenty when paying a neighborly [illegible] at the Ian Forbes home. She was met at the porch door by an angry dog. As she moved cautiously backwards in order to be able to keep an eye on the dog [illegible] heel caught on a board and she took a nasty somersault. The dog then rushed in and gave her a bite just above the ankle. The result was a wrenched back for Myrtle accompanied by a sore leg for several days.

Doug Cooke has purchased a couple of registered Charolais heifers at a cost of $700 each. Doug's [illegible] are to build up a fully accredited Charolais herd and eventually to dispose of his Hereford line.

Alec Nelin has a combination house and garage under construction [illegible] east across the road from the Municipal Nursing station.

Louise [illegible] Karlene the eldest daughter of the former Elsie Fox is attending the University of Alberta.

Weddings are still the order of the day in the district. The most recent one was last Saturday when Betty Kryder was married to Donald Hornes. The very best of everything is wished them with the hope that theirs will be a long and happy wedded life.

Mrs. Helen Lee has returned to her job after spending a vacation here with her mother and two brothers.

Mrs. Tom Brind of Chilliwack, B.C. was here to attend the wedding of her eldest son Stanley.

A power failure disrupted service here from 4:30 to 11:00 o'clock on Wednesday morning. Another failure but of a much shorter duration blacked things out on Tuesday evening.

John Johnson has ceased to drive the cream truck as he has been transferred to the Pool's branch at Mannville.

Maxine Belsheim is taking her grade 10 at the Camrose Lutheran college.

Elmo Ward has a house under construction east across the side road from the Municipal Nursing station.

Mr John Kay is visiting with his daughter Thelma and family Mr and Mrs Frank Robinson in the Islay district.

Corn, corn and still more corn! Jill Newcombe was successful in growing a variety this year that had never been recommended for this area.

The Kechenger 'cats' from north of Lloydminster have done a sizable amount of brushing for Doug Cooke and Stanley Walterhouse.

Heartiest congratulations to Gordon MacKenzie on the occasion of his marriage to Elizabeth Lynch Staunton.

No — Belief in God Is NOT Enough!

Many people are risking their eternal salvation on a "religion" of their own... which is actually no religion at all.

"Oh, I believe in God," they say, "but I don't go to church. I'm just not the religious type."

Almost everybody, of course, believes that there is a God. Common sense tells us that this is so. But if we actually believe there is a God, should not that same common sense tell us we must do something about it? And how can we give expression to our belief in God if not through religion?

Religion is simply the consequence of our realization of Who God is. It is our striving to be honest and consistent with this knowledge — to learn and fulfill our duties to our Creator.

Catholics believe that God created us for a definite purpose . . . that He gave us the intelligence to recognize what that purpose is — and the means to fulfill it. It is through our religion that we give evidence of our desire to honor and serve God. It is through religion that we approach God in faith, repentance, love and gratitude.

If you are living in the belief that you don't need religion . . . that all you have to do is to believe in God and live a moral life . . . we urge you to ask yourself these questions — NOW. "Why am I living? Why did God create me?" The most elementary common sense answer is that you are living because God created you . . . and that God has a purpose in doing so. Catholics believe it is our duty to find out what God's plan is for our lives — and do our best to live it.

Free

If you have been living without any deep religious convictions . . . it will pay you to read a specially-prepared pamphlet which we will send you without cost or obligation. It discusses such questions as: Can the truth of Christianity be proved? Is it harmful to ignore religion? Is science, ethics or education a substitute for the Church? Also other topics that should concern you deeply. For free copy write today . . . ask for Pamphlet No. KC-18.

TOWN ____________ PROV. ____________

WILDMERE [illegible]

The snow is still with us and it looks like it will remain unless things change soon as Vermilion is quite often the coldest place in the forecast area.

The ducks and [illegible] are still here. Good [illegible] are reported on Wallington's and Cairns lakes. The hunters have not been doing so well and their new retriever "Wally" can't find anything to bring back.

The heavy snow blocked some of the roads and school buses were stuck here and there on Friday morning. Lindy Fadden, the maintainer operator, cleared a few of the bus roads between trips.

Alfie Fadden, the Triangle bus driver has been using brother Bertie's car and Willie Clark's car while his bus is undergoing repairs.

Mr. and Mrs. W. T. Garnett are the owners of a TV set purchased last week.

The Wildmere W.I. apron and home cooking sale brought nice returns on Saturday. Thanks to the management of Stephens for use of [illegible] and to the public for patronage.

Mr. and Mrs. David [illegible] were pleased to have the latter's brother Mr. and Mrs. Clifford Robinson and family from Red Deer visit them over Thanksgiving week end.

Mr. and Mrs. Ronnie Lake and family visited the latter's parents Mr. and Mrs. Lindy Fadden over the week end.

Mr. and Mrs. Cliff Crathers and family were supper guests at the home of Mr. and Mrs. W. G. Smith on Monday evening.

Mr. and Mrs. Floyd Best visited at the Holte home on Sunday.

Dave Hughes and Albert Smith are having a bout with the flu.

It was nice having a short call from Mr. and Mrs. Wallington on Monday when they were on their way back to town from visiting at the Fadden home. Mrs. Wallington would like to remind everyone that the Preston Home and School meeting will be held on Wednesday, Oct. 21st at the school at 8 p.m. Keep this date in mind.

Congratulations to Mr. and Mrs. Frank Farkash of Thorncliffe on the birth of a daughter on Oct. [illegible].

Visitors at the [illegible] home on Sunday were Mr. and Mrs. Bob [illegible] and [illegible] and Ron Hemmingway.

Home for the week end from varsity were Ken Graham and Mary Gibson. Baillie Holte was home from Calgary where he is taking an electronics course.

Tickets are being sold on a pig donated by John Tattersall [illegible] of Wayne Isles who is still on his back in a Vancouver hospital. A very nice gesture [illegible].

Bud Baker stopped for a short visit at the home of his sister Mrs. Waldo Westman on Monday on his way back to Lloydminster. Mr. and Mrs. George Webb and family were supper guests at the same home Sunday evening.

This is teachers' convention time so the pupils as well as the teachers will enjoy a couple of days off this week.

CLEAN STORAGE FOR GRAIN
The provision of insect free, weather-proof buildings for the storage of new grain, does much to ensure that grain will not spoil. It will pay, therefore, to thoroughly clean and spray all bins that are to be used for grain storage. Such precautions pay real dividends.

ANTIQUES RECALL CANADA'S PIONEER DAYS

[illegible] MacDonalds have a hobby they can all share in. It's collecting antique Canadian furniture and they have quite a collection. The prize feature of their collection is an old log cabin in which 21 children, offspring of the original Ponoltons, lived 120 years ago. Other collectors' items which they have are a Paul Revere-style gas lamp, an old pump and ancient organ. Here Mrs. MacDonald pours tea while sitting on an old cobbler's bench, one of the many white pine pieces which give pioneer flavor to their country home in the Hockley Valley in Ontario.

OUR LETTER FROM EDMONTON

Weather Deals Heavy Blow To Western Farmers

by KEN MASON

EDMONTON — Hasty observation on return to Alberta after two weeks in warmer climes: It's cold.

Not only that but an uncooperative weatherman has dealt one of the heaviest blows in years to the province's farmers according to reports compiled by the Alberta agriculture department.

Last week nearly fully 60 per cent of the wheat crop was still to be harvested. The Alberta Wheat Pool said continuing wet and cold weather had made the situation critical.

As the blizzard raged worried farmers were kept off the land where only 36 percent of the oats, 53 percent of the barley, 81 percent of rye and 38 percent of flax crops were harvested.

The situation is the worst since 1951. Not since 1951 have farmers faced the prospect of having to let crops lie in the fields all winter.

HEADACHES FOR ALBERTA HIGHWAY BUILDERS

The early arrival of winter also brought new headaches to Alberta roadbuilders as if they hadn't enough already what with wet weather keeping crews idle during much of the construction season.

Highways Minister Gordon Taylor admitted last week that the heavy snowfall throughout most of the province had just about delivered the death blow to his record construction program and that there was no hope of completing it this year.

He said there's an outside chance this year's grading work may be completed if the weather clears but asphalt surfacing and stabilized gravel base course work have all but stopped. This year's road program was to have been the biggest on record in Alberta but from the outset it was plagued by work stoppages and lost shifts brought on by bad weather.

At week's end the only happy people were duck hunters who felt the cold weather and swirling snow would be just right to make the ducks fly down the old gun barrel.

WINTER WORKS PROGRAM AVAILABLE OR M. D.'s

Arrival of winter coincides with a government reminder to municipalities that the winter works encouragement program will be starting again this year — December 1.

Under the program, federal and provincial governments encourage municipalities to undertake special winter works projects by paying [illegible] percent of labor costs. The federal government pays 50 percent, the province 25 percent. The idea is to stimulate winter employment.

Bill Isbister, assistant chief municipal inspector for the government will be administering the program in Alberta again this year. He reported last week that wages totalling $2,[illegible] were paid out last winter under the program. Of this the federal government contributed $1,[illegible] and the province paid more than $[illegible].

The program provided 173,[illegible] man-days of work during the winter season but there is no way of telling how many of these man-days would have existed without the special program.

At any rate it's a good deal for any municipal council which wants to save money on labor costs by working during the winter in road and sidewalk improvements, sewer and water facilities, park and playground development or bridges.

In addition to picking up a quarter of the labor costs the province is willing to lend money to municipalities to help finance special winter projects.

CONSIDER TOURIST TRADE

The capital city played host last week to some 300 delegates attending the annual convention of the Canadian Tourist Association.

One of the keynote speeches was given by Alan Field, director of the Canadian Government Travel Bureau, who said promotion of travel in Canada is inadequate. He warned that the Canadian tourist industry must set its sights higher if it is to succeed in "unparallelled competition" in the next decade.

Another of the main speakers was Premier Manning who said tourism can neutralize current world-wide dangers and bring a closer bond of friendship among the nations of the world. "Tourist interchanges enable persons from many parts of the world to know, understand and appreciate each other and their problems," the premier said.

Looking for Tariff Cuts?

The government has asked Canadian manufacturers for suggestions on tariff reductions to be discussed at the 1960 conference of the General Agreement on Tariffs and Trade, reports The *Financial Post*.

"If we're going to get other countries to lower their trade barriers, we'll have to give something in return, and the department would like to hear suggestions about things we could give as well as about things we could get."

SCOUT, CUB APPLE DAY

The Cub and Scout Apple Day is Saturday, Oct. 17. The boys are now taking orders for boxes of apples, to be delivered on Apple Day. Support the boys by buying a box of apples. 13-14

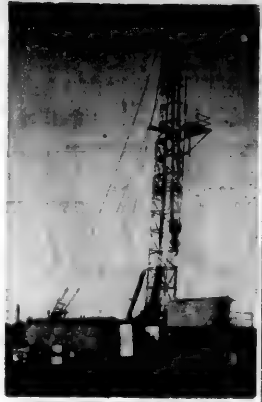
THE VERMILION STANDARD

Vol. LI. No. 15. $2.50 a Year Vermilion, Alberta, Thursday, October 22nd, 1959. 12 PAGES Single Copy 10c



The Bawden Drilling Company is shown drilling the first of eight wells on the Leo Klashinsky farm, just north-west of Vermilion. It is planned to drill to a depth of from 5,000 to 6,000 feet if necessary.
Photo by Photocraft

Oil Drilling Returns To Vermilion Area

Eight Wells to be Drilled on Klashinsky Farm; Seek Oil at 5,000 to 6,000-ft. Depth

Drilling in search of oil has returned to the Vermilion district after an absence of some twelve years. At one time Vermilion was the centre of a thriving oil drilling and oil producing program. In fact, from the years 1940 to 1945 the Vermilion oil field, some seven miles east of town, was the second highest producing oil field in Canada, second only to Turner Valley. An oil cleaning plant was operated at Borradaile and the product was used for fuel oil for which there was much demand during the war years.

The very heavy crude produced from the wells, the thin oil sand, and the discovery of so many other oil fields in the intervening years, caused the abandonment of the Borradaile area wells.

Now the Standard Oil of California, which company had a seismographic survey made through the area, are having 8 wells drilled on the farm of Leo Klashinsky located six miles north and two miles west of Vermilion. The drilling is being done by the Bawden Drilling Co. and plans call for drilling to a depth of from 5,000 to 6,000 feet. This is considerably deeper than the wells in the Borradaile field which were in the proximity of the 2000 foot level. No drilling has ever been done in the area now being tested.

The Bawden Drillers moved thirty-two truckloads of equipment through town last week and have already spudded in their initial well. The results of the drilling program will be awaited with interest.

Will Confer On Harvest And Feed Conditions

Attention of the Alberta department of agriculture was directed to the disastrous harvest and crop conditions in this constituency by the M.L.A. prior to the heavy snowfalls. Following these snowfalls which rendered conditions absolutely desperate, additional representations were again made by Mr. Cooper supported by Reeve Art Roland of the Minburn M.D. Mr. Roland was informed by the Minister of Agriculture that the first representations in the province on this matter came from the Vermilion member, Mr. Cooper.

As a result, the Alberta department of Agriculture has now conducted a wide survey by sending out all the fieldmen of the department. Making the survey in this area was Arthur Wilson, field crops commissioner for the province, who was here on Monday of this week. The data gathered will be the subject of discussion at a meeting in Winnipeg this week with Prime Minister Diefenbaker and three of his cabinet ministers who are coming west to confer with officials from the three prairie provinces. The seriousness of the conditions have thus been recognized.

Thursday of last week, Mr. Cliff Smallwood, M.P. for Battle River-Camrose, came over from Irma and conferred for an hour with the Vermilion Constituency M.L.A. regarding the possibilities of freight and other assistance on the moving in of livestock feed, which will of necessity have to come from quite some distance. Mr. Smallwood held himself in readiness to return to Ottawa to confer with Agricultural Minister Harkness.

The activity thus commenced locally has gathered momentum with support from other members and farm organizations culminating in the top bracket conference in Winnipeg this week.

Record Number Attend Teachers' Convention; Enjoy Good Program

A record number [illegible] attended the Vermilion convention of the Alberta Teachers' Association held at the School of Agriculture on October 15 and 16. Teachers from the Vegreville, Wainwright and Vermilion divisions attended. Vegreville S. D. had 108 teachers in attendance, 100%. Wainwright had [illegible] and Vermilion 120.

Among the guest speakers were W. B. Dockrell, assistant professor of Education, University of Alberta; Hon. A. O. Aalborg, minister of Education; and [illegible] A. Smith of the faculty of Education. F. J. C. Seymour and Mrs. J. Saville represented the Alberta Teachers' Association.

Superintendents J. H. Blacksidge, Vermilion, F. B. Facey, Vegreville, L. G. Hall, Wainwright and J. C. Jonason, high school inspector were present in the capacity of consultants.

General and workshop sessions formed the convention program, with the entertainment being a banquet and dance.

ELECT NEW EXECUTIVES

On Friday morning from [illegible] a.m. to 12 noon the three locals held separate sessions at which the new members of the executives were elected for the ensuing year. The officers are as follow:

VERMILION LOCAL

President, Miss Marjorie Knapp, Vermilion; Vice President — Martin Shalka, Vermilion; Sec.-Treas., Clarke Robinson, Kitscoty; General meeting councillors, Mrs. M. [illegible] Knapp, Merlin Moncrieff, [illegible] W. F. Stewart, Vermilion.

WAINWRIGHT LOCAL

Immediate Past President, Mr. Alan Renaghan; President — Mr. Don Harris, Chauvin; Vice-president, Mrs. N. Casselman, Wainwright; Sec.-Treas., Mrs. O'Brien Smith, Edgerton; General Meeting Councillors — Mr. J. Sheer, Wainwright, Mrs. Lehr of Edgerton.

VEGREVILLE LOCAL

Immediate Past President, Mr. Louis Maiko, Vegreville; President, Ronald Forsyth, Mannville; Vice-President — Mr. Harry Chomyk, Innisfree; Sec.-Treas., Allison Toronchuk of Mannville; General meeting councillors, Louis Maiko, Ronald Forsyth, Harry Chomyk.

Frank Welsh of Vermilion was the convention secretary.

Dominion President, Canadian Legion, To Visit Vermilion Branch Oct. 29th

D. L. BURGESS, M. B. E., M. C.

The Vermilion Branch of the Canadian Legion is being honored on Thursday next by a visit from the Dominion President, D. L. Burgess, M. B. E., M. C. who comes from Ottawa.

Recently elected as Dominion President, David L. Burgess was born sixty-six years ago [illegible] Ontario. He came to Western Canada as a young man and during the first world war enlisted at Prince Albert, Sask., in the 188th Battalion, C. E. F. He volunteered for service with the R. A. F. and was a [illegible] the [illegible] squadron, R. F. C. This was in the early days of military aviation and the aircraft used were frail things [illegible] together with wire. Lieut. Burgess won the Military Cross in April 1917. [illegible] the war he returned to Prince Albert and became [illegible] interested in G. W. V. A. [illegible].

In 1930 Mr. Burgess went to Ottawa as private secretary to the Hon. Robert Weir, then minister of agriculture. Later he became chief supply officer of the department, a position he still holds. His deep sincere interest in the work of the Canadian Legion soon marked Dave Burgess for advancement within the Legion, culminating in his being elected as Dominion President.

[illegible] the Legion [illegible] followed by a smoker.

Chief Supt. Will Address Home & School Meeting

Attention Mother and Dad! Tuesday, Oct. 27 at 8 p.m. in the [illegible] of the Home and School Association.

Mr. T. C. Byrne, Chief Superintendent of Schools, will be the guest speaker. The Home and School [illegible] all parents [illegible] to attend!

[illegible] attendance shield will be awarded Tuesday evening to the room with the largest attendance of parents.

Bottled Vegetables On Display At Standard Office

In thinking of the contents of a gallon jug it doesn't often come to mind to consider pumpkin and marrow, especially when they are in a raw state and completely whole.

Like the ship in a bottle it isn't at first obvious how they got that way. The opening of the gallon jugs is approximately [illegible] diameter. The marrow is slightly longer than the glass container, and is fully four inches across; the pumpkin is roughly spherical, about 6 inches across.

The man responsible for this puzzling situation is Harold Cooper of Clandonald who caused the pumpkin and squash to be encased in the glass jars.

There has been a suggestion that the whole trick is done with [illegible], and then again that the [illegible] were tried placed in the [illegible] and subsequently [illegible] full of water. But the [illegible]. Then they were inserted and the vine continued to foster their growth while so encased.

Camrose Northern-Airres Coming

Vermilion is in for a musical [illegible]. The Camrose Northern-Airres will be coming to town to give a public concert here on [illegible] Nov. 27 under auspices of the Vermilion Rotary club.

The Rotarians enjoyed the Northern-Airres chorus so much at their annual anniversary meeting last spring that they have engaged them to appear here to be heard by the public in the High School auditorium on Nov. 27. The chorus from Camrose has won high acclaim in Western Canada for their singing, and are considered the "best in the west" barbershop type close harmony singers.

They will present a varied program to delight anyone and everyone. Tickets will be on sale by Rotarians in November. In order to ensure that you get a seat keep an eye out for the advertisement appearing in an early issue of the Standard telling when the ticket sale begins.

MacMillan Pigs Win At Camrose

At the recent advanced registry show and sale held in Camrose, Sandy MacMillan, well known local farmer and hog raiser, was awarded three prizes for his Benbecula Yorkshires.

A first prize ribbon was won by Benbecula 10TN, and Benbecula 10RN was third. These two boars were litter mates and [illegible] class for boars with birth dates between Aug. 31, 1958 and Dec. 31, 1958. Another entry, Benbecula 9RN, a 1958 sow, brought a fifth prize ribbon.

Curling Season To Open With Wide Open Mixed 'Spiel Nov. 4

The local curling season will open with a wide open mixed bonspiel — in other words whether you intend to curl or not, you are invited to take part in this opening event. The entry fee is $3.00 each but everyone who decides to curl may have this sum applied on the season's fees, and it is hoped to have a record entry. This might help the farmers forget a multitude of troubles for the time being. George Webb Sr. is once again in charge of this bonspiel with power to gather in extra help.

Appointed as membership committee for the season are John Stewart and Gordon Casey. Geo. Webb Jr. and Glen Gibbons are the ice committee.

FARMERS' BONSPIEL DEC. 3rd, 4th and 5th

The annual farmers' bonspiel will be held on Dec. 3, 4 and 5.

OPEN BONSPIEL

Vermilion's open bonspiel will be held from Feb. 22 to 25th.

Parents of High School Students Asked to Attend Important Meeting

Parents of all High School students are invited to attend a meeting in the high school gymnasium on Thursday, October 29th at 8:00 p.m.

The principal, Mr. Husby, will outline the various high school programs being offered as well as explain school policy regarding homework and extra curricular activities. Staff members of the high school will be present to meet parents and answer questions.

It is hoped that a one hundred percent representation of parents will turn out.

Memorial Donations To The Retarded Children's Assoc.

Anyone wishing to make memorial donations to the Vermilion Retarded Children's Association may do so at Mover's Funeral Home. Other donations to the Association may be made to Miss J. Filipkowski or Percy F. Cooper. Cheques should be made payable to Vermilion Retarded Children's Association. 15-16

Kitscoty Board of Trade Entertains At Enjoyable Banquet

The Kitscoty Board of Trade were hosts at a very enjoyable and well attended banquet and program in the Track Memorial Hall on [illegible] evening. [illegible] guests were present from Lloydminster, Mannville, Vermilion, [illegible] as well as the local members from Kitscoty to the number of eighty [illegible].

Following the delicious turkey [illegible] Member of Parliament for Battle River [illegible] [illegible] briefly Alf [illegible] Vermilion. All those introduced [illegible] briefly.

WIN BETTER GARDENS COMPETITION

A feature of the evening [illegible] conducted by the Kitscoty Board of Trade [illegible] of Vermilion District [illegible] [illegible] wholehearted [illegible] accompanied by [illegible] [illegible] of Kitscoty. Mr. and Mrs. McCurry have recently returned from a holiday in England, Ireland, Scotland and the continent. The [illegible] chosen on this occasion was the Emerald Isle and [illegible] photographs [illegible]. The pictures were [illegible] and the comments of Mr. McCurry entertaining and interesting.

The banquet and program was [illegible] representatives of the [illegible] Board of Trade [illegible] has come to Kitscoty [illegible].

Eminent Church Official Visits Here

It was a [illegible] to have as their guest for the fall meeting of [illegible] Council of the United Church of Canada, Dr. Long [illegible] Evangelism and Social Service [illegible].

Old Timers Plan Annual Round-Up

The [illegible] and Dances will [illegible] Vermilion residing west of the [illegible] come to join the Old Timers Association. 15-16

Joint W.A. and W.M.S. Rally Held At Vermilion United Church

Mrs. J. Y. MacKinnon of London, Ontario, president of Dominion [illegible] was the guest [illegible] of the W. A. and W. M. S. of the [illegible] Presbytery [illegible] [illegible] MacKinnon's talk on the progress [illegible] the [illegible] that the [illegible] and help others to "see that [illegible]" "Meet the Master" by Peter [illegible] Vegreville, Mrs. A. Knapp, Cold Lake, president of W. M. S. Presbyterial, extended a warm welcome to all present on behalf of the W. M. S. and Mrs. [illegible] taking president of Presbytery W. A. offered greetings on behalf of the W. A. [illegible] Africa [illegible] impact of Christianity on that life.

Mrs. Eleanor [illegible] United Clandonald, reported on the [illegible] W. A. [illegible] member in the presbytery gave [illegible] Lloydminster.

An enjoyable sing song was [illegible] by Mrs. W. Morgan of [illegible] Lake. The Vermilion W. A. served a delicious noon luncheon and afternoon tea to the delegates before they left for home.

Eastern Alberta League Suffers From Growing Pains

Applications for Franchises Received From Two More Teams Cold Lake Is Taken into the League.

Far from falling apart at the seams as was so generally forecast during the play-off hassle last spring, the Eastern Alberta Hockey league has growing pains. At the annual meeting held on Sunday applications were [illegible] from two new teams while all seven teams playing last season want to be in the loop again this winter. The two new applicants were the Cold Lake air base and the village of Artland in Saskatchewan.

The Cold Lake application was accepted on the usual one-year probation plan while Artland's application was postponed for one year with the understanding that all teams would play home and home exhibition games with them.

ARTIFICIAL ICE ARENA

There is an artificial ice arena at the Cold Lake air base, this could be of immense help in completing the play-offs under good ice conditions as often soft weather is experienced just at that time.

EIGHT TEAMS

As it now stands there are four Saskatchewan teams including Lloydminster, Neilburg, Lashburn and Maidstone, and four Alberta teams in the E.A.H.L., the latter entries are St. Paul, Bonnyville, Cold Lake and Vermilion.

30-GAME INTERLOCKING SCHEDULE

The league will be played in two sections with the Saskatchewan teams in one and the Alberta entries in the other. However each team will make one trip around the other half of the circuit and play two games in [illegible] decided in play-offs with each team taking part and then the grand [illegible].

ELECT SECY MANAGER

A [illegible] league [illegible] secretary-manager for the league was elected in the person of Russell E. Carroll of Vermilion. To help him administer league affairs Russell [illegible] Barney [illegible] of [illegible] Gordon [illegible] of Neilburg, Reg. Ireland [illegible] Corker [illegible].

There were [illegible] delegates at the [illegible] Sunday with every team [illegible] represented except [illegible] and the delegates had phoned that they were definitely to be included in the league.

Mr. Goodfellow of Neilburg was elected chairman of the meeting with Russell Carroll as secretary.

[illegible] Vermilion [illegible] official delegates were Reg. Ireland and Gerry Sumner with Al Locke and Ashley Cooper among those present from town.

New Beauty Salon Opens in Vermilion

Another new business in Vermilion! A beauty salon to be operated by Kay Chaliman will be open for business next Monday, October 26th. The beauty parlor will be located in the Canadian Utilities building, downstairs next to Photocraft studio.

Kay, who is a fully qualified operator, graduated from the Marvel Hairdressing school in Edmonton. She respectfully requests that the ladies of Vermilion and district phone 6[illegible] to make an appointment for a permanent, a shampoo or a "set", and if it is desired will suggest and arrange a hair styling to your taste.

Mannville Couple To Operate Business In Vermilion

A well known young Mannville couple, Mr. and Mrs. Ed Hauck, are the new proprietors of the Crossroads service station and lunch counter on the north side.

Ed was formerly with the Mannville Motors and is an all round mechanic. Mrs. Hauck is in charge of the coffee and lunch counter where real home-baked lunches are now available.

Rats Are Appearing Further Inland; Eternal Vigilance is Needed

Normally in the fall occasional rats appear 15 to 20 miles in from the Saskatchewan border as the harvest progresses, and they seek shelter under the farm buildings. However, this year an unusual number of individual rats are appearing further inland states D. Stelfox, Assistant Supervisor, Crop Protection and Pest Control, Alberta Department of Agriculture. It may indicate that increased numbers took summer harborage in the fields and are now [illegible] for winter quarters. If [illegible] are forced to leave [illegible] unthreshed, more widespread infestations may be expected.

Residents, all along the border area, should take special precautions to inspect and bait possible rat harborages says Mr Stelfox. Feed stacks especially should be baited at the time they are made. Poison [illegible] are available free of [illegible] from local rat control [illegible] municipal and department of agriculture offices.

Warning from the Wheat Board

The Canadian Wheat Board has issued another warning against [illegible] grain with a high moisture content. [illegible] present harvesting situation becoming extremely serious, the Board has pointed out that because of limited country and terminal elevator space, it will not be possible to grant special delivery privileges for tough and damp grain this year. All grain threshed with a high moisture content will have to be retained in farm storage until such time as it may be delivered under [illegible] quotas. The Wheat Board assured producers, however, that it will make every effort to permit maximum deliveries of grain as quickly as possible. It gave no assurance that grain with high moisture content can be moved off [illegible] on a preference basis.

Happy is he the palace of whose affection is founded on virtue, walled with riches, glazed with beauty and roofed with honour. —Frances Quarles.

LOCAL NEWS from DERWENT

Mrs. Robert T. Kerrigan and her three-year-old daughter from New York, are visiting relatives and friends at Derwent. Mrs. Kerrigan (nee Zenovia Kalynchuk), is the daughter of Mrs. A. Kalynchuk of Derwent. She was an airline stewardess in the U. S. prior to her marriage.

Miss Adeline Dutchak was showered with miscellaneous gifts on Sunday, October 18 at Derwent National hall. Miss Dutchak thanked her many friends and relatives for the lovely and useful gifts she received. A delicious lunch following the games brought the evening to a close.

Mr and Mrs. Tim Quon are receiving congratulations on the birth of their daughter born at the Myrnam hospital.

Fidelity finds its reward and its strength in exalted purpose.
Mary Baker Eddy

Brian Callaghan, Evelyn Marfleet Wed in Double-Ring Ceremony

Miss Evelyn Marfleet, daughter of Mr. and Mrs. Jack Marfleet, became the bride of Mr. Brian Callaghan, son of Mr Pat Callaghan, at a ceremony in the Vermilion United church recently.

Baskets of multi-colored summer flowers decorated the altar for the double ring ceremony performed by Rev C W MacKay.

The bride, given in marriage by her father, chose for her wedding, a floor length gown of Chantilly lace and nylon over taffeta. The fitted lace bodice with a square neckline embroidered with seed pearls and iridescent sequins. The slender sleeves tapered to lily points at the wrist. A coronet edged with rhinestones held the bride's chapel-length veil of French illusion edged in lace. She carried a bouquet of red roses and feather. Her only jewelry was a floating opal pendant, a gift of the groom.

The bride was attended by her cousins, Miss Doreen Currah and Miss Betty Smith. They wore identical cocktail-length harem style gowns of turquoise flocked organza over taffeta, with the [illegible] cummerbund ending in a large bow at the back. They had matching head pieces and carried bouquets of white feather [illegible].

The groom was attended by Mr Raymond Marfleet, brother of the bride and Mr Wayne Ireland.

The ushers were Mr. Max Callaghan, brother of the groom, and Mr. Jack Marfleet, brother of the bride.

The wedding music was played by Mr Jack Brown who also accompanied Mrs. Bob Mullaly, who sang "The Wedding Prayer" as the couple knelt at the altar. She sang "God Bless this Day" during the signing of the register.

RECEPTION AT ELKS' HALL

At an open reception in the Elks' hall, Mr Neil MacLean, of Lethbridge, proposed the toast to the bride, to which the groom ably responded.

To receive her guests, the bride's mother wore an afternoon dress of printed silk in tones of apricot and beige with beige accessories and a corsage of yellow roses.

Telegrams were read from Grandma Marfleet and family at the coast and from [illegible] Callaghan of Halifax.

For travelling, the bride chose a black wool and velvet ensemble with white accessories, wearing a corsage of white carnations.

Guests from out of town included Mrs. Fred Krause, Hanna; Carmen Nibergal, R. C. N.; Delbert Valk, R. C. N.; John Pirkford, R. C. N.; Harry Halm, R. C. N.; Neil MacLean, Lethbridge; Miss Christine MacLean, Edmonton; Mr and Mrs. Ken Shepherd, Edmonton; Mr. and Mrs. Bob Mullaly, Lloydminster, and Miss Judy Hinton, Mannville.

WILDMERE WINKS

The snow has gone again after the rain showers and bright sunshine prevails. Maybe our Indian summer has arrived at last!

First of all to correct a mistake in last week's bulletin. The animal that Johnny Tattersall is raffling in aid of Wayne Isley is a calf instead of a pig as stated previously.

Mr and Mrs W. T. Garnett and family took advantage of the holidays and visited friends and relatives in Edmonton on Thursday and Friday.

Mr Ralph Bathe of Bonnyville visited his niece Mrs Weldon Westman on Saturday after coming down to Vermilion to visit relatives. Their crop was good and didn't have so much snow so were nearer to being finished than many around here.

Mr [illegible] stopped in at the home of his uncle [illegible] Gibson for a short visit on Sunday. He was on his way from Winnipeg to Grande Prairie where he will be a wireless instructor.

Mr and Mrs George Crothers visited at the home of the former's parents, Mr and Mrs Cliff Crothers on Sunday taking back the two boys who have been staying with their grandparents since Thursday. [illegible] Darlene Crothers will be coming home from the University hospital this week.

Maureen Crothers visited with her sister [illegible] in the city on Friday going up with brother George.

Betty Smith had her tonsils removed on Wednesday morning and is convalescing at home this week.

Roy Garnett has returned to his job with Utilities after a nice holiday in England with his father and mother. He is working at Glendon at present.

As I write these notes the funeral of Mr John Isley is just over. He passed away on Oct. 16th in the Vermilion hospital. Another of this district's oldest pioneers called to a well-earned rest. What a satisfaction to see the country develop through the years while raising a large family who were all able to be at his bedside in the final hours. The filled church bespoke the high esteem held for this fine gentleman.

Many have started to thresh and combine some coarse grains which reminds me of a little [illegible] in the last Wheat Pool [illegible]. Some people say they [illegible] any Help but they [illegible] turned a [illegible] how can they tell?

SS CONTEST AT ALLIANCE

Aiming at a [illegible] increase in attendance the Alliance Chapel Sunday School is promoting an Enlargement Contest in their [illegible] and Intermediate Departments Oct. 25th to [illegible].

[illegible] will be given to each pupil bringing a visitor each Sunday during the contest. [illegible] one point for each visitor and five points for a new member winners will be given special prizes in each of the three departments.

WOODVALE NOTES

Sincere sympathy is extended to the Isley families on the death of their father Mr John Isley of Vermilion at the age of 80 years. His children, grandchildren and great grandchildren live in and around our district.

We hope Ken Watt will be able to come home from the hospital this week where he has been compelled to stay longer than was expected with a bad outbreak of carbuncles.

The schoolchildren, we hear are busy knitting, embroidering etc., making pretty and useful things for a sale to be held in November. What do the boys make?

A shower was held at the home of Mr and Mrs Joe Thompson in the Kehree district for Emma Markland whose engagement to W C Lamus was announced last week. The wedding will take place Nov 6th. Another shower for this popular bride-to-be is set for Oct 26 at Union school.

With more sunny weather prevailing farmers hope to be able to rescue some of their damp and flattened grain, also to cut some feed as on many farms there is an acute feed shortage.

As we seem to be unable to gather much news anymore, we will with this bulletin, say good-bye to our readers and hope that in this very large Woodvale district another correspondent or correspondents will take over the task of writing up our local happenings.

ENDS LEGAL CAREER

Prime Minister Diefenbaker's career as a lawyer is ended. The prime minister made the statement before the Canadian Bar association when he said that after 31 years in the legal profession he has decided that if and when he is defeated in politics he will not return to practice.

Vermilion W. I.

The October meeting of Vermilion W. I. was held at the home of Mrs. W J Bell with twenty members reporting some twenty-eight sick calls. There have been twenty get-well cards and two sympathy cards sent since the last meeting and one fruit basket was sent to a hospital patient.

A donation was made to the C. N. I. B. fund. The handicraft list was discussed. We are to start the study course arranged by the Department of Extension, "Aging is everyone's business" which should prove most interesting.

Mrs. Joe Wallington was welcomed as a visitor and it is hoped that she will continue to attend. Visitors are always welcome to join in the study course.

Mrs. Joe Green Jr gave an instructive paper on the work of the United Nations and also a description of some of the buildings and the organizing of the U N.

Plans were made to hold a tea, bake sale and draw for a blanket and chair set in the Legion hall on November 21. Tickets are now on sale by any W. I. member.

Mrs. Fin Mitchell won the mystery box and the meeting closed with a tasty lunch served by the hostess, assisted by Mrs. W. Wamp and Mrs. T. R. Davis.

Newfoundland, the tenth and latest of Canada's provinces, represents a market for mainland estimated at $300,000,000 a year.

OBITUARY

Mrs. Mary Ann Bothwell

Funeral services for Mrs. Mary Ann Bothwell, aged 75 years, widow of the late Thomas Bothwell were held at the First United church, Vermilion, on Tuesday afternoon, October 13, at 2:00 o'clock with interment following in the family plot at the Vermilion cemetery.

The Rev C. W. MacKay conducted the services and comforted the mourners with his message. Two favorite hymns of the deceased were sung, "Oh Master Let Me Walk With Thee" and "Beneath the Cross of Jesus". Mrs A M West played the organ. The scripture reading was taken from John 14 "Let not your heart be troubled."

Pallbearers were Messrs. Fred Clark, Thos Watts, J R. Bouke, Wm. Waterfield, C J McCormick and W. L. Roebuck.

Mrs. Bothwell died very suddenly on the afternoon of Friday October 9, enjoying good health up to the very minute of her passing. She was born near Priceville, Ont., on March 5, 1884. She lived there until 1906 when she came west as the bride of Mr Thomas Bothwell who had homesteaded in the Islay district two years before. She was predeceased by her husband in January of this year. Her home was on the original homestead until six years ago when the winters were spent in Vermilion and the summers on the farm. Four years ago the highly esteemed couple left the farm to reside permanently in Vermilion in their own home.

During her lifetime Mrs. Bothwell was noted for the hospitality of her home, for her interest in church work, serving for forty years as organist of the Islay church, while her work in W A and W.M.S. circles was recognized when she was made an honorary life member of the W.M.S. of the United Church.

Left to mourn the loss of a loving mother and grandmother are two daughters, Mrs. Ashley Cooper (Rita) of Vermilion, Mrs Sidney Millward (Clara) of Penticton, B.C., two sons, Stewart at Matheson, Ont., William of Regina, Sask., seven grandchildren and two great grandchildren.

She is also survived by three sisters, Mrs. Lou Muir of Vermilion, Mrs. Clara Adams and Mrs. Bertha Geddes at Durham, Ont. and three brothers, Isaac, William and Joseph Hooper, all of Durham.

Meyers were in charge of arrangements.

The following floral and memorial tributes were received:

The Family: Loving sisters and brothers, Alice and Harry, Preston and Mary Bothwell, Lyle, Sheila and Audrey, George and Myrtle Sear, Edith, Duncan and Stewart. F J Richardson, Mr. and Mrs. A. M. West, Mr and Mrs. E. M. Stewart; Muriel and Ross Bouke, Mr and Mrs. Chris Beer and Ellen. Officers and members of Vermilion Lodge No. 24, A.F. & A.M.; Tom and Marion Davis, Louise and Marne; Mr and Mrs. Cliff McCormick; Mr. and Mrs. Fred Clark, Mr. and Mrs. Jim Currie; Mr and Mrs. Sperberg; Mr. and Mrs. Jim Wallington; Mr. and Mrs. Fred Maddox, Mrs. A. Manyluk.

Flowers to the house: Mr. and Mrs. N. N. Bentley; Mr. and Mrs. John Skinner and Mrs. Hewson. Members of the W.M.S. United Church Explorer Group; Happy Hour Group; Jean and Chas Robertson; Katie Fyfe; Darwin and Rhona Mooney, Tom and Dorothy Watts, Nellie McFadden.

Gideon Bibles were placed by: Mr and Mrs. E. Clendenning, [illegible]

Memorial donations to the Retarded Children's Association: Lil Doug and Linne Mrs R. L. Shaw Arleigh and Kenneth, Mr and Mrs. Charles Redmond and girls, Howard and Marjorie Walton and girls.

Cancer Society: Mr and Mrs. Bert Gould; Mr. and Mrs. J. McClelland, Mr and Mrs. W Purves, Mr and Mrs. B. McLean; Lorna, Hiram and Elma Hodgins, Annie and Christie Clark, Mr and Mrs Gordon Terry, Mr and Mrs. E McFadyen and family, Mary and Tom Foston, Mr and Mrs. Jim Harries, Mr and Mrs Roy Jery.

Crippled Children's fund: Bob and Bill Carmichael, Sylvia, Wilfred, Garfield and Billie Potvin, John and Biddy Maire, Gordon and Doreen Gould, Mrs. Elliott, Mary and Tom Little and Ken; Mrs. Harry Gordon.

Vermilion Cemetery fund: Mr and Mrs. Evans and Eleanor; Mr and Mrs. John Shaw, Mrs. W. G. Urquhart, Mr and Mrs. C Underdown and June, Mrs. Ellen Gould, Ralph, Mabel, Dave and Clarence, Mr and Mrs. Frank Gould and family, Mr. and Mrs. Chas. Thompson.

Islay Cemetery fund: Lila, Bill, Mr Bowser and Mrs. [illegible]

Women's Missionary Society: Muriel and Gladys Shaw, Anderson Family; Islay United Church W.A.

Islay 4-H Notes

The Islay 4-H club held a meeting on October 16 at the home of Mrs. M. Moncrieff, with [illegible] members and one visitor [illegible]

The next meeting will be held on Oct. 30 at the same home. The roll call is to be answered with "Tips for the school lunch box." Lynne will have the game "Lunch box menu" and there will be three demonstrations. 1. Fruits and vegetables for the school lunch box showing the different ways these foods may be prepared. This will be given by Sandra. 2, Sandwiches — by Sharon and Grace. 3 Sandwiches for the school lunch box, by Sharon and Grace. Linda and Jean will demonstrate Canada's Food Rules.

Mrs. Moncrieff served a delicious lunch at the conclusion of the meeting.

CARD OF THANKS

We wish to extend our heartfelt thanks for the many acts of kindness and help, for the beautiful floral tributes, the memorial donations, and for the expressions of sympathy, received during our sudden bereavement.

Rita and Ashley Cooper, Eva Muir, Clara Millward, Bill and Stewart Bothwell.

TCA VISCOUNT CRASHES AT MALTON AIRPORT

Forty people escaped a flaming death by four feet when a TCA Viscount airliner missed the Malton, Ont. airport runway by 1,500 feet. Despite the wild bone-jarring ride through poles, fences and bushes only five of those aboard were taken to the hospital and released shortly afterwards. The plane, above, with wreckage strewn about was the Montreal-Winnipeg flight.

AUTO REVOLUTION

Canadians are now seeing, in the new compact cars, the results of the third automobile revolution, one that was achieved with enough secrecies and costs ($450,000,000) to astonish the imagination. The first revolution — Henry Ford's Model T. the second — the exclusive swing to big cars; the third which came about for two fundamental economic reasons — the gap was widening between car prices and consumer incomes, and between prices of cars made on this continent and in Europe. In 1958, for the first time, more cars were made outside the U.S. than inside it.

Most Are Paid

The mess that hockey-minded Belleville has got into over the financing of its world amateur champion team, the Belleville McFarlands, can't be much of a surprise to any but the happily innocent, declares The Financial Post.

Most so-called amateur hockey teams today just aren't amateur in the true sense of the word — as any fan with an ounce of commonsense knows. Most of the players, on the more important teams anyway, are paid somehow, although, granted, not always in cash or by the taxpayer.

The Federal government has been responsible for establishment of 41 Crown corporations, a government encroachment to this degree on the private sector of Canadian economy.

Tips on Touring

By Carol Lane

Women's Travel Authority

Does your exhaust pipe send out smoke signals when you drive? If so, you waste gasoline, lubricating oil and money. In some cities, you violate the law by polluting the air.

Shell Oil Company automotive experts say smoke signals can have these meanings:

Black exhaust probably indicates a dirty filter or a faulty carburetor. A too rich mixture causes heavy wear on piston rings and grooves because the oil film protecting these surfaces is washed away by the surplus gasoline. Also, crankcase oil becomes diluted and has to be changed often.

White or blue exhaust usually means that oil is entering the combustion chambers of the engine. It is pushed past worn piston rings and grooves or is sucked through badly worn valve guides. Some of it carbonizes, causing misfiring of spark plugs and increased cylinder wear.

In either case, see an expert mechanic.

Preventive medicine: watch your exhaust; keep the air filter clean and the spark plugs firing correctly by regular cleaning and inspection every 2000 miles. Have the carburetor adjusted and muffler and exhaust pipe checked regularly.

You'll keep your car operating efficiently, save money and help to keep your city clean.

Sunday School Contest At Alliance Chapel

Aiming at a 15% increase in attendance, the Alliance Chapel Sunday School is promoting an Enlargement Contest, in their Primary-Junior and Intermediate Departments, Oct. 25th to Dec. 6th.

Prizes will be given to each pupil bringing a visitor each Sunday during the contest.

Based on one point for each visitor and five points for a new member, winners will be given special prizes in each of the three departments.

Losing game for taxpayers: Having bought cheese from Canadian producers at 34 cents a pound, the Canadian government sold it in the United Kingdom for 20 cents. Taxpayers made up the difference.

NEWS from ISLAY

Mrs. Moncrieff spent a day in Edmonton visiting her mother who was passing through on her way home to Montreal.

Mrs. Moncrieff, the leader of 4-H Food club here, has been awarded the opportunity of attending the Banff School of Fine Arts for two weeks. Congrats. Mrs. Moncrieff!

Bill King and Ed McFadyen captured a goose at New Brig Kent, Lyle and Art. also Mrs. Midgley and Mrs. Arthur Kent, all of Irwinville.

Pleased to see Mr. and Mrs. Bowman from Kokne in town Tuesday.

New linoleum was purchased from Simonsen's in Vermilion, for the church. The men laid it Friday and Saturday last, then the women waxed it — and a very pleasing job it is. The church folk have other plans of repairs to be done which it is hoped will soon be realized.

Ducks apparently seem to be most plentiful as we hear different ones telling how they rise in clouds when frightened off the swaths.

Don't forget, Sunday school at 11 a.m. and church service at 7.30 p.m. each Sunday.

LOCAL NEWS

Mr. and Mrs. W. A. Barnett of Islay had as their guests over the Thanksgiving week end, their son Roy and family, Mr. and Mrs. Roy Barnett and baby Donna of Calgary. The previous week end, James and family, Mr. and Mrs. James Barnett and two daughters of Fort Saskatchewan were visitors at the family home.

Mr. and Mrs. Ernest Hodgson and [illegible] daughter were visiting last week end with Mrs. Hodgson's parents, Mr. and Mrs. D C. Falk, V. S. A. campus.

Mr. and Mrs. John Fredericks from White Bear Lake, Minnesota, were visiting with friends in Vermilion for a few days recently. Mrs. Fredericks and Mr. Herman Krueger, returned with them, to stay until after Christmas. The Fredericks were quite surprised to arrive here and see the ground covered with snow.

Mr and Mrs. Wm. Pettigrew accompanied by Mr. and Mrs. Ken Miller of Furestburg, and Mr Gerald Miller of the Vermilion teaching staff, attended the wedding of their son and brother, Mr. Donald Miller to Miss Verna Sawatzky at Meadow Lake, Saskatchewan on Saturday, October 10th. Donald is the twin brother of Gerald.

Norman Willmer who received his first experience and training in the Macleod store in Vermilion, has recently been appointed manager of the Macleod branch at Camora, Sask.

APPRECIATION

I wish to extend my sincere thanks to Dr. Evans and Dr King, the nurses and staff at the Vermilion hospital, and to the many kind friends and organizations for their visits, cards and treats during my illness.

Margaret Duncan.

CARD OF THANKS

My sincere thanks are extended to the doctors, nurses, nurses' aids, ward aids and all others for their care and consideration shown during my 3-month stay as a patient in the Elk Point hospital. Also to all friends who visited me, for gifts of fruit and books, letters and cards. For special mention I must single out Mr. C. Gordon of Derwent who travelled about 1500 miles in his many trips to visit me bringing scads of mail, papers and fruit.

H. Meyerman

APPRECIATION

I wish to express my appreciation to the W.A. of the Canadian Legion for the fruit basket, and to the many who sent me cards while I was a patient in the hospital.

Mrs Walter Thompson

CARD OF THANKS

We would like to thank Dr Stephens, the [illegible] and nursing staff of Vermilion hospital and all friends and neighbors who sent cards, flowers, visited, and helped in any way during Mr Wilson's stay in hospital. This was all very much appreciated and again we say "thank you".

Mr and Mrs Curtis Wilson

CARD OF THANKS

I wish to express my sincere thanks and appreciation to my friends for their kindness, cards, letters, flowers, fruit and good wishes, while I was a patient in the University hospital in Edmonton. Also I wish to thank Dr King, the matron and nurses of the Vermilion hospital staff.

Mrs. R. Tremlett.

THANK YOU

The Vermilion C. G. I. T. wish to take this opportunity to thank the people of Vermilion for their generous response of the C. G. I. T. sale of candy. They would also like to extend sincere apologies to those who ordered candy, to be delivered at a later date. The club has since found out that it will be impossible to secure any more of the candy.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Lorne Puckett wish to announce the engagement of their eldest daughter, Frances Leigh, to Keith Ewen King, youngest son of Mrs. Aubrey King, and the late Cecil King of Vermilion.

The wedding will take place in St. Saviour's Anglican church, Vermilion, on November 14th at 4:00 o'clock in the afternoon. A reception will be held in the Anglican church hall at 5.30 p.m. Friends and relations please accept this as your invitation.

Mrs. Jim Banks of Edmonton was a visitor in town on Wednesday renewing acquaintances and visiting at the home of her sister, Mrs. Grace Scarfe, north of Vermilion.

Mr. and Mrs. Allan Gannon and two little boys, of Drayton Valley, spent Thursday and Friday visiting at the homes of their respective parents in town.

Vermilion was the mecca of legislators on Thursday of last week as Clifford S. Smallwood, M.P. for Battle River-Camrose, Hon. A. O. Aalborg, minister of Education for Alberta, Henry Ruste, M. L. A. for Wainwright and A. W. Gordey, M. L. A. for Vegreville constituency were all visitors in town, spending the afternoon or evening here, and during that time contacted the local M.L.A.

Mrs. Lucie Marshall of Edmonton returned home on Sunday after visiting her parents, Mr. and Mrs. Walter Thompson for a week.

LEGION WHIST WINNERS

Prize winners at the Legion whist drive, held last Friday evening were: Ladies: 1, Ivy Parr, 2, Mrs. I. Gordon, 3, Mrs. Davis. Gents: 1, Alma Tuey (playing as a gent); 2, E. Burton, 3, James Cameron. The travelling prizes went to Betty Richardson and Ethel Thompson.

Sixteen Years Ago

Oct. 21, 1943

It was decided at a special meeting of the town council on Oct. 14, that the Town of Vermilion will be policed by the R.C.M.P.

Mr. and Mrs. Sidney E. Barwick, esteemed pioneer citizens of Vermilion, celebrated their golden wedding on Monday, Oct. 18th.

Vermilion high school attendance climbed to 138 this week with three more students registered to commence next week.

W. E. McCrae has purchased the fine residence on Vermilion street recently bought and completely renovated by Leigh Tyner. Mr and Mrs. Tyner only moved into the rebuilt house a month ago but will now go to Edmonton where Mr. Tyner is already working in a new position.

Wm. McCaughan of Islay recently graduated from officers training school at Gordon Head, Victoria, B.C.

32 Years Ago

Oct 20, 1927

One hundred and sixty have registered at Vermilion School of Agriculture. The opening day has been set back to Nov. 9 owing to the lateness of harvesting operations.

Ideal weather has returned this week and all threshing outfits are working overtime to clean up the stooks. Two more weeks of favorable conditions however will be required to accomplish this.

Bob Ducey has joined the staff of the Bank of Commerce at Innisfree.

Ronnie [illegible]wick has taken charge of the men's wear department of M Wener and Sons store.

Island Hill News

Congratulations to Mr. and Mrs. John Starko on the birth of a baby girl.

It is nice seeing Clarence Wilson home again, after being confined in hospital for several weeks.

The teachers and school children all had a nice break last week with Thanksgiving and teachers' convention falling in the same week.

Allan Armstrong shot a coyote within a few feet of his home early one morning. Two dogs had cornered it beside the house.

Mr and Mrs. Ronnie Inman are moving to Grand Centre.

Lanny Scarfe is home on leave from the east for several weeks. He plans to leave for France on Nov. 14th.

Ray Joyce, Jim and Lori were all at the Armstrong home for the week end.

Charlie Mix started threshing on Monday. Others were seen cutting, stooking and stacking.

CORRECTION

In the write-up of the wedding of Mr. Charles Hooker and Miss Shirley Krushinsky, which appeared in the October 15th edition of the Standard, the toast to the bride was proposed by Mr. Russell Whitson not Mr Harold Whitson. Mrs. M. Simonsen played the wedding music.

CLANDONALD HALL

Showing this week end, Oct. 23 and 24 "The Lefthanded Gun", an action picture starring Paul Newman; Fri. and Sat. Oct. 30 and 31 "3:10 to Yuma", a western with Glen Ford, Van Heflin and Felicia Farr. News reel each week. 15

To date no one has been seen combining.

Three of our young lads have joined the Army Cadets, namely Allan Armstrong, Howard Scarfe and Gary West.

Sprinkle flour lightly over a cake before icing and the icing won't run.

Wildlife Refuge Halts Extinction

The wings of 170 bird species, millions of them, beat like the surge of a mighty ocean over a stretch of rich land and water on the California-Oregon border. It's been that way for centuries. But the inroads of man's expansion only twelve years ago threatened it with extinction. By establishing a wildlife refuge almost unique in its conception man now has ensured that "the world's mightiest spectacle on wings" will continue, even while he himself uses 90% of the land the birds once used.

NEWS from KITSCOTY

Mr. John Dale is at present visiting in Saskatoon with his daughter and son-in-law, Mr. and Mrs. [illegible] Walker and family.

Congratulations are extended to Mr. and Mrs. Karl Gallinowski of the Myrtle Hill district who are the proud parents of a [illegible] daughter.

Also congratulations are extended to Mr. and Mrs. Frank [illegible] who were married [illegible] 7.

Mrs. C. J. Quinn spent a week end in Edmonton recently, visiting with her daughter (Marlene), Mr. and Mrs. B. Duggan and family, also other relatives.

Best wishes are extended to Mr. George McTaggart who is a patient in the Lloydminster hospital at present. Don, John and Cecil McTaggart and their two sisters who reside in North Battleford and Saskatoon visited here for a week with their mother during their father's illness.

Mr. and Mrs. Jack Tyler and family of Drayton Valley are spending a holiday here with their grandmother, Mrs. W. L. Apperson and their father, Mr. E. Tyler and family.

Mr and Mrs. Chris Cairns and family from Edmonton spent the week end here visiting with Leota's parents, Mr and Mrs. C. N. Gray and other relatives.

Mrs. R. M. Mathewson spent four days in Edmonton including last week end with her daughter and son-in-law, Sgt. and Mrs. Ken Thoney and their baby daughter.

Sunday guests at the home of Mr. and Mrs. Burton [illegible] were Mr. and Mrs. E. Rooks and Margaret of Vermilion; Mr. Herbert Sutton of Lindbergh, Mr. and Mrs. W. Biers, Miss Sylvia Rooks and a friend, all from Calgary.

Mrs. E. H. Sheppard is spending a week's holiday in Vermilion at the home of her daughter and son-in-law, Mr. and Mrs. J. I. Parkin and grandson Ted.

Leadership Short Course Planned

The University of Alberta's tenth annual Leadership Techniques Short Course will be held at the Banff School of Fine Arts from October 25 to November 7, 1959. This course is designed to assist young men and women between the ages of twenty and thirty-five to prepare themselves for more demanding positions in community leadership.

Topics which will be dealt with during this Short Course include general consideration of leadership, public speaking, parliamentary procedure, program planning, chairmanship, and many other topics which are necessary to the success of community and farm organizations.

Further information about this Short Course can be obtained by writing to the Agricultural Secretary, Department of Extension, University of Alberta, Edmonton.

The Bible Today

The drive by car from Darjeeling to Kalimpong is dominated by the great mountain, Kanchenjunga, over 28,000 feet high and 50 miles away. The eye necessarily drops from the icy summits to the lower foothills and finally to the Rangit Valley, only a thousand feet above sea level.

Kalimpong is a meeting place of peoples. In the market place Nepali merchants serve Lepcha buyers. Tibetan muleteers accompany Sikkimese pedlars, and Bengali shopkeepers compete with Rajasthan hotel-keepers, and among these, sprinkled like leaven, are Christian Missionaries. The great centre is found in Dr Graham's Homes of Kalimpong.

Here the Bible Society circulated 253,798 Bibles, Testaments or Gospels in Tibetan, Nepali, Lepcha, Bengali and Hindi. Truly the Word of God is the common meeting place of all nations.

Suggested Bible Readings
Sunday, Oct. 25, Acts 4:1-31.
Monday, Oct. 26, Philippians 4:1-13
Tuesday, October 27, Colossians [illegible]
Wednesday, Oct. 28, Thessalonians [illegible]
Thursday, Oct. 29, Thessalonians [illegible]
Friday, Oct. 30, Psalms [illegible]
Saturday, Oct. 31, Psalms 107 [illegible]

GREEN ACRES

By: H. MORLEY DOUGLAS
District Agriculturist, and
EDWARD DOBKO, Assistant D.A.

H. M. Douglas Edward Dobko

Low temperature is usually thought of as the only factor that causes winter killing in trees and shrubs. However, a great deal of damage is caused each year to evergreens, fruit trees and shrubs by a loss of moisture from the plants. This moisture can only be replenished from the soil and for this reason it is important that the plants have an adequate supply of moisture in the late fall. After 8 to 10 degrees of frost, or when all danger of stimulating growth is over, the trees and shrubs should be given a thorough watering. Hence, in this way, the danger from winter killing can be greatly reduced.

CONTROLLING GARDEN PESTS AND RODENTS

Pocket gophers, field mice and rabbits commit annual depredations to gardens during both the growing and dormant seasons says J. B. Gurba, Supervisor Crop Protection and Pests, Alberta Department of Agriculture. Mice and rabbits may be discouraged by clean cultivation about the base of woody plants, and by application of commercial repellants such as "Sta-off," or by poisoning with zinc phosphide powder dusted on diced apples. The poisoned fruit should be placed in runways under pieces of tile or board during the month of October. Poisons should be handled with care. Read the label directions for specific information.

FINISHING TURKEYS

During the latter weeks before marketing, turkeys will be on a diet of about 90 per cent grain — mostly wheat. Feeding grains alone without the addition of concentrate will not produce a good finish, will reduce vitality and low gains. Since cereal grains are usually low in calcium, thus the birds should have a weekly feeding of oyster shell. Furthermore, if a concentrate is not fed with the grains the vitamin [illegible] can be supplied by an alfalfa meal addition, or by making a few bales of good quality alfalfa available.

CUMINO SWEET CLOVER

A new variety of sweet clover, "Cumino", has been developed at the Forage Crops Laboratory, Saskatoon. This variety is free, or practically so, of coumarin. Elimination of this compound has been the objective of plant breeders for many years.

The objection to coumarin is two-fold. In the first place its bitter taste may be transferred to another crop. The second objection is that it may undergo chemical transformation to a compound that has the property of reducing the clotting ability of blood. As a consequence animals may die from external or internal haemorrhage as a direct result of eating sweet clover. The chemical transformation occurs in sweet clover only under conditions that cause spoilage of hay or silage.

It has been reported the variety of Cumino will not cause bloat in ruminants. This is an error, however, no such claim having been made by the plant breeders who developed it.

ESSENTIALS OF A GOOD KITCHEN

THE PLAN

Wise planning is needed for a convenient kitchen, whether you are building, remodelling or rearranging your home. Plan a kitchen that meets the needs of your family and one which comes within the family budget. Appliances are expensive items so select those which do the job you want them to do and are within a reasonable price range for the family.

LOCATION

When planning for kitchen improvement, it is necessary to keep in mind the relation of the kitchen to the arrangement of the house, both inside and outside. The kitchen should be close to an outside entrance, basement and dining area. Other much used parts of the house should be easy to get to.

DOORS AND WINDOWS

The kitchen should have a window where the homemaker can see the children's play area and the farm buildings. Locate doors so that traffic will not come through the work areas of the kitchen. Windows should not interfere with good storage. Have the doors and windows located so that good ventilation and natural lighting are provided. Many kitchens need better ventilation. Windows and doors on two sides of the room contribute to good circulation of air.

WORK CENTRES

Reducing the number of steps necessary in performing everyday tasks is one of the goals in a well planned kitchen. In a compact, well arranged kitchen the worker can reach all equipment and supplies with a small amount of walking. Meal preparation involves three major tasks, preparing food, cooking and cleaning up. A well planned kitchen contains three work centres designed to take care of these three tasks. To be efficient cupboards should be grouped so that they form work centres with the major pieces of equipment — refrigerator, sink and stove.

More about kitchen cupboards next week.

What does YOUR label read?

ALWAYS A WHATSAY

Science has done wonders for agriculture but it has still done nothing about the hardest thing to raise on the farm — a loan.

NEWS from MARWAYNE

Arnold Kvill is working in a bank in Vermilion. Arnold is filling in his spare time by assisting with the Scout troop there.

Mr. Curtis, Billy, Grant Spence, Gary Gardiner, Gene Chaster and Roy Hutchinson went to Edmonton on Monday to see the football game. They all enjoyed the game very much.

After quite a number of days of cold hard riding for the men, the cattle from the leases are all back home and a day or two of sunshine and warmth brings hope of getting feed up for the cattle.

Remember the O. O. R. P. Apple Day on Saturday, Oct. 24.

Mr. Blocksidge, superintendent of the Vermilion school division, was guest speaker at the Home and School meeting on Tuesday night. Bad roads kept quite a number from attending.

Mr. Len Crowther has bought the Linblater house and has moved into it.

Mrs. Flewell, Mrs. Alex Latimer and Mrs. W. Crowther have gone to Kamloops to attend the funeral of Mr. Nels Peterson, [illegible].

For the Thanksgiving week end, Mr. and Mrs. W. Shaw went to Innisfail to visit Doug, Louise and baby Stewart. Mr. and Mrs. H. Wilson spent the same week end at Wetaskiwin with Mr. and Mrs. Gudmundy. This week end, Mr. and Mrs. Gudmundy and family are at the Wilson's.

Miss Hannish of Wetaskiwin is visiting friends in town.

Tyson Spence and family are at his home and George and Myrtle Lowrie, Bonnyville, are at her home. Mrs. H. Hutchinson and Ricky are spending a few days in Mannville at the home of Angus Smith and family.

A carload went to Kitscoty on Wednesday for the evening meeting of the St. Paul United Presbytery at which Dr. E. E. Long and others spoke. Dr. Long is the secretary of the dominion board and he told of visiting refugees in camps and homes in Europe and the Near East making a plea for Canada to receive refugees from these countries.

The several committees of the Sector Plan for the United Church are busy making arrangements for the congregational dinner to be held on October [illegible].

Congratulations to Mr. and Mrs. J. Bean on their 47th wedding anniversary.

Thursday evening several friends met at the home of Mr. and Mrs. S. A. Berg to celebrate the 40th anniversary of Mr. and Mrs. E. A. Meiklejohn.

How about your SUB?

Mac Kufeldt New President of Hi-C

MANNVILLE. — The executive of the United Church Hi-C group was installed in a very fitting and meaningful service last Sunday. Installed for the ensuing year were Barry Smith, past president; Mack Kufeldt, president; Lorraine Anderson, secretary; Tommy Laidler, treasurer; 1st vice-president, David McLaughlin; 2nd vice-president, Audrey Medin. Rev. Mr. Andrews, pointing out the responsibilities of these officers, called upon them to accept, prepare and dedicate themselves for their task, and asked the congregation and members of the Hi-C group to stand, signifying the co-operation which might be expected by the group. The Hi-C meets every second Monday evening at 7:00 p.m.

Check that date now.

Shower, Stag Party Held At Derwent

DERWENT — A shower and stag party were held in honor of Miss Kathleen Jarula and Mr. Henry Yaseyko on Friday, Oct. 16 at the Derwent National hall. The honored guests were presented with a three-piece tea set and tray as well as a portable radio. Both Kathleen and Henry thanked their many friends and relatives for the lovely gifts.

A delicious lunch and refreshments were served, bringing a most enjoyable evening to a close.

Mannville Bingo

In the Mannville newspaper bingo sponsored by the Mannville Elks, the number drawn Friday, Oct. 16 was N 43.

Numbers drawn to date are:
B — 14, 2, 9, 3, 10, 12, 8, 13, 11, 6, 15
I — 28, 27, 20, 25, 21, 19, 23, 24, 30, 17, 29, 26, 19
N — 44, 32, 35, 38, 40, 39, 31, 37, 41, 33, 42, 34, 36, 43
G — 56, 55, 54, 60, 52, 48, 58, 47, 49, 51, 46
O — 71, 61, 62, 68, 63, 66, 73, 64, 65

Mannville and District Local News

Mrs. Lily Colborne received a phone call recently from Massachusetts, U. S. A. and reports hearing Murray's brother as clearly via telephone as though he were at her elbow. He wanted Mrs. Colborne to attend a rally of Nova Scotians and to fly there as his guest, to Massachusetts, but she felt unable to accept at this time.

Work on the new Co-op store situated on the former site, is going ahead by leaps and bounds, having two walls up at time of press. Bill Markowsky is in charge of building operations.

The residence of Bill Markowsky has received an additional two rooms and is an attractive and modern building.

Mr. and Mrs. E. Hubbard, and Mr. and Mrs. R. A. Lugg were Sunday visitors at the home of Mr. and Mrs. Helmer Hansen at Camrose where Helmer is employed at the Pioneer elevator.

[illegible] has returned to nurse at the Mannville [illegible].

Howard and Gerry Stevenson and family were recent visitors to Birch Hills, Sask., where they visited their brother Harold. Apparently many visitors call to see Harold for the simple reason that he helps uplift their spirits, which is so often the case with shut-ins.

Mrs. Nelson and son Ted of Macklin, Sask., were week end visitors at the Ed Hauck home.

Mr. and Mrs. Steve Zaharko were Edmonton visitors recently at the home of Mr. and Mrs. E. Malahowski, Mrs. Zaharko's brother and family. Steve and Mr. Malahowski attended the 10-car bingo, while Mrs. Zaharko visited with her sister-in-law and the family.

In the recent show held on Wednesday evening at the Alta Theatre "Never Steal Anything Small" starring James Cagney, there was an added drawing card featured by the local management. The first 40 ladies received a lovely cup and saucer (that is, [illegible]). We hear that the 39th lady to become the proud possessor of said gift arrived shortly before 7 o'clock and the first show began at 7:30 p.m. It is interesting at all times to hear comparisons of people patronizing other theatres, when in neighboring small towns. They feel Mannville can be justly proud of the fine acoustics and comfort as well as the screen at our own [illegible].

[illegible] and Doris were recent Edmonton [illegible].

[illegible] Gary and [illegible] and Mr. Spud Croft, Audrey Medin, Jack Bryden, Mr. and Mrs. R. D. Lynch and family, Mrs. Tom Wannop, Jim and Rita Goehke, Mrs. J. Horricks and [illegible] Enfield were Edmonton visitors Thursday of last week and were all seen lunching at the Royal George cafe.

COMBINING STARTED

Many of the local farmers have taken advantage of the drying weather conditions to begin combining, some of whom are in need of feed for their livestock. The grain is reported to be quite damp yet, but harvesting is continuing in order to obtain enough feed for the winter months. Some are working most of the night while weather permits.

Mr. and Mrs. Malin and daughter, Mr. and Mrs. Blackford and Douglas were Edmonton visitors last week.

Freddie and Marie McIntosh spent Thanksgiving with their parents, Mr. and Mrs. Fred McIntosh here. Fred and Marie recently became parents of a wee baby, Donna Marlene, born on Sept. 28. The wee girl is not yet out of hospital, having weighed only 3 pounds [illegible] at birth.

Jno. Isley, Wildmere Pioneer Laid to Rest

John Andrew Isley, one of the oldest pioneers of the Wildmere district, having come there in 1911, was laid to rest in the Vermilion cemetery on Monday of this week.

Mr Isley's passing marks the conclusion of another life story of the successful struggle to develop western Canada. He and his wife, who pre-deceased him in 1957, were part of the valiant and hard-working few who settled this agricultural country, making a home and a living in a land of opportunity which could only be developed with foresight, courage and hard labour. They raised a fine family of six sons and six daughters, all of whom were able to be with their father during his last hours.

Mr and Mrs Isley retired from the farm to live in the town of Vermilion in 1944 and ten years later celebrated the golden anniversary of their marriage three years before Mrs. Isley's death.

Mr Isley passed away at the age of 89 years in the Vermilion hospital on October 16. Funeral services were conducted by Rev C W MacKay of the United Church, assisted by Rev J M Schroeder of the Alliance Chapel, with interment taking place in the Vermilion cemetery. Moyer's Funeral Home were in charge of the arrangements.

The pallbearers were John Wilson, Wes Langport, Chas Waldenberger, Chas Thompson, Ernest Clendenning and Tom Crisby. The well-filled church at the time of the funeral attested to the high esteem in which Mr Isley and his family were held in Vermilion and district.

He leaves to mourn his loss, six sons and six daughters: Cliff Wesley Elmer and Kenneth of Vermilion, Harold of Watson Lake, Yukon, and Everett of Bowness, Alberta; Mrs. Joe Labine, Vernon, B C; Mrs Fred Kottmeier Tolland; Mrs Henry Johnson, Kitscoty; Mrs Hazel Bathke; Mrs. Wm. Whitlock and Mrs Mahan Hill, all of Vermilion, as well as 53 grandchildren and 74 great-grandchildren.

Islay Resident Passes Away

Joseph Albert Dupuit of Islay passed away on Oct. 18th at the Islay hospital. He was born in France 87 years ago and came to the district in 1920. Mr. Dupuit had been ill for some time prior to his death.

He is survived by his loving wife, one son Alex of Islay, and two daughters, Mrs. Cliff Beck of Islay and Mrs. J Monro of North Battleford, three sisters, Mrs Frank Young, Vermilion, Mrs. Chas. Burt, Islay; Mrs. Frank Hurulak, Edmonton, and five grandchildren.

Funeral services were arranged for Thursday, Oct 22 at 10:00 a.m. in the Holy Name Roman Catholic church, Vermilion, with Rev Father Lonergan officiating.

Interment took place in the Vermilion Roman Catholic cemetery, with arrangements being made by Moyer's Funeral Home.

Scout Apple Day Decided Success

Last Saturday Oct 17 the Scouts of Vermilion were busily engaged in selling apples in both the downtown area, and the residential districts.

This annual drive for funds was an outstanding success and could not have been possible without the co-operation and support of the people of Vermilion. The Scout organization is grateful for the interest shown by the people of Vermilion in getting behind this worthwhile youth work. With the funds obtained it is now possible to meet expenses and carry on the cub, scout, brownie and guide program for another year. In working so well the boys have demonstrated their willingness to do their part in helping their own organization.

Girls' Auxiliary Meets at Mannville

The G A of the Anglican church met at the home of leader Joan Lugg on Tuesday October 12 in the afternoon. The worship service was conducted by the president Janet Laidlier, and preceded by a hymn. Work on the dorcas badge was continued, and questions assigned re study of missions and church symbols. A social for future enjoyment was discussed by the group and tabled for the present. Reports of the secretary and treasurer were adopted as read. For recreation, the group were given a stipulated time to dress two brides out of newspaper resulting in some breathtaking designs. Gail Mercer and Dawn Kreller were the models whose pictures were taken by leader Ruth Hughes in their clever creations.

Full membership was recorded at this meeting.

Auburndale Old Timer Passes On

William Samuel Elward passed away in the Vermilion hospital on Oct. 20 at the age of 88 years. Mr. Elward arrived to take up a farm in the Auburndale district in 1909, and was an active and respected member of that community through the years.

He retired from farming several years ago, leaving the management of the farm to his son, but continued to live on the home place. He leaves to mourn his loss his loving wife and one son Jerrold, of Auburndale.

Funeral services have been arranged for Friday, Oct. 23 at 2:00 p.m. in the Auburndale United church, with Rev. C. W. MacKay officiating. Interment will take place in the Mt. Auburn cemetery.

Moyer's Funeral Home is in charge of the arrangements.

Dewberry Farmer Dies at Drumheller

James Smith passed away on Oct. 2nd after a brief illness. Born 88 years ago in Summerside, P.E.I., Mr. Smith came west in 1909. He was a pioneer farmer of the Dewberry district.

Predeceased by his wife Elizabeth in 1954, he leaves to mourn his loss, four daughters, Mary Alice, and Rhena, of Drumheller; Geraldine of Calgary, and Mildred (Mrs. S. B. Blaine) of Red Deer.

Funeral services were conducted from St. Anthony's Roman Catholic church on Tuesday morning, with interment taking place in the Drumheller cemetery.

Winter's Funeral Home was in charge of arrangements.

Fidelity is seven-tenths of business success.

Teacher from India Speaks to Rotary

Mr. A. Rosenthal, a teacher of Kitscoty and formerly of India, spoke at the Rotary club meeting last Friday. The address was about India and was most interesting to everyone. The speaker was introduced by Chas. Heckbert and thanked by Alex Falls for his very fine talk.

Visitors at the meeting were: Frank Kusnais of Marwayne; Tony Miller of Jamaica; Archie Husby, Claude Brennan, John David and J. H. Blocksidge.

Peanut Night Well Supported

In their house-to-house 'peanut night' canvass last Friday evening the Kinsmen of Vermilion were well received by the householders of town and district. The annual sale of peanuts, which is a means of raising funds for Kinsmen community service enterprises, was a decided success, thanks to the co-operation and wholehearted support of Vermilion and district citizens.

How about that $578. date?

Canadian Legion Notes

Next Thursday, October 29th, the president of the Canadian Legion for all Canada will visit Vermilion branch. It is quite an honor for us to have president Burgess come here to meet with us. A general meeting will be held in the legion hall at 8 p.m. Then at 9 p.m. a smoker will be held when everyone will have a chance to meet the president. All ex-servicemen and women, whether they are legion members or not, are invited. They may also bring wives and friends if they wish. Vermilion branch is anxious to make this a big affair so come out and enjoy yourself.

VARIETY SHOW
Everyone should know about the variety show being put on by Bob Carmichael on November 6th. Bob has assembled a splendid group of over seventy artists. He says that it will be the best show he has ever put on. The prices are reasonable. Get your tickets now from any legion member. The auditorium will only hold 350 people so don't be too late getting those tickets.

SOCIAL MEETING
Next Saturday at 8 p.m. another social gathering will be held in the club room. Legion members, wives and invited guests are welcome.

Alberta Plans Winter Stockpiling Of Gravel To Aid Truckers

Gordon E. Taylor, Minister of Highways has announced that an extensive winter work program of stockpiling gravel will be undertaken by the Department of Highways. This work will start in the immediate future and in order to assist every owner of a gravel dump truck, particularly those who are wholly dependent on this work for a living, a truck registration program will be repeated again this season. The registration forms are available in the offices of the district engineers at Medicine Hat, Lethbridge, Red Deer, Calgary, Grand Prairie, Peace River, Edson and St. Paul, and resident engineers on construction projects will also have forms. Truckers in the Edmonton area should register in the Highways building in Edmonton. The forms must be completed in full in duplicate with both copies being returned to the point of registry or mailed to the Department of Highways in Edmonton, one copy will be returned to the trucker and must be presented as noted in the instructions. Registration forms must be completed by the trucker before a Commissioner for Oaths.

The system is substantially the same as last year except that the amount of earnings has been increased per truck from $1000 to $1500. This increase, it is hoped, will save the expense of having truckers report a second time and will save the wastage of waiting periods for new trucks to appear at projects.

The truck registration is not a guarantee of employment but rather an endeavor to keep the truckers' travelling expenses at a minimum and to give as many truckers as possible some income during the winter months.

Farmers Are Asked To Return Dairy Questionnaires

Farmers are reminded to return the dairy questionnaires which they received a short time ago from the Board of Trade. Anyone mislaying the questionnaire may obtain another at either Bank or Treasury Branch, or at the D. A.'s office. It is highly desirable that they be returned as it is important that the returns be compiled.

New P. R. Chief Named by C.N.R.

MONTREAL. Appointment of Chas. A. Harris as director of public relations for Canadian National Railways has been announced by President Donald Gordon. In his new post, Mr Harris, who was prominent in press radio and television circles before joining Canadian National in 1952, will direct all public relations functions of the company and display programs. Mr. Harris has been assistant director since Dec., 1956.

Mannville Sr. W.A. Holds Meeting

MANNVILLE — The Senior W A. met at the home of Mrs. A. Rutherford on Wednesday of last week and a good attendance was reported. A worship service was begun by reading the Scripture. Mrs. E Lugg read the last chapter of the study book, "He Cares." Reports of various committees were read and adopted. Bazaar work for the December annual bazaar was given out to all members. Copies of the "Living Message" were ordered, and Christmas cards were procured from the Sunday School by the individual members. A most enjoyable lunch was served by the hostess. The next meeting is to be held at the home of Mrs. E. Bent.

Clandonald United Church W.A. News

The Clandonald United Church W.A. meeting was held at the home of Mr. and Mrs. A. DeJong on Sept. 10 with ten members present. Roll call for the next meeting will be "An Embarrassing Moment", and apron. This meeting will be held at the home of Mr and Mrs. R. Feenstra.

Mrs. O. Cooper gave an interesting talk on "Church School" which she attended in Edmonton. Mr. Farquhar was in charge of the devotional. A parting gift was then presented to him with best wishes on his departure. A very enjoyable lunch was served by the hostess and the lunch committee.

On Sept. 24 the ladies of the W.A. motored to Marwayne to call at the home of Mrs. A Gower, a past member, presenting her with the usual parting gift. A delicious lunch was partaken of by all present, served by the group, then leaving with a few well-spoken words by the president, Mrs. Laird, and with a feeling of a good deed well done.

The October meeting of the W.A. was held at the home of Mr. and Mrs. R. Feenstra on Oct. 8. Roll call for next meeting will be "A Penny a Pound" Lunch committee Mrs. Olson and Mrs. A. DeJong.

Several ladies attended the W.M.S. and W.A. joint rally held in Vermilion on Oct. 7. Mrs. N Laird is the representative of St Paul Presbytery on Camp Whitney committee.

Next meeting is to be held at the home of Mr and Mrs. H Campbell on Nov 12 at 7 30 p.m.

The meeting closed with lunch served by the hostess and lunch committee.

Pleasant Valley News

Our district was saddened once again on Sunday upon hearing of the death of Albert Dupuit. Our deepest sympathy is extended to the family.

The men are trying to combine and thresh some grain out for the stock. We are all hoping for better weather but we are afraid much of the grain will never get up again.

There are lots of potatoes in our garden for anybody wishing to dig them up.

Gordon Gould grew a turnip weighing twenty pounds and we heard of a pumpkin weighing 86 pounds. Can anybody match these weights?

Mrs. David Giles returned to her home on Saturday after a week in the hospital. Glad to hear you are feeling better Pearl.

Mrs. Marvin Gould and her mother spent last week in Edmonton.

We still have lovely glads in bloom. The secret — we planted them in a tub and brought them in before the frost!

Hamilton Skater Stars in Far East

Peggy Allen Sturgess of Hamilton, Ontario, a member of the Far Eastern unit of a U.S. ice show, has starred in cultural exchange shows in Japan, India and Korea. Since joining the show in Paris last September she has put on special performances for Prime Minister Nehru of India and President Syngman Rhee of South Korea.

Anglican Juniors Study Africa

MANNVILLE - Members of the J. A. of the Anglican church met in the church hall on Thursday afternoon Oct. 15 under direction of leader Joan Lugg and assistant leader Ruth Hughes. After a short worship service conducted by Leslie Kreiler in the church, the girls retired to the basement, where mission study was continued on Africa, with the older girls reading alternate passages. They have completed the chapter on the young boy Adyeng, a native Christian. Steps were learned from an African dance, reports read, and games enjoyed before the closing exercises. A new game from Africa was introduced. The girls will continue their bead work next meeting, and plan a social.

Ancient athletes were given to [illegible] ter in the belief that it gave them [illegible].

"THE FUTURE IS LIGHTED FOR US WITH THE RADIANT COLORS OF HOPE"
—*(Author's Name Below)*—

In every corner of this earth, research scientists, physicians and chemists are patiently searching for better ways to treat disease. Old drugs are being re-evaluated to determine additional benefits, and new chemicals are being created with the hope of discovering a future use for them.

As fast as they are clinically proved, these new discoveries are stocked in our prescription department. If you have been sick for long do not give up hope. Some day, perhaps very soon a new medical discovery will cure you. Meanwhile, depend on your physician for relief.

A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

HARWAYNE

On the week end of Oct 4 Mr and Mrs. Norman Murray and family and Mr and Mrs. Clair Brown and family of Edmonton were visiting at their homes.

Congratulations and good wishes go to Mr and Mrs E. Meiklejohn on their 40th wedding anniversary this week.

Neil Hancock is working for Motor Car Supply Co. in Lloydminster and Gary Ure is driving a truck in Edmonton.

Mr Jim Linklater liking the Jubilee home in Lloydminster so well has talked his brother Bill into going there too. We will miss seeing Mr Linklater out on his regular walks.

A carload of ladies attended a joint rally of the W A and the W.M.S of the United Church at Vermilion on Wednesday. Mrs. McKinnon Dominion president of the W.A. spoke on the union of the two organizations.

All four youth groups of the town have organized for action again. The Explorers, under the leadership of Mrs. Rea and Miss Mildred Scarfe had a 'Hobo' hike to start the year off right, the C.G.I.T. started on Oct 1 with Mrs Johnson and Mrs. Gardiner as leaders. Meetings are held regularly every Thursday at 7.30 p.m. and new members are welcome. the Wolf Cubs commenced last Thursday with Miss Nancy Jacobson and Miss Joan Harwood leading. At present they are meeting in the school but will move to the Elks hall as soon as the basement is finished. Another leader is needed here. The Boy Scouts began Oct. 1 with Mr Ted Carson as scoutmaster. They have the old grade 1 school on the hill as their hall. Mr Ken Brown is assistant to Mr Carson.

Here are some dates to mark on the calendar. The Ladies Auxiliary to the Canadian Legion are holding their annual bazaar and tea on Friday. Oct 16 in the Legion hall from 3 to 5 30 p.m. Everyone is welcome. The W A of St George's Anglican church will hold a bazaar, tea, and sale of home baking on Friday Nov 6. The W.A. of the United church will hold a sale of work and tea in the church hall on Friday, Nov. 27.

Some of those visiting their homes for Thanksgiving week end were John Bell, Sheila Robber, Eunice Gray and Ella Doull, from Edmonton. Eldon Gline and Harvey Graham, Calgary, Louise Parker, Kate Rooks, Lamont, Mr and Mrs. C Rea and family, Medicine Hat. At the Saltsberrys were Mrs. Bladen, Afton and her friend.

Congratulations are extended to Mr and Mrs Harold Berry on the birth of a daughter Friday morning.

Mrs. Ashworth Sr is visiting with the Alsop family at Cold Lake.

In graduation exercises at Lamont, Betty Klinkner received her diploma in nursing and also won a prize for having added the most to their Student Nurses' Union.

Mr and Mrs. Harrington have moved into town for the winter.

O. O. R. P. To Raffle Chair

Tickets are now on sale for a lovely reclining rocking chair being raffled by the O.O.R.P. The chair will be drawn for on Monday, Nov 2, the final night of the Elks carnival. Tickets are being sold for 25c each or 5 for $1 by members of the Vermilion O.O.R.P. 14-16

NEWS from ALLANDALE

Around a foot of snow fell on Oct. 9 which has almost disappeared. Reports are for more snow and cold. Harvesting is at a standstill and likely will be until next spring.

Mrs Throndson and Mrs. Omness, representing the Allandale W A attended the W.A. and W.M.S. rally in Vermilion on Oct. 7th. Mrs. McKinnon, the Dominion W.A. president from Ontario, is a very capable lady and her talk was quite interesting. The ladies in Vermilion treated their guests, over one hundred, very kindly, serving coffee and doughnuts in the morning, a delicious dinner, and then a generous lunch before departing.

I was pleased to meet Mrs. Wear from Auburndale at the rally. She and our first teacher at Allandale, Miss Allen (Mrs. Dave Brown of Winnipeg) were pals at normal school in London, Ont. and came west together. Three years ago Mrs. Wear had a telephone conversation with Mrs. Brown who is now in poor health. These two experienced and enjoyed the pioneer days in the west.

On Oct 7 Mr and Mrs. Don Wilson motored to Lloydminster and called at the Nelson home. Alva Nelson is attending school there and enjoys it very much.

Johnny and Arnold Ortserman from Ferguson Flats were visitors Sept. 29 at the Idelore Nelson home.

The October W.A. meeting was held at the Alvin Throndson home. After the business meeting a report on the W. A. and W.M.S. rally was given by Mrs. Throndson and Mrs. Omness. The annual meeting held in December, in the evening will be held at the Ralph Strome home. Lunch by Mrs. Elsa Nelson and Mrs. Ellen Omness.

Congratulations to Mr and Mrs John Starko on the birth of a daughter also to Mr and Mrs. Harry Brake, a daughter also on Oct. 9.

Thanksgiving visitors at the Idelore Nelson home were their daughters Helen and Frank Schmidt and family, and Anna and Peter Lacusta from Lloydminster. At the Alvin Throndson home, Evelyn's parents, Mr and Mrs. Sheppard and daughters Donna and Patsy from Kitscoty. The Wm. Armstrong's had daughter Myrtle and Norman Anderson and daughters from Lloydminster and Bonnyville. At the Omness home were daughter Hilda and Dan Wilson and family, sister Flora and Gus Throndson, and niece Delsie and Ralph Strome and family.

Congratulations to Mr and Mrs. Cyril Truitt of Edmonton on the birth of a son on Oct. 9; also to Mr. and Mrs. Laird on their first grandchild congrats.

Rev MacKay was heard over the radio on Sunday last. Always welcome in our homes. His words of Thanksgiving were so true: what do we give for what we receive? Rev Serochan spoke on the great need for more funds for the British & Foreign Bible Society.

We were pleased to hear that our granddaughter Doreen Walsh of Edmonton is taking violin lessons from Len McDonald.

Congrats and best wishes to the newlyweds Mr and Mrs. Stuart Laird who were married at Kyle, Sask., on Oct 10.

Our deepest sympathy to the Rothwell family on the death of their mother. When this fine family lived on the farm north of Islay how well I remember seeing Mrs. Rothwell, the faithful church organist, at the organ at the services. What a beautiful memory she leaves behind.

Mrs. Dave Bury from Lloydminster was also at the rally and it was nice seeing Velda after so many years. Dave and the family are fine.

Recently the Wheat Pool news told of the death of Mr Stetson at Fort Saskatchewan at the age of one hundred years. Mr Stetson was a great grandfather to Ray and Betty Stetson's (Cross) three sons. Our sympathy to the many mourners.

We welcome our new Wildmere correspondent to our group. You will be helping others gain knowledge and doings of their former district who are in far away places.

Mr. and Mrs. Charlie Moore of Deer Lake are still experiencing bad roads. Recently they had to use the tractor to get out and then pulled back in again. Nice to hear from you folks.

Ib Hansen, well known in our district, who has been at Waterways, and at Uranium City for the past while, has returned. He is visiting at the McPhees and will be leaving shortly for home in Norway, by plane.

Raymond and Donna Wilson holidayed at the home of their grandparents Mr. and Mrs Omness during the long holiday week end.

Closing thought: "Let us give thanks by praying, loving, giving, sharing, helping and living."

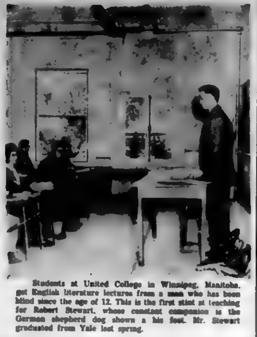
WINNIPEG COLLEGE HAS BLIND TEACHER



Students at United College in Winnipeg, Manitoba, get English literature lectures from a man who has been blind since the age of 12. This is the first stint at teaching for Robert Stewart, whose constant companion is the German shepherd dog shown a his feet. Mr. Stewart graduated from Yale last spring.

Health Unit Notes

INHALATION OF CARBON MONOXIDE

This odorless, deadly gas combines with the oxygen-carrying pigment (hemoglobin) of the red blood corpuscles more rapidly, more easily, and more firmly than oxygen can. Hence it causes asphyxiation by keeping the blood corpuscles from taking up oxygen from the air breathed in.

Manufactured gas used for lighting, cooking, and heating contains carbon monoxide. It may escape from ill-fitted gas water heaters and gas stoves, loose gas fixtures and valves, leaky gas tubing, and gas furnaces not connected to outdoor air by flues. Many people think that accidental asphyxiation from manufactured gas occurs only when there is a leak. This is not true, as carbon monoxide may be given off when the gas is burning. Natural gas, which normally does not contain carbon monoxide, may produce it when the flame comes in contact with cold metal, as when a large boiler of water is put over a gas flame.

Carbon monoxide is also produced in the burning of all carbon-containing substances, such as coal, oil, wood, and gasoline, when there is not enough oxygen present for complete combustion. It is present in the smoke from burning buildings; in the fumes from coal stoves or furnaces, especially when they have been banked for the night, and in the exhaust fumes from automobiles. It is important to guard against the accumulation of carbon monoxide in enclosed places, such as bedrooms and garages, by providing adequate ventilation. The motor of an automobile should never be started in the garage when the door is closed.

RESCUE

In rescuing a victim of carbon-monoxide asphyxiation, make sure that you protect yourself against the gas. If a protective mask is on hand, use it. If not, tie a rope around your waist and instruct someone on the outside to rescue you if you fail. A wet cloth tied over your mouth and nose is useless.

FIRST AID

Get the victim to fresh air at once. If breathing has stopped or comes in gasps start artificial respiration and continue until natural breathing is restored or until the doctor pronounces him dead.

Since the amount of oxygen in the blood of an asphyxiated person is greatly reduced the recovery of a victim of asphyxiation is favoured by administering oxygen. Police and fire departments and some hospitals have oxygen inhalators. Send for one if possible. It is important to remember, however, that although inhalation of oxygen will supply adequate amounts of oxygen to the tissues it cannot restore breathing in a person who has stopped breathing. Artificial respiration must be started and continued until the victim breathes naturally. Then he should be allowed to continue breathing through the inhaler of the inhalator until he is fully conscious.

During the process of resuscitation and for some time afterward keep the victim warm and aid circulation by rubbing the limbs toward the heart. Insist on complete rest for some time after return of breathing. Even slight exertion is dangerous.

CHEMICAL LUNG-IRRITANT GASSES INHALED

Some gases which may be inhaled such as certain industrial gases and war gases have an irritant or corrosive action on the respiratory tract. Among them are ammonia fumes, nitrous fumes, hydrogen sulphide, chlorine and phosgene. Persons who have been exposed to irritant gases must lie down at once and keep absolutely quiet until the doctor arrives. The action of some of these gases may be delayed and at first the victim may show few or no symptoms. However any exertion whatever even sitting up may have serious or even fatal results. Since an irritant gas inflames the lungs it is dangerous to give artificial respiration. Under no circumstances should it be resorted to unless the victim has stopped breathing and then only with great caution.

To be the recipient of affection is a potent cause of happiness but the man who demands affection is not the man upon whom it is bestowed.

CLAYSMORE CLIPPINGS

Mrs. Mike Karlstrom of Wetaskiwin was a week end guest at the Allan Olstad home. Mrs. Karlstrom is Mrs. Olstad's mother.

Mr and Mrs. Mike Pawlow attended the five car bingo in Edmonton on Friday. They were accompanied by Mr and Mrs. Howard Ralph of Minburn.

Guests on Saturday evening for supper with Mr and Mrs. Geo. Watling and family were Mr and Mrs. Allan Olstad and family and Mrs Mike Karlstrom.

Recent supper guests at the Ernie Livingstone home were Mr and Mrs Ronnie Bauer and family.

Mr and Mrs. Odin Olstad of Edberg and Mr and Mrs. Vern Loov and boys of Kitwanga, B.C., were visitors at the Allan Olstad home last week.

Mr and Mrs. Ernie Prill and Mrs Laura Van Nest were Saturday evening callers at the Richard Stebner home.

Mr. and Mrs. H Humber spent a few days last week visiting friends near Stettler. They were expected home early this week.

Mr and Mrs Lloyd Hamilton from Kelowna, B.C. and cousin Peter Kather of Edmonton, were callers at the Robert MacMillan home Saturday evening.

Congratulations to Mr and Mrs. Osteph Woywitka on their recent marriage. Friends in the district all wish them many happy years together.

Mr and Mrs. N MacHardy were dinner guests at the Dale Williams' home on Monday, Oct. 12th, Thanksgiving day.

Mr and Mrs. C Emsland and family were visiting with the J Horne family Sunday evening.

Mrs. Allen Olstad had a few friends in for tea on Friday afternoon in honor of her mother who was spending the week end with her. All enjoyed a pleasant afternoon and a nice visit with Mrs Karlstrom.

Mr. and Mrs. J. Horne and family spent Thanksgiving day at the home of Mr. and Mrs. C. Emsland of Lloydminster.

Ron Forsyth Is New President A.T.A.

Farmers! Save Your Grain Crop

Take Your Grain Crop Off as Fast as Possible and Dry It on the Farm for SAFE Storage

DRY as you HARVEST with

CROPGARD

Thousands of portable farm dryers are operating in the United States and Canada saving the farmers millions of dollars by helping to get the crops harvested early.

- The cost of drying grain on the farm is approximately two cents per bushel to take out up to ten percent moisture.

The Cropgard Super "40" Grain Dryer can dry as high as 2000 bushels of grain per day. Complete Portability. Retained Super "40" dries crops in the field while harvesting to save extra handling, time and money. Does not have to be filled to start drying.

- Do not wait until your crop is snowed in or damaged by bleaching. Late harvesting means loss of yield as well as loss through poorer grade and lower prices.

Form a Grain Dryer Club in your district

and have from six to a dozen farmers cooperate together in operating a dryer. By arranging a dryer club the farmers can all take off their crop as fast as it is fit to go through the combine and the drying can be done for each member of the club during the fall or winter months. All the members of the club can rest assured that they are safe to get their crop off as fast as possible without spoilage of grain by heating.

Only one hundred dollars investment by each member of the club will finance the dryer and the balance can be carried over a period of three years. It is quite possible for the dryer to earn enough in one season to fully pay for itself by doing custom drying.

SEND COUPON BELOW TODAY for full information on how to organize a Grain Dryer Club. Do not wait until the snow comes. Harvest as early as possible and start drying before the cold weather comes.

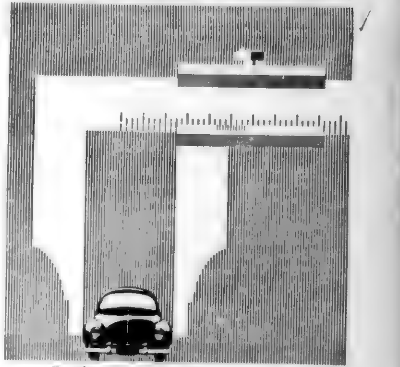
Everything to Make You Happy!

Snack time, dinner time, any time — you've a real treat in store when you eat here!

The Boston Cafe
For Goodness sake



"...devotion to detail"

The demand for Volkswagens grows constantly. It has kept well ahead of expanding production. Today, Volkswagen is more than a car. It is a household word, a standard for what is good honest value. And that is because you, everyone, can actually "see" the quality in a Volkswagen. It is there in every detail, every part. You don't have to be an engineer to appreciate the way the doors are made. Open them. Close them. They shut solidly with the sound of solidarity. The hood is the same—no gaping spaces where it meets the body. This is what experts examine with pleasure—find technically excellent.

Such devotion to detail you find in every single part. This makes Volkswagen what it is.

And it was Volkswagen who pioneered in mass-production such outstanding features as engine in the rear, air cooling, torsion-bar suspension on all four wheels—all sound engineering principles which other manufacturers are now adopting.

While Volkswagen is continually improving, the same basic design has been maintained. That is why the 100,000 Volkswagen owners in Canada enjoy such a high resale value for their cars.

And everywhere you go, you will find efficient Volkswagen service. From coast to coast, 280 authorized Volkswagen service centres are equipped with genuine parts. Factory-trained mechanics give you efficient, inexpensive service. All this is backed by a central 5-million dollar Spare Parts Depot at Toronto.

The car, the parts, the service—devotion to detail in every way.

DOCTOR FOOLED BY FAKE BLAST VICTIMS

Hamilton, Ontario, firemen staged a fake explosion demonstration which was so realistic that it even fooled a passing doctor. He rushed to the aid of the victims — firemen covered with fake blood—and applied first aid. The fire department stunt was meant to draw attention to fire prevention week. The firemen were also fooled, they thought the doctor was part of the act.

PARADISE VALLEY NEWS

Congratulations to Mr. and Mrs. Harry Espenant of Erwood, Saskatchewan on the birth of a son at Erwood, Sask. on Wednesday, October 14th. Mrs. Espenant is the former [illegible] of Paradise Valley.

Mr and Mrs. George Venner and Miss Lynn Venner left on Friday to spend the week end with Mr and Mrs. Frank Venner of Edmonton.

A farewell party was held in the Paradise Valley hall on Friday evening for Mr and Mrs. Arlen Adams and family who are moving to Bashaw, Alberta where Arlen will operate a seed-cleaning plant. Many of Mr. and Mrs Adams' friends gathered to wish them well in their new home.

The teaching staff of both schools attended the Teachers' convention held at Vermilion on Thursday and Friday. Those making the trip were Mr and Mrs E. H. Walter, Mr and Mrs. Taylor, Mr Miller, Mrs. Gallagher, Mrs. Emily Welsh, Mrs. Shirley Leighton and Mrs. Ardis Dobson.

During the past week we have had all kinds of weather. Rain, snow, a blizzard and then rain again. As a result of all this, harvesting has come to a standstill. Some say we are going to have good dry weather yet. We certainly hope so. Many farmers are selling off their cattle as the feed situation is serious.

Sorry to hear that Mr M. Hankins and Parke Dobson are patients in the Lloydminster hospital. Hope they will not be long there.

Mr Joseph McAmmond left on Friday for a visit with his brother Hugh McAmmond at Barrhead for a few days.

Quite a number took in the chicken supper at McLaughlin on Friday night. As usual, the ladies outdid themselves in providing a grand supper. We are sure it was a very successful evening. A dance followed the supper.

Mrs. V. Greenwood of Calgary is visiting with her son Lyle and daughter-in-law and other friends in country and district. It is quite a few years since the family left Paradise Valley.

Do not forget the chicken supper to be held by the W. A. of the United church on October 30th.

TULLIBY LAKE

It's a pleasure to hear from Calgary that Mr Freddy Gardener's health has vastly improved. Nearly everyone remembers Freddy when he clerked in Alec Pinkey's store at Onion Lake several years ago.

[illegible] AT ISLAY

Mr John Kay visited his daughter Thelma and family, Mr and Mrs Frank Robinson, down at Islay. During the visit he had for the first time the thrill of seeing whooping cranes, seven of them flying overhead.

Mr Percy Heslan spent a few days at the home of Ray and Violet Wagner. He is now staying on the former Bill Robertson quarter guarding his greenfeed crop from the invasion of cattle from the Burke Lake pasture.

Jean Brinkholm is away from home for the first time attending the Lutheran College at Camrose and writes stating that her school work and various duties around the dormitory prevent a person from getting too lonesome for home.

Norman MacFarlane, eldest son of the former Elsie Fox, is attending the University of Alberta.

Eddy Brinkholm visited the family connections during the week.

The rainfall we had made things unproductive for the district's beekeepers. John Kay told us that he will have only about fifty pounds of honey as compared to almost 250 pounds last year. Mrs Henry Benson's bees didn't do much better.

Talk not of wasted affection, affection never was wasted.
Henry Wadsworth Longfellow

Legion WA Donates To Mannville Library

MANNVILLE — At the regular monthly meeting of the Ladies Auxiliary to the Canadian Legion, B. E. S. L. which was held recently, those present gave approval to a sum of money being given to the local library. A donation of money had previously been given to a fund for the purpose of buying extra playground equipment for the local school.

The Sunshine committee reported that they had made their [illegible] visit to the hospital and distributed treats of candy, gum etc., free to all who cared for them.

The [illegible] rug which is being raffled by the auxiliary is on display at Linda's restaurant. The rug was made by a one-armed war veteran.

The Poppy Day Tea, sponsored annually by the auxiliary, is being held on November 7th from 2 30 to 5 30 p.m. at the Legion hall.

Human affection is not poured forth vainly, even though it meet no return. Love enriches the nature, enlarging, purifying, and elevating it.

The purest affection the heart can hold is the honest love of a nine year old.

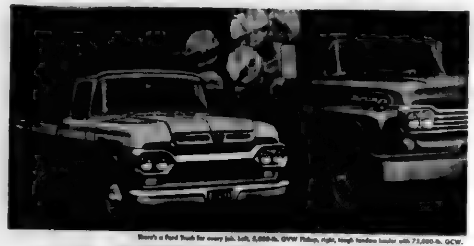
Announcing NEW 1960 FORD TRUCKS



There's a Ford Truck for every job. Left, 5,000-lb. GVW Pickup; right, tough tandem hauler with 75,000-lb. GCW.

...with CERTIFIED ECONOMY!

[illegible] Here are the 1960 Ford Trucks . . . the trucks that have already "shown their stuff" in intensive tests run by North America's Foremost Independent Automotive Engineering Research Group. These experts *certified* test results which *prove* 1960 Ford Truck Certified Economy!

Key components, like brakes, clutch and frame, stood up to gruelling punishment, the equivalent of years of on-the-job service. That's *Certified Durability!* For example, the 1960 Pickup frame was certified to have 23.6% greater rigidity, for a stronger frame and longer Pickup life.

Individual parts were tested in laboratories and in actual operation . . . and from these tests came proof of 1960 Ford Truck *Certified Reliability*. The new Ford wiring assembly, for instance, will serve you three times longer than old-style assemblies!

There are new engine changes which mean the 1960 Ford Trucks will give you the maximum in power and mileage from every gallon of gasoline you use. For example, the Ford light duty "Six," the engine that gave better gas mileage than *all* the other five makes tested in last summer's Economy Showdown, has been further refined to give you *even better* economy. That's *Certified Gas Savings*.

Ask your local Ford Dealer about the many, many other Ford Truck features for 1960. He can offer you the widest choice of engine-axle-transmission combinations in Ford Truck history. He'll help you select the right combination of components to give you a truck that's best suited to your line of work.

New Flexibility Gets Costs for Ford owners in '60. Example: F-600 with new 16,000-lb. rear axle for tough hauling gives you heavy duty truck capacity at medium duty truck price.

Maneuver Tight Spots with ease in a 1960 Ford Tilt Cab model, available in medium, heavy and extra heavy duty series. Carries up to 1,000 lbs. more on the front axle for longer payloads.

SIX OR V-8
FORD TRUCKS COST LESS
less to own . . .
less to run . . .
built to last longer, too!

C.N. Train, Inaugurating New Transcontinental Service, Receives Vociferous Welcome by Citizens

The Canadian National train which ushered in a new transcontinental service for the Saskatoon to Edmonton portion of the C. N. railway line, received a most enthusiastic and vociferous welcome when it reached here exactly on time at 12 25 a.m. on Sunday night. Well over 100 citizens armed with noisemakers of every description, decorated with "welcome" banners and "welcome to Vermilion" buttons, and headed by two members of the Vermilion Pipe band, Rod McPhee and Donald McClelland were on hand at the depot when the train arrived. Amid the stirring strains of the pipes, and the tumult of the noisemakers, the train was boarded and everyone in the day coaches were treated to [illegible] and soft drinks by the Vermilionites.

When the train left for its next stop at Lloydminster, some [illegible] Vermilion folks were on board, both ladies and gents, to assist in the welcome there. The plan was to return on the westbound continental. Heading the visiting delegation were Mayor Melvin Hill, President of the Board of Trade, Jack Kneale; Dr. Ben King and K. G. Urquhart who, along with Jack Kneale, had organized the welcome on behalf of the Board of Trade. With the group went the pipers and bugle playing Gordon Casey.

On the short trip to Lloydminster two very interesting officials were met. Gordon A. Drynon, the conductor, whose home was originally at Lloydminster, but this was the first time he had been through his native town since 1919, and Joe Rokovetsky, a cousin of Charlie, George and John Stewart of the Claysmore district. The local merrymakers were treated royally by the two C. N. R. men, and taken on a tour of the train.

AID WELCOME AT LLOYDMINSTER

The Vermilion troupe were an unexpected addition to the big welcome planned at Lloydminster at which two railway officials were the invited guests. Roger Graham, the divisional superintendent for the province of Alberta and Norman Smith, assistance superintendent for this region were both in attendance. Both had very nice things to say of the enthusiastic welcome extended to the new transportation service of the C. N. R.

At Lloydminster the band was on hand but all the planned programe was momentarily halted while the Vermilion troupe led by the Pipers and bugler, marched down the platform. CKSA was broadcasting proceedings, having come back on the air for that purpose, but the announcer stated that a new element had been added with the arrival of the enthusiastic men and women from the friendly [illegible] to the west. [illegible] that time on it was a [illegible] with Vermilion [illegible] in the program every bit as much as Lloydminster.

Mayor Hill and President Jack Kneale spoke over the air. Pipers Rod MacPhee and Don McClelland, along with Rev Morris of Lloydminster, were featured in several broadcast numbers, aided by the drummer from the Lloyd band, while Gordon Casey with his bugle proved quite an adjunct to the Lloyd band in its renditions. Another feature which caught the fancy of the crowd was a song composed on the trip to Lloyd by the Vermilion ladies. Accompanied by Sundy Sunderland of Lloydminster who had his organ on the station platform, the song was sung and broadcast.

The westbound train was late in arriving, but the program never lacked for color, hilarity and entertainment for the entire interval, the tired but happy welcome band returning home at 5 15 a.m. Monday morning.

They were tired, yes, but they had kept Vermilion very much in the sun, and welcomed a new and much desired service in a real Board of Trade promotional effort. It was well arranged and enthusiastically carried out.

The transcontinental service now being enjoyed on this portion of the Canadian National lines can be directly attributed to the united action of the Boards of Trade and Chambers of Commerce along the line now served. These bodies met early in the spring, prepared a thoughtful brief which pointed out as its summary that much was to be gained by the Canadian National routing one of its transcontinental trains over this line, rather than having two operate through the same territory. The seed took root and with the regular fall time table the change was effected.

School Board Institutes Laggard Policy, Provides Incentive to Students; Interesting Facts at Meeting

The local Vermilion school board at the meeting held Oct. 19, approved the enforcing of the laggard policy, now in force in many schools in the province. The City of Calgary was the first to inaugurate such a policy three years ago and the standings of high school students have increased greatly percentage-wise in the three years that the policy has been in force. This policy deals with lazy and indifferent students who are not working to the best of their ability.

LAGGARD POLICY OF THE VERMILION SCHOOL.

The policy briefly is:

"A student who appears to be lazy and indifferent in his attitude towards his daily work and who refuses to apply himself in spite of all efforts made by his teacher and principal to be helpful and to bring about an improvement should be reported to the Divisional board. The board will make a study of the case and take the necessary action.

Principals and teachers are urged to bring appropriate pressure to bear upon such students before a report is made.

The board recommends a certain procedure after consultations between the principal and the superintendent in dealing with certain high school students. When, early in the school year a student shows evidence of lack of interest, and behaves in a manner prejudicial to the school such student shall be advised that the continuation of this attitude will result in a report being made to the Divisional board through the superintendent. Suspension or expulsion may follow. During the fall term students and their parents are to be advised of the existing situation and they should clearly understand that unless improvement is shown the students concerned may be required to withdraw from the school at the end of the December term."

HIGH ATTENDANCE

The attendance for the month of September was shown as 97.41% in the elementary, and 95.38% for the junior and high schools.

ENROLLMENT GROWS

Another interesting feature was that during the month of September the enrollment had increased by a further seven students, children of new families taking up residence in Vermilion.

NO MORE ROOMS IN NEW SCHOOL.

The number now attending the junior high and high school grades is 300. Surprising as it may seem the principal now has no home room, no classroom being available for him. It appears that in the fall of [illegible] the grade seven students will have to return to the west end and be accommodated in the former junior high building [illegible] the elementary grades of 5 and 6.

Parents should take special notice that high school reports will be sent out Nov 15, Jan. 15, Easter and June. Strict rules are to be enforced on late comers and students who attend half days.

JUNIOR HIGH REPORTING

The Students' Union is again well underway, with the results of the recent election as follows: President — Linda Lee; Secretary — Nadine Hart; Treasurer — Jean Filgate; Girls' Sports Representative — Louise Barr; Boys' Sports Representative — Douglas Wilson; Social Convener — Louise Shalka; Press Reporter — Frances Wilson; Room representatives — Dale Bancroft, Ricky Shaw, Judy Randall, Brian Keen, Kenneth Tovell, Beth Blackridge, Pamela King and Richard Brennan.

The first meeting was held on October 8. We are glad to report nearly 100% membership this term.

On October 19, a gathering in the gymnasium was called with Mr Husby and Mr Leavitt speaking. Mr Leavitt explained the intramural system as it is to be this year. The students all belong to a house either Service, Carman or Laurier. Extracurricular activities will start soon.

The first party, which was arranged by grade 9A, was held on October 23. The theme was a carnival. First of all, different midway games were played, and then all listened to the talented students in the grandstand. Brian Batteff won the door prize and the evening came to a close with the crowning of the carnival queen, Karen [illegible], and the serving of lunch.

Will Organize Juvenile Hockey

The annual meeting of the Eastern Alberta Juvenile Hockey league will be held in the provincial building (upstairs) on Sunday Nov 1 at 2 p.m. Every one interested in seeing this league operate again [illegible] is invited to attend.

Observe 59th Anniversary

An old time couple of Vermilion, Mr and Mrs S. R. P. Cooper observed the 59th anniversary of their wedding on Sunday October 25th. This well known couple were married at Baldur, Manitoba in the year 1900 and lived in that town until 1907 when they moved to Vermilion. Mr Cooper founded the Vermilion Standard in 1909 retiring only six years ago, at the age of 80 years.

Enrolment of Boys At V. S. A. Reaches An All-Time High

143 in Agricultural Courses — 27 Register in Home Economics — Classes Underway

In spite of most unfavourable harvesting conditions this fall, a record enrolment of students reported for and commenced lessons at the School of Agriculture when the regular winter term opened on Wednesday. The Agriculture course attracted 142 young men and one girl while twenty-seven girls registered for Home Economics. The total in Agriculture is the highest on record and will tax classroom and laboratory facilities to the limit.

Non-Alberta residents among the student body number a total of twenty, most of whom are from British Columbia and Saskatchewan but include one from Manitoba and one from Peru. The Peace River area is again well represented with a contingent of thirty-one students.

The first general assembly was held on Wednesday morning at with Mr D. C. Folk gave the Invocation. Members of the Instruction staff were introduced and students were welcomed by Principal N. N. Bentley. Regular classes commenced Wednesday afternoon.

V.S.A. Flooded With Standards

Besides being flooded with students this week, the Vermilion School of Agriculture is also flooded with Standards. A complimentary copy of this issue was sent to every student and staff member. The Standard as will be noticed, carries greetings from practically every business place in town, directed to students and staff.

By reading the Standard V. S. A. students will become familiar with the various businesses, where to shop, and will get to know the many services offered in Vermilion . . . also just how glad the citizens of the town are to have them here.

Former Vermilion Student Honored

A former Vermilion High school student, Dr Robert Morrison, son of Mrs Morrison and the late Mr A. S. Morrison, of Bowell district, has received a $3000 Fellowship from the University of Alberta hospital. Dr Morrison is presently engaged in medical research with the Department of Surgery, University of Alberta.

Problems Of Education World Wide Says Speaker

Dr. T. C. Byrne, Chief Superintendent of Schools for the province of Alberta addressed an interested audience of 65 members of the Home & School Association at the October meeting on Tuesday evening. His talk was entitled "Trends in High School Education" and he covered in a very able manner the history of high school education in Alberta since 1906. He noted that many of the problems and arguments about the form and scope of present high school programs are not just present in Alberta but throughout Canada and the rest of the world, particularly U.S.A. and England.

Mr. A. Husby, principal of the Vermilion High school thanked Dr. Byrne on behalf of all those present for a very entertaining evening.

Mrs. Shalka's grade 1 room was the winner of the attendance shield and treats which were presented the following day by the room mother, Mrs. Wm Flechuk.

New Business Now Operating From Vermilion

Bob Snelgrove and Scillas Lee, two men well known in Vermilion and district, have recently purchased a rubber [illegible] cable controlled Backhoe from Watrous [illegible] which they are now operating in this area. They have just completed a [illegible] water [illegible] at [illegible]

Nursing Aides Receive Diplomas

Members of the first class to [illegible] Edmonton [illegible] Miss [illegible] Waldenberger of Vermilion and Miss Anna Ilsty of Dewberry.

Miss Waldenberger is the daughter of Mr and Mrs [illegible] Waldenberger who went to the city to attend the graduation exercises which were held in the Jubilee auditorium.

United Church Board Meets at Marwayne

A special meeting of the official board of the Kitscoty Pastoral Charge was held at Marwayne on Wednesday October 21 at [illegible] p.m. with [illegible] members present.

The total program of the Pastoral Charge was reviewed and a proposal for 1960 was prepared according to the Sect. Plan.

The manse situation was reviewed. Plans were introduced to obtain additional office equipment. The possibility of obtaining a summer student assistant on the field was discussed.

HUNTING TIPS

Discharging of firearms from a moving vehicle on a highway is strictly against the law and also the law of common sense.

President and Vice-President

HARTMANN NAGEL from Woking and DON HEIE from Round Hill, president and vice-president respectively of the V. S. A. Students' Union, who head the reception committee in charge of welcoming new students as the regular winter term opens at the School of Agriculture this week.

Construction To Start on Senior Citizens Lodge November 2nd

The general contract for the Senior Citizens Lodge at Vermilion has been awarded to the Alexander Construction Co. of Edmonton for the sum of $108,613.00.

The electrical contract for this project has been awarded to Cowan Electrical Contracting Ltd. of Edmonton for the sum of $12,399.00.

The mechanical contract for this building has been awarded to Baiard's Limited, Lloydminster, for the sum of $44,894.00. This is plumbing and heating.

Construction work is due to start by November 1st.

The above information was forwarded this week by James Hartley, minister of Public Works, to the Vermilion constituency M. L. A., Ashley Cooper.

Curling Starts On Wednesday Next With Mixed Bonspiel

For the curlers of Vermilion and district, next Wednesday, the beginning of the mixed spiel, is the send-off to a good season of this fine sport, as planned by both the men's and women's clubs. Anyone who thinks they would like to curl this winter is invited to enter a rink in next week's spiel by contacting Russell Carroll.

However, even if you are not able to enter this particular competition, curlers are assured that both clubs have planned an active winter schedule and prospective members are urged to get in touch with either Roger Rowe, president of the men's club or with Mrs Benny Roberts, phone 674 president of the women's club.

At their organizational meeting the women curlers accepted the bid of Mrs. Tom Davis to take over the catering services at the curling rink kitchen, so that refreshments will be available at the games, as well as at spiels. They have not, as yet definitely set the two nights of the week on which the women will be curling, preferring to leave that decision to the pleasure of the majority of the curlers when the rinks are made up.

Vermilion is fortunate in having a well constructed curling rink with artificial ice that makes for ideal game conditions throughout a full season of curling. There will be arrangements made, if desired, for ice to be available sometime during the week or on Sundays so that games can be arranged for mixed curling. Get your name in early to either the men's or women's club so that you can enjoy this famous Canadian winter sport.

Another Popular Variety Show by Canadian Legion

Bob Carmichael is putting on another of his variety shows at the Vermilion high school auditorium on Friday, November 6th at 8 p.m. This is the fourth time that Mr Carmichael has arranged a variety show in aid of the Canadian Legion polio fund.

It will no doubt be of interest to everyone to know the names of those taking part in this concert. The names are as follows: Lloydminster Legion Boy's Athletic Group (about 10 performers), Vermilion Pipe Band, with about 17 members including the girl pipers Lois Davies, Lloydminster; Judy Skoreyko, Streamstown; Joe Deber and group, Vegreville; Mrs. Jean Legg, Jim Johnson and Jack Coxford, Mannville; Robert Carmichael, Alex Russell, Ken Affleck, Keith Mayhew, Murray Ross, Mr. and Mrs. D. C. Folk; Mrs. Sutherland, Johnny Martin, Stan Clarke, Sandra Roberts and the Forbes sisters and Louise Klashinsky of Vermilion.

Bob Carmichael will be M. C. and Morley Marshall the social and stage manager.

BANQUET POSTPONED

The Old Timers' banquet and round-up, to have taken place on Nov 4, is postponed due to the inclement weather and poor harvest conditions. 16

Shown at the sod-breaking ceremony initiating the housing project on Wednesday October 28th are, from left to right: George Brown of Brown Construction Co Ltd, Councillor C. J. McCormack, Mayor Melvin Hill, Milton Brown of Brown Construction Co. Ltd, Fred Hosker and John Gawreluk, both of Inter-Urban Developments Ltd.

Ten-Home Development Started As Mayor Hill Turns First Sod

Last week, Mayor Melvin Hill officiated at a sod-breaking ceremony to mark the beginning of a real estate development in Vermilion.

The Inter-Urban Developments [illegible] lots [illegible] block north of the new high school and just east of the site of the proposed [illegible] home. Three houses will be built on these lots and it is hoped to have them ready for occupancy by the end of the year.

This real estate project has been planned and arranged by the Inter-Urban Developments Ltd of Edmonton who expect to have another seven houses built in this same section of town. The homes are architect designed with a variety of exterior plans as blueprinted by David Healy, M.R.I.A.C., an architect who is also a town councillor in Jasper Place.

Similar real estate developments are being set [illegible] in Whitecourt, St Paul, Two Hills, Ponoka and Mayerthorpe. Now for the first time, product mortgages for residences have been made available in these smaller centres. Heretofore they have been limited to Edmonton, Calgary and Lethbridge in Alberta.

Brown Construction Co. will be in charge of the building [illegible] the houses, but have signified their intention to use local labor and let sub-contracts wherever possible.

Mortgages for the housing have already been arranged through Alberta Mortgage Exchange, Edmonton, and it is expected to amount to a capitalization of almost $80,000 by the time of completion of the ten residences on the ten lots, as planned. The houses are to have a cost price of not more than $11,000. Reg Mitchell of the Mitchell Insurance Agency Ltd. is the local representative for the Inter-Urban Developments.

Safe, Sane Hallowe'en Asked For

[illegible] as a night of mischievous damage has been or the wane in towns such as Vermilion for some years now such is apparently not the case in rural areas and some villages where real damage is done and considerable expense and inconvenience caused under the mistaken guise of fun.

In an effort to promote a sane Hallowe'en the council of the Municipal District of Vermilion River is asking, through the columns of the Standard and the Lloydminster Times that activities be confined to that which is humorous, not damaging. The advertisement inserted by the council is designed to make a [illegible].

A good rule to follow is: Would you like it to happen to you, or to your home, or the home of your father and mother? The Golden Rule is always a good one to follow: "Do unto others as you would have others do unto you."

Progress On Large Scale Export Of Natural Gas

Large-scale export of natural gas advanced a step closer to reality last week when the province issued permits to Alberta Gas Trunk Line Co. for construction of 600 miles of pipeline along the Alberta foothills.

The 600 miles of line eventually will form a gathering system to collect gas from foothills fields for export [illegible] and the Pacific Northwestern United States. While the provincial government permits are an important step toward the export program, there isn't much likelihood of action until U.S. and Canadian governments give their approval to the export. If and when they do, it will be a big shot in the arm for the Alberta oil and gas industry.

Thrift May Cost A Life

For the sake of a few pennies, a baby lost his life . . .

Thus begins the tragic tale told fifteen times over so far in Canada this year. Here's how it goes. The dry cleaning is delivered to the house. It is protected by dust-proof thin plastic. The mother taking the clothes out of their plastic covering decides this material is too useful to throw away. Why not use it to protect baby's mattress? Why bother to buy a special heavy gauge mattress cover when this will do just as well?

And so a tiny baby rolls over one night, kicks aside a sheet, presses his face against the clinging fabric and dies.

It's a horrible story, isn't it? So are the stories of children who are so seriously burned through their parents' careless storage of matches, or who are poisoned by drinking turpentine [illegible].

[illegible] thing in common. They need never have happened.

The answer for matches, turpentine and thin plastic is the same: KEEP THEM AWAY FROM CHILDREN.

Here are the simple facts about this plastic. Ultra-thin plastic film, an excellent protector of clothing because it is air tight can be deadly for this very same reason if used as a makeshift covering in baby's crib or playpen. [illegible]. They could have bought special safe mattress covers made of heavy gauge plastic at a very low cost.

No amount of penny saving could replace their loss, says the Alberta Safety Council.

Alberta Investigates Green Stamp Plan

The Minister of Industry and Development said Tuesday that investigation is continuing into the green stamp plan being used by Loblaws Limited.

The Government views with concern the introduction of a stamp plan to Alberta which can only result in increased costs to consumers. Experience in other centres where such plans have been introduced shows that the considerable costs of establishing such schemes are ultimately passed on to the consumer.

In the past Alberta merchants have maintained a high level of ethical business practices and have operated successfully in our competitive economy without resorting to such questionable retail methods.

Consideration may have to be given to enacting legislation to give the Government authority to control this and similar plans.

It is the hope of the Government that organizations using such schemes will return to recognized methods of retailing at an early date.

I Am Your Newspaper

Once I was part of the forest. Tomorrow I likely shall be consumed in flames, or stacked in a warehouse or whipped along a windy street to rest finally and decay in silence.

But this is my big moment for at this moment I attempt to inform you, perhaps entertain you, and unfortunately occasionally annoy you.

I am dedicated to the recording of the highlights of your life, from "Birth Notices" on through to "Memoriam". I revel in your accomplishments, [illegible] in your time of sorrow.

As your weekly newspaper I am your friend and mirror. Mine is the neighborly comment, the friendly account of the community. It may soar at times to bursts of literary aspiration, but there is no vain pride to bind me to my basic role of community servant.

There are those holding me at this moment who swear by me. Others swear at me. I shall be content if I win the faith and confidence of the majority and on occasions when I find the majority is minded to retain the respect of the minority.

I make no secret of the fact that I work for a living, and I take pride in my craftsmanship — to carry the message of the merchant in the most effective manner.

In short, I am Your Home-Town Newspaper.

Keep Them High On The Shelf

NEARLY 500 CHILDREN DIE EACH YEAR OF ACCIDENTAL POISONING
POISON

GREEN ACRES

By: H. MORLEY DOUGLAS
District Agriculturist, and
EDWARD DOBKO, Assistant D.A.

H. M. Douglas Edward Dobko

DAMP GRAIN

The harvesting done throughout this area has resulted in a lot of wet, damp, and tough grain. If this grain isn't moved occasionally it will heat. A questionable bin can be tested from time to time with an iron rod. If the rod comes out moist the grain is heating. If the rod comes out moist and warm there are probably moulds in addition to heating. Cedar posts driven to the floor of a bin of grain will help remove moisture. A better method of removing moisture however is to take a 2x4 longer than the grain is deep, nail a 2x2 lengthwise on either side and wrap this with ordinary window screen. These posts can be put into the grain before it is filled and will help a lot to dry the grain.

PLOWING CHAMPIONSHIP

Canada's plowing championship competitions were held at Dundas, Ont. the week of Oct. 12 with Robert Timbers of Mt. Albert, Ont. the winner.

FARMSTEAD SHELTERBELTS

The district agriculturist office at Vermilion helped distribute 30,597 trees to 100 farmers in 1959. Trees are still available for the 1960 planting but will have to be put out in 1959 summerfallow. Orders for trees are made through the D.A. office.

RATS RATS RATS

With the approach of winter, rats will be moving from the fields to the buildings. Rats like company, always making their homes with humans. Buildings must be carefully inspected. [illegible] inspected and [illegible] your [illegible] catch a rat you may rest assured there will be more some place. Report anything suspicious to the M.D. office at Kitscoty or the office of the D.A. in Vermilion. Bait is supplied free for the control of rats.

FARM MANAGEMENT

Many farm families are not able to cope effectively with some of the important and difficult problems that confront them. They need individual [illegible] recommendations through more intensive assistance on the farm and in the home. Providing this type of [illegible] is the basic purpose of the District Agriculturist Farm Management program.

A successful sale of cattle and swine was held Oct. 23 by the Lloydminster Exhibition Association. Swine sold well considering the commercial market and availability of feed. The highest priced boar was contributed by Alf H. Dyck of Borden, Sask., and was sold to a Saskatchewan buyer. Ernie Prill of Mannville bought the second highest priced boar from the same contributor. Thode of Dundurn, Sask. contributed the highest priced bull, a Hereford which was sold to a Saskatchewan buyer.

The Vermilion Agricultural Society's annual fall sale which was to have been held Nov. 12 has been called off because of lack of entries and the uncertainty of prospective buyers.

Two District Men Are New Owners Of Lacombe Hogs

OTTAWA. — A chance draw held at Lacombe decided the new owners of 30 breeding groups and 53 boars of the Lacombe breed.

Canada Department of Agriculture officials said 11 breeding groups went to Alberta, five to Saskatchewan, 13 to Manitoba, 11 to Ontario. Each breeding group consists of three females and a boar.

Alberta producers will claim thirty-five boars, leaving B.C. with one, Saskatchewan with 8, Manitoba with six and Ontario with three.

The Lacombe breed is the result of a hybridization and selection program initiated by the department in 1947, which combined the blood of the Danish Landrace, the Chester White and the Berkshire breeds.

Breeding groups are for the propagation of purebred Lacombes by private breeders. New owners in this area are Clive Torrey of Clandonald and Jas. K. Hale, Marwayne.

New High in 4-H Project Enrolment

In spite of declining farm population, 4H project enrolment continues to grow and reached a new high in 1959 of 75,554 — an increase of 1,973 over 1958. During the same period there was a corresponding increase in the number of organized clubs — 3,082 to 3,271.

Girls exceeded boys in [illegible] enrolment by 3,088. Of the [illegible] in agriculture and home economics, clothing lead in numbers with 16,320, followed by dairy calf with 13,[illegible], beef, 12,473 and grain, 6,831. Average age was 13.3 and average number of members per [illegible] 14.3.

LEGION W.A. MEETING

The W.A. to Canadian Legion Post 11 will meet at the Legion hall on Monday, Nov. 2, at 8 p.m. 16

ACCIDENTS ARE NOT "BOUND TO HAPPEN"

Accidents today are the greatest of all child-cripplers and even child-killers. Yet years of research and studies show that nine out of ten of them need never happen. And the greatest cause of all is parents' fatalistic belief that accidents are bound to happen. The truth is that a whole chain of events precedes every child's injury and that parents could eliminate many of the links in the chain.

H. & S. Delegates To Lloydminster Inst.

MARWAYNE. The regular meeting of the Home and School Association was held on Tuesday, Oct. 13 with a small attendance. A donation of $20 was received from the F.W.U.A.

Curtains for the audio visual room were again discussed. A committee comprised of Mrs. Curtis and Mrs. Peck was appointed to meet with the teachers to decide what was best.

Mr. Gardiner reported that the two radios bought by the Association are now in use at the school.

A motion was made to pay the expenses of two delegates, namely, the president and vice-president, to attend the leadership institute in Lloydminster on Nov. 4. Another motion was made to pay travelling expenses for all speakers.

March was the answer given to a questionnaire asking which month was preferred for the Home and School convention.

Mr. Blocksidge, [illegible] of [illegible] School division, was the guest speaker, giving a very informative talk.

buy the new
CANADA SAVINGS BONDS
For those who have trouble holding on to money, this is a convenient and practical way to save. CANADA SAVINGS BONDS are a safe investment with many advantages. If the need should arise, they can be cashed at any time, at any bank, for full face value plus earned interest. They're like dollars with coupons attached. This year they are better than ever.
CANADA SAVINGS BONDS pay a higher return than ever before — 4.[illegible] per cent per year if held to maturity. They come in denominations of $50, $100, $500, $1,000 and $5,000. Up to $10,000 of the new series may be held in the name of any one person [illegible].
CANADA SAVINGS BONDS can be bought for cash or on instalments. All are registered as to principal. Interest is paid by coupons payable to bearer, or by cheque in the larger denominations if you wish. Order yours today through the Payroll Savings Plan, or through any bank, investment dealer, stock broker, trust or loan company.
BETTER THAN EVER!

Rubber at Peak

Are rubber prices reaching a peak? A writer in The Financial Post says that is probable as governments on both sides of the Atlantic prepare to liquidate strategic stockpiles. He reports that the British government has just decided to dispose of accumulations gradually and a similar move is planned in the United States.

NEWS from ISLAY

Mrs. Jack Dennil of Vancouver has been visiting her brother, Mr. Percy Golby, Mrs. Golby and Barbara. Also at the Dennil's in Dewberry and her old time neighbors Mr. and Mrs. Monroe and the Prouds, all of Dewberry. She also had a visit with Mrs. Jean Axley and a real old time visit it was, recalling old times on the farm near Dewberry.

TALK GIVEN ON FOODS

At the moment we are listening to the School of Agriculture broadcast. Mrs. Gill is speaking and telling us of the course in "Foods" she expects to teach there this winter. It sounds so interesting we wish we were a teen-ager and could avail ourselves of that course. It is advanced cookery. Mrs. Gill was speaking about cabbage rolls. I believe we received one or two recipes for that, for our W. A. recipe book. We hope to get our books in time for our bazaar which is Dec. 4. So ladies, get your sewing done. In fact Mrs. Waterfield asked for the sewing to be handed in at our next W.A. meeting, Nov. 2. Please note this meeting date, it is earlier than the regular one.

SECTOR PLAN SUPPER

The United Church held a congregational supper Monday in connection with Sector Plan. Sixty people sat down and a very enjoyable and informative evening was spent.

Mrs. Kate Buchanan is home again after spending some time with daughter Hazel at Bruce, and son Joe in Edmonton.

Mrs. Betty Shaw and Mrs. Betty Gould were Vermilion visitors on Monday.

Mr. and Mrs. Sheppard of the C.N.R. have now moved into [illegible] they have been working on for some time. It is one they had shipped in, having been knocked down in order to transport it. It is situated on the former Baxter lot and is a nice appearing home.

Mr. and Mrs. Brian Ford are residing in the J. E. Miller suite.

Islay United Church W.A. will meet in the church hall Monday Nov. 2 at 3 p.m. sharp. Bring what bazaar work you have.

Mrs. Keith Kent, Lyle and Art were visitors at the Dave Martin home Sunday and to see [illegible] Mrs. Hancock who has come to spend the winter with her daughter Mrs. D. Martin.

Olga Pashulka, R.N.

Derwent Nurse Graduates at Calgary

Miss Olga Pashulka, R.N., daughter of Mr. and Mrs. John Pashulka of Derwent graduated from the Holy Cross School of Nursing, Calgary, at the 1959 graduation ceremony [illegible] held at the Jubilee Auditorium on October 18.

Opening address of the evening was delivered by Dr. S. H. Cameron, president of the Holy Cross medical staff, after which vocal selections were given by undergraduate students of the [illegible].

Addressing the graduating class was Dr. D. G. Florendine, Holy Cross radiologist, who told the class to remember that formal education should not cease on graduation. It was necessary and important to keep up with new concepts and practices in [illegible].

"Yours is a sacred trust", he said, "guard it well. Yours is a dedicated life, dedicated to the welfare of your patients and to all humanity".

Present-day standards in the art and science of medicine demand the services of skilled and trained nurses, Dr. Florendine observed. With the advent of new drugs, more complex apparatus, the professional nurse is [illegible].

"Each new nursing class is faced with a more arduous task in learning the theoretical and practical aspects of nursing", he said.

He asked that the five concepts of charity, modesty, courage, justice and wisdom be remembered and practiced.

"In the practising of your chosen profession, do not forget the little things, the pleasant [illegible], the soothing hand, the comforting words. You must have an insight into human nature to be able to distinguish between what is true and what is false."

He stated that they [illegible] profit from the experience they [illegible] had in their training. "The ordinary person does not have the experiences in a lifetime that you have crowded into three years.

"This is the biggest milestone [illegible] your future is [illegible] you will find your nursing knowledge will be invaluable [illegible] what the future may [illegible] concluded.

Following Dr. Florendine's address, the students were presented with their diplomas by the Very Rev. Monsignor Jos. E. [illegible] assisted by Rev. [illegible] Flanagan. The graduates then took the professional [illegible] pledge which was led by Father Flanagan.

Miss Pashulka's guests were her parents Mr. and Mrs. John Pashulka, Mr. Paul Jaremco, Mr. Bill Fedechko, Mr. Marshall [illegible] all of Derwent; others were Mr. and Mrs. [illegible] McNeal, Mr. and Mrs. A. Ratcliffe and Mr. Floyd Richards, all of Calgary. Following the graduation [illegible] a reception was held in the social room of the Jubilee Auditorium.

Mannville Old Timers Round-up Postponed

MANNVILLE. — Due to inclement weather delaying harvesting operations, the executive of the Mannville Oldtimers' Association postponed the date of the annual roundup until November [illegible] when it is hoped all will be able to attend. Recent snow and rain proved [illegible] setbacks for farmers [illegible] crops are now being [illegible] for fitness to harvest. [illegible] are obliged to thresh [illegible] as there is a general feed shortage [illegible].

TEA STILL POPULAR

[illegible] cup of tea [illegible] The Financial Post. [illegible] Europeans [illegible] failed to shake [illegible] from its top [illegible] in Canada [illegible] has the [illegible] influence of coffee-drinking [illegible].

The three out of four Canadians who like [illegible] consumed more than 11 [illegible] million [illegible] in the year ended June [illegible].

It points up a dramatic difference between beverage tastes of U. S. and Canada — we drink five times more per capita than Americans.

our prices are as small in comparison to regular prices as this type is to headline type. — you can't miss at these price tags!

National Farm Union Week...Nov. 9 to 14

NEWS from KITSCOTY

Mr. and Mrs. E. Joy are at present in Calgary where they plan to spend a month visiting with their daughter Mrs. O [illegible]. They will also visit their grandchildren and great-grandchildren at Crossfield.

Congratulations are extended to Mr. Edwin Stewart, dealer in Oliver machinery sales and service who recently won an expense paid trip to Waterloo, Iowa, U.S.A. Mr. Stewart was an award winner in Oliver machinery in 1958 and at this time, was first in Alberta and third in all the prairie provinces.

Mr. and Mrs. R. W. [illegible] returned home recently from a visit to their daughter and family near Battleford, Saskatchewan.

Mr and Mrs Mickey Bostaman and family of Fort Saskatchewan spent the week end here visiting with their parents, Mr and Mrs. Tim Bostaman and other relatives.

Congratulations are extended to Mr J. R. "Bob" Fox who recently celebrated his 81st birthday. Many happy returns Grandpa Fox, from your many friends.

Misses Eunice Seyripa and Joyce Birkett, nurses in training at the Vegreville General hospital, spent the week end here at their homes.

Mr and Mrs. Albert Olds and family of Edmonton spent the week end here visiting their father Mr George Olds.

Best wishes are extended to Mr Donald McLean and Mrs. Pauline McLean who are at present patients in the Lloydminster hospital.

FAREWELL TO CROFTS

Mr and Mrs. Lowell Croft, Markley and Donnie left last week end to make their home in Elk Point. Mr Croft has been the C N R agent here for the past six and one half years. A farewell party was held in Tracy memorial hall last Monday night to bid farewell to the Croft family. Rev. James Shortt in his capable manner presented them with a purse of money from their town and district friends as a token of the high esteem in which they are held. We regret very much the departure of this fine young family and wish them every success and joy in their new home, Elk Point. That northern town has gained new citizens who are active in church work and many other things including curling, fishing, scouts and cubs.

240,000 Hands Operate C. N. R.

WINNIPEG — It takes 240,000 busy hands to operate the gigantic C N R system. Shopmen, signal maintainers, telegraphers, hotel staffs, typists, laborers, scientists all have their hands in the company's business.

A pair of hands can lead a many sided professional life. The same hands that can wire a circuit, paint a sign or thread a needle can wield a sledge hammer, swing a pick or grip a chattering rivet gun.

These thousands of hands play an indispensable role in the flow of the railway's business. Keys are pushed, handles pulled, rivets driven, hammers swung, rails tamped, letters typed, lanterns waved, throttles turned, brakes set, wires soldered, tickets [illegible] punched, records filed, dough kneaded, phones dialed and the floors swept — day in, day out. The C N R's service depends entirely on the strong hands of its employees.

21% more cars are registered in Canada for 1959 [illegible] were recorded in 1958.

Too Late to Classify

12 LARGE young roosters, fattened, ready to butcher. Apply Mrs. Geoffrey Davey, RR 1, Clandonald. 16

BUILDING LOT in good residential section of the town, close in just two short blocks from post office. Nice view of lake valley. Apply J. W. Muir, Vermilion. 16-17

Letters to the Editor

TO SEE OR NOT TO SEE . . . THAT IS THE QUESTION

Vermilion, Alberta.

The Editor,
Vermilion Standard.
Dear Sir:

Can Vermilion be pointed out as having the most poorly lighted residential section of any town of its size in Alberta? Sometimes I wonder.

Walking home from up town one night, I stepped the distance between the yellow glimmers substituting as lights on 50th avenue east and found they were about 350 feet apart. One is apt to find on this [illegible] wagons, baby carriages, brooms, etc., a menace both to life and limb. Poor light has a depressing effect except to evil-doers whereas good light has the opposite effect.

I do not know just 'what' should be done about better residential lighting for our town but do believe that something definitely should be done about it. Seeking information on this important question at a recent Board of Trade luncheon meeting the mayor said that street lighting was an expensive business and that sanction of the Board of Utilities to issue debentures and a vote of the ratepayers would have to be taken.

Since that meeting I have learned that Canadian Utilities will install free of charge to the town, 11,000 lumen power lights on present poles and will erect new wooden poles where required at a total cost of $5.50 per light per month.

Sincerely hope our new council will take definite and immediate action to remedy our poor lighting, especially on the main thoroughfares.

Yours truly,
Graham Skinner.

CANADIAN NORTH AT DISADVANTAGE

Vermilion, Alberta,
Oct. 26, 1959.

The Editor,
Vermilion Standard.
Sir:

To allow me a little space in your valued paper will be appreciated to shed some light on a topic that during recent times, there has been, and still is, a grave concern in Canada with many (including some state officials), because of the superiority of Russian development in many spheres in their Arctic regions, such as mining, building, and agriculture. One writer has said that Canada is 25 years behind. In agriculture Canada cultivates 1000 acres, while they cultivate a million. There is one important reason for much of this lack and trailing behind, and that is geophysic and climatic which most people are not aware of. The following will perhaps be enlightening.
